

Residential Life and Housing

Living and dining on a university campus is considered an integral part of a student's overall college experience. These service areas are developed to meet students' most basic needs for food and shelter. However, our goal at ESU is to assure that our services not only meet our students' basic needs but that they serve to support and enhance our students' developmental and intellectual experiences as they pursue their academic goals.

East Stroudsburg University strives in its mission to assure that each student's experiences at the university foster intellectual, emotional, cultural, ethical, philosophical, social and spiritual growth. This growth is facilitated by formal classroom or curricular learning and through intentionally designed out of the classroom or co-curricular experiences.

The Residential Life and Housing Program strives to provide high quality and affordable services for all ESU students who desire them. The department provides safe, clean and well-maintained facilities that are supervised and managed by highly trained, caring, and service oriented professional and paraprofessional staff. Residential Life and housing works collaboratively with dining services to offer a broad array of high quality dining options designed to meet the varying dietary, food preference and scheduling needs of ESU's student body. In partnership with ARAMARK dining services, the university provides an equally well-trained and service-oriented staff eager to meet students' nutritional interests and needs.

At the heart of Residential Life and Housing is its desire to contribute to the overall student experience through co-curricular educational and involvement opportunities, including: Living Learning Communities (LLCs); Residential Colleges; on-going education; leadership and volunteer service activities as well as student employment positions such as Student Workers and Resident Advisors. In combination, these areas contribute to students' personal, social, and academic development while providing avenues for individuals to acquire practical skills and experience that will serve them well beyond their enrollment at the university.

All East Stroudsburg University students and organizations are subject to the Student Code of Conduct. Additionally, residential students are also held accountable to the following standards and expectations.

General Information

Clery Campus Safety Act: The Federally mandated Clery Campus Security Act gives resident students the option of providing an alternate emergency contact in the event that you are reported as a "missing person" for more than 24hours. Residential Life and Housing collects alternate housing information at the time of application and/or upon move-in.

Housekeeping and maintenance personnel may be on the residential floors every day at any hour to perform their tasks. Please dress accordingly.

- Emergency repairs should be directed to any staff member during business hours. After business hours and over the weekend residents should contact University Police at 570-422-3064.
- For non-emergent repairs, residents are required to complete an on-line work order via the Facilities website. With a detailed description of the problem. By submitting a request, students are giving permission for the maintenance staff to enter their space whether the student is present or not.

2023-2024 RESIDENTIAL LIFE & HOUSING POLICIES

Laundry Facilities: There are laundry rooms with washers and dryers in each residential building. University Ridge provides a washer and dryer in each individual apartment. Please adhere to instructions posted on the machines. These machines may be used by resident students only. The dyeing of articles is not permitted in the washing machines. These machines are not appropriate for laundering rugs or other heavy articles. Please be mindful of machine time so that they are available for others to use, track the machines at <https://www.esu.edu/residential-life-housing/laundry.cfm>

Residents will receive an email from “Receiving@esu.edu” when a package is available to pick-up (please check the building’s pick-up hours). Please check for the email prior to asking for the package. It is highly encouraged to remove receiving@esu.edu from the spam folder for efficient notification. If the package fits in the mailbox, it will be placed there. Please check the mailbox prior to asking for the package.

2023-2024 RESIDENTIAL LIFE & HOUSING POLICIES

Renters Insurance: It is highly suggested that every student living on campus purchase a renter's insurance policy from a third-party insurance provider. (ESU does not sell renters insurance policies.) Having renter's insurance is the **ONLY** way students will be able to recover costs from items in their rooms that were damaged or lost due to fire, flood, or theft. In some cases, college residence halls may be covered under parents' or guardians' home owner's insurance. There are many different types of renters' insurance coverage. Shop around to make sure you are purchasing the policy that is right for your needs.

Request for Refund: No refunds will be issued to students due to facility work being done in the apartment or a delay in the work being done.

Room Condition Report (RCR): Residents will inspect and complete a RCR within the first two-weeks of the semester or 48-hours of assuming occupancy. It is to the resident's benefit to be very descriptive of the condition- noting any marks, holes, tears, etc. By completing the RCR, residents are protecting themselves from being held accountable for existing issues. Failure to complete the RCR will result in all conditions being assumed "good". Please refer to the directions provided at check-in, or see any staff member directions.

Sustainability: Open windows have a detrimental effect on the heating and air conditioning (HVAC) in the residential buildings. Please do not have windows open with the HVAC running. Please turn off lights and electronics when not in the room. Residents are expected to recycle paper, plastic, aluminum, glass and newspapers in the labeled containers in each residence hall.

Filters: Filters are changed on a semester basis, but you can request a work order to have a filter changed sooner.

Vending: There are a variety of snack and beverages available in vending machines in each hall. Purchases may be made using cash, eCard or eDollars. Vending machine refunds may be obtained at the Campus Card Center.

Residential Prohibited Activities: As a member of the residential community, you are expected to abide by all the standards of responsibility and behavior outlined as well as the terms and conditions of your Housing Agreement. You are fully responsible for all activities that occur in your room. Even if you are not actively involved in a policy violation, you may still be held responsible if you are present during a violation, or if you give others access to your room. Therefore, you should always lock your room when you leave, even if you leave for only a few minutes. This will prevent others from committing violations in your room without your knowledge. You are expected to be considerate of the rights of others concerning noise at all times, both within and outside of the residence halls. It is your responsibility to put an end to any violation that occurs in your room. Students are responsible for the proper use of residential facilities. Damage to public areas, such as laundry rooms and hallways, in and around all halls maybe assessed to the residents. Students will also be referred to Student Conduct. You may call the Residential Life staff and/or University Police for assistance.

Abandoned Property

Belongings left in one's room/suite/apartment, or within common areas of the residential buildings, after a housing agreement period ends, or the housing agreement is canceled are classified as abandoned property. Students' Right of Privacy

Summary Statement: University premises occupied by students, and the personal possessions of students, shall not be searched unless appropriate authorization has been obtained. Students have a right to privacy except in emergencies as determined within the sole discretion of the university or under the following conditions:

A.Scheduled Residence Hall Inspections. There are known as health and safety inspections. There will be room monthly inspections throughout the academic year and also prior to the closing of university residence halls and University Apartments for university break periods, (Thanksgiving, Inter-session, and Spring Break). Students residing on campus will be given prior notice and may choose to but need not be present during the inspection.

Room inspections will consist of a visual inspection of the room to ensure that windows are closed, lights are turned off, electrical items are unplugged, perishable items removed, and garbage cans are emptied. This is to ensure the security and safety of the room and its contents during the break. During these inspections, if evidence of university policy infractions and/or violations are identified, students will be referred to Student Conduct.

B.Inspections Resulting from Suspected Violations of University Rules, Policies or Regulations or Federal, State and/or Local Laws. Whenever probable cause leads a representative of the Vice President for Campus Life and Inclusive Excellence (e.g., Director of University Center, Director of Residential Life and Housing, Resident Director, Graduate Staff, Resident Adviser) to believe that an infraction of the university's rules, policies or regulations and/or federal, state or local laws is occurring in a student's residence hall room or involves a university issued locker, that representative is authorized to conduct an inspection of the student's room or locker after announcing that such an inspection is requested.

Should a student deny access, such a denial could result in a referral to Student Conduct and Community Standards.

2023-2024 RESIDENTIAL LIFE & HOUSING POLICIES

C. Administrative Searches. Administrative searches are those conducted due to probable cause that a university rule or regulation has been violated and that evidence of the violation may be occurring. Authorization is given in writing by the Vice President for Campus Life and Inclusive Excellence (or designee). In emergencies, a verbal authorization may be given. Authorizations, which are in the form of an Administrative Search Authorization, shall include the time, date, place, purpose and scope of the search. The student should be present, if possible, and may have a witness present at the time of the search. Administrative searches may take place without the student or a witness being present.

At the conclusion of the search, the student will be notified in writing by the person authorized to conduct the search of what was found, and the names and titles of all persons conducting the search. Administrative searches are not done in conjunction with, nor under the direction of, the University Police nor on their behalf. Administrative searches are not generally conducted for the purpose of criminal prosecution. If it is believed that potential criminal violations exist, and that an illegal or dangerous object might be found, the University Police will be contacted and a criminal search warrant will be obtained.

D. Searches and Entries by Residence Life/University Staff. Searches and/or entries to a student's room or university issued locker in order to conduct a housing or departmental action are normally done by student consent that has been given freely and intelligently. Students that do not offer consent to enter from staff inquiring about a potential policy violation are subject to a referral to Student Conduct and Community Standards.

E. Searches and Entries by University Police. University Police searches and/or entries to a student's room or university issued locker in order to conduct a police action are normally done by student consent that has been given freely and intelligently. University Police may gain entrance without the prior consent of the student for the following reasons:

1. Police reasonably believe that a person within the room is in need of immediate emergency aid due to injury, accident, or medical emergency.
2. Police are in pursuit of a person suspected of committing a crime.
3. Police are in possession of a valid arrest warrant and have reason to believe that the person is inside the room.
4. Police are in possession of a valid search warrant.
5. Police action is imperative because there exists an imminent threat of physical harm to the occupants of the room or community members.

Tobacco/ Smoking

Smoking and the use of marijuana, tobacco products, vapor and e-cigarettes are not permitted anywhere in residence halls or apartments. Smoking is not permitted within a 25-foot perimeter of a building, building entrance, air intakes and operable windows. Smokers may be asked to relocate to a different approved designated smoking area if their smoke migrates out of designated smoking areas. The Resident Director or Graduate staff, Resident Advisor, Student Worker, Building Manager or staff member, environmental health and safety manager or campus police officer and/or any other university faculty or staff member may perform this duty. For additional information, please refer to ESU's Tobacco Policy: ESU-FA-2001-002-A. Possession and/or use of hookahs is not permitted in the residence halls.

Visitors and Guests: For all residents, the ability to host guests within the residence halls is a privilege. **Residential Life and Housing** asserts that a resident's right to comfortably sleep, study, and have privacy in their residential space at all times takes priority over guest privileges. Therefore, to ensure that the safety and security of individual and shared living environments will not be compromised by unwanted guests and visitors, requests for any disruptive individuals to leave residential spaces at any time will be honored. Any report of residents refusing to remove guests or visitors will be reported to the ESU Police Department for removal from the residence halls.

2023-2024 RESIDENTIAL LIFE & HOUSING POLICIES

Residence hall guests and visitors must comply with established sign-in procedures.

- Non-ESU guests must present a valid photo ID and their electronic visitor pass to the front desk.
- All guests that do not have an assigned space in that building or apartment must be a registered guest.
- ESU students must swipe their ID/e-card.
- All guests and visitors, including ESU students, must be escorted to and from the lobby area and throughout the building. Non-residents of the hall are required to stop at the desk and call the person whom they are visiting.
- Student Workers are NOT permitted to give out room numbers, and guests and visitors must be escorted to the student's room by the host.
- Residential Life and Housing reserve the right to withhold guest and visitation privileges to residents as necessary.

Roommates must develop a mutual agreement regarding visitors and/or guests.

- All students are expected to know, understand, and develop a plan to implement the visitor and guest policy as outlined.
- Students are reminded that the roommate's right to privacy in their room supersedes the right to host guests and visitors in all situations.
- Overnight guests of students are permitted in residence halls for a maximum of two (2) nights in a seven-day period, and no more than four (4) nights in a one (1) month period.
- This policy is designed to accommodate the occasional guest and/or visitor, and not to provide temporary housing for students or non-students. For guest and visitation purposes, the week will begin on Sunday and ends on Saturday.
- For safety and fire code reasons, students are not permitted to have guests that equal more than two times the maximum occupancy of the room at any one time.

Students are responsible for their visitors and guest's behavior. Failure to fulfill host responsibilities will result in the review of the student's conduct and possible removal of privileges. Individuals who are not students at the University, whose behavior is detrimental to the University, may be prohibited from entering any student housing area unless approved by the Residential Life and Housing staff.

The University welcomes and encourages family visits to our campus and understands that visits often include a desire to visit the student housing facilities of host students. However, with limited exception, students are adults and student housing is not always an appropriate venue for minor children who are not closely supervised by responsible adults. There are established rules intended to assure that minors are allowed into our student housing facilities for limited periods of time, when they are directly supervised and that the person or persons supervising the minor assume responsibility for the minor. Minor children are allowed in on-campus housing only under the following circumstances:

- Minors 12 years and younger are not authorized visitors and are not permitted to sign into a University residence hall without a parent/legal guardian present who must accompany or direct the student resident to accompany the child at all times and are not permitted to stay overnight (unless an age-appropriate ESU event is preauthorized, i.e. sibling sleepover, in which case an Application for Minor Guests in the Residence Halls must be on file).
- Minors who are between the ages of 13 and 17 years are not authorized visitors and are not permitted to sign into a University residence hall unless the parent or guardian of the minor submits an Application for Minor Guests in the Residence Halls acknowledging that the student resident host will assume responsibility for the minor or that the minor will be accompanied by a parent or guardian:
- <https://www.esu.edu/residential-life-housing/documents/17-18/minors.pdf>
- Once the Application for Minor Guests in the Residence Halls has been received, the student worker will call the contact number to confirm the acknowledgment of the minor checking-in to the residence building.

Visitor and Guest Registration Policy

All East Stroudsburg University community members and visitors are expected to abide by the University's policies and procedures. Each person entering the residence halls should use their ID card or Visitor Pass when entering buildings with front desks. To ensure speed of entry and to avoid backlog, each person should have their ID card (Ecard) or Visitor Pass ready to show the student worker at the front desk.

The security of our building is a shared responsibility of all community members. Therefore, disabling or propping open of secured doors, community members' improper use of their ID cards and/or keys, allowing unauthorized persons into one of our buildings or the purposeful attempt to circumvent this policy are all acts in direct violation of East Stroudsburg University's Student Code of Conduct.

Hosts (resident students) are responsible for the actions of their visitors. Hosts (resident students) who violate the law or University policy will be referred through the Office of Student Conduct and Community Standards. Visitors are encouraged to pre-register before their arrival on campus to ensure a smooth process. The host (resident student) will then need to submit a visitor pass request through their student portal for the dates in which the visitor will be arriving and departing.

Visitors must be checked in by the student worker and be accompanied by their host (resident student) when moving about in the residence hall while they are visiting. The host (resident student) must present their Current ID card when signing in their Visitor and the Visitor must present an acceptable form of identification. These include: valid college ID, valid driver's license, valid ID with name and picture or name and address of visitor. The host (resident student) must accompany their Visitor at all times in the residence hall while they are visiting.

No visitors, regardless of age, may bring alcohol and/or prohibited drugs into a residence hall.
