## **Notice of Nondiscrimination:**

East Stroudsburg University of Pennsylvania is committed to equal opportunity for its students, employees and applicants. The university is committed to providing equal educational and employment rights to all persons without regard to race, color, sex, religion, national origin, age, disability, sexual orientation, gender identity or veteran's status. Each member of the university community has a right to study and work in an environment free from any form of racial, ethnic, and sexual discrimination including sexual harassment, sexual violence and sexual assault. (Further information, including contact information, can be found on the university website at: <http://www.esu.edu/titleix>.) In accordance with federal and state laws, the university will not tolerate discrimination. This policy is placed in this document in accordance with state and federal laws including Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and the Civil Rights Acts of 1991 as well as all applicable federal and state executive orders.

# The University

East Stroudsburg University, a comprehensive university in northeastern Pennsylvania offering 51 undergraduate and more than 21 graduate degrees and certification programs, is one of the 10 institutions in the Pennsylvania State System of Higher Education.

East Stroudsburg Normal School opened its doors on September 4, 1893.

A faculty of 15 greeted a group of 320 students who had entered the two-year programs in elementary and science education.

Although the Normal School was originally privately owned, ownership was transferred to the Commonwealth of Pennsylvania in 1920, and the name was changed to East Stroudsburg State Normal School.

In 1927, the right to confer the degrees of Bachelor of Science in education and Bachelor of Science in health education was granted, and the school's name then became the State Teachers College at East Stroudsburg.

In 1960, the college's name was changed to East Stroudsburg State College, reflecting the addition of liberal arts and science curricula.

In November 1982, the State System of Higher Education was authorized by Act 188 of 1982.

The college officially became East Stroudsburg University on July 1, 1983.

## Shared Mission, Vision, Values, and Student Learning Outcomes

### University Vision

ESU will be an innovative and entrepreneurial university—educationally, socially, organizationally, and culturally—with an emphasis on quality and collaboration in everything we provide. As a scholarly community, its faculty, students, staff, administrators, and affiliates will be encouraged to be innovative and to explore opportunities that will constantly energize and improve its mission as a learning community of the 21st Century. As a "university without walls," its sense of community will extend well beyond campus boundaries to embrace ESU's surrounding communities and region to become a model that other organizations will want to emulate.

### University Mission

East Stroudsburg University of Pennsylvania will provide:

- Challenging and contemporary undergraduate and graduate curricula that engage and equip students to critically appraise and apply knowledge in their lives and chosen fields of study.
- A scholarly community that promotes diversity and views teaching as the university's primary focus.
- Varied opportunities for student and faculty research, creative endeavors and involvement in public service.
- Leadership and service in the educational, cultural and economic development of the region.

### University Goals

- Achieve Higher Satisfaction, retention and graduation rates in order to increase student success at ESU.
- Build/create a strong sense of community by understanding and living ESU's mission and values and by building a commitment to our local community and region.
- Develop a reputation for innovation and entrepreneurship by creating a curious, inventive and risk-taking culture.
- Through the work of innovative faculty, help to develop a culture of research and scholarship while rethinking the preparation of successful graduates.

### University Values

We are committed to the principles of intellectual integrity, freedom of expression, the fair and equal treatment of all, good citizenship, environmental stewardship, and accountability for our actions and the resources entrusted to us.

### Purposes and Scope

In pursuit of its mission and vision, East Stroudsburg University seeks to adhere to the following principles in both the development of its strategic plan and its ongoing decision-making processes. Used in conjunction with the values outlined above, ESU is committed to:

- Providing quality, affordable academic programs as well as opportunities for lifelong learning, always focusing on student success.
- Sustaining an intellectually challenging environment that identifies and enhances its students' and the university community members' talents.
- Creating opportunities for innovation that focus on high impact teaching and learning both inside, and outside, of the classroom.
- Identifying, recruiting, and retaining students representing a multicultural world who by background, motivation, and commitment can benefit from higher education.
- Attracting and retaining a diverse, recognized, and credentialed faculty committed to excellence in teaching and continuing scholarship.
- Attracting and retaining exemplary faculty, staff members, and administrators who accept responsibility and accountability for the personal, professional, educational, and social values espoused by the University.
- Providing leadership, expertise, and service to its local, regional, and global societies.
- Encouraging opportunities for the university community to develop positive, healthy, and holistic lifestyles.
- Serving as a source of cultural and intellectual programs of importance to students and residents of the region.

- Building and maintaining partnerships to enhance opportunities for students, alumni, and the university community.

## The Way of the Warrior

---

A Warrior is:

- A Champion of Social Justice
- Committed to Self Growth
- Willing to Sacrifice for the Greater Good
- Positive, Honest, and Loyal
- Respectful of the Environment and Community
- Dedicated to Empowering Others
- Accountable for One's Actions

## Location

East Stroudsburg University of Pennsylvania is nestled in the foothills of the Pocono Mountains. The combination of quiet woodlands, mountain streams, and refreshing clean air has made the Poconos famous as a resort area for more than 100 years.

Because of the university's location in the Poconos, students take advantage of the many scenic, historic, and recreational sites, including the Delaware Water Gap National Recreation Area, Bushkill Falls, and the Pocono ski areas. Others have found that the resorts and restaurants offer an excellent opportunity for employment. In addition, the area offers fine restaurants, high-quality entertainment, and excellent shopping. Situated on a hill facing Prospect Street in the community of East Stroudsburg, the university is characterized by large areas of grassy expanses comfortably shaded by a variety of towering trees.

The campus is located approximately 75 miles west of New York City and Newark, 85 miles northeast of Philadelphia, 40 miles southeast of the Wilkes-Barre/Scranton area, and 40 miles northeast of the Allentown/Bethlehem/Easton area. Students and faculty alike enjoy the opportunities and advantages of visits to the metropolitan areas.

The university, which is located approximately one-quarter mile from the East Stroudsburg exit off Interstate 80, Exit 308, is within easy reach of major highway systems and commercial air services.

## Accreditation

East Stroudsburg University is accredited by the Middle States Commission on Higher Education (1007 North Orange St – 4<sup>th</sup> Floor, MB #166., Wilmington, DE, 19801.) The Commission on Higher Education is an institutional accrediting agency recognized by the U.S. Department of Education and the Council for Higher Education Accreditation.

### Accreditations awarded to academic programs include:

- Teacher Education Programs  
Council for the Accreditation of Educator Preparation (CAEP)  
Approved by: Pennsylvania Department of Education

- Athletic Training, B.S. and M.S.  
Commission on Accreditation of Athletic Training Education (CAATE)
- Biochemistry, B.S. and Chemistry, B.S.  
American Society for Biochemistry and Molecular Biology (ASBMB)  
Certified by: American Chemical Society (ACS)
- Clinical Exercise Physiology, M.S.  
Commission on Accreditation of Allied Health Education Programs (CAAHEP)
- Computer Science, B.S.  
Computing Accreditation Commission of ABET, Inc (ABET)
- Exercise Science, B.S. and M.S.  
Commission on Accreditation of Allied Health Education Programs (CAAHEP)
- Hotel, Restaurant and Tourism Management, B.S.  
Accreditation Commission for Programs in Hospitality Administration (ACPHA)
- Nursing, B.S.  
Accreditation Commission for Education in Nursing (ACEN)  
Approved by: Pennsylvania State Board of Nursing
- Public Health, M.Ph.  
Council on Education for Public Health (CEPH)
- Social Work, B.S.  
Council on Social Work Education (CSWE)
- Communication Sciences and Disorders, M.S.  
American Speech-Language-Hearing Association (ASHA)  
Council on Academic Accreditation in Audiology | Speech-Language Pathology (CAA)  
Approved by: Pennsylvania Department of Education
- Sport Management, B.S. and M.S.  
Commission on Sport Management Accreditation (COSMA)

## Pennsylvania's State System of Higher Education

East Stroudsburg University is a member of the Pennsylvania's State System of Higher Education (PASSHE) which is comprised of the Commonwealth's public universities with a combined enrollment of more than 100,000 making it the largest provider of higher education in the Commonwealth.

The universities combine to enroll the largest number of Pennsylvania residents among all four-year colleges and universities in the commonwealth. With 90,000 degree-seeking students and thousands more enrolled in certificate and other career-development programs, the State System is vital to Pennsylvania's economy.

The State System universities collectively offer more than 2,300 degree and certificate programs in more than 530 academic areas. The universities have nearly 800,000 living alumni, most of whom reside in Pennsylvania.

The State System universities are Bloomsburg, Clarion, East Stroudsburg, Indiana, Kutztown, Lock Haven, Mansfield, Millersville, PennWest [California, Clarion and Edinboro], Shippensburg, Slippery Rock and West Chester.

## Title IX of the Education Amendments of 1972

East Stroudsburg University is committed to providing equal educational and employment rights to all persons without regard to race, color, sex, religion, national origin, age, disability, sexual orientation, gender identity or veteran's status. Each member of the university community has a right to study and work in an environment free from any form of racial, ethnic, and sexual discrimination including sexual harassment, sexual violence, and sexual assault. In order to meet this commitment and to comply with Title IX of the Education Amendments of 1972 and guidance from the Office for Civil Rights, the University requires faculty members to report incidents of sexual misconduct shared by students to the University's Title IX Coordinator. The only exceptions to the faculty member's reporting obligation are when incidents of sexual misconduct are communicated by a student during a classroom discussion, in a writing assignment for a class, or as part of a University-approved research project. Faculty members are obligated to report sexual violence or any other abuse of a student who was, or is, a child (a person under 18 years of age) when the abuse allegedly occurred to the person designated in the University protection of minors policy.

Information regarding the reporting of sexual violence and the resources that are available to victims of sexual violence is set forth at: *Title IX: Sexual Harassment and Sexual Violence*  
[Direct Web Address: [esu.edu/titleix](http://esu.edu/titleix)]

## Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) gives students certain rights with respect to their education record.

ESU students have the following rights:

- To inspect and review certain education records
- To request an amendment of their education record believed to be inaccurate or misleading
- To have control over the disclosure of education records, except to the extent that FERPA authorizes disclosure without consent. The right to restrict access to information identified by the institution to be directory information available to the public without permission from the student.
- The right to extend third party access to education records to whomever is identified by the student in writing.
- To file with the U.S. Department of Education a complaint concerning alleged failures by the University to comply with the requirements of FERPA.

### Directory Information Items Recognized by The University

Certain student information contained in the educational record is considered directory (public) information. Directory (public) information may be shared by the University. A student may request

the University Registrar to prohibit the disclosure of any directory (public) information by completing a FERPA Restriction Form.

Directory Information includes:

Student's name  
Official ESU e-mail address  
Degree sought and time  
Major, Minor, dates of attendance, enrollment status (full-time, part-time --including credit hours), class year  
Dates of attendance  
Awards, honors (including Dean's List), degrees conferred including dates  
Past and present participation in officially recognized sports and activities  
Physical factors (height and weight of student athletes)  
Most Previous education agency or institution attended by the student  
Fraternity and/or sorority and educational societies.

### Annual Notification

Students are reminded of their FERPA rights annually while they are preparing to register for the fall semester. The Annual FERPA Notification will also be available in the University Catalog, Student Handbook and through other university-related publications.

### FERPA Restrictions

If you wish to withhold the disclosure of directory information, please print, complete the FERPA Restriction form and submit to the Student Enrollment Center as soon as possible. An effective semester must be included. When this restriction is applied to your record, it also prevents your name from appearing on the dean's list, graduation lists and other university-related publications. Please consider very carefully the consequences of any decision made by you to withhold your "Directory Information". Any future requests from non-institutional persons or organizations will be refused should you decide to inform the university not to release the above items. ESU will honor your request but cannot assume responsibility to contact you for subsequent permission to release information.

It is the student's responsibility to notify the university if restrictions are to be rescinded.

Questions about the Annual Notification or the FERPA Restriction form, should be directed to University Records & Registration at [ferpa@esu.edu](mailto:ferpa@esu.edu).

### FERPA Release

Students can give permission for someone else to have access to their educational record. This is done only when the student completes the FERPA Disclosure form. This form can be found on the myESU Portal under the student tab

## The Campus and Academic Buildings

The campus of East Stroudsburg University includes 63 buildings located on approximately 258 acres in East Stroudsburg Borough and Smithfield Township.

The majority of ESU's facilities are located in East Stroudsburg, Pa. These buildings include academic facilities, nine residence halls, a 1,000-seat dining hall, a student center, a 60,000 square-foot Recreation Center, athletic facilities, a library and more.

- **Abeloff Center for Performing Arts**  
Auditorium | 800 Capacity
- **J.H. & M.E. Beers Lecture Hall**  
Lecture Hall | 140 Capacity
- **DeNike Center for Human Services**  
7 Classrooms | 2 Simulation Labs | 1 Computer Lab | 2 Seminar Rooms  
*Academic Offices [Health Studies, Nursing, Recreation Services Management]*
- **The Fine and Performing Arts Center**  
4 Classrooms | 1 Recital Hall | 2 Theatres | 5 Studios [Art/Dance]

7 Classrooms | 1 Lecture Hall | 4 Computer Labs | 13 Labs | 1 Planetarium | 1 Wildlife Museum  
*Academic Offices [Chemistry and Biochemistry, Computer Science, Mathematics, Physics]*
- **Zimbar-Liljenstein Hall**  
5 Classrooms | 1 Computer Lab | 1 Teaching Gymnasium  
*Academic Offices [Physical Education Teacher Education, Sport Management]*

The three suite-style housing facilities and one traditional residence hall. In total, ESU provides its students with 3,248 beds in order to experience the on-campus lifestyle. Nearby, on 46 acres of ESU's property, resides University Ridge, a ten-building student apartment complex that provides an additional 541 beds to ESU students.

Two of the suite-style facilities house a separate university function; the University Police Station is housed on the ground floor of Hemlock Hall and a Health and Wellness Center for students on the ground floor of Sycamore Suites.

Across campus, the Mattioli Student Recreation Center is a full-service fitness center featuring high end exercise equipment, an elevated running track, 4 basketball courts, racquetball courts and more for the exercise enthusiasts.

Located on Smith Street, Kemp Library provides ESU students, faculty, staff and visitors with materials, services, equipment, spaces, and environments that support the University's academic curricula, assists campus constituents with their study, research, and informational needs, and stimulates cultural development.

Located in Smithfield Township, ESU's Center for Innovation and Entrepreneurship, built in 2010, is located on the corner of Brown Street and Route 447. This 51,000 sq. ft. facility is a driver of economic development support for Monroe County and home to innovators and entrepreneurs whether they be students, faculty, staff or community members. The Innovation Center includes ESU's Economic Development and Entrepreneurship Division, Business Accelerator Program, Office of Sponsored Projects and Research, Office of Workforce Development, Wet Lab Facilities, Entrepreneurial Leadership Center, ESU's Dr. Jane Huffman Wildlife Genetics Institute, and Computer Training Labs.

Less than 10 miles from campus, ESU affiliate, The Student Activity Association, Inc. owns Stony Acres, a 119-acre off-campus student recreation area near Marshalls Creek, which includes a lodge and a small lake. Considered a wildlife sanctuary, Stony Acres is a 119 acre facility in Marshalls Creek, Pa., that serves as a recreational site and field campus for students, faculty and staff. While providing outdoor recreational activity and social opportunities, the site also promotes co-curricular involvement and fosters leadership development.

Lastly, ESU opened an additional location in Bethlehem, Pa. (the Lehigh Valley Center) in 2012 and also partners with Northampton Community College in Bethlehem to provide convenient educational experiences for students in the fields of nursing, public health and business management. ESU's Lehigh Valley Center offers opportunities for the adult learner as well as the traditional undergraduate student. The Center offers undergraduate degree completion, continuing education, non-degree programs, certificate programs and accelerated graduate degree opportunities.

## Computing and Communication Services

The university Computing and Communications Center supports administrative computing, academic computing and telecommunications. Administrative computing is served by the Banner student information system, encompassing more than 30 online systems and providing services to the students, faculty and staff.

The academic computing network consists of 30 UNIX or Windows based servers that are connected to approximately 2,200 personal computers provided to support instruction, Internet access, campus network access, and email. They are located in 35 computer laboratories across campus. There is an open-access computer lab in each residence hall.

Additionally, many academic departments maintain discipline-specific computer laboratories for their curricula. Wireless computing zones are located throughout campus and outdoors. Students can connect to the Internet in these areas using a standard wireless device or smart phone. In addition, faculty and students use wireless for conducting specialized labs in a variety of courses. Helpful computing information can be found at [esu.edu/ac](http://esu.edu/ac).

Additionally, the Office of Computing and Communication Services supports faculty, administration, students, and affiliated businesses with services such as local and long distance telephone, voice mail, digital cable TV, and Internet.

The McGarry Communication Center is the campus base for the Instructional Resources Department, including the audiovisual, graphics, and television services units. The Communication Center houses two television studios and is the distribution center of campus cable television as well as the community-wide ESU television telecasts. WESS 90.3 FM radio is also located in the Center.

## **Kemp Library**

Kemp Library provides all students, faculty and staff with numerous opportunities to acquire information in pursuit of their academic and career goals. The library offers a wide variety of resources and services to help achieve these goals. The collection includes not only physical items such as print books and journals, but also a large number of electronic resources, such as EBSCO databases, electronic journals and e-books. The library strives to provide 24/7 access to electronic resources via the library website. Students, faculty and staff are encouraged to take advantage of the library's services including Inter-Library Loan, Reference and Research Assistance and to contact faculty librarians to schedule individualized instructional sessions or personal assistance. The library also provides quiet spaces for study as well as comfortable areas for group discussions. For more information about Kemp Library, visit the website - [www.esu.edu/library](http://www.esu.edu/library).

## **Alumni Engagement**

The Office of Alumni Engagement, as part of the East Stroudsburg University Foundation, works to support and engage a network of more than 45,000 ESU alumni. Membership into the East Stroudsburg University Alumni Association is solidified the moment a graduate crosses the platform during commencement.

Located in the Henry A. Ahnert Jr. Alumni Center, the office plans multiple events throughout the year, including the All Alumni Annual Tailgate and other regional events to connect and engage alumni with each other and the university. The office also produces the *Alumni Herald* magazine ([www.esualumni.org/herald](http://www.esualumni.org/herald)), which is published twice per year and filled with information about classmates and alumni success stories.

The office looks to its network of alumni to show their support and commitment to ESU. Alumni and friends are encouraged to extend their support through the ESU Foundation Warrior Fund. Gifts to the Warrior Fund provide direct and immediate support to ESU and its programs. Gifts are used for student scholarships, enhancing academic and athletic programs and improving ESU's technology infrastructure.

For more information about the office, the benefits of being a graduate of ESU, the Alumni Association, connecting with ESU alumni, or the ESU Foundation, visit [www.esualumni.org](http://www.esualumni.org).

## Fall 2023

### August

- 7-Aug Fall 2023 Bills Due
- 26-Aug Residence Halls Open
- 28-Aug Fall 2023 Classes Begin
- 31-Aug Last Day to Drop Quarter 1 Course as No Grade  
Last Day to Add Quarter 1 Course

### September

- 1-Sep Quarter 1 Withdrawal (W) Grade Period Begins
- 4-Sep Labor Day – No Classes
- 5-Sep Classes Resume  
Last Day to Drop Semester Course as No Grade  
Last Day to Add Semester Course
- 6-Sep Semester Withdrawal (W) Grade Period Begins
- 29-Sep Last Day to Withdraw (W) from Quarter 1 Course

### October

- 9-Oct Fall Break - No Classes
- 10-Oct Switch Day - Monday Schedule  
Midterm Grade Links Open for Faculty
- 18-Oct Quarter 1 Ends
- 19-Oct Quarter 2 Begins
- 20-Oct Faculty Deadline to Submit Midterm Grades to Registrar's Office by 9:00 AM
- 22-Oct Last Day to Drop Quarter 2 Course as No Grade  
Last Day to Add Quarter 2 Course
- 23-Oct Quarter 2 Withdrawal (W) Grade Period Begins

### November

- 2-Nov Winter 2024 Registration Begins  
Spring 2024 Registration Begins  
Last Day to Withdraw (W) from Semester Course
- 21-Nov Last Day to Withdraw (W) from Quarter 2 Course
- 22-Nov Thanksgiving Break Begins - No Classes
- 27-Nov Classes Resume

### December

- 7-Dec Final Grade Links Open for Faculty
- 8-Dec Quarter 2 Ends
- 11-Dec Final Exam Week Begins

# Admission

## Recruitment Activity Practice

Only appointed employees or trained alumni of ESU are authorized to officially represent the university in recruiting and enrolling students through direct contact with the applicant, the applicant's parents/legal guardians, spouse or school-appointed counselors. The university does not condone high-pressure recruitment strategies nor provide compensation by commissions, bonuses, or other incentive payments based on the number of students referred, recruited, admitted, or enrolled, including recruitment and financial aid support of military service members.

## Freshman Applicants

### Who is a Freshman Applicant?

A freshman applicant:

- Has not attended any post-secondary institution after high school graduation.
- Has attempted less than 12 college credits after high school graduation.
- May have enrolled in college courses while in high school (dual enrollment), regardless of the numbers of credits attempted/completed.

### Application Dates

Prospective freshmen can apply to be reviewed for the Spring or Fall 2024 semesters. The application is available online at [www.esu.edu/apply](http://www.esu.edu/apply). We recommend that you submit all application materials as early as the summer before your senior year for the best access to financial aid and housing options.

#### Spring 2024 Semester

January 8, 2024      Regular Admission\*

#### Fall 2024 Semester

April 1, 2024      Priority Admission

\*Thereafter      Rolling Admission (applications considered on a space available basis)

## Application Requirements and Review Process

For an admission decision to be made the following must be submitted:

- A complete online application
- A \$25 application fee non-refundable application fee is required for any application for admission. Acceptable payment methods include MasterCard, Visa, Discover or American Express when the online application is submitted or personal check / money order made payable to ESU.
- Official high school transcript<sup>1</sup>
- Official college transcript (if applicable)
- SAT and/or ACT test results and/or TEAS test results<sup>2</sup>

Academic achievement is the primary factor considered in the selection process, through high school transcripts and standardized test results. Competitive applicants will have enrolled in a solid college preparatory curriculum, including at least:

- 4 years of English
- 3 years of college preparatory Math to include Algebra 1, Geometry, & Algebra II; a math course of which Algebra II is a prerequisite is recommended for seniors
- 3 years of Science, to include Biology & Chemistry (with labs), and one inquiry-based science such as Physics, Environmental Science, or Earth Science
- 3 years of Social Studies such as Civics, U.S. History, World History, Geography, or Economics

<sup>1</sup> Only high school transcripts that are provided from the student's school counselor or another high school official will be considered official. A copy of a transcript that the student is able to obtain can be submitted and used to begin the decision making process. However, an official copy of the transcripts will still need to be provided to accompany the student's application and records.

<sup>2</sup> Applicants who are admitted and choose to enroll will be required to submit their final official transcript(s) to verify that their information is correct and to confirm graduation. All admission decisions are conditional upon successful completion of the final term(s)/year of enrollment. Students are required to submit final, official transcripts reflecting graduation from high school no later than 30 days after the start of the term to which they have been admitted.

<sup>3</sup> ESU's admission process is test-optional. However, students are required to submit SAT and/or ACT and/or TEAS test scores if they are: home schooled, a recruited student athlete, or are interested in select scholarships.

Standardized test scores may be used to determine placement in English and Math courses.

To have SAT or ACT scores sent to East Stroudsburg University, contact College Board at [www.collegeboard.org](http://www.collegeboard.org) or (866) 630-9305. To have ACT scores sent, contact American College Testing Program at [www.act.org](http://www.act.org) or (319) 337-1313.

ESU's SAT code is 2650 and its ACT code is 3700

## Admission Notification

- Once an application is complete with all required documents, ESU Admissions will review the application with a 2-4 week turnaround. All applicants are notified by a USPS mailed official letter, as well as notification via the email address provided on the application and the applicant portal. Periodically, emails are sent to applicants about missing documents. Please check the applicant portal frequently to ensure that all official application documents are received.
- Applicants should keep their address updated with ESU and check their inbox and spam folders. Email any changes to [admission@esu.edu](mailto:admission@esu.edu) with your full name and ESU issued ID number.
- Applications for the following academic year are reviewed beginning in July.
- Applicants to Nursing and other selective programs may receive an admission decision later in the admissions cycle. This process allows additional review time to determine the appropriate candidates for the limited seats in these programs.

## Campus Visitations

ESU offers a variety of visit opportunities, both on weekdays and weekends throughout the year. Registration for on campus visit experiences may be found at [esu.edu/visit](http://esu.edu/visit)

## Transfer Applicants

### Who is a Transfer Applicant?

East Stroudsburg University welcomes more than 400 transfer students each year from two- and four-year institutions.

A transfer applicant:

- Has attended any post-secondary institution after high school graduation and
- Attempted and completed 12 or more college credits

Note: Applicants with fewer than 12 attempted college credits following graduation from high school are considered first-time in college students in the application process, and will be evaluated using a combination of their college course grades, high school record, and SAT/ACT scores (if available).

### Application Dates

Prospective transfer students can apply starting July 2023 to be reviewed for the Spring or Fall 2024 semesters. The application is available online at [esu.edu/apply](http://esu.edu/apply).

**Spring 2024  
Semester**

January 8, 2024 Regular Admission\*

### Fall 2024 Semester

April 1, 2024 Priority Admission

\*Thereafter Rolling Admission (applications considered on space available basis)

## Application Requirements

For an admission decision to be made the following must be submitted:

- A complete online application
- A \$25 application fee non-refundable application fee is required for any application for admission. Acceptable payment methods include MasterCard, Visa, Discover, or American Express when the online application is submitted or personal check/money order made payable to ESU.
- Official transcripts from all institutions attended post high school, listing courses in progress as well (if applicable)
- An official high school transcript (required for all transfer students entering ESU without a conferred Associate or Bachelor's degree)

All admission decisions are conditional upon successful completion of the final term(s) of enrollment.

### Admission Notification

- Applicants will receive communication throughout the admission process via the email address provided on the application.
- Applicants should keep their address updated with ESU and check their inbox and spam folders. Any changes should be emailed to [admission@esu.edu](mailto:admission@esu.edu) with your full name and ID number.
- Applications are reviewed beginning in July. Admission decisions may be communicated by email and/or USPS. Applicants can also check their status online at [apply.esu.edu/apply/status](http://apply.esu.edu/apply/status).
- Applicants to Nursing are reviewed for the fall semester only.

### Transfer Admission Criteria

A minimum of 12 college credits with a GPA of 2.0 or higher is required for consideration.

The following programs have higher admission criteria:

- Communication Sciences and Disorders (formerly Speech-Language Pathology)
- Computer Science

- Computer Security
- Hotel, Restaurant and Tourism Management
- Nursing
  - RN to BS in Nursing
- Recreation Services Management
- Sport Management
- Teacher Education Programs

More information can be found at [esu.edu/transfer](http://esu.edu/transfer) under "Admission Requirements."

Applicants not offered admission to their first choice major will be offered admission to the 2<sup>nd</sup> choice major listed on the application if the student meets the admission criteria.

### **Pennsylvania Transfer Articulation Center**

ESU participates in the Pennsylvania Transfer and Articulation Center (PA TRAC) which was established to comply with Article XX-C of the Public Institution Code of 1949. PA TRAC allows for a seamless statewide transfer and articulation system between Pennsylvania's 10 community colleges, four state-related universities, and the 14 universities in the Pennsylvania State System of Higher Education. Transfer of courses and academic program articulation occurs in the following three ways:

- 30-Credit Transfer Framework is a complement of a minimum of 30 credits of foundation courses that can be easily transferred to any of the participating institutions. The Framework includes courses in English, public speaking, mathematics, natural science, humanities and the behavioral and social sciences.
- Articulation Agreements with Community Colleges. View existing agreements at [esu.edu/transfer](http://esu.edu/transfer).
- Statewide Program-to-Program Articulation allows students who graduate with specified associate degrees to transfer as juniors into bachelor degree programs in similar fields at a participating four-year institution. At ESU, the following degree programs are part of the Statewide Program-to-Program agreements:
  - Biology
  - Business Management
  - Chemistry
  - Communication Studies
  - Computer Science
  - Criminal Justice
  - Early Childhood (PreK-4)
  - English
  - Environmental Science
  - Fine Arts: Art Emphasis
  - History
  - Mathematics
  - Modern Languages
  - Physics

- Political Science
- Psychology
- Social Work
- Sociology
- Theatre

For additional information on PA TRAC, visit [esu.edu/transfer](http://esu.edu/transfer).

### **The Student Transfer Policy**

The Student Transfer Policy 1999-01A is designed to promote a seamless transfer process for students currently attending all accredited transfer institutions. Students who meet the established eligibility criteria, are guaranteed acceptance at any of the Pennsylvania State System of Higher Education Institutions - and ensured the transfer and acceptance of all successfully completed course credits. Further information may be obtained from the Office of Admission, or by visiting [passhe.edu](http://passhe.edu).

### **Transfer of Credit**

Courses with grades of "D" or better will be considered for transfer credit.

ESU does not accept or deny credits exclusively based on the sending institution's accreditation or mode of coursework delivery. Credits from non-accredited institutions will be reviewed by the Student Enrollment Center staff and/or relevant ESU academic department for transfer credit. Students may be required to submit additional course information to assist in determining equivalencies.

### **Transfer Credit Evaluation**

Applicants offered admission will receive a Transfer Credit Evaluation (TCE) from the Transfer Team located in Zimbar-Lilenstein Hall. The TCE will indicate coursework that is transferable to ESU and will also indicate the transfer equivalent at ESU. Transferable credits are officially added to a student's ESU records upon evaluation of the official final college transcript.

Please see the Graduation Residency Requirement in the Academic Regulations section of the catalog for information that may affect the maximum transferable credits and completion of a student's ESU degree program.

### **How to Read the Transfer Credit Evaluation (TCE)**

1. Sending institution course(s) transfer as follows:
  - a. If there is an exact matching ESU course, the title will reflect the ESU equivalent course.
  - b. If there is not an exact match, but the course transfers as an elective, the original course title will be retained.
  - c. Course Code 199: General Education elective (no exact match), suitable for General Education requirement in specified ESU academic department.
  - d. Course Code 299 or 399: Departmental elective (no exact match), ESU academic department decides how the course applies toward the major.

- e. Course Code ELEC 299: Course does not fit either General Education or major requirements; credit will transfer as an elective.

## Final Transfer of Credits

---

Transferable credits are officially added to a student's East Stroudsburg University record upon receipt and evaluation of the official final college transcript.

## Undergraduate Readmission Policy

Students who have been away for more than three consecutive academic semesters are readmitted based on the current catalog requirements for the semester they will be resuming their studies. Depending on how long a student has been away, requirements in the academic program of study may have changed.

The readmission application is designed for undergraduate students who were previously registered at ESU, and have been away from ESU for one or more regular academic terms. These students intend to re-enroll at ESU and not to study at another institution during this time.

Students who have been away from ESU for more than three semesters must complete a returning student form at <https://www.esu.edu/admissions/undergraduate/readmission/index.cfm>

Students planning to study or intern abroad, or participate in the International Student Exchange Programs, should schedule an appointment with the Coordinator of International Programs to coordinate this process.

There is no need to apply for readmission if you received an Official Withdrawal (W grades) for the semester prior to the one in which you would like to return to the university.

## Admission Notification

---

- Applicants will receive communication throughout the admission process via the email address they provided on the application.
- Applicants should keep their address updated with ESU and check their inbox and spam folders. Email any changes to [admission@esu.edu](mailto:admission@esu.edu) with your full name and ID number.
- Admissions decisions may be communicated by email or USPS. Applicants can also check their status online at [apply.esu.edu/apply/status](http://apply.esu.edu/apply/status).

## Non-degree Students

Typically, non-degree students are those who wish to take courses for personal enrichment, certification or to meet pre-acceptance requirements for entry into a graduate degree program. A non-degree student is permitted to take courses at ESU, but is not admitted to any degree-granting program. Non-degree seeking students are not eligible to receive Financial Aid.

Others who may be considered for non-degree status are:

1. Students enrolled in degree programs at other universities who wish to earn credit to transfer to their home institution;

2. Eligible senior citizens (see "Senior Citizens"); and
3. High school students who wish to enroll for courses while attending high school (see "Dual Enrollment")

Individuals who are interested in applying as non-degree students must complete a Non-Degree application found at [www.esu.edu/apply](http://www.esu.edu/apply).

## When to Apply

---

Prospective non-degree applicants can apply starting July 2023 to be reviewed for the Spring or Fall 2024 semesters. The application is available online at [esu.edu/apply](http://esu.edu/apply).

## Admission Notification

---

- Applicants will receive communication throughout the admission process via the email address they provided on the application.
- Applicants should keep their address updated with ESU and check their inbox and spam folders. Email any changes to [admission@esu.edu](mailto:admission@esu.edu) with your full name and ID number.
- Admissions decisions may be communicated by email or USPS. Applicants can also check their status online at [apply.esu.edu/apply/status](http://apply.esu.edu/apply/status).

## Senior Citizens

---

Pennsylvania residents 60 years of age or older with at least one year of legal residence in the state, who are retired, may enroll as non-degree students. Course registration is on the basis of space available and is processed as a course audit request. Fees will be charged, but tuition will be waived. Please refer to the "Non-Degree Student" section for application information. For financial and billing questions contact The Student Enrollment Center at 570-422-2800.

## Dual Enrollment

High school students who seek to enroll in courses at ESU while attending high school must complete an online dual enrollment application. High school dual enrollment students are considered non-degree students and are not eligible for financial aid. There is a special tuition rate for high school dual enrollment students of \$50 per credit (the average course is 3 credits). Dual enrollment students are only able to register for selected courses. See ESU's dual enrollment website for the most up-to-date offerings. Those with questions about dual enrollment should contact the Office of Admissions at 570-422-3542.

Dual enrollment admission requirements are similar to those first time in college applicants:

1. An official high school transcript reflecting a 2.5 unweighted high school GPA or higher OR
2. Official SAT score of 1030 or higher and/or ACT composite score of 22 or higher or a PSAT score of 980 or higher.
3. An electronic approval form will be request of the high school guidance counselor, approval of the applicant's parents/guardian.

## International Students

The Office of International Programs provides services and advocacy for international students. We offer assistance with United States Citizenship and Immigration Services (USCIS) procedures, particularly for visa status maintenance and employment options.

Additionally, we provide pre-enrollment orientation for new students, adjustment workshops for continuing students, and re-entry workshops for graduating students. We also coordinate access for international students to both University and external resources, for insurance, banking, social security, and daily life needs.

### Contact Information:

Steve Ives - Manager International Study Programs

Stroud Hall 103  
(570) 422-3527  
(570) 422-3579 (Fax)  
sives@esu.edu

### Who is an International Applicant?

International students are applicants who are not United States citizens or permanent resident aliens. Students who have attempted 12 or more credits at any post-secondary institution after high school graduation are considered transfer applicants.

### When to Apply

Prospective international students can apply starting in June 2023 for the Spring or Fall 2024 semesters. The application is available online at [esu.edu/apply](http://esu.edu/apply). Applicants should apply early so that information necessary for preparation of their non-immigrant student visa can be secured and processed.

### Deadline for Applying

Spring 2024 Semester	November 1, 2023
Fall 2024 Semester	April 1, 2024

### Application Requirements and Review Process

1. Completed International Student Undergraduate Application (online only) at [esu.edu/apply](http://esu.edu/apply).
2. \$25 application fee paid online. *The application fee must be US currency only.*
3. Completed Financial Support Statement with supporting documentation such as bank statements, employer sponsorship letter, or scholarship/fellowship/assistantship letter.
4. All secondary and post-secondary academic records, including official evaluations from an agency that is an approved member of the National Association of Credential Evaluation Services (NACES).
5. All applicants, except those from countries where English is the official language, are required to furnish satisfactory evidence of English competency. Most applicants to the University must complete the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS).
6. In addition to meeting academic requirements for admission, students planning to attend ESU on an international student visa

(F-1) or an exchange student visa (J-1) must also satisfy immigration, health and financial requirements.

7. Completed "Promise to Provide Room and Board" form if anyone will be providing room and board for you while a student at ESU.
8. If you are already in the United States, you must send a copy of all printed sides of the current I-20 or DS-2020.

All application materials and supporting documents must be mailed to the Office of Admission, International Undergraduate Admission, 200 Prospect Street, East Stroudsburg University, East Stroudsburg PA 18301 USA by the established deadlines.

### Academic Transcripts

A certified (official) copy of all educational credentials (transcripts) from all secondary or post-secondary institution attended must be submitted. If non-English credentials, a certified literal translation must be submitted with all documents.

### Educational Credential Evaluations

**\*\*All students who apply for admission to the ESU with transcripts from a foreign secondary or post-secondary educational institution will be required to submit an official educational credential evaluation.**

International transcripts will require a course-by-course evaluation (post-secondary) or a document-by-document and GPA calculation evaluation (high school) by an approved third-party credential evaluation agency, National Association of Credential Evaluation Services (NACES).

**\*All of the companies listed below are current members of NACES. This is not a comprehensive list of all authorized evaluation companies.**

World Education Services, Inc.	Educational Credential Evaluators, Inc.
International Education Research Foundation, Inc.	Education Evaluators International, Inc.
Foreign Academic Credential Service, Inc.	SpanTran Educational Services

### English Proficiency

**TOEFL:** All non-native speakers of English are required to take the Test of English as a Foreign Language (TOEFL) administered by the Education Testing Service (ETS). Scores should be sent directly from ETS. A minimum score of 550 (paper-based), 213 (computer version), or 79 (internet-based) is required for admission to East Stroudsburg University.

**IELTS:** Applicants may also take the International English Language Testing System (IELTS) test. A minimum band score of 6.0 is required for admission to ESU.

## **Notification of Admission**

---

- Applicants will receive communication throughout the admission process via the email address provided on the application.
- Applicants should keep their address updated with ESU and check their inbox and spam folders. Email any changes to [admission@esu.edu](mailto:admission@esu.edu) with your full name and ID number (found on all communication).
- Admissions decisions are communicated in writing by email and/or applicants can also check their status online at [apply.esu.edu/apply/status](http://apply.esu.edu/apply/status).
- For the Spring 2024 semester, applications will be reviewed beginning in November and applicants will be notified by December. For the Fall 2024 semester, applications will be reviewed beginning in February and applicants will be notified by May.
- Those offered admission will be provided an application for Student (F-1) Visa Status [Form I-20:Certificate of Eligibility for Nonimmigrant Student Status] along with instructions regarding entry into the U.S., change of status (if necessary), and new student orientation (fall semester only).

# Tuition and Fees

## Financial Obligation

Students, parents and others who are responsible for the financial obligations of students at East Stroudsburg University should understand that acceptance of admission and the privilege of attending imposes a financial obligation for a complete semester. Neither non-attendance, non-payment, nor failure to attend class constitutes official withdrawal. This must be done through the Student Enrollment Center using the appropriate form(s).

Students who register online or in person can check their class schedule through the myESU student portal to confirm their registration. A semester/session e-bill will be sent to the student's ESU email. Students will be held financially liable for their registration unless it is officially canceled when the student contacts the Student Enrollment Center.

Non-payment of fees or other financial obligations will prevent a student from being allowed to register for subsequent academic work and from receiving any official transcript of their academic record or diploma from the university.

Should the university find it necessary to refer a delinquent account to a collection agency or to an attorney, the cost of collection including attorney's fees, if incurred, may be added to the student's financial obligation.

## Student Payment Policy

A student attending a course without proper registration and payment of all tuition and fees does not constitute de facto enrollment. The university will not permit retroactive enrollment in or payment for any class after the end of the term in which the course is offered. This policy was made effective with the beginning of the fall 1997 semester.

## Tuition and Fees

*NOTE: Subject to change by the university. Updates will be posted on the website.*

- All required tuition and fees are listed and defined on our website.
- For Undergraduate Program Tuition and Fees see Student Billing at [esu.edu/tuition](http://esu.edu/tuition)

## Guidelines for Determining Resident Status for Students

### (Title 22 Pennsylvania Code, Section 153.1)

A student is classified as a Pennsylvania resident for tuition purposes if the student has a Pennsylvania domicile. A domicile is the place where one intends to and does, in fact, permanently reside. Because this decision is an administrative determination, documentary evidence must be submitted to the Student Enrollment Center for consideration.

Students who believe that they are qualified for in-state residency and those who would like to be made aware of the determining factors should contact the Student Enrollment Center. Each case will be decided on the basis of all facts submitted. If the student is not satisfied with the decision made by the university in response to the challenge, the student may make a written appeal to the Office of the Chancellor, State System of Higher Education, Dixon University Center, 2986 North Second Street, Harrisburg, PA 17110. The decision on the challenge is final.

## General Fee

This *mandatory fee* is used to support the university's academic programs and a variety of student services and activities such as student government, student organizations, health services and wellness programs, and Student Center debt service, capital replacement, and maintenance.

This fee is charged to *all students* (undergraduate and graduate, full-time and part-time, residential and commuting/off-campus) during all university sessions (including Winter Session and Summer Sessions), and at all course locations (including internships, student teaching, and all other off-campus sites). Refunds of the General Fee during regular and special sessions will be processed in accordance with the same schedule and policy as tuition refunds.

## Technology Fee

This mandatory fee was instituted by the State System Board of Governors in the fall of 2002 and is used to enhance student access to the latest technology in the classroom and to prepare students for a technology-driven world. The purposes of the technology tuition fee are: (1) to acquire, install, and maintain up-to-date and emerging technologies to enhance student-learning outcomes; (2) to provide equitable access to technology resources; and (3) to ensure, ultimately, that ESU graduates are competitive in the technologically sophisticated workplace. All hardware, software, databases, and other capital equipment procured with these revenues are to support student learning experiences such as smart classrooms, computer labs, technology-intensive scientific equipment, content management software, electronic media, library databases, distance learning hardware/software, web-course development cost, curriculum development costs for technology-based courses, student learning assessment, online student academic support services and security solutions to protect student and institutional data.

## Payment Information

Payments may be made online, via mail, or in person the Student Enrollment Center in Zimbar-Liljenstein Hall. ESU accepts bank or personal checks, debit cards and cash in office. Payments accepted online are VISA, MasterCard, Discover and American Express, as well as electronic checks.

## Damage Charges

Students are held responsible for damage, breakage, loss, or delayed return of university property. Damages that are determined to be communal will be prorated in accordance with university policy and housing contract agreement. Deliberate disregard for university property will also result in disciplinary action.

All keys to university rooms are university property and are loaned to students. Students who do not return keys will be charged a lock replacement fee to be determined by the institution. Loss of a room key should be reported immediately.

## Delinquent Accounts

No student shall be enrolled, graduated, or granted a transcript of records or diploma until all previous charges have been paid.

## Refund Policies

### Return of Title IV Funds Policy

---

#### Return of Title IV Funds Information

Federal regulations require Title IV financial aid funds to be awarded under the assumption that a student will attend the institution for the entire period in which federal assistance was awarded. When a student withdraws from all courses for any reason, including medical withdrawals, he/she may no longer be eligible for the full amount of Title IV funds that he/she was originally scheduled to receive. The return of funds is based upon the premise that students earn their financial aid in proportion to the amount of time in which they are enrolled. A pro-rated schedule is used to determine the amount of federal student aid funds he/she will have earned at the time of the withdrawal. Thus, a student who withdraws in the second week of classes has earned less of his/her financial aid than a student who withdraws in the seventh week. Once 60% of the semester is completed, a student is considered to have earned all of his/her financial aid, and will not be required to return any funds.

Federal law requires schools to calculate how much federal financial aid a student has earned if that student completely withdraws, stops attending before completing the semester, or does not complete all sessions or parts of term (i.e. courses which are not scheduled for the entire semester or payment period for which he/she has registered at the time those sessions/parts of term began).

Based on this calculation, East Stroudsburg University students who receive federal financial aid and do not complete their classes during a semester or term, could be responsible for repaying a portion of the aid they received. Students who do not begin attendance must repay all financial aid disbursed for the term.

Returns are allocated in the following order:

- Unsubsidized Federal Direct Loans
- Subsidized Federal Direct Loans
- Federal Perkins Loans
- Federal Direct PLUS (Parent) Loans
- Federal Pell Grants for which a Return of Funds is required

- Federal Supplemental Opportunity Grants for which a Return of Funds is required
- Other assistance under this Title IV for which a Return of funds is required (e.g. LEAP)

Students who receive federal financial aid must “earn” the aid they receive by staying enrolled in classes. The amount of federal financial aid assistance the student earns is on a pro-rated basis. Students who withdraw or do not complete all registered classes during the semester may be required to return some of the financial aid they were awarded.

Institutions are required to determine the percentage of Title IV aid “earned” by the student, and to return the unearned portion to the appropriate aid programs. Regulations require schools to perform calculations within 30 days from the date the school determines a student’s complete withdrawal. The school must return the funds within 45 days of the calculation. The Return of Title IV aid calculation process and return of funds is completed by the Office of Student Financial Aid.

For example, if a student completes 30 percent of the payment period, they earn 30 percent of the aid they were originally scheduled to receive. This means that 70 percent of the scheduled award remain “unearned” and must be returned to the federal government. Once 60% of the semester is completed, a student is considered to have earned all of his/her financial aid and will not be required to return any federal funds.

If you have been a recipient of a Federal Student Loan you must complete the exit counseling at [www.studentloans.gov](http://www.studentloans.gov). You can find comprehensive information about your financial aid at [www.nsls.ed.gov](http://www.nsls.ed.gov).

### General Information

---

There is a 100% refund if courses are dropped before the semester begins. Students who officially withdraw completely from the university will be reimbursed according to the following schedule:

First Week:	100%
Second Week:	80%
Third Week:	60%
Fourth Week:	50%
Fifth Week:	40%
Sixth Week and after:	No refund due

Room and Board refunds are pro-rated weekly according to the actual usage of services. Federal guidelines for the pro-rating of student financial aid awards to students who totally withdraw from the university partway through a term usually do **not** coincide with the above refund policy. Students contemplating withdrawal from the university should first contact the Student Enrollment Center to discuss the impact on their financial aid. Any balance due will become immediately payable to the university.

*Refunds are not given on individual course withdrawals after the end of the drop period.*

### Meals

---

A student who officially withdraws after the beginning of a semester and who notifies the Student Enrollment Center will be entitled to a

refund of the board paid for the remainder of the semester. A student who withdraws during a week will be charged for the entire week.

### **Summer Session**

---

Refunds of fees for a student who withdraws on the first and second day of class is calculated at 100%. There are no refunds after the second day of class due to the intense nature of summer sessions. A portion or all of a student's aid may be returned to the lender based on the withdrawal as it was not fully earned. The amount due will then become the responsibility of the student. We strongly urge students who receive any aid, who are considering withdrawing from a course or courses to speak to a Financial Aid counselor to confirm the implications of a withdrawal.

## Financial Aid

Financial aid is designed to help families offset the cost of a post-secondary education. A student's financial aid package can be made up of grants and scholarships, which do not have to be repaid; loans, which must be repaid with interest; and student employment, which allows students to earn money.

### General Eligibility Requirements

In general, to be eligible for federal financial aid, a student must:

- Be a citizen or permanent resident of the United States;
- Have a high school diploma or an equivalent;
- Be matriculated at East Stroudsburg University and be enrolled in a degree seeking program (non-degree students are not eligible for financial aid); and,
- Maintain satisfactory academic progress to remain eligible for financial aid.

### Application Process

East Stroudsburg University students interested in receiving financial aid must complete the Free Application for Federal Student Aid (FAFSA) to be considered for a Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Federal and University Student Employment, and the Federal William D. Ford Direct Loan Program, which includes the subsidized and unsubsidized Federal Direct Loan, Federal Parent PLUS Loan, and Graduate PLUS Loan. Be sure to list East Stroudsburg University, FAFSA code 003320, as a recipient institution.

You may apply online by visiting the Department of Education's website at [www.studentaid.gov](http://www.studentaid.gov) to complete your FAFSA. The FAFSA can be completed beginning in December for the following academic year.

If applying for Federal Direct Loans, first-time borrowers are required to complete Entrance Counseling as well as a Master Promissory Note (MPN). Both may be completed online at [www.studentloans.gov](http://www.studentloans.gov). No disbursements are credited to the student's account until these requirements have been satisfied.

Pennsylvania residents will automatically be considered for the Pennsylvania State Grant if the FAFSA and the PHEAA Application are completed. The student must have the federal school code for ESU listed on both the FAFSA and the PHEAA Application to be considered for eligibility. The deadline for consideration for the PA State Grant is May 1st. In some cases, the Pennsylvania Higher Education Assistance Agency (PHEAA) may request additional information.

### Financial Need

Financial aid is awarded on the basis of financial need, which is the difference between the total estimated cost of attendance (COA) and Student Aid Index (SAI).

A financial aid budget (COA) is assigned to each student. This budget reflects tuition, fees, room, board, books, personal expenses and transportation.

The SAI is calculated by the U.S. Federal Processor using information submitted by the student and/or family on the FAFSA. This information is put through a series of congressionally mandated formulas. The SAI is made up of both a student contribution (SC) and a parent contribution (PC). This SAI only applies to the academic year of the FAFSA and a new FAFSA must be completed for each academic year. The SAI is a guideline used in determining your eligibility for financial aid and does not reflect the actual amount that must be paid by the student and/or the student's family.

### Verification Requirements

Verification is the process of comparing the data provided on the Free Application for Federal Student Aid (FAFSA) with other requested documentation such as a tax return transcript. Some of the selection process is random. However, students may be selected because the information on the FAFSA is either inconsistent or likely to have been estimated.

If a FAFSA is selected for verification the student will be sent instructions to begin the process, which can be completed online. If you have any questions or concerns about the verification process you can contact the Office of Financial Aid.

Once the verification process is complete the student's federal financial aid can be processed. Failure to complete the verification process will result in the cancellation of all federal financial aid, and may result in an outstanding balance on the student's account. Verification may also result in a revision to any aid awarded prior to the completion of the verification process.

### Payment of Financial Aid

Financial aid awards are credited directly to the student's university account each semester. Refunds from financial aid will not become available until the student's university account is satisfied. Students should plan to arrive on campus with enough personal money to purchase books and pay any off-campus housing expenses.

### Effect of Incompletes, Withdrawals, Failures, and Repeats

**All** incompletes, withdrawals, failures, and repeats are included as **attempted credits** when determining SAP for financial aid. Remedial courses successfully completed will count toward satisfactory academic progress. They do not count toward graduation.

#### Definitions:

- **Credits Attempted:** Credits for which a grade of A, A-, B+, B, B-, C+, C, C-, D, E, F, I, L, P, S, U, W, Y, Z, X has been received.
- **Successfully Completed Credits:** Credits for which a grade of A, A-, B+, B, B-, C+, C, C-, D, L, S, or P has been received. Grades of

E, F, X, U, W, Y, Z and grades in repeated courses do not count as successfully completed credits.

Repeated classes will not count toward academic progress if the class was passed the first time the student was enrolled and received a passing grade. Only repeated classes that the student originally failed will be counted toward academic progress. Each time a class is repeated it will be included in the cumulative credits attempted.

## Reentry to East Stroudsburg University

A period of non-enrollment does not reinstate financial aid eligibility. Students who are readmitted to ESU will have their financial aid progress reviewed and all previous coursework will be measured according to this policy upon reentry.

## Financial Aid Appeals

A student who has been denied federal aid for failure to meet the satisfactory academic progress requirements may appeal that denial. By federal regulations, the grounds for an appeal are

1. the death of a relative of the student
2. an illness or injury of the student
3. other extenuating circumstance which is beyond the student's control.

The student must submit a written appeal indicating why he/she failed to make satisfactory academic progress and what may have changed in the student's situation that will allow the student to demonstrate SAP at the next review. Supporting documentation (if applicable) must be included with the appeal such as medical documentation, a copy of a death certificate, etc.

The appeal must be submitted to the Office of Financial Aid where the Satisfactory Academic Progress Appeal Committee will review the request.

Submitting an appeal does not guarantee approval.

## Forms of Financial Assistance

### Grants

- **Federal Pell Grants** are available to undergraduates who are pursuing their first baccalaureate degree. Eligibility is determined from the information submitted on the FAFSA.
- **Pennsylvania State Grants** are awarded to undergraduate students who are residents of Pennsylvania by PHEAA. The award value is determined by PHEAA and is based upon the financial need of the applicant.
- **Federal Supplemental Educational Opportunity Grants (FSEOG)** is available to Pell-eligible students who demonstrate exceptional financial need as determined by the information on the FAFSA.

### Loans

- **William D. Ford Federal Direct Loan** offered by the federal government includes both subsidized and unsubsidized Direct Loans. Eligibility for the subsidized Federal Direct Loan is determined on the basis of need as determined by the FAFSA and

requires no payment of principal until six months after the student ceases half-time enrollment, withdraws, or graduates. Subsidized Federal Direct Loans do not accrue interest during periods of enrollment and the six-month grace period. Unsubsidized Direct Loans accrue interest starting from the day of disbursement and during the six-month grace period. A Direct Loan origination fee will be deducted from each disbursement prior to the loan being applied to a student bill.

The following chart shows Direct Loan amounts based on credits earned:

0-29 credits	\$5,500
30-59 credits	\$6,500
60-89 credits	\$7,500
90 credits & over	\$7,500

**Additional Unsubsidized Federal Direct Loan funds** are available to independent undergraduate students. Freshmen and sophomores may receive up to \$4,000, while juniors and seniors may be awarded up to \$5,000. Dependent students whose parents have been denied a Federal Direct PLUS Loan may also be awarded these additional unsubsidized funds.

**Federal Direct PLUS Loans** are available to parents who have no adverse credit history. Repayment of a PLUS loan generally begins within 60 days of disbursement.

## University Student Employment

**Student Employment** provides an opportunity for students to earn money for personal expenses. Campus employment consists of the federal work-study and state student employment programs. Students usually work 10 hours per week and are paid every other week.

**Community Service Learning (CSL) work opportunities** are available to students who demonstrate a financial need according to the FAFSA. Under this program, students provide services to off-campus non-profit agencies that include activities in the fields of health care, literary training, education, welfare, social services, and neighborhood and community improvement.

## Other Sources

- **Athletic Grants-In-Aid** are awarded in accordance with intercollegiate athletics as a Division II institution and NCAA rules and regulations. Interested students should contact their respective coaches.
- **Scholarships**, based upon a variety of achievements and talents, are available at East Stroudsburg University. Funds for the various scholarship areas are made available through donations by private industry, faculty, staff, and community contributions and through private endorsements. Please be advised that certain scholarships and instructional grants require enrollment in 15 credit hours for eligibility and renewal.

## Financial Aid Satisfactory Academic Progress (SAP) Policy

A student must maintain satisfactory academic progress (SAP) to continue to receive Federal Title IV financial aid. Federal financial aid includes Federal PELL grant, Federal SEOG, Federal Work Study, Federal Direct Loans (subsidized and unsubsidized), Federal Direct PLUS loan, and Federal Graduate PLUS loan.

The Standards of Federal Satisfactory Academic Progress (SAP) include Grade Point Average, percentage of cumulative credits earned, and a maximum time frame measurement. If one of the measures is not being met, the student is not making SAP and thus becomes ineligible for federal financial aid. All periods of enrollment are included whether or not the student received federal financial aid during that time.

SAP will be measured yearly at the end of the spring semester. Winter enrollment will be counted in your spring calculations.

### Undergraduate Students

A student must meet all of the following requirements in order to be making satisfactory academic progress (SAP) for federal financial aid. ESU measures SAP annually at the end of the spring semester.

#### Qualitative Standard: Cumulative Grade Point Average (CGPA)

- ESU looks at the cumulative GPA that is considered to be in good academic standing. A 2.0 CGPA is required to maintain federal aid eligibility.

#### Quantitative Standard: Pace Rate

The Pass Rate is determined by the percentage of total attempted credits that were successfully earned.

- Students must successfully earn a minimum of 66.67% of the attempted credits.
- Pace Rate is calculated by dividing the cumulative credit hours earned by the total credits attempted.

#### Maximum Time Frame:

- Undergraduate students are limited to a total of 180 attempted credits towards their first undergraduate degree for financial aid purposes. This is 150% of total credit hours required to complete an Undergraduate Degree.

#### Program Completion

Once the student completes all the academic requirements for his or her program, the student is considered to have completed the degree program and is no longer eligible for further federal aid for that program.

Students who fail to meet satisfactory progress at the end of each academic year shall lose federal financial aid eligibility. If the student resumes satisfactory academic progress, the student shall regain federal financial aid eligibility as long as she/he maintains satisfactory academic progress.

The maximum time frame for Pennsylvania State grant eligibility is the equivalent of 8 full-time semesters.

#### Federal Financial Aid Appeal Process

- If, at the end of each academic year, a student is still not meeting SAP requirements, the student may submit an appeal based on extenuating circumstances. Examples of extenuating circumstances are personal illness or injury, a death of a close relative, or other special circumstances. The written appeal can be completed on the myESU portal and must outline the reasons that satisfactory progress was not met, what has changed that will allow the minimum standards to be met and how the student plans to improve his/her academic progress (i.e. academic plan).
- If the appeal is approved by the Satisfactory Academic Progress Committee, the student regains federal financial aid eligibility as long as she/he maintains satisfactory academic progress.
- If the appeal is denied, the student will not be eligible for federal financial aid until s/he is meeting satisfactory academic progress standards.

#### Academic Forgiveness

All academic coursework taken by a student in attendance at East Stroudsburg University must be included in determining federal SAP. This federal SAP policy is exclusive of any East Stroudsburg University academic policy related to re-admission and GPA calculation.

#### Transfer Credits

Transfer credits accepted toward the student's current program (including consortium agreements and Study Abroad courses) are counted in both cumulative credits attempted and cumulative credits completed. Grades earned in transfer credits are not included in cumulative GPA.

### Eliminating Deficiencies

If a student is deficient in credits and/or GPA at the end of the academic year, summer school classes may be used to eliminate the deficiency. No federal financial aid will be provided to help defray summer costs. Summer work need not be completed at ESU, but students should be aware that:

- Transient clearance must be obtained prior to taking courses elsewhere to ensure that these credits will be accepted at ESU.
- Courses taken elsewhere will not affect the GPA. If the student's deficiency is in GPA, taking courses at another institution will not make up that deficiency. The only exception is students participating in the PASSHE Visiting Student program.

### Federal Work Study

Federal Work Study (FWS) is a need-based federally-funded part-time employment program which allows eligible students to earn money to help pay for education expenses. Undergraduate and Graduate students showing need are eligible to participate in Federal Work Study at ESU. Students must complete the Free Application for Federal Student Aid (FAFSA) each year to be considered for federal financial aid, including FWS.

You may email [fa@esu.edu](mailto:fa@esu.edu) from your secure ESU email account and ask to be evaluated for the fall and/or spring terms. Federal Work Study awarding starts after the end of the add/drop period each term. If you do not see an FWS award as part of your financial aid package

in your myESU portal, email [fa@esu.edu](mailto:fa@esu.edu) and request you be considered for these funds.

Please note: FWS is not offered during the summer terms.

The FWS amount listed is the maximum amount you may earn for both fall and spring terms. Because FWS is delivered to the student in the form of a paycheck, it cannot be used to defer the cost of deposits, reduce the amount a student owes for institutional charges, or adjust payment amounts.

### **Obtaining a Work Study Job**

Students are limited to 20 hours per week and 40 hours per pay period. FWS cannot pay for any hours worked beyond these approved limits. Additionally, you may only earn up to your posted FWS award for the term.

**Please note:** FWS funds are not available to pay a student's tuition, fees, housing or meal membership charges directly. Federal Work Study students are paid according to the ESU bi-weekly payroll schedule based on the hours worked during the pay period.

### **Financial Aid Book Credit Program**

Students who have financial aid in excess of their cost of tuition and other allowable charges will receive a refund for the surplus amount. Students may request to use all or part of that refund at the ESU Bookstore prior to disbursement.

Requests must be made at **myESU portal > Students tab > Financial Aid Tools > ESU Book Credit**.

A bookstore authorization is part of a student's total financial aid package - it is not additional funding. Changes to enrollment, especially changes that increase a student's fee assessment, may result in changes to the actual value of the bookstore authorization. Students will be notified via their ESU e-mail account of increases and decreases to their bookstore authorization.

Bookstore authorizations may only be used during a specific time frame, generally through the end of the add/drop period. Students are encouraged to monitor their e-mail account for notifications related to book credit dates and amounts.

### **Documentation of Academic Activity**

The US Department of Education requires institutions to document whether or not a student established eligibility for any period of enrollment in which the student receives federal Title IV aid. Students who are not marked by their instructor(s) as having engaged in academic activity by the end of the second week of classes may not receive Federal Title IV aid for that course, regardless of enrollment.

### **Return of Title IV Aid**

Withdrawing from classes may impact a student's financial aid. Students who withdraw from classes and have received Federal Title IV Aid may be required to repay the amount of unearned aid. The amount of unearned Title IV funds is calculated based on the percentage of the term completed prior to the date of withdrawal. The repayment amount is determined in accordance with Section 484B of the Higher Education Act of 1965, as amended. Unearned

Title IV aid must be returned to the applicable federal programs in the following order:

- Federal Direct Unsubsidized Loans
- Federal Direct Subsidized Loans
- Federal Direct Graduate PLUS Loans
- Federal Direct PLUS Loans (for parents)
- Federal Pell Grants
- Federal Supplemental Educational Opportunity Grants

Students who did not attend any classes will be required to return funds disbursed.

## Campus Life

Opportunities for participation in co-curricular activities at the university are virtually unlimited. Learning outside the classroom is considered to be an integral part of the student's personal growth and development.

### Academic Advisement

A faculty member from the student's major department serves as the academic adviser throughout the student's career at the university. The Advising Office for Undeclared Students serves all students who are undecided by providing academic advising and guidance in selecting a major. The office will help students choose a career path of interest to them and declare a major that will help them achieve their career goal. The Advising Office also provides academic advising and course selection assistance during the weeks prior to and during all pre-registration periods.

For further information, call 570-422-3164 or visit [esu.edu/advising](http://esu.edu/advising).

### Academic Enrichment and Learning

The Department of Academic Enrichment and Learning includes the following programs: The Learning Center, Office for Advising for Undeclared Students, Advising for Students in Warrior Success, and the University Wide Tutorial Program. Students are invited to drop in at the Learning Center, located in Rosenkrans East, to find out more about academic support services that may enhance their academic development. Visit [esu.edu/academicenrichment](http://esu.edu/academicenrichment).

### ATM Services

ATM services provided by Pennsylvania State Employees Credit Union (PSECU) are located just outside the ground floor of the University Center between the University Center and the Keystone Room, as well as in the lobby of Dansbury Commons.

### Campus Rec & Wellness

ESU's Campus Rec & Wellness department provides a safe, rewarding, and educational environment designed to promote holistic lifestyles through physical fitness activity, formal and informal competition, leadership development, academic partnerships, and opportunities for professional, social, and career growth. Guided by Core Values, innovative and diverse programming, and state-of-the-art facilities, the Center's spirited and committed staff pride themselves in fostering an atmosphere of empowerment that leads to the healthy development of the whole person.

In addition to programming, the department employs over 50 students who are directly responsible for the operation of the facilities and programs.

**Facilities:** The Campus Rec & Wellness department operates two student recreation facilities on campus. Completed in August 2003, the Mattioli Recreation Center is a 58,000 square foot facility on the south side of campus. The building features a four-court arena for

basketball, volleyball, and tennis; a fitness center with cardio, selectorized and free weight equipment; a multipurpose studio; elevated track; locker and shower facilities; an alternative fitness area that includes indoor rowers, Jacobs Ladder, and a boxing zone that features a speed bag and heavy bag; and racquetball courts.

**Group Fitness:** Group Fitness Program is designed for Campus Rec & Wellness members who are looking for an organized workout. All of the classes are free, and access is granted on a first-come, first-served basis. All classes are led by ESU student instructors who have qualified to teach. A new group fitness schedule is published at the beginning and middle of each semester.

**Special Events:** Special events are designed for students to enjoy unique programs in a fun and social setting. Many of the special events are one-night tournaments that expose students to new and exciting sports as well as educational events to support healthy lifestyle choices. Some of the programs include Late Night at the Rec, pickleball, volleyball, badminton, cornhole, Rec-Ex 5K, and One Mile Fun Run, to name a few.

**Sports Activities: Sports Leagues** offer students the ability to form teams and play sports in a seasonal format. The entire program is voluntary for those who are not regular members of varsity or junior varsity squads, and do not require the intensified training nor high degree of skill necessary for intercollegiate athletics. Sports offered during the year include flag football, soccer, volleyball, dodgeball, softball, and basketball, to name a few. Opportunities for participation are available in men's, women's and coed leagues.

**Club Sports** are student-run organizations that share a common athletic or talent interest. Depending on the club it may be recreational or competitive. Usually these are year-round clubs and some will compete in intercollegiate competitions on a local, regional, and national scale. Interested in see what Club Sports are available, be sure to check out WarriorLink!

For more information on programs, services, hours of operation, policies and procedures, visit [esu.edu/therec](http://esu.edu/therec) or call the Mattioli Recreation Center's Service Desk at 570-422-2970.

### Campus Card Center

The Campus Card Center, located on the ground floor of the University Center, provides ESU students and employees with both a campus identification card (E-Card) and a convenient, easy, and safe way to make purchases and use services on and off campus. The E-Card provides electronic access to a declining balance (debit) account that can be used for the payment of certain items/services in the bookstore, vending machines, library, and campus dining facilities. The off-campus sites that currently accept the E-Card include Burger King, Cluck-U Chicken, and CVS. Students may also use it to gain access to their residence hall and the Recreation Centers. Deposits

may be made online, please visit the [esu.edu/ecard](http://esu.edu/ecard) website or for further information, call 570-422-CARD or 1-800-556-8116.

## Campus Ministry and Spirituality

Campus Ministry and Spirituality at ESU is supported through the Office of Student Affairs. Campus Ministry and Spirituality (CM & S) is made up of a variety of religious, spiritual, and religious advocacy groups at the University. Its mission, both ecumenical and interfaith in nature, fosters an environment conducive to spiritual growth and development. CM & S assists students in networking with local churches, places of worship, local clergy, and on-campus religious and advocacy groups.

For more information, call 570-422-3463 or visit [esu.edu/campusministry](http://esu.edu/campusministry).

## Career and Workforce Development

Located on the top floor of the University Center, the center provides career counseling and educational programs which will empower undergraduate and graduate students, and alumni, to make satisfying career choices, develop career plans and take action to achieve their professional preparation and career goals. Students should start their career planning during their first year and should contact the center to make an appointment or visit [www.esu.edu/careerdevelopment](http://www.esu.edu/careerdevelopment).

Services provided include career counseling, preparation of resumes and cover letters, and interviewing skills. An online career management system [www.esu.edu/warriorcareers](http://www.esu.edu/warriorcareers) enables students and alumni to explore internships, and part-time and full-time professional job listings. Assistance is offered with graduate school applications, essays and personal statements. The center also coordinates workshops, career days, job fairs, and on-campus recruitment with employers. Innovative tools and educational materials are offered on the Career Development website.

## Child Care Center

The Rose Mekeel Child Care Center, Inc. is accredited by the National Association for the Education of Young Children, a Keystone Star 4 program and licensed by the Department of Public Welfare. The center is available to students, faculty and staff of the university. The remaining spaces are filled by the community. The center is staffed by an Executive Director, Group supervisors, and assistant group supervisors. This facility is open from 7:45 a.m.-5 p.m. (Monday to Friday) during the fall, spring, and summer sessions.

The program is a hands-on, developmentally appropriate program for children between 12 months and 5 years of age. Call 570-422-3514 for information about enrollment and fees.

## Commuter Student Services

Commuting and off-campus students comprise the predominant population of the university. ESU, in addressing the needs of the commuter student population, offers various academic and student

services, including. For more information please visit [www.esu.edu/commuter](http://www.esu.edu/commuter) or call 570-422-3384.

## Counseling and Psychological Services (CAPS)

The Department of Counseling and Psychological Services offers a wide range of counseling services to facilitate and enhance the educational, psychological, and interpersonal well-being of the East Stroudsburg University student community. The services provided are designed to maximize students' personal, psychological and educational functioning, to prevent and remediate emotional/social problems, to help students attain their educational goals, and to promote their professional competence.

Services offered include personal counseling/psychotherapy, vocational counseling, psychological and vocational testing, developmental and outreach programming, and consultation services, both individually and in a group setting when appropriate. CAPS actively promotes students' cultural awareness and sensitivity toward diversity issues, particularly with outreach programming initiatives.

Some of the issues students often address through counseling include anxiety, career exploration/indecision, depression, suicidal thinking, difficulties in interpersonal relationships, eating disorders, family concerns, self-doubt, sexual concerns and substance abuse.

The Counseling and Psychological Services staff are licensed psychologists. Their professional training and experience prepare them to deal with a wide range of issues faced by university students. Currently enrolled students are eligible to receive services that are free of charge. All information shared by a client is kept confidential, and all client records are classified as confidential records. Without a client's written permission, no information is released to anyone outside of CAPS, except as required by law.

The Counseling and Psychological Services office is located on the second floor of the Flagler-Metzgar Center. Normal hours of operation are 8 a.m. to 4:30 p.m. Monday through Friday. Services generally are offered by appointment and may be scheduled by stopping at the office in-person or by calling 570-422-3277. For additional information, visit [esu.edu/caps](http://esu.edu/caps).

## Dance Program

The university provides several options for those interested in dance. The minor in dance is open to all students. The University Dance Company is a select group of 15-25 students, chosen by audition, who produce a performance each semester with choreography by faculty, guest artists and students in ballet, contemporary, jazz, and other dance styles. The ESU Contemporary Dancers is a student organization open to all students regardless of background, and produces recitals choreographed and performed by students. The Dance Team performs hip-hop and jazz dance during sports events. All of these organizations are open to all students.

## Dean of Student Life

The Dean of Student Life leads the CARE (Campus Advocacy and Resource Engagement) program. CARE's mission is to develop personalized holistic action plan to promote self-growth and success.

Through advocacy and engagement with university and community resources, students are supported in reaching their personal and educational goals.

## Dining Services

ESU Dining Services offers a wide variety of diverse, well-balanced meal choices to students and community members in an inviting dining atmosphere. Aramark, a contracted food service, facilities and uniform company, provides the dining experience for the ESU community.

While resident students in the traditional halls and suites are required to have meal plan, students living off campus are strong participants in our dining program. Commuter students are invited to purchase either a meal plan or Dining Dollars to make dining on campus more convenient for their needs. Meal plans and Dining Dollars may be purchased in Dansbury Commons as well as in the Residential and Dining Services central office. Students with special nutritional needs are encouraged to contact a Dining Services manager to discuss their dining needs and customized dietary options.

### Food Service Venues

Dansbury Commons is our all-you-care-to-eat facility at the heart of campus. Also known as "The Cafe", Dansbury Commons offers many home cooked favorites such as oven baked pizza, pasta, waffles, hand crafted sandwiches, burgers and more. Dansbury Commons offers a number of monotony breakers throughout the semester, from weekly new recipe tastings with our Executive Chef, to premium nights that offer a wide variety of upscale entrees for guest to purchase.

The ESU culinary team is committed to offering innovative menus that highlight cultural inclusivity for all patrons. Dansbury Commons is open to any guest who cares to dine at this "all you care to eat" campus restaurant, for one low, set price.

Dansbury P.O.D. [Provisions on Demand] combines a corner store experience with the style of a modern market, featuring grab 'n go, hot entrees, snacks and bottled beverages. Located at the entrance of Dansbury Commons, students take advantage of the convenience of the access operation.

Starbucks ESU is conveniently located in Lower Dansbury Commons. Starbucks Coffee is the world's largest specialty coffee chain, offering more than 30 blends and single-origin coffees as well as bakery goods, sandwiches and merchandise.

Food 4 Thought is a grab and go retail operation conveniently located in the Kemp Library. Students are able to enjoy a hand crafted espresso beverage, Tazo tea, or blended Frappuccino. You can also choose from a variety of top quality pastries and baked goods. Enjoy homemade soups, Grab & Go sandwiches, wraps, and parfaits, as well as a variety of snacks and bottled beverages for your convenience.

Center Court is located on the main level of University Center and offers quick made to order options for the ESU community. With Burger Studio, Topio's Pizza, Warrior Wraps Sandwich Shack, or Greens to Go with homemade soups, baked goods and grab and go offerings, Center Court has whatever you're craving!

S.T.C. [Harry's] Café is located in the Science and Technology Center and features quiet seating, fresh brewed Peet's coffee, hot breakfast sandwiches bagels, grab & go wraps, salads, and homemade soups.

## Fraternities and Sororities

The organizations that comprise the fraternity and sorority system provide a wide variety of educational, social, academic, philanthropic and leadership activities, events and programs for ESU students.

The ESU fraternities and sororities are self-governing and work together to benefit and support the university and the surrounding community. The Interfraternity Council (IFC), College Panhellenic Council (CPH), and Cultural Greek Council (CGC) are the governing bodies that represent all fraternal organizations at ESU and provide cultural, social and educational programs and events for the ESU student community. At the beginning of each semester, fraternities and sororities conduct recruitment events for the purpose of selecting new members. University policy does not allow for first-time, full-time students (freshmen) to be recruited into or to join fraternities or sororities. For more information about FSL and a list of recognized fraternities or sororities eligible to extend invitations to membership, visit

[www.esu.edu/greek](http://www.esu.edu/greek).

## Gender and Sexuality Center

Founded in Fall 2018, the Gender and Sexuality Center is housed in the lower level of the University Center, room G-7. Complete with relaxing social and study space, staff offices, and a resource library, the Center's mission is to encourage ESU community members to discuss and reflect upon the myriad ways that these two interrelated identities influence our lives.

Grounded in an intersectional perspective, the GSC's programs and services range from the organization of campus-wide events such as LGBT History Month and Women's History Month, training opportunities like the ESU Safe Zone program, and supporting different student organizations and groups to ensure that ESU is a warm and welcoming space for all individuals to engage.

## Athletics

### Intercollegiate

The intercollegiate athletic program at East Stroudsburg University provides a quality educational opportunity for skilled students to maximize their sport abilities by means of competition against other colleges and universities. This is complemented by the enrichment of student-life experiences and the promotion of alumni-community relations.

Schedules for 22 sport teams for men and women are arranged on a seasonal basis for fall, winter and spring:

#### Fall

Men: Cross Country, Football, Soccer Women: Cross Country, Field Hockey, Volleyball, Soccer

#### Winter

Men: Basketball, Indoor Track and Field, Wrestling Women: Basketball, Indoor Track and Field, Swimming, Wrestling

### Spring

Men: Baseball, Outdoor Track and Field Women: Acrobatics and Tumbling, Golf, Lacrosse, Softball, Tennis, Outdoor Track and Field

Athletic activities take place in and on a variety of campus athletic fields. The main outdoor athletic facility, Eiler-Martin Stadium, has an all-weather track, turf, lights and seating space for approximately 6,000 spectators. The LeRoy J. Koehler Fieldhouse is the main indoor facility and has an indoor track, pool, weight rooms, tennis, basketball and volleyball courts. As part of the university's effort to ensure compliance with the Higher Education Act and Equity in Athletics Disclosure Act, the Gender Equity Survey Report is on file in the Offices of Intercollegiate Athletics and the Enrollment Services Office. This report contains information on participation and financial support as it pertains to East Stroudsburg University's intercollegiate athletics program.

## **Office of Accessible Services Individualized for Students (OASIS)**

East Stroudsburg University of Pennsylvania believes that an individual's access to opportunities for achievement and personal fulfillment must be determined solely on the basis of the person's ability and interest.

OASIS at East Stroudsburg University of Pennsylvania provides accommodations and services to students with documented disabilities (i.e., specific learning disabilities, attention-deficit/hyperactivity disorder, chronic illnesses, mobility impairments, deaf/hard of hearing, blind/low vision, psychiatric disabilities, traumatic brain injuries and other disabilities not specified) that result in substantial limitation of a major life activity. The faculty members in OASIS approve basic services and facilities accommodations for eligible students with disabilities who self-identify with a disability, provide appropriate supporting documentation and request services.

Students who need accommodations are responsible for initiating the process with OASIS and for requesting academic or environmental accommodations. Individuals requesting services (accommodations and/or access) must complete the Accommodations Request Form, including a description of the student's disability, the disability's likely impact on your educational experiences and the successful use of accommodations in the past. These forms are available online at the Office Of Accessible Services Individualized for Students (OASIS).

Academic accommodations allow equal access to academic programs and include classroom and assessment accommodations, and are based on the evaluation process, a student's course of study and current functional limitations. The evaluation process includes a review of the self-disclosure/application form, supporting documentation, and an interview with the student. Supporting documentation can include medical records, psycho-educational testing, and school records that specify the impact the disability has on physical, perceptual, cognitive, and behavioral activities.

Intake interviews occur during the summer months or within two weeks of the submission of the application and sufficient documentation during the academic year. During this interview, accommodations and assistive technology needs are determined. OASIS's Assistive Technology Coordinator is available to instruct students in various assistive technologies to help with their academic studies. After the interview meeting with the OASIS faculty member, the student can authorize OASIS to share the accommodation letter with their current professors. The accommodation letter will list the academic accommodations and/or assistive technology the student is entitled to use for each class. Some frequently used academic accommodations and assistive technology devices include, but are not limited to:

- Extended time on exams
- Note taking support services and technology
- Reader/scribe for exams
- Reduced distraction test setting
- Textbooks in alternative format
- Computer access programs

Environmental accommodations provide equal access to facilities and may include housing and parking accommodations. Environmental accommodations are based on a student's current functional limitations and the evaluative process. Please review the OASIS Student Handbook on the OASIS website for more information.

All personal services (attendant care, transportation on / to campus, etc.) and equipment (e.g., wheelchairs, hearing aids) are the responsibility of the student and will not be provided by OASIS.

OASIS is located at Sycamore Suites in the lower level at 304 Normal Street. Normal hours of operation are 8 a.m. to 4:30 p.m. Monday through Friday. Services are offered by appointment and may be scheduled by stopping at the office in-person or by calling 570-422-3954. For additional information, visit the OASIS webpage at [esu.edu/oasis](http://esu.edu/oasis).

## **Marching Band, Jazz Band and Concert Band Program**

These large performing groups are open to all university and community instrumentalists with previous experience in high school or college ensembles. The ensembles rehearse for two hours one night a week and will perform pieces of standard literature. Public performances will occur at the end of each semester.

Students involved in the Marching Band must participate in Band Camp the week prior to the beginning of the fall semester. The band performs at all home football games, select away games and marching exhibitions.

For more information on Warrior Marching Band, students may contact the band's Musical Director at (570) 422-3759, or contact the Marching Band student leadership through the organization's Facebook page - ESU Warrior Marching Band.

## New Student Programs

### Orientation

---

Orientation is the most important summer program that assists incoming students and their parents in transitioning to the university experience. Academic information and placement testing, university success strategies, discussions with faculty members, administration, staff members, and student leaders, various presentations about university resources, and interactive activities, all assist in developing a comfort level that can be gained only by participation in orientation. Meeting and getting to know other incoming students and parents is also an integral part of university enculturation. Multiple orientation days are scheduled each summer in June and July.

New transfer students have the option of participating in the one-day orientation, a Transfer Day that is an individualized approach to meeting each transfer student's particular needs, or both. Transfer students receive a Transfer Credit Evaluation (TCE) at a meeting with a transfer specialist and a meeting with his/her academic department advisor. In addition, a student guide orients each transfer student to any and all areas of interest at the university.

To continue to provide new students with the information and resources needed for a smooth transition to university life, fall orientation, a three-day and evening event, provides a variety of activities, educational sessions, group discussions, and social opportunities over Move-In Weekend in August. Reminders from summer orientation and new topics that are designed to enable new students to successfully fulfill their university responsibilities are held. Culminating fall orientation is Academic Convocation, the formal opening of the academic year for new students, followed by a picnic and the first mentor-mentee program of the fall semester.

Students who enter the university in the spring semester participate in a one-day orientation program in January. For further information, visit 403 Normal Street or call at 570-422-2862.

### Warrior Induction

Warrior Induction, a three day and evening event, provides a variety of activities, educational sessions, group discussions, and social opportunities needed for a smooth transition to university life. Culminating Warrior Induction is the all university bbq, which calls the entire campus to come together before the semester begins.

### Summer Orientation

Summer orientation is the beginning of a new student's introduction to the university. To continue to provide new students with the information and resources needed for a smooth transition to university life, a variety of activities, interdisciplinary studies, first learn experience workshops, and group meetings are held just prior to the opening of the academic year in August. Reminders from summer orientation and new topics that are designed to enable new students to successfully fulfill their university responsibilities are held.

### New Student Mentors

---

Upperclassmen mentors can help new students become successful at the university. Orientation leaders serve as mentors to new, first-semester students. Mentors enable new students to: understand and meet the academic responsibilities associated with university-level

classes, access university resources, wisely manage their time at the university level, become involved in productive co-curricular opportunities, build positive relationships with peers, faculty, staff, and the community beyond the university, and discover the unique possibilities afforded them as members of the university community.

### Academic Convocation

---

Academic Convocation is a ceremonial occasion which marks the formal opening of the academic year. It is the time when the university officially welcomes the new class of students and focuses on the academic mission.

Academic Convocation introduces the new class to the dignity of university ceremonies and academic regalia, the organizational structure of the university and the individuals who serve in leadership positions, the president of the Faculty Association and faculty leadership, the president of the Student Senate and outstanding student leaders, and the Alma Mater and ESU Promise.

The highlight of the Convocation is the speaker, typically a recent graduate or current student, who speaks to the new class about academic achievement, scholarly opportunities, and expectations for new students.

Academic Convocation brings the new class of students together for the first time to focus on academic excellence and scholarly engagement.

## Office of Student Engagement

The Office of Student Engagement fosters leadership, synergy, and community at ESU through holistic, diverse, and innovative programs and service opportunities which dynamically enhances the Warrior experience.

We offer engagement opportunities in four areas:

**Community:** We offer weekly activities with performers, talent showcases, interactive games and themed events, including Warrior Splash, Color Me Warrior, Paint & Sip, competitions, Warriors Got Talent, and trips to Dorney Park, New York City and Philadelphia to watch a musical or sporting event.

**Leadership:** Leadership By Design is a certification in five areas of development: Leadership, Career, Wellness, Diversity & Service. Students can join a cohort and attend weekly meetings, completing certifications to obtain various rewards at graduation. Learn more at [esu.edu/leadership](http://esu.edu/leadership).

**Civic Engagement:** Student Engagement offers an annual Alternative Spring Break, and recurring service brigades in the tri-state area where students can give back directly to the community.

**Diversity:** Student Engagement leads various campus-wide initiatives for diversity and social justice programming, as well as support initiatives like Hispanic, Black, and Native American History Months, along with Coming Out Week. Major events include Pocono Latin Fest and ESU Pride.

For more information call 570.422.3291 or visit [esu.edu/saa](http://esu.edu/saa)

## Publications/Media

### Calliope - ESU's Literary Magazine

Calliope produces ESU's student -edited literary magazine, as well as the Calliope online literary journal.

### Radio Station (WESS FM)

Students have the opportunity to gain experience in radio by working at WESS (90.3 FM), the student-operated radio station. The station's format is "diversified" and includes vintage radio shows, BBC news, sports, talk shows, as well as many genres of music such as alternative, classical, rap, and modern rock.

### Stroud Courier

*The Stroud Courier* is the student-funded campus newspaper. The staff consists of students interested in all facets of journalism, who are responsible for each aspect of publication including news writing and editing, feature writing, sports reporting, photography, and layout. *The Stroud Courier* covers issues, events, and activities on campus, the surrounding area, and the world.

### Student Handbook

The Student Handbook, which is prepared bi-annually by the Office of Student Affairs, is a compendium of information about the various phases of life on campus. The handbook is available online and provides students with information concerning campus services, co-curricular groups and activities, as well as the official regulations, standards and policies of the campus.

## Residential Life and Housing

### Housing

Campus housing features one traditional residence hall, three suite-style residence halls, the University Ridge, and the University Apartments complexes. They are equipped with lounges, kitchens, laundry and vending facilities, as well as living areas. Specific rules and regulations governing the residence halls are published and made available each year in the Student Handbook. All residence halls are smoke-free.

First-year students are required to live on campus, unless they commute from their parent's/legal guardian's home within a 45 mile radius from campus. Housing on campus is provided on a combined room-and-board basis only (except for the university Ridge and the University Apartments, where a meal plan is not required.)

### Residence Hall Association

The Residence Hall Association is comprised of a 9 member elected executive board. In addition, each residence hall has an elected community board that serve the interest of their students. Each board is responsible for sending representatives to the Residence Hall Association meetings. This representative group of men and women works toward enhancing residence life for students. It assists in formulating official standards and operational policies for residence halls, provides meaningful social activities, establishes programs of

educational enrichment in the residence halls, and participates in various community service projects.

## Social and Cultural Activities

The university offers a variety of social activities and opportunities for the campus community. Programs are sponsored throughout the year to enhance the quality of student life. Guest speakers on contemporary topics or controversial messages often visit the campus. Theatrical events and recitals featuring students and faculty are produced annually. Films, comedy shows, and concerts are also held throughout the year. In addition, a wide variety of intercollegiate, Recreation Center league, and club sports are available. Finally, major events such as Welcome Week, Family Weekend, Homecoming, Community on the Quad and Greek Week round out the social calendar. Visit [esu.edu/events](http://esu.edu/events) for completing listing.

## Speech and Hearing Center

The Speech and Hearing Clinic, located in Monroe Hall, is operated by the Department of Communication Sciences and Disorders in connection with its clinical training program. Students provide therapy while being supervised by faculty who hold appropriate clinical certification and licensure.

Services provided by the clinic include evaluation and therapy in the following areas:

- Speech/articulation disorders
- Developmental language disorders
- Aphasia resulting from head injury or stroke
- Voice disorders
- Laryngectomy
- Cleft palate
- Stuttering
- Foreign accent reduction
- Communication problems resulting from hearing loss

Complete audiologic evaluations are available. Therapy is conducted in rooms that are observable via a closed circuit system. Families of clients are encouraged to observe therapy so that they may better help the clients at home.

Clients at the clinic include members of the community, children attending the Mekeel Child Care Center, and students and employees of the university. Both evaluation and therapy are free with the exception of auditory process testing. *Anyone interested in clinic services should contact the clinic director at 570-422-3247.*

## Standards of Behavior

The mission and objectives of the university include a serious concern for the overall development of the individual. This philosophy implies that all students maintain high personal standards and conduct themselves in a manner which manifests not only intellectual and emotional growth but also personal and social development. The basic standards of behavior are outlined in the Student Handbook under the Student Code of Conduct.

## Stony Acres

Stony Acres, a 119-acre recreation area owned by the ESU Student Activity Association, is located just nine miles north of the university in Marshalls Creek. It is open from dawn to dusk for general use by the ESU community. A multipurpose lodge, six cabins, a climbing tower, a challenge course, a camping equipment program and a variety of activities including canoeing, camping, frisbee golf course, cross country skiing, ice skating, hiking, fishing, and picnicking have made Stony Acres a popular spot year round.

The Stony Acres lodge is available free to campus organizations for meetings, workshops and other programs. *For more information and reservations, email Stony Acres at [mconstantine@esu.edu](mailto:mconstantine@esu.edu) or call 570-422-3334 or 570-223-8316. More information is also available on the Stony Acres website.*

## Student Government

The Student Government Association consists of elected student officials and represents the student body in issues related to campus life. Senators from each class serve on committees concerned with academic affairs, social activities, clubs and organizations, student rights and responsibilities, etc.

## Student Health Services

East Stroudsburg University strongly recommends that students submit the Report of Medical History form, which includes Immunization history prior to entrance to the university. The form will be provided to the students via email in the beginning of August. There are many areas of study that will require this information including education, health sciences (such as nursing, psychology, speech and hearing, athletic training, and exercise science), and many internships and other academic experiential placements. It is highly recommended that students gather this important information and submit it before arriving to campus.

The university has partnered with Lehigh Valley Hospital Network-Pocono which is part of the Lehigh Valley Health Network to provide student health services at a convenient location adjacent to campus. The services are provided as part of the student comprehensive health fee and can be accessed through a swipe of a student's E-card. Basic services include medical evaluation; treatment for minor illnesses and injuries; referrals to off-campus health care specialists and support services; women's health services; tuberculosis testing; physical examinations for employment, driver's licenses and teacher certification; testing, treatment and education for sexual health concerns; and health education and information about illnesses. Chronic conditions or major health issues are referred to the student's personal physician or to a local specialist. Serious accidents and injuries are referred to the LVHN-Pocono Emergency Room. In cases where referral is necessary to either the student's physician, a specialist, the hospital emergency room or other medical facility, the costs incurred must be borne by the student. Fees for any medical treatment not provided in the center or diagnostic testing, such as lab tests, X-rays, etc. are also the responsibility of the student.

The East Stroudsburg University Health Services at Lehigh Valley Health Network-Pocono maintains a formulary where many routine

prescription medications are available when ordered by the health care provider at reduced cost or free as part of the comprehensive health services fee. However, students are encouraged to bring a credit card to cover the nominal cost of elective services, supplies or prescription medications. Special prescriptions can be written when needed; however, costs for these must be borne by the student when filling prescription at the pharmacy. A self-care area with over-the-counter medications and supplies is also available at no additional fee.

Pennsylvania law requires all students residing in university owned housing to have received the meningitis vaccination or be informed of the risks and benefits of the vaccine. This is to be completed when submitting the housing application or during residence hall check in.

### Location:

ESU Health Services at LVH-Pocono  
Express Care Entrance  
200 E. Brown Street  
East Stroudsburg, PA

### Service Hours:

ESU students only: Mon.-Fri.: 8 a.m.-5 p.m., Weekends: 10am-2 p.m.  
ESU students and community patients: Mon.-Fri.: 5-8 p.m., Weekends: 8 a.m.-8 p.m.

**No appointment necessary**

## Student Organizations

Approximately 100 clubs and organizations have been created as a result of student interest. Many of these groups are funded by the Student Activity Association. The scope of these organizations is widely varied, including publications, athletics, drama, music, service, social, academic/career related, cultural, recreation, and academic honoraries.

## Telecommunication Service

Resident students are provided digital cable TV service, Internet, and wireless Internet. Students must provide their own digital TV and coaxial cable to hook up to the service. Students should bring an Ethernet cable to access the wired internet. Students are not permitted to bring routers or wireless printers.

## Theatre Program

The university provides a comprehensive program in theatre with a major and a minor as well as numerous classes and production opportunities open to students of any major. The Theatre Department works with the undergraduate student dramatic organizations Stage II and the Musical Theatre Organization (MTO) to offer four major theatrical productions annually including a theatre for young audiences production, classical, contemporary and musical theatre offerings, student directed one-act plays and cabarets. Join the theatre clubs, take a class, make an appointment with any theatre faculty, or visit the Theatre Department website or Fine Arts lobby for more information on getting involved onstage or backstage.

## Transportation Options

Commuter students have various transportation options at ESU. Students must register their personal vehicles with the University

Police and receive a parking decal. This decal enables the student to park in designated parking areas for commuters.

Other options for travel to and from campus follow below:

**University Shuttle** – A shuttle service is available on campus and operates Monday through Friday when classes are in session. It stops at University Ridge as well as other designated locations around the campus.

**Local Bus Service** – The Monroe County Transit Authority (MCTA) has a local bus route that runs through campus and has various pick-up points and designated bus stops in East Stroudsburg, Stroudsburg, Tannersville, and Mount Pocono. The transit services extend as far as Snydersville and Effort. For more information on bus schedules, areas of transit and bus passes, contact MCTA at 570-839-6282 or stop by the Office of Commuter Student Services for schedule guides.

## University Store

The University Store is located on the ground floor of the University Center. The store sells a variety of quality goods and services at equitable prices to the students, faculty, staff and alumni of the university. The primary function of the store is to provide the university community with course books, new, used, digital, rental and course supplies that support the academic mission. The faculty and store cooperate in the process of making course books available to students. Store revenue helps support student groups, sports teams, and organizations.

The store offers the following products: general books, school supplies, computer supplies, special order laptops, stationery, campus apparel, gift cards, greeting cards, glassware, and assorted imprinted items.

The store also offers the following services: fax, online textbook reservation and special orders for clothing.

Store hours, during the academic year while classes are in session, are Monday through Friday, 9:00 a.m. - 4:30 p.m. and Saturday, 11:00 a.m. - 3:00 p.m.

At the beginning of the semesters, the store is open additional evening hours to better serve the students' needs.

Please visit our website at [www.esu.bncollege.com](http://www.esu.bncollege.com) or call us at 570-422-3177.

## Veterans Center

The ESU Student Veteran Center is a one-stop location where student veterans can get assistance with veteran benefits, transcripts, and financial aid. The Veterans Certifying Official, located in the ESU Veterans Center, has delegated authority to submit educational enrollment certifications and other certification documents and reports relating to veterans and their dependents that are eligible for Veterans Administration education benefits.

The center is located in Zimbar-Liljenstein Hall, Room 160. The Veteran Center is open Monday through Friday from 8:00 a.m. to 4:30 p.m. The center is open to all ESU veterans and their dependents. The center is equipped with comfortable furniture, TV, refrigerator, microwave, and computer work areas with Internet access.

*For more information regarding veterans services, please visit our website at [www.esu.edu/va](http://www.esu.edu/va), or call 570-422-2812*

### GI Bill<sup>®</sup>

A student entitled to educational assistance through the GI Bill<sup>®</sup> should submit a certificate of eligibility as early as possible, but no later than the first day of class. Students should complete the VA Certification Request Form to use their entitlement and provide all necessary information for a timely certification of enrollment. In such cases, the institution will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds due to the individual's inability to meet his or her financial obligations to the institution due to the delayed disbursement of a payment to be provided by the VA.

*To learn more about education benefits offered by the VA please visit <https://www.benefits.va.gov/gibill/>*

GI Bill<sup>®</sup> is a registered trademark of the U.S. Department of Veterans Affairs (VA).

## Warrior Tutoring Center

The University-Wide Tutorial Program provides individual, group, and walk-in peer tutoring, as well as Learning Assistants for high fail rate courses, for the entire university community. The program is located in the Warrior Tutoring Center in Kemp Library. The Center has tutoring spaces, a quiet study space with access to Smart Board technology, and an open computer lab.

## Writing Studio

Located on the first floor of Kemp Library, the Writing Studio helps students draft, revise, and complete their writing assignments, all in a comfortable, cozy environment.

Students will improve their writing through every stage of the writing process with:

- Guided practice
- Helpful tips and motivation
- Workshops
- One-to-one tutoring sessions
- Handouts and resources

Computers, quiet work space, and tutoring are all available. For more information, visit [www.esu.edu/writingstudio](http://www.esu.edu/writingstudio).

## University Academic Initiatives

University Academic Initiatives consist of six university-wide academic services and programs aimed at ensuring the academic success of all students.

The goal of these initiatives is to achieve greater rates of student persistence, higher levels of student learning, more effective use of existing resources and more information for students and advisers.

### Academic Research

Faculty in nearly every university department participate in scholarly activities including original research and creative endeavors, and student participation is often an integral part of such activities.

Students who participate with faculty in creative activities and research experience are often set apart from others in the job market and application to graduate school.

The university supports these activities by providing academic credit, space and monetary support for materials, logistics and travel to conferences through a variety of funding sources.

Successful faculty and students regularly attend regional and national conferences.

### American Democracy Project at ESU

The American Democracy Project at ESU is part of a national multi-campus initiative that seeks to create an intellectual and experimental understanding of civic engagement for students enrolled at institutions that are members of the American Association of State Colleges and Universities (AASCU).

The goal of this non-partisan project is to produce graduates who understand and are committed to engaging in meaningful actions as citizens in a democratic republic.

East Stroudsburg University has been an active participant in this initiative since 2003.

Operating with support from the Office of the Provost, ADP at ESU supports and creates opportunities for student and faculty participation in the development of a campus-wide culture of democratic dispositions and practices.

ADP, often in conjunction with other campus and community partners including *The New York Times*, organizes and sponsors activities as voter registration drives, as well as such civic education events as Constitution Day celebrations in September of each year, debates and forums on important civic issues, surveys of campus attitudes and mock legislative events.

*For more information about the ADP at ESU contact the campus co-coordinator Dr. Adam McGlynn at [amcglynn@esu.edu](mailto:amcglynn@esu.edu) or co-coordinator Dr. Christopher Brooks in the Department of History at [cbrooks@esu.edu](mailto:cbrooks@esu.edu).*

### Office of Sponsored Projects and Research

The Office of Sponsored Programs and Research (OSPR) provides students with opportunities to participate in grants and sponsored research. The office supports faculty, students and staff in all phases of their externally funded grants and research opportunities. The OSPR works closely with the office of the Provost in identifying, applying for, and receiving grants funds, and conducting research or other scholarly activities.

### Service Learning

The Service Learning initiative seeks to expand opportunities to apply classroom knowledge in meeting the social needs of the community in a broader quest for the common good.

This is accomplished through an experiential approach to teaching and learning that can be implemented in courses within a variety of academic disciplines that incorporate leadership development, civic literacy, or the development of critical thinking as it relates to society.

Service Learning, whether through short- or long-term service projects, affords students the opportunity to integrate theory into practice, apply practical skills, and raise awareness about community issues.

Through real-life experience, Service Learning recognizes the reciprocal relationship between the campus and those being served, thereby encouraging students to embrace their role as vested community members while helping the community see the promise in ESU students.

### Summer Seminar for Outstanding Sophomore Students

Students beginning or early in their sophomore year compete for the opportunity to participate in special late summer one-credit special topics seminars.

The one-week seminar includes the conduct of independent, innovative projects as well as two special events that often involve travel, and mentor training.

There is no cost to the selected students. Subsequent to the seminar, students serve as mentors to six entering freshmen during the fall semester.

### University Honors Program

The University Honors Program offers ESU's best students the opportunity to fulfill a part of the general education requirements with special honors courses.

Unique features of the honors courses include a maximum class size of 20, specially selected professors, customized curricula, and close teaching-learning relationships in and out of the classroom.

Honors courses provide a stimulating introduction to the various aspects of our social, cultural, and scientific heritage.

Each student has an honors adviser in addition to an academic adviser.

In the junior year, students complete an honors thesis project within the department of their major.

Honors students have access to the campus' honors house for honors activities and quiet study.

Honors students are entitled to register for courses ahead of other students and are eligible for honors scholarships, international summer study scholarships, special recognition at graduation and on the official university transcript, and membership in the Honors Student Association.

Special attention and assistance in preparing graduate school applications and job applications are available from the program director and honors adviser.

*For more information, visit [www.esu.edu/honors](http://www.esu.edu/honors).*

## Special Academic Opportunities

### Accelerated Pathways

A number of undergraduate programs offer an accelerated pathway to a graduate degree for students. These pathways may allow an undergraduate student, who meets certain requirements, to take graduate coursework that will count towards the completion of both a Bachelor's and Master's degree in their chosen program. Each academic department determines the number of graduate credits that can be taken and a maximum of 40% of graduate credits may be used for undergraduate degree requirements.

An accelerated pathway student may be provisionally accepted into the respective graduate program and formally admitted upon completion of their undergraduate degree provided all other graduate admission requirements have been met. For a complete list of graduate program admission requirements please see the Graduate catalog.

#### STANDARDS FOR ENTRY TO ACCELERATED PROGRAM

Students must have attained junior status [60 or more credits] and have a minimum cumulative GPA of 3.00 prior to taking any graduate courses. If an intended graduate program requires a higher GPA, the student must meet the higher GPA before taking graduate courses.

#### GRADES

A student must have obtained a grade of "B" or higher in the graduate course in order for it to count towards the graduate degree program, while a grade of "C" or higher is necessary in order for it to count towards the undergraduate degree program.

Each accelerated pathway has different requirements which can be found in the Undergraduate catalog under the associate Bachelor's program. Students are encouraged to meet with their academic advisors before electing to participate in the accelerated pathway. The current accelerated pathway options are:

BS, Athletic Training	<b>to</b>	MS, Athletic Training
BS, Biology	<b>to</b>	MS, Biology
BA, Communication	<b>to</b>	MA, Communication
BA, English	<b>to</b>	MA, Professional and Digital Media Writing
BS, Exercise Science	<b>to</b>	MS, Clinical Exercise Physiology MS, Exercise Science, or
BA, History	<b>to</b>	MA, History
BA, Political Science	<b>to</b>	MS, Management and Leadership-Public Administration MA, Political Science, or
BS, Public Health	<b>to</b>	MPH, Community Health
BS, Sports Management	<b>to</b>	MS, Management and Leadership-Sports Management MS, Sports Management, or

### Air Force ROTC

East Stroudsburg University students are eligible to participate in the Air Force Reserve Officer Training Corps (AFROTC) through a cross-enrollment agreement with Wilkes University. Courses in this program will be taught at Wilkes University.

*For additional information, contact the Aerospace Studies Department at Wilkes University, 800-WILKES-U, extension 4860 or 4861.*

### Army ROTC

East Stroudsburg University offers students the opportunity to participate in Army ROTC through a partnership with the Northeast Pennsylvania (NEPA) Army Reserve Officer Training Corps (ROTC) Battalion. The program is managed by the Department of Leadership Studies and Military Science in the College of Business and Management.

### Economic Development and Entrepreneurship

The Economic Development and Entrepreneurship division offers students experience in the areas of entrepreneurship, workforce development, internships, grants and sponsored research. *For additional information, call 570-422-7920 or [esu.edu/ede](http://esu.edu/ede)*

#### Entrepreneurship

**Business Accelerator Program** - The ESU Business Accelerator Program provides an entrepreneurial environment that encourages innovation and supports business start-ups. Students interested in starting a business benefit from business plan assistance, networking, funding, and opportunities to work with early-stage companies.

**Entrepreneurship Leadership Center (ELC)** - The ELC provides the resources and tools to bridge the gap between a student business idea and the creation of a new company. Students from all majors can participate in mentoring sessions and business plan competitions. The ELC also coordinates the university's Web-Based Internship Network (WIN).

**The Entrepreneurship Club** - This is a student organization of innovative like-minded student entrepreneurs who are engaged in developing creative business ideas. Students collaborate with business owners, faculty and staff, and have the opportunity to meet with local entrepreneurs and investors.

**The Office of Workforce Development** - This office provides client companies with workforce development resources and customized training programs, including educational opportunities offered through the university. Client companies also provide students with internships, externships, and graduate assistantships.

## Extended Learning

The extended learning program is designed to meet the academic needs of society by extending undergraduate and graduate programs to student populations who would otherwise not have access to ESU. Offerings are primarily scheduled at times and locations convenient for working adults. This includes accelerated sessions offered during the evening and on weekends, on- and off- campus at locations including Bethlehem and Philadelphia.

*For further information, contact the Office of Extended Learning at 570-422-2859 or visit [esu.edu/extendedlearning](http://esu.edu/extendedlearning).*

## International Programs and Student Exchange

### Foreign Exchange Program

In the past several years, ESU has established partnerships with a number of institutions around the world, including, but not limited to:

Shenyang Normal University, China

Shanghai Normal University, China

Henan University, China

Nanyang Institute of Technology, China

Beijing Sport University, China

Shanghai University of Sport, China

Universidad de Jaén, Spain

University of Wuppertal, Germany

Aalen University of Applied Sciences, Germany

Fontys University of Applied Sciences, Netherlands

Universidad de Iberoamérica (UNIBE), Costa Rica

ESU is working with these institutions in various capacities, but our focus is on bringing international students to campus to diversify our student body and to create more opportunities for ESU students to study abroad, whether it is for a short-term summer program or for a semester abroad program.

### Study Abroad

Study abroad opportunities are available to students who wish to study in a foreign university and experience life in another culture. Students may choose to participate in one of ESU's many international programs or a program sponsored by universities in the Pennsylvania State System of Higher Education. Information on academic programs, internship and volunteering opportunities abroad is available in the Office of International Programs.

Students will receive advising about choosing a suitable program, securing academic progress while abroad and having a smooth re-entry into ESU upon return.

*For further information and application deadlines, please contact the Office of International Programs at 570-422-3527 or visit our website at [www.esu.edu/studyabroad](http://www.esu.edu/studyabroad).*

## Internship Opportunities

Internships are available to students in most majors; academic credit may be awarded for the internship experience. Information regarding specific opportunities may be obtained by contacting department chairs or the deans of the College of Arts and Sciences; College of

Health Sciences; College of Business and Management; and College of Education. A list of organizations with which university students have recently interned, student taught, and volunteered is available in the offices of the college deans.

*Students considering an international internship may contact the Office of International Programs at 570-422-3527.*

## The Harrisburg Internship Semester (THIS)

During each semester of the academic year, East Stroudsburg University selects two undergraduate students to participate in The Harrisburg Internship Semester (THIS), sponsored by the State System of Higher Education and administered by the Dixon University Center in Harrisburg. Students selected are placed with policy makers in state government offices and agencies. Each THIS intern earns 15 credits: nine credits for the internship program, three credits for a research project, and three credits for participating in an academic seminar. A stipend covers tuition and living expenses. To be eligible to apply, a student must have maintained a 3.1 GPA in at least 60 credits.

However, students with 90 or more credits are given priority. These internships are available to students from all majors who are interested in public policy aspects of their disciplines.

*For application materials or more information, contact the THIS campus coordinator, Dr. Andrea McClanahan, at 570-422-3697.*

## Law School Express Admissions Program

East Stroudsburg University has entered a partnership with Widener University School of Law in Harrisburg that allows graduates to apply to the law school under an Express Admissions Program.

East Stroudsburg University graduates are guaranteed admission to the law school if they rank in the top 50 percent of their graduating class, score at or above the 50th percentile on the Law School Admission Test (LSAT), submit a timely application, and meet the law school's character and fitness requirements. East Stroudsburg University graduates admitted under this program are also eligible for Dixon Scholarships that cover 30 percent of the law school's tuition.

*For further information contact Dr. Chris Brooks at 570-422-3913.*

## Marine Science Consortium

The university is a member of the Marine Science Consortium which provides students in Marine Science and related disciplines with access to a marine station for field trips, summer courses, and research. The Consortium's field station at Wallops Island, Va., is only a short distance from Chincoteague and Assateague islands, which are well-known for their abundant wildlife.

*For more information, see the Biological Sciences section in the Degree Programs and Course Descriptions portion of this catalog.*

## Pre-College Dual Enrollment Program

The Pre-college Dual Enrollment Program provides high school students the opportunity to begin their college careers early, on either a part-time or full-time basis.

## University Requirements

The part-time (summer or regular academic year) student is a high school junior or senior who wishes to take one or two courses at East Stroudsburg University (ESU) in order to enrich his/her high school program.

To be eligible for the program students must:

- Have an overall minimum B average or higher in a college preparatory program
- Be recommended (written letter) to ESU's program by their guidance counselor

OR

- Students with less than an overall B average, but who have demonstrated a minimum B average in a particular subject, may be recommended by their guidance counselor (written letter) to pursue coursework in that subject area.

Recommendation letters should be mailed to the Office of Undergraduate Admission. Students are admitted to ESU in a non-degree status. Students who wish to matriculate as degree-seeking at ESU after high school graduation must apply during the senior year of high school using the regular freshman application.

The full-time student is a student who has completed his/her junior year in high school and wishes to enroll in a full course of study at East Stroudsburg University in lieu of the senior year in high school. Such students must rank in the top 10 percent of their class and be enrolled in a college preparatory curriculum in order to be considered.

Full details are available from the Office of Admission or on the freshman information page of the admissions website at [www.esu.edu](http://www.esu.edu).

### Minimum Requirements for Conferral of a Baccalaureate Degree from East Stroudsburg University.

A matriculating student will be recommended for graduation once the following requirements have been satisfied.

These represent the minimum requirements to complete a program of study – specific programs may have higher requirements for completion.

**CREDIT REQUIREMENT:** 120 Credits

**CUMULATIVE GPA:** 2.0

**ADVANCED COURSES:** 42 Credits [ADVD]

**UPPER-LEVEL COURSES:** 30 Credits from courses level 300 and above

**CREDITS AT ESU:** 30 of the last 60 credits

- Waiver of Requirement: This requirement may be waived upon approval of the student's adviser, major department chair, and academic dean.
- Programs that require off-senior-level experiences at other schools are automatically exemptions from this requirement
- Academic departments may set a minimum number of credits in residence as part of major requirements

**ENGLISH COMPOSITION:** Grade of 'C' or better in ENGL 103 [English Composition] or equivalent coursework

- Must be taken within the first 45 credits

**MATH COMPETENCY:**

- Must be satisfied within the first 60 credits
- See Mathematical Skills Competency for more information

### Summer Sessions

Summer at ESU is a time to choose from a number of special programs, including innovative and stimulating courses, workshops, and travel programs. Undergraduate students wishing to accelerate and complete the four-year college program in three calendar years may do so by completing summer sessions over a period of three years. Graduate and non-matriculated students have the opportunity to take varied courses to acquire academic credit and professional competencies.

*For information on courses, expenses and general regulations, visit [esu.edu/summer](http://esu.edu/summer)*

### Upward Bound

Upward Bound is a highly successful, college-based program of rigorous academic instruction, individualized tutoring and counseling for high school students who are the first generation in their families to consider post-secondary education.

A federally funded TRIO program, Upward Bound is designed to motivate and prepare students to successfully graduate from high school, enter and graduate from college. During the six-week summer program, students live on campus and participate in an intensive academic program. During the academic year, students receive academic instruction, tutoring, counseling and SAT preparation on Saturdays at the university.

*For further information, call 570-422-3476.*

**MAJOR REQUIREMENT(S):** Completion of all courses required by the major/minor

- Fulfillment of any additional requirements or competencies required by a particular department or college

**GENERAL EDUCATION:** Completion of all general education (GN) requirements based on a student's catalog year

- See General Education Webpage for more information

## Basic Mathematical Skills Competency

Every undergraduate student who is seeking a first bachelor's degree must demonstrate a basic level of competency in mathematics as a condition for continuing enrollment at East Stroudsburg University. Because the skills that a student demonstrates by satisfying this competency requirement are essential for a successful undergraduate experience, including satisfactory completion of collegiate level mathematics and quantitative reasoning based requirements, the university requires that students demonstrate these skills early in their university attendance.

Under no circumstances will a student graduate without having met this requirement. Following are means for meeting this requirement and a summary of the university's developmental approach to students who fail to meet this requirement in a timely fashion.

### Means for Demonstrating Basic Mathematical Skills Competency

This competency may be demonstrated in any of the following ways:

1. A Math SAT score of 500 or higher;
2. A grade of 3 or higher in an AP Calculus or Statistics test;
3. A passing score on the "College Mathematics" CLEP test;
4. A grade of "C" or better in a mathematics transfer course that is applicable toward satisfying the East Stroudsburg University general education requirement in Science: Mathematics, and which was taken within five years of the date of admission;
5. A passing score on the ESU Basic Mathematics Competency Exam (Note: This exam may be attempted up to three times); or
6. A passing score on the ESU course MATH 090 Intermediate Algebra (for which the ESU Basic Mathematics Competency Exam is the final examination).

Criteria 1-5 above will satisfy competency only if completed within five years prior to the date of matriculation to East Stroudsburg University.

If students have not satisfied the requirement based on SAT, AP or CLEP scores, or transfer credit, they will have an opportunity to take the Basic Mathematics Competency Exam during the summer orientation program. If students have not satisfied the competency requirement before the beginning of the first full-time semester, they should attempt the exam during the first semester of attendance. The exam is given during each semester for students who do not attend orientation or who fail the test during orientation.

### Developmental Approach

**Entering full-time students and full-time transfer students with fewer than 45 credits who have not satisfied the competency** requirement will not be allowed to register or enroll in a third semester until they have formulated a plan for satisfying the requirement and had that plan *approved by an appropriate academic authority (see Plans below)*.

If, by the end of the third semester of attendance, students still have not satisfied this requirement, they will not be allowed to register or enroll in the next semester until they have formulated a plan for

satisfying the requirement and had a plan approved by an appropriate academic authority (*see Plans below*).

If, by the end of this fourth semester, students still have not satisfied this requirement, they will be permitted to register and enroll in ONLY MATH 090 and up to nine (9) additional credits until this requirement is met. *See the requirements under "Entering and Transfer Students with Fewer Than 45 Credits Who Have Not Satisfied the Basic Mathematical Skills Competence Requirement," below.*

**Students starting at ESU with 45 or more credits (as well as continuing and readmitted ESU students under previous catalogs) who have not satisfied the competency requirement** will not be allowed to register or enroll in a second semester until they have formulated a plan for satisfying the requirement and had that plan approved by an appropriate academic authority (*see Plans below*).

If, by the end of the second semester of attendance, students still have not satisfied this requirement, they will not be allowed to register or enroll in the next semester until they have formulated a plan for satisfying the requirement and had a plan approved by an appropriate academic authority (*see Plans below*).

If, by the end of this third semester, students still have not satisfied this requirement, they will be permitted to register and enroll in ONLY MATH 090 and up to nine (9) additional credits until this requirement is met.

*See the requirements, below, under "Students Transferring to ESU with 45 or More Credits, Readmitted Students, and Students Continuing under Previous Catalog Students."*

**Plans:** Information concerning the process for requesting approval of a plan will be available from the Student Enrollment Center and the Department of Mathematics. University pre-approved model plans written in contract form are available from the student's academic adviser.

### Entering and transfer students with fewer than 45 credits who have not satisfied the Basic Mathematical Skills Competency Requirement:

**First ESU Semester:** Academic advisers review the math competency requirement with students who have not satisfied it and together they formulate a plan to satisfy the requirement no later than the end of the second semester.

**Second ESU Semester:** Students receive a letter notifying them that a "hold" has been placed on their registration. Students must formulate a plan for satisfying the requirement. The plan must be approved by the appropriate academic authority before the registration "hold" will be released.

**Third ESU Semester:** Students receive a letter notifying them that a "hold" has been placed on their registration. Students must formulate a plan for satisfying the requirement. The plan must be approved by the appropriate academic authority before registration "hold" will be released. Students are encouraged to enroll in MATH 090 (or MATH 111 or MATH 129).

**Fourth ESU Semester:** Students receive a letter notifying them that a "hold" has been placed on their registration. Students may

enroll only in MATH 090 and up to nine (9) additional credits in the next semester. Schedules must be approved by the appropriate academic authority.

**Students transferring to ESU with 45 or more credits, readmitted students, and students continuing under previous catalogs who have not satisfied the Basic Mathematical Skills Competency Requirement:**

**First ESU Semester for Transfers/ First Semester Policy in Effect for Readmitted and Continuing Students:** Students receive a letter notifying them that a “hold” has been placed on their registration. Students must formulate a plan for satisfying the requirement. The plan must be approved by the appropriate academic authority before the registration “hold” will be released.

**Second ESU Semester for Transfers:** Students receive a letter notifying them that a “hold” has been placed on their registration. Students must formulate a plan for satisfying the requirement. The plan must be approved by the appropriate academic authority before registration “hold” will be released. Students are encouraged to enroll in MATH 090 (or MATH 111 or MATH 129).

**Third ESU Semester for Transfers :** Students receive a letter notifying them that a “hold” has been placed on their registration. Students may enroll only in MATH 090 and up to nine (9) additional credit in the next semester. Schedules must be approved by the appropriate academic authority.

## Foreign Language Competency Requirement for Certain Bachelor of Arts Degrees

The following foreign language competency is required for selected bachelor of arts degrees:

### Native speakers of English

- Passing a foreign language competency examination offered by the Department of Modern Languages at a level equivalent to Language II with a grade of “C” or better.
- Completing a college course at the level of Language II with a grade of “C” or better.
- Passing the CLEP test.

CLEP results are listed as either a “raw score” or a “percentile.” The “raw scores” are translated on the test and indicate whether or not the student receives three credits. A “percentile” score of 50% or higher will result in the student receiving three credits.

- Passing the AP test with a score of “3” or higher.
- Transfer students who have successfully completed a course of foreign language study at Level II with a grade of “C” or better, within the last six years, will be considered as having satisfied this requirement.

### Native speakers of a language other than English

- Will satisfy this requirement by successfully completing *English Composition (ENGL 103)* with a grade of “C” or better. Final determination of a student’s status as a native speaker of a

language other than English shall be established by the Department of Modern Languages.

**Bachelor of Arts Degrees requiring foreign language proficiency at level II are:**

- Biochemistry
- Biology
- Chemistry
- English
- Environmental Studies
- Mathematics
- Philosophy
- Psychology

## The General Education Program

Beginning fall 2016, new students entering East Stroudsburg University will operate under the university’s newly revised General Education Program. (Students who entered East Stroudsburg University prior to Fall 2016 should refer to the General Education page of the ESU website for information about your General Education program including options available to you). All new students are required to complete 45 credits in General Education in addition to completing the requirements for the major field of study. Students will be assigned a faculty adviser who will provide guidance in planning their academic programs. Students are responsible for knowing and satisfying requirements for the degree they propose to earn including both General Education and major requirements, and for arranging their program of study accordingly. A minimum of 120 credits is required for graduation. Some programs require more.

The General Education program consists of a set of interrelated courses that together provide experiences for students that might not otherwise be provided by their respective degree programs. The university is particularly excited to offer all students an engaging First Year Experience course, a Wellness course, and embedded standards throughout the General Education curriculum designed to improve competencies and broaden perspectives.

These General Education Standards are aligned with the seven University Wide Student Learning Outcomes listed below, and encompass abilities that every graduate is expected to be able to demonstrate. Specifically, a graduate of East Stroudsburg University is expected to be able to:

- I. Demonstrate an understanding of their role as citizens of a diverse, global society.
- II. Utilize critical thinking skills.
- III. Communicate orally, in writing, and through other formats.
- IV. Demonstrate information literacy and technological skills.
- V. Employ scientific reasoning and quantitative skills when analyzing the world in which they live.
- VI. Create and/or critique various forms of artistic expression.
- VII. Demonstrate understanding of and apply various models for the healthy development of the whole person.

The new General Education Program achieves such competencies through the intersection of specific course requirements, breadth requirements, and overlay requirements. The specific requirements of the program may be found below.

## General Education Program Requirements

### Required Courses:

#### English Composition (ENGL 103) (3 credits):

All students are placed in Elements of Writing (ENGL 101) or English Composition (ENGL 103) based upon their verbal SAT scores. Those placed in ENGL 101 must take and pass it before they can be admitted into ENGL 103. Students may be exempted from and receive credit for English Composition, ENGL 103, if they take and achieve a high score on the CLEP general examination in English Composition (with essay). Students must receive a minimum grade of "C" to fulfill the English Composition requirement. ENGL 103 must be completed during the first 45 credits of study at ESU.

#### First Year Experience Course (3 credits):

All students are required to successfully complete one of the university's First Year Experience (FYE) courses prior to the culmination of their first year of study at ESU. Students transferring to ESU with at least 24 credits of accepted transfer credits may be exempted from and receive credit for this requirement.

Transfer students who transfer at least 24 credits of coursework to ESU are exempted from the First Year Experience requirement. Students who transfer fewer than 24 credits of coursework but believe that they have taken a course equivalent to ESU's First Year Experience course may apply to the First Year Experience Coordinating Committee to judge the equivalency of their course. Details regarding how to apply to the committee may be found on the General Education page of the ESU website.

#### Wellness Course (H) (3 credits):

Students must complete a three credit course satisfying the SLO VII requirement, "Understand various models for the healthy development of the whole person". This course must be completed during their first 60 credits of study at ESU.

### Breadth Requirement (36 credits):

Each student must complete at least 12 credits in each of three areas:

Group A - Arts and Letters

Group B - Science

Group C - Social Science

In each group, the twelve credits earned must come from at least four distinct subject categories. Courses that satisfy the General Education (GN) breadth requirements are identified as GN in department course listings. (Courses identified as GE serve to meet the requirements of the previous General Education program, but will not meet the requirements of the current program.) Additionally, course listings will be accompanied with Attribute codes (see below) that identify any Breadth requirement or Overlay/cognate requirements that the course satisfies. Students should meet with their faculty advisors to plan

appropriate choices to meet these requirements. Some GN courses may have specific prerequisites.

#### Arts and Letters (Group A) 12 credits

1. English Language and Literature (AEL)
2. Fine Arts - Art, Communication, Dance, Music, and Theatre (AFA)
3. Modern Languages (AML)
4. Performing Arts - Communication, Dance, Music, and Theatre (APA)
5. Philosophy (APH)

#### Science (Group B) 12 credits

1. Biology (BBI)
2. Chemistry (BCH)
3. Computer Science (BCS)
4. Mathematics (BMA)
5. Physics (BPH)
6. Psychology (BPS)

#### Social Science (Group C) 12 credits

1. Economics (CED)
2. Geography (CGE)
3. History (CHI)
4. Political Science (CPS)
5. Sociology (CSO)

#### Exceptions to breadth requirements:

Science Courses: Where coursework in biology, chemistry, mathematics, or physics is required (or listed as recommended in the catalog) for the major, a student with a declared major may substitute those courses for courses in the same departments listed under Science Group B. If a student adopts the above provision and later changes his or her major to a field which does not require coursework in those disciplines, the student may nevertheless receive General Education credit for courses taken in those departments.

Modern Language Courses: Students may substitute a higher-level foreign language course taught in the language for courses listed under Modern Language Group A.

#### Overlay Requirements:

Overlay requirements will be embedded into courses across the University, including GN Breadth courses, courses within the major programs, and elective courses, and should not require that a student complete additional credits for graduation. Students and advisors should plan how to satisfy these overlay requirements.

Level II Writing (W2): Students must complete at least one course designated as meeting the Level II Writing requirement.

Level III Writing (W3): Students must complete at least one course designated as meeting the Level III Writing requirement.

Global Diversity and Citizenship (G): Students must complete at least one course certified as satisfying the SLO I requirement,

"Demonstrate an understanding of their role as citizens of a diverse, global society.

Communication (C): Students must complete at least one course certified as meeting the SLO III requirement, "Communicate in a variety of media, including verbal, written, and/or visual expression.

Information Literacy (I): Students must complete at least one course certified as meeting the SLO IV requirement, "Demonstrate information literacy and technological skills".

Artistic Expression (A): Students must complete at least one course certified as meeting the SLO VI requirement, "Create and/or critique various forms of artistic expression".

Global Diversity and Citizenship requirement (G)

Communication requirement (C)

Information Literacy/Technology requirement (I)

Artistic Expression requirement (A)

## **Summary of General Education Requirements**

### **Required Courses: (9 credits)**

ENGL 103 (3 credits)

FYE course (3 credits)

Wellness course (H) (3 credits)

### **Breadth Requirement: (36 credits)**

#### Group A - Arts and Letters (12 credits)

Must include at least 4 of the following:

English Language and Literature (AEL)

Fine Arts - Art, Communication, Dance, Music, Theatre (AFA)

Modern Languages (AML)

Performing Arts - Communication, Dance, Music, Theatre (APA)

Philosophy (APH)

#### Group B - Science (12 credits)

Must include at least 4 of the following\*:

Biology (BBI)

Chemistry (BCH)

Computer Science (BCS)

Mathematics (BMA)

Physics (BPH)

Psychology (BPS)

\*One of the four must have completion of the Math Competency as a prerequisite

#### Group C - Social Science (12 credits)

Must include at least 4 of the following:

Economics (CED)

Geography (CGE)

History (CHI)

Political Science (CPS)

Sociology (CSO)

### **Overlay Requirements:**

Level II Writing requirement (W2)

Level III Writing requirement (W3)

# Academic Regulations

As a condition of enrollment in East Stroudsburg University, every student is required to comply with the academic regulations. Students are expected to familiarize themselves with these regulations, and an assertion of ignorance of their provisions cannot be accepted as a basis for an exception to them. No student or group of students should expect to be warned individually to conform to any of the regulations contained in this publication. Students are advised to pay special attention to all deadlines given in the academic regulations. Students who have questions or concerns about these regulations should consult with their academic advisor.

## Academic Standing

### Academic Good Standing

A student at East Stroudsburg University must achieve a minimum cumulative grade point average (CGPA) of 2.00 to maintain satisfactory academic standing.

### Dean's List

Students at ESU are eligible for the Dean's List at the end of each semester if they are pursuing a degree and have earned at least 12 credits with a term GPA of at least 3.500. At the end of each semester, the Dean's List is made public.

### Academic Warning

Regular matriculated students who are below the 2.00 QPA will be placed on academic warning. While on academic warning the student may not register for more than 13 credits in any semester or enroll in off-campus internships.

### Academic Probation

Regular matriculated students who are on academic warning and do not raise their CGPA to 2.000 after one semester will be placed on academic probation and will be granted one semester to raise the CGPA to the required level. While on academic probation, the student may not register for more than 13 credits. Furthermore, students on academic probation are not eligible to compete or practice in intercollegiate athletics and may not enroll in off-campus internships.

### Academic Dismissal

Students who fail to maintain a GPA of 2.20 or better each semester until their cumulative GPA has risen to the required level will be dismissed from the university for academic failure. At this time, they have the right to appeal to the Admissions Appeals Committee.

### Appeal Process for Academic Dismissal

A student who has been dismissed from the university for academic failure may appeal the dismissal by submitting a letter to the Academic Standing Appeals Committee. This letter must include why the student was unsuccessful in previous academic experiences and why he or she feels that future academic endeavors will be successful. The committee will review the letter, review the academic record, and

conduct an interview with the student, and then either uphold the dismissal or approve a reinstatement under stipulated conditions. A student whose Academic Dismissal appeal is approved returns to the university under Academic Probation (2) status.

### Academic Forgiveness

Academic Forgiveness establishes an effective way to encourage capable, mature students to return to ESU after they have achieved poor grades during an earlier attempt at pursuing a degree at ESU. It applies to all undergraduate readmitted students who have not taken any coursework at ESU within the last three calendar years before the readmission semester. Forgiveness is only available for courses taken at ESU where grades of below a "C" were earned. Academic Forgiveness may impact a student's state and federal financial aid eligibility. Students must complete and submit the Academic Forgiveness Form found on the MyESU portal before the start of the readmit semester. This policy went into effect Fall 2013 and can be used by incoming readmitted students only.

## Registration and Schedules

Registration is the method of ensuring continuous matriculation in an academic program. Students register for courses each semester for a subsequent semester and a student's course schedule is regarded as a contract that determines official enrollment.

Fall and Winter registration takes place in March/April.

Spring/Summer registration takes place in October/November.

### FULL-TIME STUDENT STATUS

An undergraduate student is considered full-time when they are registered for between 12-18 credits. Special permission is needed for any student to register for more than 18 credits and additional tuition charges will apply.

### REGISTRATION [NON-CLASSROOM CREDITS]

Students who want to take non-classroom credits such as Individualized Instruction, Independent Study, and Internships should work with their academic advisor. Registration in non-classroom courses must be initiated by their faculty advisor through the [Request for Internship, II or IS](#) workflow on the MyESU faculty portal.

Approved requests are added to the student's schedule by the Registrar in the Student Enrollment Center.

### AUDITING COURSES

A student desiring to audit a course should speak with the course professor and their academic advisor before submitting an official request to the Student Enrollment Center.

A change of registration from credit to audit or from audit to credit may only take place during the first eight calendar days of the semester [Add/Drop period]. Auditing students pay the same tuition and fees as students taking courses for credit.

*Please note: Senior citizens registering for courses under the special student status will automatically be assigned an audit grade.*

### **UNDERGRADUATE STUDENT IN GRADUATE COURSES** *[Non-Accelerated Pathway Credits and Non-Dual Enrolled]*

Undergraduate students may take a maximum of *six graduate credits* during their senior year if the following criteria are met:

1. Satisfaction of the grade point requirements for admission with full graduate standing,
  - a. i.e. 3.000 GPA in the major and 2.5000 GPA overall (may be higher for some majors);
2. Verification of senior class status (completion of 90 credits);
3. Approval by the appropriate faculty member teaching the class;
4. Approval of the dean of the students primary major.
5. Submission of request to the Registrar.

All appropriate approvals must be secured prior to registering.

**Graduate credit that is used to satisfy graduation requirements for the bachelor's degree cannot be used to satisfy the requirements of a master's degree at ESU unless it is part of an approved Accelerated Pathways or Dual Enrollment program.**

### **Academic Attendance**

Students are required to actively participate in their courses and professors are asked to confirm a student's class participation/attendance through the Course Roster Verification process.

Each professor will determine a class attendance policy for each course and must notify students of this at the beginning of the semester, often by including the attendance requirements on the course syllabus. Class attendance may impact a student's course grade per the stated policy, a copy of which is kept on file in the department office.

Excused absences, including absences for participation in approved university events, will not result in a penalty, provided that the student makes up missed work as required by the professor.

#### **Student Procedure for Extended Absence Notification** *(Effective as of March 2, 2020)*

The Dean of Student Life provides assistance and support for students who may need to be out of class due to illness, personal or family emergencies. A message will be circulated to professors advising of the absence. Students are still highly encouraged to contact professors for guidance related to any missed work during the absence.

To utilize this service, the student or family member completes an online Student Absence Form at <https://esu.guardianconduct.com/incident-reporting>. Please select Student Absence the report type. Supporting documentation should be included related to the absence. In some cases, if a student is unable to return to one or more of their classes, the Dean of Student Life or their designee can discuss enrollment options. Students or family members may contact the office at (570) 422-3798 with questions.

### **Registration Period**

When you register for classes each term, you agree to pay the fees and charges assessed by ESU.

Fall/Winter registration takes place in March/April.

Spring/Summer registration takes place in October/November.

Course registration begins at different times for different groups of students.

1. Graduate Students
2. Priority Groups [Active Military, Veterans, ROTC, Honors Program, Student Athletes, etc]
3. Continuing Undergraduates [in order]
4. [Senior] More than 89.5 credits
5. [Freshman] Less than 29.5 credits
6. [Junior] Between 60 and 89.5 credits
7. [Sophomore] Between 30 credits and 59.5 credits
8. Non-degree/non-matriculated

Please see below for order and visit the Ready . . . Set . . . Register! Webpage for more information

### **Class Designation/Classification Level**

Class designation is determined by the number of credits of work which the student has satisfactorily completed in accordance with the following:

Semester	Hours Completed	Class
0-29.9		Freshman
30-59.9		Sophomore
60-89.9		Junior
90 and over		Senior

### **Changes to Academic Schedule**

#### **ADD/DROP PERIOD:** Calendar Days 1 to 8

During the Add-Drop period, a student may adjust their class schedule by adding and dropping classes. The period provides students with one full week plus the weekend to add or drop courses without receiving a "W" grade. Courses dropped from the student's schedule will not appear on the student's transcript for that semester/term.

**ADD COURSE:** Courses may be added during the first eight calendar days for the Fall and Spring semesters through the MyESU student portal. Please check with the professor before adding a class online to make sure the student will be able to complete any coursework already assigned and to confirm that any course pre-requisites (if any) have been met.

A student attending a course without proper registration and payment of all tuition and fees does not constitute de facto enrollment. The university does not permit retroactive enrollment or payment for any courses once the term in which the course was offered ends.

**WAITLISTS:** Final waitlist processing occurs the week before the semester begins and if a student is still on a waitlist after this time there is no guarantee the student will be automatically enrolled in the course if a seat becomes available.

**DROP COURSE:** Courses may be dropped with no record on the student's academic transcript during the first eight calendar days for the Fall and Spring semesters through the MyESU student portal.

**WITHDRAW PERIOD:** Calendar Day 9 to 10<sup>th</sup> Week  
 Students who withdraw from course(s) beginning on semester day nine through the 10<sup>th</sup> week of classes will receive a grade of "W" for the course(s) on their permanent academic record. Instructor permission may be required to withdraw from a course.

**CHANGES AFTER THE 10<sup>TH</sup> WEEK**

After the 10th week, a student may only withdraw due to extraordinary circumstances (e.g. illness, death in the family, etc.) and requires the appropriate dean's approval. "W" grade is assigned for courses a student is passing and a "Z" grade is assigned for courses a student is failing.

*Any student who discontinues attendance in a course without formally withdrawing will be assigned an "FN" as a final grade which will affect the student's GPA.*

ACTION	Fall/Spring 15 Week [Full]	Fall/Spring 7 Week [Quarter]
No Transcript Record	Day 1 – Day 8	Day 1 – Day 4
Grade of W	Day 9 – Week 10	Day 5 – Week 5
No Withdrawal*	Week 11 – Week 15	Week 6 – End

*\*Except for extraordinary circumstances as previously defined.*

**CLASS ROSTER VERIFICATION**

A student who has not attended a course during the first week may be dropped from the course by the instructor. This is defined as the first five class days for the Fall and Spring semesters or the first two days of a summer session.

**"W"/"Z" GRADE CREDIT LIMIT:** 16 Credits

A student may withdraw ("W" or "Z") from a maximum of 16 credits during the student's stay at the university. Any course(s) dropped during the semester drop period, for which no grade is assigned, or "W" grades assigned as a result of a total university withdrawal will be counted toward this limit.

**Total University Withdrawal**

Students who are withdrawing from all courses for an upcoming semester should contact the Student Enrollment Center at records@esu.edu [with Name, ID, Semester Withdrawing, and Reason] or complete the ESU Total Withdrawal form on the MyESU Student portal.

Students who withdraw from all courses during the first 8 days of the semester and have engaged in academic-related activity during this period will receive a grade of "W" (withdraw) on their transcript.

Academic-related activity includes but is not limited to the following:

- Physically attending a class where there is an opportunity for direct interaction between the instructor and students.
- Submitting an academic assignment.
- Taking an exam, completing an interactive tutorial, or participating in computer-assisted instruction.

- Attending a study group that is assigned by the school.
- Participating in an online discussion about academic matters.
- Initiating contact with a faculty member to ask a question about the academic subject studied in the course.

*NOTE: Please be aware that add/drop period for the Summer and Winter sessions and quarter courses differs from the information above - see the current academic calendar for specific dates for each period.*

**Administrative/Unofficial Withdrawal**

A student who receives all failing grades, incompletes, and/or W grades will be reviewed by the financial aid office to determine if the grades were earned or if the student stopped attending during the semester. Faculty will be contacted to determine the last date of academic related activity. If the last date of academically related activity is prior to the end of the semester the student will be administratively withdrawn and receive a "FN" grade for all coursework. Title IV financial aid may be returned based on the date provided by the faculty.

**Catalogs and Program of Study**

**Undergraduate Catalog Policy**

*(As applicable for Academic Programs/Majors/Minors)*

An undergraduate student is subject to academic requirements and regulations for the catalog year in effect at the beginning of their first semester as a registered matriculated student.

The only exceptions to this policy are stated below:

- A student who first attends the university during the summer will be subject to the requirements and regulations in effect for the upcoming academic year.
- A student who makes a change to their academic program [major, minor, concentration] after matriculation is subject to the program requirements outlined in the catalog in effect at the time of change.
- A student may choose to follow all regulations and academic program requirements in effect in the current catalog. It is the student's responsibility to meet with their adviser to discuss the requirements and the adviser will notify the Student Enrollment Center to complete the change.
- A student who discontinues attendance for one or more consecutive semesters (fall/spring or spring/fall) will be subject to the regulations and program requirements in effect when the student is readmitted to the university.
  - **This includes students dismissed from the university for academic or disciplinary reasons.**
- Some programs are subject to requirements that originate with legal and governing authorities outside the university (for example, requirements for teachers and other professional certifications). Such requirements are sometimes subject to change for all participants on a specific date and do not lend themselves to implementation by catalog year.
- Some academic departments place time restrictions on the completion of major courses and/or major requirements. Such

restrictions are clearly articulated in the university catalog and take priority over this policy.

*Please note: Occasionally the university will adopt or revise a regulation (other than an academic program requirement) that cannot equitably or administratively be implemented by the catalog year. In those cases, all students shall be advised of the change at least one full semester in advance and through several venues before the change goes into effect.*

## Program Changes

A student may change curriculum or field of study of specialization only with the approval of the chair of the department the student wishes to enter. Change notifications are also sent to the chair of the student's prior program. The student's grade point average and the reasons for change will be assessed by the chair of the department into which the student is transferring.

Students can request changes to a major, concentration or minor online by clicking on the eWarrior tab in the myESU portal. Instructions on how to use the new requests system can also be found in the eWarriors tab in the myESU portal. Changes to major/minors/concentrations mean that the student is to follow the catalog requirements for that program based on the year of change. It is recommended that students request a program change prior to applying for graduation if applicable.

Specific professional programs, such as nursing and medical technology, are limited in the number of students who can be accommodated. Students planning to enter these fields should contact the appropriate department.

## Undeclared- Meta Major

New freshman and transfer students with less than 45 earned credits may apply and be admitted to East Stroudsburg University without selecting an academic major. Transfer students with 60 or more earned credits must select an academic major for admission to East Stroudsburg University. All students must declare an academic major upon or before the successful completion of 45 credits.

## Grades

Grades are the method of assessing student progress. Students are issued grades at mid-semester and a final grade at the end of the semester.

## Course Credit

Course credit is measured in credits. A credit represents academic work equivalent to one hour per week in class plus two hours per week of outside studying for a semester. Class periods at East Stroudsburg are generally 50 minutes in length and are regarded as class hours. A semester is 15 calendar weeks. A credit is also equivalent to 15 weeks of full-time study whether in class or outside of class. In some courses two hours of laboratory per week for a semester earns one credit, while in other courses three hours of laboratory or fieldwork per week for a semester earns one credit. For example, CHEM 353 Physical Chemistry (4) is a course in Chemistry which earns four credits.

## Academic Credit Hour Policy

The credit hour serves as ESU's common measure of instruction based on the expected number of contact hours of coursework during the semester/term. All credit hours awarded by East Stroudsburg University will conform with the definitions and guidance outlined by the U.S. Department of Education (CFR, Title 34: Education, Part 600 – Institutional Eligibility under the Higher Education Act of 1965, as amended, Subpart A-General, Section 600.2), the Pennsylvania State Board of Education Curricular Credit Policy (22 Pa. Code Chapter 31, §§ 31.21) and the Middle States Commission on Higher Education (Verification of Compliance with Accreditation-Relevant Regulations, 2016). One credit hour of instruction equals 15 hours over the term, forty-five hours for a three credit course. Please note that not all of this instruction is necessarily conducted face-to-face with an instructor. Different types of courses require different amounts of contact time and may be delivered in multiple formats to students including but not limited to distance education, face-to-face, hybrid and interactive media.

A semester hour of contact time is defined as at least fifty minutes of contact each week in a standard semester. East Stroudsburg University follows the Pennsylvania System of Higher Education Academic Calendar (Board of Governor's Policy 2002-04). The standard semester – fall and spring – includes 16 weeks where 14 weeks are used for instruction, one week is assigned for final examinations each semester and once week used for non-teaching days in the fall semester and spring break in the spring semester. In the absence of a Common Calendar, ESU will follow the USDOE guidance that defines a semester as having 15 weeks inclusive of 1 week for final examinations.

The following standards are intended to specify the minimum contact time for the assignment of one (1) semester / credit hour. Some courses may exceed these minimum standards.

Course Type	Total Semester Hours (minimum)	Total Actual Contact Minutes (minimum)
Clinical	45	150 minutes X 15 = 2,250
Lecture/Seminar	15	50 minutes X 15 = 750
Laboratory	30	100 minutes X 15 = 1,500
*Internship/Practicum/Field Experience	40	60 minutes X 15 = 900
Studio	30	100 minutes X 15 = 1,500
Physical Activity	22.5	150 minutes X 7.5 = 1,110

*\*calculated based on an actual work week.*

Additional information regarding the Academic Credit Hour policy can be found online at [www.esu.edu/provost/faculty\\_resources.cfm](http://www.esu.edu/provost/faculty_resources.cfm)

## Grade Reports

Student grade reports are available at mid-semester and at the end of the semester. Only the semester grades are entered on the student's permanent records (transcript). Semester grade reports are available through the student portal myESU. Specific information about access to the student portal is emailed to each student upon his or her initial enrollment at East Stroudsburg University.

It is the responsibility of each student to check grade reports at mid-semester and at the end of the semester. Students are expected to check grade reports as they are available to be aware of academic performance in each course, to register for courses for the next semester, and to address issues related to course grades. Grade reports are an important tool for assessing academic progress.

## Course Numbers

Course numbers are used to indicate the level of a course and the year in which courses are usually taken by students and/or the minimum number of prerequisite course(s) a course requires for admission.

### *Developmental Courses*

- MATH 090
- ENGL 101

### *Lower Level Undergraduate [100:299]*

- 100:199: Introductory/Foundation Courses
  - 0 to 1 Pre-requisites
- 200:299: Intermediate/Foundation Courses
  - Fewer than Two Pre-Requisites

### *Upper Level Undergraduate [300:499]*

- 300:399: Intermediate/Advanced Courses
  - At least 1 Pre-Requisite
- 400:499: Advanced Courses
  - At least 2 Pre-requisites

Student should read the course catalog description for more detailed information regarding prerequisite(s) for that course. In cases where students have not completed the prerequisites for a particular course, they may request a waiver of the prerequisites from the course instructor.

### *Transfer Courses without ESU Equivalent*

Any transfer course that does not have an exact ESU course equivalent will have these transfer courses recorded on their permanent academic record (transcript) to satisfy either a general education requirement or a department elective. Course descriptions for these transfer courses are not available but may be applied to degree requirements.

- SUBJ 199: General Education [GN] elective
- SUBJ 299: Departmental Elective
- ELEC 299: General Elective

## Quality Point System

In addition to meeting course and credit requirements for graduation, students must maintain a specified academic level throughout a given curriculum as measured by quality points. The minimum number of quality points required for graduation is twice the number of credits attempted. Pass/fail courses are not used in the computation of the quality point average. Work completed at other colleges and accepted as transfer credit is not considered in computing the quality point average. The required quality point average for graduation is 2.00 or higher. Some degree programs require a higher cumulative quality point average.

Each credit grade is calculated as follows:

A	4.0 quality points
A-	3.667 quality points
B+	3.333 quality points
B	3.0 quality points
B-	2.667 quality points
C+	2.333 quality points
C	2.0 quality points
C-	1.667 quality points
D	1.0 quality points
E	0 quality points
FN	0 quality points

The following grades are not counted in calculating a student GPA:

F	Failure (Pass/Fail)
I	Incomplete
L	Audit – Complete
M	Military Leave of Absence
ML	Military Leave of Absence Completed
N	Academically forgiven [appears before grade being forgiven]
O	Ongoing
P	Pass (Pass/Fail)
R	Repeat (used prior to fall 2011)
S	Satisfactory
T	Transfer Course
U	Unsatisfactory
X	No Grade Reported
Y	Audit – Incomplete
W	Withdrew Passing
Z	Withdrew Failing

## Calculating Grade Point Average

Calculating of grade point average is done using the steps below.

1. Grade symbols are translated into quality points per credit as listed above.
2. The university recognizes that a good grade in a three-semester-hour course requires more work than in a two-semester-hour course. Owing to this, the university follows a system which recognizes both the quality and quantity of a student's work. Under this system, the number of quality points for each letter grade (e.g. four points for an A) is multiplied by the number of semester hours of credit for the course. For example, an A in a three-semester-hour course earns a total of 12 quality points. To

find out a student's quality point average, divide the total number of quality points by the total number of semester hours scheduled. This average considers both the quality and quantity of work.

- Quality points are awarded only for work completed at East Stroudsburg University. Work completed at other colleges and accepted as transfer credit is not considered in computing the quality point average.

### **Incompletes**

The maximum time for completing course requirements to remove incomplete grades is one semester from the end of the session in which the "I" grade was assigned. After that time, the "I" grade will automatically be converted by the Registrar to an "E," "F," or "U," based on the grade mode for the course. The student can then only earn credits for the course by registering for it again in another semester.

If a student applies for graduation in a session before the one semester period has expired, the course requirements must be completed by the end of that session, or the "I" grade will be converted by the Registrar to an "E," "F," or "U" based on the grade mode for the course.

Students who cannot complete the required coursework during the specified time period should notify the faculty member as soon as possible. A faculty member who chooses to deviate from this policy will require the student to sign a contract specifying conditions necessary for course completion, which may include a time period for completion of less than one year or other conditions. The faculty member will also notify the Registrar of any changes to the completion date.

### **Repeat Grades**

Undergraduate students will be limited to a maximum total of six repeats during their enrollment at East Stroudsburg University. This is an individual course count (not credit). Students cannot repeat more than six courses.

A single course can only be taken a maximum of three times. That is, the course should appear no more than three times on a transcript. The most recent grade, regardless of whether it is higher or lower, will be the grade used for the GPA calculation. All other grades earned for repeated courses will be marked as such on the student's academic transcript.

### **Developmental Education Courses**

The Course Repeat Policy limit will not apply to Developmental Education courses such as MATH 090 and ENGL 101. However, the most recent grade will be the grade used for assessing academic progress for both the semester and overall calculations. Credits earned will count toward Class Standing (Classification Level). Credits and grades will appear on transcript but credits will not count toward the minimum number of credits required for graduation.

## **Transfer Credit Evaluation**

Students may choose to take a course at another college or university while pursuing a degree at ESU. Transfer credits will be considered for

equivalent courses completed where the student earned a minimum grade of "D." Students are required to send an official transcript of coursework completed at another institution to ESU.

Information on the Student Transfer Policy, the Pennsylvania Articulation Center (PA TRAC) and the Transfer Credit Appeal Process can be found in the Admissions section of the catalog or online at [www.esu.edu/transfer](http://www.esu.edu/transfer).

Please see the Graduation Residency Requirement for information that may affect the maximum transferrable credits and completion of the degree program.

### **Continuing Students Transferring Credits Back to East Stroudsburg University**

Current East Stroudsburg University students who wish to transfer courses from another college or university back to ESU are encouraged to check their degree program requirements with their academic adviser or the department chairperson where the external credits would transfer, before registering at the other college/university. This is done to ensure that the course will replace a course requirement within the degree program. Approvals must be submitted to the Transfer Center in the Student Enrollment Center. Transfer credit is only granted if a grade of at least "D" is earned and upon receipt of an official transcript from the other college/university. Students can use the Course Equivalencies Database online at: [www.esu.edu/courseguide](http://www.esu.edu/courseguide)

### **Advanced Placement, DANTES and IB Credits**

East Stroudsburg University permits students to earn credit toward the baccalaureate degree by successful completion of the Advanced Placement Examination, DANTES, and IB diploma.

Students currently enrolled in high school should contact their guidance counselor about the Advanced Placement Exam (AP). A grade of "3" or higher on any of these examinations will be counted for three credits by East Stroudsburg University.

The Defense Activity for Non-traditional Education Support (DANTES) has 37 different subject tests that allow students to receive college credit by taking any of these tests. Official ACE transcripts showing the tests and scores earned should be sent to the Transfer Center at East Stroudsburg University.

International Baccalaureate (IB) examinations may also count towards courses at ESU. Official International Baccalaureate transcripts should be mailed to the Transfer Center at East Stroudsburg University.

Please refer to [www.esu.edu/transfer](http://www.esu.edu/transfer) for more information about getting credit for courses.

### **College-Level Examination Program - CLEP**

The College-Level Examination Program (CLEP) of the College Board enables students to earn college credit by examination. The General

Examinations of CLEP (English Composition, Humanities, Mathematics, Natural Sciences and Social Sciences-History) may be taken to apply toward the General Education pattern of courses at East Stroudsburg University. Such examinations should be passed at the 50th percentile.

Subject matter examinations may also be taken under the CLEP program. Students shall not be given credit for both General and Subject examinations in the same areas. Normally CLEP examinations may not be counted toward the student's major field of study. Interested students should contact the Transfer Center staff in the Student Enrollment Center. Official CLEP results should be forwarded to the Admission Office, for consideration.

### **Pennsylvania State System of Higher Education Visiting Student Program**

---

The purpose of this policy is to facilitate undergraduate student enrollment at institutions of the Pennsylvania State System of Higher Education to take advantage of courses available across the system, without loss of institutional residency, eligibility for honors or athletics, or credits toward graduation at the home institution. Grades earned under the Visiting Student Program will be accepted in full by East Stroudsburg University, and will be included in the calculation of credits earned, GPA, and residency requirements.

The following requirements and conditions apply to participants in the Visiting Students Program:

1. The student must be matriculated at the home university with a minimum of 12 college-level credits and be in good academic standing.
2. Students may take a maximum of 24 credits via the Visiting Student Policy.
3. The student who presents evidence of good standing at the home university will be allowed to register for courses at other PASSHE universities. The visiting student priority level for registration will be determined by each university.
4. All credits and grades accrued at other PA State System of Higher Education universities shall be accepted in full by the home university and thereafter treated as home university credits, residency, and grades.
  - a. It is the responsibility of the student to work with the student's adviser at the home institution regarding applicability of credits toward graduation requirements at the home institution consistent with PA State System of Higher Education procedures.
  - b. It is the responsibility of the student to complete the Visiting Student Notification Form and submit to the home institution prior to enrolling in courses at another PA State System of Higher Education institution.
  - c. Students cannot use the Visiting Student Program to repeat courses.
  - d. Students cannot use the Visiting Student Program for internship or practica that are required for licensure or certification without the express written permission of their appropriate university officials at the home university and placement availability at the requested institution.
5. The student shall register at, and pay tuition and fees to, the state system university visited. A student wishing to divide a course load between two institutions during the same term shall register and pay appropriate tuition and fees at both universities.

PA State System of Higher Education Distance Education Course Application Process: Students wishing to take advantage of the State System of Higher Education Distance Education Course Sharing need to complete the Distance Education Application with their home institution.

# Graduation

A student at East Stroudsburg University must earn a minimum grade point average of 2.00 in order to graduate (individual departments may, however, stipulate higher graduation requirements), complete the general education requirements and competencies requirements. A student's graduation application initiates his/her graduation clearance process. As designated by the Registrar, the Graduation Services team begins working with the student's department and college to review and finalize the degree requirements.

Priority processing deadline dates for applying for graduation are December 1 for Fall 2023 and Winter 2024 degree conferral, February 9 for Spring 2024 degree conferral and Summer 2024 degree conferral. The university holds commencement exercises at the end of the spring semester. Students graduating in the Fall, Winter and Summer terms may participate in the Spring commencement ceremony.

## Degree/Certificate Completion

When students submit their "Intent to Graduate" by the established application priority deadline dates based on their completion semester, their academic record will be put through a graduation clearance process. This process requires a thorough review of the student's academic record with the collaboration of their respective department, college dean and the Graduation Services team. This process is used to certify that students will meet their degree requirements by their intended graduation date. An audit of the student's degree is performed twice during the graduation clearance process - after the "Intent to Graduate" has been declared and when all coursework is completed at the end of the semester or term. Correspondence will be sent to all students who have submitted their "Intent to Graduate" request after their degree audit has been reviewed to notify students of their graduation status.

If a student has met all the graduation requirements at ESU including the credit minimum (See Graduation Residency policy), the student will be notified and the degree or certificate will be conferred by the Graduation Services team. Degrees are conferred at the end of the fall, winter, spring and summer terms during the following months: December, January, May and August respectively.

Once a degree has been conferred, the academic record is final and sealed. Changes to enrollment, courses, grades and program of study associated with the degree conferral are not permitted to the academic record of a graduate. Students who do not meet their degree requirements for the semester/term they had intended upon graduating must declare another "Intent to Graduate" and create a revised plan to complete their degree requirements in a subsequent semester or term. The official degree conferral/graduation date is posted on the student's permanent record (transcript) as the semester/term when all degree requirements have been completed and confirmed by the Registrar or the designee.

## Commencement

East Stroudsburg University currently holds commencement ceremonies at the end of the spring semester to recognize graduates

for their academic success at the institution. Students who have officially indicated their "Intent to Graduate", registered for all remaining required coursework, or are in progress of making up incomplete ("I") grades, may be eligible to participate in the commencement exercises.

- To be eligible to participate in the May commencement, students must complete or be on track to complete their degree requirements by the end of the spring term. Students who will complete an established internship and/or required coursework in the summer must be registered for summer before being considered eligible to participate in a May commencement ceremony. Participating in the commencement ceremonies does not signify the completion of a student's degree program. The outcome of the final graduation clearance will determine if a student has met all university and program requirements to be considered a graduate.

## Graduation Honors

In order to qualify for graduation honors, a student must have completed at least 45 credits at East Stroudsburg University. These 45 credits can be accrued through any course, internship and/or field placement including student teaching in which a letter grade is assigned (A, A-, B+, B, B-, C+, C, C-, D or E) or a satisfactory grade is ascribed. The check for the 45-credit minimum includes in-progress courses during the student's graduation semester. The check for the student's cumulative grade point average is based on all graded coursework.

Students who have the appropriate cumulative grade point average at the time the honors designation is determined, and who will have met the 45-credit minimum once the final semester is completed, will be granted graduation honors as follows:

<i>Summa Cum Laude</i>	Cumulative grade point average 3.80 or above
<i>Magna Cum Laude</i>	Cumulative grade point average 3.60 to 3.799
<i>Cum Laude</i>	Cumulative grade point average 3.40 to 3.599

Graduation honors for the publication of the Commencement Program are based on all graded and in-progress coursework at East Stroudsburg University by the deadline dates below. Please note that graded coursework contains final grades and not midterm grades.

- March 15 of the academic year for spring and summer graduation or
- November 1 for fall and winter graduation.

The official university transcript will carry the final honors designation based on all finalized grades completed at the university and the outcome of the final graduation clearance.

## Graduation Residency Requirement

All first baccalaureate degree students will take at least 30 of their last 60 credits at East Stroudsburg University. All students completing their first undergraduate degree must take at least 50% of the credits required from East Stroudsburg University.

### Active Duty Service Members Exception

For active duty service members, the academic residency requirement will not exceed 25 percent of the undergraduate degree program. If the undergraduate degree is available 100 percent online, the academic residency requirements will not exceed 30 percent of the undergraduate degree program.

With the exception of specific course areas such as majors, the academic residency requirements for active duty service members will not include "final year" or "final semester" requirements. In addition, each program is expected to confirm with their respective accrediting agencies the allowable flexibility in order to meet the needs of active duty service members.

## Simultaneous Dual Awards [B.A. and B.S.]

Students wishing to be awarded dual degrees (both a Bachelor of Science and a Bachelor of Arts) must earn a minimum of 150 credit hours while completing all requirements for multiple majors and the general education competencies.

Students meeting all of the requirements of two majors with **less than 150 credits** may obtain a multiple major designation. In the case of a double major, if the two majors involve multiple degree designations (e.g., B.A. in English and B.S. in Psychology), the student will select only one degree designation that appears on the transcript and diploma.

## Second Degrees

A student who is already the recipient of a baccalaureate degree (either from East Stroudsburg University or from a different regionally accredited university) who wishes to pursue an additional undergraduate field will be required to complete a minimum of 30 credit hours at East Stroudsburg University including the requirements for the major. The program of study for the additional degree is to be approved by the appropriate department chair and appropriate academic dean.

# Program Offerings

## The College of Arts and Sciences

Rosenkrans Hall West, Room 107    Dean Nieves Gruneiro-Roadcap  
570-422-3494    [www.esu.edu/cas](http://www.esu.edu/cas)

The College of Arts and Sciences includes the Faculties of Arts and Letters, Science, and Social Sciences. Following the custom of hundreds of years, the faculties and disciplines represented in the school offer a basic core of knowledge to which other dimensions and specializations are added.

### The Faculty of Arts and Letters

#### Majors

- Art + Design
- Communication
- Digital Media Technology
- English
- Integrated Art and Design
- Interdisciplinary Studies
- Philosophy
- Spanish
- Theatre

#### Minors

- Art
- Chinese Language and Culture
- Communication
- English
- International Studies
- Media Communication and Technology
- Philosophy
- Spanish
- Spanish for the Professions
- Theatre
- Women and Gender Studies

#### Teacher Certification

- English
- Spanish

#### Certificates

- Business Writing
- Data Visualization
- 3D Printing and Product Design

Secondary Education program leading to the Bachelor of Science degree with a major in English is offered jointly with the College of Education.

Studies in the liberal and fine arts enrich the intellectual, emotional, and social lives of all students, and thereby contribute to future success in any specific career. The student who majors in an Arts and Letters field enjoys flexible scheduling to reflect wide interests. The degree provides students with skills that are highly valued in the work place while also providing a strong foundation for graduate study.

### The Faculty of Science

Offers the following degree programs:

#### Majors

- Biochemistry
- Biology
- Biotechnology
- Chemical Biotechnology
- Chemistry
- Computer Science
- Computer Security
- Earth and Space Science
- Environmental Studies
- General Science
- Marine Science
- Mathematics

- Crisis Intervention

Students participating in the programs in science have great opportunities to enter a wide variety of fields, many of which are career-oriented and involve professional training and internships.

In all science disciplines from Biology to Psychology, students have opportunities to conduct research as an undergraduate. Students often present their findings at research conferences. These experiences are useful for students heading to graduate or medical school as well as students looking for immediate employment.

Here are some examples. A student whose primary interest includes biology can study biotechnology, laboratory medicine, environmental studies, or marine science. Secondary education programs leading to the bachelor of science degree with a major in biological sciences, chemistry, earth and space science, general science, mathematics, or physics are offered jointly with the Faculty of Education.

Students may concentrate and/or prepare for further studies in the areas of environmental studies, medical technology, physical therapy, mental health, pre-medical school, marine science, and professional engineering. Students desiring to enter one of these programs should indicate such interest on the application for admission.

Some combination of chemistry and biology is valuable in any one of these programs. A major in any one or a combination among biology, chemistry and physics prepares one for medical, dental, optometry or pharmacy school.

The curriculum in Environmental Studies has been designed to meet the needs of students seeking an integrated interdisciplinary background within the tradition of a liberal education. The program is intended to provide students with an opportunity to select courses from various disciplines that will strengthen their understanding of environmental problems. The broad interdisciplinary nature of the program permits students to enroll in courses offered by different academic divisions and by various departments.

Foundational to all sciences, mathematics is available for students through a series of courses, a minor, or as a major, including a bachelor's degree in applied mathematics.

Cooperative engineering programs with Penn State University or other participating engineering schools permit a student to complete a Bachelor of Science in engineering at one of these institutions in two years, after completing the first three years at East Stroudsburg University. The student is also awarded the Bachelor of Arts degree from East Stroudsburg University with a major in any one or combination among the fields of chemistry, mathematics and physics. Similar arrangements in medical technology, pharmacy, and podiatry are also available.

Courses in computer science, including computer security, prepare students with valuable experience and training for jobs in industry and in management positions.

Research opportunities along with internships and training programs in psychology at hospitals and industries are useful in jobs related to human relations or as preparation for graduate study.

## **The Faculty of Social Sciences**

---

Offers the following degree programs:

### **Majors**

- Criminal Justice
- Economics
- History
- Political Science
- Social Work
- Sociology

### **Minors**

- Economics
- Economics and Management Interdisciplinary
- Geography
- History
- Political Science
- Sociology

### **Teacher Certification**

- Social Studies

### **Certificate**

- Geographic Information Systems

The Faculty of Social Sciences promotes the scholarly tradition in the disciplines of anthropology, geography, history, political science, and sociology. The faculty is committed to the belief that an education centered in the liberal arts is essential in the preparation of potential teachers and in a wide variety of professional careers. A secondary education program leading to a bachelor of science degree with a double major in social studies and either history, geography, economics or political science is offered jointly with the Faculty of Education.

A democratic society needs to generate a pool of people with the training, philosophical perspectives, and broad academic knowledge to assume leadership roles and to become responsible citizens in today's changing social, political, economic, and demographic environment. Accordingly, the Faculty of Social Sciences' programs are designed specifically for men and women who are career-oriented.

The Faculty of Social Sciences' curricula permit students to broaden their knowledge through general education requirements and to concentrate in an academic discipline through the departmental requirements of the chosen major.

The Criminal Justice Administration and Social Work concentrations are professional programs for those students who satisfy general education requirements and complete a departmental major. These concentrations provide academic and practical approaches by

critically examining and interrelating subject matter within the Faculty of Social Sciences.

Economics majors will obtain a foundation in traditional economic theory that is the basis for the analytical thinking and sound managerial decision-making. Students may choose to specialize in Quantitative Economics, Global Markets, or Finance. The B.A. in Economics will prepare students to either pursue graduate studies in Economics or to enter the work force with careers in management, finance, and applied economics. Graduates have achieved careers such as actuaries, economics researchers, data analyst careers in management, stock brokers, and account executives.

## The College of Business and Management

Rosenkrans East, Room 123A      Dean Sylvester Williams IV  
570-422-3589      www.esu.edu/cbm

The College of Business and Management consists of six existing departments: the Department of Business Management, the Department of Sport Management, the Department of Recreation Services Management, the Department of Hotel, Restaurant and Tourism Management, the Department of Digital Media Technologies, and the Department of Leadership Studies and Military Science.

### The Faculty of Business and Management

Offers the following degree programs:

#### Department of Business Management Majors

- Accounting
- Business Management
- Finance
- Marketing

#### Minors

- Management
- Economics and Management Interdisciplinary

As companies strive to compete in a global market they look for employees who are knowledgeable in current business practices and who can effectively evaluate the current competitive environment and meet customer needs. Businesses want employees with strong communication skills who are good at analyzing and solving problems and thinking critically.

A business management degree can provide those skills, and earning this degree can increase your job opportunities and salary potential. The study of business management provides a broad education in business management practices and can be pursued on its own or with more a specialized area of study with concentrations such as finance, entrepreneurship, management and accounting or marketing.

### The Faculty of Hospitality, Recreation and Sport Management

Offers the following degree programs:

#### Department of Hotel, Restaurant and Tourism Management

##### Major

- Hotel, Restaurant and Tourism Management

##### Minor

- Hotel, Restaurant & Tourism Management

The Hotel, Restaurant and Tourism Management program provides a Bachelor of Science degree for students preparing for a career in the hospitality industry. A core of required courses represents every segment of the hospitality field; electives are selected to complement these and, along with the general education requirements of the university, a well-rounded curriculum results.

The travel and tourism industry is one of the largest, most dynamic industries in the world. Students of the Hotel, Restaurant and Tourism Management program are introduced to this exciting industry and will be prepared to enjoy a successful career in the travel and tourism industry. All courses are taught by faculty who combine excellent academic credentials with a strong professional background.

The Hotel, Restaurant and Tourism Management program is further enhanced through activities supported by the hospitality industry. Students participate in hotel and restaurant shows, tour hospitality facilities, listen to industry speakers, attend career days, and conduct special projects for the industry.

#### Department of Leadership Studies and Military Science / Army ROTC

East Stroudsburg University offers students the opportunity to participate in Army ROTC through a partnership with the North East Pennsylvania (NEPA) Army Reserve Officer Training Corps (ROTC) Battalion.

The primary objective of the Reserve Officer Training Program is to develop leadership capabilities in students and to train future officers for the active Army, U.S. Army Reserve and Army National Guard. The ROTC program is an extensive leadership development program that concentrates on developing leaders through the demonstration of the seven Army values and 16 key leadership dimensions.

#### Department of Recreation Services Management Major

- Recreation Services Management

##### Career Emphasis Areas

- Commercial
- Outdoor
- Therapeutic

The program in Recreation Services Management provides a Bachelor of Science degree for students preparing for a career in recreation. Students may choose emphasis areas in commercial, outdoor, and therapeutic recreation. Courses cover all aspects of recreation and leisure, from recreation for persons with disabilities, to resort recreation, to environment interpretation. The department has three full-time tenured faculty and approximately 100 majors. The degree

program is fully accredited by the National Recreation and Park Association. The department has maintained accreditation since 1983.

## Department of Sport Management Major

- Sport Management

A degree in Sport Management prepares students for careers as administrators and managers in athletic, health, and country clubs, as well as entry-level management positions in college and professional athletic organizations. Through this program, students are prepared for a diversity of roles in the areas of sport marketing and promotions, facility management and planning, activity programming and events management.

Internships are available in the areas of professional sports, college athletics, amateur and Olympic athletes and recreation sport. This program follows the North American Society for Sport Management (NASSM) and National Association for Sport and Physical Education (NASPE) requirements.

## The College of Education

Rosenkrans Hall East, Room 123C  
570-422-3377

Dean Brooke Langan  
www.esu.edu/ced

The programs in the College of Education are designed to provide meaningful learning opportunities for students aspiring to enter professional careers related to PK-12 teaching and rehabilitative services. Students are active learners in a variety of professional knowledge and performance-based preparation programs. Coursework is enhanced through thoughtful field experiences in all programs.

## The College of Education

### Majors

- Early Childhood Education PreK-4 (Certification Preparation)
- Early Childhood Professional Program (Non-Certification)
- Middle Level Education 4-8 (Certification Preparation)
- Secondary Education 7-12 (Certification Preparation)
- Special Education PreK-12/Early Childhood PreK-4 (Certification Preparation)
- Special Education PreK-12/Middle Level 4-8 (Certification Preparation)
- Special Education PreK-12/Secondary Education 7 - 12 (Certification Preparation)

The conceptual framework of the teacher education program focuses on the decision-making processes of teaching and learning. The model for ESU is *Teacher Education Unit Conceptual Framework: Reflective and Deliberate Decision-Makers*.

The beginning teacher must demonstrate knowledge and skill outcomes in four broad domains:

1. Content
2. The learner and learning environment

3. The teaching and learning process
4. Professionalism

The model is supported through the Vision, Mission, and Philosophy as well as Beginning Educator Outcomes, a Knowledge Base and Learning Cycle, Teacher Initiatives and Assessment System.

The undergraduate curricula of the College of Education are designed primarily for students preparing for teaching careers in the early childhood and elementary schools, the middle or junior high school, or the senior high school. The College of Education encompasses the departments of Early Childhood and Elementary Education, Professional and Secondary Education, Reading, and Special Education, as well as the Office of Field Experiences and Partnerships. One major purpose of the college is to prepare teachers for positions in early childhood, elementary and secondary schools and people-oriented occupations, such as social and restoration agencies, state and federal government, and private industry.

The college provides programs that lead to eligibility for certification in a number of degree areas (see degree program list) through the PA Department of Education. Graduates of certification preparation programs receive the degree of bachelor of science or bachelor of arts and are eligible to apply for certification to teach in the schools of Pennsylvania. Students are encouraged to earn certification in several fields to enhance their employment opportunities.

Full national accreditation allows the graduate to be recommended for certification to teach in most other states without further course requirements. Information and advisement on certification is available in the office of the dean of the College of Education.

Graduate work is offered leading to the Master of Education in Elementary Education, Secondary Education, Special Education, and Reading. Students interested in graduate programs should refer to the Graduate Catalog. The programs of the College of Education are fully accredited by the Council for the Accreditation of Educator Preparation (CAEP). All standards for program approval by the Pennsylvania Department of Education have been met.

## Requirements for Teacher Certification

The Pennsylvania Department of Education (PDE) is the certifying agent for all teacher preparation programs in the Commonwealth. All teacher preparation programs offered through East Stroudsburg University are approved by PDE to prepare teachers for certification in their respective fields. All teacher education candidates should be in frequent consultation with their academic advisors to ensure that they are meeting the appropriate program and certification requirements, which vary by program.

## Selection for the Teaching Profession

The nature and importance of teaching requires that students who seek to enter the profession must possess unimpeachable character, above average academic ability, and dispositions suitable for working with children and young adults. The teacher education faculty perceive their ultimate obligations to be to the students who will be taught by their graduates. Consequently, the student's admission to teacher candidacy and to student teaching and final institutional recommendations for a teaching certificate are not achieved solely by

meeting routine academic requirements. As the student in each of these steps progresses toward final certification, the faculty of the student's certification area exercise their professional judgment as to each student's competency for the teaching profession.

### **Admission into Teacher Education Program**

All education majors seeking certification must successfully complete teacher education program admission, monitoring, and exit criteria procedures. Formal admission into the Teacher Education Program generally occurs when candidates earn between 48 and 60 credits. To be formally admitted into the Teacher Education Program, candidates must meet the following criteria:

1. Apply for Teacher Education Council (TEC) admission approval;
2. Satisfactorily meet the reading, writing, and mathematics competencies set by the state;
3. Earn a minimum overall undergraduate QPA as identified by Pennsylvania law (2.8 or as determined by the department; transfer students' grades are included in averaging the QPA);
4. Complete six credits of mathematics courses and six credits of English (including one composition and one literature) courses (undergraduates only);
5. Complete at least 48 credit hours by the time candidacy admission is decided;
6. Complete Act 34, FBI clearance and ACT 151 child abuse clearance (and other clearances as required by PDE); and
7. Be recommended by departmental faculty and approved by the Teacher Education Council.

Students are then admitted to candidacy in the teacher education program and are permitted to take upper level major courses. A 2.8 - 4.0 QPA is required for Pennsylvania teacher certification.

The student's progress and mastery of competencies will be monitored while completing requirements in the program. All students are required to maintain a cumulative and major average as specified by Pennsylvania law and the respective departments, to remain in the program and to take teacher education classes. Only qualified teacher education majors are allowed to take upper-level teacher education classes.

Each department will provide each student a copy of its program requirements, course checklist, and expectations. Students must satisfy all program requirements to be recommended for the degree and teacher certification, including a 2.8 - 4.0 QPA. Certification test passing scores are set by the Commonwealth using a sliding scale. As such, the lower a candidate's QPA, the higher they must score to pass. No candidate graduating with a QPA less than 2.8 will be certified in Pennsylvania. Candidates are responsible to ensure their final, overall QPA qualifies for certification in the Commonwealth before applying for graduation.

All applicants for teacher certification must be endorsed by the faculty adviser, the department, and the dean of the College of Education, who serves as the certifying officer for the university.

Experienced non-degree teachers, graduates of other colleges or universities, or others who need special assignments in student teaching will have their individual alternative programs planned and

approved by the appropriate department and by the dean of the College of Education. Transfer students' transcripts will be individually evaluated by the department chair to determine equivalent courses to be accepted.

The Pennsylvania Department of Education requires that all certification applicants satisfactorily pass the appropriate sections of the ETS Praxis or Pennsylvania Educators Certification Tests. Students must also complete the teacher certification application and respond to immigration, criminal record, child abuse, and health statements.

### **Pre-Student Teaching Field Experiences**

The importance of providing opportunities for education students to observe and work directly with children in schools before student teaching is recognized. To make this possible, the director of the Office of Field Experiences and Partnerships works with departments to secure quality sites for students to engage in field experiences. Field experiences are required in association with most education courses. Prior to being placed in their first field experience, students must submit a negative test for tuberculosis form and clearances for Act 34, FBI and Act 151 (and other clearances as required by PDE and/or each school district).

### **Requirements for Approval to Student Teach**

The Office of Field Experiences and Partnerships coordinates student teaching assignments. Students are required to submit an application to student teach to the Office of Field Experiences and Partnerships the semester prior to student teaching.

The student teaching semester is the capstone experience of the teacher preparation program. During this semester, beginning educators have the opportunity to practice and demonstrate theory in practice, reflective and deliberate decision making, and pedagogical skill as reflected in the Beginning Educator Outcomes as each student teacher forms a unique, professional teacher identity.

In order to ensure that we meet our commitment to our public school partners, as well as maintain our CAEP accreditation, it is essential that all students demonstrate professional dispositions.

All students who wish to apply for a student teaching placement must satisfactorily complete ALL requirements listed below as related to their specific major. Failure to meet these requirements in a timely manner will prohibit student teaching eligibility.

1. Have met all requirements for teacher candidacy admission as required by the major department in education.
2. Possess health, personal characteristics, and professional dispositions considered essential for successful teaching.
3. Must meet specific departmental requirements for credit totals.
4. Have successfully completed prerequisite courses in education and have NO incomplete grades.
5. Must have earned a "C" or better in all major classes (as specified by the department).
6. Have a minimum cumulative quality point average of 2.8.
7. Have the minimum QPA for the major as established by the major department.

8. Provide evidence of a current negative test for tuberculosis (within the last three months prior to the start of student teaching).
9. Have current ACT 34, ACT 151, and Act 114 (FBI) clearances (and other clearances as required by PDE and school districts). Current clearances are needed for the entire semester of student teaching.
10. Must enroll in the department's required courses for student teaching during the registration period.
11. Must have current Student PSEA Liability Insurance and insurance for any other organization as determined by the major department.

*\*In order to obtain Pennsylvania certification, candidates must pass the Praxis II or Pearson Specialty Area Tests that are required for the specific area of certification.*

Pennsylvania law, Chapter 354 requires a minimum 2.8 cumulative quality point average to be eligible for Pennsylvania certification.

### Student Teaching

Student teaching is the culminating experience in a series of planned laboratory and field experiences. Student teachers spend a full semester off campus in a regular classroom under the guidance and direction of a fully certified, master teacher.

The university provides each student with the additional support of a university faculty member with a background in supervision and instruction. Student teaching is planned to provide an opportunity for continued professional growth in the application of theory, methods, and subject content. Students are placed in school districts with which the university has an executed affiliation agreement or articulation contract.

All student teaching arrangements are made through the Office of Field Experiences and Partnerships. It is inappropriate for students to make their own student teaching arrangements.

Student teachers are expected to comply with the following list of requirements:

1. Establishing personal transportation to and from the assigned school district.
2. Adhere to school district policies, procedures, ethics codes, schedules, and dress codes.
3. Purchase Student P.S.E.A. Liability Insurance.
4. Continue to hold current required clearances. An unacceptable clearance will result in the student being removed from student teaching.
5. Make arrangements for housing.

### Teacher Education Council

The Teacher Education Council provides the governance of the teacher certification programs. The council administers existing policies related to teacher education, admits students to teacher education programs and hears appeals from students, develops and proposes new policies in teacher education, and reviews certification programs and their modifications as proposed by departments and faculties to insure compliance with the standards of state and national accrediting agencies. These policies are found in the Teacher Education Program Policy Manual and minutes of council meetings.

## Areas of Teacher Certification

### Instructional

- Biology
- Chemistry
- Early Childhood PreK-4
- Earth and Space Science
- English
- General Science
- Health
- Health and Physical Education
- Mathematics
- Middle Level (4-8)
- Physics
- Social Studies
- Spanish
- Speech and Language Impaired
- Special Education PreK-12 /Early Childhood Pk-4
- Special Education PreK-12/Middle Level 4-8
- Special Education PreK-12/Secondary Education 7-12

Students must satisfy all teacher education program, departmental requirements, and revised PDE standards before they will be recommended for the degree and teacher certification. For public disclosure information on teacher education program completers, please see the ESU Title II website at [www.esu.edu/title2](http://www.esu.edu/title2) giving passing rates and other summary data.

## The College of Health Sciences

Rosenkrans West, Room 105  
570-422-3425

Dean Denise Seigart  
[www.esu.edu/chs](http://www.esu.edu/chs)

The mission of the College of Health Sciences is to offer high quality undergraduate and graduate programs that provide a diverse student body with the didactic knowledge and skills to lead in a changing global society while fostering an academic environment dedicated to excellence in teaching, scholarship and service.

The mission is in response to the nation's concern for healthy persons and healthy communities and to students interested in careers in health and human performance areas. Underlying the mission are three basic assumptions:

1. We can improve the quality of life in America through health education systems as society relies more extensively on individual and community responsibility to prevent disease and promote health for all citizens.
2. We can be instrumental in the promotion of exercise and movement which can improve the quality and length of life.
3. We can assist in prevention of illness and rehabilitation of health and human performance.

Seven departments — Athletic Training, Health Studies, Exercise Science, Movement Activities and Lifetime Fitness, Nursing, Physical Education, and Speech-Language Pathology — comprise the college.

Each student's major program consists of sequential experiences which lead to a body of knowledge within the respective field of study as well as modes of inquiry in discovering new knowledge and its significant experiential values. Within the college, students are encouraged to develop and pursue specialized interests in relation to their goals and to accept the responsibility for their academic pursuits and ultimate professional growth.

## **The Faculty of Health Professions**

---

Offers the following degree programs:

### **Majors**

- Health Education
- Nursing
- Public Health
- Communication Sciences & Disorders

### **Minor**

- Health Services Administration

### **Teacher Certification**

- Health Education

### **Certificates**

- Drug Abuse Prevention
- Environmental Health
- Gerontology
- Global Health
- Health Emergency Preparedness
- Health Project Management
- Nutrition

## **The Faculty of Human Performance**

---

Offers the following degree program:

### **Majors**

- Athletic Training
- Exercise Science
- Physical Education

### **Minor**

- Dance

### **Teacher Certification**

- Health and Physical Education

### **Certificates**

- Nutrition
- Sport Performance Coaching

Physical activity courses are offered through general education in the Department of Movement Activities and Lifetime Fitness. These movement activities and lifetime fitness experiences are intended to develop and improve the lifetime sport and fitness skills of the individual and to improve the student's perception of the role of dance, exercise and sport in living.

As our society becomes more technical, there is an increased need to enhance its vigor and productivity by managing stress, mastering the art of relaxation, and developing healthful lifetime activity skills.

## **Academic Advising for Exploratory/Undeclared Studies Students**

### **Fast Facts About the Exploratory/Undeclared Studies Student**

---

- More than 600 ESU students have not yet declared a major.
- "Exploratory/Undeclared" is one of the largest majors on campus.
- More than 200 freshmen enter ESU as exploratory/undeclared every year.
- Nationally, almost 50 percent of students who enter college and universities are undecided about their academic and career goals.
- Seventy-five percent of students in colleges and universities change their majors at least once before graduation.
- On average, people change their careers seven times throughout their lives.

### **Selecting a major does not mean you are stuck in a career!**

### **Advisee Responsibilities**

---

As an advisee, you have clear responsibilities in the advising partnership. In order to be successful, you should:

- Schedule an appointment with your academic adviser during each semester.
- Arrive prepared to each appointment with questions and your advising portfolio.
- Keep an advising portfolio where you keep official documents and keep a record of your progress toward meeting your educational goals.
- Enroll in the courses that you and your academic adviser have determined from educational objectives.
- Be an active learner by participating fully in the advising experience.
- Declare a major by 60 credits.

### **Advantages of the Exploratory/Undeclared Major**

---

#### **Advantages of the Exploratory/Undeclared Major**

- Students may take the time they need to clarify life and career goals.
- Students can develop a suitable educational plan.
- Students receive assistance with the selection of appropriate courses.

- Students receive help with interpreting institutional requirements.
- Students receive help with exploring other majors.

## **Majors: Choosing and Changing**

If you haven't chosen a major, don't worry. You're in good company. Many students are undecided about their majors when they enter college, and many who decided change their minds more than once before they graduate. Use your freshman year and the general education curriculum to explore academic options, and to sample ideas and approaches from other disciplines.

Examine your academic interests by asking yourself these questions: What do I do well? What subjects did I enjoy in high school? What activities did I participate in? What do I like to read about? If you have any special skills or interests, they should be apparent from how you answer these questions. A good guide to what really interests you is what you choose to do on your own, as well as your previous experiences with part-time work, volunteer work, hobbies, sports, and travel.

## **Office of Academic Advising for Exploratory/Undeclared Students**

The primary purpose of the Office of Academic Advising for Exploratory/Undeclared Students is to assist students who are undecided about a major in the development of meaningful educational plans that are compatible with students' life goals. Academic advisers provide assistance with:

- General course selection
- Explanation of degrees and degree requirements
- Development of a program of study
- Selection of an academic major
- Academic concerns and issues
- Referral to other ESU resources and services
- Unofficial progress check toward graduation

Academic advisers for the undeclared student apply knowledge of teaching, advising, learning, and human development to encourage educational experiences that lead to intellectual and personal growth.

## **Office of Academic Advising For Exploratory/Undeclared Students**

Director of Undeclared Advising

Dr. Jack Truschel  
jtruschel@esu.edu

For more information, contact the department at 570-422-3164.  
Rosenkrans East [www.esu.edu/advising](http://www.esu.edu/advising)

# Academic Programs and Courses

## Accounting

The Accounting program (p. 121) is housed within the Department of Business Management. Please see the Business Management department for the B.S. in Accounting requirements.

## Art + Media + Design

(p. 64) College of Arts and Sciences

### *The Faculty of Arts and Letters*

Fine and Performing Arts Center, Room 233  
570-422-3759

[www.esu.edu/art](http://www.esu.edu/art)

### About the BFA and BA Programs

The **Art + Media + Design** Department offers two programs: the **Bachelor of Fine Arts in Integrated Art + Design** and the **Bachelor of Arts in Art + Design**. These programs prepare you for success in three areas of concentration: **Design, Fine Arts** and **Art History**.

The **Bachelor of Arts in Art + Design** is a 42 credit general program that develops skills in the areas of Design, Fine Art and Art History. Selected courses in these areas provide you with a foundation for careers or further study in these fields.

### Concentrations in Art + Design

The **Graphic and Product Design** concentrations develops creativity, innovation and skills in the fields of graphic design and object/product design. A combination of hands on techniques and up to date industry standard digital design software prepare you for careers in visual communication and product design. Hands on studio projects and integrated design history and theory as well as courses in studio art and art history develop your aesthetic and cultural literacy, highly valued by professionals in the field. A required internship gives you real-world experiences and potential employment opportunities. The BFA program provides increased flexibility to integrate courses across the concentrations as well as from other disciplines as part of your major credit requirements.

The **Fine Art and the Fine and New Media Art** concentrations allows you to create your own individualized program in studio art by taking courses in a variety of artistic disciplines, whether your interest is in a traditional studio art or in the area of new media art which combines multiple disciplines in digital, installation, performance based art. If you plan a career as a studio or fine craft artist, in art therapy, teaching, or any field that values creativity, you may choose this concentration. A senior capstone project allows you to create a consummate record of your achievement that can be used for exhibition opportunities or entrance to graduate school. The BFA program provides increased flexibility to integrate courses across the concentrations as well as from other disciplines as part of your major credit requirements to prepare you for entering a Master of Fine Arts.

Required art history courses strengthen both the studio and design components by developing your aesthetic literacy, a highly valued qualification in all creative careers.

The **Art History** concentration (BA program only) develops your knowledge of major periods in art and architecture of the past to the present and an acquaintance with the art of non-Western cultures. Art history majors may develop careers in museums, galleries, restoration, journalism, education or arts administration. Art History majors are valued in areas as diverse as cultural consultancies to real estate to law for their strong research and writing skills. A senior capstone project requires you to complete a written thesis and/or curatorial experience.

Highly qualified faculty and small class sizes provide individualized instruction that fosters creative and artistic growth.

**New Mind Design**, the student design agency is a student run, faculty mentored business where you will meet with real world clients to provide an array of design services, such as digital, graphic, display and product design, rendering and prototyping. The **Student Art Association** is a student run organization that provides art and creative activities and service to the university and the community.

### About the BS Program

The **Art + Media + Design** department prepares students to create media through a blend of hands-on teaching and applied theory of digital media. Ten foundation and production courses in interactive media, video and television production, graphics, audio, photography, web design, animation and media theory are required. Advanced level elective courses offer students specialization in media production and design or exploration into new and emerging technologies.

Our students use industry standard equipment, including a six camera 4k TV studio, audio recording studio, portrait photography studio, multiple computer labs with powerful Mac and PC computers, 4k video cameras, VR Headsets, a VR Motion Capture Lab and all the production equipment needed to succeed in the major.

Student-run and DMT faculty-supervised television and photography clubs are available. Students from the Television Club and AMD are engaged in media productions that support local athletic, non-profits and other agencies. Productions are aired over the ESU Warrior TV channel and Blue Ridge cable television.

### Internships

The DMET internship provides a unique learning experience that allows students to use the knowledge they have obtained in the classroom in a real-world setting. The internship experience takes place in a professional environment where the course work competencies are applied and refined. In planning for an internship, students are advised to discuss career goals, qualifications and potential internships with their academic adviser and department faculty. Ideally students should have completed basic and advanced courses in the media production area in which they plan to intern (12 credits). A 2.75 grade average in DMET courses, no incompletes in

DMET courses, and faculty approval are required before enrolling in an internship. The internship application process must be supervised by the student's adviser.

### **Career Potential**

- Multimedia producer and/or director
- Television, video, and post production
- Commercial Photographer
- Interactive and Social Media Creator
- Computer Graphics and Web design

### **Career Settings**

- Television and audio studios
- Graphics firms
- Photography studios
- Web design and web media companies
- Interactive Media studios
- Multimedia companies
- Print publications

### **Choose Art + Media + Design at ESU**

- Qualified, experienced faculty
- Small class size
- Exhibition opportunities in the Madelon Powers Art Gallery
- Professional level software and hardware
- Specialized art studios and computer lab
- 3D printing and fabrication "**Stratasys SuperLab**"
- Student design agency
- Student created media productions
- Professional full semester internship experiences

### **Career Opportunities**

- Graphic, Web Designer
- Fine Artist
- Package Designer
- Illustrator
- Art therapist
- Display designer
- Art residencies/teaching
- Product Designer
- Cartoonist
- Fine craftsman
- Concept artist
- Arts administrator
- Art conservationist
- Graduate school
- Audio, video, and digital television production

- Graphics, interactive and social media
- Web design and web media publishing
- Photography *More information is available from the department.*

### **Facilities**

The Art + Media + Design Department is proud to have been designated one of 3 "SuperLabs" on the East coast for our acquisition of a Stratasys J750 3D printer. This multi material, multi color printer will allow our students and lab collaborators to create the next generation of 3D printed prototypes in areas as diverse as art, design, architecture, geographic mapping, medical and scientific research. Our 3D lab also includes several other kinds of 3D printers, CNC and traditional shop equipment. Other facilities include well equipped specialized art studios, Mac and PC laptop labs, and "smart classrooms" for lectures. The Madelon Powers Art Gallery features a series of professional and student exhibitions. Trips to design companies, galleries, museums and conferences are scheduled every semester and artists and designers are often invited to speak and/or offer workshops.

**Integrated Art and Design, Bachelor of Fine Arts**

The **Bachelor of Fine Arts (BFA) in Integrated Art and Design** is a 60 credit professional program that allows you the flexibility to incorporate courses in other disciplines into your major concentrations of Fine and New Media Art, Graphic Design and Product Design. As the skills required in graphic, web and product design, illustration, new/multimedia art, arts administration and arts management increasingly overlap, integrating courses across the concentrations and in other disciplines like digital media, communications, sciences, management and other humanities will give you a wide breadth of creative, technical and professional competencies that will improve your career prospects.

This program prepares you for entry-level positions or entrance into Master of Fine Arts graduate program.

**PROGRAM FEATURES**

60 credits

**Required Core Courses:**

ART 151	GN: Basic Drawing	3
ART 153	GN: Two-Dimensional Design	3
ART 154	GN: Three-Dimensional Design	3
ART 201	GN: History of Art I	3

Xue Dong (xdong@esu.edu)

Patricia Varkados (pvarkados@esu.edu)

Ahmed Yousof (ayousof@esu.edu)

## ART - Art Courses

### ART 101 - GN: Introduction to Art (3 credits)

This course is an introduction to art of western culture with emphasis on painting, sculpture, and architecture through the ages.

Distribution: GE: Humanities (Fine Arts) | GN: Group A – Fine Arts (AFA) | Artistic Expression (A).

### ART 130 - GN: Introduction to 3D Printing (3 credits)

This course introduces students to the processes and creative usages of 3D printing and related techniques, procedures and applications. Students will be introduced to the latest developments and challenges of 3D printing while developing skills in 3D software, digital modeling techniques, 3D scanning, 3D printing materials and post-processing techniques.

Distribution: GE: Humanities - Fine Arts | GN: Group A - Fine Arts (AFA) | Artistic Expression (A).

### ART 151 - GN: Basic Drawing (3 credits)

This course is an introduction to many drawing approaches with a variety of media and subject matter.

Distribution: GE: Humanities (Fine Arts) | GN: Group A – Fine Arts (AFA) | Artistic Expression (A).

### ART 153 - GN: Two-Dimensional Design (3 credits)

This course is a study of basic design concepts fundamental in the visual arts.

Distribution: GE: Humanities (Fine Arts) | GN: Group A – Fine Arts (AFA) | Artistic Expression (A).

### ART 154 - GN: Three-Dimensional Design (3 credits)

This is a foundation course in the development of concepts in three-dimensional design. The course involves the use of various materials and organizational concepts to create form. Traditional tools to digital technology and 3D printing will be introduced in the course.

Distribution: GE: Humanities (Fine Arts) | GN: Group A – Fine Arts (AFA) | Artistic Expression (A).

### ART 201 - GN: History of Art I (3 credits)

This course consists of detailed study of the history of art to the Renaissance. It is designed to express the relationship between the artists and common historical, geographical, and ideological contexts and to note influences of other cultures on our own.

Distribution: GE: Humanities (Fine Arts) | GN: Group A – Fine Arts (AFA) | Artistic Expression (A). Offered: Fall Semester.

### ART 202 - GN: History of Art II (3 credits)

This course consists of detailed study of the history of art from the Renaissance to modern times.

Distribution: GE: Humanities (Fine Arts) | GN: Group A – Fine Arts (AFA) | Artistic Expression (A). Offered: Spring Semester.

### ART 207 - GN: Letterforms (3 credits)

This studio course introduces the art of letterforms for fine art and graphic design. Projects explore type form and content relationships. Projects, presentations, and assignments emphasize type design, type history, and font manipulation to bring visual resonance to written and visual language. The course explores creative uses of type with both traditional and digital media.

Distribution: GE: Humanities – Fine Arts | GN: Group A – Fine Arts (AFA) | Artistic Expression (A).

### ART 211 - GN: Infographics and Data Visualization (3 credits)

This course is an introduction to the principles of visually representing information with digital media. Students will communicate data in a concise manner to a mass audience. Emphasis will be placed upon design principles in displaying information using charts, maps, diagrams, posters, and visual narratives.

Distribution: GN: Group A - Fine Arts (AFA) | Artistic Expression (A). Prerequisite: (ART 101 or ART 153 or CMST 111 or CMST 126 or CPSC 100 or MATH 100 or MATH 110).

### ART 212 - Animation (3 credits)

This course is an introduction to animation. Students will be introduced to traditional and digital techniques used in stop-motion, claymation, 2-D and/or 3-D computer animation. Basic animation theories and processes and fundamental principles of character design, layout, and storyboarding will be emphasized.

### ART 220 - GN: Graphic Design I (3 credits)

This course is an introduction to graphic design. Students develop ideational and creative strategies for problem solving and project management in the field of design. The tools, media, techniques and production processes used in art and design will be emphasized.

Distribution: GE: Humanities (Fine Arts) | GN: Group A – Fine Arts (AFA) | Artistic Expression (A).

### ART 251 - GN: Sculpture (3 credits)

This course explores sculpture processes in a variety of media and considers the idea of sculpture broadly. Students will be introduced to hands on techniques as well as the use of digital technology in creating three dimensional works in one or multiple media.

Distribution: GE: Humanities – Fine Arts | GN: Group A – Fine Arts (AFA) | Artistic Expression (A).

### ART 252 - GN: Product Design I (3 credits)

This course introduces students to the process of object design through work on a themed project. Students will work individually and in teams through the stages of the design process, from ideation to prototype.

Distribution: GN: Group A – Fine Arts (AFA) | Artistic Expression (A).

### ART 253 - GN: Introduction to Ceramics (3 credits)

The course explores handforming methods in clay, beginning pottery wheel and basic glazing techniques. Ceramics of various cultures throughout history will also be introduced.

Distribution: GE: Humanities (Fine Arts) | GN: Group A – Fine Arts (AFA) | Artistic Expression (A).

**ART 254 - GN: Painting I (3 credits)**

This is an introductory course in oil painting with a focus on color and painting techniques as well as the development of visual awareness.

Distribution: GE: Humanities – Fine Arts | GN: Group A – Fine Arts (AFA) | Artistic Expression (A). Prerequisite: Previous drawing experience or ability recommended.

**ART 255 - Materials and Processes (3 credits)**

This course is designed to provide students with refined understanding of three dimensional form. It will introduce hands-on studio practices that are necessary in product design. Students will use their digital skills in industry related applications such as mold making, vacuum forming and CNC milling.

Prerequisite: ART 252.

**ART 257 - GN: Ceramic Sculpture (3 credits)**

This is a course in using clay as a sculptural medium. Various techniques will be used in creating sculptures from in round to relief. Traditional and alternative finishing and firing techniques will be explored.

Distribution: GN: Group A - Fine Arts (AFA) | Artistic Expression (A).

**ART 258 - Digital Painting (3 credits)**

This is an introductory course in digital painting with a focus on color theory and digital painting techniques.

**ART 280 - GN: Design for Communication (3 credits)**

This is an introductory graphic design course focusing on visual communication. The focus of this course is layout design and layout design software. Other topics that will be covered include: symbols, logo design, patterns, and themes prevalent to current design discourse.

Distribution: GE: Humanities – Fine Arts | GN: Group A – Fine Arts (AFA) | Artistic Expression (A).

**ART 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**ART 302 - American Art (3 credits)**

This course explores American art from the colonial era to 1940 through the examination of paintings, sculpture, architecture, and photography. Special emphasis will be given to the cultural and historical contexts in which American art flourished.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: Level II (W2) Writing Course and (ART 101 or ART 202).

**ART 305 - Art Since 1940 (3 credits)**

This course explores major art movements that have evolved since 1940. Special consideration will be given to the cultural and social circumstances that fueled the art of this time period.

Distribution: Advanced (ADVD) | Level III Writing (W3) . Prerequisite: ART 101 or ART 202 and Level II (W2) Writing Course.

**ART 307 - Modern Art (3 credits)**

This course offers an overview of European art from the 1770s to the 1930s. Major art movements such as Romanticism, Impressionism, Art Nouveau, Dada, and Cubism will be discussed. We will also explore a

wide range of aesthetic, cultural and social issues that inspired the work of this era.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: Level II (W2) Writing Course and (ART 101 or ART 202).

**ART 311 - Art and Design Entrepreneurship (3 credits)**

Students will explore small business and social entrepreneurship in the visual arts. In-class lectures and presentations will be supplemented by guest speakers and class trips. Students will engage in professional entrepreneurship in the arts projects. Topics covered in this course include, but are not limited to: arts administration, freelancing, online marketing and web design, business law and financing in the arts.

Distribution: Advanced (ADVD). Prerequisite: Four (4) of the following with a minimum of two courses in ART: ART 101, ART 130, ART 151, ART 153, ART 154, ART 220, ART 251, ART 252, ART 253, ART 254, ART 255, ART 280, DMET 100, DMET 105, DMET 205, MGT 200, MGT 204, THTR 101, THTR 210, THTR 220, THTR 230, THTR 240.

**ART 312 - Advanced Animation (3 credits)**

This is an advanced animation course that uses industry standard 3D animation software. The constructing of intricate 3D models and complex animated scenes will be emphasized. Projects will involve the creation of original short animations that utilize technical and experimental effects.

Distribution: Advanced (ADVD). Prerequisite: ART 212.

**ART 317 - Modern Architecture (3 credits)**

This course traces the major tendencies of American and European architecture from the 18<sup>th</sup> to the 20<sup>th</sup> century. Students will examine the roots of Modern architecture in relation to culture and society, and will focus on issues concerning style, technology, urbanism, regionalism, organicism, and reform.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: Level II (W2) Writing course and (ART 101 or ART 202).

**ART 320 - Graphic Design II (3 credits)**

This course is an upper level course in graphic art and design. Students develop ideational and creative strategies for problem solving and project management in the field of design. The tools, media, techniques and production processes used in art and design will be emphasized.

Distribution: Advanced (ADVD). Prerequisite: ART 153 and ART 220.

**ART 321 - Advanced Drawing (3 credits)**

This is an advanced drawing course where the human figure is the focus using various media and techniques.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD) . Prerequisite: ART 151.

**ART 322 - The History of Photography (3 credits)**

This course offers a survey of photography from its origin in the 19th century to the present. Students will study photography as a fine art medium, focusing on major artistic movements and examining their socio-historical contexts. This course is non-technical in nature.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: Level II (W2) Writing course and (ART 101 or ART 202).

**ART 330 - Digital Modeling (3 credits)**

This course will introduce students to the processes and creative usages of 3D printing and related techniques, procedures and applications. Students will be introduced to the latest developments and challenges of 3D printing while developing skills in 3D software, digital modeling techniques, 3D scanning, 3D printing materials and post-processing techniques.

Distribution: Advanced (ADVD). Prerequisite: ART 130 or ART 220 or ART 252.

**ART 333 - Advanced 3D Printing (3 credits)**

This course teaches students advanced processes and creative usages of 3D printing and related techniques, procedures and applications of the latest developments of the medium. Students will learn cutting edge 3D software, digital modeling techniques, 3D scanning and 3D printing materials and new applications.

Distribution: Advanced (ADVD) . Prerequisite: ART 130.

**ART 351 - Advanced 3D Design (3 credits)**

This course is an upper level course about the contemporary practice of 3D design. This course will teach a range of 3D printing techniques and other emerging technologies that can be integrated into various 3D forms. Concepts learned from contemporary sculpture, graphic design and product design will offer students a wide range of media to build creative 3D design projects.

Distribution: Advanced (ADVD). Prerequisite: ART 130 or ART 154 or ART 220 or ART 251 or ART 252.

**ART 352 - Product Design II (3 credits)**

This course is an advanced exploration of the professional practice of product design. 3D printing and additive manufacturing technology, materials and methods will be used in the development of product design projects. Client based projects and collaboration will offer students real world scenarios throughout the conception, design, and prototyping process.

Distribution: Advanced (ADVD). Prerequisite: ART 154 and ART 252.

**ART 354 - Ceramics II (3 credits)**

The basic focus of this course is wheel throwing, advanced hand building techniques, and glaze formulation.

Distribution: Advanced (ADVD). Prerequisite: ART 253 or Instructor Permission.

**ART 355 - Ceramic Sculpture (3 credits)**

Various methods of ceramic sculpture are explored ranging from in-the-round to relief.

Distribution: Advanced (ADVD). Prerequisite: ART 253.

**ART 356 - Painting II (3 credits)**

Students are given the opportunity to work in greater depth in acrylics or oils to develop individual approaches, techniques, and forms of creative expression.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD) . Prerequisite: ART 254.

**ART 401 - Composition + Painting (3 credits)**

It is a course with emphasis on color, composition, and design in painting.

Distribution: Advanced (ADVD). Prerequisite: ART 151 and (ART 254 or ART 356).

**ART 405 - Illustration (3 credits)**

This course will build upon skills developed in lower level design, drawing and painting classes to enable the student to prepare illustrative materials for publication in the mass media.

Distribution: Advanced (ADVD). Prerequisite: ART 321 and ART 356.

**ART 414 - Portfolio In Art + Design (3 credits)**

This course will prepare students for careers in an art related field through the development of a professional portfolio of artwork. It will also teach them to promote themselves as freelance and studio artists. The portfolio will contain a series of works of art produced in a variety of media including digital images.

Distribution: Advanced.

**ART 420 - Graphic Design III: Design Agency (3 credits)**

This is an advanced course that will prepare students for employment in the graphic design industry by working as part of a team in student-run design agency. Students will develop professional relationships with regional and community-based clients while working on design projects in various 2D and 3D media. Emphasis will be placed on the design process, critical thinking, concept development, research methodologies, and technology.

*Course may be repeated for a maximum of 6 credits.*

Distribution: Advanced (ADVD). Prerequisite: ART 153 and ART 220 and ART 320.

**ART 445 - User Interface and User Experience Design (3 credits)**

This course provides students with the skills used in both User Interface Design (UI) and User Experience Design (UX). UI comprises the concepts and techniques designers use to build easy-to-use graphical user interfaces. UX deals with graphic and interaction design, focusing on the functional and logical organization of elements. This course provides students with hands-on experience designing, developing, and evaluating user experiences. In addition, students will learn to create easy-to-use user interfaces for product services. Students will design and work with prototypes to test, evaluate, and demonstrate ways to solve UI/UX problems.

Distribution: Advanced (ADVD).

**ART 452 - Object Design III (3 credits)**

This is an advanced projects course that will prepare students for employment as product designers. Students will work in a team as a student-run design agency. Students will develop professional relationships with clients to develop 3D prototypes and other product designs. Emphasis will be placed on the design process, critical thinking, concept development, research methodologies, and technology. Course may be repeated for a maximum of nine credits.

Distribution: Advanced (ADVD). Prerequisite: ART 154 and ART 252 and ART 352.

**ART 485 - IS: (2 - 6 credits)**

This course consists of directed research or study or study on an individual basis. Student must meet with supervising faculty and gain approval in order to take this course. May be repeated for credit up to

a total of 15 credits. Pre-requisite: 18 credits in the major and approval of the instructor.

Distribution: Advanced.

**ART 486 - Field Experience and Internship (Semester hours arranged) (3 - 12 Credits)**

The internship provides students with advanced standing the opportunity to apply their skills in a professional experience. Students must have completed at least 24 credits in the major, or have departmental approval.

Distribution: Advanced (ADVD). Prerequisite: 24 credits in an Art major or departmental approval.

**ART 487 - Independent Study in Studio/Design:**

This course consists of directed research, study or extended studio practice on an individual basis. Students must meet with the supervising faculty and gain approval in order to take this course. May be repeated for credit up to a total of 15 credits.

Pre-requisite: 24 credits in the major and approval of the instructor

Distribution: Advanced. Prerequisite: 24 credits in the major or departmental approval.

**ART 496 - Fine Arts Seminar (3 credits)**

A team-taught interdisciplinary capstone experience for senior Fine Arts majors. In conjunction with this seminar the student and faculty explore selected topics in the fine arts relative to the preparation of a thesis project in Art, Music, or Theatre through which the student will demonstrate a satisfactory level of performance and/or research skills. Also offered as MUS 496 and THTR 496.

Distribution: Advanced.

---

**DMET - Digital Media Technologies Courses**

---

**DMET 100 - Black and White Photography I (3 credits)**

Introductory Technique in black and white still photography including camera operation, lens use, darkroom techniques (developing and enlarging), and photography are presented.

**DMET 105 - Introduction to Digital Photography (3 credits)**

This course will consist of picture taking, analysis, and technique applications. General topics include how a camera works, lighting, composition and how to take better pictures, how to choose and use digital photographic equipment and related accessories, and how to apply digital techniques to enhance and display images.

**DMET 110 - Introduction to Motion Media (3 credits)**

This course presents the common elements of basic motion media production. It includes the study of the theoretical, photographic, mechanical, and electronic methods used in the production of motion media. In addition to studying the various aspects of motion media, students will also produce motion media projects.

**DMET 140 - Media Theories and Practices (3 credits)**

Media practices, problems, and issues in a variety of settings are examined. Students collaborate to create an understanding of media theories, theorists, and major milestones in media research.

*This is a foundation survey course for the majors in Digital Media Technologies department.*

**DMET 155 - Introduction to Web Design (3 credits)**

Students will be introduced to principles and techniques for web and interactive design and production. These principles will be applied in building web projects using web-authoring tools. Assignments will give students experience in the introductory web design, document structure and content, site management, and use of digital images and graphics.

**DMET 160 - Introduction to Multimedia (3 credits)**

This course introduces basic software and develops skills in message design, graphic design, and interactive web design.

*The course is a prerequisites for most of the other courses in the department.*

**DMET 205 - Photography: Wildlife and Nature (3 credits)**

Methods for photographing wildlife and nature are explored. Equipment needs, fieldwork techniques, and special considerations necessary in performing wildlife and nature photography will be emphasized.

**DMET 206 - Portrait Photography (3 credits)**

This course covers techniques and concepts in the area of portrait photography. Students will learn lighting and posing skills, location shooting techniques, as well as editing and retouching skills with various software. Students learn different types of portrait photography, including candid, environmental, glamor, and artistic, and do them in several self-selected locations, and events, including wedding, sports, and graduation. Students have the opportunity to work with various age groups, including babies, teenagers, young couples, adults, and a combination all of the above.

**DMET 210 - Television: Studio Production I (3 credits)**

Television studio production techniques including directing, lighting, audio, and camera operation are covered with actual practice and application in the TV studio. Students will script and produce a variety of television programs.

**DMET 230 - Sound Recording (3 credits)**

This course offers preparation necessary for successful activity in sound recording and reinforcement. It deals with the history of recorded sound, technical principles of microphone usage, console operations, multi-track recording and sound reinforcement in both analog and digital formats. The course includes hands-on experience in recording and editing sound in a variety of productions.

**DMET 255 - Digital Publishing for Graphics + Web (3 credits)**

This course provides the student with the necessary skills to design and produce layouts that would be used in various print, graphics, and web design formats. Topics include: graphic design, publication layout, web design, image publishing, typography, print media formats, image formats and type specification.

**DMET 262 - Educational Communications and Technology (3 credits)**

This course focuses on using current and emerging technologies to improve instruction and learning. Students are provided with technology resources and gain technological content knowledge. Activities include the design, production, selection and evaluation of instructional media for use in the classroom.

*Course may not be used for credit toward a Digital Media Technologies major.*

Distribution: Info. Literacy and Technology (I).

**DMET 265 - Instructional Computing Methods (3 credits)**

Techniques of using computers in the classroom will be presented. Students will become familiar with software and computer tools used for instructional and classroom administrative tasks.

Prerequisite: DMET 262.

**DMET 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**DMET 305 - Intermediate Digital Photography (3 credits)**

Students will create photographic images in a variety of situations and these photographs will be manipulated using computer technology to create images that can be used in various media formats.

Distribution: Advanced (ADVD). Prerequisite: DMET 105 and DMET 160.

**DMET 310 - Television: Studio Production II (3 credits)**

Studio production techniques beyond those presented in Television: Studio Production I including electronic special effects, computer graphics and the directing of programs to be broadcast from a television studio are covered.

*This is the second course in a two course sequence. The first course is DMET 210.*

Distribution: Advanced (ADVD). Prerequisite: DMET 210.

**DMET 315 - Electronic Field Production (3 credits)**

This course is designed for the acquisition of practical experience in electronic field production and post-production editing. Advanced skills in field directing, lighting and audio work will be developed. Students will effectively produce, direct and edit a variety of field based media programs.

Distribution: Advanced (ADVD). Prerequisite: DMET 105 and DMET 110.

**DMET 318 - New Media Technologies (3 credits)**

This course introduces students to new media development including social networking, interactive media, games, Internet, and virtual communities. The rapidity of change in media product development and evolving regulatory communications policy will be discussed. The work for this class includes designing, analyzing, and researching interfaces and existing systems.

Distribution: Advanced (ADVD). Prerequisite: DMET 140.

**DMET 350 - Media Graphics and Designs (3 credits)**

This is an advanced level course which expands upon the concepts presented in Desktop Publishing. This course concentrates on producing layouts to be used in various media formats. Classroom demonstrations are presented, and students gain hands-on experience through work on assigned projects.

Distribution: Advanced (ADVD). Prerequisite: DMET 255.

**DMET 355 - Advanced Web Design (3 credits)**

Advanced concepts and techniques of producing digital media will be presented with a focus on web pages distributed by Intranet, Internet, and mobile operating systems. Assignments will give students hands-on experience in web page design, production, and professional workflows.

Topics include: Web page design, graphical user interface design, proper use of type and graphics in digital media, creating links, appropriate use of web programming, and integration of various media into digital media.

Distribution: Advanced (ADVD). Prerequisite: DMET 155 and DMET 255.

**DMET 370 - Flying Drones Technology (3 credits)**

This course prepares students to be certified as Unmanned Aircraft (i.e. Drone) Pilots by applying for the Federal Aviation Administration (FAA) certification to be able to work as commercial drone operators. This will facilitate students' search for work in Media industries that use aerial operations as part of their work.

Distribution: Advanced (ADVD).

**DMET 375 - Imaging Technology (3 credits)**

This course offers advanced use of image design and production for education, marketing, business, and training. Extensive work will be on the use of the microcomputer as a tool in image creation. Animation, 3D effects, and overlay techniques will be introduced.

Distribution: Advanced (ADVD). Prerequisite: DMET 160 and DMET 255.

**DMET 380 - Professional Storytelling for Virtual Reality (3 credits)**

This production-oriented course teaches students in media how to tell stories interactively using computer-generated scenes that subjects experience through leading virtual reality headsets. Students will experience the VR world through production lens by producing VR stories through the use of professional platforms such as Unreal Engine and Unity. The stories will aim at promoting commercial products and news. Thus, they will get experience creating stories for various types of communications, including entertainment, journalism, advertising and public relations. The target platforms for this course are the HTC Vive, Oculus Rift and Google Cardboard phone-based viewers.

Distribution: Advanced (ADVD).

**DMET 405 - Commercial Photography (3 credits)**

This course covers techniques and concepts in the field of commercial photography. Student learn lighting, posing principals, studio/location techniques, editing/retouching skills with various software, as well as current practice in three important areas in commercial photography: fashion, food and product. Student will also be taught to critically reflect on images circulates in this picture saturated culture.

Distribution: Advanced (ADVD). Prerequisite: DMET 105 and DMET 160 and DMET 305.

**DMET 410 - Advanced Digital Production (3 credits)**

This course is designed to teach direction, camera operation, production, sound, lighting and other components for digital and high definition (HD) production. Webstreaming and multi-media convergence applications will be studied and utilized in projects.

Distribution: Advanced. Prerequisite: DMET210 AND DMET315.

**DMET 430 - Digital Entertainment (3 credits)**

Digital Sports Entertainment Production Business Strategy explores the evolution of sports entertainment in Esports which we call eproduction. Traditional sports production is fully onsite and occurs with a single crew. Esports production reflects a more complex dynamic approach of cross functional and colaction teams across geographic spaces. In addition technological complexities are navigated across real time streaming platforms. Students will learn about the full production of virtual sports entertainment including full broadcast production.

Prerequisite: DMET210 and DMET160.

**DMET 440 - Law and Ethics in Media (3 credits)**

This course offers an examination of the role of ethics and legal issues in the field of professional media. Students will study how society's ethical heritage provides a basis for guidance in ethical decision-making.

Distribution: Advanced (ADVD). Prerequisite: DMET 140.

**DMET 455 - Web Development (3 credits)**

Advanced concepts and techniques of web design will be presented with a focus on website development and deployment. Assignments will give students hands-on experience in advance web page development and engineering. Topics include: Web security, Search Engine Optimization, Frameworks, Content Management Systems, Web Servers, and Advanced Front End Programming.

Distribution: Advanced (ADVD).

**DMET 464 - Projects in Digital Media and Technology (Semester Hours Arranged)**

Students are provided with the opportunity to work on an in-depth project which presents experiences in planning, implementation, and follow-up activities. Projects are done with a cooperating faculty member.

Distribution: Advanced (ADVD). Prerequisite: Instructor Permission.

**DMET 475 - Educational Software for Computers (3 credits)**

Students are provided with the opportunity to work on an in-depth project which presents experiences in planning, implementation, and follow-up activities. Projects are done with a cooperating faculty member.

Distribution: Advanced. Prerequisite: DMET262 AND DMET470.

**DMET 477 - Interactive and Social Media (3 credits)**

This course is designed to introduce the student to the process of designing and creating interactive and social media. Students will analyze existing systems and design elements and apply them to their projects. Special emphasis is placed on the computer applications used to produce media. Students will gain practical experience in creating interactive and social media content using advanced software.

Distribution: Advanced (ADVD). Prerequisite: DMET 160 and DMET 318.

**DMET 478 - Introduction to Interactive 3D (3 credits)**

This course is designed to introduce students to technology for interactive 3D and motion graphics. Students will create interactive

and motion graphics by utilizing 3D modeling techniques and interaction design principles. A mix of theory and hands-on experiences provides students with opportunities to create motion graphics and interactive content.

Distribution: Advanced (ADVD). Prerequisite: DMET 160 and DMET 477.

**DMET 480 - Virtual Reality and Metaverse Technologies (3 credit)**

In this course, students will learn all about virtual reality (VR) and the variety of virtual worlds they can experience using this technology. The course will cover the history of VR, the relationship between VR and other mixed reality technologies, the immersive characteristics of the metaverse, communications in metaverse, and exploring business through the metaverse (i.e. virtual worlds). Students will create social and business virtual worlds and develop materials and content for these worlds.

Distribution: Advanced (ADVD).

**DMET 485 - Independent Study (Semester Hours Arranged)**

This experience is taken upon the initiative of a student who seeks to study with a knowledgeable faculty member in order to deepen a specific interest in a particular discipline. Independent study is a process through which a student either sharply increases his/her already advanced knowledge of a subject matter or increases his/her appreciation about an academic discipline that is correlative with a student's advanced knowledge of a subject. The proposed independent study must be submitted to the department for approval. The faculty member supervising the independent study must provide a minimum of five hours of time per credit hour upon request of the student.

Distribution: Advanced (ADVD).

**DMET 486 - Field Experiences and Internship (Semester Hours Arranged)**

The internship experience is designed to provide students with professional supervision in an on-the-job situation to apply these skills learned in the university classroom.

*Enrollment requires the completion of 90 semester hours, a 2.75 cumulative point average in the major, no incompletes in the major, and departmental approval.*

Distribution: Advanced (ADVD).

**DMET 495 - Seminar in Digital Media Technologies (3 credits)**

Senior will engage in discussion and research on current digital media technology literature, theory and applications. The students will engage in professional development activities and conduct research pertaining to their field of study. Field experiences such as conferences, workshops, and interactive experiences with practitioners will be provided.

*Required for Digital Media Technologies' majors prior to internship or degree completion.*

Distribution: Advanced (ADVD) | Info. Literacy and Technology (I).

Prerequisite: DMET 140 and DMET 440.

## Athletic Training

### College of Health Sciences

#### The Faculty of Human Performance

Koehler Fieldhouse

570-422-3231

[www.esu.edu/athletictraining](http://www.esu.edu/athletictraining)

The Department of Athletic Training offers two degree programs: Bachelor of Science in Athletic training- Professional Practice and the Bachelor of Science in Athletic Training- Pre-Professional Rehabilitation Sciences. The program has a national reputation for athletic training education, a status built primarily upon the professional contributions of our graduates and a tradition which is proudly represented nationwide.

The Professional Practice program is intended for students interested in obtaining entry-level competency as an athletic trainer. The program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE) and is designed to prepare the student to challenge credentialing as an athletic trainer through the Board of Certification ® and appropriate state regulatory agencies. In compliance with accreditation standards, students will not be admitted, enrolled, or matriculated into the baccalaureate level Professional Practice Athletic Training Program after the start of the fall term 2022.

The Pre-Professional Rehabilitation Sciences program is intended to prepare students for entry into professional programs in related rehabilitation sciences areas. This degree will prepare graduates for advanced training and education in athletic training, rehabilitation health sciences and professional health programs including Physical Therapy, Occupational Therapy, Physician Assistant and Chiropractic. Graduates will also be ready to enter the rehabilitation and broader healthcare work force in entry level and pre-professional areas upon completion of the degree. Students interested in obtaining BOC certification eligibility requirements through our CAATE Accredited Master of Science in Athletic Training – Professional Practice program should select the B.S. in Athletic Training – Pre Professional Rehabilitation Sciences undergraduate track.

#### About the Professional Practice Program

Join us in the exhilarating, fast-paced Athletic Training major that is specifically designed to prepare proficient and successful entry-level, certified athletic trainers. The Athletic Trainer is a health care professional who collaborates with physicians and other health care professionals to optimize activity and participation of athletes, patients and clients. Athletic Training encompasses the prevention, diagnosis and intervention of emergency, acute, and chronic medical conditions involving the impairment, functional limitations, and disabilities.

At its inception in 1975, the Athletic Training Program was one of the few co-educational programs amid the first 25 approved curricula in the nation. Now the program is nationally accredited by the Commission on Accreditation for Athletic Training Education (CAATE) and uses a competency-based approach in both classroom and clinical settings designed to teach entry-level athletic training skills.

Student knowledge, skill, and professional behaviors are developed with an emphasis on clinical reasoning throughout clinical proficiencies.

#### Where Are Professional Practice Program Graduates Now?

Alumni regularly pursue advanced and related professional degrees at little or no cost through graduate assistantships. Alumni have received national recognition for their work and have become leaders in research, education and clinical practice. Many alumni serve in secondary schools, colleges and universities, sports medicine clinics and professional sports. Here are a few of the settings our alumni have chosen: public/private high schools, military service, college/university athletics, sports medicine/physical therapy clinics, corporate fitness, strength and conditioning/performance enhancement facilities, professional sports teams, U.S. Olympic Centers, hospitals, and even NASA.

#### Are You Interested In the Professional Practice Program ...

- Preventing, recognizing and treating sports injuries?
- Working with athletes and other physically active people?
- Learning things “hands-on” and solving “real-life” problems?

#### Choose a Career in Athletic Training Professional Practice Program at ESU

- Nationally accredited program since 1975
- Help physically active patients overcome injury
- Become a licensed health care professional
- Provide care before, during and after injuries and illness
- Clinical experiences start your sophomore year
- Qualify for graduate assistantships that PAY YOU to learn
- Become competitive for employment and advanced degrees

#### Is a Career in Athletic Training Professional Practice Program the Right Choice for Me?

##### *Hands-On Learning*

##### *Caring for The Physically Active*

- Evidence-Based Practice
- Prevention and Health Promotion
- Clinical Examination and Diagnosis
- Acute Care of Injury and Illness
- Therapeutic Interventions
- Psychosocial Strategies and Referral
- Healthcare Administration
- Professional Administration
- Professional Development and Responsibilities

#### *Clinical Experiences for the Professional Practice Program*

- Clinical Affiliation Agreements with local and regional high schools, colleges and universities
- Host Site for 18 NCAA Division II varsity sports
- Instructed/evaluated by qualified clinical preceptors

**Career Settings for the Professional Practice Program**

- College and University Settings
- Secondary schools
- Hospitals
- Professional/Olympic sports
- Orthopedic and Sports Medicine Offices
- Rehabilitation Centers
- Occupational Medicine

More detailed information is available at [www.nata.org](http://www.nata.org).

**Accreditation**

The Athletic Training – Professional Practice program degree is accredited by the Commission on Accreditation for Athletic Training Education (CAATE), a specialized accrediting agency recognized by the American Academy of Family Physicians (AAFP), the American Academy of Pediatrics (AAP), the American Orthopedic Society for Sports Medicine (AOSSM), and the National Athletic Trainers' Association, Inc. (NATA), cooperate to sponsor (CAATE) and to collaboratively develop the Standards for Entry-Level Athletic Training Programs. (CAATE) is responsible for the accreditation of 360 professional (entry-level) Athletic Training educational programs. *In compliance with accreditation standards, students will not be admitted, enrolled or matriculated into the baccalaureate level Professional Practice Athletic Training Program after the start of the fall term 2022.*

**Transfer Students**

Students transfer to our program from a variety of community colleges and other universities. We welcome any qualified student who is interested in an exciting health professions career to apply and schedule an on-campus appointment with the Program Director (570) 422-3231. More information about credit and course transfers is available from the Office of Admissions, 877-230-5547.

**Athletic Training B.S. - Concentration: Professional Practice Program****PROGRAM FEATURES**

60 credits

Admission to the Athletic Training Professional Practice Program Track at East Stroudsburg University is competitive among eligible applicants. Minimum academic requirements have been established for students admitted to the Athletic Training Program and are described below. Exceptions to this requirement may be approved by the ESU Athletic Training Program faculty.

**Required courses:**

ATEP 100	Introduction to Athletic Training and Rehabilitation Sciences	2
ATEP 202/EXSC 202	Kinesiology-Applied Anatomy	3
ATEP 230	Prevention and Management of Sport and Fitness Injuries	3

ATEP 235	Basic Athletic Training Laboratory	1
ATEP 285	Athletic Training Pre-Clinical Laboratory	2
ATEP 310	Psychosocial Issues In Sports Medicine	2
ATEP 400	Evidence-Based Practice in Sports Medicine	2
ATEP 404	Pharmacological Aspects in Physical Medicine	2
ATEP 429/ATEP 529	Measurement and Evaluation of Lower Extremity Injuries	3
ATEP 430/ATEP 530	Measurement and Evaluation of Upper Extremity Injuries	3
ATEP 431/ATEP 531	Organization and Administration in Athletic Training	3
ATEP 432/ATEP 532	Therapeutic Modalities in Sports Medicine	3
ATEP 433/ATEP 533	Therapeutic Exercise in Sports Medicine	3
ATEP 435	Examination and Diagnosis of the Head and Spine	2
ATEP 436/ATEP 536	Primary Care for the Athletic Trainer	3
ATEP 437	Advanced Emergency Care for Athletic Trainers	2
ATEP 450/ATEP 550	Seminar in Sports Medicine	3
ATEP 487	Athletic Training Clinical Laboratory I	1
ATEP 488	Athletic Training Clinical Laboratory II	1
ATEP 489	Athletic Training Clinical Laboratory III	1
ATEP 490	Externship in Athletic Training	4

**Co-requisites:****Cognates:**

BIOL 116	GE: Human Anatomy and Physiology I for the Health Sciences	3
BIOL 117	Human Anatomy and Physiology I Laboratory for the Health Sciences	1
BIOL 118	GE: Human Anatomy and Physiology II for the Health Sciences	3
BIOL 119	Human Anatomy and Physiology II Laboratory for the Health Sciences	1
EXSC 310	Exercise Physiology I	3

*Directed General Education:*

BIOL 105	GN: General Biology	3
CHEM 111	GN: Chemical Basis of Matter	3
PHYS XXX	PHYS Elective	3
PSY 100	GN: General Psychology	3
---	Free electives to total 120 credits	

*Additional Requirements:*

- Minimum Overall GPA = 2.75; Major GPA = 3.00;
- C or above in all major courses in Athletic Training and Cognate requirements;
- Completion of all required clearances prior to clinical lab and externship coursework. Additional costs for clinical experience travel, attire, and/or specific related healthcare clinical site costs;
- Please see the university requirements in this catalog. (p. 40)

**4 YEAR CURRICULUM PROGRAM PLAN**

*(Subject to change by the university without notice)*

For more information, contact the Athletic Training Department at 570-422-3231

Koehler Fieldhouse, Office 1B 570-422-3231  
www.esu.edu/athletictraining**Athletic Training Admission Requirements:  
Freshmen and Transfers****EAST STROUDSBURG UNIVERSITY  
PROFESSIONAL PRACTICE ATHLETIC TRAINING PROGRAM  
TECHNICAL STANDARDS**

Students in the Athletic Training – Professional Practice Program at East Stroudsburg University must possess the necessary intellectual, physical, emotional, social, and communication skills to provide safe and effective athletic training services. The Athletic Training Program in conjunction with the Office of Disability Services has established technical standards for students interested in pursuing a career in athletic training. In addition to specific academic criteria, these Technical Standards are considered necessary for students engaged in all phases of the Athletic Training Program at East Stroudsburg University. To review the Program's Technical Standards (click here) or go [https://www.esu.edu/athletic\\_training/documents/19-20/heathsafetytechnicalstandards2019.pdf](https://www.esu.edu/athletic_training/documents/19-20/heathsafetytechnicalstandards2019.pdf)

**Admission of Freshmen and Transfers**

Freshmen and Transfers students are admitted to ESU in the Pre-Professional Athletic Training Major. Students are assessed after the pre-professional courses are completed to assure they meet the requirements for the professional phase of the ATEP at East Stroudsburg University contingent on meeting the Standards for Progression. A profile of the typical student who is successful in the professional phase of the major and ESU and who is successful in becoming a certified athletic trainer would include SAT scores of 1000 or above, a class rank in the top one third, an outgoing personality, a solid work ethic, good "people" skills, and a sincere interest in sports and in athletes.

The Pre-Professional phase represents a time (generally three semesters) during which the student addresses the prerequisites to the Professional Phase (ATEP 100, 202, 230, 235, and 285).

Transfers: Applicants with a 2.75 quality point average will be considered for admission. Transfer students must complete all prerequisite coursework and satisfactorily complete all other prerequisites for admission to the Professional Phase of the program. Transfers should schedule an interview with the Director of the ATP as soon as possible after receiving notification of admission to the University.

Formal admission into the Professional Phase of the Athletic Training Program is contingent upon the Pre-Professional student meeting the standards listed below and completing the following prerequisites.

**Standards for Progression to the Professional Phase of the Athletic Training Major:**

1. Minimum quality point average of 2.75 overall and 3.00 in the major;
2. Meet Program's Technical Standards;
3. A grade of "C" or better in Major courses in Athletic Training and Cognate requirements;
4. Completion of all required clearances prior to early internship and field experience;

5. Concurrent enrollment in clinical field experiences (ATEP 487/ATEP 488/ATEP 489/ATEP 490) once admitted in the professional phase;
6. Reliable transportation once screened into the professional phase
7. Additional costs for clinical experience travel, uniforms, and athletic training equipment, as well as other related costs within academic plan of study (click here) or go to [https://www.esu.edu/athletic\\_training/documents/16-17/general\\_info\\_sheet\\_U.pdf](https://www.esu.edu/athletic_training/documents/16-17/general_info_sheet_U.pdf)

**Retention Standards: Professional Practice Program**

Failure to maintain the aforementioned standards or failure to demonstrate appropriate professional skills and conduct in any clinical experience is grounds for immediate dismissal from the program. The Program regularly updates standards and academic expectations. Students should review all academic and clinical standards with their academic advisor on a regular basis.

Students participating in intercollegiate athletics at East Stroudsburg University should, in concert with their academic adviser, plan a course of study that includes a minimum of one additional semester of academic and clinical work.

**Transfers:** Applicants with a 2.75 quality point average will be considered for admission. Transfer students must complete all prerequisite coursework and satisfactorily complete all other prerequisites for admission to the program. Transfers should schedule an interview with the director of the ATP as soon as possible after receiving notification of admission to the university.

**Athletic Training B.S. - Concentration: Pre-Professional Rehabilitation Sciences**

**PROGRAM FEATURES**

56 credits

\*\*The Pre-Professional Rehabilitation Sciences program is NOT accredited by CAATE and does not lead to a pathway for credentialing as an athletic trainer.\*\*

The Pre-Professional Rehabilitation Sciences program is intended to prepare students for entry into professional programs in athletic training and the related rehabilitation sciences such as Physical Therapy, Occupational Therapy, Physician Assistant, and Chiropractic. Students will develop the knowledge, skills, and abilities to compete for entry into a variety of graduate programs in sports medicine and related disciplines. Students interested in obtaining BOC certification eligibility requirements through our CAATE Accredited Master of Science in Athletic Training – Professional Practice program should select the B.S. in Athletic Training – Pre Professional Rehabilitation Sciences undergraduate track.

*Required courses:*

ATEP 202/EXSC 202	Kinesiology-Applied Anatomy	3
ATEP 230	Prevention and Management of Sport and Fitness Injuries	3

Koehler Fieldhouse, Office 1B  
www.esu.edu/athletictraining

### **Accelerated Pathway for B.S. in Athletic Training - Pre Professional Rehabilitation Sciences to M.S. in Athletic Training - Professional Practice Program**

Athletic training students may complete an accelerated pathway through the Bachelor of Science (BS) in Athletic Training - Pre Professional Rehabilitation Sciences into the Master of Science (MS) in Athletic Training – Professional Practice Program. This accelerated pathway allows qualified undergraduate students with at least junior standing to take graduate coursework that will apply to both degrees.

**Early/Dual Admission:** The Athletic Training Department allows for an early/dual admission option for students from the Bachelor of Science (BS) in Athletic Training - Pre Professional Rehabilitation Sciences into the Master of Science (MS) in Athletic Training – Professional Practice Program. This permits qualified undergraduate Athletic Training Students to enter the University with provisional admission into the Master of Science (MS) in Athletic Training – Professional Practice Program and to take graduate coursework that will apply to both the degrees. This option will allow qualified undergraduates to earn both the bachelor's and master's degrees upon successful completion of the combined programs.

Students may select twelve (12) credits of the following courses to apply to both the BS in Athletic Training - Pre Professional Rehabilitation Sciences towards the MS in Athletic Training – Professional Practice Program:

ATEP 501 Foundations in Athletic Training Practice (3 credits)  
ATEP 510 Clinically Oriented Anatomy (3 credits)  
ATEP 531 Organization and Administration in Athletic Training (3 credits)  
ATEP 540 Functional Rehabilitation and Sport Specific Conditioning (3 credits)  
ATEP 544 Current Athletic Injury Prevention and Management (3 credits)

#### **Direct Admit - Freshman:**

Incoming students are invited to apply for direct freshman entry into either the Accelerated or Early/Dual Admission options. Additionally, an incoming student with no more than twelve (12) college credits may also apply for the direct admit. Direct admit is a very distinctive feature of the program and if a student is offered direct admission to the MS in Athletic Training – Professional Practice Program, they must maintain Board of Governors' (Procedure/Standard Number 2016-25) and program standards to continue program matriculation.

The direct freshman admit is unique and removes much of the competitive pressure so admission into the professional phase of the program is guaranteed following completion of the required courses provided a student meets the standards described previously for program progression.

Direct admit will be limited to highly qualified applicants. Strong candidates for direct admit rank in the top quarter of their class, have comparable SAT or ACT test scores; and have demonstrated proficiency in their high school math and science courses.

Potential students interested in applying for direct admit should begin the application process for undergraduate admission in the fall of their senior year.

#### **Admissions Procedure - Accelerated Pathway:**

A student may be provisionally accepted into the MS in Athletic Training – Professional Practice Program in accordance with program policy and formally admitted upon completion of his/her undergraduate degree so long as all other program admission requirements have been met. Admission requirements are a Department and University decision.

To qualify for the Athletic Training accelerated pathway, a student must have attained at least junior standing and have a minimum cumulative GPA of 3.00 before taking graduate courses in the intended graduate program.

#### **Admission Procedure - Early/Dual Admission:**

A student may be provisionally accepted into the MS in Athletic Training – Professional Practice Program at any time during his/her undergraduate studies. The student may be fully admitted to the MS in Athletic Training – Professional Practice Program upon completion of the BS in Athletic Training - Pre-Professional Rehabilitation Sciences requirements. All other graduate program admission requirements must also be satisfied.

**Additional Requirement:** A student must have obtained a grade of "B" or higher in the graduate course in order for it to count towards the graduate degree program, while a grade of "C" or higher is necessary in order for it to count towards the undergraduate degree program.

## Athletic Training Faculty

### Associate Professors:

Kelly Harrison (kharrison@esu.edu)

Gerard D. Rozea, Chair (Program Director) (grozea@esu.edu)

Keith A. Vanic (kvanic@esu.edu)

### Instructor:

Marguerite Carver (mcarver1@esu.edu)

## ATEP - Athletic Training Courses

---

### ATEP 100 - Introduction to Athletic Training and Rehabilitation Sciences (2 credits)

This course introduces students to athletic training and the related professions under the rehabilitation sciences umbrella. The history and development of athletic training as well as its relationship to regulated rehabilitation science disciplines (physical therapy, occupational therapy, etc.) and alternative therapies (chiropractic, massage therapy) are explored.

### ATEP 120 - Physical Conditioning (1 credit)

This course introduces the student to different aspects of physical activity and a variety of training methods including agility, aerobic, anaerobic, plyometric and speed training. Students are also introduced to flexibility and warm-up programs as well as heart rate and body composition assessments.

This course is restricted to Athletic Training majors.

### ATEP 121 - Aerobic Fitness Activities (1 credits)

This course is designed to introduce the student to the various aerobic fitness activities for adult populations. Techniques of fitness assessment, aerobic dance, jogging, and aquacizing activities will be emphasized.

### ATEP 122 - Strength Training (1 credit)

This course introduces the student to various strength training techniques including free weights, machines, plyometrics and Olympic lifting. Students are also instructed in program design, muscle contraction and adaptation to weight training, and their important relationship to rehabilitation and reconditioning concepts.

This course is restricted to Athletic Training majors.

### ATEP 202 - Kinesiology-Applied Anatomy (3 credits)

Upon completion of this course, a student should be able to identify the structural characteristics, movements, and muscles acting as the major joints of the body. The student will be able to select movements or exercises which utilize specific muscle groups and analyze the joint actions, muscle actions, and mechanical principles which apply to the performance of a specific movement.

Crosslisted as: EXSC 202.

### ATEP 230 - Prevention and Management of Sport and Fitness Injuries (3 credits)

This course is an introduction to the principles and practices associated with sport and fitness injury management. The course emphasizes the development of competencies in the recognition and treatment of injuries appropriate for professionals working with active

populations. Topics include injury mechanics, injury prevention strategies, and injury recognition and treatment.

### ATEP 235 - Basic Athletic Training Laboratory (1 credit)

This laboratory course is an introduction to the psychomotor skills associated with sport fitness injury recognition, evaluation and management. The course emphasizes the development of competency in essential entry-level athletic training skills. Topics include injury and illness assessment skills, injury prevention techniques, and prophylactic bracing, taping and support techniques.

Corequisite: ATEP 230.

### ATEP 240 - Acute Care of Athletic Injuries and Illness (3 credits)

This course focuses on the emergency management techniques that are commonly implemented when dealing with trauma and illness suffered during/through sport participation. Included will be the field evaluation of medical emergencies, such as cessation of breathing or circulation, shock, concussion, spinal injury to the athlete. Students will review policies and position statements issued by the NATA, NCAA, ACSM, AAP, and AMA regarding prevention, evaluation, and management of acute athletic injuries and illnesses.

Prerequisite: HLTH 240 or current CPR certification.

### ATEP 285 - Athletic Training Pre-Clinical Laboratory (2 credits)

This course focuses on the emergency management techniques that are commonly implemented when dealing with trauma and illness suffered during/through sport participation. Included will be the field evaluation of medical emergencies, such as cessation of breathing or circulation, shock, concussion, spinal injury to the athlete. Students will review policies and position statements issued by the NATA, NCAA, ACSM, AAP, and AMA regarding prevention, evaluation, and management of acute athletic injuries and illnesses.

*Registration Requirement: Medical clearance, Child Abuse and Criminal Record clearance, OSHA and HIPAA certificates.*

Distribution: Advanced (ADVD). Prerequisite: Required clearances (see description) and ATEP 100, ATEP 120, ATEP 122, ATEP 230, ATEP 235, ATEP 240 .

### ATEP 286 - Pre-Internship: Athletic Training Proficiencies (3 credits)

This course is designed to provide students with the opportunity to observe and apply entry-level athletic training skills in selected clinical, educational, research or administrative settings. The emphasis is on the basic psychomotor proficiencies described in the CAAHEP Accreditation and NATA Education Council guidelines and specifically, those competencies previously addressed in ATEP 100, 230, and/or concurrently with ATEP 240. This course is designed for students officially enrolled in the undergraduate athletic training education program. Prerequisites: 30 semester hours; department approval.

### ATEP 290 - Special Topics: ((Semester hours arranged))

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

### ATEP 302 - Musculoskeletal Clinical Evaluation and Assessment (3 credits)

This course is designed to enable the student to perform and objectively document the musculoskeletal evaluation

process. Students will integrate evaluation skills that include range of motion assessment, manual muscle and joint stress testing for the upper and lower extremities. The appropriate selection, instruction and use of ambulatory aids and prophylactic devices will be incorporated into the patient care process.

Distribution: Advanced (ADVD). Prerequisite: ATEP 230.

**ATEP 303 - Therapeutic and Rehabilitative Clinical Interventions (3 credits)**

This course will explore the broad range of therapeutic interventions to restore/enhance function, prevent impairments, facilitate reconditioning and maximize participation in physical activity following an injury. Students will examine those therapeutic techniques and modality interventions commonly used to manage pain, restore range of motion and neuromuscular control and improve muscular performance, balance and coordination.

Distribution: Advanced (ADVD). Prerequisite: ATEP 230.

**ATEP 310 - Psychosocial Issues In Sports Medicine (2 credits)**

This course examines the psychological impact and sociological factors related to injury, illness, inactivity and rehabilitation for physically active populations. Particular emphasis is placed on developing strategies for problem identification, intervention, and making referrals for injuries and illnesses common to the physically active.

Distribution: Advanced (ADVD). Prerequisite: ATEP 100.

**ATEP 330 - Injury Prevention and Reconditioning Workshop (2 credits)**

This course focuses on the application and development of basic skills used in the development of reconditioning and injury prevention programs. Students will analyze the theoretical basis for various training methods and gain experience in reconditioning program design, implementation and documentation.

Distribution: Advanced (ADVD). Prerequisite: ATEP 120 and ATEP 122.

**ATEP 340 - Illness Prevention and Health Promotion Workshop (2 credits)**

This workshop introduces athletic training students to their role as a health professional in the area of illness prevention and health promotion. The course will enhance the student's knowledge of non-musculoskeletal pathologies that may affect the physically active population. Additional emphasis will be placed on the concepts of disease prevention, health promotion and their relationship to exercise and nutrition.

Distribution: Advanced (ADVD). Prerequisite: ATEP 100 and ATEP 330 and EXSC 310.

**ATEP 400 - Evidence-Based Practice in Sports Medicine (2 credits)**

This course introduces the student to concepts of evidence-based medicine and medical research design, while stressing the examination of the best available evidence as a basis for clinical decision-making. The student learns to construct well-built clinical questions and to perform medical literature searches that yield evidence-based results. Methods for critically appraising the medical literature are emphasized throughout the course, as well as strategies for maintaining medical knowledge.

Distribution: Advanced (ADVD). Prerequisite: ATEP 100 and ATEP 429.

**ATEP 404 - Pharmacological Aspects in Physical Medicine (2 credits)**

This course examines the application of pharmacology in the management (indications, contraindications, precautions, interactions and documentation) of a variety of conditions. Specific discussion will emphasize medication and other therapeutic agents and the involved pharmacokinetics commonly used in physical medicine.

Distribution: Advanced (ADVD). Prerequisite: (BIOL 112 or BIOL 118) and CHEM 111 or higher.

**ATEP 410 - Clinically Oriented Anatomy (3 credits)**

This course explores the identification and management of commonly encountered sport and occupational conditions through an in depth study of the relevant anatomy. Common surgical and/or management techniques employed to correct these conditions are also discussed. The course is intended to advance the students' understanding of clinical anatomy through the use of anatomical models, software and dissections.

Distribution: Advanced (ADVD).

**ATEP 426 - Orthopedic Appliances Workshop (OAW) I: Casting + Bracing (1 credits)**

This workshop introduces the latest techniques in orthopedic casting and bracing to the allied health professional. This workshop includes an intensive hands-on experience that will involve both instruction and practical application. Selection, application and removal of orthopedic casting for both upper and lower extremity disorders is addressed.

Distribution: Advanced (ADVD). Prerequisite: BOC Athletic Trainer Certification or eligibility, or, appropriate health care professional background. Crosslisted as: ATEP 526.

**ATEP 427 - Orthopedic Appliances Workshop II: Advanced Casting + Bracing (1 credits)**

This advanced workshop will build on the fundamental competencies and proficiencies previously acquired in orthopedic casting and bracing. Furthermore, both instruction and practical application will be utilized to demonstrate current techniques in advanced orthopedic casting and bracing to the allied health professional. Complex techniques and modifications of basic orthopedic casting for the appendicular and portions of the axial skeleton are addressed.

Distribution: Advanced (ADVD). Prerequisite: (ATEP 426 or ATEP 526) and BOC Athletic Trainer Certification or eligibility, or, appropriate health care professional background required.

**ATEP 428 - Orthopedic Appliances Workshop (OAW) III: Orthotic Fabrication + Fitting (2 credits)**

This workshop is designed to provide instruction and experience in the fabrication, fitting and delivery of orthotic devices and related durable medical equipment. Special training and hands-on practice is included as it pertains to custom-designed, fabricated, modified and fitted external orthotics. Students are eligible to challenge the national board examinations for orthotic fitters (Certified Orthotic Fitter) upon successful completion of this workshop.

Distribution: Advanced (ADVD). Prerequisite: (ATEP 426 or ATEP 427) and BOC Athletic Trainer certification (or eligibility) and/or appropriate healthcare background . Crosslisted as: ATEP 528.

**ATEP 429 - Measurement and Evaluation of Lower Extremity Injuries (3 credits)**

The primary focus of this course is to present a systematic process for accurately evaluating lower extremity musculoskeletal injuries and illnesses commonly seen in the physically active population. This course focuses on the athletic training competencies and proficiencies associated with lower extremity injury assessment and evaluation, risk management and injury prevention, and acute care of injuries and illnesses.

Distribution: Advanced (ADVD). Prerequisite: ATEP 100 and ATEP 202 and ATEP 230. Crosslisted as: ATEP 529.

**ATEP 430 - Measurement and Evaluation of Upper Extremity Injuries (3 credits)**

The primary focus of this course is to present a systematic process for accurately evaluating upper extremity musculoskeletal injuries and illnesses commonly seen in the physically active population. This course focuses on the athletic training competencies and proficiencies associated with upper extremity injury assessment and evaluation, risk management and injury prevention, and acute care of injuries and illnesses.

Distribution: Advanced (ADVD). Prerequisite: ATEP 100 and ATEP 202 and ATEP 230. Crosslisted as: ATEP 530.

**ATEP 431 - Organization and Administration in Athletic Training (3 credits)**

This course is required for students in athletic training. It deals primarily with the administrative competencies necessary to accomplish the successful day-to-day operation of an athletic training program and facility.

Distribution: Advanced (ADVD). Prerequisite: ATEP 100 and ATEP 202 and ATEP 230. Crosslisted as: ATEP 531.

**ATEP 432 - Therapeutic Modalities in Sports Medicine (3 credits)**

This course examines the various therapeutic modalities used in the practice of athletic training and the related rehabilitation sciences. Laboratory experiences are provided in the use of heat, cold, light, sound, laser, electricity, and bodywork/massage. Emerging technologies and their relationship to the rehabilitation process are also explored.

Distribution: Advanced (ADVD). Prerequisite: ATEP 202 and ATEP 235 and ATEP 285 and (PHYS 110 or PHYS 131). Crosslisted as: ATEP 532.

**ATEP 433 - Therapeutic Exercise in Sports Medicine (3 credits)**

This course examines the various therapeutic exercise techniques commonly used in athletic training and the related rehabilitation sciences. The focus of the course is the application of neuromuscular re-education, movement, and exercise specifically to achieve the detailed goals of rehabilitation and reconditioning for injured physically active individuals.

Distribution: Advanced (ADVD). Prerequisite: ATEP 202 and ATEP 230 and ATEP 330. Crosslisted as: ATEP 533.

**ATEP 435 - Examination and Diagnosis of the Head and Spine (2 credits)**

This course focuses on the evaluation and diagnosis relating to head and spine orthopedic conditions in the physically active population.

Distribution: Advanced (ADVD). Prerequisite: ATEP 230 and ATEP 302.

**ATEP 436 - Primary Care for the Athletic Trainer (3 credits)**

The course is designed to examine the current medical practices used in the treatment and rehabilitation of physically active individuals. Students are introduced to the responsibilities and perspectives of various medical and allied medical personnel.

Distribution: Advanced (ADVD). Prerequisite: ATEP 429 and ATEP 430. Crosslisted as: ATEP 536.

**ATEP 437 - Advanced Emergency Care for Athletic Trainers (2 credits)**

This course is designed to enhance the athletic training student's ability to clinically evaluate and manage patients with an emergency injury or condition. Skill development includes the assessment and interpretation of vital signs and level of consciousness, activation of emergency action plans, secondary assessment, diagnosis, and provision of advanced prehospital techniques.

Distribution: Advanced (ADVD). Prerequisite: ATEP 230 and ATEP 436.

**ATEP 438 - Sports and Exercise Massage Techniques (2 credits)**

This course is designed to enhance the athletic training student's ability to clinically evaluate and manage patients with an emergency injury or condition. Skill development includes the assessment and interpretation of vital signs and level of consciousness, activation of emergency action plans, secondary assessment, diagnosis, and provision of advanced prehospital techniques.

Distribution: Advanced (ADVD). Prerequisite: ATEP 437 or ATEP 537 and BOC Athletic Certification (or eligibility) and/or basic science background . Crosslisted as: ATEP 538.

**ATEP 440 - Functional Rehabilitation and Sport Specific Conditioning (3 credits)**

This course focuses on the final stage of the rehabilitation process and concentrates specifically on the fundamental skills, sport specific training progressions, and testing and evaluation techniques necessary to safely return the injured back to physical activity.

Distribution: Advanced (ADVD). Prerequisite: ATEP 330 and ATEP 433. Crosslisted as: ATEP 540.

**ATEP 445 - Rehabilitation for Special Populations (3 credits)**

This course is designed to provide athletic training students with the skills necessary to differentiate between movement disorders and non-musculoskeletal diseases, disorders or pathologies. Identification and referral as well as treatment and rehabilitation considerations are discussed.

Distribution: Advanced (ADVD). Prerequisite: ATEP 230 and ATEP 330. Crosslisted as: ATEP 545.

**ATEP 450 - Seminar in Sports Medicine (3 credits)**

This seminar is designed to focus on the study and discussion of recent experimental and clinical research areas within the sports medicine arena. A review and discussion of the various sports medicine domains is reinforced through investigative research, self-analysis, and critical writing as identified in select healthcare topics.

Distribution: Advanced (ADVD) | Info. Literacy and Technology (I) . Prerequisite: ATEP 432 and ATEP 436. Crosslisted as: ATEP 550.

**ATEP 451 - Orthopedic Clinical Specialist Workshop (3 credits)**

This workshop integrates specific orthopedic competencies employed by the healthcare practitioner. Selection, application and removal of orthopedic casting and bracing for both upper and lower extremity injuries are addressed. The student will learn joint reduction and wound closure techniques along with the associated diagnostic imaging and intervention strategies being utilized in the orthopedic and sports medicine patient setting.

Distribution: Advanced. Prerequisite: ATEP 230 and ATEP 302.

**ATEP 485 - Independent Study: (Semester Hours Arranged)**

This course deals with independent research and study under the direction of a faculty member and is designed to deepen the student's interest in a particular area of an academic field. The directing faculty member will be available exclusively to the student for a minimum of five hours per credit.

Faculty member and Department chair must approve enrollment in independent study and granting of credit must be in accordance with procedures and standards established by faculty. Student must be present a study prospectus prior to enrollment approval.

Distribution: Advanced (ADVD). Prerequisite: ATEP 100 and 15 additional credits in ATEP .

**ATEP 486 - Field Experience and Internship (Semester Hours Arranged)**

All internship sites must be approved by the department faculty. Each application for an internship must be approved by the faculty member in charge of the experience, the director/supervisor of the site where the internship will be done, and the department chair. *Before submitting an application - student must meet the following requirements:*

1. Have faculty recommendation based on qualities essential for success in the assigned environment
2. Successfully completed at least 45 hours of credit
3. No incomplete grades in required courses
4. Cumulative/Overall GPA: 2.5 and Major GPA: 3.00

Distribution: Advanced (ADVD). Prerequisite: See Course Description.

**ATEP 487 - Athletic Training Clinical Laboratory I (1 credit)**

This course is designed to provide professional phase athletic training major students with the opportunity to learn, practice and apply a variety of entry-level athletic training skills. Students are required to revisit and integrate level appropriate skills into a required field experience.

Distribution: Advanced (ADVD). Prerequisite: ATEP 230 and ATEP 285.

**ATEP 488 - Athletic Training Clinical Laboratory II (1 credit)**

This course is designed to provide professional phase athletic training major students with the opportunity to learn, practice and apply a variety of entry-level athletic training skills. Continued skill acquisition and mastery is expected. Students are required to revisit and integrate level appropriate skills into a required field experience.

Distribution: Advanced (ADVD). Prerequisite: ATEP 230 and ATEP 285.

**ATEP 489 - Athletic Training Clinical Laboratory III (1 credit)**

This course is designed to provide professional phase athletic training major students with the opportunity to learn, practice and apply a variety of entry-level athletic training skills. Continued skill acquisition and mastery is expected. Students are required to revisit and integrate level appropriate skills into a required field experience.

Distribution: Advanced (ADVD). Prerequisite: ATEP 285 and ATEP 487.

**ATEP 490 - Externship in Athletic Training (4 credits)**

This course is designed to expose the student to new theories, concepts and challenges through completion of a fifteen-week clinical education experience at an approved affiliate clinical site. Students will revisit and integrate entry level athletic training skills from previous clinical laboratories into a full semester field experience.

Distribution: Advanced (ADVD). Prerequisite: ATEP 285 and ATEP 488 and Clinical Clearances .

#### **About the Programs**

The Department of Biological Sciences offers undergraduate degrees under a number of different rubrics. The Bachelor of Arts and Bachelor of Science degrees in Biology offer a broad foundation based on a core curriculum. With this education, an individual has a wide range of career opportunities or may proceed on to graduate school. Individuals may change careers later in life with minimal retraining required.

#### **Are you interested in...**

- Laboratory activities
- Field research and observation
- Organizing and presenting data
- Learning how biological systems interact
- Human biology / anatomy
- Animal and plant biology

#### **Choose Biology at ESU**

- Multiple concentrations
- Small advanced class sizes and personalized attention
- Well-equipped laboratories
- Practical field experiences
- Qualified, experienced faculty

**Career Potential**

- Research biologist
- Laboratory technician
- Medical professions
- Environmental conservation
- Forensic biologist

**Career Settings**

- Pharmaceutical companies
- Healthcare providers
- Environmental firms
- Food processing and safety departments
- Agriculture
- State and local government
- Universities and colleges *More detailed career information is available from the department.*

**Biology****Biology B.S.****PROGRAM FEATURES**

74 credits

*Required courses:*

BIOL 114	GN: Introductory Biology I	4
BIOL 115	Introductory Biology II	4
BIOL 200	General Ecology	3
BIOL 331	Genetics	3
BIOL 340	Animal Physiology	4
OR		
BIOL 422/BIOL 522	Plant Physiology	4
BIOL 495	Seminar I	1
BIOL 496	Seminar II	1

*and a minimum of 21 additional semester hours in Biological Sciences except for:*

BIOL 103	GN: Forensic Biology	3
BIOL 105	GN: General Biology	3
BIOL 106	GN: Insects and Human Life	3

(cannot include more than six credits in BIOL 484 plus BIOL 486)

*Co-requisite courses:*

CHEM 121	GN: General Chemistry I	3
----------	-------------------------	---

CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
CHEM 233	Organic Chemistry I	3
CHEM 234	Organic Chemistry II	3
CHEM 235	Organic Chemistry I Laboratory	1
CHEM 236	Organic Chemistry II Laboratory	1
PHYS 131	GN: Fundamental Physics I	4
PHYS 132	Fundamental Physics II	4

*and three courses in mathematics or two courses in Mathematics and one course in Computer Science not including:*

MATH 100	GN: Numbers, Sets and Structures	3
MATH 101	GN: Excursions in Mathematics	3
MATH 105	Mathematical Problem Solving for PK-8 Education Majors	3

*Required quality point average:*

2.25 or greater for courses in Biological Sciences.

*Additional requirements:*

- At least one half (21) of the credit hours required in biology must be completed at East Stroudsburg University.
- Please view university requirements in this catalog. (p. 40)

**Accelerated Pathway, B.S. in Biology to M.S. in Biology**

**Accelerated Pathway:** Biology students may complete an accelerated pathway through the Bachelor of Science (BS) in Biology to Master of Science (MS) in Biology. This accelerated pathway allows qualified undergraduate students to take up to eight (8) graduate credits of coursework that will apply to both the undergraduate and graduate degrees.

To qualify for the Biology accelerated pathway a student must have earned at least ninety (90) undergraduate credits and have an overall GPA of 3.30. Students will need to obtain the approval of the Biology Department Chair and the Biology graduate program coordinator to participate in the accelerated pathway.

Only courses offered solely at the 500-level during a particular semester will be eligible for this program. The 500-level section of dual-listed courses is not eligible. Before registering for the graduate course the permission of the Instructor is required.

**Additional Requirement:** A student must have obtained a grade of "B" or higher in the graduate course in order for it to count towards the graduate degree program, while a grade of "C" or higher is necessary in order for it to count towards the undergraduate degree program.

**Biology B.S. – Concentration: Secondary Education**

Coordinator: Professor Tracy Whitford

ESU's programs provide an opportunity to gain the scientific and educational background needed for Secondary Education certification in Biology. The requirements for certification include successful completion of science coursework in Biology, Chemistry, Physics, and Math; along with a number of courses taken through the College of Education, and a culminating semester-long student teaching experience.

**PROGRAM FEATURES**

56 credits

*Required courses:*

BIOL 114	GN: Introductory Biology I	4
BIOL 115	Introductory Biology II	4
BIOL 200	General Ecology	3
BIOL 331	Genetics	3

BIOL 340	Animal Physiology	4
----------	-------------------	---

OR

BIOL 422/BIOL 522	Plant Physiology	4
-------------------	------------------	---

BIOL 495	Seminar I	1
----------	-----------	---

OR

BIOL 496	Seminar II	1
----------	------------	---

BIOL 499	Student Teaching Internship	1
----------	-----------------------------	---

a minimum of 14 additional semester hours in Biological Sciences except for:

BIOL 103	GN: Forensic Biology	3
BIOL 105	GN: General Biology	3
BIOL 106	GN: Insects and Human Life	3

(cannot include more than six credits in BIOL 484 plus BIOL 486)

*Co-requisite courses:*

CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
CHEM 233	Organic Chemistry I	3
CHEM 235	Organic Chemistry I Laboratory	1
PHYS 131	GN: Fundamental Physics I	4

*two courses in Mathematics:*

one must be:

MATH 135	GN: Pre-Calculus	3
----------	------------------	---

OR

MATH 140	GN: Calculus I	4
----------	----------------	---

MATH 100, MATH 101, MATH 105 NOT ACCEPTED.

CHEM 234, CHEM 236, and PHYS 132 are strongly recommended.

A minimum of a "C" required for courses in the Biological Sciences.

*Required professional education courses:*

PSED 150	Introduction to Teaching All Students	6
----------	---------------------------------------	---

PSED 250	The Psychology of Learners In Diverse Communities	3
----------	---	---

PSED 420	Seminar in Secondary Education I: Instructional Structures and Strategies	3
----------	---	---

PSED 421	Seminar in Secondary Education II: Teaching Secondary Students In Diverse, Inclusive Classroom	3
----------	--	---

PSED 446	Teaching of Science in the Secondary Schools	3

### Biology B.S. – Concentration: Integrative Organismal Biology

Coordinator: Professor Howard Whidden

The Integrative Organismal Biology concentration emphasizes the study of the ecology, behavior, and evolution of organisms. The concentration is appropriate for students interested in working in fields such as wildlife management, forestry, environmental consulting, natural history, interpretation, environmental education, conservation, museum collections, management, zoo/aquarium collections management and for those planning to attend graduate school in botany, zoology, ecology, behavior, or evolution.

#### PROGRAM FEATURES

59 credits

*Required courses:*

BIOL 114	GN: Introductory Biology I	4
BIOL 115	Introductory Biology II	4
BIOL 200	General Ecology	3

BIOL 331	Genetics	3
BIOL 340	Animal Physiology	4
OR		
BIOL 422/BIOL 522	Plant Physiology	4
BIOL 495	Seminar I	1
BIOL 496	Seminar II	1

plus 24 additional credits of biology electives distributed among four course clusters as follows:

*Principles Course Cluster –*

6 credits from

BIOL 350	Animal Behavior	3
BIOL 407	Organic Evolution	3
BIOL 463	Conservation Biology	4

*Organismal Course Cluster –*

6 credits from

BIOL 220	Field Botany	3
BIOL 221	Field Zoology	3
BIOL 325	Ornithology	4
BIOL 333	Invertebrate Zoology	4
BIOL 425/BIOL 525	Herpetology	3
BIOL 442	Biology of Aquatic Macrophytes	3
BIOL 451	General Entomology	3
BIOL 481	Insect Systematics	3
BIOM 462	Marine Invertebrates	3
BIOM 470/BIOM 570	Marine Biology	3
BIOM 472/BIOM 572	Coral Reef Ecology	3
BIOL 493	Biology of Tropical Ecosystems	3

*Physio./Pathological/Morpho. Course Cluster –*

6 credits from

BIOL 311	Embryology	3
BIOL 315	Comparative Vertebrate Anatomy	4
BIOL 320	Plant Morphology	3
BIOL 322	Plant Responses to Environmental Stress	4
BIOL 416	Parasitology	3

*Ecology Course Cluster –*

6 credits from

BIOL 423	Plant Ecology	3
BIOL 426/BIOL 526	Wildlife Biology	3
BIOL 440	General Aquatic Ecology	3
BIOL 443	Stream Ecology	3
BIOL 457	Behavioral Ecology	3
BIOL 460	Marine Ecology	3
BIOL 493	Biology of Tropical Ecosystems	3

*Co-requisite courses:*

CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
CHEM 233	Organic Chemistry I	3
CHEM 234	Organic Chemistry II	3
CHEM 235	Organic Chemistry I Laboratory	1
CHEM 236	Organic Chemistry II Laboratory	1
GEOG 341	Introduction to Geographic Information Systems (GIS)	3

One additional course in MATH not including MATH 090, 100, 101, or 105.

*Directed General Education courses:*

The following required courses will also fulfill requirements within the General Education program:

CHEM 121	GN: General Chemistry I	3
PHYS 131	GN: Fundamental Physics I	4
PHYS 132	Fundamental Physics II	4
MATH 135	GN: Pre-Calculus	3
OR		
MATH 140	GN: Calculus I	4
OR		
MATH 141	GN: Calculus II	4

*Additional requirements:*

- Minimum 2.5 QPA in Biology courses Minimum grade of C in required and co-requisite courses
- Minimum grade of C is required and co-requisite courses
- At least one-half of the credit hours required in BIOL must be completed at East Stroudsburg University

**Biology B.S. – Concentration: Laboratory Medicine**

Coordinator: Professor Abdalla M. Aldras

The Bachelor of Science program in Biology with a concentration in Laboratory Medicine prepares students to practice science in this diverse field. The goal of the program is to develop highly literate, compassionate, analytically competent persons who possess extensive contemporary knowledge of medical laboratory skills. Students are strongly urged to participate in scholarly activities such as research, scientific writing, presentation of papers and attendance at scientific meetings.

**PROGRAM FEATURES**

83 credits

*Required courses:*

BIOL 111	GE: Human Anatomy and Physiology I	4
BIOL 112	GE: Human Anatomy and Physiology II	4
BIOL 114	GN: Introductory Biology I	4
BIOL 115	Introductory Biology II	4
BIOL 200	General Ecology	3
OR		
BIOL 210	Environmental Biology	3
BIOL 280	Laboratory Medicine Seminar	1
BIOL 330	Microbiology	4
BIOL 331	Genetics	3
BIOL 410	Histology	4
BIOL 416	Parasitology	3
BIOL 424/BIOL 524	Mechanisms Of Disease I	3
BIOL 437	Immunology	3
BIOL 495	Seminar I	1
OR		
BIOL 496	Seminar II	1

*Co-requisite courses:*

CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
CHEM 233	Organic Chemistry I	3
CHEM 234	Organic Chemistry II	3
CHEM 235	Organic Chemistry I Laboratory	1
CHEM 236	Organic Chemistry II Laboratory	1
CHEM 315	Biochemistry	3

CHEM 317	Biochemistry Laboratory	1
CHEM 371	Analytical Chemistry I: Quantitative	4
PHYS 131	GN: Fundamental Physics I	4
PHYS 132	Fundamental Physics II	4

*two courses in mathematics or one course in mathematics and one course in computer science, excluding:*

MATH 100	GN: Numbers, Sets and Structures	3
MATH 101	GN: Excursions in Mathematics	3
MATH 105	Mathematical Problem Solving for PK-8 Education Majors	3

*Required quality point average:*

2.25 or greater for courses in Biological Sciences.

*Additional requirements:*

- At least one half (23) of the credit hours required in biology must be completed at East Stroudsburg University.
- Please see the university requirements in this catalog. (p. 40)

**Biology B.S. – Concentration: Pre-Medicine**

Coordinator: Professor Joshua Loomis

This is a broad spectrum concentration designed to prepare students for further training as medical professionals in the fields of dentistry, medicine, optometry, osteopathy, podiatry, and veterinary.

***Freshmen must meet the following Entrance requirements:***

- Combined SAT score 1100, ACT Score of 24;
- High school GPA of at least 3.6;
- College-prep curriculum (preferable honors) that includes 4 years of English, 4 years of Mathematics, 3 years of science including 1 year each of biology, chemistry and physics;
- Class ranking in top 20 percent; and
- Permission of the Pre-Medicine Coordinator.

Students who do not meet the above requirements, but whose academic performance (after 30 semester hours minimum) meet the GPA requirements for the concentration, may request permission to transfer into the concentration from the Pre-Medicine Coordinator. Students will be evaluated after their junior year by the Pre-Medicine Committee. Students transferring from other schools or from other majors/concentrations should meet the same academic standards for college coursework.

**PROGRAM FEATURES**

73 credits

*Required major courses:*

BIOL 114	GN: Introductory Biology I	4
BIOL 115	Introductory Biology II	4

BIOL 200	General Ecology	3
BIOL 315	Comparative Vertebrate Anatomy	4
BIOL 330	Microbiology	4
BIOL 331	Genetics	3
BIOL 340	Animal Physiology	4
BIOL 449	Cell Biology	3
BIOL 495	Seminar I	1
BIOL 496	Seminar II	1

and a minimum of nine additional credits at 300 level or above.

*Co-requisite courses:*

CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
CHEM 233	Organic Chemistry I	3
CHEM 234	Organic Chemistry II	3
CHEM 235	Organic Chemistry I Laboratory	1
CHEM 236	Organic Chemistry II Laboratory	1
PHYS 131	GN: Fundamental Physics I And	4
PHYS 132	Fundamental Physics II	4
OR		
PHYS 161	GN: Physics I And	4
PHYS 162	Physics II	4
ENGL 203	GN: Advanced Composition	3
OR		
ENGL 204	Technical Writing	3

*6 credits in mathematics from the following:*

MATH 110/MATH 111	GN: General Statistics	3
MATH 129/MATH 130	GN: Applied Algebraic Methods with Foundation Mathematics	3
MATH 135	GN: Pre-Calculus	3
MATH 140	GN: Calculus I	4
MATH 141	GN: Calculus II	4

MATH 100, 101, 105, and 131 are not accepted.

A minimum grade of "C" is required in all required, co-requisite and directed GE courses.

*Required quality point average:*

3.5 QPA in basic sciences (see list below), 3.4 QPA in all BIOL, CHEM, PHYS and MATH courses, 3.3 QPA overall. At least one half (20) of the credit hours required in biology must be completed at East Stroudsburg University. Field Experience, Internship, and Research courses will not be included in the QPA calculations to meet the requirements of this program. No more than six credits of Field Experience, Internship, and Research courses may be applied toward Biology requirements for this degree. This is a broad-spectrum program designed to prepare the student for further training as medical professionals in the fields of Dentistry, Medicine, Optometry, Osteopathy, Podiatry, and Veterinary.

- Take the appropriate medical college admission test (MCAT, DAT, OAT, GRE, etc.), and report scores to ESU pre-med coordinator.
- Pre-Medicine Committee Letter of Evaluation: The Pre-Medicine Committee can provide a letter of evaluation. The interview is in the spring of the junior year, and the student should present a curriculum vitae, transcripts, letters of recommendation, and a signed Buckley Amendment Waiver.
- Students who do not meet the minimal standards for evaluation will not earn a favorable recommendation from the Pre-Medicine committee and will be advised to withhold their applications to medical schools for one year, during which the student has the opportunity to remedy any deficiencies.

**4 YEAR CURRICULUM PROGRAM PLAN**

(Subject to change by the university without notice)

**Biology B.S. – Concentration: Pre-Physical Therapy**

- Coordinator: Professor Chris Kavanau

Students enrolled in the Pre-Physical Therapy concentration in the Biological Sciences major are preparing for entrance into one of the many Doctor of Physical Therapy (DPT) programs to become a licensed physical therapist. Although this pathway builds a strong science foundation and skill set for studying rehabilitation medicine, it also prepares students for other career paths in health sciences and exposes them to related disciplines in Biology. ESU has an established internship program with several physical therapy clinics, providing students with at least 300 hours of experience working alongside a practicing physical therapist.

**PROGRAM FEATURES**

74 credits

*Required courses:*

BIOL 111	GE: Human Anatomy and Physiology I	4
BIOL 112	GE: Human Anatomy and Physiology II	4
BIOL 114	GN: Introductory Biology I	4
BIOL 115	Introductory Biology II	4
BIOL 200	General Ecology	3
BIOL 331	Genetics	3
BIOL 340	Animal Physiology	4
BIOL 410	Histology	4
BIOL 495	Seminar I	1
BIOL 496	Seminar II	1

and a minimum of eleven (11) additional semester hours in *Biological Sciences except for:*

BIOL 103	GN: Forensic Biology	3
BIOL 105	GN: General Biology	3
BIOL 106	GN: Insects and Human Life	3

cannot include more than six credits in BIOL 484 plus BIOL 486

*Co-requisite courses:*

CHEM 121	GN: General Chemistry I	3
----------	-------------------------	---

CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
CHEM 233	Organic Chemistry I	3
CHEM 234	Organic Chemistry II	3
CHEM 235	Organic Chemistry I Laboratory	1
CHEM 236	Organic Chemistry II Laboratory	1
PHYS 131	GN: Fundamental Physics I	4
PHYS 132	Fundamental Physics II	4

and three courses in mathematics or two courses in mathematics and one course in computer science

MATH 100, MATH 101, or MATH 105 not accepted

Required quality point average:

2.25 or greater for courses in Biological Sciences.

Additional requirements:

At least one half (22) of the credit hours required in biology must be completed at East Stroudsburg University.

## Biology B.S. - Concentration: Pre-Physician Assistant

Coordinator: Professor Jennifer L. White

This concentration prepares students to be competitive applicants to post-baccalaureate programs leading to licensing as a physician assistant. Students complete a Biology major with a concentration in Pre-PA studies, which includes specific curricular requirements intended to provide background necessary for admission into a Physician Assistant graduate program. Students are also expected to obtain hundreds of hours of clinical experience outside the classroom, and there are many opportunities available at local medical facilities.

### Freshmen must meet the following Entrance requirements:

- Combined SAT score of 1100 or ACT Score of 24;
- High school GPA of at least 3.0;
- College-prep curriculum that includes four years of English, four years of mathematics, three years of science including biology and chemistry.
- Class ranking in the top 40 percent; and
- Permission of the Pre-PA coordinator.
- Students will be evaluated after their junior year by the Pre-PA coordinator.

### Succeeding in the Pre-PA Program

Students may receive a favorable recommendation from the Pre-PA coordinator by the application deadlines of PA graduate programs if they adhere to the curricular requirements and clinical recommendations. At the discretion of the Pre-PA coordinator, a

student who fails to meet the standards for retention after the junior year may be placed on probationary status for one semester, during which all standards must be met for continuance.

Students should plan to complete general chemistry, organic chemistry, physics, introductory biology, and anatomy and physiology by the close of the junior year. Other courses recommended for completion by this time are genetics, animal physiology, histology, comparative anatomy, ecology, microbiology, statistics, and pre-calculus.

Students will be evaluated at the end of their junior year. Several hundred hours of clinical experience (direct patient care, shadowing, or health-related experience) in a hospital, clinic, senior care facility, etc., are recommended by graduation to be a competitive applicant to graduate programs.

This may be accomplished through an internship (BIL 486) subject to approval by the Pre-PA Coordinator.

## PROGRAM FEATURES

77 credits

Required courses:

BIOL 111	GE: Human Anatomy and Physiology I	4
BIOL 112	GE: Human Anatomy and Physiology II	4
BIOL 114	GN: Introductory Biology I	4
BIOL 115	Introductory Biology II	4
BIOL 200	General Ecology	3
BIOL 330	Microbiology	4
BIOL 331	Genetics	3
BIOL 340	Animal Physiology	4
BIOL 410	Histology	4
BIOL 495	Seminar I	1
BIOL 496	Seminar II	1

and at least an additional 5 semester hours of biology electives except:

BIOL 103	GN: Forensic Biology	3
BIOL 105	GN: General Biology	3
BIOL 106	GN: Insects and Human Life	3

Co-requisite courses:

CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
CHEM 233	Organic Chemistry I	3
CHEM 234	Organic Chemistry II	3
CHEM 235	Organic Chemistry I Laboratory	1
CHEM 236	Organic Chemistry II Laboratory	1

PHYS 131 OR PHYS 161	GN: Fundamental Physics I  GN: Physics I	4  4
PHYS 132 OR PHYS 162	Fundamental Physics II  Physics II	4  4
PSY 100 OR PSY 101	GN: General Psychology  GN: Introduction to Psychology	3  3
MATH 110/MATH 111  And MATH 135 OR MATH 140	GN: General Statistics   GN: Pre-Calculus  GN: Calculus I	3   3  4
ENGL 162  Or ENGL 203  Or ENGL 204	GN: Introduction to Literary Analysis and Interpretation  GN: Advanced Composition  Technical Writing	3  3  3

A minimum grade of "C" is required in all required, co-requisite and directed GE courses.

*Required quality point average:*

3.3 or greater in required and co-requisite courses (excluding BIOL 480, BIOL 484, BIOL 485, BIOL 486, BIOL 494, BIOL 498) , 3.0 or greater overall. At least one half (22) of the credit hours required in biology must be completed at East Stroudsburg University.

Students will be evaluated at the end of their junior year (after the sixth semester). Transfer students must meet the same academic standards for acceptance and college coursework.

*Qualified students choosing to remain in the concentration must:*

- Complete a diversity of clinical experiences, with hundreds of hours completed before the senior year.
- Maintain the required GPA.
- Interview with the Pre-PA coordinator in the spring of the junior year, to discuss grades, the application process, clinical experience, letters of recommendation, comments of internship sponsors, and

registration for senior year classes to complete graduation requirements.

Coordinator: Professor Abdalla M. Aldras

**Theory and practical training**

The program is designed to provide students with an in-depth experience and understanding of methods, techniques and instrumentation used in biotechnology. Applications are broad, and include human health, plant and animal agriculture, and environmental bioremediation. The core courses of this program combine theory and practical training. Techniques such as electrophoresis, ELISA, western blotting, PCR, DNA fingerprinting, cell culture, transformation and monoclonal antibody production will be covered

**Transfer Students**

Many students transfer from community colleges and other universities. We welcome your inquiries. More information about credit course transfers is available from the Office of Admissions, 877-230-5547.

PHYS 131	GN: Fundamental Physics I And	4
PHYS 132	Fundamental Physics II	4
OR		
PHYS 161	GN: Physics I And	4
PHYS 162	Physics II	4

*three courses in MATH or two courses in MATH and one in CPSC:*

MATH 090, MATH 100, MATH 101, or MATH 105 not accepted

*Required quality point average:*

Minimum QPA of 2.50 overall

*Additional requirements:*

- Please see the university requirements in this catalog. (p. 40)

#### 4 YEAR CURRICULUM PROGRAM PLAN

(Subject to change by the university without notice)

##### Freshman Year

###### Fall

BIOL 114	GN: Introductory Biology I	4
CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
MATH 135	GN: Pre-Calculus	3
GN ____	GN General Education Elective	3

**Subtotal: 14**

###### Spring

BIOL 115	Introductory Biology II	4
----------	-------------------------	---

CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
ENGL 103	English Composition	3
GN ____	GN General Education Elective	3

**Subtotal: 14**

##### Sophomore Year

###### Fall

BIOL 331	Genetics	3
BIOL 281	Introduction to Biotechnology	3
CHEM 233	Organic Chemistry I	3
CHEM 235	Organic Chemistry I Laboratory	1
HPLW 105	Health Promotion and Lifetime Wellness	3
GN ____	GN General Education Elective	3

**Subtotal: 17**

###### Spring

BIOL 200	General Ecology	3
CHEM 234	Organic Chemistry II	3
CHEM 236	Organic Chemistry II Laboratory	1
MATH 110/MATH 111	GN: General Statistics	3
GN ____	GN General Education Elective	3

**Subtotal: 16**

##### Junior Year

###### Fall

PHYS 131	GN: Fundamental Physics I	4
BIOL 330	Microbiology	4
BIOL 340	Animal Physiology	4
OR		
BIOL 422/BIOL 522	Plant Physiology	4

GN ____	GN General Education Elective	3
---------	-------------------------------	---

**Subtotal: 15**

###### Spring

PHYS 132	Fundamental Physics II	4
BIOL 430/BIOL 530	Applied Microbiology	4
BIOL ____	Biology Elective	3-4
BIOL 380	Cell Culture Techniques	2
GN ____	GN General Education Elective	3

**Subtotal: 16-17**

*Senior Year**Fall*

BIOL 495	Seminar I	1
BIOL ____	Biology Elective	3-4
CHEM 315	Biochemistry	3
CHEM 317	Biochemistry Laboratory	1
GN ____	GN General Education Elective	3
GN ____	GN General Education Elective	3

**Environmental Studies****About the Programs**

A Bachelor of Science in Environmental Studies is the best choice for those who plan on working as environmental consultants, in conservation districts, state and federal environmental agencies, non-governmental organizations or plan on attending graduate school.

A Bachelor of Arts degree in Environmental Studies is a good choice for those who plan to enter fields such as law, journalism, public policy or business. The course requirements for a Bachelor of Arts in Environmental Studies leave more room for a double major in a non-science field.

**Environmental Studies B.S.**

Coordinator: Professor Paul Wilson

**PROGRAM FEATURES**

48-54 credits

*Required courses:*

BIOL 114	GN: Introductory Biology I	4
BIOL 115	Introductory Biology II	4
BIOL 210	Environmental Biology	3
BIOL 322	Plant Responses to Environmental Stress	4

BIOL 330	Microbiology	4
----------	--------------	---

BIOL 463	Conservation Biology	4
----------	----------------------	---

BIOL 484	Field Experience in Environmental Studies	Semester Hours Arranged
----------	---	-------------------------

OR

BIOL 494	Research In Biology	3
----------	---------------------	---

BIOL 497	Environmental Studies Seminar	1
----------	-------------------------------	---

*one field ecology course*

BIOL 200	General Ecology	3
----------	-----------------	---

BIOL 220	Field Botany	3
----------	--------------	---

BIOL 221	Field Zoology	3
----------	---------------	---

*one plant course*

BIOL 320	Plant Morphology	3
----------	------------------	---

BIOL 422/BIOL 522	Plant Physiology	4
-------------------	------------------	---

BIOL 423	Plant Ecology	3
----------	---------------	---

BIOM 461	Marine Botany	3
----------	---------------	---

*one aquatic course*

BIOL 440	General Aquatic Ecology	3
----------	-------------------------	---

BIOL 443	Stream Ecology	3
----------	----------------	---

BIOL 446	Limnology	3
----------	-----------	---

BIOL 460	Marine Ecology	3
----------	----------------	---

*one animal course*

BIOL 325	Ornithology	4
----------	-------------	---

BIOL 333	Invertebrate Zoology	4
----------	----------------------	---

BIOL 425/BIOL 525	Herpetology	3
-------------------	-------------	---

BIOL 451	General Entomology	3
----------	--------------------	---

BIOL 462	Mammalogy	4
----------	-----------	---

BIOL 466	Marine Ichthyology	3
----------	--------------------	---

*and one additional Biology course at the 300+ level*

approved by the adviser.

*Co-requisite courses:*

CHEM 121	GN: General Chemistry I	3
----------	-------------------------	---

CHEM 123	GN: General Chemistry I Laboratory	1
----------	------------------------------------	---

CHEM 124	GE: General Chemistry II	3
----------	--------------------------	---

CHEM 126	GE: General Chemistry II Laboratory	1
----------	-------------------------------------	---

CHEM 373	Environmental Quality: The Chemical Approach	4
----------	--	---

MATH 110/MATH 111	GN: General Statistics	3
PHYS 117	GN: Energy	3
GEOG 120	GN: Physical Geography	3
GEOG 121	GN: Physical Geology	3
GEOG 341	Introduction to Geographic Information Systems (GIS)	3
CMST 111	GN: Introduction to Communication	3
POLS 120	GN: American Government	3

**Required quality point average:**

2.25 or greater for courses in Biological Sciences.

**Additional requirements:**

- A maximum of 10 hours of internship credit (BIOL 484) will be applied to the degree.
- At least one half (14) of the credit hours in biology must be completed at East Stroudsburg University.
- Please see the university requirements in this catalog. (p. 40)

**Note:** Students planning to attend graduate school in this field should also take CHEM 233, CHEM 234, CHEM 235, CHEM 236; PHYS 131, PHYS 132. These programs offer a unique opportunity to select individualized programs from a wide variety of electives in several disciplines. Each student is required to complete a field experience or internship in the senior year. Credits for internships are arranged individually with one credit earned for each full time (40 hour) work week. Interns have served with park departments, state and federal wildlife agencies, water and sewer treatment plants, and a variety of government conservation agencies both in the United States and abroad.

116 is the Minimum Total Credits.

**Marine Science****Marine Science B.S.**

Coordinator: Professor James C. Hunt

This is a directed degree program giving students firsthand knowledge via field experiences at the Wallops Island Marine Station as well as in-depth training in the theoretical aspects of marine science.

**PROGRAM FEATURES**

63 credits

*Required courses:*

BIOL 114	GN: Introductory Biology I	4
BIOL 115	Introductory Biology II	4
BIOL 288	Investigations in Marine Science	1
BIOL 460	Marine Ecology	3

BIOL 462	Mammalogy	4
OR		
BIOL 466	Marine Ichthyology	3
BIOL 474	Introduction to Oceanography	3
BIOL 498	Research in Marine Science	3
BIOM 470/BIOM 570	Marine Biology	3

and four courses in Marine Science taken at the Wallops Island field station. No more than six credits of internship may be applied toward Biology requirements for this degree.

BIOL 288: (two credits)

*Co-requisite courses:*

CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
CHEM 233	Organic Chemistry I	3
CHEM 235	Organic Chemistry I Laboratory	1
GEOG 121	GN: Physical Geology	3
MATH 110/MATH 111	GN: General Statistics	3
PHYS 131	GN: Fundamental Physics I	4
PHYS 132	Fundamental Physics II	4

*Additional requirements:*

- At least one half (19) of the credit hours required in biology must be completed at East Stroudsburg University.
- Please see the university requirements in this catalog. (p. 40)

This is a directed degree program giving students firsthand knowledge via field experiences at the Wallops Island Marine Station as well as in-depth training in the theoretical aspects of marine science.

**Field Experience**

The Marine Science Consortium at Wallops Island, Va., maintains labs and has classrooms, research vessels and equipment for studies of marine and coastal biology.

**Medical Technology****Medical Technology B.S.**

Coordinator: Professor Abdalla M. Aldras

This degree program is designed for students who are preparing for careers in diagnostic laboratory medicine. It also prepares students for other roles in the health professions as well as the background necessary to pursue studies beyond the baccalaureate degree. A strong background in science as well as a personal interview is necessary for final admission.

Enrollment is limited due to the availability of clinical facilities. Students are admitted to the program after completion of the freshman year with a quality point average of 2.5. The curriculum includes three academic years at East Stroudsburg University and a 12-month internship in a hospital laboratory approved by the American Society of Clinical Pathologists and the American Medical Association. The Bachelor of Science degree with a major in Medical Technology may be awarded upon completion of a minimum of 98 credits at East Stroudsburg University and the 12-month internship (32 credits allowed for this work).

### PROGRAM FEATURES

54 credits

#### Required courses:

BIOL 111	GE: Human Anatomy and Physiology I	4
BIOL 112	GE: Human Anatomy and Physiology II	4
BIOL 114	GN: Introductory Biology I	4
BIOL 330	Microbiology	4
BIOL 331	Genetics	3
BIOL 416	Parasitology	3
BIOL 437	Immunology	3

And

BIOL 439	Molecular Biology	3
OR		
BIOL 449	Cell Biology	3

#### Co-requisite courses:

CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
CHEM 233	Organic Chemistry I	3
CHEM 234	Organic Chemistry II	3
CHEM 235	Organic Chemistry I Laboratory	1
CHEM 236	Organic Chemistry II Laboratory	1
CHEM 315	Biochemistry	3
CHEM 317	Biochemistry Laboratory	1
CPSC 101	GN: Personal Computers and Their Uses in the Sciences	3

MATH 110/MATH 111	GN: General Statistics	3
-------------------	------------------------	---

#### one of the following courses:

BIOL 312	Principles of Neural Science	3
BIOL 410	Histology	4
BIOL 414	Pathogenic Microbiology	3
BIOL 419/BIOL 519	Virology	3
BIOL 424/BIOL 524	Mechanisms Of Disease I	3
BIOL 429	Human Physiology	3
BIOL 435	Endocrinology	3
BIOL 492	Mechanisms of Disease II	3

may be substituted for CHEM 315 and CHEM 317

#### Additional requirements:

- At least one half of the credit hours required in biology must be completed at East Stroudsburg University. A full calendar year internship in a hospital laboratory approved by the American Society of Clinical Pathologists and the American Medical Association (32 credits).
- Please see the university requirements in this catalog. (p. 40)

### 4 YEAR CURRICULUM PROGRAM PLAN

(Subject to change by the university without notice)

The curriculum includes three academic years at ESU and a 12-month internship in a hospital laboratory approved by the American Society of Clinical Pathologists and the American Medical Association.

**BIOL - Biology Courses****BIOL 103 - GN: Forensic Biology (3 credits)**

This course is a study of the application of biology to solve crimes. The student will learn the significance of biological samples of forensic relevance, such as blood, semen, hair, and saliva in terms of their biological properties and the evidential information that can be obtained from them. The course will explore the applications of molecular biology and genetics in areas such as DNA profiling, protein polymorphisms and immunological tests. The course will also investigate the roles of entomology in post mortem examinations, forensic botany, and palynology.

*Course may not be used for credit toward a Biological Sciences major*

Distribution: GE: Natural Sciences - Biology (NSBI) | GN: Group B - Biology (BBI).

**BIOL 104 - GN: Human Ecology (3 credits)**

This course is an ecological study of human impact on the environment; how past and present practices by man will influence the planet's future; discussion of population, pollution, and attitudes affecting ecosystem balance and stability; special interest groups or action groups may be organized at the option of the instructor.

Distribution: GE: Natural Sciences - Biology (NSBI) | GN: Group B - Biology (BBI).

**BIOL 105 - GN: General Biology (3 credits)**

This course is an introduction to a broad spectrum of biological topics and to the scientific methods used in studying biology. The course will

investigate the structure and function of animals and plants and will include information on current topics such as genetics, ecology, and evolution.

*Course may not be used for credit toward a Biological Sciences major.*

Distribution: GE: Natural Sciences - Biology | GN: Group B - Biology (BBI).

**BIOL 106 - GN: Insects and Human Life (3 credits)**

This course is designed to teach the principles of biological science by utilizing examples of insects and their interactions with humans.

Interesting examples of insects throughout the world will be cited in discussion of biological evolution, morphology, physiology, diversity, systematics, behavior, reproduction, and ecological interactions.

*Course may not be used for credit toward a Biological Sciences major.*

Distribution: GE: Natural Sciences - Biology (NSBI) | GN: Group B - Biology (BBI).

**BIOL 111 - GE: Human Anatomy and Physiology I (4 credits)**

Systems of the body will be covered from a structural and functional standpoint. The topics covered in lab and lecture will be epithelium, connective tissues, bones, muscles, nervous system, special senses, and the endocrine glands.

*This is an introductory course in Human Anatomy and Physiology for Physical Education, Nursing, and Pre-Med majors.*

Distribution: GE: Natural Sciences - Biology (NSBI).

**BIOL 112 - GE: Human Anatomy and Physiology II (4 credits)**

Additional systems of the body will be covered from a structural and functional standpoint. Topics covered will be the cardiovascular system, respiratory system, digestive system, urinary system, reproductive system, and the fetal systems.

*This is the continuation of the course BIOL 111: Human Anatomy and Physiology I and is designed for Nursing, Physical Education, and Pre-Med majors.*

Distribution: GE: Natural Sciences - Biology. Prerequisite: BIOL 111.

**BIOL 114 - GN: Introductory Biology I (4 credits)**

Introductory Biology I is a comprehensive course in biology which covers basic concepts in classical and modern biological thought. Topics focus on the central principles of structure and function of the cell, metabolism, genetics, protein synthesis, and concepts of evolution and ecology.

First course in a two-course sequence that ends with BIOL 115 (p. 110).

Distribution: GE: Natural Sciences - Biology | GN: Group B - Biology (BBI).

**BIOL 115 - Introductory Biology II (4 credits)**

Topics to be discussed include classification schemes, plant and animal anatomy, and systemic physiology. The course has been designed to provide the student with a sound foundation in Biology for advanced studies in this field.

Second of a two-course sequence that begins with BIOL 114. (p. 110)

Distribution: GE: Natural Sciences - Biology. Prerequisite: BIOL 114.

**BIOL 116 - GE: Human Anatomy and Physiology I for the Health Sciences (3 credits)**

Students will explore basic biological chemistry, molecules, cells, histology, sensory organs, integumentary, skeletal, muscular, and nervous systems from perspective of a clinical setting. Clinical and applied case studies will be utilized to emphasize the role of preventative and rehabilitative health care on anatomical systems.

First course in a two-course sequence involving the study of the normal structure and function of the human body. Final course in sequence is BIOL 118 (p. 110).

*This course is restricted to students in College of Health Sciences and course may not be used for credit toward a Biological Sciences major.*

Distribution: GE: Natural Sciences - Biology (NSBI). Corequisite: BIOL 117.

**BIOL 117 - Human Anatomy and Physiology I Laboratory for the Health Sciences (1 credit)**

The laboratory experience that will introduce health science students to an in-depth anatomical and physiological analysis of the skeletal, joint, integument, muscular, nervous, and organ systems. Kinesthetic and biomechanical analyses, physiological exercises, virtual dissections, disarticulated skeletons, organ models, and various audiovisual/technical aids will be used to augment student comprehension.

*This course is restricted to students in College of Health Sciences and course may not be used for credit toward a Biological Sciences major.*

Distribution: GE: Natural Sciences - Biology. Corequisite: BIOL 116.

**BIOL 118 - GE: Human Anatomy and Physiology II for the Health Sciences (3 credits)**

Students will explore the endocrine, cardiovascular, lymphatic, immune, respiratory, digestive, urinary, and reproductive systems from the perspective of a clinical setting. Clinical and applied case studies will be utilized to emphasize role of preventative and rehabilitative health care on anatomical/physiological systems.

First course in a two-course sequence involving the study of the normal structure and function of the human body. First course in sequence is BIOL 116 (p. 110).

*This course is restricted to students in College of Health Sciences and course may not be used for credit toward a Biological Sciences major.*

Distribution: GE: Natural Sciences - Biology. Prerequisite: BIOL 116. Corequisite: BIOL 119.

**BIOL 119 - Human Anatomy and Physiology II Laboratory for the Health Sciences (1 credit)**

The laboratory experience will introduce health sciences students to an in-depth anatomical and physiological analysis of the cardiovascular, respiratory, digestive, renal, urinary, and reproductive systems. Physiological exercises, virtual dissections, standard instrumentation organ models and various audiovisual/technical aids will be used to augment student comprehension.

Registration Restriction: Limited to students in the College of Health Sciences.

*Course may not be used for credit toward a Biological Sciences major.*

Distribution: GE: Natural Sciences - Biology. Prerequisite: BIOL 117.  
Corequisite: BIOL 118.

### **BIOL 200 - General Ecology (3 credits)**

This course is a study of interrelationships of plants and animals and their environments; the influences of heat, light, air, soil, water, and biotic factors; associations and successions; habitat types; populations, equilibrium, and predator-prey relationships.

Distribution: Advanced (ADVD) | Level II Writing (W2) . Prerequisite: BIOL 114 and BIOL 115 and ENGL 103.

### **BIOL 210 - Environmental Biology (3 credits)**

It will follow an ecosystems approach to ecology as related to humans. Emphasis will be placed on discrete ecological principles which affect local and global environments.

*Course required for Environmental Studies majors and intended for students with concentrations in the field of medical studies.*

Distribution: GE: Natural Sciences - Biology (NSBI). Prerequisite: BIOL 104 or BIOL 114.

### **BIOL 220 - Field Botany (3 credits)**

This course includes field studies in identification and classification of native and cultivated plants of the area and special instruction in the use and preparation of keys to the identification of herbs, shrubs, trees, ferns, bryophytes, and algae. Phylogenetic and taxonomic relationships of the plant groups will be explored.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115.

### **BIOL 221 - Field Zoology (3 credits)**

This course is a general study of animal groups found in the region; field technique, trapping, tagging, and population studies; amphibia, reptiles, birds of prey, and mammals. Class discussion of wildlife conservation and man's role in nature are included.

Distribution: Advanced. Prerequisite: BIOL 114, BIOL 115.

### **BIOL 280 - Laboratory Medicine Seminar (1 credit)**

Selected topics in Laboratory Medicine will be discussed and analyzed by the students. Emphasis is placed upon recent developments, and students are expected to orally report upon at least one contemporary aspect of Laboratory Medicine. Invited speakers as well as field trips to various laboratory facilities will be an integral part of the course.

Distribution: Advanced (ADVD).

### **BIOL 281 - Introduction to Biotechnology (3 credits)**

This course is intended to introduce the students to the fundamental concepts needed for a thorough understanding of biotechnology and its applications. It provides an overview of the objectives, techniques, and problems related to the application of biotechnology in different fields. Major subjects addressed include medical biotechnology, pharmaceutical development, agriculture applications, and environmental applications. Also discussed will be ethical issues and their implication in the new biotechnological advances. Updates to the new breakthroughs and discoveries will be emphasized.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115.

### **BIOL 288 - Investigations in Marine Science (1 credit)**

Selected topics in Marine Science will vary depending on the individual needs of the students and the relevant literature.

The course may be repeated, for which additional work will be required.

Prerequisite: BIOL 114 (May be taken concurrently) .

### **BIOL 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

### **BIOL 311 - Embryology (3 credits)**

This course examines the processes involved in the development of animals through study of fertilization, cleavage, gastrulation, formation of appendages, origin of organs, and the process of differentiation.

Distribution: Advanced. Prerequisite: BIOL 114, BIOL 115.

### **BIOL 312 - Principles of Neural Science (3 credits)**

Principles of Neural Science will provide an added dimension to students interested in knowing more about the nervous system of man. This course will complement the courses in Anatomy and Physiology as well as Mechanisms of Disease.

Distribution: Advanced (ADVD). Prerequisite: (BIOL 111, BIOL 112, BIOL 114, BIOL 115 and CHEM 233) or permission of instructor.

### **BIOL 315 - Comparative Vertebrate Anatomy (4 credits)**

This course deals with evolutionary and functional aspects of vertebrate anatomy. A series of vertebrates will be dissected in order to demonstrate the evolutionary development of anatomical systems. The physiological, ecological, and behavioral significance of anatomical characteristics observed in laboratory will be the topic of lecture sessions providing a synthesis of these biological disciplines within an evolutionary framework.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115.

### **BIOL 320 - Plant Morphology (3 credits)**

This course is primarily a study of the classification, general characteristics, and life cycles of the major plant divisions. The student becomes acquainted with representative mosses, liverworts, ferns, fern allies, and gymnosperms. The general ecology and economic values of the plant groups are investigated.

Distribution: Advanced. Prerequisite: BIOL 114, BIOL 115.

### **BIOL 321 - Plant Pathology (3 credits)**

This course is an introduction to the study of plant disease. Discussion consists of the kinds of disease in plants, the agents causing them, and factors which influence disease development with special emphasis on symptomatology and disease control.

Distribution: Advanced. Prerequisite: BIOL 114, BIOL 115.

### **BIOL 322 - Plant Responses to Environmental Stress (4 credits)**

As plants are developing and reproducing they are often subjected to environmental stress, which can be quite severe. Temperature extremes, drought, flooding, unavailability of nutrients, toxic minerals, and airborne pollutants are examples of such stress factors. This course deals with the symptoms of stress and the mechanisms by

which some plants overcome these problems. Lab exercises provide experience in applying appropriate methods to the study of stress effects and plant responses.

Distribution: Advanced (ADVD). Prerequisite: All of the following: BIOL 114, BIOL 115; CHEM 121, CHEM 123, CHEM 124, CHEM 126 .

### **BIOL 325 - Ornithology (4 credits)**

The emphasis in this course is introductory in nature; consequently, all aspects of ornithology will be discussed with an emphasis on evolution, ecology, behavior, and adaptation. In the laboratory, field identification and behavioral observation of birds of the eastern United States will be stressed through field trips to local and regional parks and refuges.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115.

### **BIOL 330 - Microbiology (4 credits)**

This course is a study of microscopic forms of life with emphasis upon bacteria. Special attention will be given to growth, metabolism, and control of microorganisms. Consideration is given to the relationship of microbes to health and disease. In the laboratory, techniques of isolation, staining, biochemical, characterization, and serology are stresses.

Distribution: Advanced (ADVD). Prerequisite: (BIOL 114, CHEM 121, CHEM 123, CHEM 124, and CHEM 126) or Equivalent.

### **BIOL 331 - Genetics (3 credits)**

This course includes a study of the principles of Mendelian genetics and theories of inheritance including the chemical nature, location, organization and transfer of the information encoded in nucleic acids. Aspects of population and medical genetics are reviewed.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114.

### **BIOL 333 - Invertebrate Zoology (4 credits)**

This course is a comprehensive survey of the major phyla of invertebrate animals. The morphology, functional biology, ecology, evolutionary history, and phylogeny of invertebrate taxa will be covered. The minor invertebrate phyla will be introduced.

*Laboratory required.*

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115.

### **BIOL 340 - Animal Physiology (4 credits)**

This course is an introductory study of animal organ systems, their functions and mechanisms of function as related to whole organism homeostasis. Topics include energetics, temperature and fluid regulation, and nervous and hormonal controls.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114, BIOL 115, CHEM 121, CHEM 123, CHEM 124, and CHEM 126.

### **BIOL 350 - Animal Behavior (3 credits)**

The Animal Behavior course will provide an introduction to the study of ethology. The course will begin with a historical account of the development of ethology as a science followed by discussions of the evolutionary, genetic, and physiological bases of various types of behaviors.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115 and BIOL 200. Corequisite: BIOL 351.

### **BIOL 351 - Animal Behavior Laboratory (1 credit)**

This course complements the Animal Behavior lecture course. Laboratory topics are chosen to facilitate an in-depth analysis of specific topics discussed in lecture. Emphasis will be placed on observing, measuring, analyzing, and reporting behavioral patterns observed in laboratory and field conditions.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114, BIOL 115, and BIOL 200. Corequisite: BIOL 350.

### **BIOL 380 - Cell Culture Techniques (2 credits)**

This course is designed to provide the students with theory and basic techniques of plant and animal cell cultures. These include aseptic techniques, media preparation, establishment of primary culture, maintenance and propagation, contamination control, transformation, transfection, cloning, and fusion of cultured cells.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114, BIOL 115, CHEM 121, CHEM 123, CHEM 124 and CHEM 126.

### **BIOL 390 - Human Gross Anatomy (4 credits)**

This course is designed to provide the student with an in-depth examination of the structure and function of the human body. Using a regional approach, students will examine through lecture/discussion and laboratory exercises systems including the musculoskeletal, nervous, endocrine, and cardiovascular.

Distribution: Advanced (ADVD). Prerequisite: BIOL 111, BIOL 112, BIOL 114 and BIOL 115.

### **BIOL 407 - Organic Evolution (3 credits)**

This course develops a synthetic theory of evolution, describes the causes of variability, organizes genetic variability in the population, and evaluates isolation, hybridization, and ploidy. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115.

### **BIOL 410 - Histology (4 credits)**

This course is a study of the microscopic anatomy of cells, tissues, and organs. Correlations between structure and function at the microscopic and submicroscopic levels are primary functions of the course. Laboratory experiences will supplement the lectures and provide students with the opportunity to develop the ability to recognize the microscopic anatomy of cells, tissues, and organs.

Distribution: Advanced. Prerequisite: BIOL 114, 115.

### **BIOL 411 - Introduction to Molecular Biotechnology (3 credits)**

The course will provide students with an overview of modern molecular biology and the growing field of biotechnology. The laboratory component will allow students to use some of the major techniques and instrumentation widely used in molecular biology research. Guest lecturers will present key projects that illustrate the application of biotechnology to problems of disease prevention and vaccine production.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115.

### **BIOL 414 - Pathogenic Microbiology (3 credits)**

This course is a study of the pathogenic microorganisms. The emphasis is on bacteria, rickettsia, and chlamydia. The morphological, biochemical, serological, and pathological characteristics of these

organisms will be addressed. This course will focus on important nosocomial and outbreak associated etiological agents.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 330.

#### **BIOL 416 - Parasitology (3 credits)**

This is an introductory course consisting of a morphological study of selected parasites of man and animals with special attention to host-parasite relationships and the phenomenon of parasitism. Laboratory experience includes dissection of vertebrate hosts and fixation, staining, mounting, and identification of parasites recovered.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 AND BIOL 115 OR BIOL 111 AND BIOL 112.

#### **BIOL 419 - Virology (3 credits)**

This course includes a study of the aspects of systematics, serology, immunology, vaccines and genetics of viruses. Representative viral diseases along with their mechanism for pathogenicity are studied.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114, BIOL 115 and BIOL 330. Crosslisted as: BIOL 519.

#### **BIOL 421 - Introductory Mycology (3 credits)**

This course is a survey of higher and lower fungi, including field collections of fleshy fungi with laboratory physiological studies and identification. Emphasis on fleshy basidiomycetes and fungi imperfecti. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115.

#### **BIOL 422 - Plant Physiology (4 credits)**

This course is a study of the functions of higher plants, including water relations, photosynthesis, respiration, nutrition, and the control of plant growth and development. The practical applications of plant physiology are also discussed.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115. Crosslisted as: BIOL 522.

#### **BIOL 423 - Plant Ecology (3 credits)**

This course is designed to instill knowledge of the principles of fundamentals of plant ecology and the methods of vegetation analysis. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114, BIOL 115 and BIOL 200.

#### **BIOL 424 - Mechanisms Of Disease I (3 credits)**

This course will discuss the mechanisms contributing to disease and representative diseases affecting the various body systems. Readings, Kodachrome slides, and selected, preserved organs/tissues will be used to graphically illustrate the diseases.

Distribution: Advanced (ADVD). Prerequisite: BIOL 111 and BIOL 112. Crosslisted as: BIOL 524.

#### **BIOL 425 - Herpetology (3 credits)**

This course will review the biology of the vertebrate classes Amphibia and Reptilia from an organismic perspective. The topics of focus will include evolution, systematics, ecology, and behavior. Field research techniques will also be emphasized.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115. Crosslisted as: BIOL 525.

#### **BIOL 426 - Wildlife Biology (3 credits)**

A management approach to wildlife resource biology, the emphasis is on life histories, investigative techniques, and field research methods. Most North American game species are included. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115. Crosslisted as: BIOL 526.

#### **BIOL 428 - Biogeography (3 credits)**

This course deals with the geographical distribution of organisms. It examines the pattern of these distributions and the underlying causes for them. The question of what present distributions of organisms indicate about past climates and environments is considered. A secondary area of examination is ecology of invasions which include present day translocation of organisms from former to new habitats.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115 and BIOL 331. Crosslisted as: BIOL 528.

#### **BIOL 429 - Human Physiology (3 credits)**

This course is an in-depth study of human physiology. Emphasis is placed on the function and interrelationship of the nervous, circulatory, respiratory, and excretory systems. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

*CHEM 312 is a recommended, but not required, pre-requisite.*

Distribution: Advanced (ADVD). Prerequisite: BIOL 110, and (BIOL 111 or BIOL 246), CHEM 312 (recommended) .

#### **BIOL 430 - Applied Microbiology (4 credits)**

This course stresses the applications of principles learned in general microbiology. Emphasis will be placed on specific microbiological techniques as they apply to pathogenic microorganisms, agriculture, and the environment.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 330. Crosslisted as: BIOL 530.

#### **BIOL 435 - Endocrinology (3 credits)**

This course is a study of the embryology, histology, and function of the chemical integrating system — the endocrine system — of animals, with particular emphasis on the vertebrates. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: CHEM 234.

#### **BIOL 437 - Immunology (3 credits)**

A course designed to develop a basic understanding of the immune system and its relationship to disease. Everyday immunologic problems, penicillin and ragweed allergy, myeloma and lymphomas, serologic tests involving antigen antibody reactions, immunization, etc. will be considered.

Distribution: Advanced (ADVD). Prerequisite: BIOL 111 and BIOL 112.

**BIOL 439 - Molecular Biology (3 credits)**

This course is intended to provide in-depth coverage of the principles of molecular biology. The structure of nucleic acids and proteins will be reviewed. The process of DNA replication, transcription, and translation in both prokaryotes and eukaryotes will be covered. The control of gene expression in several representative systems will be discussed in detail. Current methodologies in recombinant DNA research will be emphasized.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114, BIOL 331, CHEM 121, CHEM 123, CHEM 124, and CHEM 126.

**BIOL 440 - General Aquatic Ecology (3 credits)**

This course is a study of the plants, animals, and microorganisms that interrelate within the aquatic environment. Local habitats are used to illustrate theoretical and applied principles of aquatic ecology; freshwater and marine ecosystems in relationship to various types of pollution are also considered.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOL 441 - Ecology of Water Pollution (3 credits)**

Distribution: Advanced. Prerequisite: two courses in Biology.

**BIOL 442 - Biology of Aquatic Macrophytes (3 credits)**

This course considers the identification, ordination, morphology, physiology, and ecology of the larger vascular and non-vascular aquatic plants. Since this course is also offered for graduate credit a differentiation of requirements is made.

Distribution: Advanced. Prerequisite: BIOL 114, BIOL 116.

**BIOL 443 - Stream Ecology (3 credits)**

Stream Ecology is a course designed to study the biological parameters of rivers and streams with special emphasis on trophic dynamics, invertebrate-vertebrate communities, and seasonal changes. The effects of pollution on various aspects of streams will also be a major consideration. Field investigations will be used to examine differing streams and their particular characteristics. A variety of sampling techniques will be used in the field to give students experience with different methods of answering ecological questions. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: BIOL 114, BIOL 115 AND BIOL 200.

**BIOL 446 - Limnology (3 credits)**

This course provides basic principles of physical limnology in relation to several types of communities in lakes and streams; laboratory and field trips are an integral part of the course. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOL 449 - Cell Biology (3 credits)**

This course will provide an in-depth examination of cell structure and function and the interrelationship between the two. Special attention will be given to membranes, cytoskeleton, and cell surface structures. The function of these structures in the coordination of activities occurring within and among cells will be stressed.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 331 and CHEM 234.

**BIOL 451 - General Entomology (3 credits)**

This course is the study of insects with respect to morphology, physiology, taxonomy, and ecology; insects of economic importance are used as examples. This is a basic course leading to several aspects of entomology such as insect morphology, economic entomology, insect physiology, medical entomology, etc. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: BIOL 114, BIOL 115.

**BIOL 454 - Medical Entomology (3 credits)**

This course is the study of arthropods that affect the health of man and animals. The study includes a brief account of introductory entomology and that of the ticks, insects, and sites of medical importance, both as vectors and as the causal agents of pathological conditions. Seeks understanding of the principle of the vector-host relationship. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: BIOL 114 and BIOL 115 OR BIOL 451.

**BIOL 457 - Behavioral Ecology (3 credits)**

Behavioral Ecology is designed to introduce students to animal behavior within an ecological and evolutionary context. The subject matter deals with ways in which an organism's behaviors are influenced by the environment, especially with regard to resource distribution. Since this course is also offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115.

**BIOL 458 - Wildlife Diseases (3 credits)**

This course includes a study of the occurrence, principles, concepts and significance of disease in wildlife. Representative diseases along with their mechanism for pathogenicity will be studied. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114, BIOL 115 and BIOL 330. Corequisite: BIOL 459.

**BIOL 459 - Wildlife Disease Laboratory (1 credits)**

This course is designed to demonstrate the immunological and biochemical factors in disease diagnosis. Common laboratory tests in hematology, blood chemistry, and microbiology will be employed. Birds, fish, and mammals will be the subjects examined. Since this course is also offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114, BIOL 115, and BIOL 330. Corequisite: BIOL 458.

**BIOL 460 - Marine Ecology (3 credits)**

This course is a study of the physical constants of the marine environment as it interrelates with marine organisms. The ecological interactions of the organisms with each other will be emphasized. The effect of pollution and excessive exploitation on marine organisms will

be discussed. Since this course is also offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

#### **BIOL 461 - Mechanisms of Disease Laboratory (1 credit)**

This course focuses on basic mechanism of disease (the processes). The main thrust is directed toward identification of the changes in the human body at cellular, tissue, and system levels when insulted by a disease. Glass microscopic slides, 35mm slides, organ and tissue specimens, images from the Internet and DC-ROM programs will be utilized in this course.

Distribution: Advanced (ADVD). Prerequisite: BIOL 111 and BIOL 112 . Corequisite: BIOL 424.

#### **BIOL 462 - Mammalogy (4 credits)**

An overview of the vertebrate Class Mammalia, this course is designed to help the student develop a basic understanding of the anatomy, diversity, ecology, fossil record, and geographical distributions of mammals. Students will be exposed to the modern and fossil mammals of the world – with a focus on the regional fauna – through a combination of classroom discussion, lecture, laboratory work with preserved specimens, field trips, and field work.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115 and BIOL 200.

#### **BIOL 463 - Conservation Biology (4 credits)**

This course will synthesize topics relating to the conservation of animals and plants, including extinction, genetics, demography, insularization, threats to biodiversity, conservation economics, environmental ethics, and strategies for conservationists.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115.

#### **BIOL 465 - Immunology Laboratory (1 credit)**

This course is designed to provide the students with hands-on laboratory experimentation using basic immunological techniques. The course will include methods and techniques of: Immunization and bleeding of mice, antigen and antibody purification and characterization, immunoelectrophoresis, western blot, ELISA procedures, immunoprecipitation, immunocytochemistry, identification of cellular antigens by immunofluorescence, and isolation of mouse lymphoid tissue (spleen and thymus).

Distribution: Advanced (ADVD). Prerequisite: BIOL 330. Corequisite: BIOL 437.

#### **BIOL 466 - Marine Ichthyology (3 credits)**

This course is a study of the internal and external structure of fishes, their systematic and ecological relationships, and their distribution in time and space. This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

#### **BIOL 467 - Fish Health Management (3 credits)**

The maintenance of fish health in enclosed, recycling water systems will be studied. The chemical, physical, and biological processes of

these enclosed systems will be related to the health of various species of fish. Nutrition, fish handling, and diagnosis of diseases will also be emphasized.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115. Crosslisted as: BIOL 567.

#### **BIOL 474 - Introduction to Oceanography (3 credits)**

This course is designed to familiarize the student with the marine environment and current developments in the marine sciences. Topics for study will include the physical parameters of the ocean, ocean basis topography, life in the sea, and resources in the ocean. This course is periodically offered at the Marine Science field station in Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

#### **BIOL 477 - Molecular Biology Laboratory (1 credit)**

This course is intended as an adjunct to BIOL 439 Molecular Biology. This course will provide students with hands-on experience using techniques for molecular biology research including DNA isolation, Southern blotting, and PCR (polymerase chain reaction).

Distribution: Advanced (ADVD). Prerequisite: All of the following: BIOL 114, BIOL 331, CHEM 121, CHEM 123, CHEM 124, CHEM 126 . Corequisite: BIOL 439. Crosslisted as: BIOL 598.

#### **BIOL 479 - Forensic Biotechnology (3 credits)**

This course is intended to familiarize the students with an understanding of scope and use of biotechnological techniques in forensic sciences, which include criminal investigation, civil cases (paternity testing), and wildlife conservation and management (endangered species), diagnosis of inherited diseases, tissue and organ transplantation, personal and organism identification. This course will be conducted as both lecture and laboratory exercises.

Distribution: Advanced (ADVD). Prerequisite: BIOL 331 and (BIOL 411 or BIOL 439 and BIOL 477) and Instructor permission. Crosslisted as: BIOL 579.

#### **BIOL 480 - Research in Biotechnology (3 credits)**

This course introduces research methods in biotechnology including the scientific method, literature search strategies, collection and analysis of data, scientific writing and presentation skills. Students, with instructor assistance, will be expected to choose an independent research project in the area of Biotechnology.

Distribution: Advanced (ADVD). Prerequisite: Junior Standing (60 or more credits) and instructor permission.

#### **BIOL 481 - Insect Systematics (3 credits)**

This course will provide an in-depth examination of insect diversity at the order and family level with an emphasis upon identification of adults. Topics will include taxonomy, evolutionary relationships, approaches to classifications, nomenclature, zoogeography, ecology, morphology, and techniques of collection. One or more field trips may be required. Since this course is also offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115.

**BIOL 484 - Field Experience in Environmental Studies (Semester Hours Arranged)**

Environmental field experience is gained by on-the-job experience under direct professional supervision. Interns have served with state, local, federal, and overseas agencies. Opportunities continue to expand as present interns open new positions for future internships.

Distribution: Advanced (ADVD). Prerequisite: Environmental Studies major with second semester Junior standing or higher.

**BIOL 485 - Independent Study (Semester Hours Arranged)**

This experience is taken upon the initiative of a student who seeks to study with a knowledgeable faculty member in order to deepen a specific interest in a particular academic discipline. Independent study is a process through which a student either sharply increases his/her already advanced knowledge of a subject matter or increases his/her appreciation about an academic discipline that is correlative with a student's advanced knowledge of a subject. The proposed independent study must be submitted to the department for approval. The faculty member supervising the independent study must provide a minimum of five (5) hours of time per credit hour upon request of the student.

Distribution: Advanced (ADVD).

**BIOL 486 - Field Experience and Internship (Semester Hours Arranged)**

This experience is taken upon the initiative of a student who seeks to study with a knowledgeable faculty member in order to deepen a specific interest in a particular academic discipline. Independent study is a process through which a student either sharply increases his/her already advanced knowledge of a subject matter or increases his/her appreciation about an academic discipline that is correlative with a student's advanced knowledge of a subject. The proposed independent study must be submitted to the department for approval. The faculty member supervising the independent study must provide a minimum of five (5) hours of time per credit hour upon request of the student.

Distribution: Advanced (ADVD).

**BIOL 491 - Behavioral Ecology Laboratory (1 credits)**

Laboratory topics will introduce students to experimental design, data acquisition, and behavioral observation techniques under laboratory and field conditions using a variety of invertebrate and vertebrate organisms and plants. Some Saturday laboratories will be required.

Distribution: Advanced. Prerequisite: BIOL 114, BIOL 115 AND BIOL 457 or concurrent.

**BIOL 492 - Mechanisms of Disease II (3 credits)**

The mechanisms of diseases affecting the organ system will be studied; namely, to provide a concise account of important aspects of the pathology of human disease.

This course is a continuation of BIOL 424: Mechanisms of Disease I. (p. 113)

Distribution: Advanced (ADVD). Prerequisite: BIOL 424.

**BIOL 493 - Biology of Tropical Ecosystems (3 credits)**

This course is designed to impart a thorough understanding of tropical ecology and the role played by the tropics in maintaining both our global environment and biodiversity.

Lectures are conducted at ESU and during a week-long field experience where excursions into the field provide an opportunity to become familiar with forest structure and organisms that typify the tropical environment. Students will meet for a total of 15 hours prior to and after the field trip.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115 and BIOL 200.

**BIOL 494 - Research In Biology (3 credits)**

This course is an experimental investigation selected by the student in consultation with a member of the faculty and carried out under the guidance of the faculty member. Instruction will be given on how to design, pursue, analyze, and report on independent research. This course seeks to enrich undergraduate learning, by promoting opportunities for students to experience firsthand the research experience.

Distribution: Advanced (ADVD). Prerequisite: Junior standing (60 or more credits) and instructor permission.

**BIOL 495 - Seminar I (1 credit)**

This course is designed to lead senior students into current scientific literature. Students are assigned independent problems as well as readings in their areas and are expected to analyze the literature and orally report their findings to the class. Every attempt will be made to secure the services of experts in their field to present learned papers.

*This course is required of all Biology majors in the arts and sciences in their senior year and secondary education majors who are student teaching in the spring semester.*

Distribution: Advanced (ADVD) | Level III Writing (W3) | Info. Literacy and Technology (I). Prerequisite: Senior Standing (89 or more credits) and Level II Writing (W2) course.

**BIOL 496 - Seminar II (1 credit)**

This course is a continuation of Seminar I. It is required of all Biology majors in the arts and sciences in the second semester of their senior year and of secondary education majors who are student teaching in the fall semester.

Distribution: Advanced.

**BIOL 497 - Environmental Studies Seminar (1 credit)**

Seminar participants analyze selected environmental topics. Both individual and group efforts are encouraged.

Registration Restriction: Environmental Studies Majors

Distribution: Advanced (ADVD). Prerequisite: Instructor Permission. .

**BIOL 498 - Research in Marine Science (3 credits)**

This course is an individualized investigation of a research area in Marine Science. The specific research problem is formulated by the student and carried out under the direction of the professor.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing (89 or more credits) and 12 credits in BIOL/BIOM.

**BIOL 499 - Student Teaching Internship (1 credit)**

This course is designed to provide the student with an opportunity to work with a faculty member in the student's primary Arts and Sciences discipline during the student teaching experience. The course will

enhance the student's ability to understand and maximize the relationship between disciplinary subject matter and pedagogy.

Distribution: Advanced (ADVD). Corequisite: PSED 430 or PSED 431.

## **BIOM - Marine Science Courses**

Courses taught with a BIOM rubric are those courses normally taught at the Marine Science Consortium field station at Wallops Island, Va. These BIOM courses are taught through the Department of Biological Sciences and, unless specified otherwise in the course description, BIOM courses will count as Biological Sciences courses toward a major within the Department.

In addition to the courses listed, a number of courses are offered by the Marine Science Consortium at Wallops Island, Va., which a student may take and apply toward the requirements in biology. Interested students should contact Dr. James C. Hunt for further information.

### **BIOM 360 - Conservation in Marine Science (3 credits)**

The course is designed to provide students with an overview of current issues in marine science conservation. We will explore five main themes during the semester: basic overview; marine biodiversity; fisheries and conservation; management techniques; and human impacts on conservation.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115.

### **BIOM 401 - Biological Oceanography (3 credits)**

The interactions between biological communities and the oceanic environment are studied with emphasis on the distributions of coastal plankton, fishes, and benthic invertebrates. Since this course is also offered for graduate credit, a differentiation of requirements will be made.

This course is periodically offered at the Marine Science Consortium field station in Wallops Island, Va., only during a summer session.

*BIOL 474: Introduction to Oceanography* (p. 119) is a recommended, but not required, pre-requisite.

Distribution: Advanced (ADVD). Prerequisite: BIOL 114 and BIOL 115. Crosslisted as: BIOM 501.

### **BIOM 402 - Marine Evolutionary Ecology (3 credits)**

This course will study the ecological mechanisms underlying evolutionary processes. It is broad in scope and requires that students synthesize both evolutionary and ecological concepts and theory into an understanding of how organisms adapt to their environment.

This course is periodically offered at the Marine Science Consortium field station in Wallops Island, Va., only during a summer session.

Distribution: Advanced (ADVD). Crosslisted as: BIOM 502.

### **BIOM 403 - Comparative Physiology of Marine Organisms (3 credits)**

This course is an introduction to the physiology of marine organisms utilizing a comparative approach. A wide range of marine organisms will be used to demonstrate the variety of mechanisms and strategies that allow them to physiologically adapt to their specific environments. Since this course is also offered for graduate credit, a differentiation of requirements will be made.

This course is periodically offered at the Marine Science Consortium field station in Wallops Island, Va., only during a summer session.

Distribution: Advanced (ADVD).

### **BIOM 405 - Scanning Electron Microscopy: Marine Application (3 credits)**

This course trains the student in the use of a scanning electron microscope (SEM). Principles of operation and the preparation of marine geological and biological specimens are covered. Applications of the technique are performed on selected marine organisms and/or marine rocks and sediments. In addition, an energy dispersive X-ray spectrometer (EDX) is used to supplement the SEM analysis.

Distribution: Advanced. Prerequisite: One year of biology that includes one marine course. .

### **BIOM 458 - Coastal Environmental Oceanography (3 credits)**

This course examines the interaction of biological, chemical, physical, geological, and ecological ocean processes as applied to coastal environments. Emphasis is placed on environmental management issues of the coastal zone. Topics include water quality analysis, barrier island geology and ecology, estuarine pollution, beach defense and biological implications in areas of coastal upwelling and coastal fronts. Specific cases in coastal pollution will be examined from coastal environments around the U.S.

Distribution: Advanced (ADVD). Prerequisite: BIOL 474. Crosslisted as: BIOM 558.

### **BIOM 459 - Advanced Methods in Coastal Ecology (3 credits)**

This course covers the wide array of methods of data collection, study designs, and analyses used in ecology. Emphasis is placed on understanding the strengths and weaknesses of different ecological methods and analyses in the study of coastal environments. Lecture, fieldwork, and laboratory are integrated, and students gain practical computer experience by analyzing ecology data from the field using software that performs analyses introduced in lecture.

Distribution: Advanced (ADVD). Prerequisite: Two semesters of introductory biology, college algebra (or equivalent) and an ecology course. Recommended: Statistics. . Crosslisted as: BIOM 559.

### **BIOM 460 - Marine Ecology (3 credits)**

This course is a study of the physical constants of the marine environment as it interrelates with marine organisms. The ecological interactions of the organisms with each other will be emphasized. The effect of pollution and excessive exploitation on marine organisms will be discussed. Since this course is also offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only. .

### **BIOM 461 - Marine Botany (3 credits)**

The taxonomy, physiology, ecology, and economic importance of marine and coastal plants, as exemplified by those found in the Lewes, Delaware, area, will be considered. Laboratory techniques will include collecting, preserving, identifying, and analyzing plants and plant materials; appropriate instrumentation will be used. Emphasis will be given to both in-the-field studies and laboratory analyses. This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is

offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only. .

**BIOM 462 - Marine Invertebrates (3 credits)**

The course is a study of the life history, habits, origin, development, physiology, anatomy, and taxonomy of the main phyla of invertebrates. A phylogenetic sequence is followed to show interrelationships among the phyla. Special emphasis is given to the Atlantic marine invertebrates. Laboratory and fieldwork deal with collection, preservation, and identification of local species. This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only. .

**BIOM 464 - Developmental Biology of Marine Organisms (3 credits)**

This course deals with the principles of development and differentiation in marine organisms at the molecular and supramolecular levels of organization. The laboratory will include both descriptive and experimental embryology. This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOM 465 - Management of Wetland Wildlife (3 credits)**

This course deals with the ecology and management of wetland wildlife with emphasis on the management of wetlands as ecological systems. This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOM 466 - Marine Ichthyology (3 credits)**

This course is a study of the internal and external structure of fishes, their systematic and ecological relationships, and their distribution in time and space. This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOM 467 - Marine Pollution Research Cruise (3 credits)**

Investigations are conducted before, during, and after a pollution episode; the fate and behavior (dispersion and degradation) of the pollutants are followed. Bioassays and other toxicity studies will also be conducted. Procedures, techniques, and equipment will be prepared and standardized prior to the cruise and a final project report prepared and submitted for the course grade. This course is

periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOM 468 - Marine Ornithology (3 credits)**

Ornithology at the Wallops Island station introduces the student to the avian fauna of the seacoast and at the same time enables comparison with inland species to be found near the laboratory. In addition to the fieldwork providing visual and vocal identification, lecture material will include information on distribution behavior physiology and anatomy. This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOM 469 - Field Methods in Oceanography (3 credits)**

This course provides students with a general background for a working knowledge of investigative techniques that are used to study the physical, biological, geological, and chemical parameters of the marine environment. Students learn to appreciate the scope of field studies through active participation in group projects and individual research efforts; those projects include planning and execution, analysis and interpretation of data, and presentation (written and verbal) of the results. This course is periodically offered at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOM 470 - Marine Biology (3 credits)**

This course is a study of plant and animal life in the marine environment. Emphasis will be placed upon physical and chemical factors that affect the marine environment and the ways in which various organisms have become adapted for exploiting marine resources.

*This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session.*

Distribution: Advanced (ADVD). Prerequisite: Two Courses in BIOL or BIOM (excluding Laboratory only courses). Crosslisted as: BIOL 570.

**BIOM 472 - Coral Reef Ecology (3 credits)**

This course investigates coral reef structure, formation, types and the relationship of reef organisms to their environment. Emphasis will be given to species diversity/identification, symbiosis, and effects of temperature, salinity, light, nutrient concentration, current predation, and competition on the abundance and distribution on coral reef organisms. Since this course is also offered for graduate credit, a differentiation of requirements will be made.

*This course will be offered at the Marine Science Consortium at Wallops Island, Va., with a portion taught in Honduras.*

Distribution: Advanced (ADVD). Prerequisite: One year of biology (with laboratories). . Crosslisted as: BIOM 572.

**BIOM 473 - Marine Mammals of the Atlantic (3 credits)**

The distribution, population size, physiology, evolution, adaptation, and ecological relationships of marine mammals will be studied. Laboratory and fieldwork will include an off-campus field trip to facilities studying marine mammals (Baltimore Aquarium and Woods Hole). Since this course is also offered for graduate credit, a differentiation of requirements will be made.

*This course will be offered at the Marine Science Consortium at Wallops Island, Va., during a summer session.*

Distribution: Advanced (ADVD). Prerequisite: One year of biology (with laboratories). . Crosslisted as: BIOM 573.

**BIOM 474 - Introduction to Oceanography (3 credits)**

This course is designed to familiarize the student with the marine environment and current developments in the marine sciences. Topics for study will include the physical parameters of the ocean, ocean basis topography, life in the sea, and resources in the ocean. This course is periodically offered at the Marine Science field station in Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOM 475 - Behavior of Marine Organisms (3 credits)**

Discussion and observations are conducted on the influences of external and internal factors on the regulation and coastal behavior of organisms living in the marine coastal environment. This course is periodically offered during the summer sessions at the Marine Science field station at Wallops Island, Va. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOM 476 - Marine Microbiology (3 credits)**

This course provides a survey of methods and concepts of marine microbiology. Attention will be given to technical aspects of sample collection, microbial ecology of the marine environment, enrichment culturing, methods of enumeration and identification, with emphasis on marine bacteria. This course is periodically offered during summer sessions at the Marine Science field station at Wallops Island, Va. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOM 478 - Anatomy of Marine Chordates (3 credits)**

The basic structures of marine chordates will be studied by dissection in order to trace the important trends (and their functional significance) in the evolution of these structures within the various groups of marine chordates. This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOM 479 - Ecology of Marine Plankton (3 credits)**

This course is a study of the phytoplankton and zooplankton in marine and brackish environments. Qualitative and quantitative comparisons will be made between the planktonic population of various types of habitats in relation to primary and secondary productivity. This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOM 480 - Oceanography (3 credits)**

This course is an introduction to the physical, chemical, biological, and geological processes and interactions in the oceans. Topics include history of oceanography, charts and navigation, the physical and chemical properties of seawater, instrumentation and at-sea measurements, marine geology, beach processes, theory of continental drift, air-sea interactions, waves and ocean circulation, tides, plant and animal life in the seas, and marine ecology. This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOM 482 - Field Studies in Oceanography (3 credits)**

This is a three week session involving detailed planning and preparation for an oceanographic research cruise of approximately one week duration, the actual research cruise on board the R. V. "Annandale," and the data-processing and final reporting of results. Demonstration of various shipboard sampling techniques and instrumentation will be given. Each cruise will deal with different aspects of marine science, i.e., 1) general oceanography, 2) marine biology, 3) marine geology, and 4) marine pollution and waste disposal. This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made. Prerequisites: Any two courses in biology with the exception of laboratory courses only.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

**BIOM 483 - Wetland Ecology (3 credits)**

This structure and function of coastal wetland ecosystems are emphasized. The ecological impact of humans on these wetlands is interrelated with management strategies. Field exercises are stressed. This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

### **BIOM 487 - Tropical Invertebrates (3 credits)**

Tropical Invertebrates emphasizes the systematics and ecology of tropical communities. A variety of collection and observation methods are used to sample tropical inshore and reef areas. This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

### **BIOM 488 - Coastal Vegetation (3 credits)**

The vegetation under the marine influence is identified, and the factors limiting and controlling the distribution of this vegetation is determined. This course is periodically offered during the summer at the Marine Science field station at Wallops Island, Va. Since this course also is offered for graduate credit, a differentiation of requirements is made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

### **BIOM 489 - Physiology of Marine Invertebrates (3 credits)**

Mechanisms and regulation of organ function in invertebrates with emphasis on homeostasis will be studied using live specimens from the marine environment. The unique adaptations of the marine invertebrates will be compared with general physiological principles. This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during a summer session. Since this course also is offered for graduate credit, a differentiation of requirements is made.

Distribution: Advanced. Prerequisite: Any two courses in biology with the exception of laboratory courses only.

### **BIOM 490 - Marine Aquaculture (3 credits)**

This course will include the theory and the practice of raising organisms for food and for the aquarium trade. Techniques of raising economically important organisms from the egg stage to marketable size and their food supplies will be studied.

*This course is periodically offered at the Marine Science field station at Wallops Island, Va., only during summer sessions.*

Distribution: Advanced (ADVD). Prerequisite: Three courses in BIOL or BIOM (excluding laboratory only courses). Crosslisted as: BIOM 590.

## **Biotechnology and Chemical Biotechnology**

### **The Faculty of Sciences**

See Biological Sciences (p. 93) for Biotechnology

See Chemistry and Biochemistry (p. 133) for Chemical Biotechnology

## **Business Management**

### **College of Business and Management**

#### ***The Faculty of Business Management***

Department of Business Management  
Gessner Science Hall

570-422-3251

[www.esu.edu/cbm](http://www.esu.edu/cbm)

### **The Department of Business Management**

The Department of Business Management offers courses that will introduce you to a variety of careers in the field of business. The Bachelor of Science degrees in Business Management, Accounting, Finance and Marketing offer the benefits of small class sizes, modern teaching classrooms, and personal advising by faculty.

East Stroudsburg University has offered the Bachelor of Science degree in Business Management since 1986, with the additions of the Bachelor of Science in Accounting, the Bachelor of Science in Marketing, and the Bachelor of Science in Finance in recent years. The department maintains full-time academically-qualified faculty and part-time professionally-qualified faculty to teach in the program. There are more than 600 Business Management majors in the department. The department graduates almost 200 students per year who go on to successful professional careers in business.

The degree program in Business Management is designed to offer professional training at the baccalaureate level that can lead to a career in business or further graduate education.

### **Career Settings**

- Small, medium, large Private Companies
- Local, State and Federal Government
- Nonprofit Organizations
- Accounting and Auditing Firms
- Consulting Firms
- Marketing, Advertising, Retailing Firms
- Financial firms, banks, insurance companies

### **Student Organizations**

#### **Accounting Society**

The East Stroudsburg University Accounting Society provides students with an outstanding opportunity to share and further their knowledge of careers in accounting.

#### **American Marketing Association**

This student chapter provides students with information about careers and opportunities in marketing as well as resources available to marketing professionals.

#### **Investment Club**

The East Stroudsburg University Investment Club provides students with an outstanding opportunity to share and further knowledge of finance and investment ideas. Club members develop expertise in making investment decisions by analyzing the economy, industries, and companies, and managing a diversified portfolio of securities.

#### **Society of Human Resource Management (SHRM)**

The SHRM student chapter provides students with the opportunity to network with local HR professionals and allows students to gain insights into the the knowledge and competencies required by HR professionals.

## Internships

Pursuing an internship while you are in college provides you with a great opportunity to gain valuable business work experience in your area of specialization. Many students receive job offers from their internship experience. Internships can be paid or unpaid and are available for credit or non-credit. Internships are not a requirement for graduating with a Bachelor of Science in Business Management degree, but are highly recommended.

If there is a specific area where you would like to intern, a Career Services adviser will work with you to find a match. If you wish to take an internship for credit, all you need to do is set up an internship agreement with a faculty member.

## Accounting B.S.

### About the Program

The B.S. in Accounting provides students with the knowledge, training, and skills development they need to pursue successful careers in accounting.

The program is designed to prepare students for a variety of career paths including:

- Certified Public Accountant (CPA)
- Controller
- Chief Financial Officer (CFO)
- Tax Accountant
- Government Accountants
- Budget Director
- Forensic Accountant
- Fraud Investigator

The B.S. in Accounting will also provide accounting students with the necessary preparation for eligibility to take the CPA examination. Following national trends, the accounting program will emphasize critical analysis, practical problem solving, effective communication, and the appropriate use of technology.

### PROGRAM FEATURES

60 credits (required courses and cognate courses)

#### Co-requisite Directed General Education courses:

CMST 111	GN: Introduction to Communication	3
CPSC 103	GN: Introduction to Information Technology	3
ECON 112	GN: Principles of Microeconomics	3
ENGL 205	Workplace Writing	3
MATH 110/MATH 111	GN: General Statistics	3
PSY 100	GN: General Psychology	3

#### Additional requirement:

- 2.5 GPA required in all courses

#### Required courses:

MGT 200	Principles of Management	3
MGT 204	Principles of Marketing	3
MGT 211	Financial Accounting Fundamentals	3
MGT 212	Managerial and Cost Accounting Fundamentals	3
MGT 225	Business Law I	3
MGT 250	Quantitative Business Analysis	3
MGT 301	Financial Management I	3
MGT 331	Intermediate Financial Accounting I	3
MGT 332	Intermediate Financial Accounting II	3
MGT 333	Intermediate Managerial and Cost Accounting	3
MGT 335	Tax Accounting I	3
MGT 336	Tax Accounting II	3
MGT 352	Human Resource Management	3
MGT 355	Business Ethics	3
MGT 431	External Financial Auditing	3
MGT 432	Intermediate Financial Accounting 3	3
MGT 452	Organizational Strategy	3

**Subtotal: 51**

#### and one course from the following:

MGT 430	Internal   Operational Auditing	3
MGT 434	Financial Statement Analysis	3
MGT 435	Advanced Accounting	3
MGT 438	Forensic Accounting	3

**Subtotal: 3**

#### Co-requisite Cognate courses:

MATH 129/MATH 130	GN: Applied Algebraic Methods with Foundation Mathematics	3
ECON 111	GN: Principles of Macroeconomics	3

**Subtotal: 6**

## 4 YEAR CURRICULUM PROGRAM PLAN FOR ACCOUNTING

**Business Management B.S.****“What Can I Do with a Major in Business Management?”**

As companies strive to compete in a global market, they look for employees who are knowledgeable in current business practices and who can effectively evaluate the current competitive environment and

meet customer needs. Businesses want employees with strong communication skills who are good at analyzing and solving problems and thinking critically.

A Business Management degree can provide those skills, and earning this degree can increase your job opportunities and salary potential. The study of business management provides a broad education in business management practices and can be pursued on its own or combined with a more specialized area of study such as Entrepreneurship or Supply Chain Management.

### About the Program

The purpose of the Business Management program is to provide students with the knowledge, training, and skills development they will need to pursue a successful career in business management. As a Business Management major, you choose the area of specialization that you would like to pursue. The areas of concentration are: General Management, Entrepreneurship and Supply Chain Management. When you complete the course of study, you will receive a Bachelor of Science in Business Management.

If your goal is to become a professional manager who is not only a trained decision-maker, but also understands the complex relationships that exist between the manager, the organization, and society at large, then please contact the department for more information.

### Are you interested in ...

- Effectively and efficiently managing people, methods, materials, equipment, and money to meet customer needs
- Individual and organizational success
- Leadership
- Effective communication
- Critical thinking and analyzing and solving problems
- Team work

### Choose Business Management at ESU

- Small class size
- Modern teaching classrooms
- Qualified, experienced faculty
- Personal advising by faculty
- Three concentrations: General Management, Entrepreneurship, and Supply Chain Management

### Is Business Management a career path for me?

#### Career Potential

- Operations and Manufacturing Manager
- Small Business Manager, Entrepreneur
- General or Human Resource Manager
- Business Analyst

## PROGRAM FEATURES

45 credits

### Required courses:

MGT 200	Principles of Management	3
MGT 204	Principles of Marketing	3
MGT 211	Financial Accounting Fundamentals	3
MGT 212	Managerial and Cost Accounting Fundamentals	3
MGT 225	Business Law I	3
MGT 250	Quantitative Business Analysis	3
MGT 301	Financial Management I	3
MGT 352	Human Resource Management	3
MGT 355	Business Ethics	3
MGT 452	Organizational Strategy	3

### Concentration courses:

Fifteen credits from one of the following areas:

#### Management:

Select any five of the following:

MGT 333	Intermediate Managerial and Cost Accounting	3
MGT 351	Operations Management	3
MGT 353	Small Business Management	3
MGT 354	Retail Management	3
MGT 359/HIST 359	Labor History and Industrial Relations	3
MGT 362	Globalization and International Management	3
MGT 453	Organizational Leadership	3
MGT 454/MGT 501	Organizational Behavior	3
ECON 332	Forecasting Methods	3

#### Entrepreneurship:

All of the following are required:

MGT 353	Small Business Management	3
MGT 363	Entrepreneurship and New Venture Creation	3
MGT 370	Consumer Behavior	3
MGT 375	Innovation and New Product Development	3
MGT 453	Organizational Leadership	3

#### Supply Chain Management:

MGT 323	Organizational Theory	3
MGT 350	Quantitative Business Analysis II	3

MGT 351	Operations Management	3	FYE 100	University Studies	3

<i>Additional requirements:</i>			HPLW 105	Health Promotion and Lifetime Wellness	3
• Majors must complete a minimum of five management (MGT) courses at East Stroudsburg University.			MATH	GN: General Statistics	3
• Majors must attain a major GPA of 2.5 or higher in all management (MGT) courses taken at East Stroudsburg University.			110/MATH		
• Incoming students are admitted as Pre-Business Management majors. In order to be admitted to the Business Management degree program and be permitted to take upper level (300/400) management courses, pre-business management students must satisfy the following entrance-to-major requirements:			111		
• Complete all eight required co-requisite courses			OR		
• Complete the following entrance-to-major lower-level business courses: MGT 211, 212, 225, 250			MATH	GN: Applied Algebraic Methods with	3
• Complete a minimum of 45 total semester hours with a cumulative GPA of 2.25.			129/MATH	Foundation Mathematics	
• Transfer students (both from other colleges and other majors) must meet the above requirements. If they do not, they are admitted into the pre-business management program.			130		
• Please see the University requirements in the Undergraduate Catalog. (p. 40)

**Finance B.S.****College of Business and Management****The Faculty of Business Management**

Department of Business Management  
Gessner Science Hall  
570-422-3251

**The Finance program is housed within the Department of Business Management.****What can I do with a major in Finance?**

The B.S. in Finance is designed to prepare students for professional careers as:

- Financial Analysts
- Investment Analysts
- Portfolio Managers
- Financial Advisors
- Bank Officers, and
- Finance Managers

The Finance B.S. will provide students with the essential knowledge in areas of financial management, corporate finance, investment management, financial institutions management, asset pricing, derivatives in risk management, international financial markets, multinational corporate finance, and financial data analytics.

The program will emphasize spreadsheet and statistical software skills, decision making skills, analysis, evaluation and effective data visualization.

**PROGRAM FEATURES**

60 credits - Includes required major courses and co-requisites.

*Required major courses:*

MGT 200	Principles of Management	3
MGT 201	Decision Science I	3
MGT 204	Principles of Marketing	3
MGT 211	Financial Accounting Fundamentals	3
MGT 212	Managerial and Cost Accounting Fundamentals	3
MGT 225	Business Law I	3
MGT 250	Quantitative Business Analysis	3

CPSC 103	GN: Introduction to Information Technology	3
PSY 100	GN: General Psychology	3

*Additional requirements*

2.5 GPA required in the major

*Entrance requirements*

Must have an overall GPA of 2.25 or greater to be admitted into the major.

**Marketing B.S.****About the Program**

The B.S. in Marketing is designed to prepare students for professional careers as:

- Marketing Managers
- Advertising Account Executives
- Retail Managers
- Marketing Research Analysts
- Brand Managers
- Chief Marketing Officers
- Sales Managers

The Marketing B.S. will provide students with the essential knowledge in areas of advertising, consumer behavior, sales management, marketing research, and strategy, with an emphasis on the application of ethical principles and an understanding of how the business environment (specifically the influence of political, social, legal, regulatory, environmental, competitive and technological concerns) affects the decisions managers need to make. Additionally, the

program will emphasize spreadsheet and statistical software skills, decision making skills, analysis, evaluation, and effective data visualization.

**PROGRAM FEATURES**

57 credits (required courses and cognate courses)

*Co-requisite Directed General Education courses:*

CMST 111	GN: Introduction to Communication	3
PSY 100	GN: General Psychology	3
ECON 111	GN: Principles of Macroeconomics	3
MATH 110/MATH 111	GN: General Statistics	3

#### MGT - Management Courses

##### MGT 101 - Introduction to Business Analytics (3 credits)

This course will introduce students to the fundamentals of data management and analysis using the SAS system. Emphasis will be placed on the management of large data sets and related data manipulation, including reading, processing, recoding, and

reformatting of data. The approach will be to teach by example, with an emphasis on hands-on-learning. Each participant should afterwards be able to take and pass the 'Base' and possibly also the 'Advanced Programmer for SAS 9' Certification offered through the SAS Institute.

**MGT 200 - Principles of Management (3 credits)**

This course is a survey of basic management theory and practice. The basic management processes of planning, organizing, leading, and controlling are presented. Systems theory is used to understand the challenges of managing organizations in environments that are subject to rapid and unpredictable change. Aptitudes and skills essential to managerial effectiveness are also considered. Concepts and skills are applied in case studies of real and fictitious organizations.

**MGT 201 - Decision Science I (3 credits)**

This course introduces students to the ways in which decision tools are used in business, economics, and management. Emphasis is placed on application areas and analyzing results. Numerous examples of practical decision-making techniques in business and economic models will be presented.

Distribution: Advanced. Prerequisite: MATH 120 or MATH 130.

**MGT 204 - Principles of Marketing (3 credits)**

Marketing is studied as the management process of identifying and satisfying individual and organizational product wants and needs. The traditional marketing problems of product planning, pricing, promotion and distribution are considered. Problems and cases are utilized to illustrate and reinforce basic concepts.

Prerequisite: MGT 200.

**MGT 211 - Financial Accounting Fundamentals (3 credits)**

Financial accounting provides information about a firm's economic performance (revenues, expenses, income, cash flow) and condition (assets, liabilities, equity) to external constituencies such as creditors and investors. The fundamentals of how to measure, communicate, and utilize financial accounting information are covered.

**MGT 212 - Managerial and Cost Accounting Fundamentals (3 credits)**

Managerial and Cost accounting provide decision-relevant information to internal managers of a firm which is useful in planning and controlling operations. Basic techniques and issues of cost measurement, cost behavior, budgeting, quality conformity, segment analysis, and information relevancy are covered in the context of evaluating, and improving the firm's efficiency and effectiveness.

Prerequisite: MGT 211.

**MGT 225 - Business Law I (3 credits)**

An introductory, yet comprehensive, survey of the fundamental topics in business law is presented to provide an understanding of the law and the ways in which it and the courts affect business activity.

**MGT 250 - Quantitative Business Analysis (3 credits)**

This is an introduction to business data analysis and applications. Students will be exposed to economic data sources and techniques used for managerial decision-making. Managerial applications will include market research, sampling theory and quality control.

Prerequisite: MGT 201 or MATH 110.

**MGT 263 - Foundations of Entrepreneurship (3 credits)**

This foundational course in entrepreneurship is designed for business and non-business majors interested in learning and understanding the principles, processes, and practices of entrepreneurship. Students gain fundamental knowledge about the attributes of successful entrepreneurs, identify critical entrepreneurial roles and functions, and explore opportunities for pursuing an entrepreneurial lifestyle and career identity. Emphasis is placed on the role of creativity and innovation as fundamental building blocks to entrepreneurship.

Distribution: Advanced (ADVD). Prerequisite: MGT 200 and MATH 110.

**MGT 264 - Managing a Marijuana-based Business (3 credits)**

The primary focus in this course is the process of starting and managing a medical marijuana business. Topics include introduction of this new industry, preparation of the documents required by the state government, new strategy adoption models, and the market research necessary for progressively developing and continuously improving service.

**MGT 301 - Financial Management I (3 credits)**

This course is a survey of financial management concepts and practices including financial statement analysis, cash flow analysis, the impact of federal tax rules, time value of money, interest rates, debt and equity financing, financial risks and the cost of capital.

Distribution: Advanced (ADVD). Prerequisite: MGT 211.

**MGT 307 - Financial Management II (3 credits)**

This course completes the basic survey of financial management begun in MGT 301 (Financial Management I). The primary topics are cash flow and risk analysis for long-term (capital) investing decisions, capital structure, dividend policy, working capital, and an introduction to the advanced topics of planning / forecasting, derivatives, multinational operations, preferred stock, leasing, warrants, convertible securities, and mergers / acquisitions.

Distribution: Advanced. Prerequisite: MGT 200 and MGT 211 and MGT 301.

**MGT 315 - Entrepreneurial Finance (3 credits)**

This course is a survey of the analytical perspectives and tools required by entrepreneurs for successful financial management. It presents a life-cycle approach to successful financial management in the startup, survival, rapid-growth, and maturity stages. Techniques of funding acquisition, cash planning and management venture diagnosis, performance appraisal, valuation, turnaround, and harvesting are presented.

Distribution: Advanced (ADVD). Prerequisite: MGT 211 and MGT 301 and MATH 130.

**MGT 319 - International Financial Management (3 credits)**

This course will focus on the expanded opportunities and risks afforded by international investing and financing. Primary topics include the management of international economic, transaction, and translation exposure; management of international banking, equity, and debt instruments, and selecting and managing direct foreign investments, foreign taxes, and transfer pricing.

Distribution: Advanced (ADVD). Prerequisite: MGT 200 and MGT 211 and MGT 301 and MGT 340 and MATH 130.

**MGT 325 - Logistics Management (3 credits)**

This course provides a practical, management perspective of logistics including: distribution, transportation, international logistics, sustainable logistics practices, key performance indicators, supply chain finance, and an introduction to logistics technology including RFID and ERP systems. The course is designed for students who have little or no previous coursework or professional experience in logistics.

Distribution: Advanced (ADVD). Prerequisite: MGT 200 and MGT 250 and MATH 110.

**MGT 331 - Intermediate Financial Accounting I (3 credits)**

In-depth study of the Financial Accounting Standards Board body of principles of accounting recognition and measurement used to prepare financial statements for external reporting. Topics include: FASB conceptual framework, financial statement structure and content, time-value of money, current assets, non-current assets, and current liabilities.

Distribution: Advanced (ADVD). Prerequisite: MGT 211 and MGT 212.

**MGT 332 - Intermediate Financial Accounting II (3 credits)**

A continuation of the in-depth study of the Financial Accounting Standards Board body of principles of recognition and measurement for external reporting begun in EMGT 331. Topics include: long-term liabilities, stockholders' equity, earnings-per-share, investments, income taxes, pensions, leases, cash flows, financial statement analysis, and disclosure requirements.

Distribution: Advanced (ADVD). Prerequisite: MGT 211 and MGT 212 and MGT 331.

**MGT 333 - Intermediate Managerial and Cost Accounting (3 credits)**

An in-depth study of the analytical perspectives and tools of managerial/cost accounting with the objective of equipping the accountant to assist managers to improve organizational efficiency and effectiveness. Topics include: cost accounting systems, tools for planning and control, cost information for decision making, cost allocation, quality and JIT, capital budgeting and management control systems.

Distribution: Advanced (ADVD). Prerequisite: MGT 211 and MGT 212 and MGT 236.

**MGT 335 - Tax Accounting I (3 credits)**

A detailed comprehensive examination of federal income tax regulations that apply to individuals is presented at an advanced level. Tax research, planning, procedures and compliance are analyzed along with controversial issues in an attempt to understand the tax as it applied to individuals and not just to memorize the provisions of the tax code. The course will college income, deductions, sale of investment properties/business properties, nontaxable exchanges, tax shelters, credits and tax computations. The latest changes in regulations, rulings and the law are noted.

Distribution: Advanced (ADVD). Prerequisite: MGT 211 and MGT 212.

**MGT 336 - Tax Accounting II (3 credits)**

This course is a details comprehensive examination of federal tax regulations that apply to corporations, partnerships, estates and trusts

is presented at an advanced level. Emphasis is placed on computing taxable income and tax liability for corporations/partnerships. Topics covered will include the technical aspects of liquidating and non-liquidating distributions, acquisitions and reorganizations, consolidated tax returns, closely held corporations, retirement plans and social security taxes, taxes due on gifts, estates trust, S corporations and foreign related transactions.

Distribution: Advanced (ADVD). Prerequisite: MGT 211 and MGT 212.

**MGT 340 - Investment Management (3 credits)**

This course will focus on the determinants and components of investment strategy including risk and return, the operations of securities markets, characteristics of alternative investments including stocks, bonds, and mutual funds, valuation techniques, and options.

Distribution: Advanced (ADVD). Prerequisite: MGT 301.

**MGT 342 - Investment Analysis (3 credits)**

A detailed analysis of investment instruments is presented in the context of portfolio theory. Risk and return analyses, a security markets operation, and valuation models are reviewed. Emphasis is placed on asset pricing and investment strategies. Topics covered include equity and fixed-income securities, financial commodities futures, stock and index options, institutional operations, and international investment opportunities.

Distribution: Advanced (ADVD). Prerequisite: MGT 233 or MGT 236.

**MGT 345 - Financial Institution Management (3 credits)**

This course provides an overview of the structure and operation of financial institutions including commercial banks and financial services companies. Students will learn how to measure risk and return, analyze profitability and liquidity, and evaluate short-run versus long-run decisions common to financial institutions. Class discussions involve current issues in financial institutions.

Distribution: Advanced (ADVD). Prerequisite: MGT 301.

**MGT 350 - Quantitative Business Analysis II (3 credits)**

This is an intermediate course in business and economic data analysis. It is a formal introduction to research methods and techniques used in managerial and financial forecasting. Students will be introduced to basic time series analysis, decision analysis and regression.

Distribution: Advanced (ADVD). Prerequisite: MGT 250.

**MGT 351 - Operations Management (3 credits)**

The primary focus of this course is to introduce how operations are carried out in real business today. The focus will be on the production/operations processes, the value chain, total quality management, resource planning and inventory control systems, facility planning and supply chain management. Students will be exposed to a wide variety of concepts, tools and applications that help them prepare for a career in business.

Distribution: Advanced (ADVD). Prerequisite: MGT 200 and (MGT 201 or MATH 130).

**MGT 352 - Human Resource Management (3 credits)**

The course is a survey of basic human resource management theory and practice. The processes of human resource recruitment, training, development, motivation, performance evaluation, and compensation

are studied in contexts of the applicable theories and concepts of human behavior, ethics and fairness, and legal requirements.

Distribution: Advanced (ADVD). Prerequisite: MGT 200.

### **MGT 353 - Small Business Management (3 credits)**

A comprehensive survey of the challenges that confront the managers of small businesses is presented on an introductory level. Topics covered include the characteristics of small business, starting a small business, organizing the enterprise, marketing; production and operations management, and administrative and financial controls. Problem areas — e.g., financial planning, product strategies, pricing, credit policies, inventory control and capital budgeting — are emphasized via a case study approach.

Distribution: Advanced (ADVD). Prerequisite: MGT 200 and MGT 204.

### **MGT 354 - Retail Management (3 credits)**

The structure, strategy, and changing environment of retail management are presented in a comprehensive survey. The topics analyzed include retail institutions, site location, merchandise planning, customer communications, and retail pricing. Emphasis is placed on case studies.

Distribution: Advanced (ADVD). Prerequisite: MGT 200 and MGT 204.

### **MGT 355 - Business Ethics (3 credits)**

Managers will confront ethical issues in their organizational careers. This course seeks to prepare managers to incorporate an ethical dimension into their decision-making by recognizing and accommodating the legitimate claims of multiple organizational stakeholders (owners, employees, customers, suppliers, competitors, regulators, the ecological environment, and society). Concepts and models of ethical decision-making will be covered. Typical ethical issues encountered in organizational life and case examples of ethical and unethical behavior will be examined.

Distribution: Advanced (ADVD). Prerequisite: MGT 200.

### **MGT 359 - Labor History and Industrial Relations (3 credits)**

This course examines the roles of labor and management in industrial relations with special references to labor history, wage rate determination, collective bargaining and government intervention into labor relations. The implications of the changing structure of the American economy are analyzed.

Distribution: Advanced (ADVD). Prerequisite: (ECON 111 or ECON 112) and (HIST 141 or HIST 142 or HIST 143 or HIST 144). Crosslisted as: HIST 359.

### **MGT 362 - Globalization and International Management (3 credits)**

Economic, political, and technological forces are acting together to create a new system called globalization. This course will examine the forces of globalization and the new system they have created. After a brief survey of the economics of international trade and finance, the course will focus on the challenges of global management including understanding political, economic and cultural differences and adapting the organizational systems and strategies of research, product development, supply, manufacturing, marketing, finance, and human resource management to a global business environment.

Distribution: Advanced (ADVD). Prerequisite: MGT 200 and ECON 112.

### **MGT 363 - Entrepreneurship and New Venture Creation (3 credits)**

This course presents a comprehensive overview of the concepts and practices of entrepreneurship/new venture creation. Topics include the characteristics of successful entrepreneurs, opportunity recognition and assessment, acquisition of human and financial resources, legal considerations, marketing strategies, intellectual property, and exit strategies. Instruction methods include lecture, case studies, guest entrepreneur speakers, and student team creation and defense of a comprehensive business plan for a new entrepreneurial venture.

Distribution: Advanced (ADVD). Prerequisite: MGT 204 and MGT 211.

### **MGT 370 - Consumer Behavior (3 credits)**

This course examines how individual and group behavior impact consumer choices in the marketplace. The individual processes of perception, learning, personality, attitudes, motivation, and decision-making are examined. The group influences of family, social class, culture, and subculture are also examined for their impact on consumer behavior.

Distribution: Advanced (ADVD). Prerequisite: ECON 112 and MGT 200 and MGT 204 and PSY 100.

### **MGT 371 - Advertising Management (3 credits)**

A comprehensive survey of the principles of advertising is combined with advertising practices to introduce students to the functions that advertising performs in selling activities. Advertisers, advertising agencies, consumer behavior, and market research are analyzed in terms of their relationships to advertising media, market segmentation, and advertising strategies. While emphasis is placed on creative advertising and advertising testing, special types of advertising are also covered.

Distribution: Advanced (ADVD). Prerequisite: MGT 201 and MGT 204.

### **MGT 375 - Innovation and New Product Development (3 credits)**

The primary focus in this course is the process of innovation and new product development. Topics include adoptions of innovation and technology, creativity and brainstorming, new product adoption models, and the market research necessary for progressively developing, introducing and continuous improvement of products.

Distribution: Advanced (ADVD). Prerequisite: (MGT 250 or MATH 110) and MGT 370 and ECON 111 and ECON 112.

### **MGT 423 - Total Quality Management (3 credits)**

This course focuses on the essence, principles, and practices of total quality management (TQM). Topics covered include: a culture of quality, the effect of quality on competitiveness, ethics and corporate social responsibility, strategic alliances, effective communication, continuous improvement methods, such as Six Sigma and Just-in-Time manufacturing.

Distribution: Advanced (ADVD). Prerequisite: MGT 200 and MGT 250 and MGT 351 and MATH 110.

### **MGT 430 - Internal | Operational Auditing (3 credits)**

Internal auditors act as agents of continuous organizational improvement through their analysis of information system integrity and reliability, resource security and productivity, policy compliance, and operational efficiency and effectiveness. This course is a

comprehensive survey of Institute of Internal Auditor standards, procedures and practices for this important value-added activity.

Distribution: Advanced (ADVD). Prerequisite: MGT 236 and MGT 211 and MGT 212.

### **MGT 431 - External Financial Auditing (3 credits)**

Independent external auditors (CPA's) examine evidence regarding a firm's transactions and condition and report their conclusions about the fairness of the firm's financial reporting. This course is a comprehensive survey of American Institute of CPA auditing standards, procedures, and reports.

Distribution: Advanced (ADVD). Prerequisite: MGT 211 and MGT 212 and MGT 331 and MGT 332.

### **MGT 434 - Financial Statement Analysis (3 credits)**

This course explores the basic tools necessary to analyze financial statements primarily from a credit grantor's perspective. It examines ratio analysis, cash flow analysis, balance sheet and income statement analysis, and trend analysis. It emphasizes cash flow generation, liquidity, leverage, profitability, and asset utilization.

Distribution: Advanced (ADVD). Prerequisite: MGT 211 and MGT 212 and MGT 331 and MGT 332.

### **MGT 435 - Advanced Accounting (3 credits)**

This course provides an analytical overview of the accounting problems associated with mergers, acquisitions, and the preparation and interpretation of financial reports with respect to the resultant combined corporate entities, translation of foreign financial statements, and governmental fund and not-for-profit accounting. International perspectives and ethical issues are integrated throughout.

Distribution: Advanced (ADVD). Prerequisite: MGT 331 and MGT 332.

### **MGT 438 - Forensic Accounting (3 credits)**

This is an introductory course in Forensic Accounting. Students will be introduced to concepts of engagement selection and planning, gathering and evaluating evidence and conducting fraud investigations. An overview of the legal environment of fraud, procedures for gathering evidence, transforming data into evidence, and professional responsibilities of fraud examiners will be covered.

Distribution: Advanced (ADVD). Prerequisite: MGT 211 and MGT 212 and MGT 331 and MGT 332.

### **MGT 451 - Management Science I (3 credits)**

This is an intermediate course in Management Science. It is a survey of analytical techniques used by modern management to formulate and solve problems. Some of the topics covered are Linear and Integer Programming, Transportation Models, Inventory Theory, and Game Theory.

Distribution: Advanced (ADVD). Prerequisite: MATH 110 and MATH 130 and MGT 200.

### **MGT 452 - Organizational Strategy (3 credits)**

This course presents the tools and techniques of organizational strategic planning, including internal organizational analysis of strengths and weaknesses and external scanning of the stakeholders and trends in the environment that the organization inhabits. Students will practice strategic analysis and the formulation of

appropriate strategies through comprehensive real organization and/or simulation cases in this capstone course that integrates all the functional areas of management. The course concludes with a consideration of strategy implementation issues and techniques.

Distribution: Advanced (ADVD) | Info. Literacy and Technology (I) . Prerequisite: MGT 200 and MGT 204 and MGT 211 and MGT 225 and MGT 306.

### **MGT 453 - Organizational Leadership (3 credits)**

This course presents traditional (trait and behavioral theories) and contemporary (contingency, participative, charismatic, transformational) models of leadership. The course considers the sources and uses of power and influence as well as the phenomenon of leader emergence. The course includes leadership skills assessment and training exercises. Cases of effective and ineffective leadership will be utilized extensively throughout the course.

Distribution: Advanced (ADVD). Prerequisite: MGT 200 and PSY 100.

### **MGT 454 - Organizational Behavior (3 credits)**

This course examines the individual and group behaviors that impact organizational performance. Individual processes and attributes such as perception, learning, personality, emotional intelligence, ethics, motivation, and stress are examined in organizational settings. Team processes such as communications, decision-making, power, conflict, and negotiation are also considered. The course concludes with a consideration of the organization-wide processes of learning, change, and structural design.

Distribution: Advanced (ADVD). Prerequisite: MGT 200 and PSY 100. Crosslisted as: MGT 501.

### **MGT 455 - Supply Chain Management (3 credits)**

The class provides an overview of key logistics and supply chain management processes, concepts, and methodologies. Emphasis is given to the framework for supply chain management, the analysis of logistics cost, and service trade-offs among inventory, transportation, and warehousing activities, the strategic role of information technology in supply chains, the use of third-party logistics providers, and the methods of measuring the value of logistics performance. Instruction is based on problem-based learning pedagogy.

Distribution: Advanced (ADVD). Prerequisite: MGT 200 and MGT 201 and MGT 351 and MATH 130.

### **MGT 463 - Entrepreneurship and New Venture Creation II (3 credits)**

This advanced course in entrepreneurship is designed as a capstone in the Entrepreneurship concentration. It builds on MGT 363 by preparing students to deal with potential and actual problems/issues they may face in their efforts to launch and establish their new businesses. Specific topics include choosing an appropriate legal form of organization, exploring intellectual property documentation, developing prototypes, facilitating customer acquisition, developing production and operations, identifying financial and investment issues, and exploring marketing and accounting and tax issues.

Distribution: Advanced (ADVD). Prerequisite: MGT 363 and (MGT 301 or MGT 315) and (MGT 353 or MGT 375).

**MGT 470 - Marketing Research (3 credits)**

The marketing research alternatives of reliance upon existing secondary data sources (publications, data bases) versus development of primary sources (surveys, observations, and experiments) is considered. Data analysis techniques including hypothesis testing, association testing, correlation and regression, discriminant, canonical, factor, and cluster analysis are presented. The course concludes with the traditional, contemporary, and emerging applications of marketing research.

Distribution: Advanced (ADVD). Prerequisite: MGT 204 and MGT 370 and MATH 110.

**MGT 471 - Marketing Management and Strategy (3 credits)**

This is a capstone course in Marketing that examines the role of the Marketing Manager. The development of an appropriate marketing strategy is given extensive consideration. The implementation of a marketing strategy and the general and specific management issues involved in the marketing function are covered. Exercises, problems, and cases will be used extensively in this integrative course where all the important aspects of marketing come together.

Distribution: Advanced (ADVD). Prerequisite: MGT 204 and MGT 370.

**MGT 472 - Sales Management (3 credits)**

This course examines how to apply management principles to the planning, organization and administration of a field sales force. Topics to be discussed include selling, sales ethics, quotas, territories, motivation, recruitment, training, compensation and sales analysis.

Distribution: Advanced (ADVD). Prerequisite: MGT 204 and MGT 352.

**MGT 485 - IS: (1 - 12 credits)**

Independent study is an in-depth directed research into subject matter which is not covered in courses listed in the current catalog. It is open to an advanced student (90 credits) who discusses the research topic with an adviser before contacting the professor who will serve as the instructor. At least five (5) hours of student-professor conference time are required for each credit undertaken.

Prerequisites: 90 credits and approval of the adviser, instructor, department chair and dean.

Distribution: Advanced.

**MGT 486 - Field Experience and Internship (1 - 15 credits)**

Internships provide qualified students with an opportunity to apply theoretical concepts and techniques learned in the classroom to practical problems found in the work environment. Students can also use an internship experience to test a career aspiration under controlled conditions.

Distribution: Advanced. Prerequisite: 2.5 QPA and 60 credit hours including ECON 111, 112, 312 and MGT 204, 211, and 212.

## Chemistry and Biochemistry

### College of Arts and Sciences

#### The Faculty of Science

Science and Technology Center, Room 317  
570-422-3342

[www.esu.edu/chem](http://www.esu.edu/chem)

The Department of Chemistry and Biochemistry is approved by the Committee on Professional Training of the American Chemical Society and the American Society for Biochemistry and Molecular Biology.

### About the Program

The Department of Chemistry and Biochemistry provides high quality programs in both traditional and emerging fields of study that promote human and intellectual diversity. Academic degree programs offered: Bachelor of Arts in Chemistry; Bachelor of Science in Biochemistry; Bachelor of Science in Chemical Biotechnology; Bachelor of Science in Chemistry; Bachelor of Science in Secondary Education/Chemistry and a Minor in Chemistry.

The department provides options for students whose interests range from traditional chemistry fields to the interface between chemistry and biology or that have a health-profession emphasis. Majors are well prepared for direct entry to the workforce or graduate or professional study.

The Biochemistry degree is accredited by the American Society for Biochemistry and Molecular Biology, one of only two programs in the State System of Higher Education to obtain this distinction. Biochemistry students may obtain individual degree certification upon successful completion of the ASBMB certification exam.

The Bachelor of Science Program in Chemistry has met the requirements set forth by the Committee on Professional Training of the American Chemical Society. Graduates of the ACS certified concentration are eligible to receive certification from the American Chemical Society.

ESU is located near several chemical and pharmaceutical companies such as Sanofi Pasteur, Royal Chemicals, Biospectra, and DSM. Majors can explore internships and employment in their area of study.

Many majors participate in undergraduate research. Under the supervision of a faculty mentor, students learn independently and solve problems. Students are exposed to advanced, specialized areas of chemistry and biochemistry.

The ESU Chemistry Club is a Student Affiliate Chapter of the American Chemical Society. The club members are very active in campus events and public service. The members plan field trips to local and regional industries where chemistry plays a major role in research and production. Members perform chemical demonstrations to entertain and educate diverse audiences.

### Are you interested in ...

- Medicine or medical research
- Laboratory instrumentation
- Scientific or technical production
- Quality control work
- Environmental measurements
- The link between chemistry and biology
- Cutting edge biotechnology and forensics
- Strong preparation of medical, pharmacy or dental programs

**Choose Chemistry at ESU**

- Small class sizes
- Modern facilities
- Practical field experiences
- Qualified, experienced faculty
- Frequent faculty interactions

**Is Chemistry of Biochemistry a career path for me?****Career Potential**

- Chemist, Biochemist or Biotechnologist
- Agricultural or Food Industry Scientist
- Environmental Testing
- Educator
- Production or Quality Control Technician
- Pharmaceutical and Vaccine Production
- Government or Military Scientist

**Career Settings**

- Chemical Manufacturers
- Hospitals
- Graduate School - Advanced Degrees
- Laboratories
- Forensic Laboratories
- Food and Drug Administration
- Pharmaceutical Companies

## Chemistry B.S.- Secondary Education

### PROGRAM FEATURES

74 Credits

#### Required courses:

CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
CHEM 233	Organic Chemistry I	3
CHEM 234	Organic Chemistry II	3
CHEM 235	Organic Chemistry I Laboratory	1
CHEM 236	Organic Chemistry II Laboratory	1
CHEM 317	Biochemistry Laboratory	1
CHEM 341	Intermediate Inorganic Chemistry	3
CHEM 342	Intermediate Inorganic Chemistry Laboratory	1
CHEM 353	Physical Chemistry I	4
CHEM 375	Analytical Chemistry	3
CHEM 376	Analytical Chemistry Laboratory	1
CHEM 495	Chemistry Seminar	3

#### Co-requisite courses:

BIOL 114	GN: Introductory Biology I	4
BIOL 115	Introductory Biology II	4
MATH 140	GN: Calculus I	4
MATH 141	GN: Calculus II	4
PHYS 161	GN: Physics I	4
PHYS 162	Physics II	4

#### Required professional education courses:

PSED 161	Foundations of Education	3
SPED 102	Diversity of the Learner	3
PSED 250	The Psychology of Learners In Diverse Communities	3
SPED 350	Assessment of Student Learning and Behavior in Diverse Communities	3
REED 350	Teaching Reading to Communities of Diverse Learners	3

#### Student Teaching:

Students seeking certification to teach in Pennsylvania must also take:

PSED 420	Seminar in Secondary Education I: Instructional Structures and Strategies	3
PSED 421	Seminar in Secondary Education II: Teaching Secondary Students In Diverse, Inclusive Classroom	3
PSED 430	Student Teaching in Secondary Education   Middle and Junior High School	6
PSED 431	Student Teaching in Secondary Education/ Senior High School	6
PSED 446	Teaching of Science in the Secondary Schools	3
CHEM 499	Student Teaching Internship	1

**Subtotal: 22**

#### Recommended courses:

CHEM 373	Environmental Quality: The Chemical Approach	4
CHEM 493	Research In Chemistry	3
GEOG 120	GN: Physical Geography	3
OR		
GEOG 121	GN: Physical Geology	3
DMET 262	Educational Communications and Technology	3

#### Additional requirements:

- Please see the university requirements in this catalog. (p. 40)

- **Note:** A minimum quality point average of 2.50 in chemistry major courses is required for certification. All 300 and 400 level courses required for the major must be completed at ESU.

## **PENNSYLVANIA REQUIREMENTS**

The Commonwealth of Pennsylvania establishes requirements for all candidates in teacher preparation programs. Please refer to the section The College of Education in this catalog for specific requirements for admission into teacher education programs.

ALL teacher education students should be in frequent consultation with their academic advisers both in CHEM and PSED to make sure they are meeting the appropriate program and certification requirements which will vary depending on a variety of circumstances.

*These General Education selections meet two of the Pennsylvania requirements for Chemistry certification candidates:*

ENGL: any GN English Literature course (as a Group A GenEd elective)

GEOG 120 and/or GEOG 121 (as a Group C GenEd elective)

*Certain additional General Education courses have particular relevance for chemistry teachers.*

*Among your 12 credits from 4 areas in Humanities Group A, consider these courses:*

CMST 111	GN: Introduction to Communication	3
MLSP 116	GN: Spanish I	3
MLSP 117	GN: Spanish II	3
ENGL 177	GN: Environmental Literature	3
OR		
ENGL 180	GN: Literature and Science	3
ART 251	GN: Sculpture	3
ART 253	GN: Introduction to Ceramics	3
ART 254	GN: Painting I	3
ART 256	GE: Watercolor Painting	3
THTR 230	GN: Stagecraft	3
OR		
THTR 102	GN: Acting	3
PHIL 221	GN: Logic I	3

*Among your 12 credits from 4 areas in Social Studies Group C, consider these courses:*

GEOG 120	GN: Physical Geography	3
OR		
GEOG 121	GN: Physical Geology	3

GEOG 220	Meteorology	3
GEOG 320	Climatology	3
GEOG 321	Geomorphology	3

*Students in a 4 1/2 or 5 year or M.S. plan with time for elective credits should also consider:*

CHEM 373	Environmental Quality: The Chemical Approach	4
CHEM 493	Research In Chemistry	3

## **4 YEAR CURRICULUM PROGRAM PLAN**

CHEM 236	Organic Chemistry II Laboratory	1
CHEM 315	Biochemistry	3
CHEM 317	Biochemistry Laboratory	1
CHEM 350	Biochemical Energetics	3
CHEM 352	Biochemical Energetics Laboratory	1
CHEM 375	Analytical Chemistry	3
CHEM 376	Analytical Chemistry Laboratory	1
CHEM 420	Biochemical Methods	3
CHEM 422	Biochemical Methods Laboratory	1
CHEM 495	Chemistry Seminar	3

#### 5 credits (1 lab required) from

CHEM 372	Analytical Chemistry II: Instrumental	4
CHEM 415	Protein Chemistry: Proteins and Nucleic Acids	3
CHEM 417	Proteins and Nucleic Acids Laboratory	1
CHEM 419	Biochemistry II	3
CHEM 493	Research In Chemistry	3

#### 6 credits (1 lab required) from:

BIOL 330	Microbiology	4
BIOL 331	Genetics	3
BIOL 380	Cell Culture Techniques	2
BIOL 430/BIOL 530	Applied Microbiology	4
BIOL 437	Immunology	3
BIOL 465	Immunology Laboratory	1

#### Co-requisite courses:

PHYS 131	GN: Fundamental Physics I	4
----------	---------------------------	---

PHYS 132	Fundamental Physics II	4
OR		
PHYS 161	GN: Physics I	4
PHYS 162	Physics II	4

BIOL 114	GN: Introductory Biology I	4
BIOL 281	Introduction to Biotechnology	3

BIOL 411	Introduction to Molecular Biotechnology	3
	OR both of the following	
BIOL 439	Molecular Biology	3
BIOL 477/BIOL 598	Molecular Biology Laboratory	1

#### 7 credits from:

MATH 110/MATH 111	GN: General Statistics	3
MATH 135	GN: Pre-Calculus	3
MATH 140	GN: Calculus I	4
MATH 141	GN: Calculus II	4

#### Additional requirements:

- Please see the university requirements in this catalog. (p. 40)
- A minimum quality point average of 2.5 in chemistry courses is required for graduation.
- All 300 and 400 level courses required for the major must be completed at ESU.
- Students enrolling in this degree program are strongly encouraged to participate in undergraduate research or an internship opportunity.

### 4 YEAR CURRICULUM PROGRAM PLAN

(Subject to change by the university without notice)

#### Freshman Year

##### Fall

CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
MATH 140	GN: Calculus I	4
BIOL 114	GN: Introductory Biology I	4
FYE 100	University Studies	3

**Subtotal: 15**

##### Spring

CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1

MATH 141	GN: Calculus II	4
OR		
MATH 110/MATH 111	GN: General Statistics	3
GenEd ____	General Education Elective (Group C)	3
ENGL 103	English Composition	3
HPLW 105	Health Promotion and Lifetime Wellness	3

**Subtotal: 16-17***Sophomore Year*

Chemistry/Biology Electives: see below

*Fall*

CHEM 233	Organic Chemistry I	3
CHEM 235	Organic Chemistry I Laboratory	1

BIOL 330	Microbiology	4
BIOL 331	Genetics	3
BIOL 380	Cell Culture Techniques	2
BIOL 437	Immunology	3
BIOL 465	Immunology Laboratory	1

*Total Credit Hours: 120*For more information, contact the department at 570-422-3342 or visit [www.esu.edu/chem](http://www.esu.edu/chem).**Chemical Biotechnology B.S. - Concentration: Pre-Pharmacy****PROGRAM FEATURES**

70 Credits

**Required courses:**

CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
CHEM 233	Organic Chemistry I	3
CHEM 234	Organic Chemistry II	3
CHEM 235	Organic Chemistry I Laboratory	1
CHEM 236	Organic Chemistry II Laboratory	1
CHEM 315	Biochemistry	3
CHEM 317	Biochemistry Laboratory	1
CHEM 350	Biochemical Energetics	3
CHEM 352	Biochemical Energetics Laboratory	1
CHEM 375	Analytical Chemistry	3
CHEM 376	Analytical Chemistry Laboratory	1
CHEM 420	Biochemical Methods	3
CHEM 422	Biochemical Methods Laboratory	1
CHEM 495	Chemistry Seminar	3

**6 credits (1 lab required) from:**

CHEM 372	Analytical Chemistry II: Instrumental	4
CHEM 415	Protein Chemistry: Proteins and Nucleic Acids	3
CHEM 417	Proteins and Nucleic Acids Laboratory	1
CHEM 419	Biochemistry II	3
CHEM 493	Research In Chemistry	3

**2 credits from:**

BIOL 331	Genetics	3
BIOL 380	Cell Culture Techniques	2
BIOL 390	Human Gross Anatomy	4
BIOL 410	Histology	4
BIOL 414	Pathogenic Microbiology	3
BIOL 430/BIOL 530	Applied Microbiology	4

**Co-requisite courses:**

PHYS 131	GN: Fundamental Physics I	4
PHYS 132	Fundamental Physics II	4
OR		
PHYS 161	GN: Physics I	4
PHYS 162	Physics II	4
BIOL 114	GN: Introductory Biology I	4
BIOL 281	Introduction to Biotechnology	3

BIOL 330	Microbiology	4
BIOL 411	Introduction to Molecular Biotechnology	3
	OR both of the following	
BIOL 439	Molecular Biology	3
BIOL 477/BIOL 598	Molecular Biology Laboratory	1

**7 credits from:**

MATH 110/MATH 111	GN: General Statistics	3
MATH 135	GN: Pre-Calculus	3
MATH 140	GN: Calculus I	4
MATH 141	GN: Calculus II	4

**Additional requirements:**

- Please see the university requirements in this catalog. (p. 40)
- A minimum quality point average of 2.5 in chemistry courses is required for graduation.
- All 300 and 400 level courses required for the major must be completed at ESU.
- Students enrolling in this degree program are strongly encouraged to participate in undergraduate research or an internship opportunity.

See the program advisor for a **Four-Year Curriculum Plan** tailored to the transfer or admission requirements of your targeted pharmacy schools. The four-year plan for the Chemical Biotechnology - General Concentration may serve as an approximate model.

**Biochemistry****Are you interested in ...**

- The materials of life itself
- Exploring submicroscopic nature
- Investigating chemical secrets of biology
- Developing laboratory skills
- A young and rapidly-changing subdiscipline

**Choose Biochemistry at ESU**

- Small class sizes
- Safe, modern, well-equipped facilities
- Practical field experiences
- Qualified, experienced faculty
- Varied lab courses on the chemistry/biology interface

**Is Biochemistry a career path for me?****Career Potential**

- Biochemist
- Graduate study in varied life sciences
- Quality Assurance Manager
- University Research Assistant
- Food Inspector
- Medicine
- Medical Research

### Career Settings

- Chemical and pharmaceutical manufacturers
- Research hospitals
- Food and beverage industries
- Government laboratories
- Public Health Service
- Food and Drug Administration

The biochemistry program is accredited by the American Society for Biochemistry and Molecular Biology (ASBMB). It is one of only eight certified programs in the Commonwealth and two in the State System. Students graduating with a B.S. in Biochemistry are well qualified to succeed on the national certification exam.

More detailed career information is available from the department.

## Biochemistry B.S.

### PROGRAM FEATURES

67 credits

#### Required courses:

CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
CHEM 233	Organic Chemistry I	3
CHEM 234	Organic Chemistry II	3
CHEM 235	Organic Chemistry I Laboratory	1
CHEM 236	Organic Chemistry II Laboratory	1
CHEM 315	Biochemistry	3
CHEM 317	Biochemistry Laboratory	1
CHEM 350	Biochemical Energetics	3
CHEM 352	Biochemical Energetics Laboratory	1
CHEM 375	Analytical Chemistry	3
CHEM 376	Analytical Chemistry Laboratory	1
CHEM 415	Protein Chemistry: Proteins and Nucleic Acids	3
CHEM 417	Proteins and Nucleic Acids Laboratory	1
CHEM 419	Biochemistry II	3

CHEM 420	Biochemical Methods	3
CHEM 422	Biochemical Methods Laboratory	1
CHEM 495	Chemistry Seminar	3

#### 7 credits (lab required) from:

BIOL 330	Microbiology	4
BIOL 340	Animal Physiology	4
BIOL 380	Cell Culture Techniques	2
BIOL 422/BIOL 522	Plant Physiology	4
BIOL 439	Molecular Biology	3
BIOL 449	Cell Biology	3
BIOL 477/BIOL 598	Molecular Biology Laboratory	1

#### Co-requisite courses:

BIOL 114	GN: Introductory Biology I	4
BIOL 331	Genetics	3
MATH 140	GN: Calculus I	4
MATH 141	GN: Calculus II	4
PHYS 131	GN: Fundamental Physics I	4
OR		
PHYS 161	GN: Physics I	4
PHYS 132	Fundamental Physics II	4
OR		
PHYS 162	Physics II	4

#### Additional requirements:

- Please see the university requirements in this catalog. (p. 40)
- All 300 and 400 level courses required for the major must be complete at ESU, with the exception of courses taken as part of the Pharmacy Transfer Program.

CHEM 354 Physical Chemistry II 4  
and seven credits from chemistry major courses.

**Note:** A minimum quality point average of 2.0 in chemistry courses is required. A student majoring in a program offered by the Department of Chemistry cannot qualify for this minor.

All 300 and 400 level courses required for the minor must be completed at ESU.

## Pharmacy Transfer Program

Coordinator: Professor William M. Loffredo,

### Department of Chemistry and Biochemistry

The pre-pharmacy student spends his/her first two to three years at ESU taking the necessary core courses in order to satisfy the professional school entrance requirements. These core courses and other co-requisite are unique for each professional school. The student applies to a pharmacy school as a transfer student. Students may indicate their intent to graduate with a Bachelor of Arts degree in chemistry from ESU before transferring to the pharmacy school of choice. Upon completion of their second professional year at pharmacy school, they can transfer these credits from the pharmacy school back to ESU in order to fulfill the remaining credits for the Bachelor of Arts degree. Students may also declare a major in chemical biotechnology or related fields, finish the bachelor's degree at ESU, then matriculate to a pharmacy school.

## Chemistry and Biochemistry Faculty

### Professors:

T. Michelle Jones-Wilson, Chair (mjwilson@esu.edu)

Richard Kelly (rskelly@esu.edu)

William Loffredo (wloffredo@esu.edu)

### Associate Professors:

Rene' Fuanta (rfuanta@esu.edu)

Greg Boyce (gboyce@esu.edu)

### Assistant Professors:

Steven Boyer (sboyer11@esu.edu)

## CHEM - Chemistry and Biochemistry Courses

### CHEM 100 - Chemical Problem Solving (1 credits)

This course is a review of the methods of obtaining and analyzing quantitative measurements with emphasis on the mass, energy, and chemical changes which occur during chemical reactions. It is intended primarily for students who require or desire additional work in solving chemical problems.

### CHEM 101 - GN: Modern Chemical Science (3 credits)

This course develops concepts of modern chemistry as a natural consequence of scientific thought and advancement. The atom is followed from its creation to its chemical reactivities. Inorganic chemistry is the main emphasis. It is primarily intended for students who wish to satisfy a general education requirement in science but is

also an excellent preparatory course for CHEM 121: General Chemistry I (p. 147) and CHEM 124: General Chemistry II (p. 147).

Distribution: GE: Natural Sciences-Chemistry (NSCH) | GN: Group B - Chemistry (BCH).

### CHEM 104 - GN: Chemistry for the Consumer (3 credits)

This course is an introduction to the basic chemical principles that underlie the composition, applications, and safety of common consumer products and everyday materials. Among topics to be discussed are plastics, laundry products, personal-care products, fertilizers, pesticides, food additives, and electrochemical processes, and batteries.

Distribution: GE: Natural Sciences-Chemistry (NSCH) | GN: Group B - Chemistry (BCH) .

### CHEM 106 - GN: Fingerprinting the Elements (3 credits)

The periodic table will be used to introduce the descriptive chemistry of the elements. Periodic trends in chemical reactivity and physical properties provide the basis for predicting the inorganic behavior of an element. Computer software assignments are used to clarify periodic trends.

Distribution: GE: Natural Sciences-Chemistry (NSCH) | GN: Group B - Chemistry (BCH).

### CHEM 108 - GN: Environmental Chemistry (3 credits)

This course is an introduction to basic chemical principles that are used as the basis for discussion of environmental issues. Among the topics included are air and water pollution, waste disposal, food additives, and pesticides.

Distribution: GE: Natural Sciences-Chemistry (NSCH) | GN: Group B - Chemistry (BCH).

### CHEM 111 - GN: Chemical Basis of Matter (3 credits)

The fundamental concepts relating to matter, its properties, composition, structure, and reactions are presented. The student is introduced to the chemical elements, the periodic table, inorganic nomenclature, atomic theory and structure, chemical reactions and equilibria, solution chemistry, and nuclear chemistry. Applications to the health sciences of the principles presented will be emphasized. Some algebraic experience is desirable.

This course may be useful in preparation for CHEM 121 (p. 147).

Distribution: GE: Natural Sciences-Chemistry (NSCH) | GN: Group B - Chemistry (BCH).

### CHEM 115 - GN: Chemistry, Molecules and Life (3 credits)

This course introduces the student to the principles and concepts of general, organic and biological chemistry and their applications to health-related issues. Intermolecular forces, acid-base theory, chemical reaction and equilibrium, and structural properties are used to explain metabolism, function, and causes of physiological changes at the molecular level.

Distribution: GE: Natural Sciences-Chemistry | GN: Group B - Chemistry (BCH). Corequisite: CHEM 117.

### CHEM 117 - GN: Chemical Basis of Life Laboratory (1 credit)

This course is a compilation of laboratory experiences designed to introduce the student to basic experimental techniques and investigations in general, organic, and biological chemistry. Emphasis

is given to the physical methods used to synthesize, purify, and identify various chemical compounds.

Distribution: GE: Natural Sciences-Chemistry | GN: Group B - Chemistry (BCH). Prerequisite: CHEM 115. Corequisite: CHEM 115.

### **CHEM 121 - GN: General Chemistry I (3 credits)**

This course presents language, principles, and applications of chemistry at a level designed for students majoring in the sciences. Topics include measurement, periodicity, stoichiometry, thermochemistry, atomic and electronic structure, bonding, and states of matter.

Distribution: GE: Natural Sciences-Chemistry | GN: Group B - Chemistry (BCH). Prerequisite: Intermediate Algebra. Corequisite: CHEM 123.

### **CHEM 123 - GN: General Chemistry I Laboratory (1 credit)**

This course offers students an opportunity to safely observe and measure chemical changes. Written work emphasizes data treatment and logical interpretation. Principles include density, stoichiometry, atomic structure, and gas laws. Techniques include volumetric, gravimetric, and spectroscopic measurements.

Distribution: GE: Natural Sciences-Chemistry | GN: Group B - Chemistry (BCH). Corequisite: CHEM 121.

### **CHEM 124 - GE: General Chemistry II (3 credits)**

This course is a study of the concepts of equilibrium, thermodynamics, acid-base chemistry, kinetics, electrochemistry, and nuclear chemistry.

Distribution: GE: Natural Sciences-Chemistry. Prerequisite: CHEM 121 AND CHEM 123 AND Concurrent registration in CHEM 126 is required.

### **CHEM 126 - GE: General Chemistry II Laboratory (1 credit)**

This course introduces students to more sophisticated measurement tools such as spectrophotometers, pH meters, precision thermometers, voltmeters, ammeters, and computers. Experiments focus on principles studied in CHEM 124.

Distribution: GE: Natural Sciences-Chemistry. Prerequisite: CHEM 121 and CHEM 123. Corequisite: CHEM 124.

### **CHEM 127 - Introduction to General Chemistry I Problem Solving (1 credits)**

This course will provide systematic, step-by-step approaches to problem solving in general chemistry, with emphasis on the factor label method as it is applied to stoichiometry, solution concentration terms, and thermochemistry. It is intended primarily for students who require or desire additional work in solving general chemistry problems.

Corequisite: CHEM 121.

### **CHEM 128 - Introduction to General Chemistry II Problem Solving (1 credits)**

This course is a continuation of CHEM 127, General Chemistry I Problem Solving (p. 147). Concurrent registration in CHEM 124, General Chemistry II, (p. 147) is required.

Prerequisite: CHEM 121 and CHEM 123. Corequisite: CHEM 124.

### **CHEM 212 - Chemical Basis of Life (3 credits)**

The fundamental concepts developed in CHEM 111: Chemical Basis of Matter (p. 146) are applied to the study of organic molecules and functional groups and their importance to biochemical structures. The structure, properties, nomenclature, and reactions of the different classes of organic and biochemical compounds are discussed as well as isomerism and metabolism and their biochemical applications to the health sciences.

Distribution: GE: Natural Sciences-Chemistry (NSCH) | . Prerequisite: CHEM 111.

### **CHEM 233 - Organic Chemistry I (3 credits)**

The structure, nomenclature, preparation, and reactions of organic compounds will be studied using modern theories and reaction mechanisms as unifying bases.

Distribution: Advanced (ADVD). Prerequisite: CHEM 121, CHEM 123, CHEM 124, CHEM 126.

### **CHEM 234 - Organic Chemistry II (3 credits)**

This course is a continuation of CHEM 233: Organic Chemistry I (p. 147).

Distribution: Advanced (ADVD). Prerequisite: CHEM 121, CHEM 123, CHEM 124, CHEM 126, CHEM 233, and CHEM 235. Corequisite: CHEM 236.

### **CHEM 235 - Organic Chemistry I Laboratory (1 credit)**

A series of experiments designed to introduce the student to the techniques and equipment used in the preparation and characterization of organic compounds will be undertaken.

Distribution: Advanced (ADVD). Prerequisite: CHEM 121, CHEM 123, CHEM 124, CHEM 126. Corequisite: CHEM 233.

### **CHEM 236 - Organic Chemistry II Laboratory (1 credit)**

This course is a continuation of CHEM 235, Organic Chemistry Lab. (p. 147)

Distribution: Advanced (ADVD) | Level II Writing (W2). Prerequisite: CHEM 121, CHEM 123, CHEM 124, CHEM 126, CHEM 233, CHEM 235. Corequisite: CHEM 234.

### **CHEM 237 - Organic Chemistry I Problem Solving (1 credits)**

This course will present approaches to and the methods of problem solving in organic chemistry while utilizing the unifying theories of mechanism that are based upon classical and contemporary bond theories. It is intended primarily for students who require or desire additional work in solving organic chemistry problems.

Distribution: Advanced (ADVD). Corequisite: CHEM 233.

### **CHEM 238 - Organic Chemistry II Problem Solving (1 credits)**

This course is a continuation of CHEM 237, Organic Chemistry I Problem Solving (p. 147). Concurrent registration in CHEM 234, Organic Chemistry II (p. 147) is required.

Distribution: Advanced (ADVD). Corequisite: CHEM 234.

### **CHEM 275 - GN: Chemical Aspects of Drug and Alcohol Abuse (3 credits)**

This course is an introduction to the chemical aspects of alcohol and other drugs of abuse with emphasis on the pharmacological and physiological effects on the human organism.

Distribution: Advanced (ADVD) | GE: Natural Sciences-Chemistry (NSCH) | GN: Group B - Chemistry (BCH) . Prerequisite: (CHEM 111 or CHEM 115 or CHEM 121).

**CHEM 290 - Special Topics: (Semester hours arranged)**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

Distribution: Advanced.

**CHEM 315 - Biochemistry (3 credits)**

This course is an introduction to the chemistry of living systems. Topics discussed include the chemistry of aqueous solutions; pH and buffer systems; the structure, functions and interactions of biomolecules; theories of ligand binding catalysis; the chemical reactions and regulation of major metabolic pathways; and introductory bioenergetics.

Distribution: Advanced (ADVD). Prerequisite: CHEM 234 and CHEM 236. Corequisite: CHEM 317.

**CHEM 317 - Biochemistry Laboratory (1 credit)**

A series of experiments designed to introduce the techniques and instrumentation of biochemistry will be utilized in investigating biomolecules and biochemical processes. Statistical methods for data analysis and interpretation of data published in biochemical journals will be integral components of this course.

Distribution: Advanced (ADVD). Prerequisite: CHEM 234 and CHEM 236. Corequisite: CHEM 315.

**CHEM 341 - Intermediate Inorganic Chemistry (3 credits)**

This course is an introduction to inorganic chemistry with emphasis on the bonding of transition and main group metals. Topics covered will include atomic structure, bonding theories, solids, acid/base chemistry and coordination chemistry.

Distribution: Advanced (ADVD). Prerequisite: CHEM 233 and CHEM 236. Corequisite: CHEM 342.

**CHEM 342 - Intermediate Inorganic Chemistry Laboratory**

This course is a study of inorganic lab techniques including synthesis and characterization of inorganic compounds and materials. The lab is the application of concepts from the inorganic lecture course (CHEM 341).

Distribution: Advanced (ADVD). Prerequisite: CHEM 233 and CHEM 236. Corequisite: CHEM 341.

**CHEM 350 - Biochemical Energetics (3 credits)**

This course focuses on the energetics of biomolecules and biochemical processes. Topics covered include the importance of electrostatic interactions in determining structure and function of biomolecules, bimolecular folding and processes of denaturation, bioenergetics application of thermodynamic, mechanisms of enzyme action, enzyme kinetics, cooperative bonding models, solution properties of macromolecules, membrane dynamics.

Distribution: Advanced (ADVD). Prerequisite: CHEM 315 and MATH 140 and (PHYS 131 or PHYS 161). Corequisite: CHEM 352.

**CHEM 352 - Biochemical Energetics Laboratory (1 credit)**

Students will perform experiments that will investigate the energetics of biomolecules, bimolecular structural changes and bimolecular

reactions. Experiments utilized will investigate solution partition, solvation, enzyme kinetics, enzyme inhibition, energetics of protein unfolding and ligand binding. Examples of techniques to be used include absorption and fluorescence spectroscopy, centrifugation, electrophoresis, blotting, and equilibrium dialysis. Emphasis will be placed on standard laboratory calculations, solution preparation, experimental design and record keeping. Critical evaluation and statistical analysis of data are stressed.

Distribution: Advanced (ADVD). Prerequisite: CHEM 315 and MATH 140 and (PHYS 131 or PHYS 161). Corequisite: CHEM 350.

**CHEM 353 - Physical Chemistry I (4 credits)**

This course is an introduction to theoretical physical chemistry including classical thermodynamics, statistical thermodynamics, and equilibrium. The use of computer techniques in the solving of problems and the treatment of laboratory data is an integral part of the course.

Distribution: Advanced. Prerequisite: CHEM 124, CHEM 126, PHYS 162; MATH 141; CPSC 101.

**CHEM 354 - Physical Chemistry II (4 credits)**

This course is a continuation of CHEM 353: Physical Chemistry I (p. 148) with emphasis on the theory and applications of quantum mechanics to simple chemical systems, introduction to spectroscopy and statistical mechanics.

Distribution: Advanced (ADVD). Prerequisite: CHEM 353.

**CHEM 371 - Analytical Chemistry I: Quantitative (4 credits)**

This course is a study of the theories and methods of gravimetric and volumetric analysis with a brief introduction to the use of some modern analytical instrumentation. Precision and accuracy in laboratory work and training in chemical calculations are emphasized.

Distribution: Advanced (ADVD). Prerequisite: CHEM 124 and CHEM 126.

**CHEM 372 - Analytical Chemistry II: Instrumental (4 credits)**

This course is a study of principles and applications of modern analytical methods with emphasis on physicochemical measurements. Topics include electrochemical, spectrochemical, chromatographic, and radiochemical methods.

Distribution: Advanced (ADVD). Prerequisite: CHEM 353 and CHEM 371.

**CHEM 373 - Environmental Quality: The Chemical Approach (4 credits)**

This course deals with the chemical aspects of environmental quality. Emphasis is placed on the identification, chemical characterization, and controls of pollutants. Topics include air, water, pesticides, food additives, heavy metals, and solid waste.

Distribution: Advanced (ADVD). Prerequisite: CHEM 124 and CHEM 126.

**CHEM 375 - Analytical Chemistry (3 credits)**

In this course, students will explore the tools and methods used for quantitative chemical analysis. Topics of study include experimental error and statistics, chemical equilibria, spectrophotometry, chromatography, and electrochemistry. The use of Excel in the

manipulation of quantitative data and critical thinking in addressing chemical analysis will be emphasized.

Distribution: Advanced (ADVD). Prerequisite: CHEM 235 and CHEM 236 and MATH 140. Corequisite: CHEM 376.

#### **CHEM 376 - Analytical Chemistry Laboratory (1 credit)**

In this course, students will be introduced to the most widely used types of analytical instrumentation, and apply those instruments to the quantification of species of interest in various matrices. Laboratory exercises will emphasize the analytical approach to problem solving, and require precision and accuracy in all measurements. Experiments will include spectrophotometry, potentiometry, chromatography, and voltammetry. Scientific writing skills will be reinforced in the preparation of laboratory reports, and spreadsheet analysis of data will be required.

Distribution: Advanced (ADVD). Prerequisite: CHEM 234 and CHEM 236 and MATH 140. Corequisite: CHEM 375.

#### **CHEM 385 - Chemical Literature and Documentation (1 credit)**

This course is a study of the various classes of chemical literature, techniques of searching the literature, and the proper documentation of experimental observations and literature references.

Distribution: Advanced (ADVD). Prerequisite: CHEM 234 .

#### **CHEM 402 - Contemporary Topics in Sciences (3 credits)**

This course deals with the nature and theoretical bases of recent noteworthy advances in science. Interdisciplinary in design, the course draws its content from the various disciplines of natural science. Emphasis is placed upon topics being reported upon in professional journals. This course is also listed as PHYS 402.

Distribution: Advanced. Prerequisite: CHEM 353 AND CHEM 354 AND Permission of instructor.

#### **CHEM 412 - Contemporary Topics in Biochemistry (3 credits)**

Topics presented in this course will cover a variety of advanced areas of biochemistry. Typically in one semester, the course will focus either on enzymes and regulation and integration of metabolism, or nucleic acids and recombinant DNA technology. Current journal articles will be used to supplement the textbook and provide the basis for discussions. The choice of focus and inclusion of other special topics will be determined by the needs of the students enrolled.

*Requisite courses may be taken as pre-requisites or concurrently as corequisites.*

Distribution: Advanced (ADVD). Prerequisite: CHEM 315 and CHEM 317 and (CHEM 350 or CHEM 353).

#### **CHEM 415 - Protein Chemistry: Proteins and Nucleic Acids (3 credits)**

This course will lay strong emphasis on the physico-chemical properties of proteins and nucleic acids, their synthesis, and molecular interactions as they relate to phenotypic expression. Students will be introduced to correlations between structure and function for proteins and nucleic acids. Topics covered include mechanisms of nucleic acid replication and synthesis of proteins, characterization of proteins and their roles in pathology, disease prevention, gene editing, etc.

Distribution: Advanced (ADVD). Prerequisite: CHEM 420. Corequisite: CHEM 417.

#### **CHEM 417 - Proteins and Nucleic Acids Laboratory (1 credits)**

This laboratory focuses on laboratory protocols for the purification, quantification, and analysis of protein and nucleic acid structures and functions used in industry and research. Emphasis will be placed on record keeping, critical evaluation of data and experimental design and written and oral presentation of experimental results.

Distribution: Advanced (ADVD). Prerequisite: CHEM 422. Corequisite: CHEM 415.

#### **CHEM 418 - Molecular Toxicity (3 credits)**

This course introduces students to the fields of toxicity and risk assessment. Emphasis will be on the molecular basis of toxicity and the biochemical impact of exposure to toxic agents.

Distribution: Advanced (ADVD). Prerequisite: CHEM 234, CHEM 236 and CHEM 315.

#### **CHEM 419 - Biochemistry II (3 credits)**

This course explores the molecular logic of metabolism and protein synthesis and discusses how organic molecules function in biochemical processes and pathways. Biosynthetic reactions, the roles of cofactors and coenzymes, enzyme active sites, transcription and translation, regulation, advanced bioenergetics, and structure and patterns common to all biochemical transformations are explored and discussed.

Distribution: Advanced (ADVD). Prerequisite: CHEM 315 and CHEM 317.

#### **CHEM 420 - Biochemical Methods (3 credits)**

This lecture serves as an introduction to the methods commonly used in the separation, analysis and characterization of biomolecules. The theory and practice of electrophoresis, sedimentation, chromatography, absorption and emission spectroscopy, NMR and mass spectrometry, isotopic labeling, x-ray spectroscopy will be emphasized.

Distribution: Advanced (ATEP). Prerequisite: CHEM 315 and CHEM 317. Corequisite: CHEM 422.

#### **CHEM 422 - Biochemical Methods Laboratory (1 credit)**

This laboratory serves to illustrate the content presented in CHEM 420 Biochemical Methods. Experiments focus on methods commonly used in the separation, analysis and characterization of biomolecules and cellular structures including electrophoresis, sedimentation, dialysis, filtration, chromatography, absorption and emission spectroscopy, NMR and mass spectrometry. Emphasis will be placed on standard laboratory calculations, record keeping, critical and statistical evaluation of data and experimental design and written and oral presentation of experimental results.

Distribution: Advanced (ADVD). Prerequisite: CHEM 315 and CHEM 317. Corequisite: CHEM 420.

#### **CHEM 433 - Organic Chemistry III (3 credits)**

A study of the theoretical and practical aspects of the reactions, mechanisms and stereochemistry of organic compounds.

Distribution: Advanced (ADVD). Prerequisite: CHEM 234 and CHEM 236 and CHEM 354.

**CHEM 436 - Medicinal Chemistry (3 credits)**

This course is a survey of the various classes of pharmacological agents being utilized in the treatment of various disorders. Included are considerations of mode of action, design and synthesis, and current efforts in the field of development of new drugs.

Distribution: Advanced (ADVD). Prerequisite: (CHEM 234 and CHEM 236 and CHEM 353) or instructor permission.

**CHEM 441 - Inorganic Chemistry I (3 credits)**

This course is a study of the periodic properties and descriptive chemistry of the chemical elements and their inorganic compounds, ionic solids, equilibria in aqueous and nonaqueous systems, and acid-base concepts.

*Requisite course CHEM 353: Physical Chemistry I (p. 148) may be taken as pre-requisites or concurrently as corequisites.*

Distribution: Advanced (ADVD). Prerequisite: CHEM 124 and CHEM 353.

**CHEM 442 - Inorganic Chemistry II (3 credits)**

This course is a continuation of CHEM 441: Inorganic Chemistry I (p. 150) with emphasis on a study of the theories of bonding, structure, and reactivities of inorganic, coordination, and organometallic compounds. The magnetic and spectroscopic properties of coordination compounds and the descriptive chemistry of selected group elements will also be discussed.

Distribution: Advanced (ADVD). Prerequisite: CHEM 353 and CHEM 441.

**CHEM 452 - Introduction to Computational Chemistry and Molecular Modeling (3 credits)**

This course is a study of selected topics in theoretical chemistry including quantum mechanics, group theory and symmetry, and molecular orbital theory. The use of computer programs in the illustrations of chemical principles will be emphasized.

Distribution: Advanced (ADVD). Prerequisite: CHEM 353 and CHEM 354.

**CHEM 460 - Advanced Chemistry Laboratory (2 credits)**

This course is designed to expose students to various experimental techniques needed to conduct chemical research. The course integrates synthesis, separation, purification, analysis, and characterization techniques. Instrumental techniques used include UV-VIS, FT-IR, FT-NMR, spectroscopy, HPLC, GC-MS and various optical methods used for characterizing organic and inorganic compounds.

*Requisite course CHEM 442: Inorganic Chemistry I (p. 150) may be taken as pre-requisites or concurrently as corequisites.*

Distribution: Advanced (ADVD). Prerequisite: CHEM 372 and CHEM 433 and CHEM 442.

**CHEM 461 - Polymer Chemistry (3 credits)**

The basic concepts of polymer chemistry are introduced in this course. Topics included will be the mechanisms and kinetics of polymerization, the synthesis of polymers, and the relationships between molecular structure, conformation, and morphology of polymers and their chemical and physical properties.

Distribution: Advanced (ADVD). Prerequisite: CHEM 234 and CHEM 236 and CHEM 354.

**CHEM 485 - Independent Study (Semester Hours Arranged)**

This experience is taken upon the initiative of a student who seeks to study with a knowledgeable faculty member in order to deepen a specific interest in a particular academic discipline. Independent study is a process through which a student either sharply increases his/her already advanced knowledge of a subject matter or increases his/her appreciation about an academic discipline that is correlative with a student's advanced knowledge of a subject. The proposed independent study must be submitted to the department for approval. The faculty member supervising the independent study must provide a minimum of five (5) hours of time per credit hour upon request of the student.

Distribution: Advanced (ADVD).

**CHEM 486 - Field Experience and Internship**

This experience is taken upon the initiative of a student who seeks to study with a knowledgeable faculty member in order to deepen a specific interest in a particular academic discipline. Independent study is a process through which a student either sharply increases his/her already advanced knowledge of a subject matter or increases his/her appreciation about an academic discipline that is correlative with a student's advanced knowledge of a subject. The proposed independent study must be submitted to the department for approval. The faculty member supervising the independent study must provide a minimum of five (5) hours of time per credit hour upon request of the student.

Distribution: Advanced (ADVD).

**CHEM 493 - Research In Chemistry (3 credits)**

This course is an experimental investigation selected by the student in consultation with a member of the faculty and carried out under the faculty member's guidance. Prerequisites: Senior standing and permission of the department.

Distribution: Advanced.

**CHEM 495 - Chemistry Seminar (3 credits)**

In this course, students combine their technical, analytical and critical thinking skills to dissect, criticize and appraise emerging scientific discoveries in the domains of chemistry and biochemistry. Registered students are required to give a short research talk, present a poster and a mini-review paper on a topic of interest within the semester. This course features lecture series from faculty, other prominent scientists in academia, industry and other walks of life.

Distribution: Advanced (ADVD) | Level III Writing (W3).

**CHEM 499 - Student Teaching Internship (1 credit)**

This course is designed to provide the student with an opportunity to work with a faculty member in the student's primary Arts and Sciences discipline during the student teaching experience. The course will enhance the student's ability to understand and maximize the relationship between disciplinary subject matter and pedagogy.

Distribution: Advanced (ADVD). Corequisite: PSED 430 or PSED 431.

## Communication

### College of Arts and Sciences

#### The Faculty of Arts and Letters

Fine and Performing Arts Center, Room 202

570-422-3759

[www.esu.edu/cmst](http://www.esu.edu/cmst)

#### About the Program

The mission of the Department of Communication is to prepare students for civic participation in an increasingly complex world that requires sophisticated practical, critical, and theoretical understandings of human communication.

The department offers coursework and degree programs that focus on the history, theory, and critical evaluation of human and mediated communication.

Communication majors secure employment in a variety of fields after graduation including journalism, sales, advertising, public relations, media development, community advocates and broadcasting.

Some graduates pursue advanced degrees at the masters or doctoral level. The department offers a Minor in Communication to students majoring in other disciplines.

Four concentrations are available to students majoring in Communication: Broadcasting, Media Studies, Public Communication and Advocacy, Public Relations. Students may also choose to minor in Communication. Students may also take a double concentration.

#### Is communication a career path for me?

##### Career Potential

- Public relations specialist
- Advertising executive
- Media developer
- Broadcaster
- Journalist
- Speech writer
- Public affairs specialist
- Government official
- Media critic
- Sales representative
- Community Advocate
- Social Media Specialist

#### Are you interested in...

- Communicating persuasively
- Gathering information, preparing stories and informing the public
- Becoming a public figure

#### Choose Communication at ESU

- Theoretical and critical analyses
- Practical field experiences
- Student clubs

- Qualified, experienced faculty
- Frequent faculty interactions

#### Internship Opportunities

- The Communication Department's Internship Program is designed to provide students with real-life working experiences related to the field of communication.
- Internships are considered essential in the areas of Broadcasting and Public Relations, but are also helpful in the areas of Media Studies and Speech Communication

#### Student Clubs

- WESS Radio (90.3 FM), MTV Winner as "best college radio station in the country"
- PRSSA Chapter (Public Relations Student Society of America)

*More detailed career information is available from the department and from the department website: [www.esu.edu/cmst](http://www.esu.edu/cmst).*

## Communication B.A.

### PROGRAM FEATURES

39 credits

All CMST students must complete the Core Curriculum and at least one Concentration and the required courses from four different Concentrations (students may also double up two Concentrations).

#### Core Curriculum:

(18 credits)

CMST 111	GN: Introduction to Communication	3
CMST 126	GN: Introduction to Mass Media	3
CMST 250	Analysis of Communication Theory	3
CMST 310	Intercultural Communication	3
CMST 365	Communication Research	3
CMST 495	Seminar in Communication	3

#### Concentration I: Broadcasting:

21 credits

This concentration provides hands-on training and operational procedures for radio, television and web distribution of content.

CMST 219	Radio Practicum	3
OR		
DMET 210	Television: Studio Production I	3
CMST 229	Broadcast Journalism	3
CMST 315	Voice For Broadcasting	3
CMST 410	Comparative Media	3
OR		
CMST 440	Ethical and Legal Issues in Broadcasting	3

OR  
CMST 445 Mass Media and Communication Ethics 3

CMST 486 Field Experience & Internship Semester Hours Arranged

Note: CMST 219 (taken twice for a total of three credits) OR DMET 210  
and six semester hours of any CMST courses at the 300/400 level.

### Concentration II: Media Studies:

21 credits

This concentration critically analyzes media to understand how our beliefs and actions are influenced.

CMST 136 GN: Introduction to Popular Culture 3  
CMST 163 GN: Introduction to Film Study 3  
CMST 348 Media Criticism 3  
CMST 367 Advertising and Propaganda 3

and nine semester hours of any CMST courses at the 300/400 level.

### Concentration III: Public Communication and Advocacy

21 credits

This concentration offers preparation to publicly advocate for organizations with a civic mission.

CMST 253 GN: Public Speaking 3  
CMST 329 GN: Rhetorical Perspectives 3

#### Choose one of the following:

CMST 220 GN-WS: Gender Differences and Human Communication 3  
CMST 230 Small Group Communication 3  
CMST 235 GN: Interpersonal Communication 3

#### Plus choose one of the following:

CMST 331 Advanced Public Speaking 3  
CMST 333 GN: Argumentation and Advocacy 3  
CMST 363 Psychology of Speech 3

and nine semester hours of any CMST courses at the 300/400 level.

### Concentration IV: Public Relations:

21 credits

This concentration offers preparation to formulate effective principles of public relations to interface with a variety of public through a variety of media.

ENGL 205 Workplace Writing 3

OR

ENGL 215 News Reporting and Writing 3

CMST 255 Introduction to Public Relations 3

ENGL 305 Professional Writing: Public Relations 3

CMST 355 Public Relations Theory 3

and nine semester hours of any CMST courses at the 300/400 level.

(with no more than three semester hours chosen outside CMST).

or

Six semester hours of any CMST courses at the 300/400 level and three semester hours from any of the ENGL courses below:

ENGL 306 Professional Writing: Advertising 3

ENGL 307 Professional Writing: Website Writing and Design 3

ENGL 315 Multimedia Journalism 3

ENGL 317 Reviewing the Arts 3

ENGL 319 Writing Creative Non-Fiction 3

ENGL 320 Electronic Creative Writing 3

#### Residency Requirement:

The student will take at least 18 credits in the major at East Stroudsburg University.

#### Additional requirements:

- Please see the university requirements in this catalog. (p. 40) (p. 44)

## 4 YEAR CURRICULUM PROGRAM PLAN

(Subject to change by the university without notice)

### Freshman Year

#### Fall

## Accelerated Pathway from B.A. in Communication to M.A. in Communication

**Accelerated Pathway:** Communication students may join the accelerated pathway through the Bachelor of Arts (BA) in Communication to Master of Arts (MA) in Communication. This accelerated pathway allows qualified undergraduate students to take up to nine (9) graduate credits of coursework that will apply to both the undergraduate and graduate degrees.

To qualify for the Communication accelerated pathway a student must have earned at least ninety (90) undergraduate credits and have an overall GPA of 3.00 or a GPA of 3.00 within the major. Students will need to obtain the approval of the Communication Department Chair and the Communication graduate program coordinator to participate in the accelerated pathway.

**Additional Requirement:** A student must have obtained a grade of "B" or higher in the graduate course in order for it to count towards the graduate degree program, while a grade of "C" or higher is necessary in order for it to count towards the undergraduate degree program.

### Communication Minor

18 credits

#### PROGRAM FEATURES

The 18-credit Communication Minor is flexible to the student's needs. Three courses are required: CMST 111 Introduction to Communication, CMST 126 Introduction to Mass Media, and CMST 250 Analysis of Communication Theory. The remaining three courses allow the student to take some preliminary coursework in one of the department's four concentrations: Broadcasting, Media Studies, Public Relations, or Public Communication and Advocacy. This minor offers other majors the opportunity to gain fundamental communication concepts and skills in one of the concentrations above.

#### Required Courses

CMST 111	GN: Introduction to Communication	3
CMST 126	GN: Introduction to Mass Media	3
CMST 250	Analysis of Communication Theory	3

and nine credits of CMST coursework (at least 6 credits at the 300-400 level). Selection of these courses is done after consultation with a Communication faculty member.

### Communication Faculty

#### Professors:

Paul Lippert (plippert@esu.edu)

Andrea McClanahan (amclanahan@esu.edu)

Robert McKenzie, Chair (mckenzie@esu.edu)

Charles Warner (cwarner@esu.edu)

Wenjie Yan (wyan@esu.edu)

Cem Zeytinoglu (zeytinoglu@esu.edu)

#### Assistant Professors:

Sarah Everett

Margaret Mullan (mmullan@esu.edu)

Kristopher R. Weeks (kweeks3@esu.edu)

### CMST - Communication Courses

#### CMST 111 - GN: Introduction to Communication (3 credits)

This course includes an introduction to the study and application of some principles of dyadic communication, small group interaction, and public speaking, in addition to listening skills.

Distribution: GE: Humanities-Performing Arts (HUPA) | GN: Group A - Performing Arts (APA) | Communication (C) .

#### CMST 126 - GN: Introduction to Mass Media (3 credits)

This course is a survey of the defining characteristics and histories of each of the media in mass communication. The focal point in each media is the relationship of the mass media to society.

Distribution: GE: Humanities - Fine Arts | GN: Group A - Fine Arts (AFA) | Communication (C) .

#### CMST 136 - GN: Introduction to Popular Culture (3 credits)

This course affords the student an opportunity to systematically examine popular culture, the cultural environment in which virtually all Americans have lived during the twentieth and twenty-first centuries. Emphasis is placed upon the study of popular artifacts, arts, and rituals as communicators of cultural belief.

Distribution: GE: Humanities - Fine Arts (HUFA) | GN: Group A - Fine Arts (AFA) | Artistic Expression (A) .

#### CMST 163 - GN: Introduction to Film Study (3 credits)

This course is designed to provide students with an understanding of the elements necessary for film analysis toward a development of an appreciation for film as art. Representative films are screened in order to study the impact of the art form on modern society and on the individual.

Distribution: GE: Humanities - Fine Arts (HUFA)| GN: Group A - Fine Arts (AFA) | Artistic Expression (A) .

#### CMST 219 - Radio Practicum (3 credits)

This course is for the development of practical experience working in an FCC licensed radio station environment. Students will learn on-air performance, station management, organization, and participate in the radio student club, WESS. (Pass/Fail course.)

#### CMST 220 - GN-WS: Gender Differences and Human Communication (3 credits)

This course is designed to examine the ways in which women and men communicate differently in interpersonal, work, and family settings and to discuss ways in which both men and women can improve communication and reduce conflict.

Distribution: Advanced (ADVD) | GE: Humanities-Performing Arts (HUPA) | GN: Group A - Performing Art (APA) | Global Diversity/Citizenship (G) | Communication (C). Prerequisite: (CMST 111 or CMST 126) and ENGL 103.

**CMST 229 - Broadcast Journalism (3 credits)**

Radio and television are studied as media for news and information. Included are basic principles of newscasting, on-the-spot coverage, editing, writing, and delivery of news; use of wire copy; news policy and censorship codes; and theory and practice in station news operations.

Prerequisite: CMST 126.

**CMST 230 - Small Group Communication (3 credits)**

This course not only teaches skills useful for effective group interaction but also explores theories that describe and explain group dynamics in various contexts. Topics covered in this course typically include general systems theory, analysis of group interaction, group cohesion enhancing techniques, critical and creative problem solving skills, leadership skills, and conflict management.

Distribution: Advanced (ADVD) | GE: Humanities-Performing Arts (HUPA) . Prerequisite: CMST 111 and ENGL 103.

**CMST 235 - GN: Interpersonal Communication (3 credits)**

This course introduces the processes and functions of communication in two-person and familial contexts. Emphasis is placed on the different types of interpersonal communication occurring in romantic relationships, friendships, and family relationships to help students improve their abilities as communicators throughout their daily interpersonal interactions.

Distribution: Advanced (ADVD) | GE: Humanities-Performing Arts (HUPA) | GN: Group A - Performing Arts (APA) | Communication (C) . Prerequisite: ENGL 103 and (CMST 111 or CMST 126).

**CMST 250 - Analysis of Communication Theory (3 credits)**

This course analyzes the dominant theories of human interaction, both general theories and those specific to particular contexts.

Distribution: Advanced (ADVD). Prerequisite: Sophomore Standing (30 or more credits), ENGL 103 and (CMST 111 or CMST 126).

**CMST 253 - GN: Public Speaking (3 credits)**

This course deals with instruction and practice in selecting, analyzing, arranging, and delivering material for different types of public speeches; consideration of various methods of appeal; rhetorical devices; selected speeches; audience analysis and principles of criticism.

Distribution: GN: Group A - Performing Arts (APA) | Communication (C) | GE: Humanities-Performing Arts (HUPA) .

**CMST 255 - Introduction to Public Relations (3 credits)**

This course will acquaint students with introductory concepts pertaining to public relations and communication in the public sphere. The course will emphasize the significance of public communication in a democracy and encourage critical thinking regarding the issues, functions, contributions, and theories of public relations. The course will provide a forum for student discussion of and engagement with both theoretical and practical aspects of public relations via its civic, corporate, and legal components within a historical context.

Prerequisite: CMST 126.

**CMST 290 - Special Topics: (Semester hours arranged)**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**CMST 307 - Art and History of Film (3 credits)**

This course studies the historical and aesthetic developments of the cinema, emphasizing the aesthetic aspects of film in an attempt to develop critical standards through surveying the methods and problems of film. Narrative, non-narrative, fictional, and documentary films are screened and discussed.

Distribution: Advanced (ADVD) | GE: Humanities - Fine Arts (HUFA) | Level II Writing (W2) . Prerequisite: CMST 126 and CMST 163 and ENGL 103.

**CMST 310 - Intercultural Communication (3 credits)**

Intercultural Communication is communication between persons who share different patterns of thoughts (attitudes, beliefs, values, and opinions) and behaviors. This course will deal with communication between men and women, black and white, young and old, straights and gays, students and teachers, and other subcultures in conflict.

Distribution: Advanced (ADVD). Prerequisite: CMST 111 or CMST 126.

**CMST 315 - Voice For Broadcasting (3 credits)**

This course reviews the variables of the voice and their development as they pertain to the medium of radio and television. Students are given the opportunity to study and practice projecting their personalities through the medium of their respective voices as well as an opportunity to develop their vocal skills for broadcasting news, sports, interviewing, and educational programming.

Distribution: Advanced (ADVD). Prerequisite: CMST 229 and (CMST 111 or CMST 126).

**CMST 322 - Persuasion in Public Communication (3 credits)**

This course is designed to provide the students with the fundamental knowledge of how persuasion works and also to teach them how to create effective persuasive messages using the strategies derived from both rhetorical tradition and social-scientific research. This course also examines the ethics of persuasion in the realm of public communication from legal, commercial, and religious perspectives

Distribution: Advanced (ADVD). Prerequisite: CMST 111 and (CMST 250 or CMST 253).

**CMST 329 - GN: Rhetorical Perspectives (3 credits)**

This course is designed to familiarize the students with various theoretical perspectives which attempt to explain how we are persuaded to our beliefs and actions.

Distribution: Advanced (ADVD) | GE: Humanities - Fine Arts (HUFA) | GN: Group A - Fine Arts (AFA) | Communication (C) . Prerequisite: (CMST 111 or CMST 253) and CMST 250 and ENGL 103.

**CMST 330 - Political Communication (3 credits)**

This course is designed to introduce students to the theories, issues and methodological approaches to the study of political communication. Students examine political communication as a discursive process, primarily aimed at winning elections.

Distribution: Advanced (ADVD). Prerequisite: POLS 120. Crosslisted as: POLS 330.

**CMST 331 - Advanced Public Speaking (3 credits)**

Advanced Public Speaking builds upon a student's general knowledge of communication gained in Public Speaking. The course enables a student to gain more experience in composing, delivering, and criticizing public speeches. Students will refine techniques in their delivery in various modes of public speaking. Attendance requirement will be enforced.

Distribution: Advanced (ADVD) | GE: Humanities - Performing Arts (HUPA) | . Prerequisite: CMST 253.

**CMST 333 - GN: Argumentation and Advocacy (3 credits)**

This course studies the ways beliefs are changed or instilled in an audience as a result of a message's argumentative or persuasive qualities. The principal mode of message studied is that of the public speech, but other messages will be examined critically to determine how those messages function argumentatively and persuasively.

Distribution: Advanced (ADVD) | GN: Group A - Fine Arts (AFA) | Communication (C) | GE: Humanities - Fine Arts. Prerequisite: CMST 111 and (CMST 253 or PHIL 221).

**CMST 337 - Broadcast Management (3 credits)**

This course deals with the organization and management of radio and television stations: personnel, programming formats, sales, audience analysis, social and governmental responsibility.

Distribution: Advanced. Prerequisite: CMST 126.

**CMST 340 - Critical Perspectives on Social Media Use (3 credits)**

Students will study a variety of critical perspectives to analyze and interpret how social media use potentially affects communication in terms of interpersonal relationships, intended audiences, message design, message feedback and traditional media use (newspapers, television, radio, magazines, books).

Distribution: Advanced (ADVD). Prerequisite: CMST 126 and CMST 250 and ENGL 103.

**CMST 342 - Popular Music as Cultural Text (3 credits)**

This course will examine the importance of contemporary American popular music as a communicative medium and signifying practice which can affect cultural and subcultural identity.

Distribution: Advanced (ADVD) | Level II Writing (W2) . Prerequisite: CMST 126 and CMST 136 and ENGL 103.

**CMST 348 - Media Criticism (3 credits)**

This course develops a variety of methods for analyzing both the functions and the products of mass media. After examining the cultural contexts in which the media operate, the course will establish important critical methods and offer opportunities to apply these methods in critical practice.

Distribution: Advanced (ADVD) | Level II Writing (W2) . Prerequisite: CMST 126 and CMST 250 and ENGL 103.

**CMST 350 - Organizational Communication (3 credits)**

This course teaches theories that describe and explain the roles and functions of human communication within an organization. Communication is examined from such perspectives as human relations theory, system theory, theory of organizational culture and critical theory. In addition, this course links theory with practice by

engaging students in observing and studying communication practices in actual organizational settings.

Distribution: Advanced (ADVD). Prerequisite: CMST 111.

**CMST 353 - Advanced Public Speaking (3 credits)**

Advanced Public Speaking builds upon a student's general knowledge of communication gained in Public Speaking. The course enables a student to gain more experience in composing, delivering, and criticizing public speeches. Students will refine techniques in their delivery in various modes of public speaking. Attendance requirement will be enforced.

Distribution: Advanced (ADVD) | GE: Humanities - Fine Arts (HUFA) | . Prerequisite: CMST 253.

**CMST 355 - Public Relations Theory (3 credits)**

This course will examine significant public relations and communication theories. Students will explore the work of key scholars in order to understand the current state of public relations theory. Public Relations Theory will also investigate the history of public relations as a field. The course is designed to help students look critically at the foundations, implications, and consequences of public relations theory.

Distribution: Advanced (ADVD). Prerequisite: CMST 255.

**CMST 356 - Public Relations Cases and Strategies (3 credits)**

This course exposes students to the best practices for public relations campaigns as recognized by the professionals in the field of public relations and the Public Relations Society of America (PRSA). Using a strategic communications model, students will examine different public relations cases by applying criteria based on objectives, research and audience analysis, organizational values, and creative tactics.

Distribution: Advanced (ADVD). Prerequisite: CMST 126 and CMST 255.

**CMST 357 - History of Public Relations (3 credits)**

This course critically examines the origins and history of public relations theory, principles and professional practice. Students will study the historical nature and role of public relations, the history and development of the field, and the societal forces affecting the profession and its practice. Course content includes the bases of the socio-political legitimacy and ethical justification of public relations in a free and democratic society.

Distribution: Advanced (ADVD). Prerequisite: CMST 126 and CMST 250 and CMST 255.

**CMST 360 - Communication and Social Justice (3 credits)**

This course gives students an in-depth understanding of communication and social justice issues, emphasizing issues of power, privilege and difference. This course will study communicating across cultural differences by critically analyzing verbal, written, and visual expressions (social movements, digital activism, organizing and mobilizing campaigns) of our diverse and global society. Emphasis is placed on gaining experience with difficult dialogues about race, gender, diversity, and inclusivity.

Distribution: Advanced (ADVD).

**CMST 363 - Psychology of Speech (3 credits)**

This course is a study of the secondary variables that influence communicational interaction. Emphasis is placed upon developing a concept of communicational context, situation, and circumstance, as well as developing skills of interpreting the unspoken messages which underlie communicational transactions.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD) | Level II Writing (W2). Prerequisite: CMST 111 and CMST 250 and ENGL 103.

**CMST 364 - Studies in Television Genres (3 credits)**

This course examines a variety of television genres, allowing the student to develop an understanding of the nature of American formulaic television through critical analysis of programming.

Distribution: Advanced (ADVD) | GE: Humanities - Fine Arts (HUFA). Prerequisite: CMST 126 and CMST 136 and ENGL 103.

**CMST 365 - Communication Research (3 credits)**

This course will familiarize the student with the vast array of methods employed in the field of mass communication research and to provide him/her with a basic fluency in each of these methods.

Distribution: Advanced (ADVD) | Info. Literacy and Technology (I) . Prerequisite: Junior Standing (60 or more credits) and (CMST 111 or CMST 126) and (CMST 222 or CMST 250).

**CMST 367 - Advertising and Propaganda (3 credits)**

This course will provide an introduction to the special type of persuasive communication that characterizes both advertising and other forms of propaganda. Advertising, other forms of sociological propaganda, and political propaganda will be studied in terms of their relation to society, their techniques, and the ethical issues that they raise.

Distribution: Advanced (ADVD) | Level II Writing (W2). Prerequisite: CMST 126 and CMST 250 and ENGL 103.

**CMST 370 - Film Genres (3 credits)**

These courses will analyze significant films of either one or two genres in an attempt to define the characteristics of each genre and understand their cultural meaning. Readings will focus on the genres' historical development with emphasis on their relation to the social currents of the times. Representative films will be screened. Selected genres will vary with each offering of the course. Genres studied will include: the comedy film, the science fiction film, the musical film, the documentary film, the film noir, and the horror film.

Distribution: Advanced (ADVD) | Level II Writing (W2) . Prerequisite: CMST 126 and CMST 163 and ENGL 103.

**CMST 410 - Comparative Media (3 credits)**

This course will expose students to media from around the world. Students will learn how to compare media content, formats, systems, and ownership structures in an effort to better understand underlying assumptions that help shape our perceptions of the world.

Distribution: Advanced (ADVD). Prerequisite: CMST 126 and CMST 310.

**CMST 415 - Genres of Rhetoric (3 credits)**

This course will examine one or two rhetorical genres to define the characteristics of each and understand its nature, meaning, and

influence within a particular cultural movement. Students will apply classical and contemporary rhetorical theories to genres such as presidential, war, feminist, and environmental rhetoric. Representative examples of speeches, letters, essays, advertisements, and demonstrations will be analyzed.

Distribution: Advanced (ADVD) | Level III Writing (W3) . Prerequisite: CMST 111 and CMST 329 and (ENGL 203 or CMST 307 or CMST 342 or CMST 348 or CMST 363 or CMST 367 or CMST 370 or CMST 441 or CMST 445).

**CMST 429 - Criticism of Rhetoric and Public Address (3 credits)**

This course is designed to develop and enhance the student's critical response to rhetorical discourse in the area of public address. The course includes a survey of rhetorical theory and opportunity to evaluate critically examples of rhetorical discourse from these various theoretical points of view.

Distribution: Advanced (ADVD) | Level III (W3) Writing. Prerequisite: CMST 111 and CMST 329 and (ENGL 203 or CMST 307 or CMST 342 or CMST 348 or CMST 363 or CMST 367 or CMST 370 or CMST 441 or CMST 445).

**CMST 440 - Ethical and Legal Issues in Broadcasting (3 credits)**

This course will cover ethical and legal issues that confront broadcasters in their daily routine. Topics include programming decisions, FCC regulation, community standards, personnel management and precedent-setting court cases.

Distribution: Advanced. Prerequisite: (CMST 126 or CMST 229) and (PHIL 111 or PHIL 231).

**CMST 441 - Communication Law (3 credits)**

This course focuses on communication law principles and practices essential to professional communicators in many fields. Topics include, but are not limited to, the role of the first amendment, defamation, privacy, protection of sources and journalists, access to government places and documents, and a particular emphasis on examining the impact of the digital technology on both national and international laws protecting intellectual property.

Distribution: Advanced (ADVD) | Level II Writing (W2) . Prerequisite: Junior Standing (60+ credits) and (CMST 111 or CMST 126) and POLS 120 and ENGL 103.

**CMST 445 - Mass Media and Communication Ethics (3 credits)**

This course examines the various viewpoints and theories on mass media and communication ethics. The course investigates the correspondence and discussions between the scholars and professionals involved in various subdivisions of communication and ethics. The course aims to study and explore the philosophical bases of decisions, empirical studies, and literature dealing with mass media content and the behavior of practitioners in journalism, broadcasting, public relations, advertising, and other mass communication disciplines.

Distribution: Advanced (ADVD) | Level II Writing (W2). Prerequisite: CMST 126 and (CMST 250 or PHIL 110).

**CMST 455 - Public Relations Campaigns (3 credits)**

This course will provide a pedagogical simulation to develop a potential public relations campaign. Students will follow the professional and theoretical steps of research, planning,

communication and evaluation in a public relations campaign process. Campaign topics will usually be selected from the national case study competition by the Public Relations Student Society of America (PRSSA).

Distribution: Advanced (ADVD). Prerequisite: CMST 126 and CMST 250 and CMST 255 and ENGL 305 and (ENGL 205 or ENGL 215) and (CMST 355 or CMST 365).

### **CMST 460 - Rhetoric of Tourism (3 credits)**

This course covers the role of rhetoric and persuasion in the diffusion of innovation. Using theories of diffusion of innovation and contagion, students will examine rhetorical strategies and communication channels and their influence on diffusion including adoption, rejection, discontinuance, and reinvention of innovations. Innovations covered include emerging industries, businesses, products, and ideas.

Distribution: Advanced (ADVD). Prerequisite: CMST 111 and (CMST 250 or CMST 329 or CMST 350 or MGT 200 or MGT 204 or HRTM 101).

### **CMST 485 - Independent Study (Semester Hours Arranged)**

This experience is taken upon the initiative of a student who seeks to study with a knowledgeable faculty member in order to deepen a specific interest in a particular academic discipline. Independent study is a process through which a student either sharply increases his/her already advanced knowledge of a subject matter or increases his/her appreciation about an academic discipline that is correlative with a student's advanced knowledge of a subject. The proposed independent study must be submitted to the department for approval. The faculty member supervising the independent study must provide a minimum of five (5) hours of time per credit hour upon request of the student.

Distribution: Advanced (ADVD).

### **CMST 486 - Field Experience & Internship (Semester Hours Arranged)**

Field experience gained through placement in a practical on-the-job situation under professional supervision. Credits from an internship cannot be applied to the elective requirements of the department's degree programs.

Distribution: Advanced (ADVD).

### **CMST 495 - Seminar in Communication (3 credits)**

The course consists of discussion and research of selected topics in communication theory, criticism, and application. It is designed to further those research methods characteristic of professional competence in the field of Communication.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: Senior Standing (90 or more credits) and CMST 365 and One of the Following: (ENGL 203 or CMST 307 or CMST 342 or CMST 348 or CMST 363 or CMST 367 or CMST 370 or CMST 441 or CMST 445).

## **Communication Sciences and Disorders**

### **College of Health Sciences**

#### ***The Faculty of Health Professions***

Monroe Hall  
570-422-3247

[www.esu.edu/sppa](http://www.esu.edu/sppa)

### **About the Program**

Speech-language pathologists assist people with communication disorders by improving their quality of life.

ESU's Department of Communication Sciences and Disorders offers students the opportunity to earn a preprofessional degree. Upon completion, students **must** pursue a master's degree before gaining employment as a certified speech-language pathologist. Graduates of ESU's master's degree program have many employment opportunities.

Students are given an education plan upon entering the program; they are assigned an adviser who will assist them throughout their bachelor's degree program. Students must maintain at least a 3.0 cumulative average and major average.

The Department of Communication Sciences and Disorders is housed in Monroe Hall. The Monroe Hall Speech and Hearing Center is a fully operational clinic. It features all of the equipment and accommodations essential to a quality educational program in speech-language pathology. Graduate students are able to gain hands-on experience with people who exhibit various types of communication disorders. The clinic serves people of all ages, infancy through adult, from the surrounding Pocono area, the Lehigh Valley and New Jersey, as well as students and faculty/staff from ESU who are in need of rehabilitation/habilitation services. Monroe Hall has several observable therapy rooms, and all the necessary materials and resources for conducting therapy.

### **Are you interested in ...**

- Working with people
- Helping others

### **Choose Communication Sciences and Disorders at ESU**

- Small class size
- Qualified, experienced faculty
- Preparation for graduate education

### **Is speech-language pathology a career path for me?**

#### ***Career Potential***

- Speech-language pathologist

#### ***Career Settings***

- Public and private schools
- Hospitals
- Rehabilitation centers
- Short-term and long-term care facilities
- Community clinics
- Colleges and universities
- Private practice
- State and local health departments
- State and federal government agencies
- Home care

- Adult day care centers
- Centers for persons with developmental disabilities
- Research laboratories
- Institutes and private agencies

*More detailed career information is available from the department.*

### Accreditation

ESU's graduate program in Communication Sciences and Disorders is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology.

### Professional Organizations

The department has an active chapter of the National Student Speech-Language-Hearing Association. We also have a Sign Language Club and a chapter of Autism SpeaksU. Student members participate in many service learning activities, including visiting local nursing homes, doing projects with the Mekeel Child Care Center on campus and participating in some social events as well.

## Communication Sciences and Disorders B.S.

### Academic Criteria

- All incoming students (freshmen, transfers, etc.) must meet with the department chair to set up their education plan leading to admission into the clinical portion of the SPPA program.
- All transfer students, both ESU and other institutions, must have a 3.0 cumulative quality point average to declare SPPA as their major. Transfer students will work with the department chair on an individual basis to set up education plans that can be completed in a timely manner.
- Students are required to maintain a minimum 3.0 overall GPA and major (SPPA) GPA to remain in the major. Any students falling below a 3.0 will receive a warning letter. After two semesters below the 3.0, the student will be dismissed from the major. Specific information about this topic is included in the student's curriculum guide, which the student receives upon entering the major.
- Admission to the clinical portion of the program is required for approval to enroll in SPPA 342, 414, and 457.
- At least 24 of the required 39 credits in SPPA must be taken at ESU, including all courses above the 100 level, unless waived by the department chair.
- To enroll in the clinical portion of the program, students must present evidence that they passed the HIPAA confidentiality exam. They must also have a current (within a year) TB test, and Acts 34 (criminal record) and 151 (child abuse) clearances and an FBI clearance. These clearances may be required earlier for observation purposes.

### PROGRAM FEATURES

54 credit hours

### Required courses:

SPPA 101	Speech Language Development	3
SPPA 113	Phonetics	3
SPPA 121	Introduction to Communication Disorders	3
SPPA 214	Anatomic and Physiologic Bases of Speech	3
SPPA 231	Introduction to Audiology	3
SPPA 312	Speech Science	3
SPPA 331	Assistive Technology for the Hard of Hearing	3
SPPA 350	Advanced Speech and Language Disorders	3
SPPA 361	Psycholinguistics	3
SPPA 414	Neurologic Bases of Communication	3
SPPA 430	Testing and Measurement in Communication Sciences and Disorders	3
SPPA 457	Introduction to Clinical Practice	3

### Three additional credits from:

SPPA 321	Communication and Aging	3
SPPA 335	Advanced Sign Language	3
SPPA 423	Multicultural Issues in Speech-Language Pathology	3

### Co-requisite/Directed General Education courses:

BIOL 105	GN: General Biology	3
OR		
BIOL 111	GE: Human Anatomy and Physiology I	4
OR		
BIOL 114	GN: Introductory Biology I	4
CPSC 100	GN: Personal Computers and Their Uses	3

**Gerontology Certificate Program (Sub-baccalaureate)**

Coordinator:

Susan Dillmuth-Miller, Clinic Audiologist ([sdmiller@esu.edu](mailto:sdmiller@esu.edu))

**About the Program**

The primary focus of this certificate program is to provide concentrated knowledge in gerontology to supplement the course work completed in the student's academic major. The Gerontology Certificate Program will prepare students to work directly or indirectly with older adults. The program is open to students in any major.

**PROGRAM FEATURES**

21 credits

*Required courses:*

(select 15 credits from the following)

EXSC 445	Seminar in Adult Fitness	3
----------	--------------------------	---

HLTH 340	Nutrition: Concepts and Controversies	3
OR		
NURS 220	Nutrition and Diet Therapy	3
HLTH 432	Death and Dying	3
HLTH 444	Health Promotion Programs and Aging	3

**Pre-Graduate Certificate Program in Communication Sciences and Disorders (Sub-baccalaureate)**

21 credits

## PROGRAM REQUIREMENTS

East Stroudsburg University Department of Communication Sciences & Disorders provides a 21-credit prerequisite concentration that may be taken on main campus after approval from the department chair.

### PREGRADUATE, PREREQUISITE PROGRAM

The prerequisite courses are designed for students holding a bachelor's degree in another major who need prerequisite courses to apply to a master's program in speech-language pathology or communication sciences and disorders.

Taking these classes does not guarantee acceptance into the ESU Communication Sciences & Disorders Master's Degree program.

Prerequisite classes can be completed in one academic year

Non ESU students may register as non ESU students

Students currently enrolled at ESU may register through the ESU portal

Any questions should be directed to Dr. Rachel Wolf, [rewolf@esu.edu](mailto:rewolf@esu.edu)

To apply as a non-degree student, send email request to Office of Admissions, [admission@esu.edu](mailto:admission@esu.edu)

Undergraduate preparation to include the following prerequisites:

Speech-Language Pathology or Communication Disorders courses:

Introduction to Communication Disorders

Speech and Language Development

Phonetics or phonology

Anatomy and Physiology of the Speech and Hearing Mechanism

Introduction to Audiology

Articulation/Fluency Disorders

Speech Science

Other undergraduate courses:

Child development or developmental psychology

Statistics

College level math course (other than statistics)

English composition/writing

Natural sciences (6 credits), one must be biology, the other may be chemistry or physics

Behavioral sciences (6 credits)

Observation hours: Students need 25 observation hours that can be obtained at a variety of facilities, such as: schools, hospitals, nursing

homes, rehabilitation hospitals, and private practice. The prospective student must observe ASHA certified SLPs. Students should consult the department chair about the details of this requirement. These hours must be completed prior to beginning any graduate program in speech-language pathology or communication sciences and disorders.

Prospective students who do not have the above undergraduate courses or their equivalents may choose to complete them at any accredited university. It should be noted that not all applicants who meet the above admission requirements will be accepted into the program due to limitations in the number of student seats available at the time of acceptance.

### Required Courses

SPPA 101	Speech Language Development	3
SPPA 113	Phonetics	3

### Assistant Professor:

Akila Rajappa ([arajappa@esu.edu](mailto:arajappa@esu.edu))

## SPPA - Communication Sciences and Disorders Courses

### SPPA 101 - Speech Language Development (3 credits)

This course is a study of normal development of speech and language in the child, the structure of language as it pertains to expression and content, and the psychological and physiological bases of language.

### SPPA 113 - Phonetics (3 credits)

This course is an analytic study of speech sounds, the normal production of speech sounds and the symbols of the International

Phonetic Alphabet, and analysis of defective speech sounds and study of articulation testing.

**SPPA 121 - Introduction to Communication Disorders (3 credits)**

This course is a survey of the characteristics and etiologies of speech, language, hearing, and swallowing disorders. Clinical processes of assessment and intervention and evidence-based practice are introduced.

**SPPA 131 - Introduction to Sign Language (3 credits)**

This course is designed to introduce the student to sign language and total communication. Its purpose is to provide practice and learning a core sign language vocabulary and basic sentence structure. This course will cover topics including the history of sign language, the history of deaf education, and how sign language is used with the deaf, hard of hearing, developmentally delayed and other individuals needing alternate modes of communication.

*Course may not be used for credit toward a Communication Sciences and Disorders major.*

**SPPA 214 - Anatomic and Physiologic Bases of Speech (3 credits)**

This course is a study of the anatomy and physiology of the head, neck, and trunk as it relates to speech. The processes of respiration, phonation, resonance, and articulation are examined in detail.

Distribution: Info. Literacy and Technology (I) .

**SPPA 231 - Introduction to Audiology (3 credits)**

This course is a survey of the etiology, symptomatology, and management of peripheral hearing problems in children and adults, a study of audiometric testing, and an investigation of the role of the parent, educator, and specialists in the total rehabilitative effort.

**SPPA 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**SPPA 312 - Speech Science (3 credits)**

This course will provide an understanding of the principles of speech production and reception. Students will be introduced to the basic principles of sound as they related to theories of voice production, the acoustic theory of speech production, linguistic organization, acoustic characteristics of the speech signal, basic instrumentation and basic research issues.

Distribution: Advanced (ADVD). Prerequisite: SPPA 113.

**SPPA 321 - Communication and Aging (3 credits)**

This course is an introduction to the communication characteristics of older adults. Emphasis is placed on the changes in speech, language, voice, fluency, and hearing that are expected with normal aging, as well as the common disorders encountered in this age group. Students are expected to demonstrate a basic understanding of these characteristics, practical techniques to compensate for resulting communication problems, and when and to whom to make referrals if further testing/therapy is needed. A service learning project will be required.

Distribution: Advanced (ADVD). Prerequisite: Junior Standing (60+ Credits) and one additional SPPA course .

**SPPA 331 - Assistive Technology for the Hard of Hearing (3 credits)**

Students will study assistive technology's role in providing expressive and receptive communication access to those with hearing disorders. Topics covered will include how hearing loss affects communication, the Americans with Disabilities Act (ADA), available technology, verification and validation procedures and how to perform a needs assessment.

Distribution: Advanced (ADVD). Prerequisite: SPPA 231.

**SPPA 335 - Advanced Sign Language (3 credits)**

This course seeks to explore advanced skills and knowledge of American Sign Language. Its purpose is to enhance and expand previously acquired sign language skills. Students will analyze and evaluate various manual communication systems and their impact on deaf culture. Advanced conversational skills will be emphasized.

*Course may not be used for credit toward a Communication Sciences and Disorders major.*

Distribution: Advanced (ADVD). Prerequisite: SPPA 131 or Instructor Permission.

**SPPA 350 - Advanced Speech and Language Disorders (3 credits)**

This course will examine the etiologies, characteristics, diagnoses, and treatments of communication disorders that are prevalent on the caseload of a speech-language pathologist. Content will include, but not be limited to, autism spectrum disorders, speech sound disorders, developmental and acquired communication disorders, and English language learners.

Distribution: Advanced (ADVD). Prerequisite: SPPA 101 and SPPA 113 and SPPA 121.

**SPPA 361 - Psycholinguistics (3 credits)**

This course is designed to familiarize students with the structure of language and linguistic phenomena. They will learn how language is processed by the brain and the bases of psycholinguistics, i.e., the acquisition, storage, comprehension and production of language.

Distribution: Advanced (ADVD). Prerequisite: SPPA 101 and SPPA 113.

**SPPA 414 - Neurologic Bases of Communication (3 credits)**

This course is a study of the neurologic control of communication, including language, speech, and hearing; and the neurologic control of swallowing. Neuropathologies associated with communication disorders and swallowing disorders are introduced.

Distribution: Advanced (ADVD). Prerequisite: SPPA 214 and SPPA 241 and SPPA 342.

**SPPA 423 - Multicultural Issues in Speech-Language Pathology (3 credits)**

This course will focus on identification, assessment, intervention and prevention of communication disorders in diverse linguistic and cultural populations including all age groups.

Distribution: Advanced (ADVD). Prerequisite: (SPPA 101 and SPPA 121) or (PSED 150 and ECED 232).

**SPPA 430 - Testing and Measurement in Communication Sciences and Disorders (3 credits)**

This course addresses the introductory components of knowledge and skill for testing and measurement in communication sciences and

disorders. This course provides a framework for the development of assessment practices. Attention will be given to issues of measurement, identifying appropriate sources of diagnostic information, reliability, validity, identifying and selecting test instruments, test administration and conducting the assessment process in an ethical and culturally-sensitive manner, calculating and interpreting norm references and criterion-referenced scores.

Distribution: Advanced (ADVD). Prerequisite: Junior Standing (60+ Credits), MATH 110 (or equivalent) and SPPA 121.

#### **SPPA 457 - Introduction to Clinical Practice (3 credits)**

This course is designed to introduce Communication Sciences and Disorders majors to the clinical aspects of the profession of a Speech-Language Pathologist. They will learn the requirements for entry into and maintaining membership in this field. They will have clinical experiences in a variety of settings. This course consists of classroom lecture and discussion, emphasizing speech and hearing screening, therapeutic procedures and techniques for various speech and hearing problems.

*Registration Restriction: Students must complete 30 clinical hours prior to enrolling in this course.*

Distribution: Advanced (ADVD) | Level III Writing (W3) . Prerequisite: SPPA 342 and any Level II (W2) Writing Course.

#### **SPPA 485 - IS: (3 credits)**

The student is expected to submit a written request for Independent Study to the individual instructor and to include a prospectus of his/her proposed work. These may be research projects, advanced or specialized clinical methods, or in-depth study of a particular topic. Work may be done for one, two, or three credits as arranged with the instructor.

Distribution: Advanced. Prerequisite: SPPA231 AND SPPA342.

#### **SPPA 486 - Field Experience and Internship (6 credits)**

The student is expected to submit a written request for Independent Study to the individual instructor and to include a prospectus of his/her proposed work. These may be research projects, advanced or specialized clinical methods, or in-depth study of a particular topic. Work may be done for one, two, or three credits as arranged with the instructor.

Distribution: Advanced.

## **Computer Science**

### **College of Arts and Sciences**

#### **The Faculty of Science**

Science & Technology Building, Room 318  
570-422-3666

[www.esu.edu/cpsc](http://www.esu.edu/cpsc)

#### **About the Programs:**

Two baccalaureate degree programs are offered by the Computer Science Department: a **Bachelor of Science in Computer Science** and a **Bachelor of Science in Computer Security**. These programs closely follow the recommended curriculum of the Association for Computing Machinery (ACM) and National Security Agency (NSA).

The BS in Computer Science Program is accredited by the Computing Accreditation Commission of ABET, <http://www.abet.org>.

The BS in Computer Security Program has led to ESU's designation as a National Center of Academic Excellence in Cyber Defense Education by the US Department of Homeland Security and NSA.

ESU's Certificate in Data Science trains students to analyze large amounts of data to discover patterns, trends, and insights. Data Scientists apply statistical techniques and AI to create knowledge in a wide range of fields such as health care, manufacturing, business, and finance. As highly skilled professionals, Data Scientists are in great demand in the job market.

The department also offers a Minor in Computer Science Applications.

Admission standards are high, and extensive class work, laboratory and project involvement, motivation and commitment are required for successful development as Computer Science and Computer Security problem solvers.

In recent years, the department has received more than \$7 million in research grants from outside sources. This has provided a very rich laboratory environment, as well as research opportunities for select undergraduates.

**The department boasts an employment rate for graduates of approximately 100 percent in the field.** Graduating students have been hired by the following organizations: Cisco, Google, Hershey Foods, IBM, Lockheed Martin, Merck, Mercury Marine, National Security Agency, Netflix, Pocono Medical Center, Oracle, Proteus Technologies, Sanofi-Pasteur, Space and Naval Warfare Systems Center, U.S. Army R&D Center, Vanguard Investments, and Verizon.

#### **Are you interested in ...**

- Analyzing problems logically
- Understanding how computers work
- Solving problems using computers
- Building complex systems
- Pioneering technology to change the world
- A dynamic career with unlimited potential

#### **Choose Computer Science, Computer Security at ESU**

- Excellent computer facilities
- The latest computer software
- Small class sizes with faculty committed to teaching excellence
- Advanced upper-level classes / research opportunities on cutting-edge topics

#### **Is computer science a career path for me?**

##### **Career Potential**

- Software Engineer/Developer
- E-commerce Engineer
- IT Engineer/Manager
- Systems Architect
- Game Programmer/Developer
- Software Project Manager

**Career Settings**

- Software development companies
- Information technology firms
- E-commerce and Web development
- Social media companies
- Government: Defense and Homeland Security
- Computer-related Research and Development

*More detailed career information is available from the department.*

**Computer Science B.S.****PROGRAM FEATURES**

57 credits

*Required courses:*

CPSC 130	GN: Introduction to Computer Programming I	3
CPSC 131	Introduction to Computer Programming II	3
CPSC 141	Introduction to Computer Organization	3
CPSC 230	Programming Principles and Practice	3
CPSC 232	Introduction to Assembler Programming	3
CPSC 250	Data Structures and Algorithms	3
CPSC 321	Issues in the Practice of Computer Science	3
CPSC 330	Programming Languages	4
CPSC 340	Operating System Concept and Design	4
CPSC 430/CPSC 530	Software Engineering	3
CPSC 486	Field Experience and Internship in Computer Science	Semester Hours Arranged

12 credits of Computer Science electives numbered 220 and above.

*Mathematics Co-requisite courses:*

MATH 140	GN: Calculus I	4
MATH 141	GN: Calculus II	4
MATH 220	Discrete Mathematical Structures	3
MATH 311	Statistics I	3
MATH 320	Linear Algebra	3

*Distributive Co-requisite courses:*

ENGL 203	GN: Advanced Composition	3
CMST 111	GN: Introduction to Communication	3

*and one year of science courses that include laboratories:*

BIOL 114	GN: Introductory Biology I	4
----------	----------------------------	---

BIOL 115	Introductory Biology II	4
OR		
CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
OR		
PHYS 161	GN: Physics I	4
PHYS 162	Physics II	4
	PHYS 240 may be substituted for PHYS 162	4

*Additional Requirements:*

1. Must have a total of 30 credits in Math and Science. The following ESU courses count toward this requirement: Math (courses numbered 140 or higher), Biology (all), Chemistry (106 or higher), and Physics (106 or higher). Courses transferred in (numbered x99) count only if approved by the department.
2. All CPSC and MATH courses used to meet the requirements in the major must be completed with a grade of "C" or better.
3. In a programming intensive course, each student will be given a variety of assignments where he or she must create extensive, original and executable computer programs. The instructor will rigorously review each student's source code to determine its correctness, efficiency, originality, and adherence to documentation and style guidelines.
4. Students who have an interest in one of the following areas are strongly advised to include the listed courses in their program of studies:

*Scientific Computing –*

CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
PHYS 161	GN: Physics I	4
PHYS 162	Physics II	4

*Business and Economics –*

ECON 111	GN: Principles of Macroeconomics	3
ECON 112	GN: Principles of Microeconomics	3

and Accounting courses.

*Graduate Studies –*

MATH 421	Abstract Algebra	3
----------	------------------	---

*Entrance Requirements:**New Students*

1. For entrance into the Computer Science major, a new student is required to have a Math SAT score of 550 or higher.
2. A new student who has a Math SAT score lower than 550 may enter as a Pre-Computer Science major. This student must then complete CPSC 130, CPSC 131, CPSC 141 and MATH 140 with a "C" grade or higher to enter the Computer Science major.

*Transfer Students*

1. If a transfer student has completed the equivalent of CPSC 130, CPSC 131, CPSC 141 and MATH 140 with a "C" grade or better, or if a transfer student has a Math SAT score of 550 or higher, then the student may enter the Computer Science major.
2. A transfer student who does not meet either of these requirements may enter as a Pre-Computer Science major. This student must then complete CPSC 130, CPSC 131, CPSC 141 and MATH 140 with a "C" grade or higher to enter the Computer Science major.

**4 YEAR CURRICULUM PROGRAM PLAN**

(Subject to change by the university without notice)

*Freshman Year**Fall*

## Computer Security B.S.

### Is computer security a career path for me?

#### Career Potential

- Network Administrator
- Security Administrator
- Information Assurance Specialist
- Security Application Developer
- Information Security Officer

#### Career Settings

- Major corporations
- Defense industry
- Law Enforcement
- Software houses
- IT and E-commerce industries
- Homeland Security industry
- Research/Technology Centers

More detailed career information is available from the department.

### PROGRAM FEATURES

60 credits

#### Required courses:

CPSC 130	GN: Introduction to Computer Programming I	3	
CPSC 131	Introduction to Computer Programming II	3	
CPSC 141	Introduction to Computer Organization	3	
CPSC 230	Programming Principles and Practice	3	
CPSC 232	Introduction to Assembler Programming	3	
CPSC 250	Data Structures and Algorithms	3	
CPSC 270	Introduction to Cybersecurity	4	
CPSC 340	Operating System Concept and Design	4	
CPSC 370	Introduction to Computer Cryptology	4	
CPSC 445/CPSC 545	Networking and Data Communications	3	
CPSC 453/CPSC 553	Database Systems	3	
CPSC 470	Computer Security II: Operating System and Network Security	4	
CPSC 475	Computer Security: Administration and Policy	4	
CPSC 487	Security Engineering Internship		Semester Hours Arranged

three credits of Computer Science electives numbered 220 and above.

#### Co-requisite courses:

MATH 140	GN: Calculus I	4
MATH 141	GN: Calculus II	4
MATH 220	Discrete Mathematical Structures	3
MATH 311	Statistics I	3
ENGL 203	GN: Advanced Composition	3
CMST 111	GN: Introduction to Communication	3

#### and one year of science courses that include laboratories:

BIOL 114	GN: Introductory Biology I	4
BIOL 115	Introductory Biology II	4
OR		
CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1

OR

PHYS 161	GN: Physics I	4
PHYS 162	Physics II	4

OR

PHYS 161	GN: Physics I	4
PHYS 240	Basic Electronics	4

#### Additional requirements:

1. All CPSC and MATH courses must be completed with a "C" grade or better.
2. At least 50% of the courses required for the major must be taken at ESU.
3. In a programming intensive course, each student will be given a variety of assignments where he or she must create extensive, original and executable computer programs. The instructor will rigorously review each student's source code to determine its correctness, efficiency, originality, and adherence to documentation and style guidelines.
4. Students who have an interest in one of the following areas are strongly advised to include the listed courses in their program of studies:

#### Scientific Computing –

CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1

PHYS 161	GN: Physics I	4
PHYS 162	Physics II	4
<i>Business and Economics –</i>		
ECON 111	GN: Principles of Macroeconomics	3
ECON 112	GN: Principles of Microeconomics	3
and Accounting courses.		
<i>Graduate Studies –</i>		
MATH 421	Abstract Algebra	3

*Entrance requirements:*

*New Students*

1. For entrance into the Computer Security major, a new student is required to have a Math SAT score of 550 or higher.
2. A new student who has a Math SAT score lower than 550 may enter as a Pre-Computer Security major. This student must then complete CPSC 130, CPSC 131, CPSC 141 and MATH 140 with a "C" grade or higher to enter the Computer Security major.

*Transfer Students*

1. If a transfer student has completed the equivalent of CPSC 130, CPSC 131, CPSC 141 and MATH 140 with a "C" grade or better, or if a transfer student has a Math SAT score of 550 or higher, then the student may enter the Computer Security major.
2. A transfer student who does not meet either of these requirements may enter as a Pre-Computer Security major. This student must then complete CPSC 130, CPSC 131, CPSC 141 and MATH 140 with a "C" grade or higher to enter the Computer Security major.

**Computer Science Applications Minor****PROGRAM FEATURES**

20 credits

*Required courses:*

CPSC 130	GN: Introduction to Computer Programming I		3
CPSC 131	Introduction to Computer Programming II		3
CPSC 141	Introduction to Computer Organization		3

*and a minimum of 11 credits chosen from:*

CPSC ____	any CPSC course numbered 103 or higher		
ECON 332	Forecasting Methods		3
ECON 415	Econometrics		3
MGT 451	Management Science I		3
HRTM 351	Hospitality and Tourism Information Systems		3
MATH 411	Statistics II		3
MATH 416	Linear Statistical Modeling with SAS		3
MATH 425	Introduction to Mathematical Modeling		3
MATH 445/MATH 545	Mathematics in Modern Technology		3
MATH 470/MATH 570	Numerical Methods		3
MATH 480	Operations Research		3
DMET 265	Instructional Computing Methods		3
DMET 355	Advanced Web Design		3
DMET 475	Educational Software for Computers		3
PHYS 111	Engineering Graphics		2
SMGT 346	Computer Applications in Sport Management		3

*Additional requirements:*

To complete the minor, the student must earn a "C" grade or better in all six courses applied to the minor, and must complete at least three CPSC courses at ESU with a "C" grade or better.

**Computer Science Faculty****Professors:**

Dongsheng Che (dche@esu.edu)

Mary DeVito (mdevito@esu.edu)

Christine Hofmeister, Chair (chofmeister@esu.edu)

Haklin Kimm (hkimm@esu.edu)

Robert Marmelstein (rmarmelstein@esu.edu)

**Associate Professors:**

Michael Jochen (mjochen@esu.edu)

Eun-Joo Lee (elee@esu.edu)

**Assistant Professors:**

Jeyaprakash Chelladurai (jchelladur@esu.edu)

Minhaz Chowdhury (mchowdhury@esu.edu)

**CPSC - Computer Science Courses****CPSC 100 - GN: Personal Computers and Their Uses (3 credits)**

*This course is an introduction to personal computers (PCs) for non-science majors. The course teaches the use of standard PC software, including an operating system, a word processing program, a spreadsheet, a presentation package, and a database package. The course also provides a non-technical understanding of how computers function, and how society uses computers to obtain and manage information.*

*CPSC 100, CPSC 101 and CPSC 102 are mutually exclusive and a student may only receive credit for one course (maximum of 3 credits).*

Distribution: GE: Natural Sciences - Comp Sci (NSCS) | GN: Group B - Computer Science (BCS) .

**CPSC 101 - GN: Personal Computers and Their Uses in the Sciences (3 credits)**

This course, which is similar in content to CPSC 100 and CPSC 102, emphasizes the use of personal computers to solve real world engineering and scientific problems. Topics particular to CPSC 101 may include statistical analysis packages, computer-controlled scientific instrumentation, and very high performance computing.

*CPSC 100, CPSC 101 and CPSC 102 are mutually exclusive and a student may only receive credit for one course (maximum of 3 credits).*

Distribution: GN: Group B - Computer Science (BCS) | GE: Natural Sciences - Comp Sci (NSCS).

**CPSC 102 - GN: Introduction to Information Management with Spreadsheets (3 credits)**

This course teaches students how to use spreadsheet software to manage information. It provides an introduction to office productivity software and hierarchical file systems. The course teaches students how to design and populate data tables and how to perform computations on the data. The bulk of the course is devoted to

techniques for managing large data tables. These include sorting, filtering, aggregating and visualizing data; relating data tables; and applying advanced tools for data analysis.

*CPSC 100, CPSC 101 and CPSC 102 are mutually exclusive and a student may only receive credit for one course (maximum of 3 credits).*

Distribution: GN: Group B - Computer Science (BSC).

### **CPSC 103 - GN: Introduction to Information Technology (3 credits)**

In modern society, information technology is pervasive, ubiquitous, and firmly integrated into the most fundamental organizational processes. As such, an understanding of information technology and its applications are increasingly required in an ever broader range of disciplines. This course provides students with a thorough introduction to information technologies, applications, and issues. Special emphasis is placed on the role of information technology in enabling organizational strategies, processes, and problem solving.

Distribution: GN: Group B - Computer Science (BCS) | GE: Natural Sciences - Comp Sci (NSCS) | .

### **CPSC 105 - GN: PC Security and Privacy (3 credits)**

This course deals with the basic concepts of computer security and privacy: PC basics, networking basics, confidentiality, integrity, and availability of data, authentication, cryptography, threats to computer security such as viruses, computer security controls such as antivirus software and firewalls, and security and privacy on the Internet. These topics are discussed in a manner to promote awareness of computer security issues, not technical knowledge.

Distribution: GE: Natural Sciences - Comp Sci (NSCS) | GN: Group B - Computer Science (BCS).

### **CPSC 108 - GN: Games, Robots, and Intelligence (3 credits)**

This course provides a gentle introduction to computer concepts and technologies for the novice. Fundamentals of computer hardware and software will be covered. Students will gain direct experience with interesting computer science technologies (such as computer games and robotics) through hands on exercises. In addition, computer-related social issues (such as privacy), emerging trends in computing will also be discussed.

Distribution: GE: Natural Sciences - Comp Sci (NSCS) | GN: Group B - Computer Science (BCS).

### **CPSC 120 - GN: Introduction to Computer Programming for Science and Engineering (3 credits)**

This course teaches fundamental concepts and terminology of computer programming for students in science and engineering. Students will develop skills in designing and writing simple computer programs.

This is a programming intensive course but does not require a programming background.

Distribution: GN: Group B - Computer Science (BCS) .

### **CPSC 130 - GN: Introduction to Computer Programming I (3 credits)**

This course covers fundamental concepts and terminology of computer programming. Topics will include programming basics, debugging, and object-oriented programming.

This is a programming intensive course but does not require a programming background.

Distribution: GN: Group B - Computer Science (BCS) | GE: Natural Sciences - Comp Sci (NSCS).

### **CPSC 131 - Introduction to Computer Programming II (3 credits)**

This course covers concepts and development of object-oriented programs. Topics will include classes and objects, one dimensional arrays, list, stack, queues, and searching and sorting algorithms.

This course is programming intensive.

Distribution: GE: Natural Sciences - Comp Sci (NSCS). Prerequisite: CPSC 130.

### **CPSC 141 - Introduction to Computer Organization (3 credits)**

This course presents the organization and operation of the classic, single-processor digital computer. Topics include the central processing unit, primary and secondary memory, common peripheral devices, and computer-usable communications hardware. Also featured is an overview of parallel architectures.

Corequisite: CPSC 130.

### **CPSC 230 - Programming Principles and Practice (3 credits)**

This course covers basic principles and techniques of program development. Topics will include implementation of elementary data structures and introduction of basic algorithm and analysis.

*This is a programming intensive course.*

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131.

### **CPSC 232 - Introduction to Assembler Programming (3 credits)**

This course is an introduction to machine language and assembly language programming. Concepts discussed include techniques for encoding data as numbers, instruction set design, and the IEEE floating point standard. Assignments, which reinforce ideas covered in CPSC 141, teach assembly language programming techniques and allow students to practice assembler programming.

*This is a programming intensive course.*

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 141.

### **CPSC 234 - Object Oriented Programming (3 credits)**

This course is designed to teach the student how to effectively design efficient programs to solve real world problems using the techniques of Object Oriented Programming (OOP) rather than conventional functional programming. It has the student use and compare two popular OOP languages, C++ and C#, to implement the design of their objects and build their application programs stressing good OOP techniques.

Prerequisite: CPSC 130.

### **CPSC 236 - Programming Using Visual Basic.NET (3 credits)**

This course teaches students how to design and rapidly build applications using the very popular and widely used programming language Visual Basic.NET. It will stress how to effectively use Visual Basic.NET to take advantage of existing and tested objects and programs such as Microsoft Access and Excel, so as to reduce program development time and provide the user familiar graphical interfaces and functionality.

*This is a programming intensive course.*

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131.

**CPSC 241 - Computer Organization and Architecture (4 credits)**

This course presents the organization and operation of digital computers. Topics include the Central Processing Unit (CPU), memory, instruction processing, digital representation of data, and parallel/distributed processing. Additionally, the architecture of a popular, modern CPS family will be studied. Assembly language programs will be developed to process data on the selected CPU.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131.

**CPSC 250 - Data Structures and Algorithms (3 credits)**

This course covers the implementation and use of data structures and algorithms. Topics will include binary trees, priority queues, balanced trees, hash tables, graphs, recursion, binary tree searching, sorting, hashing, and graph searching.

*This course is programming intensive.*

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230.

**CPSC 270 - Introduction to Cybersecurity (4 credits)**

This course provides students with an introduction to the field of cybersecurity. The core security concepts of Confidentiality, Integrity and Availability are covered, as well as more specific topics of access control, encryption, key management, operating system security, network security, web application security, and incident response. Student are required to complete hands-on exercises to demonstrate their expertise in the topic areas.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230.

**CPSC 290 - Special Topics: (Semester hours arranged)**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**CPSC 320 - Topics in Computer Science (3 credits)**

This course focuses on special topics in computing selected from such areas as compiler construction, formal languages, information retrieval, graphics, artificial intelligence.

*This course may be repeated for credit with departmental approval.*

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 141 and CPSC 230 and CPSC 250.

**CPSC 321 - Issues in the Practice of Computer Science (3 credits)**

This course examines concerns relating to the practice of computer science. Topics considered include uses of computers in professional environments, an introduction to software development practices, ethical and legal issues in computer science, and opportunities for continued professional development.

Distribution: Advanced (ADVD) | Info. Literacy and Technology (I) | Level III Writing (W3) . Prerequisite: Junior Standing (64+ credits) and CPSC 130 and CPSC 131 and CPSC 141 and CPSC 230 and CPSC 232 and CPSC 250 and ENGL 203.

**CPSC 327 - Introduction to Computer Forensics (3 credits)**

This course will provide a foundation in the field of Computer Forensics. The student will learn how to obtain and analyze digital information for possible use as evidence in civil, criminal or administrative cases. Topics include applications of hardware and software to computer forensics, computer forensics law, volume and file system analysis, computer forensics investigations, and computer forensics in the laboratory. Hands-on exercises guide discussions and reinforce the subject matter.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 250 and CPSC 270 and MATH 220.

**CPSC 328 - Security in Web Programming (3 credits)**

This course covers Web safety and browser vulnerabilities, privacy concerns, issues with Java, JavaScript, ActiveX, and web plug-ins. Digital certificates are examined to see how they assure identity in networked environments and how server certificates work. The course also provides technical details about SSL (Secure Socket Layer), TLS (Transport Layer Security), host security, server access methods, and secure CGI/API programming.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 250 and CPSC 270 and MATH 220.

**CPSC 330 - Programming Languages (4 credits)**

This course discusses the characteristics of Programming Languages, and surveys the features, strengths, and limitations of specific languages. Programming practice is provided in languages that emphasize diverse approaches to problem solving: e.g., Scheme, Prolog and a block-structured language.

*This course is programming intensive.*

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 250.

**CPSC 335 - Building Graphical User Interfaces (GUIs with Visual.NET) (3 credits)**

This course teaches students to use Object-Oriented Design techniques to efficiently build effective Graphical User Interfaces (GUIs) for applications software. It teaches the student how to use two of the most popular tools, Visual C++ .NET and Visual Basic.NET, and existing class libraries to rapidly build and maintain GUIs. All students will be required to demonstrate that they have learned how to build a GUI by completing a final class project.

*This is a programming intensive course.*

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 250.

**CPSC 336 - Mobile Application Development (3 credits)**

This course introduces mobile programming, tools and techniques used to develop software applications for mobile development and platforms. The course will examine topics such as user interface design, software services, security and accessibility. The course will emphasize hands-on development using a widely-used mobile platform.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 (Grade of C or better) and CPSC 141 and CPSC 230 (Grade of C or better) and CPSC 250 (Grade of C or better).

**CPSC 337 - Internet and Web Programming (3 credits)**

This course is designed to teach students how to effectively design efficient web-based applications. This course covers XHTML, Cascading Style Sheets, JavaScript, DHTML, Language and Model, XML, ADO.NET, ASP.NET and PHP. The goal is to teach skills and languages to build platform independent code for Internet and Intranet-based applications.

*This course is programming intensive.*

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131.

**CPSC 340 - Operating System Concept and Design (4 credits)**

This course is an introduction to operating systems concepts and design principles. Topics will include all the major areas of operating systems such as process control, memory management, file systems, input/output and security. Theory will be demonstrated by hands-on experience. Students will be required to complete operating system kernel projects where they will write and/or modify operating system code and demonstrate its impact on the performance of the system.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 232 and CPSC 250 and MATH 220.

**CPSC 362 - Cryptographic Application Development (3 credits)**

In this course students will learn how to effectively design efficient, secure applications using the industry-strength Application Programming Interfaces from .NET and Java. This course covers fundamentals of Cryptography, .NET Symmetric Cryptography, .NET Asymmetric Cryptography, .NET Digital Signatures, XML Signatures, ASP.NET Security, Web Service Security, Java Cryptography Architecture (JCA), and Java Cryptography Extension (JCE).

*This is a programming intensive course.*

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 250.

**CPSC 370 - Introduction to Computer Cryptology (4 credits)**

This course provides students with an introduction to the field of cryptology. Students will study block and stream ciphers, symmetric and asymmetric ciphers, the strength and weaknesses of ciphers, encryption standards, public key cryptography, digital signatures, key management, hash functions, and message authentication codes. Students will be required to create working software based on cryptographic algorithms.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 250 and MATH 140 and MATH 220.

**CPSC 380 - Introduction to Data Science (3 credits)**

This course is designed to teach students the fundamentals in the field of Data Science. This Course covers the basics of programming environment for data analysis, data manipulation (data index, selection, merge, join, aggregation, grouping), data cleaning, and data visualization (2-D plots, 3-D plots).

*This course is programming intensive.*

Distribution: Advanced (ADVD). Prerequisite: (CPSC 120 or CPSC 230 or MATH 318) and (MATH 110 or MATH 311).

**CPSC 421 - Computer Graphics (3 credits)**

This course is an introduction to computer graphics. Basic principles for design, use, understanding of graphic systems will be studied.

Algorithms for creating and manipulating graphic displays and a standard programming language for their implementation will be presented. There will be programming practice.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 250 and MATH 320.

**CPSC 424 - Information Retrieval (3 credits)**

Search engine systems like Google and Yahoo! are essential tools for finding the most valuable and relevant information, given the explosion of digital information available today. This course studies the design, implementation, and evaluation of modern information retrieval systems, such as web search engines. Topics include: retrieval system design and implementation, text analysis techniques, retrieval models (e.g. Boolean, vector space, probabilistic, and learning-based methods), search evaluation, retrieval feedback, search log mining, and applications in web information management.

Distribution: Advanced (ADVD).

**CPSC 428 - Artificial Intelligence and Heuristic Programming (3 credits)**

A study of symbolic processing and intelligent applications; major models, state-space, problem-subproblem, automated deduction will be applied to solve problems in heuristic programming and artificial intelligence.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 250. Offered: Alternate Years.

**CPSC 429 - Machine Learning (3 credits)**

This course provides students with a broad introduction to machine learning, datamining, and statistical pattern recognition. Students will study data exploration, decision-tree, K-nearest neighborhoods, linear regression, logistic regression, support vector machines, neural networks, ensemble learning, clustering, dimensionality reduction, and model evaluations. Students will be required to build predictive models based on machine algorithms.

Distribution: Advanced (ADVD). Prerequisite: CPSC 380. Offered: Alternate Years.

**CPSC 430 - Software Engineering (3 credits)**

This course is a study of the principles of software engineering and various programming methodologies as applied to the development of large, complex software systems. Top-down, structured design and programming will be emphasized. There will be practice in the construction of a large software system.

*This course is programming intensive.*

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 250 and CPSC 330 and MATH 311. Crosslisted as: CPSC 530.

**CPSC 432 - Natural Language Processing (3 credits)**

This course is an introduction to natural language processing in Computer Science. There will be a review of elementary text, tree, and graph processing and an introduction to syntactic and semantic processing. Syntax: Backus-Naur grammars, sentence generation/recognition, augmented transition networks, parsing strategies. Semantics: case grammar theory, frame theory. There will be case studies of current systems as well as programming practice.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 141 and CPSC 230 and CPSC 250 and CPSC 330. Offered: Alternate Years.

**CPSC 433 - Compiler Construction (3 credits)**

This course introduces the student to the methods and techniques involved in translating high-level languages such as ADA and C into executable machine code. Topics include study of lexical scanning, parsing, symbol table construction, object code generation, and optimization. The bulk of the student activity is spent writing a compiler for a substantial subset of the ADA or C language.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 232 and CPSC 250 and CPSC 340. Offered: Alternate Years.

**CPSC 437 - Advanced Internet and Web Programming (3 credits)**

This course covers a number of advanced topics in the Internet and web programming domain including: client-server architectures, web services, service-oriented architectures, cloud computing, and mobile web applications. This is a programming intensive course which focuses on applying these technologies to design a web based application, with emphasis on optimizing the performance of the end product. The student will be required to implement a team project using one or more of these technologies.

Distribution: Advanced (ADVD). Prerequisite: CPSC 250 and CPSC 337.

**CPSC 442 - Introduction to Computer Game Development (3 credits)**

This course provides students with a comprehensive introduction to computer game design principles, techniques, and algorithms. It covers the following areas of computer game design: game concept development, user interface design, graphics (2D, 3D, animation, and advanced techniques), game physics, real-time interaction, intelligent characters, and software engineering considerations. During the course, each student will develop a functional, live-action computer game for the PC/Windows-XP platform.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 340 and CPSC 250.

**CPSC 444 - Realtime Systems (3 credits)**

This course is an introduction to the problems, concepts and techniques involved in computer systems which must monitor and control external devices or events. This includes techniques and hardware for data collection and control functions. Applications discussed will include microprocessor controlled intelligent devices and process control.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 141 and CPSC 232 and CPSC 340 and MATH 141. Crosslisted as: CPSC 544. Offered: Alternate Years.

**CPSC 445 - Networking and Data Communications (3 credits)**

This course gives students a foundation in the study of data communications and computer networking. Topics covered will include basic data communications, Open Systems Interconnect (OSI) Model, Local Area Networks (LAN), and common communications standards.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 141 and CPSC 232 and CPSC 340. Crosslisted as: CPSC 545. Offered: Alternate Years.

**CPSC 447 - Distributed Object Programming (3 credits)**

This course is intended for students who are interested in understanding and developing application projects with an object-oriented programming language such as Java in distributed computing environments. The course begins with a brief introduction to object technology with programming and introduction to computer networking, and is followed by understanding and developing programs in the server/client model, Remote Method Interface (RMI), and Common Object Request Broker Architecture (CORBA).

Distribution: Advanced (ADVD). Prerequisite: CPSC 335 and CPSC 445. Crosslisted as: CPSC 547.

**CPSC 450 - Algorithmic Graph Theory (3 credits)**

This course is an algorithmic approach to the mathematical theory of graphs and their applications. Path problems, covers, network flows and other problems will be formulated in graph theoretical terms and solutions will be programmed.

*This course is programming intensive.*

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 250. Crosslisted as: CPSC 550.

**CPSC 453 - Database Systems (3 credits)**

This course is an introduction to the management of large volumes of interrelated data through integrated database management software. Topics discussed will include relationships between data items, effect of redundancy, and database design. Representative examples of the relational and network approaches to database management will be examined.

Distribution: Advanced (ADVD). Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 250. Corequisite: CPSC 232 and CPSC 340. Crosslisted as: CPSC 553.

**CPSC 470 - Computer Security II: Operating System and Network Security (4 credits)**

Students will study many different attack techniques with an emphasis on the defense against these attacks. Topics include applied networking, features of various operating systems, operating system attacks and defenses, methods for network reconnaissance and scanning, network attacks against confidentiality and integrity, denial of service attacks, and secure network architecture.

*This is part of a two course sequence and allows students to delve further into the field of computer security after completing CPSC 270.*

Distribution: Advanced (ADVD) | Info. Literacy and Technology (I) | Level III Writing (W3) | . Prerequisite: CPSC 130 and CPSC 131 and CPSC 270 and CPSC 340 and ENGL 203. Corequisite: CPSC 445.

**CPSC 475 - Computer Security: Administration and Policy (4 credits)**

Advanced (ADVD) | Info. Literacy and Technology (I) | Level III Writing (W3) |

This course gives students a broad overview of the administration of computing systems with an emphasis on the security of the

systems. Students will study computer security law and ethics, the development of an organizational computer security program, computer security policy development, computer security planning, contingency planning, risk management, and the certification and accreditation of computing systems.

Prerequisite: CPSC 130 and CPSC 131 and CPSC 230 and CPSC 270.

#### **CPSC 480 - Advanced Data Science (3 credits)**

This course provides an exposure to advanced methods and technologies in data science, including exploratory data analysis, validation strategies, data leakage, metrics optimization, hyperparameter optimization, advanced feature engineering, and ensembling. Students will develop a project involving real-world data on a large scale, and communicate the results to a non-technical audience.

Distribution: Advanced (ADVD). Prerequisite: CPSC 380 and CPSC 429.

#### **CPSC 485 - Independent Study (1 - 6 credits)**

This experience is taken upon the initiative of a student who seeks to study with a knowledgeable faculty member in order to deepen a specific interest in a particular discipline. Independent study is a process through which a student either sharply increases his/her already advanced knowledge of a subject matter or increases his/her appreciation about an academic discipline that is correlative with a student's advanced knowledge of a subject. The proposed independent study must be submitted to the department for approval. The faculty member supervising the independent study must provide a minimum of five hours of time per credit hour upon request of the student.

Distribution: Advanced (ADVD).

#### **CPSC 486 - Field Experience and Internship in Computer Science (Semester Hours Arranged)**

This course consists of in-depth involvement in ongoing programming projects under direct professional supervision.

*Course may not be used as an elective in either the Computer Science major or the Computer Security major.*

Distribution: Advanced (ADVD). Prerequisite: All of the following: CPSC 130, CPSC 131, CPSC 141, CPSC 230, CPSC 232, CPSC 250, CPSC 321, CPSC 330, and CPSC 340.

#### **CPSC 487 - Security Engineering Internship (Semester Hours Arranged)**

This course consists of involvement in ongoing network security tactics, techniques and procedures under direct professional supervision.

*Course may not be used as an elective in either the Computer Security major or the Computer Science major.*

Distribution: Advanced (ADVD). Prerequisite: All of the following: CPSC 130, CPSC 131, CPSC 141, CPSC 230, CPSC 250, CPSC 270, and CPSC 445.

## **Criminal Justice**

**College of Arts and Sciences**

**The Faculty of Social Sciences**

Stroud Hall, Room 101  
570-422-3453

[www.esu.edu/soc](http://www.esu.edu/soc)

### **About the Program**

The Department of Sociology, Social Work and Criminal Justice offers a Bachelor of Arts in Sociology; Bachelor of Science in Social Work; and Bachelor of Science in Criminal Justice, plus three minors in Sociology, Social Work, and Criminal Justice.

The goal of the Criminal Justice program is to provide students with the educational background necessary to pursue careers in Criminal Justice, and/or to pursue graduate study in criminology, criminal justice, law, or other related fields.

### **Is criminal justice a career path for me?**

#### **Career Potential**

- Law Enforcement
- Corrections
- Government Agency Professional

#### **Career Settings**

- Criminal Justice Agencies
- Business
- Education
- Government

*More detailed career information is available from the department.*

## **Criminal Justice B.S.**

### **PROGRAM FEATURES**

48 credit hours

#### **Transfer Policy:**

1. No upper level (300 and 400 level) courses will be accepted from community or junior colleges for the Criminal Justice major or minor; 300 and 400 level courses from four-year colleges are accepted only with permission of the department
2. For Criminal Justice major - a minimum of 32 credits must be taken at East Stroudsburg including SOC 254, SOC 312, SOCJ 475, SOC 486, and SOC 495.
3. A 2.5 cumulative quality point average must be earned in the major.
4. Minimum of "C" in all required courses.

#### **Required courses:**

SOCJ 150	Introduction to Criminal Justice	3
SOCJ 215	The American Court System	3
SOCJ 216	Juvenile Justice	3
SOC 217	Introduction to Criminology	3
SOCJ 250	Corrections	3

SOCJ 251	Police Organization and Administration	3	SOC 374	Political Sociology	3
SOC 254	Quantitative Analysis in Sociology, Social Work, and Criminal Justice	3	SOC 377	Sociology of Women	3
SOCJ 302/SOC 302	Social Inequality, Crime and Justice	3	SOC 487	Foreign Study I	3
SOC 312	Research Methods	3	SOSW 140	Foundations of Social Work Practices	3
SOCJ 475	Ethics in Criminal Justice	3	PHIL 151	GN: Philosophy of Leadership	3
SOC 486	Field Work and Observation	1 - 15	PHIL 235	GN: Human Rights and Freedom	3
SOC 495	Seminar	3	CPSC 103	GN: Introduction to Information Technology	3
<b>Subtotal: 36</b>			CPSC 105	GN: PC Security and Privacy	3
<i>two of the following Criminal Justice courses:</i>			CPSC 327	Introduction to Computer Forensics	3
SOCJ 151	Introduction to Security	3	MGT 211	Financial Accounting Fundamentals	3
SOCJ 252	Organized Crime	3	MGT 225	Business Law I	3
SOCJ 253	Violence in Society	3	GEOG 341	Introduction to Geographic Information Systems (GIS)	3
SOCJ 350	The Criminal Process	3	GEOG 402/GEOG 502	Applied Geographic Information Science (GIS)	3
SOCJ 351	Police Investigation	3	POLS 413	American Constitutional Law	3
SOCJ 352	Police and Society	3	POLS 414	Constitutional Civil Liberties	3
SOCJ 353	Crisis Management in Law Enforcement	3	POLS 416	Administrative Law	3
SOCJ 354	Drug Use and Abuse in Society	3	HIST 341	U.S. Military History	3
SOCJ 355/SOSW 355	Victimology	3	HIST 346	History of Urban America	3
SOCJ 356	Community Corrections	3	HIST 354	African Americans and the Courts	3
SOCJ 460	Schools, Gangs, and Violence	3	HIST 357	History of the Supreme Court: 1789-1914	3
SOCJ 490	Contemporary Issues in Criminal Justice	3	<b>Subtotal: 6</b>		
<b>Subtotal: 6</b>			<i>Directed General Education:</i>		
<i>two of the following Interdisciplinary elective courses:</i>			SOC 111	GN: Introduction to Sociology	3
SOC 102	GN: Introduction to Cultural Diversity	3	PSY 100	GN: General Psychology	3
SOC 201	GN: The Comparison of Societies	3	POLS 120	GN: American Government	3
SOC 241	GN: Contemporary Social Problems	3	PHIL 110	GN: Introduction to Philosophy	3
SOC 265	GN: Culture and Society in the Middle East	3	<b>4 YEAR CURRICULUM PROGRAM PLAN</b>		
SOC 280	Sociological Perspectives in Globalization	3	(Subject to change by the university without notice)		
SOC 310	Introduction to Social Welfare Policy and Services	3	<i>Freshman Year</i>		
SOC 333	Chinese Culture and Society	3	<i>Fall</i>		
SOC 341	Advanced Criminology	3	SOCJ 150	Introduction to Criminal Justice	3
SOC 231	GN: Marriage and Family	3	SOC 111	GN: Introduction to Sociology	3
SOC 342	Juvenile Delinquency	3	ENGL ____	English Composition	3
SOC 343	Racial and Cultural Minorities	3	FYE 100	University Studies	3
SOC 344	Social Deviance	3	PSY 100	GN: General Psychology	3
SOC 345	Sociology of Sexuality	3	<b>Subtotal: 15</b>		
SOC 370	Sociological Theory	3	<i>Spring</i>		
			SOCJ 215	The American Court System	3

SOCJ 251	Police Organization and Administration	3
POLS 120	GN: American Government	3

**Criminal Justice Minor****PROGRAM FEATURES****24 credits**

The 24-credit minor in Criminal Justice emphasizes the knowledge and skills necessary for students to think critically and to develop beginning skills in the criminal justice field. The goal of the Criminal Justice Administration program is to provide students with the educational background necessary to pursue careers in Criminal Justice, and/or to pursue graduate study in criminology, criminal justice, law, or other related fields. The Criminal Justice minor not only complements the Sociology and Social Work majors offered in the department, but also many other majors across various related professional fields and disciplines.

*Required courses:*

SOCJ 150	Introduction to Criminal Justice	3
SOCJ 216	Juvenile Justice	3

*Three concentration courses:*

Select (9 credits) from the following:

SOCJ 215	The American Court System	3
SOC 217	Introduction to Criminology	3
SOCJ 250	Corrections	3
SOCJ 251	Police Organization and Administration	3
SOCJ 252	Organized Crime	3
SOCJ 253	Violence in Society	3

*Three upper division courses:*

Select (9 credits) from the following:

SOCJ 302/SOC 302	Social Inequality, Crime and Justice	3
OR		
SOC 302/SOCJ 302	Social Inequality, Crime, and Justice	3
SOC 341	Advanced Criminology	3
SOC 342	Juvenile Delinquency	3
SOCJ 350	The Criminal Process	3

SOCJ 351	Police Investigation	3
SOCJ 352	Police and Society	3
SOCJ 353	Crisis Management in Law Enforcement	3
SOCJ 354	Drug Use and Abuse in Society	3
SOCJ 355/SOSW 355	Victimology	3
OR		
SOSW 355	Victimology	3
SOCJ 356	Community Corrections	3
SOCJ 460	Schools, Gangs, and Violence	3
SOCJ 490	Contemporary Issues in Criminal Justice	3
SOC 486	Field Work and Observation	1 - 15

**Transfer Policy:**

1. No upper level (300 and 400 level) courses will be accepted from community or junior colleges for the Criminal Justice major or minor; 300 and 400 level courses from four-year colleges are accepted only with permission of the department
2. For Criminal Justice minor: a minimum of 15 credits must be taken at East Stroudsburg, and 300 and 400 level courses from four-year colleges are accepted only with permission of the department.

**Criminal Justice Faculty****Professors:**

Chin Hu (chu@esu.edu)

Carrie Maloney, Director, Criminal Justice Program  
(cmaloney5@esu.edu)

Hooshang Pazaki (shpazaki@esu.edu)

**Associate Professors:**

Darla Drummond (ddrummond1@esu.edu)

Jeffrey Rosky (jrosky@esu.edu)

**Assistant Professor:**

Scott Mathers (smathers1@esu.edu)

**Instructors:**

Gerard LaSalle (glasalle@esu.edu)

Vertel Martin (VMartin@esu.edu)

Michael Pittaro (mpittaro@esu.edu)

Richard Ruck (rruck@esu.edu)

**SOCJ - Criminal Justice Admin Courses****SOCJ 150 - Introduction to Criminal Justice (3 credits)**

This course is an overview of the role of police, prosecution, court, and correctional processes in the administration of criminal justice in

the United States. This course is offered in cooperation with the Criminal Justice Administration Program.

*Course may not be used for credit toward a Sociology major.*

**SOCJ 151 - Introduction to Security (3 credits)**

This course discusses the history, nature, and scope of private security in modern society, the basic principles of physical security, internal loss prevention, defensive systems, fire prevention and safety, and the security function in the corporate structure. This course is offered in cooperation with the Criminal Justice Administration Program. It will not count toward the Sociology major.

**SOCJ 250 - Corrections (3 credits)**

The correctional process (sentencing, incarceration, and release) will be examined. Prison classification, treatment systems, life "inside," discipline, inmates' rights, and parole prediction are studied.

Distribution: Advanced.

**SOCJ 251 - Police Organization and Administration (3 credits)**

This course is an examination of the historical development and present organization and administration of police departments and a consideration of the principles of organization best adapted to ensure effective service to the community. This course is offered in cooperation with the Criminal Justice Administration Program. The course will not apply toward the Sociology major.

Distribution: Advanced (ADVD).

**SOCJ 252 - Organized Crime (3 credits)**

The history, growth, structure, philosophy, and scope of Organized Crime will be studied. Effective methods of prosecuting this type of crime will be reviewed. The course is offered in cooperation with the Criminal Justice Administration program. It will not count toward the Sociology major.

Distribution: Advanced.

**SOCJ 253 - Violence in Society (3 credits)**

This course is an in-depth study of violence, with topics such as riots, campus and civil disorders, violent crime, terrorism, and assassinations discussed in detail to give the student an insight into this deviant behavior. The course is offered in cooperation with the Criminal Justice Administration Program. It will not count toward the Sociology major.

Distribution: Advanced.

**SOCJ 302 - Social Inequality, Crime and Justice (3 credits)**

This course will utilize a structural and interactional approach to understanding notions of power that produce and reinforce inequality in the American criminal justice system. The course will primarily examine inequality as it pertains to race, class, gender, age and sexual orientation within this social institution.

Distribution: Advanced (ADVD). Prerequisite: SOC 111 and SOCJ 150 and 1 additional 200:399 SOC or SOCJ course. . Crosslisted as: SOC 302.

**SOCJ 350 - The Criminal Process (3 credits)**

This course provides an overview of the criminal process from arrest through trial and sentencing. It includes discussions of the law and procedures applicable at each stage, including classification of crimes, warrants, searches and seizures, confessions, evidence, preservation,

preliminary hearings, motions, pleas, and trials. Particular crimes are treated substantively as necessary to supply examples. Practical exercises are contemplated.

*All pre-requisites must be completed with a grade of 'C' or higher.*

Distribution: Advanced (ADVD). Prerequisite: SOC 111 and SOCJ 150 and SOCJ 215.

### **SOCJ 351 - Police Investigation (3 credits)**

This course considers appropriate conduct at the crime scene, techniques of interview, interrogation of witnesses and suspects, the uses of informants, studies of specific investigative methods for particular kinds of cases, and the presentation of police cases in court. The course is offered in cooperation with the Criminal Justice Administration Program. It will not count toward the Sociology major.

Distribution: Advanced (ADVD). Prerequisite: SOC150.

### **SOCJ 352 - Police and Society (3 credits)**

This course is a review of the problems confronting the police and the community, a study of minorities to gain an understanding of their particular problems, an in-depth look at ways of achieving trust, understanding, respect, and cooperation from the public that the police serve. This course is offered in cooperation with the Criminal Justice Administration Program.

*All pre-requisite courses must be completed with a grade of 'C' or higher.*

*Course may not be used for credit toward a Sociology major.*

Distribution: Advanced (ADVD). Prerequisite: SOC 111 and SOCJ 150 and SOCJ 251.

### **SOCJ 353 - Crisis Management in Law Enforcement (3 credits)**

This course will introduce students to the current issues of managing critical incidents and hostage situations that occur in law enforcement and corrections. It will focus on those activities necessary to stabilize life and property threatening incidents. It will provide an understanding of commanding high-risk incidents, pre-incident planning, and critical incident stress reactions.

*All pre-requisite courses must be completed with a grade of 'C' or higher.*

Distribution: Advanced (ADVD). Prerequisite: SOC 111 and SOCJ 150 and SOCJ 251.

### **SOCJ 354 - Drug Use and Abuse in Society (3 credits)**

This course will focus on drug use and abuse as it pertains to today's society. It will offer an in-depth look into the various types of drugs and how they affect the body along with the implications that arise through the abuse of these substances. It will explore the concept of addiction to the various controlled substances that are available pharmaceutically and on the black market. Stimulants, depressants, and hallucinogens will be discussed in-depth, along with the various State and Federal Laws that apply to the Controlled Substance Acts. Lastly it will look at alcohol use and abuse, over the counter medications, and the emerging trends of drug use that are ever changing in our society.

Distribution: Advanced (ADVD). Prerequisite: SOC 111 or SOCJ 150.

### **SOCJ 355 - Victimology (3 credits)**

This course examines the field of victimology from a criminal justice perspective. It will focus on reviewing the problems associated with criminal victimization including the examinations of victim-offender relationships, the victim's role within society along with programs and policies used within the criminal justice system, other social services and medical field to treat victimization. Specific topics will include sexual victimization, child abuse, intimate partner violence, and restorative justice.

Distribution: Advanced (ADVD). Prerequisite: SOC 111 and SOCJ 150 and SOC 217. Crosslisted as: SOSW 355.

### **SOCJ 401 - Forensic Investigation (3 credits)**

This course provides a detailed overview of several key forensic disciplines, with a concentrated focus on environmental and wildfire forensics. Students will learn about the various federal and state laws and governing agencies in charge of U.S. environmental protection and wildlife preservation. Students will also learn about the key forensic investigation and evidence collection techniques, as well as how to analyze and interpret the results, and present the evidence in criminal court cases.

Distribution: Advanced (ADVD). Prerequisite: SOCJ 150 and SOCJ 215 and SOCJ 251.

### **SOCJ 460 - Schools, Gangs, and Violence (3 credits)**

This course will examine the various aspects of violence as they relate to the school setting. It will take an in-depth look at gangs, weapons, and drugs in the school environment. This course will discuss some of the more recent approaches from law enforcement perspective that have worked in combating school violence.

*All pre-requisite courses must be completed with a grade of 'C' or higher.*

Distribution: Advanced (ADVD). Prerequisite: SOC 111 and SOCJ 150 and SOCJ 216.

### **SOCJ 475 - Ethics in Criminal Justice (3 credits)**

Ethical decision-making is a central component of professional integrity. This course will introduce students to professional ethics in criminal justice, to the ethical dilemmas encountered by criminal justice professionals, and to the processes of making ethical decisions in criminal justice settings. Topics to be examined include police discretion and excessive force, racial profiling, prosecutorial misconduct, investigatory deception, and corruption.

*All SOC and SOCJ pre-requisite courses must be completed with a grade of 'C' or higher.*

Distribution: Advanced (ADVD). Prerequisite: PHIL 110 and SOCJ 150 and SOCJ 250 and SOCJ 251 and SOCJ 215.

### **SOCJ 490 - Contemporary Issues in Criminal Justice (3 credits)**

This course examines emerging topics, trends and issues in criminal justice. In particular, the course will explore various developments and changes to the criminal justice system and its primary component parts - law enforcement, courts, and corrections, and the various forces which have brought about these changes.

*All pre-requisite courses must be completed with a grade of 'C' or higher.*

Distribution: Advanced (ADVD). Prerequisite: Junior Standing (60+ credits) and SO CJ 215 and SO CJ 216 and SO CJ 217.

## Dance

**College of Arts and Sciences**  
The Faculty of Arts and Letters

### Dance Minor

The minor in dance is designed to provide students with an overview of the field of dance, knowledge and experiences in dance technique, as well as theory, performance, choreography, production and teaching skills. In addition, it enables students in any major to continue to pursue their love of dance.

Dance classes are taught in the lovely dance studio located in G-6, Fine & Performing Arts Center. Equipped with extensive sound equipment, WiFi capability, and plenty of educational journals and videos, the space enables innovative approaches to the coursework in addition to providing the students with a great atmosphere for practice.

Students in the dance program are deeply involved in service-learning and learning-by-doing activities in courses required for the minor.

#### PROGRAM FEATURES

18 credits

##### Required courses:

DANC 114	GN: Modern Dance Theory	3
DANC 115	GN:Introduction to Dance	3
DANC 210	GN:Elementary Ballet	3

**Subtotal: 9**

##### Select 6 credits:

THTR 102	GN: Acting	3
THTR 127	GN: Movement for the Actor	3

**Subtotal: 6**

##### Select 3 credits:

DANC 111	GN: World Dance	3
DANC 143	GN: Elementary Jazz Dance	3
DANC 320	Dance for Musical Theatre	3

**Subtotal: 3**

### Dance Courses

#### DANC 111 - GN: World Dance (3 credits)

This course presents dance as an expression of cultural identity and a way of understanding people of different cultures through their social interaction. Theoretical considerations include dances for a variety of ages and abilities, as well as the origins, characteristics, ethnic sources, and values of dance for a variety of purposes: dance as recreation, as courtship, as a conservation of tradition, and as a medium for exchange as a fusion of cultures.

Distribution: GN: Group A - Performing Arts (APA) | Artistic Expression (A) .

#### DANC 114 - GN: Modern Dance Theory (3 credits)

This course is designed to introduce the student to the study of dance as the most fundamental of the arts, involving a direct expression of oneself through the body. The student will explore fundamental movement concepts including time, weight, space, and flow. Contextualization of historical, theoretical, and aesthetic principles will be emphasized.

Distribution: GE: Humanities-Performing Arts | GN: Group A - Performing Arts (APA) | Artistic Expression (A).

#### DANC 115 - GN:Introduction to Dance (3 credits)

This course examines the universal human need to celebrate life through dance. It is a survey of dance style forms designed to introduce the student to the energies and mysteries of dance throughout the ages and cultures of the world. Emphasis is on the role of dance as an expression of cultural mores, social order, religious worship, cultural identity, and individuality.

Distribution: GN: Group A - Fine Arts (AFA) | Artistic Expression (A).

#### DANC 143 - GN: Elementary Jazz Dance (3 credits)

This is an elementary level jazz dance technique course which includes a variety of axial and locomotor techniques and basic combinations characteristic of historical and contemporary jazz and dance, with emphasis on developing the physical and expressive potential of the human body. This course will present anatomical and aesthetic aspects of this dance genre.

*Course may be repeated for a maximum of 6 credits.*

Distribution: GN: Group A - Performing Arts (APA) | Artistic Expression (A) | GE: Humanities - Performing Arts (HUPA).

#### DANC 210 - GN:Elementary Ballet (3 credits)

This course will include techniques in elementary ballet including alignment, barre, center work, basic enchainment sequences, room directions and body directions, with emphasis on developing the physical and expressive potential of the human body. This course will enable students to understand and synthesize three aspects of dance; kinesiological/anatomical, historical/theoretical, and aesthetic aspects of dance.

*Course may be repeated for a maximum of 6 credits.*

Distribution: GN: Group A - Performing Arts (APA) | Artistic Expression (A) | GE: Humanities - Performing Arts (HUPA).

#### DANC 215 - GE: Elementary Lyrical Modern Dance (2 credits)

This is an elementary level modern dance technique course. It explores a variety of axial and locomotor techniques and simple combinations characteristic of contemporary dance. The ability to apply skills in the art form is implied in any study of technique; this ability will be realized through improvisational and compositional experiences. May be repeated for credit.

Distribution: GE: Humanities-Performing Arts.

#### DANC 216 - Creative Dance for Children (2 credits)

This course is designed to introduce students to the fundamentals of teaching creative dance for children including a conceptual approach to dance and fostering children's growth through a creative, child-

centered dance curriculum. It will include information on the nature of dance for children, choosing age-appropriate topics, strategies for facilitation of dance experience, and group discussions as well as guided practical experiences. Prerequisite: DANC 114 or DANC 210 or DANC 215 or equivalent (1yr. prior dance study).

**DANC 310 - GN:Intermediate Ballet (3 credits)**

This course will include technique in intermediate ballet including alignment, barre, center work, room and body directions, and intermediate-level enchainements. Students will further develop their awareness of the role of principles of flexibility, muscular strength and endurance, and cardiovascular fitness, with emphasis on developing the physical and expressive potential of the human body. May be repeated for credit.

Distribution: GE: Humanities-Performing Arts | GN: Group A - Performing Arts (APA) | Artistic Expression (A) | Advanced.  
Prerequisite: DANC 210 or (1-2 yrs. prior ballet study).

**DANC 314 - GE: Dance Improvisational and Choreography (2 credits)**

This course is designed to help students discover and develop their creative potential in dance. Free, structured, and guided improvisations, individually and in groups, are included. Short compositions, fusing creation with execution, will also be explored. Fulfills GE requirement for Performing Art.

Distribution: Advanced. Prerequisite: DANC 114, and DANC 115, and DANC 210 or equivalent.

**DANC 315 - GN: Dance Performance & Production (1 credits)**

This course consists of performance, choreography, and production work involved with dance as a performing art. Work in performance and technical areas is included, and participation in production is required. This course may be elected more than once for credit.

Distribution: GE: Humanities-Performing Arts | GN: Group A - Performing Arts (APA) | Artistic Expression (A) | Advanced.  
Prerequisite: DANC 210 or DANC 215, and enrollment by audition.

**DANC 316 - Dance Teaching Practicum (1 credits)**

This course is designed to develop insight and further competency by providing students with guided practical experiences in teaching dance for children and adults. May be repeated for credit up to three times.

Distribution: Advanced. Prerequisite: PETE111 OR FIT141 AND FIT142 AND PETE216 OR DANC216.

**DANC 317 - GE: Dance Repertory (1 credits)**

This course consists of a select dance ensemble that explores, creates and performs new and existing dance works. The dance repertoire studied will reflect a wide variety of genres including ballet, modern, jazz, tap and ethnic dance styles. Course content will include an advanced dance technique class in addition to rehearsals.

Distribution: GE: Humanities-Performing Arts; Advanced. Prerequisite: DANC114 AND DANC210 AND DANC215.

**DANC 320 - Dance for Musical Theatre (3 credits)**

This course introduces the student to musical theatre dance, which includes applications of ballet, jazz, and tap dance technique along with information on the history of musical theatre, significant

representative musical productions, and choreographing for musicals. Prerequisite: Prior experience in dance technique required (ballet, modern, or jazz; DANC 114 or DANC 143 or DANC 210, or equivalent of at least 1 year previous dance experience).

Distribution: ADVD.

**DANC 342 - Seminar in Dance Education (2 credits)**

This course is designed to provide a cohesive overview of the field of dance education. Emphasis is placed on discussions of readings concerning the philosophical and practical approaches to teaching a variety of dance styles to children and adults. Concepts and issues raised by students will be reviewed and/or further discussed by the professor. Integration of courses in dance technique, improvisation and choreography, and dance pedagogy is a major objective of this seminar.

Distribution: Advanced. Prerequisite: DANC114 AND DANC115 AND DANC215 AND DANC216 AND DANC314 AND DANC316 AND DANC210 OR DANC310.

## Early Childhood and Elementary Education

### About the Programs

The four-year programs in Early Childhood (PreK-4) is designed to offer students a curriculum of general education and professional and early childhood education theory, application, and practice in teaching children. The curriculum is designed to develop a community of learners who are competent and reflective professionals able to teach any child in any setting.

The courses and extensive field based component develops beginning educator's knowledge, skills, and dispositions relevant to content, the learner and the learning environment, teaching and learning process, and professionalism.

Graduates of the Early Childhood Education Track I program will be eligible to apply for certification to teach in Pre-K to grade 4. Graduates of the Early Childhood Education Track II program will be prepared to work in a variety of education fields not requiring certification. Students interested in this age level can also combine preparation for Special Education certification with Early Childhood (PreK-4) Certification (see Special Education major (p. 383) (p. 1) for details).

### Are you interested in ...

- Working with children
- Teaching others
- Using your creativity

### Choose Early Childhood at ESU

- Qualified, experienced faculty
- Practical experience
- Accredited by NCATE

### Is Early Childhood a career path for me?

#### Career Potential

- Preschool teacher
- Kindergarten teacher

- Elementary school teacher
- Educational Consultant
- Daycare Owner

## Early Childhood Education B.S. - Track I Early Childhood Education Certification (Pre K-4th)

### PROGRAM FEATURES

70 credits

*Changes to the current program requirements have been submitted for approval and are under review. Please see your advisor or the department chair if you have any questions.*

#### Required major courses:

61 credits

## ECED - Early Childhood Education Courses

### ECED 232 - Child Development and Cognition (3 credits)

This course presents typical and atypical development from conception through age nine; interaction between heredity and environment; parent-child relations; development and stabilization of personality; attitudes toward self and others, physical, social, and cognitive development. Particular emphasis is placed on understanding special needs of students.

Prerequisite: Recommended: ENGL 103. Crosslisted as: SPED 232.

### ECED 262 - Introduction to Early Childhood Education (3 credits)

This course includes the study of infants, toddlers, nursery school, kindergarten and primary school-aged children; a historical perspective of early intervention models, materials, equipment, and developmentally appropriate practices for use in a pre-school center, primary school, and the home; an evaluation of current trends and issues related to guiding and educating young children including the exceptional child. This course is directed toward prospective teachers and parents.

Prerequisite: PRAXIS I and ELED 132. Corequisite: PSED 161 and PSED 242.

### ECED 263 - Foundations of Early Childhood Education (3 credits)

This course includes the study of programs serving all children from birth to fourth grade in a variety of settings. A survey of the early childhood field, historical perspectives, evidence-based models, and current best practices are explored both in the classroom and through observations and fieldwork. The formal application for admittance to the department occurs in this course.

Prerequisite: ECED 232. Corequisite: PRAXIS I and PSED 150.

### ECED 321 - Enhancing Language and Cognitive Development (3 credits)

The student will explore the links between brain development and the developing cognitive and language skills of the typically and atypically developing young child. The student will interact with children and families in culturally and linguistically diverse settings.

Distribution: Advanced (ADVD) . Prerequisite: ECED 232, ECED 263 and Program Admittance .

### ECED 322 - Family and Community Partnerships (3 credits)

This course uses ecological perspectives and systems theories to examine the influence of families and communities on children's success in school. The course provides opportunities for developing collaborative relationships with all parents, including those with limited English proficiency, disabilities and culturally diverse communities.

Distribution: Advanced (ADVD) . Prerequisite: Program Admittance and ECED 232 and ECED 263 and SOC 102.

**ECED 323 - Integrating the Curriculum: Projects and Play (3 credits)**

This course will provide opportunity for students to plan, implement and document the integrative possibilities in the prekindergarten-kindergarten curriculum. Play theories, research and methods are examined that encourage the development of intellectual dispositions in various cultures and contexts. Project work in PreK classrooms will provide opportunities to observe, facilitate, differentiate, and document emergent curriculum and aspects of all children's learning.

Distribution: Advanced (ADVD). Prerequisite: ECED 232, ECED 263 and Program Admittance .

**ECED 324 - Philadelphia Urban Seminar (3 credits)**

This course is a clinical immersion experience for students desiring to learn about and participate in urban school and communities. The seminar provides students with two weeks urban classroom teaching under the guidance of a mentor teacher and university faculty instructor, professional development workshops, small group class discussion sessions, guided reflections and a weekend community service project.

Distribution: Advanced (ADVD). Prerequisite: ECED 232 and (PSED 161 or PSED 242 or PSED 150).

**ECED 331 - Teacher as Researcher (3 credits)**

This course offers students strategies and tools for developing a comprehensive approach to assessing student learning. Various assessment topics will be discussed, including how to use various types of data to make instructional decisions to advance student success.

*Minimum GPA for Enrollment: 3.0*

Distribution: Advanced (ADVD) | Level III Writing (W3) . Prerequisite: Completion of All Required ECED Courses (except ECED 430/431) and Level II (W2) Writing Course and 3.0 GPA. Corequisite: ECED 430 and/or ECED 431.

**ECED 332 - Language Arts for Academic Success (3 credits)**

This course is designed to provide candidates with language and literacy skills for children in kindergarten through fourth grade in elementary school. The three major focuses of the course include language and literacy, children's literature, and English language learners. Appropriate teaching strategies, techniques and assessments to implement these essential elements into an effective language learning environment for young learners will be explored.

Distribution: Advanced (ADVD). Prerequisite: ECED 232, ECED 263 and Department Admittance .

**ECED 333 - Math I: Investigations and Integration (3 credits)**

This course is a study of early mathematical development and math concepts appropriate for P-K learners, including numbers, patterns, space/shape, measurement, data and problem-solving. Developmentally appropriate experiences in math, integrated with music and movement, will focus on standards, curriculum, assessment and planning to advance early learning.

Distribution: Advanced (ADVD). Prerequisite: ECED 232, ECED 263 and Program Admittance .

**ECED 334 - Designing and Managing the Early Childhood Literacy Environment (3 credits)**

This course will provide the student with the building blocks for designing and managing a healthy, respectful, literacy-rich, and challenging learning environment for young children. Topics will include techniques for establishing routines and classroom management, designing the indoor and outdoor environments, planning experiences to promote multiple literacies and develop a community of learners.

Distribution: Advanced (ADVD). Prerequisite: ECED 232, ECED 263 and Program Admittance .

**ECED 411 - The Arts for the Developing Child (3 credits)**

Students will examine the unique role of dance, drama, music, and visual arts in the learning and development of all children Pre K through age 9. Students will engage in a variety of experiences to develop the knowledge, creative dispositions, and pedagogical skills to effectively integrate the arts in the PreK-4 classroom.

Distribution: Advanced (ADVD). Prerequisite: ECED 232, ECED 263 and Program Admittance.

**ECED 412 - Math for Academic Success (3 credits)**

Students in this course learn how to plan, implement, and reflect on manipulative-based math lessons that are grounded in a coherent curriculum, and that meet the developmental needs of children in an early childhood mathematics classroom. They also become familiar with methods for integrating technology such as computers and calculators and alternative assessment techniques in an early childhood mathematics classroom.

Distribution: Advanced (ADVD). Prerequisite: ECED 232, ECED 263 and Program Admittance .

**ECED 413 - Science for the Developing Child (3 credits)**

This course engages students in developing their understandings of concepts, standards, methods, and materials for teaching science for the developing child. The primary focus is on the use of inquiry and activity-based methods. Weekly field experience in a Professional Development School will emphasize the application of course content and instructional theories to teaching.

Distribution: Advanced (ADVD). Prerequisite: ECED 232, ECED 263 and Program Admittance .

**ECED 414 - Social Studies for the Developing Child (3 credits)**

This course is designed to provide the student with the theoretical base, knowledge, skills, and practice in teaching social studies to children in PreK through fourth grade. It builds on and enhances social science content knowledge in civics and government, geography, history, and economics to support successful classroom teaching and student academic achievement.

Distribution: Advanced (ADVD). Prerequisite: ECED 232, ECED 263 and Program Admittance.

**ECED 420 - Advocacy, Leadership and Collaboration (1 credit)**

This practicum course, taken during Student Teaching, will afford opportunities for students to expand their role as reflective and deliberate decision makers in the Prekindergarten- 4th classroom, school, and community. Students will discover creative ways to

communicate their findings and advocate for young children and their families in the school and community.

Distribution: Advanced (ADVD). Prerequisite: ECED 232, ECED 263 and Program Admittance.

### **ECED 430 - Student Teaching in Early Childhood Education I (6 credits)**

This course is a semester of guided teaching in two settings: a Pre K or Kindergarten and a 1st - 4th classroom in an elementary school. As the capstone experience of your teacher education at East Stroudsburg University, the Resident Student Teaching Semester is an integral experience in the transition from university student to beginning educator. During this semester you will have the opportunity to integrate your knowledge, skills and professional dispositions, embedding theory in practice as you craft your own unique identity as a Beginning Educator.

Distribution: Advanced (ADVD).

### **ECED 431 - Student Teaching in Early Childhood Education II (6 credits)**

Student Teaching II is a continuation of the student teaching process to more fully master skills. As the capstone experience of your teacher education at East Stroudsburg University, the Resident Student Teaching Semester is an integral experience in the transition from university student to beginning educator. During this semester you will have the opportunity to integrate your knowledge, skills and professional dispositions, embedding theory in practice as you craft your own unique identity as a Beginning Educator.

Distribution: Advanced (ADVD).

### **ECED 465 - Early Childhood Curriculum I - Birth to 3 Years (3 credits)**

This course uses observations and interactions with children, teachers, and families to examine typical and atypical development of preschoolers. Students observe and participate in programs to examine appropriate physical and psychological environments, learn to construct appropriate curriculum, gain practice in responsive teacher-child interactions, engage in systematic observations and begin to establish collaborative professional relationships with families and other early childhood educators.

Distribution: Advanced (ADVD). Prerequisite: Program Admittance and ELED 132 and ECED 262.

### **ECED 465 - Early Childhood Curriculum II - 3 to 6 Years (3 credits)**

This course uses observations and interactions with children, teachers, and families to examine typical and atypical development of preschoolers. Students observe and participate in programs to examine appropriate physical and psychological environments, learn to construct appropriate curriculum, gain practice in responsive teacher-child interactions, engage in systematic observations and begin to establish collaborative professional relationships with families and other early childhood educators.

Distribution: Advanced (ADVD). Prerequisite: Program Admittance and ELED 132 and ECED 262.

### **ECED 486 - Internship in Early Childhood (6 credits)**

This internship is designed for the student who is interested in working with young children and their families in a non-public school

setting. It is designed to provide the student with the opportunity to develop further competencies and understandings of one or more aspects of early childhood education. Placement is arranged on an individual basis. It is expected that the Intern will contribute to the welfare of the organization by engaging in experiences that are "value added" and it is expected that the placement site will contribute to the professional development of the intern by providing experiences that are standards-based, substantial, relevant, and developmental and will facilitate the contribution of the intern to the professional community. Prerequisites: All courses for EC Professional Program and Department Admittance.

Distribution: Advanced.

### **ECED 489 - Organization and Administration of Early Childhood Programs (3 credits)**

This course emphasis is on organization and administration of high quality pre-school programs, including supervising, staffing, housing, equipment, programs, records, financing and budgeting, and parent involvement. The course is directed toward prospective early childhood teachers and day care center personnel

Distribution: Advanced (ADVD). Prerequisite: Program Admittance and ELED 132 and ECED 262.

### **ECED 495 - Seminar in Early Childhood Education (3 credits)**

This course emphasizes current trends, issues, and problems related to educating young children. It includes a survey of the many resources available as well as opportunities to meet with and benefit from the experiences of several practicing professionals

Distribution: Advanced (ADVD). Prerequisite: Program Admittance and ELED 132 and ECED 262.

## **Earth and Space Science**

### **College of Arts and Sciences**

#### ***The Faculty of Science***

Science & Technology Building, Room 320

570-422-3341

[www.esu.edu/physics](http://www.esu.edu/physics)

Students interested in Earth and Space Science careers are encouraged to consider the Earth and Space Science concentration of the B.S. Physics program or the minor in Earth and Space Science with an appropriate major like the B.A. General Science.

### **Earth and Space Science Minor**

57 credits

#### **PROGRAM FEATURES**

##### *Required courses:*

GEOG 121	GN: Physical Geology	3
GEOG 220	Meteorology	3
OR		
PHYS 126	GN: Introduction to Weather Forecasting	3

PHYS 121	GN: Astronomy   The Sky and Solar System	3
PHYS 122	GN: Astronomy   Stars and Galaxies	3
PHYS 124	Observational Astronomy Lab	1
		<b>Subtotal: 16</b>

*Choose one course from the following list:*

BIOL 200	General Ecology	3
BIOL 210	Environmental Biology	3
CHEM 108	GN: Environmental Chemistry	3
CHEM 373	Environmental Quality: The Chemical Approach	4
GEOG 422/GEOG 522	Watershed Hydrology	3
		<b>Subtotal: 0</b>

*Choose two of the following list:*

BIOL 474	Introduction to Oceanography	3
GEOG 320	Climatology	3
GEOG 321	Geomorphology	3
PHYS 304	Modern Physical Astronomy	3
PHYS 305	Physics of the Atmosphere	3
PHYS 404	Introductory Astrophysics	3
		<b>Subtotal: 6</b>

570-422-3286  
www.esu.edu/econ

### Academic Opportunities

Economics students have the opportunity to write for the E-News, a well-established and respected newsletter that has been published since 1997 and is staffed exclusively by student editors. Students are guided by faculty to research and publish articles on international, national and regional economic trends as well as topics related to finance, investment and business issues. Each year the Economics faculty supervises and helps interested and qualified students research, prepare and present papers at the Annual Undergraduate Research Conference at Ursinus College, Pennsylvania Economic Association Annual Conference, Eastern Economic Association Annual Conference, etc.

Students can join the Economics Club, and Investment Club, a student organization that helps promote economic and finance career interests. They can also benefit from various guest speaker lectures and educational visits to the Federal Reserve, investment banks, various government offices, and businesses in nearby cities like New York City, Philadelphia, and Washington, D.C.

Omicron Delta Epsilon (ODE), the International Honor Society in Economics, confers distinction for high scholarly achievement in Economics. The Alpha Xi Chapter at ESU has proudly inducted close to 300 students into ODE since its inception.

Every year, three outstanding economics students are offered scholarships, namely: Constantinos Christofides Scholarship in Economics, Starner Scholarship and DeLarco Scholarship.

Students interested in pursuing a career in banking are also offered an opportunity to take part in the internationally recognized Bloomberg Aptitude Test, which is administered every semester in the Kemp Library. This test is widely used by many Wall Street banks and financial institutions when hiring interns and entry-level employees.

The faculties are actively involved in research projects both individually and through the Business Economics Research Group of ESU (BERG), and enjoy great success in procuring funded research projects from both government and private sources. Students benefit by serving as research assistants and contributors under the guidance of experienced faculty researchers.

### About the Program

The Bachelor of Arts Degree in Economics provides students with the opportunity to obtain a foundation in traditional economic theory and real life applications that are the basis for analytical thinking and sound managerial decision making. Economics students may choose to specialize in any one of three areas: General Economics, Global Economics or Finance.

With its focus on economic theory, analytical rigor and strong research skills, the Economics degree program at ESU prepares students for careers in management, finance and administration in business and the public sector. Students who enter the work force report that they are involved in successful careers at greater than average starting salaries.

Students majoring in Economics are also well-prepared for higher education in business, economics, public administration, banking and law. Graduates who apply to prestigious MBA, law and graduate schools have found that the analytical skills inherent in the economics program are sought after and respected by the best graduate schools.

**Mission**

To provide an excellent undergraduate economics education so that students can critically analyze issues related to the domestic and global economy, financial markets, business and governmental policy, and to prepare them for a successful career or to pursue graduate studies in economics, finance, business management, law and related fields.

The department is characterized by great cultural and programmatic diversity. Students are exposed to a number of traditional and contemporary economics, finance and business and economics courses from experienced faculty whose combined professional interests and expertise cover all of the following areas:

- Economic Theory and Applications
- Business Analytics
- Finance and Accounting
- Global and Regional Economics
- Labor Economics
- Money and Banking

**Did You Know?**

- Economics majors are paid one of the highest salaries of all majors?
- Economics majors receive one of the highest scores on the LSAT?
- Richard Silverman, admissions director for the Yale School of Management, said: *"The best people are more frequently taking economics as their major. . . It shows they have the intellectual fire in the belly to perform well in an MBA program."*

**Is Economics a career path for me?****Career Settings**

The Bachelor of Arts Economics degree prepares students for either graduate studies or careers in:

- Money and Banking
- International Trade and Global Markets
- Business Economics
- Operations Research
- Labor Economics
- Government and Politics
- Forecasting and Actuarial Work

*More detailed career information is available from the department.*

**Economics B.A.****PROGRAM FEATURES**

39 credits

**Required Courses for Finance Concentration:****Core Courses:**

ECON 111	GN: Principles of Macroeconomics	3
ECON 112	GN: Principles of Microeconomics	3

ECON 311	Intermediate Macroeconomics	3
ECON 312	Intermediate Microeconomics	3
ECON 336	Money and Capital Markets	3
ECON 495	Senior Seminar	3
MGT 301	Financial Management I	3

**plus FIVE ELECTIVES from the following:**

ECON 314	International Finance	3
ECON 332	Forecasting Methods	3
ECON 411	Public Finance	3
ECON 412	Money and Banking	3
MGT 307	Financial Management II	3
MGT 315	Entrepreneurial Finance	3
MGT 319	International Financial Management	3
MGT 340	Investment Management	3

**Co-requisites:**

MGT 200	Principles of Management	3
MGT 204	Principles of Marketing	3
MGT 211	Financial Accounting Fundamentals	3
MGT 250	Quantitative Business Analysis	3
MATH 110/MATH 111	GN: General Statistics	3

**plus ONE MATH from the following:**

MATH 129/MATH 130	GN: Applied Algebraic Methods with Foundation Mathematics	3
MATH 131	Applied Calculus	3
MATH 135	GN: Pre-Calculus	3
MATH 140	GN: Calculus I	4

**Required Courses for General Economics Concentration:****Core Courses:**

ECON 111	GN: Principles of Macroeconomics	3
ECON 112	GN: Principles of Microeconomics	3
ECON 311	Intermediate Macroeconomics	3
ECON 312	Intermediate Microeconomics	3
ECON 321	History of Economic Thought	3
ECON 495	Senior Seminar	3
MGT 301	Financial Management I	3

**plus FIVE ECON ELECTIVES 300 or higher****Co-requisites:**

MGT 211	Financial Accounting Fundamentals	3
---------	-----------------------------------	---

MGT 212	Managerial and Cost Accounting Fundamentals	3
MATH 110/MATH 111	GN: General Statistics	3

*plus ONE MATH from the following:*

MATH 129/MATH 130	GN: Applied Algebraic Methods with Foundation Mathematics	3
MATH 131	Applied Calculus	3
MATH 135	GN: Pre-Calculus	3
MATH 140	GN: Calculus I	4

*Required Courses for Global Economics Concentrations:*

*Core Courses:*

ECON 111	GN: Principles of Macroeconomics	3
ECON 112	GN: Principles of Microeconomics	3
ECON 311	Intermediate Macroeconomics	3
ECON 312	Intermediate Microeconomics	3
ECON 313	International Trade	3
ECON 321	History of Economic Thought	3
ECON 495	Senior Seminar	3
MGT 301	Financial Management I	3

*plus FOUR ELECTIVES from the following:*

ECON 314	International Finance	3
ECON 315	International Law in Global Economic Relations	3
MGT 319	International Financial Management	3
ECON 432	Economic Growth and Development	3
ECON 442	Comparative Economic Systems	3
MGT 362	Globalization and International Management	3

*Co-requisites:*

MGT 211	Financial Accounting Fundamentals	3
MGT 212	Managerial and Cost Accounting Fundamentals	3
MATH 110/MATH 111	GN: General Statistics	3

*plus ONE MATH from the following:*

MATH 129/MATH 130	GN: Applied Algebraic Methods with Foundation Mathematics	3
MATH 131	Applied Calculus	3
MATH 135	GN: Pre-Calculus	3

MATH 140	GN: Calculus I	4
----------	----------------	---

*Additional requirements:*

- Please see the university requirements.
- Note: Economics majors must (1) complete at least five courses at ESU with rubrics that begin with ECON and (2) attain a QPA of 2.25 or better in all Economics courses taken at ESU. The quantitative requirements should be completed as early as possible.

## **PROGRAM CURRICULUM PLAN**

(Subject to change by the university without notice)

*I. Required Courses:*

ECON 111	GN: Principles of Macroeconomics	3
ECON 112	GN: Principles of Microeconomics	3
ECON 311	Intermediate Macroeconomics	3
ECON 312	Intermediate Microeconomics	3
ECON 321	History of Economic Thought	3
ECON 495	Senior Seminar	3
MATH 110/MATH 111	GN: General Statistics	3
MATH 129/MATH 130	GN: Applied Algebraic Methods with Foundation Mathematics	3
MGT 301	Financial Management I	3

*II. 12 Additional Credits in Economics*

Students are required to select four additional courses from the following areas:

*A. Quantitative*

ECON 322	Labor Economics	3
ECON 332	Forecasting Methods	3
ECON 413	Managerial Economics	3
ECON 415	Econometrics	3
MGT 350	Quantitative Business Analysis II	3
MGT 451	Management Science I	3

*B. Global/International*

ECON 313	International Trade	3
ECON 314	International Finance	3
ECON 432	Economic Growth and Development	3
MGT 362	Globalization and International Management	3

*C. Financial and Monetary Economics*

ECON 336	Money and Capital Markets	3
ECON 411	Public Finance	3
ECON 412	Money and Banking	3

MGT 307	Financial Management II	3
MGT 342	Investment Analysis	3

## Economics Minor

### PROGRAM FEATURES

18 credits

#### Required courses:

#### Six Economics courses (18) credits including:

ECON 111	GN: Principles of Macroeconomics	3
ECON 112	GN: Principles of Microeconomics	3
ECON 311	Intermediate Macroeconomics	3

Or

ECON 312	Intermediate Microeconomics	3
----------	-----------------------------	---

And

any three additional ECON courses

A minimum of three courses must be 300 or 400 level.

#### Additional requirements:

- At least three of the six required courses for the Minor in Economics must be completed at ESU.

## Economics and Management Interdisciplinary Minor

### PROGRAM FEATURES

21 credits

#### Required courses:

#### Four economics courses including:

ECON 111	GN: Principles of Macroeconomics	3
ECON 112	GN: Principles of Microeconomics	3

and any two additional ECON courses.

#### Three Management courses including:

MGT 200	Principles of Management	3
---------	--------------------------	---

and any two additional MGT courses. A minimum of three courses (9) credits of the minor's total of seven courses must be 300 or 400 level

#### Additional requirements:

- At least four of the seven required courses for the Minor must be completed at ESU. This minor is NOT available to Economics or Management majors.

## Economics Faculty

### Professor:

Pattabiraman Neelakantan (pats@esu.edu)

### Associate Professor:

Todd Behr (tbehr@esu.edu)

## ECON - Economics Courses

### ECON 111 - GN: Principles of Macroeconomics (3 credits)

This course is an introduction to the theory of income determination. It covers the topics of national income accounting, inflation, unemployment, fiscal policy, and monetary policy. A survey of consumption, investment, and multiplier theory is also provided.

Distribution: GN: Group C - Economics (CEC) | Global Diversity/Citizenship (G) | GE: Social Sciences-Economics (SSEC) .

### ECON 112 - GN: Principles of Microeconomics (3 credits)

This course is an introduction to price theory, including theory of consumer behavior, production theory, and cost analysis; the study of commodity pricing under conditions of perfect competition, monopoly and imperfect competition; a survey of distribution theory, factor pricing, and international trade and finance.

Distribution: GN: Group C - Economics (CEC) | Global Diversity & Citizenship (G) | GE: Social Sciences-Economics (SSEC) .

### ECON 122 - GN: Personal Finance (3 credits)

This course consists of an analysis of human wants in the process of maximizing satisfactions; consumption and patterns of family life cycle are explored. Emphasis is on the individual and the principles and techniques which govern successful consumer behavior in the areas of budget planning, consumption expenditures, and credit transactions. Recent changes in consumerism are explored.

Distribution: GN: Group C - Economics (CEC) | Global Diversity/Citizenship (G) | GE: Social Sciences-Economics (SSEC).

### ECON 290 - Special Topics: ((Semester hours arranged))

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

### ECON 301 - Modern Economic Issues (3 credits)

The course critically examines key economic challenges facing the modern society such as income inequality, poverty, crime, education, environment, international trade, national debt, social security and discrimination using economic analysis and evaluates the impact of various policy options to solve them.

Distribution: Advanced. Prerequisite: ECON111 or ECON112.

### ECON 311 - Intermediate Macroeconomics (3 credits)

Reviews and extends the theory of income determination, surveys consumption theories, and analyzes problems of inflation and unemployment. It includes critical evaluations of fiscal, monetary, and income policies, as well as a brief introduction to modern theories of growth.

Distribution: Advanced (ADVD) | GE: Social Sciences-Economics (SSEC)

### ECON 312 - Intermediate Microeconomics (3 credits)

This course reviews and extends the analysis of value and distribution: it covers traditional price theory techniques in production, exchange, and distribution for firms in markets of perfect and imperfect competition. It includes an introduction to general equilibrium analysis, linear programming, and welfare economics.

Distribution: Advanced (ADVD) | GE: Social Sciences-Economics (SSEC).

### **ECON 313 - International Trade (3 credits)**

This course examines the development of international trade and finance; it includes a survey of classical, neoclassical, and modern theories and analyzes balance-of-payments techniques and principles. It includes critical evaluation of the arguments for protection, the economic effects of tariffs and quotas, U.S. trade policy, international financial institutions, and international liquidity.

Distribution: Advanced (ADVD) | GE: Social Sciences-Economics (SSEC). Prerequisite: ECON 111.

### **ECON 314 - International Finance (3 credits)**

This course considers the monetary and financial flows between nations that results from the international trade of goods and services. Specific topics include a detailed examination of payments among nations, the foreign exchange markets, exchange rates and their determinants, government policies with respect to foreign exchange markets and the choice between fixed versus floating exchange rates.

Distribution: Advanced (ADVD). Prerequisite: ECON 111 and ECON 112.

### **ECON 315 - International Law in Global Economic Relations (3 credits)**

This course is an introduction to global economic relations and international laws governing those relations. It presents and analyzes the framework for global economic cooperation and the mutual obligations of states and transnational organizations to one another in an interdependent global economy. Specific topics include international trade law, the financial and monetary treaty obligations of nations, intellectual property rights, and the laws governing the use of environmental resources for sustainable development.

Distribution: Advanced. Prerequisite: ECON 111, ECON 112.

### **ECON 321 - History of Economic Thought (3 credits)**

This course is brief survey of the life and times of the major economic thinkers. It includes a critical evaluation of the contributions of each school of thought. Emphasis is on the evolution of economic analysis and its methodology.

Distribution: Advanced (ADVD) | Level II Writing (W2) | GE: Social Sciences-Economics (SSEC) . Prerequisite: ECON 111 and ECON 112 and ENGL 103.

### **ECON 322 - Labor Economics (3 credits)**

Labor economics applies macroeconomics and microeconomic theory, forming a critical part of the core of analytical economics. This course explores topics such as educational choice, wage determination, employment discrimination, labor law, collective bargaining, etc., with special emphasis on international labor trends.

Distribution: Advanced (ADVD) | GE: Social Sciences-Economics (SSEC) . Prerequisite: ECON 111 and ECON 112.

### **ECON 332 - Forecasting Methods (3 credits)**

Time series, multiple regression, qualitative, Box-Jenkins, and other techniques are explained and applied in the forecasting of industrial production, sales, and financial variables. Emphasis is placed on the construction, utilization, and evaluation of computer generated forecasting models.

Distribution: Advanced (ADVD)| Info. Literacy and Technology (I) . Prerequisite: ECON 112 and MATH 110.

### **ECON 336 - Money and Capital Markets (3 credits)**

A comprehensive analysis of capital markets is presented via the flow of funds from saver/lender to borrower/spender. The course explores the development of financial markets, their present structure and operations, the merits of innovative financial products, the changing role of financial institutions, and finally lessons learned from recent financial meltdown. Special emphasis will be placed on the impact of globalization, Federal Reserve policy and the regulatory environment.

Distribution: Advanced (ADVD). Prerequisite: ECON 111.

### **ECON 411 - Public Finance (3 credits)**

This is one of the two major macro-policy oriented courses for economics majors designed to familiarize students with government budgets; i.e. the course examines the structure of expenditures and revenue, fiscal incidence, project analysis, and the problems encountered in the performance of fiscal stabilization techniques to attain given policy targets.

Distribution: Advanced (ADVD). Prerequisite: ECON 111 and ECON 112 and ECON 311.

### **ECON 412 - Money and Banking (3 credits)**

This course deals with the development of money types and banking systems; examination of techniques and operations of the banking system of the U.S.; survey of monetary theory and policy.

Distribution: Advanced (ADVD). Prerequisite: ECON 111 and ECON 311.

### **ECON 413 - Managerial Economics (3 credits)**

This course is a survey of mathematical techniques useful in constructing economic and managerial models, which help the student identify and systematically formulate managerial problems. The course concentrates on pricing decisions, demand theory, production and cost analysis, and the empirical problems involved in managerial decision making

Distribution: Advanced (ADVD). Prerequisite: ECON 112 and MATH 110.

### **ECON 414 - Macroeconomics for Managers (3 credits)**

This course deals with national economic activity from a manager's perspective and with how government policies affect economical performance. The course offers practical explanation of the short-term linkages that impact the performance of the overall economy. Emphasis is placed on the empirical underpinnings and managerial implications of macroeconomics. Issues of how business managers and executives can use macroeconomics data and information to improve the performance of their businesses are addressed.

Distribution: Advanced (ADVD). Prerequisite: ECON 111 and ECON 112.

### **ECON 415 - Econometrics (3 credits)**

This course is an introduction to the theory of econometrics and its applications. The course will concentrate on determining and measuring the relationship between economic variables. Simple regression, correlation, multiple regressions, and the nature of

econometric models will be discussed. A series of applications will conclude the course.

Distribution: Advanced (ADVD). Prerequisite: ECON 112 and MATH 110.

**ECON 432 - Economic Growth and Development (3 credits)**

Critical evaluation of the historical and theoretical development of laissez-faire, centralized planning, and mixed economies; emphasis is placed on capital accumulation, industrialization, and economic expansion in the developed and underdeveloped nations, current problems, and alternative policies.

Distribution: Advanced. Prerequisite: ECON111 AND ECON112.

**ECON 442 - Comparative Economic Systems (3 credits)**

The purpose of this course is the study of the different economic systems from the "free enterprise system" to the "command economies," with the Third World economic system in between. An attempt is made to analyze the institutional structure of each economic system and the factors underlying it. The universality of economic principles is brought out.

Distribution: Advanced (ADVD). Prerequisite: ECON 111 and ECON 112.

**ECON 485 - Independent Study: (3 credits)**

A student wishing to take independent study either on the undergraduate or graduate levels (other than under 571) should discuss the plan with a member of the department. If the faculty member agrees to sponsor the project, the proposal should be submitted to the department chair. The chair, after approving the independent study project, shall bring it to a departmental meeting for confirmation. The dean of the college gives final approval after receiving the minutes of the departmental meeting which identifies the students who were approved by the department to do independent study

Distribution: Advanced.

**ECON 486 - Field Experience and Internship in Economics (1 - 15 credits)**

The internship experience is designed to provide students with professional supervision in an on-the-job situation to apply these skills learned in the university classroom.

Distribution: Advanced (ADVD).

**ECON 495 - Senior Seminar (3 credits)**

The course consists of a series of lectures and discussions on economic topics designed to lead senior students into current scientific literature and research methodology.

*This is the capstone course for Economic majors and completion of all other major coursework required prior to enrolling.*

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: ECON 321 and Departmental Permission.

## Elementary Education

### College of Education

Due to certification changes in Pennsylvania, ESU no longer offers a major in Elementary Education. The courses listed in this section help to support other education programs.

See more information, faculty, and suggested programs of study under Early Childhood Education (p. 181) (p. 170).

## ELED - Elementary Education Courses

**ELED 100 - Success Orientated (1 credits)**

This course is designed to prepare students majoring in Education to meet successfully the challenges of the state-required Basic Skills Assessments.

**ELED 132 - Child Growth and Development (3 credits)**

This course presents the development of the child from conception through pre-adolescence, interaction between heredity and environment, parent-child relations, development and stabilization of the personality, attitudes toward self and others — physical, social, emotional, and cognitive development. Completion of ENGL 103 is recommended. This course is a prerequisite to all methods courses.

**ELED 264 - Principles and Practices of Teaching (3 credits)**

This course advances the ESU Educators: Reflective and Deliberate Decision-Makers conceptual framework. This course explores current research and practice related to the learner and the learning environment, the teaching and learning process, content, and professionalism including planning, organization, management, instructional strategies, evaluation, and assessment. Opportunities for field experiences in diverse school settings are included. The beginning educator portfolio is begun in this course.

Prerequisite: ELED132.

**ELED 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**ELED 311 - Art in Childhood Education (3 credits)**

This course examines the unique role of the visual arts and art standards in education, learning and development. Weekly field experiences in a Professional Development School will emphasize the course content and instructional theories to teaching. Artistic literacy and behaviors are developed along with the teaching competencies to organize, assess and integrate the visual arts into the curriculum.

Distribution: Advanced (ADVD). Prerequisite: ELED 132, ELED 264 and Program Admittance.

**ELED 342 - Language Arts in Childhood Education (3 credits)**

This course is designed to familiarize students with the theoretical constructs, standards, and the methods and materials for teaching language arts in the elementary school. Through hands-on experiences students will explore ways to effectively plan, assess and implement language arts experiences and integrate them throughout the curriculum.

Distribution: Advanced. Prerequisite: ELED132 AND ELED264.

**ELED 343 - Mathematics in Childhood Education (3 credits)**

This course places emphasis on how theory and research shape practice in mathematics education. Additional emphasis will be placed on a variety of teaching techniques and assessment methods and how

they can be integrated in a mathematics program. Course participants will also become familiar with the use of technology and how to integrate it appropriately in an elementary mathematics program.

Distribution: Advanced. Prerequisite: ELED132 AND ELED264 AND MATH105.

#### **ELED 344 - Science in Childhood Education (3 credits)**

This course engages students in developing their understandings of concepts, standards, methods, and materials for teaching science in elementary schools. The primary focus is on the use of inquiry and activity-based methods. Weekly field experience in a Professional Development School will emphasize the application of course content and instructional theories to teaching.

Distribution: Advanced. Prerequisite: ELED132 AND ELED264.

#### **ELED 345 - Social Studies in Childhood Education (3 credits)**

This course engages students in the use of standards, methods, and materials for teaching social studies in the elementary school. Weekly field experiences in a Professional Development School will emphasize the application of course content and instructional theories to teaching. Students will develop knowledge and skill in planning, selecting teaching strategies, integrating curriculum, and implementing instruction. Students will be expected to engage in productive self-reflection.

Distribution: Advanced. Prerequisite: ELED132 AND ELED264.

#### **ELED 346 - Children's Literature (3 credits)**

This course studies the great variety of literature available for children and the literary materials of more recent times, which have been written expressly for children. The course offers varied ways to get children interested in books for their appropriate reading levels and interests. Implementation of Children's Literature into the elementary curriculum will be stressed.

Distribution: Advanced. Prerequisite: ELED132 AND ELED264.

#### **ELED 350 - Middle School Methods (3 credits)**

This course deals with the study and application of curriculum, integration of curriculum and the middle school philosophy. Students will develop necessary knowledge, skills, and dispositions to teach all middle level students. Students will use state/national standards, lesson planning fundamentals, and a variety of models of teaching to develop and implement lessons and units. The curriculum focus is on teaching language arts, social studies, and the creative arts in a culturally responsive manner. This course includes intense university classroom practice as well as a required weekly field experience at the middle school level in which students apply the planning and teaching skills developed within the university classroom setting.

Distribution: Advanced.

#### **ELED 351 - Music in Childhood Education (3 credits)**

This course introduces the student to the importance of music in the elementary school curriculum. It focuses on establishing a role for the classroom teacher in fostering children's growth through music and providing the prospective teacher with musical understanding and skills for developing student-centered learning environments through music. Emphasis is on the encouragement of creative teaching of all content through the integration of music into the total elementary

curriculum. Strategies for facilitation of music experiences to meet the needs of culturally and academically diverse students are included.

Distribution: Advanced. Prerequisite: ELED132 AND ELED264.

#### **ELED 356 - Urban Education and Classroom Diversity (3 credits)**

This course will give students the opportunity to learn about teaching in an urban setting. Students will be provided with a strong theoretical knowledge base and practical field experience in order to prepare them to teach in a variety of settings. Students will explore their own beliefs and attitudes as it relates to diversity in the classroom.

Distribution: Advanced. Prerequisite: ELED132 AND ELED264 OR PSED161 OR PSED242.

#### **ELED 360 - Middle Level Language Arts Methods (3 credits)**

This course is designed to prepare students to effectively teach in middle school (4th-6th grade) language arts classrooms. Students will learn how to plan, implement, and reflect on activity-based language arts lessons that are grounded in a coherent curriculum, and that meet the developmental needs of middle level (4th-6th grade) students. Students will participate in weekly field experiences in self-contained or semi-departmentalized 4th-6th grade placements.

*This course is restricted to Middle Level majors and Middle Level/Special Education majors only.*

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 244. Corequisite: ELED 370, REED 340 | Additional Dual Major Co-Req: SPED 313.

#### **ELED 370 - Middle Level Science Methods (3 credits)**

This course is designed to help students learn how to effectively teach in middle level (4th-6th grade) science classrooms. Students will learn about a variety of activity based methods and then participate in weekly field experiences in self-contained or semi-departmentalized 4th-6th grade placements.

*This course is restricted to Middle Level majors and Middle Level/Special Education majors only.*

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 244. Corequisite: ELED 360, SPED 351 | Additional Dual Major Co-Req: REED 350 or REED 315/SPED 315.

#### **ELED 405 - Classroom Management and Discipline Models (3 credits)**

This course will give students the opportunity to learn about teaching in an urban setting. Students will be provided with a strong theoretical knowledge base and practical field experience in order to prepare them to teach in a variety of settings. Students will explore their own beliefs and attitudes as it relates to diversity in the classroom.

Distribution: Advanced.

#### **ELED 415 - Individualizing Instruction in Elementary Education (3 credits)**

This course examines the process of individualizing instruction and strategies, which lend to its development. Students will work on individualized projects, which will help them meet their goals. Although emphasis is placed on elementary education, some topics will apply on a K-12 basis.

Distribution: Advanced. Prerequisite: ELED132 AND ELED242.

**ELED 424 - Teaching ELLs in the Diverse Classroom Setting (3 credits)**

This course provides understandings and appreciation for linguistic and cultural diversity, and enhances the knowledge and skills of teachers working with culturally and linguistically diverse students in the classroom. The areas of emphasis include: a) the legal, historical, and cultural implications of ELLs in the mainstream classroom and differences among home and school cultures, especially as they relate to language; b) a brief overview of first and second language acquisition theories; c) developmentally appropriate teaching strategies to enhance English language proficiency and academic success of ELLs; and d) Pennsylvania standards and the Pennsylvania ELL assessment systems. (This course is not part of the ESL Specialist endorsement).

Distribution: Advanced. Prerequisite: ECED232 AND ECED263 AND PSED150 AND PSED250 AND PSED516 AND PSED510.

**ELED 426 - Professional Practicum (2 credits)**

This course provides understandings and appreciation for linguistic and cultural diversity, and enhances the knowledge and skills of teachers working with culturally and linguistically diverse students in the classroom. The areas of emphasis include: a) the legal, historical, and cultural implications of ELLs in the mainstream classroom and differences among home and school cultures, especially as they relate to language; b) a brief overview of first and second language acquisition theories; c) developmentally appropriate teaching strategies to enhance English language proficiency and academic success of ELLs; and d) Pennsylvania standards and the Pennsylvania ELL assessment systems. (This course is not part of the ESL Specialist endorsement).

Distribution: Advanced.

**ELED 427 - Second Language Acquisition: Theories for ESL Teachers (3 credits)**

This course focuses on historical and current theories of second language acquisition and development for the Pre K-12 limited-English student. Topics addressed include cognitive, psychological, sociocultural, and political factors for second language learners, content area instruction, models of bilingual education, assessment options, and technology resources for teaching English Language Learners.

Distribution: Advanced. Prerequisite: ELED132 AND ELED264.

**ELED 428 - Linguistics for ESL Teachers (3 credits)**

This course focuses on linguistics for ESL teachers and their students, covering phonology, morphology, syntax, semantics, and pragmatics. Additional emphasis is given to sociocultural linguistics and language contact. Connections to classroom applications are explored, with a review of idiosyncratic elements of English grammar as they pertain to second language learning.

Distribution: Advanced. Prerequisite: ELED132 AND ELED264.

**ELED 429 - Methods and Materials for Teaching ESL (3 credits)**

This course focuses on pedagogical techniques, tools, resources and activities that can enable Pre K-12 ESL students to improve their proficiency in reading, writing, listening, and speaking. Participants learn to plan methods and materials for the ESL classroom creating various activities and assessments and incorporating technology when

appropriate. Communication about the purpose of ESL education to colleagues, parents and community is also covered. This class requires a field experience working with students acquiring English as their second language.

Distribution: Advanced. Prerequisite: ELED132 AND ELED264.

**ELED 430 - Student Teaching in Elementary Education (6 credits)**

This course includes a semester of guided teaching in elementary schools and an accompanying on-campus seminar. This field experience is designed to provide the student teacher with the opportunity to develop further competencies and an understanding of the teaching-learning process necessary for effective teaching in the elementary schools.

Distribution: Advanced.

**ELED 431 - Student Teaching in Middle Level Education (6 credits)**

This semester includes a quarter of guided teaching in a middle level setting, self-contained 4th, 5th or 6th grade classroom, and an accompanying on-campus seminar. This clinical field experience is designed to provide the student with the opportunity to develop further competencies and an understanding of the teaching-learning process necessary for effective teaching in the self-contained middle level setting.

Distribution: Advanced (ADVD). Prerequisite: Department Approval.

**ELED 444 - International Collaborative Learning Project (1 - 3 credits)**

This course enables students to participate in unique learning events in a foreign country. Students will have the opportunity to experience different styles in teaching and learning, how reflective teaching practice can become an integral part of the teaching process, and how teacher education reform occurs in different contexts through seminars and observations. The class will deal with exploring differences and similarities between cultures and philosophies.

Distribution: Advanced.

**ELED 448 - Reality Therapy in the Classroom (3 credits)**

This course enables students to participate in unique learning events in a foreign country. Students will have the opportunity to experience different styles in teaching and learning, how reflective teaching practice can become an integral part of the teaching process, and how teacher education reform occurs in different contexts through seminars and observations. The class will deal with exploring differences and similarities between cultures and philosophies.

Distribution: Advanced.

**ELED 449 - Reducing Classroom Conflict (3 credits)**

This course enables students to participate in unique learning events in a foreign country. Students will have the opportunity to experience different styles in teaching and learning, how reflective teaching practice can become an integral part of the teaching process, and how teacher education reform occurs in different contexts through seminars and observations. The class will deal with exploring differences and similarities between cultures and philosophies.

Distribution: Advanced.

**ELED 450 - Seminar in Middle School Methods (3 credits)**

This course enables students to participate in unique learning events in a foreign country. Students will have the opportunity to experience different styles in teaching and learning, how reflective teaching practice can become an integral part of the teaching process, and how teacher education reform occurs in different contexts through seminars and observations. The class will deal with exploring differences and similarities between cultures and philosophies.

Distribution: Advanced.

**ELED 456 - Cooperative Learning - Learning Teams in Action (3 credits)**

This course enables students to participate in unique learning events in a foreign country. Students will have the opportunity to experience different styles in teaching and learning, how reflective teaching practice can become an integral part of the teaching process, and how teacher education reform occurs in different contexts through seminars and observations. The class will deal with exploring differences and similarities between cultures and philosophies.

Distribution: Advanced.

**ELED 457 - Reducing Stress in the Classroom (3 credits)**

This course enables students to participate in unique learning events in a foreign country. Students will have the opportunity to experience different styles in teaching and learning, how reflective teaching practice can become an integral part of the teaching process, and how teacher education reform occurs in different contexts through seminars and observations. The class will deal with exploring differences and similarities between cultures and philosophies.

Distribution: Advanced.

**ELED 459 - Enhancing Self-Esteem (3 credits)**

This course enables students to participate in unique learning events in a foreign country. Students will have the opportunity to experience different styles in teaching and learning, how reflective teaching practice can become an integral part of the teaching process, and how teacher education reform occurs in different contexts through seminars and observations. The class will deal with exploring differences and similarities between cultures and philosophies.

Distribution: Advanced.

**ELED 460 - Middle Level Social Studies Methods (3 credits)**

This course is designed to prepare students to effectively teach in middle school (4th-6th grade) social studies classrooms. Students will learn how to plan, implement, and reflect on activity-based social studies lessons that are grounded in a coherent curriculum, and that meet the developmental needs of middle level (4th-6th grade) students. Students will participate in weekly field experiences in self-contained or semi-departmentalized 4th-6th grade placements.

*This course is restricted to Middle Level majors and Middle Level/Special Education majors only.*

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 244. Corequisite: ELED 470, SPED 351 | Additional Middle Level Co-Req: REED 350 | Additional Dual Major Co-Req: SPED 313 .

**ELED 470 - Middle Level Math Methods (3 credits)**

This course is designed to help students learn how to effectively teach in middle level (4th-6th grade) math classrooms. Students will learn

about a variety of activity based methods and then participate in weekly field experiences in self-contained or semi-departmentalized 4th-6th grade placements.

*This course is restricted to Middle Level majors and Middle Level/Special Education majors only.*

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 244. Corequisite: ELED 460, SPED 351 | Additional Middle Level Co-Req: REED 350 | Additional Dual Major Co-Req: SPED 313 .

**ELED 485 - IS: (3 credits)**

This course consists of directed research and study on an individual basis.

Distribution: Advanced.

**ELED 489 - Organization and Administration of Early Childhood Programs (3 credits)**

This course consists of directed research and study on an individual basis.

**ELED 494 - Planning For Change (3 credits)**

This course consists of directed research and study on an individual basis.

Distribution: Advanced.

**ELED 497 - Student Professional Program I (12 credits)**

Designed as another route to teacher certification, the program offers a full year of field experience in elementary and middle schools. Student professionals in the program are assigned to schools as full-time interns and in addition participate in group seminars, field trips, and a program of various assignments planned in cooperation with the program coordinator.

Distribution: Advanced.

**ELED 498 - Student Professional Program II (13 credits)**

Designed as another route to teacher certification, the program offers a full year of field experience in elementary and middle schools. Student professionals in the program are assigned to schools as full-time interns and in addition participate in group seminars, field trips, and a program of various assignments planned in cooperation with the program coordinator.

Distribution: Advanced.

## English

### College of Arts and Sciences

#### ***The Faculty of Arts and Letters***

Stroud Hall, Room 309  
570-422-3398

[www.esu.edu/engl](http://www.esu.edu/engl)

#### **About the Program**

An English degree is one of the most flexible and useful degrees students can earn. English majors prepare themselves for a wide variety of careers. They become teachers and administrators, writers and editors, and directors of corporate communications and public relations programs.

Once English majors complete their undergraduate degrees at ESU, they can earn advanced degrees in English, journalism, and communication. Their training also makes them excellent candidates for law schools and MBA programs.

### About the Degrees

English majors select from four tracks and dozens of courses:

The **Bachelor of Arts** program offers two tracks:

- The **Written Expression and Literary Track** gives students a solid grounding in the most important literary genres, movements, and writers. It also develops their skills in writing literary criticism as well as fiction, poetry, and/or creative non-fiction.
- The **Professional and Digital Media Writing Track** develops composition and editing skills in journalism, technical writing, writing for the Web, advertising and public relations, and multimedia writing.

The **Bachelor of Science** program offers two tracks:

- The **Secondary Education-English Track** is offered to those who intend to teach. Literature and classroom methodology are studied so students can become effective and certified middle and high school teachers.
- The **Secondary Education/SPED Track** adds seven Special Education courses to the B.S. degree in Secondary Education - English.

### Are you interested in...

- Reading
- Writing or Editing
- Teaching

### Choose English at ESU for...

- Small advanced class sizes
- Practical field experiences
- Qualified, experienced faculty

### Is English a career path for me?

#### Career Potential

- Teaching
- Public relations
- Writing/editing
- Advertising
- Any other field where writing matters-- which is just about all of them!

#### Career Settings-- Just a Few!

- Education
- Corporations
- Media outlets
- Internet

More detailed career information is available from the department.

### Prerequisites for Literature Courses

- The last two digits of the course number indicate the classification of 100-300 level English courses, i.e.: writing 00-29, linguistics 30-49, literature 50-99.
- Lower Division: Enrollment in literature courses numbered 100 to 299 requires concurrent enrollment in or completion of ENGL 103 English Composition.
- Upper Division: Literature courses numbered 300 to 499 require the completion of ENGL 103 or 104 and on ENGL literature course.

## English B.A. - Concentration: Written Expression and Literary Arts

### PROGRAM FEATURES

39 credits

#### Co-requisites:

Six semester hours in a modern language (not in translation).

American Sign Language is permitted.

**Accelerated Pathway from B.A. in English to M.A. in Professional and Digital Media Writing**

**Accelerated Pathway:** English students may complete an accelerated pathway through the Bachelor of Arts (BA) in English to Master of Arts

(MA) in Professional and Digital Media Writing. This accelerated pathway allows qualified undergraduate students to take up to six (6) graduate credits of coursework that will apply to both the undergraduate and graduate degrees.

To qualify for the English accelerated pathway a student must be in good standing and have earned ninety (90) undergraduate credits or more and have a GPA of 3.50 within the major. Students will need to obtain the approval of the English Department Chair and the graduate program coordinator to participate in the accelerated pathway.

Students in the accelerated pathway can take no more than three (3) graduate credits per semester and may choose from among the following four courses: ENGL 501, ENGL 510, ENGL 514, and ENGL 520. The English department chair and coordinator of the graduate program will determine how the selected courses fit into the student's concentration requirements.

**Additional Requirement:** A student must have obtained a grade of "B" or higher in the graduate course in order for it to count towards the graduate degree program, while a grade of "C" or higher is necessary in order for it to count towards the undergraduate degree program.

Permission to take graduate courses does not guarantee admission into the graduate program, and students in the accelerated pathway still must apply to the graduate program.

## English B.S. - Concentration: Secondary Education

### PROGRAM FEATURES

79 credits

#### Required courses:

ENGL 163	GN: The Study of Literature	3
ENGL 208	Writing About Young Adult Literature	3
ENGL 231	English Grammar	3
ENGL 260	GN: British Literature I	3
ENGL 264	GN: American Literature I	3
ENGL 261	GN: British Literature II	3
OR		
ENGL 265	GN: American Literature II	3
ENGL 332	Linguistics	3
OR		
ENGL 334	History of the English Language	3
ENGL 360	Themes in World Literature	3
ENGL 390	Shakespeare	3
ENGL 412/PSED 412	Teaching Writing in Secondary and Middle Schools	3

OR

ENGL 512 Teaching Writing in the Secondary and Middle Schools 3

ENGL 499 Student Teaching Internship 1

#### One of the following (3 credits):

## English Faculty

### Professors:

William Broun (wbroun@esu.edu)

Sandra Eckard (seckard@esu.edu)

Jeffrey Hotz (jhotz@esu.edu)

Leigh Smith, Chair (lsmith@esu.edu)

Nancy VanArsdale, (npva@esu.edu)

### Associate Professors:

Laura Kieselbach (lkieselbac@esu.edu)

Cynthia Leenerts (cleenerts@esu.edu)

Richard Madigan (rmadigan@esu.edu)

Jan Selving (jselving@esu.edu)

Holly Wells (hwells1@esu.edu)

Artress B. White (awhite43@esu.edu)

### Assistant Professors:

Erica Dymond (edymond@esu.edu)

Jasmine Villa (jvilla@esu.edu)

## ENGL - English Courses

### ENGL 091 - Composition Skills for Foreign Students (3 credits)

This course, a special section of ENGL 090, offers international students the opportunity to improve their writing, reading, listening, and speaking skills (in that order).

### ENGL 100 - Writing (3 credits)

This course, a special section of ENGL 090, offers international students the opportunity to improve their writing, reading, listening, and speaking skills (in that order).

### ENGL 101 - Elements of Writing (3 credits)

This course offers an introduction to core skills in academic writing. Students will gain expertise in sentence construction, paragraph structure, the development of evidence and support, and the effective use of patterns of organization. Through textual analysis, students will recognize how sentences, paragraphs, and essays are arranged to achieve clear written communication. Students will compose short and medium-length essays that address a variety of tasks in academic settings.

### ENGL 103 - English Composition (3 credits)

This course entails the comprehensive study and practice of university-level expository writing. Students gain essential writing-

process skills in essay planning, drafting, revising, and editing. The course provides instruction in the use of rhetorical strategies to develop successful written arguments for different audiences. Students analyze, synthesize, interpret, and evaluate academic source material while learning proper citation techniques for attributing ownership and avoiding plagiarism according to a major documentation system.

*Students must receive a minimum grade of "C" to fulfill the English Composition requirement.*

### ENGL 104 - English Composition for Education Majors (3 credits)

This course will provide students with experience in the form styles of academic writing and research. They will be introduced to reading, strategies that permit access to a wide range of print and non-print texts, such as video, internet and print media that address America's most pressing social concerns and learn to analyze them critically. Through oral presentations, collaborative writing exercises, and formal research projects, students will gain experience in utilizing these media in the classroom. This work will meet several PDE (PA Department of Education) competencies including editing skills, grammar and punctuation rules, reading and writing an array of essays, multiple word meanings, and interpreting information in various forms.

*This course is specifically designed for students preparing for a Bachelor's degree in Education.*

### ENGL 162 - GN: Introduction to Literary Analysis and Interpretation (3 credits)

Designed to acquaint the student with the basic skills of literary interpretation, this course includes readings in selected works of literature and examines such topics as explication and analysis of literary genres, plot, character, foreshadowing, atmosphere, symbolism, and imagery.

Requisite course ENGL 103: English Composition (p. 208) or ENGL 104: English Composition for Secondary Education (p. 208) majors may be taken as pre-requisites or concurrently as corequisites.

Distribution: GN: Group A - English Language & Literature (AEL) | Communication (C) | GE: Humanities - English (HUEN). Prerequisite: ENGL 103 or ENGL 104.

### ENGL 163 - GN: The Study of Literature (3 credits)

Students will study fiction, poetry and drama from around the world and write a number of critical papers. Students will also conduct critical research and will demonstrate familiarity with a wide variety of critical approaches.

Requisite course ENGL 103: English Composition (p. 208) or ENGL 104: English Composition for Secondary Education (p. 208) majors may be taken as pre-requisites or concurrently as corequisites.

Distribution: GN: Group A - English Language & Literature (AEL) | Communication (C) | Global Diversity and Citizenship (G) | Information Literacy and Technology (I). Prerequisite: ENGL103 or ENGL 104.

### ENGL 173 - GN: Literature of War (3 credits)

This is a course of guided readings from classical to contemporary authors about the war experience.

Requisite course ENGL 103: English Composition (p. 208) or ENGL 104: English Composition for Secondary Education (p. 208) majors may be taken as pre-requisites or concurrently as corequisites.

Distribution: GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: ENGL103 or ENGL 104.

### **ENGL 174 - GN: Literature and Religion (3 credits)**

This course introduces students to the critical analysis of literary texts that focus on religious themes, traditions, and questions.

Requisite course ENGL 103: English Composition (p. 208) or ENGL 104: English Composition for Secondary Education (p. 208) majors may be taken as pre-requisites or concurrently as corequisites.

Distribution: GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: ENGL 103 or ENGL 104.

### **ENGL 175 - GN: Biblical Literature (3 credits)**

This course covers readings from the Old and New Testaments and from the Apocrypha, as well as from parallel texts such as creation and flood narratives from other religions. Students will also consider historical and cultural contexts.

Requisite course ENGL 103: English Composition (p. 208) or ENGL 104: English Composition for Secondary Education (p. 208) majors may be taken as pre-requisites or concurrently as corequisites.

Distribution: GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: ENGL 103 or ENGL 104.

### **ENGL 177 - GN: Environmental Literature (3 credits)**

This introductory course focuses on how environment and setting functions in literature. Texts have been selected where environmental issues are central to the theme. Students will read all course texts and write about them in journal entries, formal papers, and final exams.

Requisite course ENGL 103: English Composition (p. 208) or ENGL 104: English Composition for Secondary Education (p. 208) majors may be taken as pre-requisites or concurrently as corequisites.

Distribution: GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: ENGL 103 or ENGL 104.

### **ENGL 178 - GN: Horror And Fantasy (3 credits)**

This introductory literature course explores the genres of horror and fantasy. Students will read classic and contemporary texts in these genres and become familiar with literary terms and conventions such as narrators, settings, characterization, and figurative language. Students will explore the creative strategies and characteristics that make these genres unique through assigned reading, class discussion, paper assignments, and collaborative activities.

Requisite course ENGL 103: English Composition or ENGL 104: English Composition for Secondary Education majors may be taken as pre-requisites or concurrently as corequisites.

Distribution: GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: ENGL103 or ENGL 104; may be taken concurrently.

### **ENGL 180 - GN: Literature and Science (3 credits)**

This course will explore the dynamic intersections of physical, earth, and forensic sciences with examples of fiction, nonfiction, poetry, and song: the ideas and practices, from genetic engineering to medicine to "survival of the fittest" to crime detection, of various scientific fields (biology, forensic science, nuclear science, physics, etc.) as they are represented or misrepresented in creative works of literatures, as well as literature's profound effects on science.

Requisite course ENGL 103: English Composition or ENGL 104: English Composition for Secondary Education majors may be taken as pre-requisites or concurrently as corequisites.

Distribution: GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: ENGL 103 or ENGL 104 .

### **ENGL 182 - GN: Literature of Sport and Games (3 credits)**

This course introduces students to significant works of fiction and non-fiction concerning sport and games.

Requisite course ENGL 103: English Composition or ENGL 104: English Composition for Secondary Education majors may be taken as pre-requisites or concurrently as corequisites.

Distribution: GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: ENGL 103 or ENGL 104.

### **ENGL 183 - GN: WS: Women In Literature (3 credits)**

This course introduces students to the literature of established women authors from a range of racial, ethnic, and socio-political backgrounds. Through reading and writing assignments, as well as class discussion, students will explore literature that deals with issues such as body image, family, empowerment, violence, gender roles, identity, and cultural attitudes through a woman's point of view.

Requisite course ENGL 103: English Composition or ENGL 104: English Composition for Secondary Education majors may be taken as pre-requisites or concurrently as corequisites.

Distribution: GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C) | Global Diversity and Citizenship (G). Prerequisite: ENGL 103 or ENGL 104.

### **ENGL 188 - GN: Mystery Fiction (3 credits)**

This course will examine the history and development of the mystery fiction genre through selected example texts.

Requisite course ENGL 103: English Composition or ENGL 104: English Composition for Secondary Education majors may be taken as pre-requisites or concurrently as corequisites.

Distribution: GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: ENGL 103 or ENGL 104.

### **ENGL 190 - GN: Multicultural American Literature (3 credits)**

Students will analyze, interpret and write about the multiplicity of ethnic experiences that make up American cultural experiences. This work can address a variety of cultural groups and experiences not

limited to African-American, Latino/a, European-American, or Asian-American.

Requisite course ENGL 103: English Composition or ENGL 104: English Composition for Secondary Education majors may be taken as pre-requisites or concurrently as corequisites.

Distribution: GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C) | Global Diversity and Citizenship (G). Prerequisite: ENGL 103 or ENGL 104.

**ENGL 192 - GN: Native American Literature (3 credits)**

Students will learn to analyze, interpret and write about works produced by native North American authors. The course will consider works from the historical period that begins with the U.S. Republic and continues to the present. It will include both original works and works in translation.

Requisite course ENGL 103: English Composition or ENGL 104: English Composition for Secondary Education majors may be taken as pre-requisites or concurrently as corequisites.

Distribution: GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C) | Global Diversity/Citizenship (G) . Prerequisite: ENGL 103 or ENGL 104.

**ENGL 194 - GN: African American Literature (3 credits)**

Students will read and write about the cultural and artistic forces that gave birth and shape to what has come to be called African American Literature. From the slave narratives and folktales of the 18th and 19th centuries to contemporary fiction and drama, these works make up a body of literature that is defined through race even as it transcends it.

Requisite course ENGL 103: English Composition or ENGL 104: English Composition for Secondary Education majors may be taken as pre-requisites or concurrently as corequisites.

Distribution: GN: Group A - English Language & Literature (AEL) | Communication (C) | Global Diversity/Citizenship (G). Prerequisite: ENGL 103 or ENGL 104.

**ENGL 196 - Italian American Literature (3 credits)**

Students will read and discuss texts relating to Italian American history, literature, and culture. Students will analyze the media stereotypes adhering to Italian Americans and seek to develop an understanding of their positive contribution to American life.

Requisite course ENGL 103: English Composition may be taken as pre-requisites or concurrently as corequisites.

Distribution: GE: Humanities - English (HUEN). Prerequisite: ENGL 103.

**ENGL 203 - GN: Advanced Composition (3 credits)**

This course is designed to give students further practice in expository writing to improve their skills. Students will explore a topic through short and long reading and writing assignments in a workshop environment. At least one course project will be a substantial academic research paper.

Distribution: GN: Group A - English Language & Literature (AEL) | Level II Writing (W2) | Communication (C) | Info. Literacy and Technology (I). Prerequisite: ENGL 103 or ENGL 104.

**ENGL 204 - Technical Writing (3 credits)**

This course acquaints students with the skills necessary for professional writing in such fields as engineering and the sciences. Students will write proposals, operations manuals, and a variety of technical reports.

Distribution: Level II Writing (W2) . Prerequisite: ENGL 103 or ENGL 104.

**ENGL 205 - Workplace Writing (3 credits)**

This course presents the skills necessary for writing in workplace contexts such as businesses and non-profit organizations. Students will write and present a wide range of workplace texts, including resumes, application letters, proposals, reports, e-mails, memos, and letters.

Distribution: Level II Writing (W2) . Prerequisite: ENGL 103 or ENGL 104.

**ENGL 208 - Writing About Young Adult Literature (3 credits)**

The primary focus of this course is critical reading and writing in relation to young adult literature. Students will read a wide variety of genres and write in a variety of modes (expressive, analytical, expository). The course will strengthen students' writing skills for various purposes and audiences, and raise awareness about the literary and interdisciplinary merits of young adult literature and its relevance in terms of the lives of young adults and the culture within which they live.

Distribution: Level II Writing (W2). Prerequisite: ENGL103 or ENGL 104.

**ENGL 215 - News Reporting and Writing (3 credits)**

This course is an introduction to print journalism, including practice in all activities relevant to daily newspaper work. Assignments will emphasize the techniques of reporting, interviewing, copy-editing, fact checking, proofreading, and editorial and feature writing. There will be some discussion of layout and typography as well.

Distribution: Advanced (ADVD) | Level II Writing (W2). Prerequisite: (ENGL 103 or ENGL 104) and (1) additional ENGL course .

**ENGL 218 - Sports Writing (3 credits)**

The course will deal with the techniques of daily reporting and feature writing about sports events, personalities, and issues. Emphasis will be given to newspaper and magazine writing, with some photojournalism required. Students will take their manuscript copy through the editing process to the printed page.

Distribution: Advanced (ADVD) | Level II Writing (W2). Prerequisite: (ENGL 103 or ENGL 104) and ENGL 215.

**ENGL 220 - Script Writing (3 credits)**

This course will introduce the craft of script writing and provide an opportunity to apply the techniques to film, television, and theatre. Students will prepare short scripts and a major work, ranging from a scenario, to a television play, to a one-act play.

Distribution: Advanced (ADVD) | Level II Writing (W2). Prerequisite: (ENGL 103 or ENGL 104), and (1) ENGL literature course.

**ENGL 224 - Writing Children's Fiction (3 credits)**

This writing workshop will focus on all aspects of writing for children and young adults. This is an introductory level course aimed specifically at writing short and full length children's books.

Distribution: Advanced (ADVD) | Level II Writing (W2). Prerequisite: (ENGL 103 or ENGL 104), and (1) ENGL literature course.

**ENGL 225 - GN: Introduction to Creative Writing (3 credits)**

This course is a workshop in writing poetry, fiction, and drama. It is designed to introduce students to the mechanics of each genre and to the workshop format.

Distribution: Advanced (ADVD) | GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Artistic Expression (A) | Communication (C) | Level II Writing (W2). Prerequisite: (ENGL 103 or ENGL 104), and (1) ENGL literature .

**ENGL 231 - English Grammar (3 credits)**

This course is required for those seeking certification in Secondary Education: English and consists of a review of the basic precepts of traditional grammar and an introduction to new grammars.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) additional ENGL course .

**ENGL 260 - GN: British Literature I (3 credits)**

This course is an introductory survey of British literature to 1800 designed to acquaint the student with major literary figures, works and trends.

Distribution: Advanced (ADVD) | GN: Group A - English Language & Literature (AEL) | Communication (C) . Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course. Offered: Fall Semester.

**ENGL 261 - GN: British Literature II (3 credits)**

This course is an introductory survey of British literature from 1800 to the present, designed to acquaint the student with major literary figures, works, and trends.

Distribution: Advanced (ADVD) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course. Offered: Spring Semester.

**ENGL 264 - GN: American Literature I (3 credits)**

This course is an introductory survey of American literature to the Civil War, designed to acquaint the student with major literary figures, works and trends.

Distribution: Advanced (ADVD) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course. Offered: Fall Semester.

**ENGL 265 - GN: American Literature II (3 credits)**

This course is an introductory survey of American literature from the Civil War to the present, designed to acquaint the student with major literary figures, works, and trends.

Distribution: Advanced (ADVD) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course. Offered: Spring Semester.

**ENGL 272 - GN: World Literature I (3 credits)**

This survey course introduces students to literature and literary traditions of selected countries and cultures from ancient and classical periods through the Renaissance.

Distribution: GE: Humanities - English | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 273 - GN: World Literature II (3 credits)**

The readings in this survey course cover literature and literary traditions of selected countries and cultures from the Renaissance through to the present. Students can select this course without taking ENGL 272: World Literature I. (p. 211)

Distribution: Advanced (ADVD) | GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 274 - Diversity in Literature (3 credits)**

The objective of this course is to provide an understanding and appreciation of historically underrepresented groups via the lens of literature. In addition to examining traditional issues of race, religion, gender, and sexual orientation, this class will also address current issues of gender identification, socio-economic identification, physical/intellectual exceptionalities, and body image. As a benefit to education majors, this course will address several PDE competencies that include, but are not limited to, tracing cause and effect relationship, identifying the main purpose of a passage, analyzing two different but related passages, and understanding explicit and implicit meaning of text.

Distribution: GN: Group A - English Language & Literature (AEL) | Level II Writing (W2) | Communication (C) | Info. Literacy and Technology (I) . Prerequisite: ENGL 103 or ENGL 104.

**ENGL 275 - GN: Comedy (3 credits)**

These courses emphasize the characteristics and techniques differentiating the literary genres. Attention is also given to the historical development of the genre. The courses are offered as interest permits.

Distribution: Advanced (ADVD) | GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: (ENGL 103 or ENGL 104) and (ENGL 162 or ENGL 163).

**ENGL 276 - The Epic (3 credits)**

Students will be introduced to the literary epic and to concepts used in analysis of this genre. Students will read, discuss and write about various epics from around the world and gain an understanding of their cultural functions, historical contexts, defining qualities and enduring appeal.

Distribution: Advanced (ADVD) | GE: Humanities - English (HUEN). Prerequisite: (ENGL 103 or ENGL 104) and (ENGL 162 or ENGL 163).

**ENGL 277 - GN: The Lyric (3 credits)**

These courses emphasize the characteristics and techniques differentiating the literary genres. Attention is also given to the historical development of the genre. The courses are offered as interest permits.

Distribution: GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C) | Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (ENGL 162 or ENGL 163).

**ENGL 279 - GN: The Romance (3 credits)**

This course gives students a broad understanding of the Romance genre, which flowered in the Middle Ages along with the knighthood it celebrates. Students will read, discuss, and write about romances

from several different countries and gain an understanding of their cultural functions, defining qualities and enduring appeal.

Distribution: GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C) | Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (ENGL 162 or ENGL 163).

**ENGL 280 - GN: Satire And Irony (3 credits)**

This course addresses the study of satire and irony and their origin and evolution from the classical period to the present. Students will learn characteristics of the many varieties of texts using satire and irony, including visual texts, film, and television. They will also learn rhetorical techniques used by satirists and ironists, social and psychological uses of satire and irony to impact audiences, and approaches to analyzing, presenting, and writing about satiric and ironic texts.

Distribution: Advanced (ADVD) | GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: (ENGL 103 or ENGL 104) and (ENGL 162 or ENGL 163).

**ENGL 282 - GN: Drama (3 credits)**

Students will read, discuss, and write about dramatic texts from Classical, British, European, and American playwrights and gain an understanding of their cultural functions, historical contexts, defining qualities and enduring appeal.

Distribution: Advanced (ADVD) | GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: (ENGL 103 or ENGL 104) and (ENGL 162 or ENGL 163).

**ENGL 284 - GN: Short Story (3 credits)**

This course emphasizes the characteristics of the short story format. Attention is also given to the historical development of the genre as well as strategies for analyzing the texts. This course will increase students' appreciation and enjoyment of literature and sharpen their analytical, speaking, and writing skills.

Requisite course ENGL 103: English Composition or ENGL 104: English Composition for Secondary Education majors may be taken as prerequisites or concurrently as corequisites.

Distribution: Advanced (ADVD) | GE: Humanities - English (HUEN) | GN: Group A - English Language & Literature (AEL) | Communication (C). Prerequisite: ENGL 103 or ENGL 104.

**ENGL 290 - Special Topics: (Semester hours arranged)**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**ENGL 302 - Creative Writing: Fiction (3 credits)**

This course is a workshop in the writing of prose fiction, with emphasis on the techniques of the short story. Supplementary readings may be assigned by the instructor.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 303 - Creative Writing: Poetry (3 credits)**

This course is a workshop in the writing of poetry. Students are expected to achieve competence in a variety of forms. Supplementary readings may be assigned by the instructor.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: (ENGL 103 or ENGL 104) and ENGL 225 and (1) ENGL literature course.

**ENGL 304 - Professional Writing: Advanced Technical, Administrative, and Grant Writing (3 credits)**

This advanced professional writing course focuses on theories and applications of technical, administrative, and grant writing in print and electronic media. Students will explore mainstream, practical approaches to technical communication, business reports, and grant proposals and will create their own professional documents. The class prepares students to work in fields such as biomedical writing, grant development, and software documentation.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: ENGL 103 and (ENGL 203 or ENGL 204 or ENGL 205 or ENGL 215).

**ENGL 305 - Professional Writing: Public Relations (3 credits)**

This course is a workshop in the writing forms and styles, from basic press releases to multi-media public relations campaigns, used by communications professionals; students will also explore topics in media relations, business ethics, and non-profit/corporate public relations case studies.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: ENGL 103 and (ENGL 203 or ENGL 204 or ENGL 205 or ENGL 215).

**ENGL 306 - Professional Writing: Advertising (3 credits)**

The course is a workshop in advertising copywriting. Students will examine current advertisements and learn to write print ad copy and broadcast scripts. They will explore the relationship between copy and images and will consider some of the ethical challenges, which can face a copywriter.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: ENGL 103 and (ENGL 203 or ENGL 204 or ENGL 205 or ENGL 215).

**ENGL 307 - Professional Writing: Website Writing and Design (3 credits)**

This course is a workshop in writing for the Internet where students will learn how to plan, write, design, evaluate, and test web pages and sites.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: (ENGL 103 or ENGL 104) and (ENGL 203 or ENGL 204 or ENGL 205 or ENGL 215).

**ENGL 308 - Professional Writing: Creative Campaigns in Public Service (3 credits)**

This advanced professional writing course offers a service learning experience for English majors on the Professional Writing track, Writing track, and other minors/majors. Utilizing techniques in public relations and advertising, student teams will research, plan, and create a comprehensive messaging campaign to benefit a campus or community client, a cause or non-profit organization.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: (ENGL 103 or ENGL 104) and (ENGL 203 or ENGL 204 or ENGL 205 or ENGL 215). Corequisite: ENGL 305 or ENGL 306.

**ENGL 309 - Professional Writing for Social Media (3 credits)**

This writing workshop-style course focuses on specialized compositional skills used in online social media writing within corporate, governmental, and non-profit contexts, with an emphasis on social media writing strategies in marketing and public relations. A secondary focus will be on emerging ethical and practical dilemmas and opportunities posed and multiplied by social media, as well the history of social media.

Distribution: Level III Writing (W3) | Advanced. Prerequisite: ENGL 103/ ENGL 104, CMST 111, CMST 126, ENGL 203, ENGL 204, ENGL 205, OR ENGL 215.

**ENGL 315 - Multimedia Journalism (3 credits)**

This intensive skills course will introduce professional writing majors and qualified undergraduates to the practices of newswriting, editing, and reporting for today's converged media landscape. Fundamental to the instruction will be learning to manage effective multimedia news coverage and gaining practice in writing, assigning, and adapting stories for different media types.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: (ENGL 103 or ENGL 104) and (ENGL 215 or CMST 229 or Applied journalism course).

**ENGL 316 - Professional Writing: Magazine Journalism (3 credits)**

This advanced course focuses on all aspects of magazine journalism. Students will analyze a variety of current consumer and trade magazines. They will research and write articles suitable for broad-based and special-interest publications and discuss layout and editing techniques.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: (ENGL 103 or ENGL 104) and ENGL 215.

**ENGL 317 - Reviewing the Arts (3 credits)**

The course stresses journalistic coverage of all the major art forms: literature, drama, film, plastic arts, music, dance, and television. Students will learn to write intelligent, informative reviews for the popular media; they will also do one or two feature articles or interviews about individual artists or current artistic trends.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: (ENGL 103 or ENGL 104) and ENGL 215.

**ENGL 319 - Writing Creative Non-Fiction (3 credits)**

This course explores the techniques and history of the New Journalism as practiced by Tom Wolfe, Annie Dillard, and others. Students will read and write nonfiction that makes use of on-site reporting, in-depth interviews, and literary feature writing style.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: ENGL 103 or ENGL 104; any English Department literature, creative writing, or journalism class.

**ENGL 320 - Electronic Creative Writing (3 credits)**

This advanced class entails the study and practice of creative writing in online environments. Students will read, study, and create multimodal forms of poems, stories, creative non-fiction, or other imaginative art forms that thoughtfully employ online text, hypertext, graphics, audio, and/or video. A critical history, global context, and ethics of electronic creative writing will also be presented.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: (ENGL 103 or ENGL 104) and any (ENGL Literature course or ENGL Creative Writing course).

**ENGL 332 - Linguistics (3 credits)**

This course is an introductory study of human language theory. Given evidence from various languages, students will formulate explicit generalizations, which will give them insight into linguistic theory. Investigation will then turn to social variations within languages, changes that occur in languages over time, the use of language to communicate, and language acquisition.

Recommended Pre-Requisite: ENGL 231: English Grammar (p. 211)

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (ENGL 231 or (1) additional ENGL course).

**ENGL 334 - History of the English Language (3 credits)**

This course is designed to introduce students to the major theories about the origins, the social and historical contexts, and the development of English as a distinct language. It is an introductory study of selected topics in English semantics, phonology, morphology, and syntax from the pre-history of English to the present.

Recommended Pre-Requisite: ENGL 231, English Grammar (p. 211)

Distribution: Advanced. Prerequisite: (ENGL 103 or ENGL 104) and (ENGL 231 or (1) additional ENGL course).

**ENGL 340 - Studies in Writing Tutoring Practices (3 credits)**

This course will provide students with academic coursework in tutoring pedagogy and composition theory, as well as hands-on experience working with other student writers in individual and small group tutoring. Students will attend workshops, complete weekly assignments, participate in observations, and compose a semester project that demonstrates their knowledge of peer tutoring in writing.

Registration Restriction: Must complete interview with course instructor prior to enrolling.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL writing course.

**ENGL 356 - American Poetry (3 credits)**

This course is a study of important individual poets and poetic movements in the history of American poetry. Selections range from Puritan to contemporary poetry.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 357 - American Novel (3 credits)**

This course is a study of representative examples of the American novel and its themes and forms from the early nineteenth century to the present.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 358 - The British Novel (3 credits)**

The British Novel is a survey of the development of the novel in Britain. It focuses on the "great tradition" of British novelists and also includes novels by other masters of the form.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 360 - Themes in World Literature (3 credits)**

Students will practice the necessary skills to respond and understand literary texts that come from cultures outside the British and American traditions. Students will read a wide range of texts from various world cultures in English translation. The cultural context, history, social contexts, and literary traditions will be explored along with the unique problems of working with texts in translation.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 374 - Literary Criticism and Theory (3 credits)**

This course is a survey of the various approaches to the discussion of literature from Classical times to the present.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 377 - Medieval European Literature (3 credits)**

This course offers intensive study of literature of the Middle Ages, including the medieval epic, romance, and other influential genres of European literature from the 5th to the 15th century.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 378 - Old and Middle English Literature (3 credits)**

This course gives students a detailed introduction to the major authors and works of early England, from the Anglo-Saxon period through the end of the Middle Ages.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 379 - British Literature of the Renaissance (3 credits)**

This course offers intensive study of British Renaissance literature, focusing largely on major authors and works of the 16th century. It also examines historical and cultural contexts of these works.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 380 - Seventeenth Century British Literature (3 credits)**

This course explores the major authors and works of 17th-century England by focusing on poetry, essays, and drama, it also examines historical and cultural contexts of these works.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 381 - Eighteenth Century British Literature (3 credits)**

This course explores the various literary genres of the 18th century, often referred to as the Age of Reason or the Enlightenment. Students will consider the political, social, economic, and cultural context in which these works were written.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 382 - British Romanticism (3 credits)**

This course focuses on British literature of the late eighteenth and early nineteenth centuries, one of the most revolutionary literary and cultural movements.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 383 - Victorian Literature (3 credits)**

This course covers the literature of Great Britain in the Victorian era (1830-1901). It focuses on literary responses to industrialization and urbanization; the rising middle class; notions of empire; the "woman question"; social reform movements; religious doubts and affirmations; and other cultural phenomena.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 384 - Modern British Literature (3 credits)**

This course explores British literature produced in the first third of the twentieth century, the period during which Modernism developed.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 385 - American Romanticism (3 credits)**

This course focuses on the great works of the mid-nineteenth century, the high point of American Romanticism. Students will explore the literature and its contexts, as well as literary interpretation and criticism.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 386 - American Realism (3 credits)**

This course focuses on works of the American Realism movement, which flourished from the mid-nineteenth century into the early twentieth century. Students will explore examples of the literature and its contexts, as well as literary interpretation and criticism.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 387 - Modern American Literature (3 credits)**

This class is a broad survey of some of the major writers and texts of the Modernist period in American literature, which began roughly around 1914 and extended in some instances as far as 1965.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 388 - Contemporary Literature (3 credits)**

These courses are intensive studies of the dominant literary spirit as reflected in both major and minor writers of particular eras in the American and British tradition.

Distribution: Level III Writing (W3) | Advanced.

**ENGL 389 - Postcolonial Literature (3 credits)**

This course is a study of works by English-speaking writers from Asia, the Middle East, Africa, the Caribbean, Australia, and New Zealand, as well as English-speaking diasporic writers residing in the UK, the US, and Canada.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 390 - Shakespeare (3 credits)**

This course offers intensive study of Shakespeare's plays and the social and political milieu of the Elizabethan period.

Distribution: Level III Writing (W3) | Advanced. Prerequisite: ENGL162.

**ENGL 391 - Geoffrey Chaucer (3 credits)**

This course offers intensive study of the poetry of Geoffrey Chaucer and the social and political milieu of Chaucer's England.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 392 - John Milton (3 credits)**

This course will consider Milton's major works within the literary, religious, political and social cross-currents of the 17th Century.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 393 - Major Writers (3 credits)**

This course will offer intensive study of a writer about whom a significant body of critical texts exists. A study of at least one writer chosen by the department will be offered each year and students may repeat this course for credit so long as the course focus is a different writer.

*Students may not improve a grade by retaking the course when a different major writer is studied.*

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 395 - The Graphic Novel (3 credits)**

This course is a study of the graphic-novel genre, covering its literary and artistic aspects. Students read a wide variety of literary graphic novels, write analytical essays, and learn theory and practice of sequential-art narratives.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (1) ENGL literature course.

**ENGL 412 - Teaching Writing in Secondary and Middle Schools (3 credits)**

This course will briefly survey the history of the teaching of writing in American secondary and middle schools, intensively review writing proves theory and research of the past two decades, and critically consider the implications of writing process theory and research for classroom practice.

Distribution: Advanced (ADVD). Prerequisite: Junior Status (90+ Credits), Completion of English Electronic Portfolio or Instructor Permission. Crosslisted as: PSED 412.

**ENGL 415 - Computers and Writing (3 credits)**

In this course, students will explore the issues surrounding electronic writing technologies and will analyze the implications of these technologies for society and the written word. Students will explore how these new forms of writing have changed traditional notions of composition through a variety of reading and class discussion. They will also experience the influence of these technologies and further explore these theories in a series of electronic and traditional writing projects.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (ENGL 203 or ENGL 204 or ENGL 205).

**ENGL 437 - Freelance Writing (3 credits)**

This course focuses on freelance writing as a career, with topics such as how to determine a specialty, how to come up with topics, where

to find freelance jobs, how to bid on jobs, how to file taxes, how to market oneself, and how to keep inspiration coming.

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and (ENGL 203 or ENGL 204 or ENGL 205 or ENGL 215). Crosslisted as: ENGL 537.

**ENGL 466 - Teaching Multicultural Literature (3 credits)**

The English/Education major will utilize a seminar setting to focus on a detailed consideration of current multicultural subject matter, theory, and strategy that may be effective in the multicultural classroom.

Distribution: Advanced. Prerequisite: ENGL162 OR ENGL163.

**ENGL 467 - Literature and Film (3 credits)**

This course is designed to enhance critical analysis of popular classical texts. This course will examine specific literature and the film versions of these texts throughout the years. Students will extend their knowledge of the literature by examining how the essence of the text transfers to various film versions of the original literature. Students will produce personal, comparative, and research-based writings in this course.

Distribution: Advanced (ADVD). Prerequisite: ENGL 162 or ENGL 163 or Instructor Permission. Crosslisted as: ENGL 567.

**ENGL 485 - IS: (1 - 3 credits)**

Directed research and study on an individual basis. Open to advanced students (90 credits) on a limited basis upon approval of the department or the instructor and after the completion of twelve semester hours in the subject. Independent studies cannot be given in areas in which courses are being taught. A student entering upon independent study must complete a minimum of five (5) hours of individual conference time with the sponsoring professor for each credit undertaken. The student must demonstrate competencies appropriate to the level of the course. The standards shall include performance in the subject, explication of that work by written or oral reports, and evidence of willingness to meet the commitments of the discipline.

Distribution: Advanced.

**ENGL 486 - Internship in Written Expression (Semester Hours Arranged)**

This is an opportunity for a limited number of advanced students to develop their skills by applying them in a professional situation and thus receive both an apprenticeship experience and college credit.

*This course may be repeated for additional credit.*

Distribution: Advanced (ADVD). Prerequisite: (ENGL 103 or ENGL 104) and 1 additional ENGL literature course and Instructor permission.

**ENGL 499 - Student Teaching Internship (1 credit)**

This course is designed to provide the student with an opportunity to work with a faculty member in English during the student teaching experience. The course will enhance the student's ability to understand and maximize the relationship between disciplinary subject matter and pedagogy.

Distribution: Advanced (ADVD). Corequisite: PSED 430 or PSED 431.

## Exercise Science

### College of Health Sciences

#### *The Faculty of Human Performance*

Koehler Fieldhouse

570-422-3302

[www.esu.edu/exsc](http://www.esu.edu/exsc)

#### **What is Exercise Science?**

Exercise Science is the study of muscular activity and adaptations of the human body to this activity. Several sub-disciplines are involved in Exercise Science including Exercise Physiology, Biomechanics and Sports Nutrition. In the Department of Exercise Science, undergraduate students experience these sub-disciplines within the excellent facilities at East Stroudsburg University.

#### **About the Program**

East Stroudsburg University has a distinguished history in Exercise Science. The Department of Exercise Science offers undergraduate and graduate degree programs accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) and has received endorsement by both the American College of Sports Medicine (ACSM) and the National Strength and Conditioning Association (NSCA).

The mission of the Department of Exercise Science is to provide students a vehicle within an intellectual environment that fosters their knowledge in the areas of Exercise Science. Through the Exercise Science curriculum, laboratory experiences, applied research, internships, and student-faculty interactions, Exercise Science graduates will have developed knowledge and skills essential for entry-level exercise science professionals or a continuation to a graduate level education.

#### **About the Department of Exercise Science**

The Department of Exercise Science offers programs of study leading to the Bachelor of Science in Exercise Science with a concentration in Exercise Physiology, Sport and Exercise Conditioning or Therapeutic Sciences. The Exercise Physiology concentration prepares students for more advanced studies in Exercise Science. The concentration in Sport and Exercise Conditioning prepares students for work in the health and fitness professions. The Therapeutic Sciences concentration prepares students to be competitive candidates for professional study in DPT, OT and PA.

Students accepted to the 3-Year Accelerated Track will be given the unique opportunity to complete their undergraduate degree in three calendar years. Potential benefits of our accelerated program include:

- Early entry into the workforce or graduate/professional school
- Completion of undergraduate and master's degree in four years if attending one of ESU's graduate programs in exercise science
- Reduced reliance on student loans
- Additional academic and social experiences with other accelerated students and faculty
- Reserved campus housing with other accelerated students in a Living and Learning Community

Three-Year Accelerated Program admission requirements

- High school GPA >3.0
- SAT >1050
- Math SAT >550

Graduate programs are also offered with the Master of Science in Clinical Exercise Physiology and the Master of Science in Exercise Science.

The degree programs in Exercise Science promote a multidisciplinary approach to the study of exercise science and prepare the student for careers in health and fitness-related fields in both public and private industries.

Most of our faculty hold doctoral degrees (Ph.D.) and specialize in Sport and Exercise Physiology, Biomechanics, Clinical Exercise Physiology, and/or Kinesiology. They all undertake research in their respective areas of expertise and all work closely with the students.

Many of our Exercise Science graduates pursue master's degrees in Exercise Science or Clinical Exercise Physiology.

Other graduates have even pursued and completed doctoral programs at other institutions to pursue a teaching career at a university.

#### **Are you interested in ...**

- The science behind sport and exercise performance
- Providing health care through exercise
- Pre-health care professional preparation - PT, PA, OT
- Working in the health and fitness industry
- Research in sport and health
- Sport nutrition

#### **Choose Exercise Science at ESU**

- CAAHEP nationally accredited program
- Small class sizes
- Qualified, experienced faculty
- 20+ classes with laboratory hands-on experience
- Practical internships
- Opportunity to obtain three professional certifications

#### **Is exercise science a career path for me?**

##### ***Career Potential***

- Health Fitness Specialist
- Certified Strength and Conditioning Specialist
- Pre-PT, Pre-OT, Pre-PA, Pre-M.S.
- Personal trainer
- Sport Performance Coach
- Research Assistant

##### ***Career Settings***

- Corporate health and fitness centers
- Hospital or community wellness

- (or health and fitness) centers
- Commercial health and fitness centers
- Sports medicine and rehabilitation clinics
- Physician or chiropractic fitness centers
- Nursing homes, senior citizen centers
- Teaching in high schools, colleges and universities
- Research laboratories

*More detailed career information is available from the department.*

### **Program Objectives**

1. To provide students with a vehicle within an intellectual environment that fosters their knowledge in the areas of Exercise Science.
2. To ensure that Exercise Science graduates will have developed knowledge and skills essential for entry-level exercise science professionals or a continuation to graduate level education.
3. To prepare undergraduate Exercise Science students for advanced professional certifications/licenses from professional organizations like the American College of Sports Medicine (ACSM) or the National Strength and Conditioning Association (NSCA).

In the Bachelor of Science Exercise Science program, the student covers all aspects of Exercise Science taught through classroom and laboratory experiences.

Students who enter the Exercise Science major begin their studies by taking the Exercise Science core classes.

As juniors and seniors, Exercise Science students choose a set of co-requisite courses to focus their studies in one of three concentrations:

- **Exercise Physiology**– This concentration prepares the student for more advanced studies in Exercise Science.
- **Sport and Exercise Conditioning**– This concentration prepares the student for work in the health and fitness professions.
- **Therapeutic Sciences** - This concentration prepares students for advanced professional education in physical therapy, occupational therapy, and physician assistant.

Opportunities to gain experience in a work environment exist through internships offered as part of the major in Exercise Science. In addition, students are encouraged to participate in campus organizations emphasizing practical experience.

Certification opportunities are also available from nationally recognized organizations including the American College of Sports Medicine, the American Heart Association and the National Strength and Conditioning Association.

### **National Accreditation**

The Commission on Accreditation of Allied Health Programs (CAAHEP) certifies that the Exercise Science Program at ESU meets all of the educational requirements set forth for accreditation.

The American College of Sports Medicine endorses the Exercise Professional program at ESU as matching the goals of the Health/Fitness Instructor level of certification.

The National Strength and Conditioning Association recognizes the Exercise Science program at ESU as matching the needs for professionals interested in Strength and Conditioning.

### **Internships**

Exercise Science students undertake an internship during their time at East Stroudsburg University. Students may choose from more than 150 approved internship sites that provide exceptional opportunities for the student to apply their knowledge in a professional setting.

The internships also provide an opportunity for Exercise Science students to experience the careers that are available to them when they graduate.

The undergraduate internship experience allows the student to apply the skills and knowledge accrued during their formal Exercise Science education in an environment that requires the sustained use of professional practices.

Typical internship sites chosen by Exercise Science undergraduates include:

- Velocity Sports Performance
- Professional and Collegiate Sport Teams
- Elevations Fitness Club
- St. Luke's Health Center
- Lehigh Valley Health Network

### **Exercise Facilities**

The Department of Exercise Science at ESU supports excellent physiology and biomechanics laboratories where exercise testing and evaluation take place. Undergraduate and graduate students experience these laboratories and also have the opportunity to work in the new, state-of-the-art University Recreation Center.

Most of the academic work and laboratory experiences at ESU are taught in the Human Performance, Kinesiology, Applied Exercise Physiology and Biomechanics Laboratories.

### **Laboratories**

#### ***Human Performance Laboratory***

Students experience physiological equipment for testing athletes and patients alike within the Human Performance Laboratory. It is well equipped with treadmills, cycle ergometers, blood and gas analyzers, body composition instruments, electrocardiographs, spirometers, pulse oximeters and stress test systems.

#### ***Biomechanics Laboratory***

Students experience equipment relating to the mechanics of human movement within the Biomechanics Laboratory. This laboratory contains infrared timing devices, video cameras, force-platforms, two- and three-dimensional motion analysis systems, and electromyography systems.

### **Research**

Student-led research is very important to the Department of Exercise Science at ESU. Both undergraduate and graduate students are supported by the faculty in their endeavors to produce research theses and dissertations. Many of these research projects are

presented at regional and national meetings, as well as published in peer-reviewed journals.

Information about many of the undergraduate dissertations and master's theses that have been produced by Exercise Science students is available online at [www.esu.edu/exsc](http://www.esu.edu/exsc). A list of published research and professional presentations involving members of the Exercise Science faculty follows the dissertation and theses information.

### Student Organizations

The Exercise Science Club was established for undergraduate Exercise Science majors. The purpose of the club is to expand the student's knowledge of current exercise-related topics, to enhance the awareness of future career options, and to collaborate as a group participating in activities to develop personal and social leadership skills.

The club meets every two weeks. At the meetings, upcoming events are discussed such as conferences and campus activities. Certifications relative to Exercise Science that are being offered at ESU are also discussed and members are notified of any job offerings either on campus or close by that would allow them to gain experience in the field.

Each year the Exercise Science Club will:

- Participate in the 5k run hosted by the Department of Exercise Science
- Participate and raise money for the March of Dimes
- Help with Fitness Assessment Day at the ESU Recreation Center
- Have representatives from different companies come in to discuss their careers individually
- Attend the Exercise Science Career Fair on campus
- Plan events as a club (canoeing, skiing, snow tubing, hiking, etc.)
- Attend the MARC-ACSM conference
- Host CPR certification (if required)
- Participate in the certifications for group fitness or personal training offered at the ESU Recreation Center through accredited associations.

## Exercise Science B.S. - Concentration: Applied Clinical and Movement Sciences

### Career Opportunities:

Upon successful completion, this concentration affords the student the opportunity to pursue a variety of other educational and employment opportunities within and even outside of the traditional Exercise Science curriculum.

Therefore, the Exercise Physiology concentration serves as a preparatory degree for further graduate study by providing the opportunity to complete many of the prerequisites for graduate study.

### PROGRAM FEATURES:

59 Credits

#### Required Exercise Science courses:

EXSC 100	Introduction to Exercise Science	3
EXSC 202/ATEP 202	Kinesiology - Applied Anatomy	3
EXSC 203	Kinesiology: Mechanical Analysis	3
EXSC 310	Exercise Physiology I	3
EXSC 311	Exercise Physiology II	3
EXSC 322	Strength and Conditioning Theory	3
EXSC 330	Health-Related Physical Fitness Assessment and Exercise Programming	3
EXSC 402/SMGT 402	Psychology of Sport and Exercise	3
EXSC 410	Organization and Administration of Exercise and Wellness Programs	3
EXSC 431	Analysis of Performance Skills	3

### Exercise Science B.S. - Concentration: Sport and Exercise Conditioning

**Career Opportunities:**

Upon successful completion, this concentration affords the student the opportunity to gain employment in the broad health and fitness field among the commercial or public sectors. Employment may take place in a commercial health and fitness facility, a non-profit facility (i.e., YMCA), or in a hospital-based program and/or facility.

**PROGRAM FEATURES:**

60 credits

*Required Exercise Science courses:*

EXSC 100	Introduction to Exercise Science	3
EXSC 120	Physical Conditioning	1
EXSC 122	Strength Training	1

### Nutrition Certificate

The Nutrition Certificate is an interdisciplinary program that will emphasize evidence-based nutritional guidelines for health and sport. This will provide undergraduate students the opportunity to explore nutrition as it relates to healthy populations, obesity, disordered eating, and sport performance. Undergraduate students may add this certificate at any point in their curriculum. This certificate is available to students of any major or department on campus.

Objectives of the Nutrition Certificate:

- Students will understand the fundamentals of basic nutrition and food systems.
- Students will understand the role of nutrition in health, well-being, disease prevention, and sport performance.
- Students will demonstrate the ability to research and communicate evidence-based nutrition information.
- Students will understand the importance of integrating nutritional principles into their disciplines across a variety of professions.

### PROGRAM FEATURES

14 credits

*Required Courses*

HLTH 340	Nutrition: Concepts and Controversies	3
HLTH 410	Life Cycle Nutrition	3
EXSC 447	Sports Nutrition	3
EXSC 452	Exercises and Weight Control Workshop	2
EXSC 496	Sports Nutrition Practicum	3
OR		
HLTH 450	Public Health Nutrition	3

### Sport Performance Coaching Certificate

### PROGRAM FEATURES

21 Credits

*Required courses:*

EXSC 310	Exercise Physiology I	3
EXSC 447	Sports Nutrition	3
EXSC 495	Sport Performance Coaching Practicum	3
EXSC 491	Philosophy of Performance Training and Coaching	3
EXSC 492	Principles of Performance Enhancement for Performance Coaching	3
OR		
EXSC 322	Strength and Conditioning Theory	3
EXSC 493	Therapeutic and Physiological Foundations for the Coach	3
EXSC 494	Seminar in Sport Performance Coaching	3

### Exercise Science Faculty

**Professors:**

Shala Davis, Chair ([sdavis@esu.edu](mailto:sdavis@esu.edu))

Donald Cummings ([dcummings@esu.edu](mailto:dcummings@esu.edu))

Gregory Dwyer ([gdwyer@esu.edu](mailto:gdwyer@esu.edu))

Gavin Moir ([gmoir@esu.edu](mailto:gmoir@esu.edu))

Shawn Munford ([smunford@esu.edu](mailto:smunford@esu.edu))

Chad Witmer ([cwitmer@esu.edu](mailto:cwitmer@esu.edu))

**Associate Professors:**

Matthew Miltenberger ([mmiltenber@esu.edu](mailto:mmiltenber@esu.edu))

**Instructor:**

Brandon Snyder (bsnyder@esu.edu)

## **EXSC - Exercise Science Courses**

### **EXSC 100 - Introduction to Exercise Science (3 credits)**

This course will cover the history and development of the field of Exercise Science. Professional opportunities and the role of credentialing will be presented. Appropriate literature will be introduced.

### **EXSC 105 - Health Promotion & Lifetime Wellness (3 credits)**

This course explores the behaviors in which college students should engage to reduce their risk of acute and chronic diseases and premature death. An emphasis on positively enhancing the dimensions of health and wellness as a resource for college students to meet their short- and long-term goals is emphasized. By focusing on determinants of health as associated to the college student, individual, social, and physical behaviors and conditions will be explored through lecture, self-evaluative experiences, personal fitness and physical activity assessments, experiences, and behavior change principles.

Distribution: Wellness (H).

### **EXSC 120 - Physical Conditioning (1 credit)**

This course provides for development of programs of exercise and activity and individual assessment of status, needs, and goals and is designed to enable each individual to determine realistic goals for their development and the use of activity throughout their life.

### **EXSC 121 - Aerobic Fitness Activities (1 credits)**

This course is designed to introduce the student to the various aerobic fitness activities for adult populations. Techniques of fitness assessment, aerobic dance, jogging and aquacizing activities will be emphasized.

### **EXSC 122 - Strength Training (1 credit)**

This course is designed to give the student a broad background in the area of strength training. Various strength training programs, techniques, and trends will be examined. Students will have the opportunity to set up and become involved in various strength-training methods.

### **EXSC 150 - Introduction to Health Coaching (1 credit)**

This course is designed to prepare students to serve as a professional health coach. Topics covered in this course include scope of practice, code of ethics, skills to facilitate client behavior change, basics of wellness visions, and the design of effective coaching programs.

### **EXSC 202 - Kinesiology - Applied Anatomy (3 credits)**

Upon completion of this course, a student should be able to identify the structural characteristics, movements, and muscles acting as the major joints of the body. The student will be able to select movements or exercises which utilize specific muscle groups and analyze the joint actions, muscle actions, and mechanical principles which apply to the performance of a specific movement.

Crosslisted as: ATEP 202.

### **EXSC 203 - Kinesiology: Mechanical Analysis (3 credits)**

This course is designed to enhance the student's understanding of the fundamental laws of physics as they apply to human motion. Emphasis is placed on sport and activity skill analysis utilizing

contemporary technology. The student is prepared to identify and discuss the various phases of motion and explain the mechanical significance of each in producing the desired outcome.

Distribution: Advanced (ADVD). Prerequisite: (EXSC 100 or PETE 100 or ATEP 100) and (EXSC 202|ATEP 202 or BIOL 116 and BIOL 117).

### **EXSC 230 - Personal Training Workshop (1 credit)**

This workshop will provide structured experiences through instruction in the specific theoretical and practical concepts of personal training as they relate to competencies established by the National Strength and Conditioning Association and the American College of Sports Medicine. The workshop is designed to assist the student in preparation for either the NSCA Certified Personal Trainer exam or the ACSM Certified Personal Trainer exam.

Prerequisite: EXSC 202 or EXSC 203.

### **EXSC 286 - Early Internship (Semester Hours Arranged)**

This experience enables a student to explore the role of a professional in a sport fitness or rehabilitation setting under the close supervision of a work-site supervisor.

Prerequisite: Sophomore Standing (30+ credits), 2.0 GPA, in 'Good Standing' and department approval.

### **EXSC 302 - Psychosocial Aspects of Activity (3 credits)**

This course analyzes movement activities as psychosocial phenomena, including consideration of the symbolic and cultural nature of movement forms within a framework of human personality, motivation, and social values and organization.

Distribution: Advanced (ADVD). Prerequisite: EXSC 100. Crosslisted as: PETE 302 and SMGT 302.

### **EXSC 310 - Exercise Physiology I (3 credits)**

This course studies human responses and adaptations to exercise of varying levels of stress and intensity. Concepts relating to neuromuscular, metabolic, circulatory, and respiratory physiology are treated in both lecture and laboratory experiences which include both theoretical and practical applications to exercise and training principles. Developmental considerations will be addressed as well as health-related physical fitness.

Distribution: Advanced (ADVD). Prerequisite: EXSC 100.

### **EXSC 311 - Exercise Physiology II (3 credits)**

This course provides advanced applied biological treatment of adaptations necessary to sustain and/or develop exercise tolerance. Included in this course are principles and findings related to energy metabolism while laboratory experiences illustrate theoretical material.

Distribution: Advanced (ADVD) | Info. Literacy and Technology (I) . Prerequisite: EXSC 100 and EXSC 310.

### **EXSC 322 - Strength and Conditioning Theory (3 credits)**

This course is designed to provide the student with an understanding of basic conditioning principles and how to apply them to various groups or individuals.

Distribution: Advanced (ADVD). Prerequisite: EXSC 100 and EXSC 310.

**EXSC 330 - Health-Related Physical Fitness Assessment and Exercise Programming (3 credits)**

This course provides experience in health-related physical fitness assessment and exercise programming for varied populations. The students will complete health-related physical fitness assessments and exercise programming under the direct supervision of the Exercise Science faculty.

*Enrolled students required to have and/or obtain CPR certification and Professional Liability Insurance.*

Distribution: Advanced (ADVD). Prerequisite: EXSC 310 and EXSC 311.

**EXSC 331 - Health Coaching Practicum (2 credits)**

Students will learn and practice the art and science of health coaching on real and simulated clients through the use of patient contact and case studies as well as Motivational Interviewing.

Prerequisite: EXSC 150. Crosslisted as: HLTH 331.

**EXSC 342 - Power Training for Sport Performance (1 credit)**

This course is designed to meet specific competencies needed for students interested in pursuing certification as a strength and conditioning specialist. This course will provide the student with the abilities to employ effective power training methods for optimal sport-specific athletic performance. Training methods that develop speed and power will be emphasized, such as plyometrics, medicine ball training and Olympic Weightlifting.

Distribution: Advanced (ADVD). Prerequisite: (EXSC 122 and EXSC 202 and EXSC 203) or Instructor Permission.

**EXSC 402 - Psychology of Sport and Exercise (3 credits)**

This course provides a broad overview for understanding the behavior of individuals in sport and exercise and focuses specific attention on the major sport and exercise concerns related to a psychological perspective. Content areas include personality and motivation factors, performance in groups, enhancing sport performance, and the psychological effects of participation in sport and exercise.

Registration Restriction: Exercise Science majors must have advanced standing of 75 or more credits.

Distribution: Advanced (ADVD). Prerequisite: (EXSC 201 and EXSC 302) or (2) PSY courses. Crosslisted as: SMGT 402.

**EXSC 410 - Organization and Administration of Exercise and Wellness Programs (3 credits)**

This course presents an overview of organizational and administrative issues relative to the planning, design, and management of health and wellness programs. Opportunities will be provided to observe and evaluate current wellness programs and facilities.

Distribution: Advanced (ADVD). Prerequisite: EXSC 310 and EXSC 311.

**EXSC 411 - Motor Learning and Control (3 credits)**

This course is designed to provide students with a conceptual model of motor learning and control developed within a multidisciplinary framework. The theoretical aspects of motor learning and control drawn from extant literature will provide a foundation upon which students can build and apply directly to practical examples from exercise science to develop appropriate practices that optimize motor learning skills.

Distribution: Advanced (ADVD). Prerequisite: EXSC 202 and EXSC 203. Crosslisted as: EXSC 511.

**EXSC 430 - Exercise Prescription for Populations with Special Needs (3 credits)**

This course provides information on exercise prescription guidelines for individuals with a wide range of special circumstances (pregnancy, childhood, older adulthood, cardiovascular, metabolic, and immunological). Distinctive physiology, recommendations for exercise testing and programming, and effects of the condition on exercise response and training, is presented.

Distribution: Advanced (ADVD). Prerequisite: EXSC 310 and EXSC 311.

**EXSC 431 - Analysis of Performance Skills (3 credits)**

Upon completion of this course the student will be able to quantify and analyze human motions utilizing modern techniques of analysis including cinematography, still or sequence photography, video analysis, electrocardiography, and other selected laboratory and field techniques.

Distribution: Advanced (ADVD). Prerequisite: EXSC 100 and EXSC 202 and EXSC 203.

**EXSC 441 - Environmental Exercise Physiology (3 credits)**

This course includes the study of the physiological responses of the human body to maximal and submaximal exercise in various environmental conditions including heat, cold, varying humidity, air pollution, altitude (hypobaria), and hyperbaria. Focus will be on the general and specific mechanisms of adjustment of circulation, respiration, fluid regulation, and metabolism. Both theoretical and laboratory experiences will be provided.

Distribution: Advanced (ADVD). Prerequisite: EXSC 310 and EXSC 311.

**EXSC 445 - Seminar in Adult Fitness (3 credits)**

This course is designed to provide a cohesive overview of the entire field of adult fitness. The scientific basis of physiological changes in the adult population with their implications in recommending exercise and associated behavior modification are emphasized. Development, organization, and administration of adult fitness programs in varying environments are explored. In addition, students will immerse themselves in current trends associated with fitness and exercise and formulate educated opinions that best reflect a scientific approach to exercise prescription.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: EXSC 100 and ENGL 203.

**EXSC 447 - Sports Nutrition (3 credits)**

This course is designed for students in exercise science or other students with an interest in the role of nutrition in supplying energy for various forms of physical activity. Topics include: physiological role of macronutrients in aerobic and anaerobic energy supply, micronutrients, fluid intake, commercial supplements, body composition, and disordered eating problems of athletes.

Distribution: Advanced (ADVD). Prerequisite: EXSC 310.

**EXSC 450 - Seminar in Health Coaching (2 credits)**

This course is designed to provide a comprehensive overview of Health Coaching. The course will reinforce the components of coaching and examine special considerations relevant for the health coach, including working with special populations, professionalism,

and occupational acumen as related to core competencies established by the American Council on Exercise. Opportunities will be provided for application to real-world examples. The course is designed to assist the student in preparation for the National Commission for Certifying Agencies (NCCA) ACE Health Coach Certification.

Distribution: Advanced (ADVD). Prerequisite: EXSC 150 and (EXSC 331 or HLTH 331).

#### **EXSC 451 - Aerobic Fitness Workshop (2 credits)**

This workshop provides a theoretical and practical framework for measurement and evaluation of aerobic fitness across the lifespan. Field tests that can be administered by exercise professionals are practiced, analyzed, discussed, and validated by laboratory demonstration and participation. Concepts and application of aerobic fitness principles are viewed in light of present day and future needs.

Distribution: Advanced (ADVD). Prerequisite: EXSC 100 and EXSC 310 and Senior Standing (90 + Credits).

#### **EXSC 452 - Exercises and Weight Control Workshop (2 credits)**

This workshop will focus on the role of exercise in regard to its positive influences on weight control. The hazards and implications of being overweight will be studied. Techniques for evaluating energy balance and planning for weight loss programs are discussed in light of established scientific principles and procedures. Exercise along with its dietary counterpart are analyzed to determine their relative importance in the weight loss regime. Facts and fallacies are discussed, and opportunities for self-evaluation of leanness and fitness provide practical as well as theoretical experience.

Distribution: Advanced (ADVD). Prerequisite: EXSC 100 and EXSC 310 and/or Senior Status (90+ Credits).

#### **EXSC 453 - Clinical Exercise Physiology Workshop (2 credits)**

This course examines exercise as a means of evaluation, prescription, and diagnosis of the major threat to health in the United States today — heart disease. Recent studies with their findings and implications will be viewed. The scientific basis for recommended exercise and associated behavior will provide information with regard to children and adults of both sexes on reducing heart disease risk. Rehabilitative exercise programs for heart victims will focus on accepted training principles and the necessity for changing life styles. Prevention rather than treatment for heart disease will be stressed.

Distribution: Advanced. Prerequisite: EXSC100 AND EXSC310.

#### **EXSC 454 - Anaerobic Training Workshop (2 credits)**

This workshop provides a theoretical and practical framework for measurement and evaluation of anaerobic conditioning, flexibility, strength training, and plyometrics. Field and laboratory tests that can be administered by athletic coaches, teachers, and fitness professionals are practiced, analyzed, and discussed.

Distribution: Advanced (ADVD). Prerequisite: Senior Status (90+ credits) and/or EXSC 310 and EXSC 322.

#### **EXSC 455 - Certified Exercise Physiologist (CEP) Workshop (1 credit)**

The Certified Exercise Physiologist Workshop will provide structured experiences in the classroom, laboratory and exercise arenas to improve the knowledge, skills and abilities in health-related physical fitness assessment and exercise programming. This course will

supplement existing coursework by correcting any deficiencies in learning competencies towards being a successful exercise professional. A review of certification materials is also an important component of the course.

Distribution: Advanced (ADVD). Prerequisite: Senior Status (90+ credits) and/or EXSC 310 and EXSC 330.

#### **EXSC 456 - Certified Strength and Conditioning Specialist Workshop (1 credit)**

This workshop will provide structured experiences through instruction in the specific theoretical and practical concepts of strength and conditioning as they relate to the National Strength and Conditioning Association certification requirements. Upon completion of the workshop the student will be eligible to take the Certified Strength and Conditioning Specialist exam offered through the NSCA.

Distribution: Advanced (ADVD). Prerequisite: EXSC 310 and EXSC 322.

#### **EXSC 457 - Physical Activity as Medicine Workshop (2 credits)**

Students will learn to use Physical Activity as a medical modality for improved health and wellness in various chronic "hypokinetic" diseases. This workshop is based upon the Exercise is Medicine program from the American College of Sports Medicine that attempts to increase the physical activity of all by using various biobehavioral strategies. This workshop will focus on strategies for increasing physical activity of those individuals with chronic "hypokinetic" diseases including diabetes, pulmonary disease and heart disease. Finally, the tool of health coaching will be explored.

Distribution: Advanced (ADVD). Prerequisite: EXSC 100 and EXSC 310.

#### **EXSC 461 - Experimental Exercise Physiology (3 credits)**

This course will address various physiological conditions which impact physical performances. Experimental design and data collection techniques commonly used in Exercise Science literature will be addressed. Mini-experiments (sleep deprivation, carbohydrate ingestion, oxygen supplementation, caffeine ingestions, etc.) will be utilized to demonstrate various physiological responses in the exercise arena.

Distribution: Advanced (ADVD). Prerequisite: EXSC 310 and EXSC 311. Crosslisted as: EXSC 561.

#### **EXSC 462 - Seminar in Exercise Physiology (3 credits)**

This seminar is designed to focus on the study and discussion of recent experimental and descriptive work in exercise science. Emphasis is placed on student's oral presentations with class interactions. Critical thinking and evaluation of research literature is included. Concepts and issues raised by students are reviewed and further discussed with leadership of the instructor. Integration of previous exercise science course material as well as recent issues are the objectives of this course.

Distribution: Advanced (ADVD). Prerequisite: EXSC 310 and EXSC 311.

#### **EXSC 470 - Introduction to Research Methods in Health Sciences (3 credits)**

This course will provide an opportunity for students to advance their understanding of research through critical exploration of research language, ethics, and techniques. The course introduces the language of research, ethical principles and challenges, and the elements of the

research process within quantitative, qualitative, and mixed methods approaches.

Distribution: Advanced (ADVD). Prerequisite: EXSC 100 and EXSC 310.

**EXSC 480 - Seminar in Therapeutic Sciences (3 credits)**

This course will introduce students to different topics within the Therapeutic Sciences through the use of peer-reviewed research articles and presentations/demonstrations by licensed professionals in the field. The topics covered in the course will include both traditional and emerging issues pertinent to the Therapeutic Sciences.

Distribution: Advanced (ADVD). Prerequisite: EXSC 202 and EXSC 310.

**EXSC 485 - Independent Study (Semester Hours Arranged)**

This course deals with independent research and study under the direction of a faculty member and is designed to deepen the student's interest in a particular area of an academic field. The directing faculty member will be available exclusively to the student for a minimum of five hours per credit. Approval for enrollment must be obtained from the faculty member and from the Department chair. Approval and granting of credit must be in accordance with procedures and standards established by departmental faculty. The student must present a study prospectus prior to approval.

Distribution: Advanced (ADVD). Prerequisite: 15 Credits in EXSC 100:499 and EXSC 100.

**EXSC 486 - Field Experience and Internships (Semester Hours Arranged)**

This course is designed to provide the student with an opportunity to apply the skills and knowledge accrued during their formal Exercise Science education in an environment that requires the sustained use of professional practices. The student will work under direct professional supervision.

Distribution: Advanced (ADVD). Prerequisite: EXSC 311 and EXSC 320.

**EXSC 491 - Philosophy of Performance Training and Coaching (3 credits)**

This course is designed to highlight the essential administrative roles of the athletic performance coach. The focus of this course will include the following: theories related to performance training and coaching, effective communication skills, implementation of various strategies for teaching skills, and recognizing ethical behavior related to multiple situations related to sport.

Distribution: Advanced (ADVD). Prerequisite: EXSC 202 and EXSC 310.

**EXSC 492 - Principles of Performance Enhancement for Performance Coaching (3 credits)**

This course is designed to provide the performance coach with principles related to enhancing athletic performance through scientific methodologies. The focus of this class will include the following: physiology of exercise specifically metabolic pathways for energy, classification of sport and exercises by metabolic pathways, concepts to improve speed, agility, power, strength, endurance, and flexibility, periodization planning for sport specific training, valid and reliable testing procedures for evaluating performance, and practical techniques for sport training.

Distribution: Advanced (ADVD). Prerequisite: EXSC 202 and EXSC 310.

**EXSC 493 - Therapeutic and Physiological Foundations for the Coach (3 credits)**

This course is designed to reinforce basic anatomical and physiological principles related to athletic performance. The focus of this class will include: structural kinesiology specifically function of muscles, bones, and joints of the human body in relation to sport performance, development and growth of athletes across the lifespan, biomechanical analysis of sport in relation to performance and injury prevention, and evaluation and treatment techniques for common injuries associated with sport.

Distribution: Advanced (ADVD). Prerequisite: EXSC 202 and EXSC 310.

**EXSC 494 - Seminar in Sport Performance Coaching (3 credits)**

This course is designed to explore current topics in performance coaching and serves as a research based class to allow students to discover acts of best practice and use an evidence based approach (current research, student's skill, athlete capabilities) to deliver the most effective outcomes related to performance enhancement. This class will be student driven with discussions and related research presentations on current topics within the field of sport performance coaching.

Distribution: Advanced (ADVD). Prerequisite: EXSC 202 and EXSC 310.

**EXSC 495 - Sport Performance Coaching Practicum (3 credits)**

This course is designed to provide students with a practical performance coaching experience, and some basic coaching theoretical foundations in the sport of their choice. The student will be afforded the opportunity to explore specific performance tactics related to contest and practice management, and develop specific practice strategies to develop sports performance related skills.

Distribution: Advanced (ADVD). Prerequisite: EXSC 491 and EXSC 492.

**EXSC 496 - Sports Nutrition Practicum (3 credits)**

This course is designed to provide students with a practical sports nutrition experience in a variety of sports fields. Students will be afforded the opportunity to provide evidence-based educational sessions to sports teams regarding supplements, hydration, and nutrition before, during and after sport activity. Students will also gain experience providing body composition and/or metabolic assessments on athletes.

Distribution: Advanced (ADVD). Prerequisite: EXSC 447 and EXSC 452.

## Finance

The Finance program (p. 125) is housed within the Department of Business Management. Please see the Business Management department for the B.S. in Finance requirements.

## First Year Experience

### About First Year Experience

The First Year Experience course equips first year students to make an effective transition to university studies and campus life by providing a deeper understanding of the aims of higher education, its value to them, and the skills, habits, and practices to achieve those aims. This includes understanding the purpose of the undergraduate core, the major, and co-curricular work, as well as developing critical thinking

skills, academic success attitudes, and significant connections with East Stroudsburg University and Community.

## **FYE-course**

### **FYE 100 - University Studies (3 credits)**

University Studies is designed to improve student success in college by providing an understanding of the purpose of higher education, and the academic skills, habits, and practices necessary to be successful. Students will develop the academic skills of: goal setting and time management; effective reading and studying; undergraduate research and analysis literacy; an understanding of critical thinking, intellectual diversity, and classroom expectations; and forging connections with the university and community resources.

## **Fitness (FIT) General Education Activity Courses**

**The Movement Activities and Lifetime Fitness department has been discontinued. Some of these courses may be offered as needed.**

### **FIT - Movement Act & Lifetime Fitness Courses**

#### **FIT 103 - Fitness for Life (2 credits)**

This course will expose students to a wide variety of physical activities in conjunction with the components of fitness to promote fitness for a lifetime. Students will determine their present level of fitness through assessment. Students will design and implement a program based upon these assessments with the intention of improving their current level of fitness.

#### **FIT 109 - Contemporary Cardiovascular Conditioning (1 credits)**

This is a course that combines basic cardiovascular exercises from various facets of cardiovascular activities including, but not limited to, martial arts, boxing, and kickboxing moves to create a great workout. Military boot camp type exercises are also included along with various stretching techniques to not only enhance cardiovascular endurance, but strength and flexibility as well. This course is designed to give students the tools to develop and maintain a well-rounded workout program and is friendly to all ages and activity levels.

#### **FIT 110 - Aerobic Dance (1 credits)**

This course is designed to develop cardiorespiratory conditioning, muscle tone, improved posture, and other elements of fitness through a variety of dance and exercise movements performed to a musical accompaniment.

#### **FIT 111 - Personal Fitness I (1 credits)**

This course assists the student in developing a physical activity program based upon a wellness assessment of body composition, flexibility, strength, CHD risk factors, aerobic capacity, and diet. Students work with the instructor during the quarter to determine what prescriptive activities will compose their future program and how to implement those suggestions.

#### **FIT 112 - Pilates (1 credits)**

Pilates is a movement system that uses a series of floor exercises to increase strength, flexibility, stamina and concentration. The course includes Pilates mat work, relaxation techniques, and breathing

techniques as a means of building strength, toning muscles, and unifying body and mind.

#### **FIT 113 - Self Defense (1 credits)**

This course is designed to give student exposure to all phases of self-defense. It includes: combative skills, counter moves, body attitudes, self-assertion, legal implications and psychological aspects of self-defense.

#### **FIT 114 - Weight Training (1 credits)**

The course provides students the opportunity to acquire a basic knowledge concerning weight training programs and their uses, to become familiar with a wide range of basic lifts and various self-testing procedures, and to develop an individualized weight-training program which will promote an optimal level of functional strength and endurance.

#### **FIT 115 - Tae Kwon Do I (1 credits)**

Students receive instruction in the basic skills of this martial art: sparring, kicking, punching, self-defense, and breathing techniques. The mental training elements such as patience, self-control, concentration, perseverance, and courtesy are an integral part of this course.

#### **FIT 116 - Aqua Fitness (1 credits)**

This course combines the benefits of cardiovascular/aerobic conditioning with resistance training in the water. Students will perform basic high and low intensity movements, along with abdominal/core toning and stretching exercises. Various water resistance equipment will be used during aerobic conditioning to increase the intensity level of the workout.

#### **FIT 119 - Elementary Yoga (1 credits)**

Yoga is a system of exercise that improves the health of the entire body and physiological functioning. The course includes asanas (postures), relaxation techniques, and breathing techniques as a means of unifying body and mind.

#### **FIT 123 - Volleyball I (1 credits)**

Students receive instruction in the basic fundamentals: overhand and underhand serve, overhand pass, underhand pass, spike and block. Basic offensive and defensive strategies and the rules of play governing the use of the basic skills are taught through single sex and co-ed teams of six, three, and two players.

#### **FIT 127 - Slow Pitch Softball (1 credits)**

This course provides for the development and use of softball skills in the slow pitch version of softball. The use of the basic skills of catching, fielding, throwing, pitching, and hitting will be emphasized, especially within the context of the playing of the game.

#### **FIT 128 - Soccer (1 credits)**

This course is designed to provide development and use of basic skills of soccer such as passing, trapping, heading, and shooting. Those skills as well as rules of the game and actual game play will be emphasized.

#### **FIT 129 - Basketball (1 credits)**

This course provides instruction regarding the fundamental skills associated with the sport including passing, shooting, dribbling, rebounding, screening and defending. Basic offensive and defensive strategies, along with the rules of the game will be introduced and

reinforced especially within the context of playing the game, utilizing single-sex and co-ed teams of 4-7 persons.

**FIT 130 - Badminton (1 credits)**

This course provides instruction in the fundamental skills of the sport with emphasis on singles and doubles play, rules, and strategy. Serves, net shots, clears, drops, drives, and smashes are developed.

**FIT 132 - Tennis I (1 credits)**

Students receive instruction and practice in the basic skills: the service, service return, groundstrokes, approach shot, and net play. The course includes the sociocultural aspects of the sport and the rules and strategy of the games of singles and doubles. Student must furnish own racket.

**FIT 133 - Tai Chi (1 credits)**

This course covers the application and fundamental techniques of the traditional martial art, Tai Chi Chuan, from the physiological and psychological perspective.

**FIT 141 - International Ethnic Dance (1 credit)**

This course presents a wide variety of international folk dances including the square and contra dances familiar to the United States. Theoretical considerations concern the characteristics, ethnic sources, and values of the social forms of dance.

**FIT 142 - Social and Ballroom Dancing (1 credit)**

This course is designed to introduce students to basic social and ballroom dances including foxtrot, waltz, jitterbug, swing, country-western, cha-cha, and tango. Students will become familiar with basic step patterns and variations and skills of leading and following effectively.

**FIT 153 - Swimming I (1 credits)**

The purpose of this course is to learn the principles of water safety with primary emphasis on learning the mechanics of swimming each fundamental swimming stroke. Specifically, strokes include the front crawl, the back crawl, the elementary backstroke, the breaststroke, and the sidestroke. Students perform drills and conditioning exercises in order to reinforce their learning of each stroke.

**FIT 161 - Horseback Riding I (1 credits)**

This course includes the skills necessary in developing a safe and secure seat with effective use of the aids for the English style of riding. Students learn the fundamentals of handling a horse and tack safely and appropriately on and off the ground. Students must have a tetanus shot and insurance to cover accidental injury. Tetanus shots may be obtained at the Health Center.

**FIT 163 - Skiing/Snowboarding I (1 credits)**

Skiing/Snowboarding I consists of eight lessons with instruction provided by the staff of local professional ski/snowboard schools. This course is designed for students who have little or no skiing or riding experience. This course will cover proper use of equipment, on-mountain safety and the correct use of lifts. Progressive skill instruction on snow will focus on balance, sliding, stopping, and turning techniques. Students will learn at their own pace on mountain terrain matching their ability level.

**FIT 171 - International and Multicultural Games (1 credits)**

This course is designed to acquaint the student with physical activity and games from different countries. Students will be exposed to the

nature of physical activity and an exploration of games from different countries. Students will broaden their cultural horizons and gain a better appreciation for physical activity as it is conducted by diverse cultures.

**FIT 182 - River Kayaking (1 credit)**

This course focuses on the American Canoe Association skills essential in handling a kayak safely and efficiently on the land and in the water. Students acquire paddling skills in pool, lake and river environments. A student must have adequate swimming skills and be able to function in a deep-water environment.

**FIT 219 - Intermediate Yoga and Pilates (1 credits)**

This course is a study of the ancient system of Yoga combined with the matwork of Joseph Pilates. A practical philosophy that unites the body and mind toward health and spiritual fulfillment, Yoga practice seeks to create a fit and supple body through intermediate yoga postures (asanas). Integrating this study with the work of Joseph Pilates, students will design a personal movement practice for use each day. The wellness benefits of a yoga/pilates practice include acquiring tools for stress management, relaxation, and mindful execution.

**FIT 223 - Volleyball II (1 credits)**

This course is designed to provide further instruction in the fundamentals of volleyball such as the underhand and overhand serve, underhand and overhand pass, attacks and block. An in-depth examination of offensive and defensive formations will be emphasized in an effort to structure and improve game play. Additionally, students will gain exposure to advanced skills such as digging and jump serving.

Prerequisite: FIT123.

**FIT 232 - Tennis II (1 credits)**

The primary emphasis of this course is to reinforce the basic skills of tennis and to explore advanced shots and strategy. Students will learn the proper use of spin and be able to improve their footwork and decision-making during their shot selection. Singles and doubles strategy will also be discussed and applied in tournament situations. Racquets will be provided.

Prerequisite: FIT140.

**FIT 271 - Adventure Activities (1 credit)**

Adventure Activities involve nontraditional games and exercises, group initiative problems, and low and high ropes course elements. This course will provide the student with opportunities to meet new challenges, face risks, and overcome obstacles through individual and group effort. Students are invited to venture forth into the unknown, exercising choice and decision making in meeting physically demanding challenges. Extensive use will be made of the Stony Acres ropes course. Students must show evidence of health/accident insurance.

**FIT 272 - Backpacking (1 credit)**

Students are instructed in basic skills of backpacking, wilderness camping and cooking, navigation and trip planning. Students will plan and carry out either 3 day hikes or an overnight trip in the Stroudsburg area.

**FIT 274 - Canoeing I (1 credit)**

This course focuses on the American Red Cross Basic Canoeing skills essential in handling a canoe safely and efficiently on land and in water. Students acquire paddling skills in pool, lake, and river environments. A student must have adequate swimming skills and be able to function in a deep-water environment. Qualified students receive the American red Cross Basic Canoeing Certification.

**FIT 275 - Cycling (1 credits)**

This course introduces the student to general knowledge of buying and maintaining a bicycle. The course also instructs in basic cycling skills such as the biomechanics of pedaling, hand positions, braking, group riding, touring, and safety. Students must provide their own bicycles. Actual riding is a major focus of the course.

**FIT 276 - Rock Climbing (1 credit)**

This course is designed for the beginning climber and will cover knots, rappels, belaying, elementary use of pitons, and the general rules of technical rock climbing.

**FIT 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**FIT 453 - Water Safety Instructor (1 credits)**

Satisfactory completion of this course leads to certification as a Red Cross Water Safety Instructor. The course focuses on the development of skill proficiency and teaching proficiency of swimming and lifesaving skills. The Red Cross Introduction to Health Services Education course (IHSE) is incorporated into the Water Safety course. Course is also listed as PETE 453. Prerequisites: Current lifeguard training card; successful completion of Red Cross swimming prerequisite.

Distribution: Advanced.

**FIT 454 - Lifeguard Instructor (1 credits)**

Satisfactory completion of this course leads to certification as an American Red Cross Lifeguard Instructor. This course prepares instructor candidates to teach Lifeguard Training, Basic Water Safety, Emergency Water Safety, and the Lifeguard Review course. Prerequisites: Lifeguard Training Certificate (FIT/PETE 353); current CPR Certificate/standard First Aid Certificate.

Distribution: Advanced. Prerequisite: FIT353 OR PETE353.

## General Science

### College of Arts and Sciences

#### The Faculty of Science

Science & Technology Building, Room 320

570-422-3341

[www.esu.edu/physics](http://www.esu.edu/physics)

#### About the Program

The Bachelor of Arts in General Science is designed for students who seek a broad background in all four areas of science (biology, chemistry, earth and space science, and physics). Students can choose between two concentrations.

- **General concentration:** The General concentration provides a broad background in science along with a few courses that examine areas of interest to the student. Typically, this concentration is chosen in coordination with a major in a related field.
- **Secondary Education concentration:** The Secondary Education concentration mirrors the general concentration but also includes seven additional courses in education. A graduate of this program will be eligible for Pennsylvania teacher certification in general science for grades 7-12 (dependent on grade point average and qualifying score on teacher examination). Typically, teachers with this certification teach grades 7-9 (either general science, life science, physical science or earth science).

#### Are you interested in ...

- Science
- Sharing your love of science with others
- Helping others learn science

#### Choose General Science at ESU

- Small class sizes
- Hands-on environment
- Highly qualified and experienced faculty
- Partnerships with area school districts

#### Is General Science a career path for me?

##### Career Potential

- Science equipment specialist
- Science writing
- Science data analysis
- Junior High School Science teacher
- High School General Science teacher

##### Career Settings

- Local, state and government agencies
- National and private laboratories
- Equipment and technical companies
- Public and Private schools

*More detailed career information is available from the department.*

### General Science B.A. - Concentration: General

#### PROGRAM FEATURES

64 Credits

15 credits:

15 credits (200-level or above) chosen with the consent of the adviser in BIOL, CHEM and PHYS, with a minimum of three credits in each discipline. Nine of

these 15 credits must be 300-level or above.

**Subtotal: 15**

*Required major core courses:*

BIOL 114	GN: Introductory Biology I	4
BIOL 115	Introductory Biology II	4
CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
PHYS 121	GN: Astronomy   The Sky and Solar System	3
PHYS 122	GN: Astronomy   Stars and Galaxies	3
PHYS 131	GN: Fundamental Physics I	4
OR		
PHYS 161	GN: Physics I	4
PHYS 132	Fundamental Physics II	4
OR		
PHYS 162	Physics II	4
PHYS 495	Senior Capstone	3
GEOG 120	GN: Physical Geography	3
OR		
GEOG 121	GN: Physical Geology	3
GEOG 220	Meteorology	3

**Subtotal: 39**

*Co-requisite courses*

CPSC 101	GN: Personal Computers and Their Uses in the Sciences	3
MATH 110/MATH 111	GN: General Statistics	3
MATH 140	GN: Calculus I	4
OR		
MATH 131	Applied Calculus	3

**Subtotal: 9-10**

*Additional requirements:*

- At least 9 credits of required courses (not co-requisites), 300-level or above, must be completed at ESU.
- A minimum of a "C-" must be attained in each of the required courses.

**4 YEAR CURRICULUM PROGRAM PLAN (GENERAL)**

*(Subject to change by university without notice)*

15 Credits

#### Required courses:

GEOG 120	GN: Physical Geography	3
GEOG 341	Introduction to Geographic Information Systems (GIS)	3
GEOG 402/GEOG 502	Applied Geographic Information Science (GIS)	3
GEOG 403/GEOG 503	Advanced Geographic Information Science (GIS)	3
GEOG 411/GEOG 511	Introduction to Remote Sensing (RS)	3

## Geography Faculty

### Associate Professors:

Jeffrey Hardy (jhardy@esu.edu)

Shixiong Hu (shu@esu.edu)

### GEOG - Geography Courses

#### GEOG 110 - GN: Cultural Geography (3 credits)

This course provides a worldwide cross-cultural study of the similar, yet widely diverse way human beings adapt to the physical environments of the earth's surface, and how we work together to reshape landscapes into man-made cultural environments. Examining the inter-relations between economic, political, social, and cultural forces it examines what geographers have learned about the lasting impact human activities can have on the landscape and biosphere.

Distribution: GN: Group C - Geography (CGE) | Global Diversity & Citizenship (G) | GE: Social Sciences-Geography (SSGE).

#### GEOG 120 - GN: Physical Geography (3 credits)

This course is a concentrated study of the physical aspects of the environment. Emphasis is placed on understanding the earth and its planetary relations, the fundamentals of weather, climate, soils, and landforms, and the principles of map projections and interpretations.

Distribution: GN: Group C - Geography (CGE) | Global Diversity & Citizenship (G) | GE: Social Sciences-Geography (SSGE).

#### GEOG 121 - GN: Physical Geology (3 credits)

This course focuses on a description and interpretation of the earth's rock and mineral formations and study of their constant change under the influence of streams, wind, glaciers, volcanism, and other forces.

Distribution: GN: Group C - Geography (CGE) | Global Diversity & Citizenship (G) | GE: Social Sciences-Geography (SSGE).

#### GEOG 130 - GN: World Regional Geography (3 credits)

This course is a regional overview of the countries of the world combined with an introduction to geographic methodology. The course investigates the interaction between physical phenomena and human activity, the distribution of economic development, and the uniqueness of the world's regions

Distribution: GN: Group C - Geography (CGE) | Global Diversity & Citizenship (G) | GE: Social Sciences-Geography (SSGE).

#### GEOG 220 - Meteorology (3 credits)

This course is a descriptive study of the atmosphere providing the student an opportunity to understand the underlying principles of atmospheric change, to become familiar with weather instruments, to observe and record weather data, and to read and interpret weather maps.

Distribution: GE: Social Sciences-Geography (SSGE) . Prerequisite: GEOG 120.

#### GEOG 230 - Geography of the United States and Canada (3 credits)

This course is the study of the geographic regions of the United States and Canada. Physiography, climate, resources, and industry are reviewed and applied to the various provinces of North America. Special emphasis is placed on the physical and cultural differences among regions.

Distribution: GE: Social Sciences-Geography (SSGE).

#### GEOG 240 - Introduction to Geospatial Technology (3 credits)

This course provides a general introduction to the fundamentals of Geospatial Technology, including Geographic Information Systems (GIS), Global Positioning Systems (GPS), cartography, remote sensing, and spatial analysis through a series of hands-on computer-based exercises. Students will learn how to utilize geospatial technology to address social and environmental issues.

Distribution: Info. Literacy and Technology (I). Prerequisite: GEOG 110 OR GEOG 120.

#### GEOG 290 - Special Topics: ((Semester hours arranged))

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

#### GEOG 310 - Population Geography (3 credits)

This course examines the growth, diffusion, and distribution of population throughout the world; it forms a bridge between economic and cultural geography as a means for exploring ideas and methods concerning a problem of increasing interest.

Distribution: Advanced (ADVD) | GE: Social Sciences-Geography (SSGE). Prerequisite: GEOG 110.

#### GEOG 320 - Climatology (3 credits)

This course is a review of climate controls and the regional characteristics of climate and the relation of climate to human activities.

Distribution: Advanced (ADVD) | GE: Social Sciences-Geography (SSGE). Prerequisite: GEOG 120.

**GEOG 321 - Geomorphology (3 credits)**

This course is an advanced treatment of the processes that shape the Earth's surface and the classification of their resulting landforms. It includes a study of the historical development of major theories of land creation. Special attention is given to the landforms of North America.

Distribution: Advanced (ADVD) | GE: Social Sciences-Geography (SSGE). Prerequisite: GEOG 121.

**GEOG 330 - Geography of Eastern Asia (3 credits)**

This course is an intensive investigation of geographic, economic and political regions of eastern Asia with an emphasis on geographic background, natural resources, land utilization, population concentrations, and industrialization of countries of the region.

Distribution: Advanced (ADVD) | GE: Social Sciences-Geography (SSGE). Prerequisite: GEOG 110.

**GEOG 341 - Introduction to Geographic Information Systems (GIS) (3 credits)**

The course will examine the basics of Geographic Information System (GIS) technology using the Arc View program. Students will learn the principles of GIS and produce simple maps from a variety of data sources.

Distribution: Advanced (ADVD) | Info. Literacy and Technology (I) . Prerequisite: GEOG 110 or GEOG 120.

**GEOG 402 - Applied Geographic Information Science (GIS) (3 credits)**

This course is designed to provide an in-depth understanding of the concepts and applications of GIS, with a focus on GIS analysis methods and their applications. Major topics include spatial data processing and analysis, terrain mapping and analysis, spatial database design and management, and geodatabase. The technical focus of the course includes computer lab tutorials and group projects using the leading desktop GIS software.

Distribution: Advanced (ADVD). Prerequisite: GEOG 341 and MATH 110. Crosslisted as: GEOG 502.

**GEOG 403 - Advanced Geographic Information Science (GIS) (3 credits)**

This is an advanced GIS course focusing on spatial analysis and modeling approaches. Major topics include exploratory analysis of spatial data, network analysis, exploring spatial point patterns, area objects and spatial autocorrelation, and spatial interpolation. The lecture session focuses on the principles and concepts of geospatial analysis. Students will also use a computer laboratory to learn the GIS software through a series of exercises.

Distribution: Advanced (ADVD). Prerequisite: GEOG 341 and MATH 110. Crosslisted as: GEOG 503.

**GEOG 404 - Web GIS (3 credits)**

This course is designed to provide an intermediate level understanding in the concepts, and principles of Web GIS, with a focus on Web GIS application. Major topics include spatial data processing, Web App builder, mobile GIS, real time GIS application, 3D Web GIS and other skills for e-government, e-business, e-science, and daily life. The technical focus of the course includes computer lab

tutorials and group projects using the leading desktop GIS online software.

Distribution: Advanced (ADVD). Prerequisite: MATH 110 and GEOG 341. Crosslisted as: GEOG 504.

**GEOG 405 - GIS Modeling (3 credits)**

This course is designed to provide an intermediate level understanding in the basic concepts of GIS methods and modeling with a focus on the application of GIS modeling. Major topics include spatial data modeling, suitability index modeling, basic testing and validating GIS methods and integration of GIS with models in environment, business, public health and crime analysis. The technical focus of the course includes computer labs and group projects using the leading desktop GIS software and up-to-date models.

Distribution: Advanced (ADVD). Prerequisite: MATH 110 and GEOG 341.

**GEOG 411 - Introduction to Remote Sensing (RS) (3 credits)**

This course is designed to introduce the principles and applications of remote sensing and the techniques of digital image processing. It will cover the interaction between energy and the earth's surface, the major sensor systems, techniques for image enhancement and classification, and the applications of remote sensing. Students will also use a computer laboratory to learn the remote sensing software through a series of exercises.

Distribution: Advanced (ADVD). Prerequisite: MATH 110 and (GEOG 110 or GEOG 120 or GEOG 341). Crosslisted as: GEOG 511.

**GEOG 422 - Watershed Hydrology (3 credits)**

This course is designed to provide an introduction to different components of the hydrologic cycle at the watershed scale. The emphases will be on surface processes and watershed responses to perturbations such as climate change and land use/land cover change. This course will cover the fundamental principles of hydrology and their applied uses. The ultimate goal of this course is to help students understand and learn how to mitigate water-related environmental problems, such as floods, droughts and water pollution.

Distribution: Advanced (ADVD). Prerequisite: MATH 110 and (GEOG 120 or GEOG 121) and (GEOG 220 OR BIOL 210). Crosslisted as: GEOG 522.

**GEOG 440 - Field Tech Geography (3 credits)**

This course is an introduction to methods of collecting field data; it includes recognition of features of the physical or cultural environment or a combination of the two, interview procedures, field mapping, preparation of geographical reports and finished maps based on field work, and experience in use of field equipment and aerial photographs. Emphasis on cultural or physical geography depends on class interest.

Distribution: Advanced. Prerequisite: GEOG110 AND GEOG120 AND GEOG340.

**GEOG 485 - IS: (1 - 15 credits)**

This course, offered by a faculty member to a student, does not properly fall within the scope of other courses listed in the catalog. Students will receive a reading list which will be accomplished on a set schedule and will meet periodically with the instructor for discussion

and examination. The student will also prepare a paper or complete an exercise or workbook. Evaluation will be from discussion, examinations, papers, and/or exercises

Distribution: Advanced.

### **GEOG 486 - Field Experience & Internship (1 - 15 credits)**

This course, offered by a faculty member to a student, does not properly fall within the scope of other courses listed in the catalog. Students will receive a reading list which will be accomplished on a set schedule and will meet periodically with the instructor for discussion and examination. The student will also prepare a paper or complete an exercise or workbook. Evaluation will be from discussion, examinations, papers, and/or exercises.

Distribution: Advanced.

## **Health Promotion and Lifetime Wellness**

### **HPLW courses**

#### **HPLW 105 - Health Promotion and Lifetime Wellness (3 credits)**

This course explores the behaviors in which college students should engage to reduce their risk of acute and chronic diseases and premature death. An emphasis on positively enhancing the dimensions of health and wellness as a resource for college students to meet their short- and long-term goals is emphasized. By focusing on determinants of health as associated to the college student, individual, social, and physical behaviors and conditions will be explored through lecture, self-evaluative experiences, personal fitness and physical activity assessments, experiences, and behavior change principles.

## **Health Studies**

### **College of Health Sciences**

#### **About the Program**

Through teaching, research and service the Department of Health Studies is dedicated to preparing exemplary practitioners who will function as leaders in our global society affecting changes to eliminate health disparities and improve societal health.

The Department of Health Studies is an active partner in the economic and community development of Northeast Pennsylvania, and a recognized regional center of academic excellence in Public Health, Health Education and Health Teacher Preparation.

The Department of Health Studies at East Stroudsburg University provides diverse opportunities for students interested in careers in both the healthcare and education sector. The coursework, as well as the hands on experiences built into the curriculum provide a solid foundation for students wishing to either start a career after graduating or going on to complete a graduate degree.

Recent graduates of our program:

- Have careers as healthcare administrators and health educators in hospitals, nursing homes, government agencies, non-profits, schools, universities, pharmaceutical companies, or
- Are enrolled in master or doctoral degrees programs in public health, health education, health policy and/or health administration.

The department offers three baccalaureate degree programs, one minor and one teacher certification program. These include a Bachelor of Science in Public Health with a concentration in Community Health; a Bachelor of Science in Public Health with a concentration in Health Services Administration; and a Bachelor of Science in Health Education with a concentration in School Health. An 18-credit minor in Health Services Administration is offered as well as a 33 credit Health Education teacher certification program.

The undergraduate and graduate curriculum provides students with the opportunity to apply theory with practice and to work side-by-side with both their academic faculty and field-based professionals. The programs within the department are accredited by the National Council for Accreditation of Teacher Education (NCATE) and the Council for Education of Public Health (CEPH).

The course requirements and course descriptions for these programs are listed below, followed by a suggested plan for completing the three degree(s) in eight semesters.

### **Health Education B.S. - Concentration: School Health (Teacher Certification)**

#### **About the Program**

Through teaching, research and service the Department of Health Studies is dedicated to preparing exemplary practitioners who will function as leaders in our global society affecting changes to eliminate health disparities and improve societal health.

The coursework as well as the hands-on experiences built into the curriculum provide a solid foundation for students wishing to either start a career after graduating in any state or going on to complete a graduate degree.

#### **Degree Options**

Bachelor of Science in Health Education - A 120 credit degree program with 42 credits that prepares candidates for a health education career as a teacher in elementary or secondary schools.

#### **Are you interested in ...**

- Implementing standard-based units of instruction that assist children and youth to engage in positive healthy behaviors
- Engaging in the opportunity to promote and implement a coordinated school health program
- A program that is part of the dual degree and dual certification for Health and Physical Education

#### **Choose Health Education at ESU**

- Qualified, experienced faculty
- Clinical experiences/student teaching

#### **Is Health Education a career path for me?**

**Career Potential and Settings**

- The School Health Program is designed to provide training for a health education career as a teacher in the elementary or secondary schools. The program is also advisable for careers as health coordinators for elementary or secondary schools or as health instructors in school related health centers.
- The Health Education Teacher Certification program has been approved by the Pennsylvania Department of Education as an approved K-12 certification. Also the program has attained National Accreditation approval at the exemplary level from The American Association for Health Education (AAHE) and the Council for the Accreditor of Educator Preparation (CAEP) accreditation as part of the Teacher Education Unit at ESU.

More detailed career information is available from the department.

**PROGRAM FEATURES**

44 credits

For the Health and Physical Education certification requiring a dual major see Physical Education Teacher Education (p. 317). (p. 309)

The School Health Program is designed to provide training for a health education career as a teacher in the elementary or secondary schools. The program is also advisable for careers as health coordinators for elementary or secondary schools or as health instructors in school related health centers.

**Required courses:**

HLTH 210	Foundations of Health Science	3
HLTH 215	Skills Based Health Education	3
HLTH 230	Community Health	3
HLTH 240	Health Emergencies	3
HLTH 310	Family Health Education	3
HLTH 341	Nutrition Education	1.5
HLTH 350	Promoting Emotional Well-Being	3
HLTH 356	Drug and Alcohol Teacher Preparation	1.5
HLTH 365	School Health Programs	3
HLTH 461	Methods in Health Education	3
HLTH 462	Assessment in School Health Education	3
HLTH 486	Field Experience and Internship	1 - 15
	12 credits of HLTH electives	12

**Co-requisite courses:**

MATH 110/MATH 111	GN: General Statistics	3
MATH 129/MATH 130	GN: Applied Algebraic Methods with Foundation Mathematics	3
PSY 100	GN: General Psychology	3
SOC 111	GN: Introduction to Sociology	3
ENGL 103	English Composition	3

PSED 150	Introduction to Teaching All Students	6
PSED 250	The Psychology of Learners In Diverse Communities	3
REED 350	Teaching Reading to Communities of Diverse Learners	3
CMST 111	GN: Introduction to Communication	3
BIOL 116	GE: Human Anatomy and Physiology I for the Health Sciences	3
BIOL 117	Human Anatomy and Physiology I Laboratory for the Health Sciences	1

**Additional Requirements:**

- Minimum overall GPA - 2.8
- C or above in all Major classes
- Passing scores on Praxis I and Praxis II
- Please see the university requirements in this catalog. (p. 40)

**ADMISSION REQUIREMENTS**

The Commonwealth of Pennsylvania has established new requirements for all candidates in teacher preparation programs. Please refer to the section The College of Education (p. 58) (p. 57) in this catalog for specific requirements for admission into teacher education programs.

All teacher education students should be in frequent consultation with their academic advisers to make sure they are meeting the appropriate program and certification requirements which will vary depending on a variety of circumstances.

The student must complete the following requirements for admission into the health education teacher certification program:

1. Initial Requirements - Pass 60 credits including: 1) BIOL 111, BIOL 112, HLTH 210, HLTH 220, HLTH 230, HLTH 240. 2) Complete 6 credits MATH and 6 credits ENGL. 3) Pass Praxis Level I: Reading, Writing, and Math. 4) Demonstrate successful clearance of Act 34 Act 114 and Act 151. 5) Obtain membership to a health education professional organization.
2. Interview Process for Admission - Between 45-60 Credits: 1) All Initial Requirements must be complete. 2) Participate in an interview with School Health Teacher Education faculty and present the admission criteria portfolio (including: Praxis I results, Act 34, Act 114 and Act 151, HLTH 240 certification cards, current transcript, Eligibility Checklist, Membership from professional organization).
3. Continued Enrollment - 1) Pass Praxis II: Fundamental Subjects: Content Knowledge prior to HLTH 431. 2) Eligibility for Student Teaching (2.8 QPA, complete all GE, HLTH and PSED courses, and successful Act 34 and 151 Act 114 TB Test clearances).
4. Certification and Graduation Standards - 1) Pass HLTH 431 (with a grade of "C" or better). 2) Satisfy degree and program requirements including a 3.0 QPA in HLTH and overall. 3) Pass Praxis II: Health Content Knowledge. 4) Complete certification application and immigration form. 5) Complete Act 34, Act 114, and Act 151 Clearances for employment.

**Accelerated Pathway**

The accelerated pathway model offers an efficient way for high achieving students to complete both BS in Public Health and MPH degrees in five years by taking pre-approved graduate courses while an undergraduate student. Interested candidates must have completed a minimum of 60 undergraduate credits and have an overall GPA of 3.20 to be considered. This accelerated pathway consists of a minimum of 105 credit hours of undergraduate course work combined with a maximum of 15 semester hours of graduate course work to count towards both the undergraduate and graduate degrees.

BS in Public Health Course	MPH Course Alternative	Content Area
HLTH 261	HLTH 561	Epidemiology

HLTH 271	HLTH 562	Environmental health
HLTH 370	HLTH 555	Program planning & evaluation
HLTH 440	HLTH 560	Health Ed & behavior change theory
HLTH 382	HLTH 538	Policy & admin

Students will receive a BS in Public Health degree after successful completion of a minimum of 120 credits and fulfillment of all undergraduate program content areas, typically at the end of the fourth year of study.

, 250 DeNike Center for Human Services. [krazzano@esu.edu](mailto:krazzano@esu.edu)For students completing the accelerated pathway, the department supports a streamlined graduate application process waiving the need for GRE, letters of recommendation, and resume. The application form, transcript, and statement of purpose are still required to complete the remaining 27-credits of graduate coursework to receive a MPH in Community Health degree. For more information on these programs, contact the Office of Graduate and Extended Studies at (570) 422-3570 or Dr. Kimberley Razzano, Department Chair, Health Studies, (570) 422-3693,

**ACCELERATED PATHWAY FEATURES**

**145 Total Credit Hours**

(111 Undergraduate Credits Hours and 34 Graduate Credit Hours)

*Program Description*

The Sport Management Accelerated Pathways Program offers qualified undergraduate Sport Management students with at least junior standing to take graduate coursework that will apply to both bachelor’s and master’s degrees: 1) Bachelor of Science (BS) in Sport Management and Master of Science (MS) in Sport Management, and 2) Bachelor of Science (BS) in Sport Management and Master of Science (MS) in Management and Leadership Sport Management Concentration. Students accepted to the Accelerated Pathways Program can save time and money to earn both bachelor’s and master’s degrees in five years.

**Combined Bachelor of Science (BS) in Sport Management and Master of Science (MS) in Sport Management**

The Accelerated Pathways Program offers students to complete both BS and MS in Sport Management degrees in five years. Interested candidates for the Accelerated Pathways Program should have an overall GPA of 3.40. This program consists of a minimum of 111 credit hours of undergraduate course work, a maximum of 9 semester hours of graduate course work to count towards both the undergraduate and graduate degrees. Students will receive a BS in Sport Management degree after successful completion of the fourth year. In the fifth year, students will complete 25 credits of graduate coursework and receive a MS in Sport Management degree. See 5 Year Curriculum Program Plan combined BS & MS in Sport Management.

**Combined Bachelor of Science (BS) in Sport Management and Master of Science (MS) in Management and Leadership Sport Management Concentration**

The Accelerated Pathways Program offers students to complete both BS and MS in Management and Leadership Sport Management degrees in five years. Interested candidates for the Accelerated Pathways Program should have an overall GPA of 3.40. This program consists of a minimum of 111 semester hours of undergraduate course work, a maximum of 9 credit hours of graduate course work to count towards both the undergraduate and graduate degrees. Students will receive a BS in Sport Management degree after successful completion of the fourth year. In the fifth year, students will complete 25 credits of graduate coursework and receive a MS in Management and Leadership Sport Management degree. See 5 Year Curriculum Program Plan combined BS & MS in Mgmt & Leadership Sport Management.

**Student Eligibility**

To apply for the Sport Management Accelerated Pathways Program, students **must**:

- Be enrolled in Bachelor of Science (BS) in Sport Management program
- Have a minimum of 45 credits but no more than 60 credits at ESU
- Have a minimum 3.40 overall GPA

**Additional Requirement:** Student accepted to the Accelerated Pathways Program must maintain a minimum of 3.40 overall GPA and receive a B or higher grade in graduate courses in order to count credits toward Master’s degree.

**5 YEAR CURRICULUM PROGRAM PLAN COMBINED B.S. & M.S. IN SPORT MGMT.**

## Health and Physical Education Dual Certification

See Physical Education Teacher Education (p. 317)

### Public Health B.S. - Concentration: Community Health

#### About the Program

The Department of Health Studies degree programs provide students with an innovative curriculum to pursue a variety of career paths in the health field, as well as providing the foundation needed for future graduate studies. The health field is the second largest employer in the United States.

Community Health Educators are professionals who design, carry out and evaluate programs that help improve the quality of health within communities. The quality of health attained by communities is what in turn determines the society's overall quality of life.

The Community Health Education program prepares students for a rewarding service career that improves the health behavior and health outcomes of residents living in local communities, counties, as well as statewide.

The Community Health Education program also provides a solid foundation for those wishing to pursue graduate training in the public health sciences. The curriculum provides a solid foundation in assessing community needs, planning and implementing community-based health education and health promotion programs; program evaluation; and resource acquisition and development.

#### Career Opportunities

Employment opportunities in health education and promotion continue to expand due to the increasing emphasis on cost-effective approaches in early detection and prevention of maladaptive health behaviors and resulting disease.

Employment opportunities exist working with youth, families, and the growing number of senior citizens. Typical employment settings include community medical centers and hospitals, local and state

departments of health, insurance companies, pharmaceuticals, nonprofit organizations (i.e., American Cancer Society), and other public health settings.

#### Are you interested in ...

- Improving the quality of health within communities
- Preventing illness by educating communities
- A service career in health care

#### Choose Community Health Education at ESU

- Small class size
- Qualified, experienced faculty
- Practical internships

#### Is community health education a career path for me?

##### Career Potential

- Coordinator of community prevention programs
- Patient educator for disease management
- Trainers
- Community organizers
- Work-wellness specialists
- Wellness project managers
- Outreach workers
- Case managers
- Research associates
- Public health program managers

##### Career Settings

- Hospitals and service delivery organizations
- Local and state health departments
- Long-term care facilities
- Pharmaceutical firms
- Health insurance agencies
- Government entities (Centers for Disease Control, Health and Human Services, Departments of Health)
- Hospice and home health agencies
- Nonprofit organizations (American Cancer, Red Cross, United Way)
- Graduate schools in public health

*More detailed career information is available from the department.*

#### Internships

Students in the bachelor of science program have the opportunity to complete internships with community and public health agencies located in the Poconos, Lehigh Valley, and other organizations within Pennsylvania, as well as New Jersey. Some students also obtain internships in Washington, D.C., the Center for Disease Control (CDC) in Atlanta, and other locations nationally.

#### PROGRAM FEATURES

58 credits

*Required courses:*

HLTH 210	Foundations of Health Science	3
HLTH 230	Community Health	3
HLTH 261	Foundations of Epidemiology in Public Health	3
HLTH 271	Environmental Determinants of Community Health	3
HLTH 280	Fundamentals of Health Administration	3

SOC 111	GN: Introduction to Sociology	3
POLS 160	GN: Introduction to Public Administration	3
OR		
POLS 293	Public Policy and Administration	3

*Additional requirements:*

Minimum overall GPA of 2.8

C or above in all Major classes

**4 YEAR CURRICULUM PROGRAM PLAN**

The curriculum prepares students to take the Certified Health Education Specialists (CHES) examination. The CHES credential indicates that a Health Educator has achieved professional competency required in many employment settings.

**The coursework prepares graduates to...**

- Determine individual, organizational and community health education needs.
- Plan, develop, implement, manage and evaluate health education programs.
- Communicate health education needs.
- Develop coalitions.
- Advocate for community health issues.
- Train health educators.
- Employ a variety of educational methods and materials.

## Public Health B.S. - Concentration: Health Services Administration

### About the Program

If you are interested in a rewarding career that allows you to improve the lives of others while working in a rapidly changing field, you should consider a career in health administration.

The Health Department at East Stroudsburg University provides diverse opportunities for students interested in health administration. The curriculum and experiences also provide a solid foundation for students wishing to pursue graduate school training.

At ESU, students receive innovative academic preparation, with an emphasis on public health practice, public administration and management theory and extensive applied experiences within professional settings. The Public Health degree with a concentration in Health Services Administration provides broad exposure to the health sciences, as well as the natural and social sciences.

Upon completion of the degree programs, students are prepared to assess community needs, and design, implement and manage health and medical programs that promote health and prevent disease. The curriculum provides students with the opportunity to network with practicing professionals.

### Degree Options:

The Health Services Administration program is designed to prepare students for administrative careers in an expanding healthcare field.

The program is interdisciplinary, so students take courses in three departments: Health, Political Science, and Economics.

- **Bachelor of Science in Public Health with a concentration in Health Services Administration** – A 44-credit interdisciplinary major that provides students with the educational foundation for careers in health administration, delivery, and policy.
- **Health Administration Minor** – An 18-credit program that provides students enrolled in other majors with a general understanding of health administration.

#### Are you interested in...

- Planning, coordinating, directing, and supervising healthcare delivery
- Managing a medical facility/clinical department
- Improving the quality of care and efficiency in healthcare facilities

#### Choose Health Services Administration at ESU

- Small class size
- Qualified, experienced faculty
- Practical internships

#### Is health services administration a career path for me?

##### Career Potential

- Students who graduate with training in health services administration can find career opportunities in administration or resource development in the public or private sectors of health service delivery, and can specialize in planning, organization, policy formation and analysis, finance, economics, and marketing. Health service administrators play a leadership role in regional, state, national, and international agencies and organizations. Students who graduate from our programs can enjoy successful careers in a variety of settings.

##### Career Settings

- Ambulatory clinics
- Hospital inpatient and outpatient departments
- Managed care organizations
- Insurance and pharmaceutical companies
- Administrators in training for long-term care
- Consulting firms
- Government agencies
- Nonprofit agencies
- Pharmaceutical companies

*More detailed career information is available from the department.*

##### Internships

Students in the Bachelor of Science program have the opportunity to complete internships with major health care facilities throughout the northeast. Student internship sites include:

- Government agencies: federal, state and local health departments;
- Medical centers, hospitals and other health care institutions;

- Community coalitions and health improvement programs;
- Not-for-profit organizations (i.e., American Cancer Society, American Red Cross); and
- Worksite wellness and health promotion programs for employees.

#### PROGRAM FEATURES

72 credits with cognate

The Health Service Administration concentration is an interdisciplinary program that provides the educational foundation for careers in health services administration, delivery and policy.

The program prepares students to work in the challenging healthcare sector in the administration of health services. The program prepares students for careers that make a significant contribution to improving the health of communities. The program consists of courses from the Economics Department, the Political Science Department, and the Health Department.

The program is designed to prepare students to enter careers in healthcare delivery settings (hospitals, clinics, home health agencies), public health settings (county and state health departments or community-based organizations), in other allied health settings (nursing homes) or in the insurance segment (insurance companies and HMOs).

##### Required courses:

HLTH 210	Foundations of Health Science	3
HLTH 230	Community Health	3
HLTH 261	Foundations of Epidemiology in Public Health	3
HLTH 271	Environmental Determinants of Community Health	3
HLTH 280	Fundamentals of Health Administration	3
HLTH 370	Planning and Evaluation in Public Health Practice	3
HLTH 381	Health Economics and Finance	3
HLTH 382	Health Ethics and Law	3
HLTH 386	Pre-Practicum in Public Health Practice	3
HLTH 412	Computer Applications in Public Health	3
HLTH 415	Determinants of Disease	3
HLTH 440	Modifying Health Behaviors	3
HLTH 470	Global Public Health	3
HLTH 486	Field Experience and Internship	1 - 15
BIOL 117	Human Anatomy and Physiology I Laboratory for the Health Sciences	1

**Health Services Administration Minor****PROGRAM FEATURES**

18 credits

This minor is designed for students planning to enter public health careers. Enrollment in a major related to public health is strongly recommended. Some of these courses offered by other departments are scheduled on an every other year basis.

*Required courses:*

MGT 200	Principles of Management	3
HLTH 280	Fundamentals of Health Administration	3
HLTH 381	Health Economics and Finance	3
POLS 293	Public Policy and Administration	3
OR		
POLS 160	GN: Introduction to Public Administration	3

*Co-requisite courses:*

6 credits from:

HLTH 261	Foundations of Epidemiology in Public Health	3
HLTH 271	Environmental Determinants of Community Health	3
HLTH 380	Public Health Grant Writing	3
HLTH 382	Health Ethics and Law	3
POLS 416	Administrative Law	3
POLS 467	Public Personnel Administration	3
POLS 468	Strategies for Policy Analysis	3
MGT 204	Principles of Marketing	3

MGT 211	Financial Accounting Fundamentals	3
---------	-----------------------------------	---

*Required quality point average:*

2.00 for the seven courses.

### Drug Abuse Prevention Certificate

#### PROGRAM FEATURES

15 credits

*Required courses:*

SPRE 100	Foundations of Human Services	3
HLTH 230	Community Health	3
HLTH 355	Drug Abuse and Prevention Education	3
HLTH 370	Planning and Evaluation in Public Health Practice	3
HLTH 440	Modifying Health Behaviors	3

**Subtotal: 15**

### Environmental Health Certificate

The Environmental Health Certificate program provides a foundation in public health training for students who would like to obtain a focus area in environmental health, such as students in sociology, psychology, criminology, biology and chemistry.

#### PROGRAM FEATURES

15 credits

*Required Courses:*

BIOL 104	GN: Human Ecology	3
HLTH 230	Community Health	3
HLTH 261	Foundations of Epidemiology in Public Health	3
HLTH 271	Environmental Determinants of Community Health	3
POLS 255	Issues in American Public Policy	3

### Global Health Certificate

#### PROGRAM FEATURES

15 credits

*Required courses:*

POLS 117	GN: Introduction to Global Politics	3
HLTH 230	Community Health	3
HLTH 370	Planning and Evaluation in Public Health Practice	3
HLTH 470	Global Public Health	3
SOC 280	Sociological Perspectives in Globalization	3

**Subtotal: 15**

### Health Emergency Preparedness Certificate

#### PROGRAM FEATURES

15 credits

*Required courses:*

MGT 200	Principles of Management	3
HLTH 240	Health Emergencies	3
HLTH 271	Environmental Determinants of Community Health	3
HLTH 370	Planning and Evaluation in Public Health Practice	3
HLTH 401 /HLTH 501	Public Health Preparedness	3

**Subtotal: 15**

### Health Project Management Certificate

#### PROGRAM FEATURES

15 credits

*Required courses:*

CMST 126	GN: Introduction to Mass Media	3
MGT 200	Principles of Management	3
MGT 211	Financial Accounting Fundamentals	3
HLTH 370	Planning and Evaluation in Public Health Practice	3
HLTH 380	Public Health Grant Writing	3

**Subtotal: 15**

### Medical Marijuana and Public Health

#### PROGRAM FEATURES

12 credits

*Required Courses:*

MGT 264	Managing a Marijuana-based Business	3
PHIL 121	GN: Bioethics	3
HLTH 205	Medical Cannabis: Impact and Effects	3
HLTH 206	Public Health and Cannabis	3

**Subtotal: 12**

### Nutrition Certificate

The Nutrition Certificate is an interdisciplinary program that will emphasize evidence-based nutritional guidelines for health and sport. This will provide undergraduate students the opportunity to explore nutrition as it relates to healthy populations, obesity, disordered eating, and sport performance. Undergraduate students may add this certificate at any point in their curriculum. This certificate is available to students of any major or department on campus.

Objectives of the Nutrition Certificate:

- Students will understand the fundamentals of basic nutrition and food systems.
- Students will understand the role of nutrition in health, well-being, disease prevention, and sport performance.
- Students will demonstrate the ability to research and communicate evidence-based nutrition information.
- Students will understand the importance of integrating nutritional principles into their disciplines across a variety of professions.

## PROGRAM FEATURES

14 credits

### Required Courses

HLTH 340	Nutrition: Concepts and Controversies	3
HLTH 410	Life Cycle Nutrition	3
EXSC 447	Sports Nutrition	3
EXSC 452	Exercises and Weight Control Workshop	2
EXSC 496	Sports Nutrition Practicum	3
OR		
HLTH 430	Public Health Nutrition	3

## Health Studies Faculty

### Professors:

Kelly Boyd (kboyd@esu.edu)

Kimberley Razzano, Chair (krazzano@esu.edu)

Steve Shive (sshive@esu.edu)

### Associate Professor:

Clare Lenhart (clenhart1@esu.edu)

Christine Fisher (cfisher@esu.edu)

### Instructors:

Christina Brecht (cbrecht@esu.edu)

## HLTH - Health Courses

### HLTH 205 - Medical Cannabis: Impact and Effects (3 credits)

This course addresses the current research and evidence for the medicinal use of marijuana products. An exploration of the therapeutic effects on diseases and human health will be addressed.

### HLTH 206 - Public Health and Cannabis (3 credits)

This course addresses the cultivation, extraction, and standardization of cannabis chemicals, current research methodology unpinning the medical benefits claims of various forms of medical marijuana, and cannabis use as it relates to Public Health policy and implications. Students will also participate in a practicum related to cannabis commercialization.

### HLTH 210 - Foundations of Health Science (3 credits)

The historical and philosophical perspectives of the development of health science will be discussed in this course. A comparison will be

made of the major concepts and theories of health and characteristics of health education programs in schools and communities.

Distribution: Info. Literacy and Technology (I) | . Prerequisite: HLTH 230.

### HLTH 215 - Skills Based Health Education (3 credits)

This course is an introduction to the skills-based approach to teaching health education. Using PA State Health Education Standards as the foundation of a comprehensive program, this course will lay the pedagogical foundation for the art and skill of teaching health education. Students will become familiar with skill-based teaching strategies, effective questioning, the value of routines, age appropriate curriculum, the use of technology, and extended opportunities for health education within the school. An essential part of the course is the application of skills-based teaching strategies to provide lesson segments/episodes. Classmates and the "Rockets" program will be used to provide hands-on teaching opportunities.

Prerequisite: Sophomore Status (29+ credits) and (HLTH 105 or HPLW 105).

### HLTH 220 - Personal and Consumer Health (3 credits)

This course deals with the identification of individual capability and responsibility for the development of attitudes and patterns of health behavior leading to a full and satisfied life. In addition, the course investigates the factors to be considered by a consumer purchasing products and services.

### HLTH 230 - Community Health (3 credits)

This course consists of an exploration of the current major community health problems, the programs for preventing and controlling health problems, and the various community organizations which deal with these problems.

### HLTH 240 - Health Emergencies (3 credits)

This course deals with training in life saving measures for all types of emergency situations with the opportunity to become certified in First Aid instruction and Cardiopulmonary Resuscitation (heart-lung resuscitation).

### HLTH 261 - Foundations of Epidemiology in Public Health (3 credits)

This course is an introduction to the basic principles, methods, and uses of epidemiology. An overview of fundamental epidemiologic methods used in public health research and practice will be covered. The student will be familiarized with basic measures used in describing disease frequency in populations. Descriptive and analytic approaches to the study of disease will be explored, and a perspective on the role of epidemiologic methods in health services planning and evaluation will be provided. Problem solving exercises will be used to provide students with an opportunity to tabulate data and apply subject matter developed during lectures and in reading assignments. Application of epidemiologic concepts to various health settings will be addressed.

### HLTH 271 - Environmental Determinants of Community Health (3 credits)

This course addresses the health issues, scientific understanding of causes, and control of the major environmental health

problems. Environmental pollutants; physical, chemical and biological agents of environmental contamination; vectors for dissemination (air, water, soil); solid hazardous waste; susceptible populations; biomarkers and risk analysis; the scientific basis for policy decisions; and emerging global environmental health problems will be addressed.

**HLTH 280 - Fundamentals of Health Administration (3 credits)**

This course is designed to acquaint students with fundamental concepts and methods of modern management in health care settings. Various administrative practices among private for-profit, not for profit, and public health agencies are covered with particular focus on common integral principles and responsibilities of administration.

Prerequisite: HLTH 220 or HLTH 230.

**HLTH 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**HLTH 310 - Family Health Education (3 credits)**

The course examines human sexual behavior from a historical and socio-psychological perspective. It also includes biological and psychosocial development from infancy to adulthood, sexual response, and sexual dysfunction. The goals of sex education and the need for discussing sexuality in the schools will be stressed. Curriculum development, content and implementation will be included.

Distribution: Advanced (ADVD). Prerequisite: HLTH 220.

**HLTH 330 - Introduction to Health Coaching (3 credits)**

This course explores the foundation for community health coaching. Students will consider obstacles to effective individual health care as well as strategies for enabling at-risk patients to play more active roles in promoting their health and well-being. Common chronic diseases processes and patient confidentiality will be discussed.

Distribution: Advanced (ADVD). Prerequisite: BIOL 111 or BIOL 116 or Equivalent .

**HLTH 331 - Health Coaching Practicum (1 credit)**

Students will serve as 'Health Coaches' by employing strategies for enabling assigned patients suffering from chronic diseases (diabetes, COPD, heart failure, etc) to pay attention tot heir health and well-being.

Distribution: Advanced (ADVD). Prerequisite: HLTH 330.

**HLTH 340 - Nutrition: Concepts and Controversies (3 credits)**

This course is an overview of the principles of nutrition including the food sources of essential nutrients, their digestion, absorption, metabolism and functions as they relate to human health and disease. Additional topics include dietary guidelines, energy balance and weight control, eating disorders, nutrition and the life cycle, food safety, and food systems.

Distribution: Advanced (ADVD). Prerequisite: HLTH 105 and BIOL 116.

**HLTH 341 - Nutrition Education (1.5 credits)**

This course is designed to prepare students in the health and physical education teacher certification program to teach the principles of

nutrition in the school setting. Emphasis will be placed upon methods and materials necessary for the teaching of nutrition in grades K-12.

*Major Registration Restriction: Health Education and Physical Teacher Education only*

Distribution: Advanced (ADVD). Prerequisite: BIOL 112 and HLTH 220.

**HLTH 350 - Promoting Emotional Well-Being (3 credits)**

This course focuses on emotional health and its relationship to all school-aged children. Primary emphases will be placed on recognizing factors influencing emotional well-being and development. In addition, considering all school-aged learners, recognition, development, and facilitation of methods related to constructive responses, positive personal and social skills, and emotional aspects of mental health will be examined.

Distribution: Advanced (ADVD). Prerequisite: Junior Standing (60+ Credits).

**HLTH 355 - Drug Abuse and Prevention Education (3 credits)**

The course examines relevant health issues of substance use and abuse in society. The course includes the historical, psycho-social, pharmacological, physiological, sociological, legal and rehabilitative aspects. The role of prevention programming is addressed.

Distribution: Advanced (ADVD). Prerequisite: HLTH 105 or HLTH 230.

**HLTH 356 - Drug and Alcohol Teacher Preparation (1.5 credits)**

This course provides future teachers with the understanding, information, attitudes, and skills for use in the application of primary prevention programs for drug abuse. Special emphasis will be placed on decision-making skills, coping behaviors, and interpersonal growth.

Distribution: Advanced (ADVD). Prerequisite: HLTH 105 or HLTH 220.

**HLTH 365 - School Health Programs (3 credits)**

This course deals with building leadership and collaboration skills to support a Coordinated School Health Program (CSHP) that will meet the needs of all children/adolescents in a school setting. Candidates will become familiar with national and state standards, nation at risk statistics, community resources, technology, health literacy, and communication skills to encourage healthy children/adolescents.

*Major Registration Restriction: Health Education and Physical Education only.*

Distribution: Advanced (ADVD).

**HLTH 370 - Planning and Evaluation in Public Health Practice (3 credits)**

The course serves as an introduction to the means of assessing the need for health education, the planning of health education, and the evaluation of the effects of health education. It includes selection and development of appropriate instruments of assessment/evaluation of both Community and School Health, and the theoretical foundations and practical applications of planning for health education.

Distribution: Advanced (ADVD) | Level II Writing (W2). Prerequisite: (HLTH 105 or HLTH 230) and ENGL 103.

**HLTH 380 - Public Health Grant Writing (3 credits)**

Student learn how to utilize health data to plan and develop grants. This course will address sources of funding for Public Health projects, steps in grant development and components of a grant project.

Distribution: Advanced (ADVD) | Level III Writing (W3) . Prerequisite: HLTH 105 and ENGL 103 and Any Level II Writing (W2) Course.

**HLTH 381 - Health Economics and Finance (3 credits)**

Students are acquainted with socioeconomic factors influencing the health care industry and the ways these factors influence health services development and health policy, regulation, and law. Students learn the history of health care financing in the United States and study comparative health systems and the effects of changing social and economic factors on the financing of health care.

Distribution: Advanced (ADVD). Prerequisite: HLTH 230 and HLTH 280 and ECON 111 and MGT 200.

**HLTH 382 - Health Ethics and Law (3 credits)**

The student learns how professional ethics and health law interrelate and how both influence the development and delivery of health services by governments and the private sector.

Distribution: Advanced (ADVD). Prerequisite: HLTH 230 or HLTH 280 or POLS 160 or POLS 293.

**HLTH 386 - Pre-Practicum in Public Health Practice (3 credits)**

This guided early field experience is designed to introduce students to the application of public health practice skills in a supervised setting. This practicum provides an introduction to various roles and competencies for community health education and health service administration in applied settings.

Distribution: Advanced (ADVD). Prerequisite: HLTH 210 and HLTH 230 and 6 additional credits in HLTH.

**HLTH 401 - Public Health Preparedness (3 credits)**

This course addresses public health preparedness and response to various natural disasters and emergencies, including, public health infrastructure, risk communication, chemical biological, nuclear, radiological and explosives terrorism threats and health policy and legislation.

Distribution: Advanced (ADVD). Prerequisite: HLTH 210 or HLTH 230 or HLTH 240. Crosslisted as: HLTH 501.

**HLTH 408 - Women's Health Concerns (3 credits)**

This course is designed to address the unique health concerns of women in today's society. Specific topics such as alcoholism, anorexia nervosa, premenstrual syndrome (PMS), domestic violence, child abuse, rape, menopause and many others will be included.

Distribution: Advanced (ADVD). Crosslisted as: HLTH 508.

**HLTH 409 - Health Counseling (1 credit)**

The purpose of this course is to provide health professionals with an introduction to counseling theory and the skills of counseling techniques. The course emphasis is on the use of counseling techniques to improve the quality of healthcare, facilitate health-related decision-making, and enhance the relationships between client and the health professional. Health behavior theory will also be addressed.

Distribution: Advanced (ADVD). Prerequisite: HLTH 370 and PSY 100.

**HLTH 410 - Life Cycle Nutrition (3 credits)**

This course explores the life stages of pregnancy, infancy, childhood, adolescence, and older adulthood from the physiological, social and behavioral perspectives. The focus will be on the special nutritional

needs of each life stage for optimal growth and development, maturation, aging and overall health and well being.

Distribution: Advanced (ADVD). Prerequisite: HLTH 105 and HLTH 340.

**HLTH 411 - Public Health Education Strategies (3 credits)**

This course provides an examination of health education learning theory, curriculum design & resources, lesson planning and assessment, and teaching strategies of health concepts in community settings. Students plan, develop, and evaluate a health education promotion lesson.

Distribution: Advanced (ADVD). Prerequisite: HLTH 230 and HLTH 370.

**HLTH 412 - Computer Applications in Public Health (3 credits)**

This course provides public health professionals with experience using selected software packages that are being used in public health practice to produce educational and social marketing materials, health messaging, develop surveys, create data field entries, analyze data, medical expenses, and other public health applications used in a variety of health organizations.

Distribution: Advanced (ADVD). Prerequisite: CPSC 100 and HLTH 230.

**HLTH 415 - Determinants of Disease (3 credits)**

This course will analyze the variables that impact the health of a population. It explores this dynamic by analyzing the multi-factorial relationship between diseases and biological, behavioral socioeconomic and cultural factors. Emphasis is placed on the role(s) health professionals play in addressing this complex relationship.

Distribution: Advanced (ADVD). Prerequisite: (BIOL 111 or BIOL 116 and BIOL 117) and HLTH 105.

**HLTH 430 - Public Health Nutrition (3 credits)**

The purpose of this course is to provide the knowledge and tools necessary for future public health practitioners to assist public and private agencies with nutrition program development, implementation and evaluation.

Distribution: Advanced (ADVD). Prerequisite: Junior Standing (60+ credits).

**HLTH 431 - Student Teaching in Health Education (5 - 12 credits)**

This experience consists of a semester of guided teaching experience in school health education both in an elementary and secondary placement. This field experience is designed to provide the candidate with the opportunity to develop and refine knowledge, skills and dispositions needed in a PK-12 setting. This experience focuses on candidates implementing units of instruction that are developmentally appropriate and provide a positive and effective learning experience for all learners.

Distribution: Advanced. Prerequisite: PSED150 AND PSED250 AND REED350.

**HLTH 440 - Modifying Health Behaviors (3 credits)**

This course is an overview of the major theoretical models used in public health for modifying health behaviors. This course examines efficacy of interventions in relation to current practices in public health. Best practices and applications of theory-driven health behavior change are studied within the context of community-based settings. The focus of the class is to identify the critical factors necessary to create health behavior changes in order to address the

Center for Disease Control and Prevention revised "Healthy People" goals and objectives.

Distribution: Advanced (ADVD). Prerequisite: HLTH 105 and HLTH 230.

**HLTH 442 - Human Sexuality and Reproductive Health (3 credits)**

This course provides a comprehensive overview and analysis of human sexuality and reproductive health as it relates to information, perceptions, and behaviors. The course explores various sexuality education paradigms and theories. Historical influences and cultural variation, the development of sex roles and their influence on sexual behavior will also be discussed. The development toward a positive physical, emotional and social viewpoint of sexuality will be emphasized.

Distribution: Advanced (ADVD). Prerequisite: HLTH 220 or HLTH 230 and Junior Standing (60+ credits).

**HLTH 450 - Public Health Nutrition (3 credits)**

The purpose of this course is to provide the knowledge and tools necessary for future public health practitioners to assist public and private agencies with nutrition program development, implementation and evaluation.

Distribution: ADV. Prerequisite: Advanced standing of 60 credits.

**HLTH 460 - Community Health Practice (3 credits)**

This course is designed to investigate the theories, principles, and practices of community organizations for health, techniques of group work, current research in community organizations, and examination of programs of community health agencies.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing (90+ Credits) and HLTH 230.

**HLTH 461 - Methods in Health Education (3 credits)**

This course is designed to acquaint students with a school health program, which involves health instruction, health services, and a healthy school environment. The major emphasis is focused upon the methods and materials which can be utilized for effective teaching of health content.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: HLTH 462 and PETE 343.

**HLTH 462 - Assessment in School Health Education (3 credits)**

This course is designed to provide the school health education candidate with the knowledge, dispositions and skills to assess the impact of health education on PK-12 student learning. Various types and methods of student assessment will be explored and practiced to create a learning environment that is supportive for all student success. The candidate will be provided the opportunity to participate in a professional development school experience to demonstrate assessment skills.

Distribution: Advanced (ADVD). Corequisite: HLTH 461.

**HLTH 470 - Global Public Health (3 credits)**

The course is designed to familiarize the student with international health problems and the social, physical, emotional, and spiritual complexities related to changing health status. Emphasis is placed on how change instituted for improvement of physical health may positively or negatively affect the total well being of people.

Examination of international health organizations and programs is included.

Distribution: Advanced (ADVD) | Info. Literacy and Technology (I) . Prerequisite: HLTH 230 and Senior Standing (90+ credits).

**HLTH 482 - Health Leadership and Strategic Management (3 credits)**

This course familiarizes students with theories of personnel supervision, leadership style, and the application of behavioral sciences and techniques of strategic planning in organizational development and work group behavior, and different modes of administrative decision making.

Distribution: Advanced (ADVD). Prerequisite: HLTH 230 and HLTH 280 and HLTH 380 and HLTH 381.

**HLTH 485 - IS: (1 - 6 credits)**

With the guidance of a faculty member of the Health Department, the student pursues a pattern of readings, study, and research related to professional knowledge and understanding in health science. Topics should be established prior to enrollment.

Distribution: Advanced.

**HLTH 486 - Field Experience and Internship (1 - 15 credits)**

With the guidance of a faculty member of the Health Department, the student pursues a pattern of readings, study, and research related to professional knowledge and understanding in health science. Topics should be established prior to enrollment.

Distribution: Advanced. Prerequisite: HLTH 230 and HLTH 386.

**HLTH 499 - School Health Education Internship (1 credits)**

This course is designed to provide the candidate with an opportunity to work with a Health Education Content Specialist during the student teaching experience. The course will enhance the candidate's ability to understand and maximize the relationship between the disciplinary subject matter and pedagogy. The candidate will implement units of instruction that are supportive of all students.

Distribution: Advanced (ADVD). Corequisite: HLTH 431 and PETE 440.

#### **About the History and Geography Department**

We pride ourselves on being a teaching-focused institution with scholars who also contribute publications in their specific field of history. Our faculty offers a diverse range in courses.

The department's most popular track is the Social Studies Secondary Education concentration. The program is highly valued because of its balanced combination of content, pedagogy, and high job placement level.

#### **About the Program**

The Bachelor of Arts in History program affords students the unique experience of working closely with professors in a small setting, while

allowing them to pursue a degree that meets their personal needs so they will be prepared for a fulfilling career.

We offer two concentrations: American and World History, and Secondary Education Social Studies.

## History B.A. - Secondary Education Social Studies Certification

### PROGRAM FEATURES

129 credits

*Bachelor of Arts requirements in History (37 credits):*

*Two of the following:*

HIST 111	GN: World History to 1500	3
HIST 112	GE: Modern World Civilization, 1300-1914	3
HIST 113	GN: World History since 1500	3

*Two of the following:*

HIST 141	GN: United States History to 1877	3
HIST 142	The United States as a Developing Nation in the Nineteenth Century	3
HIST 143	GN: United States History since 1877	3

*One of the following:*

HIST 272	GN: Modern European History	3
HIST 384	The Third Reich: From Hitler to the Holocaust	3

HIST 371	Medieval and Renaissance Europe, 500-1500	3
HIST 382	Modern Britain	3
HIST 473	Modern Germany	3

*One of the following:*

HIST 115	GN: History Non-Western World	3
HIST 313	China: History and Politics	3
HIST 314	Japan and the Rimland of East Asia	3
HIST 330	South Asia	3
HIST 343/POLS 343	The Middle East	3
HIST 363	Modern Latin America	3
HIST 352	History of Pennsylvania	3
HIST 390	Seminar I: Introduction to Historical Methodology	3
HIST 495	Seminar: Historical Research and Presentation	3
HIST 499	Student Teaching Internship	1

Nine additional credits in History.

*Required Social Science courses (21 credits):*

POLS 111	GN: Principles of Political Science	3
	one POLS elective (200-level or above)	3
ECON 111	GN: Principles of Macroeconomics	3
SOC 111	GN: Introduction to Sociology	3
GEOG 130	GN: World Regional Geography	3
ECON 112	GN: Principles of Microeconomics	3
SOC 102	GN: Introduction to Cultural Diversity	3

POLS Elective: (200 level or above)

*Required Education courses (36 credits):*

PSED 150	Introduction to Teaching All Students	6
PSED 250	The Psychology of Learners In Diverse Communities	3
REED 350	Teaching Reading to Communities of Diverse Learners	3
SPED 350	Assessment of Student Learning and Behavior in Diverse Communities	3
PSED 420	Seminar in Secondary Education I: Instructional Structures and Strategies	3
PSED 421	Seminar in Secondary Education II: Teaching Secondary Students In Diverse, Inclusive Classroom	3
PSED 430	Student Teaching in Secondary Education   Middle and Junior High School	6

PSED 431	Student Teaching in Secondary Education/ Senior High School	6
PSED 458	Teaching of Social Studies in the Secondary Schools	3

*Additional Requirements:*

All Social Studies Certification students must take:

PSY 100	GN: General Psychology	3
---------	------------------------	---

two Math courses and one English Literature course.

### Accelerated Pathway from B.A. in History to M.A. in History

**Accelerated Pathway:** History students may complete an accelerated pathway through the Bachelor of Arts (BA) in History to Master of Arts (MA) in History. This accelerated pathway allows qualified undergraduate students to take up to six (6) graduate credits of coursework that will apply to both the undergraduate and graduate degrees.

To qualify for the History accelerated pathway a student must have earned at least ninety (90) undergraduate credits and have an overall GPA of 3.00. Students will need to obtain the approval of the History Department Chair and the History graduate program coordinator to participate in the accelerated pathway.

Students in the accelerated pathway can take no more than three (3) graduate credits per semester.

**Additional Requirement:** A student must have obtained a grade of "B" or higher in the graduate course in order for it to count towards the graduate degree program, while a grade of "C" or higher is necessary in order for it to count towards the undergraduate degree program.

### History Minor

#### PROGRAM FEATURES

18 credits

Required courses:

At least one course in each of three areas: United States History, European History, and Area Studies/World History; nine additional credits of History.

**Note:** Nine credits of coursework must be at 300-400 level.

### History Faculty

#### Professors:

Christopher Brooks (cbrooks@esu.edu)

Shannon Frystak (sfrystak@esu.edu)

Michael Gray (mpgray@esu.edu)

#### Associate Professors:

Christopher Dudley (cdudley@esu.edu)

Erin O'Donnell (eodonnell@esu.edu)

**Assistant Professor:**

Don Delliprisoli, Chair (ddelliprisoli@esu.edu)

## **HIST - History Courses**

---

### **HIST 111 - GN: World History to 1500 (3 credits)**

This course focuses on world history from the beginning of recorded history in the first cultures and civilizations to 1500. Particular attention will be given to the historical interconnections of global societies in their initial and ongoing stages of political, economic, religious, cultural and philosophical development up to the early modern era.

Distribution: GN: Group C - History (CHI) | Global Diversity/Citizenship (G) | GE: Social Sciences - History (SSHI).

### **HIST 113 - GN: World History since 1500 (3 credits)**

This course covers the history of the world from 1500 to the present, a period of increasing global contact, interaction, and conflict. It emphasizes themes associated with the major changes of the period: globalization, imperialism, industrialization, and revolution.

Distribution: GN: Group C - History (CHI) | Global Diversity/Citizenship (G) | GE: Social Sciences - History (SSHI).

### **HIST 115 - GN: History Non-Western World (3 credits)**

This course traces developments in Asia, Africa, and Latin America from the colonial era to independence. Special emphasis is given to the diverse cultures in the non-western world and their interaction with the west.

Distribution: GE: Social Sciences - History (SSHI) | GN: Group C - History (CHI) | Global Diversity & Citizenship (G).

### **HIST 141 - GN: United States History to 1877 (3 credits)**

This course will guide students from American colonization and the Revolutionary era into the founding of the Federal Republic and through Jacksonian Democracy, sectional compromise and conflict, culminating with the Civil War and Reconstruction. Strong emphasis will be placed on political problems, economic development, social changes, immigration, western expansion and military conflicts.

Distribution: GN: Group C - History (CHI) | Global Diversity/Citizenship (G) | GE: Social Sciences - History (SSHI).

### **HIST 143 - GN: United States History since 1877 (3 credits)**

This course is an overview of the history of the United States from the Reconstruction through the 20<sup>th</sup> Century. This course studies significant eras in American history such as Industrialization, Populism, the Progressive Era, WW I and the New Imperialism, the Great Depression and the New Deal, WW II, the Cold War, the Modern Civil Rights Movement, the "sixties," and the Conservative Resurgence and rise of the New Right at the end of the 20<sup>th</sup> Century.

Distribution: GN: Group C - History (CHI) | Global Diversity/Citizenship (G) | GE: Social Sciences - History (SSHI).

### **HIST 230 - South Asia (3 credits)**

This is a study of Western Culture traditions in the Middle East and the rise and fall of the Greco-Roman World with special emphasis on political institutions, intellectual ideas, religious, artistic and literary achievements.

Distribution: Advanced (ADVD). Prerequisite: HIST 111 or HIST 112 or HIST 113 or HIST 115.

### **HIST 241 - American Colonial History (3 credits)**

This course is an in-depth study of the colonial period. It stresses developments that later contributed to the growth of the United States.

Distribution: GE: Social Sciences - History (SSHI) | . Prerequisite: HIST 112 or HIST 141.

### **HIST 253 - Women in American History (3 credits)**

This course is a study of the role of women in American history from colonial times to the present.

Distribution: GE: Social Sciences - History (SSHI) | Level II Writing (W2) . Prerequisite: HIST 141 or HIST 142 or HIST 143 or HIST 144.

### **HIST 272 - GN: Modern European History (3 credits)**

This course presents modern Europe from the era of the Enlightenment through nineteenth-century revolutions, World War I, the rise of Bolshevism and Fascism, World War II, the Cold War, NATO and the Warsaw Pact, the political and economic impact and historical implications of those earlier events on the development of the EU.

Distribution: GN: Group C - History (CHI) | Global Diversity/Citizenship (G) | GE: Social Sciences - History (SSHI).

### **HIST 278 - History of Everyday Life (3 credits)**

This course explores changes in the everyday activities of common people. It deals with leisure, entertainment, sports, health, sexual mores, popular religion, urban and suburban life, non-elite mass media, the social effects of modern transportation, and other selected topics.

Distribution: GE: Social Sciences - History (SSHI).

### **HIST 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

### **HIST 313 - China: History and Politics (3 credits)**

This is a study of China since traditional times examining political, cultural, and economic aspects of it's society up to the present and its influence on East Asia and the world.

Distribution: Advanced (ADVD) | GE: Social Sciences - History (SSHI) . Prerequisite: HIST 111 or HIST 112 or HIST 113 or HIST 115.

### **HIST 314 - Japan and the Rimland of East Asia (3 credits)**

This course presents the historical and cultural evolution of Japan, Korea, and the nations of Southeast Asia and their contemporary government and society.

Distribution: Advanced (ADVD) | GE: Social Sciences - History (SSHI). Prerequisite: HIST 111 or HIST 112 or HIST 113 or HIST 115.

### **HIST 320 - Introduction to Public History (3 credits)**

The focus of this area of study is to promote the subject of public history as a way of offering a new dimension to the study of history. Public history will be examined through the exploration of the role of museums and historic sites, and by studying their purposes, practices and relationships to the scholar and classroom educator.

Distribution: Advanced (ADVD). Prerequisite: (HIST 111 or HIST 112 or HIST 113) and 2 of the following (HIST 141 and/or HIST 142 and/or HIST 143 and/or HIST 144).

**HIST 321 - African American History to 1865 (3 credits)**

This course covers African-American history from colonization of the Americas to the end of the Civil War. Covered topics include Africans and the slave trade, origins of American slavery and racism, origins of African-American culture, the slave family, roots of resistance, abolitionism and African-American's in the Civil War.

Distribution: Advanced (ADVD). Prerequisite: HIST 141 or HIST 142.

**HIST 322 - African American History since 1865 (3 credits)**

This course examines the African-American narrative from the Reconstruction era through the Modern Civil Rights movement to the present day. Emphasis is placed on black social and political thought and action. Topics covered include the role of black intellectuals, black working-class politics, the Great Migration, Pan-Africanism, black radicalism, black feminism, and the various issues confronting the black community in the 21st Century.

Distribution: Advanced (ADVD). Prerequisite: HIST 143.

**HIST 323 - The Gilded Age and Progressive Era (3 credits)**

This course explores the major themes and issues in American history from the end of Reconstruction to the United States entry into World War I (1877 to 1917). Some of the topics covered in this course will be industrialization and its impact on the United States, the populace and progressive movements, how the United States became an imperial power and how questions of race and ethnicity shape American culture and politics.

Distribution: Advanced (ADVD). Prerequisite: HIST 142 or HIST 143.

**HIST 326 - History of the Civil Rights Movement in America (3 credits)**

This course examines, in depth, the modern black struggle for equality in the United States. Attention will be devoted to the legislative, social, economic, and political aspects of the movement from the perspective of those at the grassroots as well as the national levels.

Distribution: Advanced (ADVD). Prerequisite: HIST 143.

**HIST 330 - South Asia (3 credits)**

This course examines the social, political, and cultural history of the South Asian subcontinent in the modern period. Topics discussed will include the establishment and consequences of foreign rule, the rise of nationalism and the partition of the subcontinent.

Distribution: Advanced (ADVD). Prerequisite: HIST 111 or HIST 112 or HIST 113 or HIST 115.

**HIST 340 - Origins of the American Republic (3 credits)**

This course is an intensive study of the origins of the United States Constitution, beginning with the 1750s. The struggle over ratification of the Constitution and the creation of the Bill of Rights also receive their due. This course will further include a close examination of the Federalist Papers and the Anti-Federalist papers.

Distribution: Advanced (ADVD). Prerequisite: HIST 141.

**HIST 341 - U.S. Military History (3 credits)**

This course is a study of the development of American military institutions, policies, and traditions from colonial times to the present.

Emphasis is on the strategic and tactical deployment of our armed forces in war and peace.

Distribution: Advanced (ADVD) | GE: Social Sciences - History (SSHI) . Prerequisite: HIST 141 or HIST 142 or HIST 143 or HIST 144.

**HIST 342 - Civil War and Reconstruction (3 credits)**

This course examines the major events, battles, and leaders of the Civil War, Union and Confederate, and the outcome of the conflict. The Reconstruction period is studied with emphasis on the political, social, and economic conflicts of the era and the reasons for the failure of Reconstruction.

Distribution: Advanced (ADVD). Prerequisite: HIST 141 or HIST 142.

**HIST 343 - The Middle East (3 credits)**

This is an introductory survey of ancient civilization and an intensive study of growth and effects of colonialism and imperialism. Emphasis is placed on cultural backgrounds and the revolutionary nationalism of the modern period, and discussion of contemporary events.

Distribution: Advanced (ADVD). Prerequisite: HIST 111 or HIST 112 or HIST 113 or HIST 115. Crosslisted as: POLS 343.

**HIST 344 - Frontier History (3 credits)**

This course is a study of the movement of the American Frontier from colonial times to 1890. Emphasis is placed on the impact of the changing frontier on Native Americans, westward expansion, the development of the various forms of transportation, and the environmental factors which contributed to the rise of the conservation movement.

Distribution: Advanced (ADVD). Prerequisite: HIST 141 or HIST 142 or HIST 143 or HIST 144.

**HIST 346 - History of Urban America (3 credits)**

This course provides an examination of the growth and transformation of the American city from the colonial period to the present; attention focuses on the evolution of political and economic institutions, social change, technological innovations, planning theories, and reactions of sensitive observers to the process of urbanization as expressed in imaginative literature and scholarly studies.

Distribution: Advanced (ADVD) | GE: Social Sciences - History (SSHI) . Prerequisite: HIST 141 or HIST 142 or HIST 143 or HIST 144.

**HIST 347 - American Business History (3 credits)**

This course traces the growth and development of American business from the late 18th century to the present. Emphasis is placed on the transportation revolution, labor, technology, the impact of the Civil War, modern industrialization, trusts and antitrust movements, unionization, the Great Depression, World War II, and the problems of contemporary business.

Distribution: Advanced (ADVD) | GE: Social Sciences - History (SSHI). Prerequisite: HIST 141 or HIST 142 or HIST 143 or HIST 144.

**HIST 350 - Evolution of Western Capitalism (3 credits)**

This course traces the origins and development of capitalism, the defining economic institution of the modern world. This course focuses on Europe, but also considers capitalism as a global phenomenon. Emphasis is placed on the industrial revolution, patterns of development, strategic sectors, the role of the state, the

economic consequences of war, and the development of global markets.

Distribution: Advanced (ADVD). Prerequisite: HIST 111 or HIST 113.

**HIST 352 - History of Pennsylvania (3 credits)**

This course will cover the development of Pennsylvania from the period of exploration and colonization to the present and its inter-relationships with the rest of the country.

Distribution: Advanced (ADVD). Prerequisite: HIST 141 or HIST 142 or HIST 143 or HIST 144.

**HIST 354 - African Americans and the Courts (3 credits)**

This course places African-American History within the broader context of United States History via the lens of the United States judiciary. Major precedent will be the primary focus, beginning with the legal state of those of African descent in colonial America through the different roles taken by African-Americans in the 1990s.

Distribution: Advanced (ADVD). Prerequisite: HIST 141 or HIST 142 or HIST 143.

**HIST 355 - United States Constitutional History and Law (3 credits)**

This course investigates distinguishing aspects of the American constitutional system; judicial processes and decisions of major cases of the United States Supreme Court; interpretation of the fourteenth and other amendments; and evaluation of the contemporary court from a topic perspective.

Distribution: Advanced (ADVD). Prerequisite: HIST 141 and POLS 211.

**HIST 357 - History of the Supreme Court: 1789-1914 (3 credits)**

This course examines the history of the Supreme Court beginning with the Court under John Jay to Melville W. Fuller. Relevant topics include the lives and contributions of the more influential Justices and how the institution has changes over time.

Distribution: Advanced (ADVD). Prerequisite: HIST 141 or HIST 142.

**HIST 359 - Labor History and Industrial Relations (3 credits)**

This course examines the roles of labor and management in industrial relations with special references to labor history, wage-rate determination, collective bargaining, and government intervention into labor relations. The implications of the changing structure of the American economy are analyzed.

Distribution: Advanced (ADVD). Prerequisite: (ECON 111 or ECON 112) and (HIST 141 or HIST 142 or HIST 143 or HIST 144). Crosslisted as: MGT 359.

**HIST 360 - Latinos in Modern America (3 credits)**

This course explores the historical experiences of the peoples from Latin America and the Spanish-speaking Caribbean, and those of their descendants, in the modern United States. The focus of the course will be to compare and contrast the twentieth-century experiences of the four largest Latino populations: those who can trace their heritage to Mexico, Puerto Rico, Cuba and the Dominican Republic.

Distribution: Advanced (ADVD). Prerequisite: HIST 143 or HIST 144.

**HIST 362 - Colonial Latin America (3 credits)**

This course examines the history of Latin America during the colonial era. It traces the Iberian conquest and colonization, the emergence of

colonial societies, and the end of colonial rule in the early nineteenth century. The course focuses on such key themes as religious conversion, slavery, racial and gender relations, reform, and revolution.

Distribution: Advanced (ADVD). Prerequisite: HIST 111 or HIST 112 or HIST 113 or HIST 141.

**HIST 363 - Modern Latin America (3 credits)**

This course provides an examination of modern Latin America. It focuses on the process of nation-building during the nineteenth century and the rise of reformist, revolutionary and military movements in the twentieth century. The course places emphasis on selected themes such as gender and racial relations, populism, liberalism, revolution, and democracy.

Distribution: Advanced (ADVD). Prerequisite: HIST 111 or HIST 112 or HIST 113 or HIST 115.

**HIST 371 - Medieval and Renaissance Europe, 500-1500 (3 credits)**

This course traces the history of Europe from the fall of the Roman Empire to the Reformation. Topics covered include origins of the European States, the feudal system, Church-State relations, international relations, origins of the universities, scholasticism, literature and arts, the Renaissance of the 14th and 15th centuries.

Distribution: Advanced (ADVD). Prerequisite: Junior Standing (59+ credits) and (HIST 111 or HIST 112).

**HIST 372 - Reformations and European Wars of Religion (3 credits)**

This course examines religious change and conflict in early modern Europe (1500 to 1700) with the goal of explaining the development of modern relationships among religion, society, and the state. Topics include the theological reforms of Luther, Calvin, and the Council of Trent; social conflict surrounding these new ideas; and the wars of religion, especially civil wars in France, Germany, and England and the Thirty Years War.

Distribution: Advanced (ADVD). Prerequisite: HIST 111 or HIST 112 or HIST 141.

**HIST 382 - Modern Britain (3 credits)**

This course stresses the growth of modern industrial Britain from 1760 with emphasis on social and economic factors of growth, the position of Britain as a world power, the development of the cabinet system, and the emergence of modern social and political reform, including the welfare state. Britain's role in world affairs is analyzed along with her changing status in contemporary Europe.

Distribution: Advanced (ADVD) | GE: Social Sciences - History (SSHI) . Prerequisite: HIST 112 or HIST 113 or HIST 141 or HIST 142 or HIST 144.

**HIST 383 - Modern European Revolutions (3 credits)**

This course compares two great European revolutions, the French Revolution that began in 1789 and the Russian Revolution that began in 1917, in order to explain the dynamics of modern revolutions in general. It proceeds topically, examining similar issues from the two revolutions side-by-side to facilitate comparison.

Distribution: Advanced (ADVD). Prerequisite: HIST 112 or HIST 113.

**HIST 384 - The Third Reich: From Hitler to the Holocaust (3 credits)**

This is an interpretive survey of Europe during the Hitler era centered on the history of Nazi Germany. Topics covered include the origins of National Socialism, Adolf Hitler, Nazi political and social revolutions, the S.S. terror system, the Nazi "new order" in Europe, the Holocaust, and the Nuremberg Trials.

Distribution: Advanced (ADVD) | GE: Social Sciences - History (SSHI). Prerequisite: HIST 112 or HIST 113.

**HIST 390 - Seminar I: Introduction to Historical Methodology (3 credits)**

This course is required of History majors who have completed 12 credits in history. It is writing intensive and introduces basic research techniques in primary and secondary sources. The course also surveys historical literature and examines conflicting historical interpretations and approaches.

*Registration Restriction: History Majors Only*

Distribution: Advanced (ADVD) | Level II Writing (W2). Prerequisite: ENGL 103.

**HIST 401 - History of Political Correctness and Neomarxism (3 credits)**

This course is a study of the ideological origins of political correctness. Topics include the history of thinking in the latter twentieth century (e.g. Neo-Marxism, Post-Structuralism, Post-Modernism, Deconstructionism) and how this manner of thinking became commonplace in public discourse.

Distribution: Advanced (ADVD). Prerequisite: Select [2] from (HIST 141 and/or HIST 143 and/or HIST 272).

**HIST 473 - Modern Germany (3 credits)**

This course studies the Napoleonic impact, the Prussian reform movement, romanticism, liberalism, and nationalism in Germany, the Revolutions of 1848, the age of Bismarck, the Wilhelminian period, World War I, the Weimar Republic, the Nazi revolution, World War II, and the post war era. Emphasis is on political, cultural, and economic changes, 1789 to the present.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing (90+ credits).

**HIST 485 - Independent Study (3 credits)**

Independent study is designed to provide in-depth coverage of subject matter not covered in courses offered by the Department and must be justified to meet a specific need. A student wishing to take independent study should discuss the plan first with his/her adviser and then with a member of the Department. If a faculty member agrees to supervise the study, the proposal will be submitted to the chair of the Department. The chair, after acting on the proposal, shall present it to the Department for action. It will then be transmitted to the dean of the college.

Distribution: Advanced (ADVD).

**HIST 486 - Field Experience and Internship (1 - 15 credits)**

Independent study is designed to provide in-depth coverage of subject matter not covered in courses offered by the Department and must be justified to meet a specific need. A student wishing to take independent study should discuss the plan first with his/her adviser

and then with a member of the Department. If a faculty member agrees to supervise the study, the proposal will be submitted to the chair of the Department. The chair, after acting on the proposal, shall present it to the Department for action. It will then be transmitted to the dean of the college.

Distribution: Advanced.

**HIST 495 - Seminar: Historical Research and Presentation (3 credits)**

This course is required of seniors majoring or minoring in history. Students must write and defend a research paper that shows a grasp of historical logic and exposition. The course also covers historiography and the major schools of historical thought.

Distribution: Information Literacy/Technology (I) | Level III Writing (W3) | Advanced. Prerequisite: ENGL 103.

**HIST 499 - Student Teaching Internship (1 credit)**

This course is designed to provide the student with an opportunity to work with a faculty member in the student's primary Arts and Sciences discipline during the student teaching experience. The course will enhance the student's ability to understand and maximize the relationship between disciplinary subject matter and pedagogy.

Distribution: Advanced (ADVD). Corequisite: PSED 430 or PSED 431.

## Hotel, Restaurant and Tourism Management

### College of Business and Management

#### Department of Hospitality, Recreation & Tourism Management

Gessner Building  
570-422-3511  
[www.esu.edu/hrtm](http://www.esu.edu/hrtm)

#### About the Program

The travel and tourism industry is one of the largest, most dynamic industries in the world. Students in the Hotel, Restaurant and Tourism Management program are introduced to this exciting industry and will be prepared to enjoy a successful career in the hospitality industry.

The Hotel, Restaurant and Tourism Management program offers a Bachelor of Science degree. All courses are taught by faculty who combine excellent academic credentials with a strong professional background.

The Hotel, Restaurant and Tourism Management program is further enhanced through activities supported by the hospitality industry. Students participate in hotel and restaurant shows, tour hospitality facilities, interact with industry professionals, attend career days, and conduct special projects for the industry. Students are encouraged to participate in department activities.

Students are required to complete an internship in the hospitality industry. The faculty supervised internship provides each student the

opportunity to apply the knowledge gained from their coursework in a professional industry setting. Students are encouraged to select an internship that meets their individual learning objectives. Information concerning internship and career opportunities may be acquired by contacting the Hotel, Restaurant and Tourism Management program.

#### Are you interested in ...

- Coordinating and planning events
- Organizing and directing resources
- Promoting and marketing an event
- Multitasking
- Working with people
- National and international travel

#### Choose Hotel, Restaurant and Tourism Management at ESU

- Small class size
- Internationally accredited program
- Practical field experiences through the department's internship and Career Path programs
- Qualified, experienced faculty

#### Is Hotel, Restaurant and Tourism Managements career path for me?

##### Career Potential

- Banquet Director
- Club Manager
- Lodging/Resort Manager
- Restaurant Manager
- Catering Director
- Event Planner
- Tourism Director
- Conference/Convention Coordinator

##### Career Settings

- Hotels
- Casinos
- Resorts
- Restaurants
- Country Clubs
- Convention Centers
- Airlines
- Cruise Lines
- Amusement Parks
- Institutional Food Service

*More detailed career information is available from the department.*

#### Accreditation

- The Hotel, Restaurant and Tourism Management program is accredited with the Accreditation Commission for Programs in Hospitality Administration.

#### Student Organizations

- Students are encouraged to participate in clubs.
- The Hotel/Restaurant Management Club is the largest and one of the most active organizations on the campus, providing opportunities to observe, learn and participate in related hotel and restaurant operations.
- The HRTM Tourism Club provides an added opportunity for students interested in a career in Tourism.
- The department also hosts a chapter of Eta Sigma Delta, the international scholastic honorary society for hospitality students.

#### Transfer Students

- Many students transfer from community colleges and other universities. We welcome your inquiries. More information about credit and course transfers is available from the Office of Admissions, 877-230-5547.

## Hotel, Restaurant and Tourism Management Minor

**PROGRAM FEATURES:**

18 credits

*Required courses:*

HRTM 101	Introduction to Hospitality, Recreation and Tourism Management	3
HRTM 211	Principles of Food and Beverage Management	3
HRTM 232	Principles of Travel and Tourism Management	3
HRTM 241	Principles of Lodging Management	3
HRTM __	Hotel Restaurant & Tourism Management courses 300 or 400 level	6

*Additional requirements:*

A minimum "C" grade is required in all minor courses. A minimum of 12 HRTM credits taken at ESU are required.

## Hotel, Restaurant and Tourism Management Faculty

**Professor:**

Stanley Li-Ming Chiang, Chair (lchiang@esu.edu)

**Assistant Professors:**

Frederick Meitner (fmeitner@esu.edu)

### HRTM - Hotel, Rest & Tourism Mgmt Courses

**HRTM 100 - Fundamentals of Business Data Analytics (3 credits)**

This course examines data analytics practices in the business world. Students will be exposed to the analytical process, how data is created, stored, accessed, and how business entity work and create to create an analytical environment.

**HRTM 101 - Introduction to Hospitality, Recreation and Tourism Management (3 credits)**

This course introduces the student to the scope, structure, historical development and current trends in the fields of hospitality, recreation and tourism management. The course includes an initial investigation into the requirements and responsibilities of a manager, the techniques used by managers, and career opportunities in the industries.

**HRTM 201 - Principles of Event Management (3 credits)**

This course is an introduction to the researching, planning, executing, marketing, budgeting, and evaluating of events. The course will explore the theories and practices associated with successful for-profit and not-for-profit events.

Prerequisite: HRTM 101.

**HRTM 205 - Data Wrangling (3 credits)**

This course provides an intermediate application on hospitality data sets using SAS software. Students will develop programming and statistical computing skills to address data management and advanced application in hospitality operation and data management. Upon completion of the course, students will be able to achieve the requirements of base SAS certificate in SAS basic programming, data cleaning, data visualization, result presentation, and low level statistics analyses.

Prerequisite: MATH 101 or MATH 110.

**HRTM 211 - Principles of Food and Beverage Management (3 credits)**

The culinary or skill development component focuses on accurate measurement, portion controls, recipe production, product yields, and inventory methods. Basic principles of serving safe, wholesome, tasty food to customers in food service operations through a systems approach to sanitation management provides students with the nationally recognized HACCP (hazard analysis critical control point) organization and safe food certification.

*This course is restricted to Hotel, Restaurant and Tourism Management majors.*

Prerequisite: HRTM 101 or Instructor Permission.

**HRTM 213 - Wine Appreciation and Wine Management (3 credits)**

This course introduces wines from major regions around the world including sparkling, white, rose, red, dessert, and fortified wine. Emphasis is placed on varietal differences, production methods, climate and weather impacts, beverage tasting and sensory analysis. Wine service is also explored, including alcohol regulations, product knowledge, storage, and tableside presentation.

**HRTM 215 - Introduction to Beverage Management (3 credits)**

This course introduces students to the major alcoholic and non-alcoholic categories. Topics explored include coffee, tea, beer/wine/spirits, mixology, cider, and other related adult beverages. Students gain a broad understanding of production methods, regional influences, and service procedures. Students also learn responsible beverage service.

**HRTM 232 - Principles of Travel and Tourism Management (3 credits)**

This course is designed for students to gain an understanding of the basic principles and practices of the tourism industry.

Prerequisite: HRTM 101.

**HRTM 241 - Principles of Lodging Management (3 credits)**

This course is the study of the service function as it relates to the lodging industry. It is the study of front office management and housekeeping management as they relate to the total lodging organization. Topics include structure of the front office, room reservations, price structures, accounting procedures, staffing schedules, responsibilities of housekeeping, and training of employees as they apply to the lodging industry.

Prerequisite: HRTM 101.

**HRTM 261 - Club Management (3 credits)**

An overview of Club Management industry with emphasis on the analysis of country clubs, night clubs, and private clubs. Students will be exposed to the history and structure of club management, physical organization, operating club departments, and entertainment within club management.

Prerequisite: HRTM 101.

**HRTM 271 - Casino Management (3 credits)**

An overview of Casino Management with emphasis on the analysis of casino hotel operations, the gaming industry and its trends, and casino organizational structure. Students will learn the gaming history, casino management, physical organizations, and government regulations of gambling. Related topics include layout and design of facilities, surveillance, demographic profiles, psychological profiles, and economic impact.

Prerequisite: HRTM 101.

**HRTM 281 - Cruise Line Management (3 credits)**

This course is a survey of the cruise line industry which will cover include service culture, diversity, employee motivation, technology, generational workforce changes, ethics, and sustainability in the cruise line industry.

Prerequisite: HRTM 101 or MGT 200 or RECR 150.

**HRTM 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**HRTM 310 - Systems Approach to Food and Beverage Management (3 credits)**

This course will focus on the reinforcement of management concepts such as constructing menus for profitability, implementation of food and beverage control systems and analysis of standardized recipes. Market menu trends are explored with an emphasis on new product development. Implementation of labor cost controls including establishing units of measure for labor standards, determining productivity rates and constructing staffing guides as a labor management tools are discussed and analyzed.

Distribution: Advanced (ADVD). Prerequisite: HRTM 211.

**HRTM 311 - Haute Cuisine and Oenology (3 credits)**

This course consists of an introduction to the classic dishes of haute cuisine, general information on menu planning, preparation of various international dishes, and sources and characteristics of selected wines of the world, how they are produced, stored, and selected.

Distribution: Advanced (ADVD). Prerequisite: HRTM 310.

**315 - Operation Analytics (3 credits)**

The course focuses on enterprise use of analytics, providing students a fact-based pathway towards analytical strategy which is based on the market conditions, customer characters and company's operating circumstances. Most organizations have isolated pockets of analytic capability, whether it be in operations, revenue management, and/or performance analysis. The integration and understanding on how metrics are established, predictive models commonly used to analyze real time industry data will provide students a better understanding on hospitality and tourism predictive analytics. In addition, the case study in part of the course content, it will be used to help students better understand authentic hospitality operation scenarios.

Prerequisite: MATH110 and HRTM205.

**HRTM 321 - Hospitality and Tourism Human Resources (3 credits)**

This course introduces the student to the personnel function in the hospitality industry. The importance of modern personnel techniques to the successful operation of a lodging, food service, or tourism business will be emphasized.

Distribution: Advanced (ADVD). Prerequisite: HRTM 101 and HRTM 211 and HRTM 232 and HRTM 241.

**HRTM 331 - Hospitality and Tourism Marketing (3 credits)**

This course establishes the importance of a formalized marketing program in successful hotel, restaurant and tourism operations.

Distribution: Advanced (ADVD). Prerequisite: HRTM 101 and HRTM 211 and HRTM 232 and HRTM 241.

**HRTM 335 - Perspectives of International Tourism (3 credits)**

At the conclusion of this courses students are expected to be able to identify the major tourism centers of Western, Eastern and Central Europe; South and Southeast Asia; the Middle East; Oceania; and Africa. Students should also be able to describe the locations of the tourism centers using relevant geographic characteristics as well as

attractions and other elements which create tourist interest in these areas.

Distribution: Advanced (ADVD). Prerequisite: HRTM 232.

### **HRTM 336 - Community Tourism Development (3 credits)**

This course presents a localized perspective of the organizational, planning, promotional, and operational procedures utilized for successful tourism development at the community level.

Distribution: Advanced (ADVD) | Level II Writing (W2) . Prerequisite: ENGL 103 and HRTM 232.

### **HRTM 351 - Hospitality and Tourism Information Systems (3 credits)**

This course is a study of various types of computer-based information and communication systems used by managers in the hospitality tourism industries. Topics will include: the essentials of computer systems, property management systems, food and beverage management systems, global distribution systems and e-commerce.

Distribution: Advanced (ADVD). Prerequisite: CPSC 100 and HRTM 211 and HRTM 232 and HRTM 241 and MGT 211.

### **HRTM 371 - Hotel Development and Design (3 credits)**

The development of market and feasibility studies, location and site selection, creation of concept, budgetary planning, selection of equipment, space allocation, and maintenance costs are covered in this course.

Distribution: Advanced (ADVD). Prerequisite: HRTM 101 and HRTM 211 and HRTM 232 and HRTM 241 and HRTM 310.

### **HRTM 381 - Hospitality and Tourism Facilities Management (3 credits)**

This course consists of an introduction to the management of the major engineering systems required to operate the physical plant of a hospitality or tourism entity. The importance of energy conservation and controls, the impact on efficient cost management and the need for a continuing rehabilitation program for all areas of the physical plant will be explored.

Distribution: Advanced (ADVD). Prerequisite: HRTM 101 and HRTM 211 and HRTM 232 and HRTM 241.

### **HRTM 391 - Hospitality Purchasing (3 credits)**

This course presents the vocabulary, systems, control specifications, and products typical to hospitality operations. It shows how to set up a purchasing department and defines and establishes its relationship to other departments and foodservice operation as a whole.

Distribution: Advanced (ADVD). Prerequisite: HRTM 101 or HRTM 211.

### **HRTM 411 - Restaurant Operation Management (3 credits)**

This course is designed to provide the student with production and managerial skills in a food service operation. Students are rotated through production and service stations and, as managers, plan menus, train fellow students, staff the operation, supervise preparation and service, promote customer relations, and record accounting records on profit and loss phases of the operation. This is a food production and service management restaurant simulation.

Distribution: Advanced (ADVD). Prerequisite: HRTM 310 and HRTM 321 and HRTM 331.

### **HRTM 420 - Deep Learning Application in Hospitality and Tourism Industries (3 credits)**

This course is an introduction to a machine learning technique called deep learning and its application in hospitality and tourism management data optimization. Deep learning can create automated systems that can process large volumes of data at high speed to make automated predictions or decisions. Students will gain familiarization on a broad range of important machine learning concepts such as statistical learning, learning paradigms, data training, data testing and data evaluating.

Distribution: Advanced (ADVD). Prerequisite: HRTM 315 and MATH 110.

### **HRTM 421 - Hospitality and Tourism Training and Staff Development (3 credits)**

This course provides the student with advanced study in the field of human resource management. Emphasis is placed on the importance of training techniques and staff development programs to a successful hospitality or tourism entity.

Distribution: Advanced (ADVD). Prerequisite: HRTM 321.

### **HRTM 430 - Data Visualization in Hospitality and Tourism Industries (3 credits)**

This course provides a hands-on application in hospitality and tourism industry data visualization. Students will apply hospitality and tourism data analytic principles and learn advanced application in creating interactive visualization for effective communication with a wide range of stakeholders.

Distribution: Advanced (ADVD). Prerequisite: HRTM 315 and HRTM 351.

### **HRTM 431 - Hospitality and Tourism Strategic Market Planning (3 credits)**

Building on the marketing principles and concepts learned in Hospitality Tourism Marketing, this course develops the analytical and critical thinking skills necessary for effective strategic marketing.

Distribution: Advanced (ADVD) | Level III Writing (W3) | Info. Literacy and Technology (I) . Prerequisite: Any Level II (W2) Writing Course and ENGL 103 and HRTM 310 and HRTM 331 and MATH 110 and MGT 211.

### **HRTM 432 - Tour Planning and Management (3 credits)**

This course familiarizes the student with the tour planning process including designing, costing, and marketing an escorted tour. Responsibilities of the tour manager, tour operator and those associated with accommodating the disabled are discussed.

Distribution: Advanced (ADVD). Prerequisite: HRTM 232 and (HRTM 334 or HRTM 335).

### **HRTM 436 - Meeting and Convention Planning and Management (3 credits)**

Students who complete this class are expected to understand the scope and organization of the meetings and convention industry, and to develop the skills necessary to plan and manage a meeting or convention.

Distribution: Advanced (ADVD). Prerequisite: HRTM 232 and HRTM 331.

**HRTM 439 - Touring Abroad (3 credits)**

This course is designed to be an educational experience that combines classroom instruction in the basics of international travel and tour operations (HRTM 335 and HRTM 432) within an authentic setting. Destination of the tour varies.

Distribution: Advanced (ADVD). Prerequisite: HRTM 232 and HRTM 335.

**HRTM 441 - Hospitality and Tourism Financial Management (3 credits)**

This course continues the study of the financial structure of business at an advanced level with emphasis in the hospitality and tourism industries. The course includes the examination of cost controls, managerial accounting, cost-volume-profit analysis, pricing methods and other management financial tools. Emphasis is placed upon the preparation, interpretation and application of financial instruments.

Distribution: Advanced (ADVD). Prerequisite: HRTM 211 and HRTM 232 and HRTM 241 and MGT 211.

**HRTM 451 - Hotel Law (3 credits)**

This course traces the origin and development of innkeeping law and introduces the language and role of common law and statutory law in delineating the legal rights and responsibilities in the hotel industry through the analysis and interpretation of actual case studies.

Distribution: Advanced. Prerequisite: HRTM101 AND HRTM211 AND HRTM321.

**HRTM 461 - Hospitality Data Analytics (3 credits)**

This course emphasizes the important role that data science plays in management decision making. Topics covered include foundation metrics in hospitality data analysis, analysis and integration of hotel industry data, utilization of mathematical formulae to perform comprehensive bench-marking and performance reports in the hospitality industry.

Distribution: Advanced (ADVD). Prerequisite: HRTM 241 and HRTM 331 and MATH 110.

**HRTM 462 - Advanced Hospitality Analytics and Applications (3 credits)**

This course focuses on advanced analytical skill sets to increase decision making efficacy, research and power within the hospitality and tourism management industries. Students will examine competitive marketing strategies, event impact analysis, and completing hospitality and tourism industry research projects.

Distribution: Advanced (ADVD). Prerequisite: HRTM 315 and HRTM 461.

**HRTM 485 - IS: (3 credits)**

Enrollment is contingent upon the student's compliance with all departmental standards and requirements.

Distribution: Advanced.

**HRTM 486 - Hospitality & Tourism Internship (9 credits)**

The internship is a planned course that integrates classroom experience and practical work experience in the hospitality and tourism industries. Placement for the intern is arranged on an individual basis by the internship instructor in consultation with the

intern and the intern-employer. Enrollment in this course requires a minimum cumulative point average of 2.5, completion of all core HRTM 300 level courses, HRTM 421, HRTM 431, 400 hours of documented work experience in the hospitality or tourism industry, and departmental approval.

Distribution: Advanced. Prerequisite: HRTM310 AND HRTM321 AND HRTM331.

**487 - Data Analytics Internship (12 credits)**

Field Experience and Internship is a planned course that integrates classroom experience and practical work experience in the hospitality data analytics.

Prerequisite: HRTM420 and HRTM315.

**HRTM 489 - Contemporary Legal and Ethical Aspects of Hospitality and Tourism Management (3 credits)**

This course introduces the language and role of common law and statutory law in delineating the legal rights and responsibilities of managers in the hospitality and tourism industries. Much of the course involves the interpretation and analysis of actual case studies.

Distribution: Advanced (ADVD). Prerequisite: All of the following: HRTM 310, HRTM 321, HRTM 331.

**HRTM 491 - Seminar in Hospitality and Tourism Management (3 credits)**

This capstone course is an advanced study of the managerial techniques used in hospitality and tourism management. The student will develop and utilize analytical and problem-solving skills to manage more effectively.

Distribution: Advanced (ADVD). Prerequisite: All HRTM 100, 200 and 300 level core courses; HRTM 486 or with permission of instructor if all HRTM 486 pre-requisites are satisfied.

## Interdisciplinary Studies

### Interdisciplinary Studies B.A./B.S.

An interdisciplinary program of study can be arranged to satisfy an educational objective of an individual student. Such programs may involve either two or three departments. Normally a student must declare an interdisciplinary studies major before completing 60 credits (or before the completion of the first semester for students transferring in 60 or more credits). Exceptions may be approved in extraordinary circumstances. In any case, the student must complete 30 credits after officially declaring an interdisciplinary studies major.

Application forms, available in the Department of Modern Languages, Philosophy, and Religion, require a student's statement of the goals of the program and how it addresses the student's professional aspirations, a list of courses to be taken from each department, and dated signatures of the student, adviser of each cooperating department, chair of each cooperating department, chair of the Department of Modern Languages, Philosophy, and Religion, and dean of each cooperating college. The completed form will be filed in the Student Enrollment Center and copied to the student and each adviser.

## PROGRAM FEATURES

42 credits

### Required Courses:

#### Two-department program –

A minimum of 21 credits (at least nine at the 300 level or above) from each department - approved by student, department advisers, department chairs, deans, and chair of the Department of Modern Languages, Philosophy, and Religion.

#### Three-department program –

A minimum of 15 credits (at least six at the 300 level or above) from each of two departments and a minimum of 12 credits (at least three at the 300 level or above) from the third department - approved by student, department advisers, department chairs, deans, and chair of the Department of Modern Languages, Philosophy, and Religion.

### Additional requirements:

- **Note:** Grades of "A," "B," or "C" must be earned in all 42 credits.
- Please see the university requirements in this catalog. (p. 40)

## IIS - Intercultural & Interdisciplinary Studies Courses

### IIS 100 - Introduction to Intercultural Perspectives (3 credits)

This course provides a basic theoretical framework that will enable students to apply intercultural principles and concepts to individual and group interactions. Students will be introduced to strategies that will help them to develop positive working relations with diverse populations by being actively involved in cross-cultural interactions.

Prerequisite: ENGL103.

### IIS 115 - Introduction to International Studies (3 credits)

This course is an introduction to the interdisciplinary study of an increasing interdependent world. It is based on a selection of readings that explore the world's evolution from the perspective of economics, religion, geography, history, political science, philosophy, sociology, anthropology, cultural studies and the arts.

### IIS 290 - Special Topics (Semester hours arranged)

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

### IIS 485 - Independent Study (1 - 15 credits)

This course consists of directed research or study on an individual basis. It is taken upon the initiative of a student who seeks to study with the guidance of a faculty member with expertise in intercultural studies. It is designed to provide in-depth coverage of subject matter not covered in courses offered by the department. The student must secure a faculty sponsor, submit a "Request for Independent Study" form, and obtain the approval of the Dean of Arts and Sciences.

Distribution: Advanced. Prerequisite: IIS100.

## Women and Gender Studies Minor

This is an interdisciplinary minor designed to enhance any degree program. Women and Gender Studies seeks to recognize the diversity of human experience and examine the interplay of gender, race, class

and sexuality by focusing on the experience of women, the concept of gender, and the cultural productions by and about women within different contexts and across various identities and academic disciplines.

## PROGRAM FEATURES

18 credits

### Required courses:

WMST 150	Intro Women's Studies	3
WMST 495	Seminar Women's Studies	3

### Co-requisites:

12 credits of Women and Gender Studies electives:

ART 412	[WS] Women Artists: Middle Ages to Present	3
CMST 220	GN-WS: Gender Differences and Human Communication	3
ENGL 183	GN: WS: Women In Literature	3
ENGL 393	Major Writers	3
HIST 253	Women in American History	3
HLTH 408/HLTH 508	Women's Health Concerns	3
SMGT 403	Women, Sports and the Body	3
PHIL 260	Women and Religion	3
POLS 243	Women and Politics	3
PSY 292	Psychology Of Women	3
RECR 241	Leisure and Gender	3
SOC 345	Sociology of Sexuality	3
SOC 377	Sociology of Women	3
SOSW 325	Crisis Intervention	3
THTR 320	Women in Theatre	3
WMST 200	Women of the African Diaspora	3
WMST 310	Queer Topics: Sex, Gender, and Sexuality	3
WMST 350	Feminist Theories	3

or other courses in Women and Gender Studies as approved by Coordinator of Women's Studies.

### Additional Requirements

- At least 6 of the required 18 credits for the minor must be at 300 or 400 level courses.
- Required Seminar: A field experience option, WMST 487, is available as an enhancement to the Women and Gender Studies minor. These credits are in addition to the required 18 credits indicated above.

## **WMST - Women's Studies Courses**

---

### **WMST 150 - Intro Women's Studies (3 credits)**

This course will provide an overview of the history, theories, and methodological approaches of Women's Studies; examine the implications of our cultural understandings of women, gender, race, and class; raise questions about the goals and direction of social change; and review the impact of Women's Studies on traditional disciplines and knowledge.

Prerequisite: ENGL103.

### **WMST 200 - Women of the African Diaspora (3 credits)**

This course will familiarize students with experiences of women of the African Diaspora, by focusing on Africana women in the United States, the Caribbean, South America, Britain, Canada, and France. The focus will center around phenomena of power, oppression, and control, as well as the creative and political contributions such women (and their female descendants) have made.

Prerequisite: ENGL103.

### **WMST 310 - Queer Topics: Sex, Gender, and Sexuality (3 credits)**

This course examines the complex interrelationships and dilemmas associated with contemporary understandings of human biological sex determination, experiences of gender that cross biological sex categories (i.e., transgender), and the range of sexual identities, orientations, and preferences. The term "queer" is intended as a synonym for odd, peculiar or anomalous, but is also appropriated as a term to challenge the "hardening of the categories" and dichotomies of male-female, masculine-feminine, and hetero-homosexuality.

Distribution: Advanced. Prerequisite: WMST 150 or PSY 292.

### **WMST 350 - Feminist Theories (3 credits)**

In this course, students will study the theories, conceptual developments, debates, and epistemological and methodological issues that chart the evolution of feminist theories. In particular, students will critically examine feminist theories such as liberal feminism, radical feminism, Marxist feminism/socialist feminism, postmodern feminism, and postcolonial feminism. The course is interdisciplinary--highlighting theoretical contributions from scholars of different disciplinary backgrounds.

Distribution: Advanced. Prerequisite: WMST150.

### **WMST 487 - Field Experience & Internship (3 credits)**

This course is designed to provide the student with practical experience and work in a feminist agency or organization. Written assignments will require students to analyze the connections between feminist theory and praxis and between Women's Studies curricula and social activism.

Distribution: Advanced.

### **WMST 495 - Seminar Women's Studies (3 credits)**

This seminar is designed to enable students from various disciplines to analyze and synthesize data, ideas, and academic perspectives as they focus on the personal and societal dimensions of gender and roles as these differentiate and affect female experience and activities.

Distribution: Advanced. Prerequisite: WMST150.

## **Leadership Studies and Military Science**

### **Army Reserve Officer Training Corps (ROTC)**

427 Normal Street

570-422-3872

[www.esu.edu/rotc](http://www.esu.edu/rotc)

### **Career Path in Leadership**

Participating in Army Reserve Officers' Training Corps (ROTC) at ESU puts you in control of your future. Leadership instruction, experiential leadership development, and camaraderie coupled with academic and professional mentorship programs will prepare you for service to your country and for a lifetime of successful leadership in any career. Army ROTC develops your physical, analytical and leadership skills while strengthening your sense of ethical responsibility. Upon graduation students are commissioned as Second Lieutenants in either the Active Army, Army National Guard or the United States Army Reserve.

### **Program Philosophy**

The greatest focus of ROTC is on all cadets successfully completing their academic degree, competing in athletics and participating in student activities while continually developing as future leaders. Army ROTC leverages the education, values and principles of service in all students attending ESU reinforced with the best leadership development instruction in the nation. This unique combination produces leaders prepared and motivated to complete their officer training and lead elements of the most powerful Army in the world or be leaders in the civilian community. All cadets will be grounded and willing to live by the Army's values and the Warrior ethos.

### **The Local Program**

The East Stroudsburg University Army ROTC is a primary partner in the Northeast Pennsylvania (NEPA) Army ROTC Battalion consisting of 13 colleges and universities in Luzerne, Lackawanna and Monroe counties. The NEPA Battalion was recently recognized as one of the top 15% of all ROTC programs in the country.

The battalion averages 145 students enrolled in ROTC each year, making it the second largest program in Pennsylvania. All classes, labs and physical training are conducted at ESU. The cadets are frequently seen around campus in uniform going to class, and participating in physical training.

### **Is Leadership Studies and Military Science a career path for me?**

#### ***Upon graduation students are commissioned as Second Lieutenants in either the***

- Active Army
- Army National Guard
- United States Army Reserve

### **Program Diversity**

The NEPA Army ROTC Battalion is very diverse in its makeup. The men and women who comprise the battalion represent 97 different high schools with 43 different majors, from 14 states and two foreign countries. There are also students who have served in the active Army, Army National Guard and the Army Reserve, many who were

deployed prior to joining Army ROTC. The wide range of the students' backgrounds enhances the diverse experience of ESU cadets enrolled in the Northeast Pennsylvania Army ROTC Battalion.

### **Leadership Development**

Army ROTC develops confident leaders who will succeed in any endeavor. Army ROTC leadership training means spending time outside of the classroom, sometimes way outside of the classroom. You may find yourself leading your fellow classmates on a tactical training exercise, parachuting from a military aircraft, training with a foreign military organization, or serving as a staff officer at an Army installation.

Students regularly conduct briefings to university staff, mentor fellow students in military and civilian subjects and develop plans and training for the ROTC Battalion. Junior and senior students also have the opportunity to conduct military-sponsored internships related to their major as well as training with industry. Army ROTC also supports service learning and community support leadership.

### **Exceptional Scholarship Opportunities**

Most of our military science students earn Army ROTC scholarships. Army ROTC offers two-, three- and four- year scholarships to qualified students interested in serving as officer leaders in the Army. East Stroudsburg University Army ROTC Scholarships pay full tuition, all academic fees, a yearly book allowance and a monthly stipend ranging from \$3,000 to \$5,000 per year. High school seniors majoring in certain medical concentrations may qualify for five- or six-year scholarships through Army ROTC. Special nursing, Army National Guard and Army Reserve scholarships are also available.

### **No Military Obligation for Non-Contracted Cadets**

Until you accept an Army ROTC scholarship or sign a contract that you wish to accept a commission as a Second Lieutenant in some component of the Army, there is no military or financial obligation for taking ROTC. Army ROTC can be a college leadership program that allows you to gain valuable leadership skills and earn up to 15 elective credits toward your GPA and graduation.

You can be as involved in Army ROTC as you want to be. You may choose to take a one-hour leadership class each week or you may choose to add the military fitness class, add leadership labs or get involved in one of the Army ROTC clubs or special teams. Many students start by taking the class and gradually increase their activities as they experience first-hand the camaraderie, mentorship, adventure and professional leadership training that is Army ROTC.

For more information, contact the Department of Leadership Studies and Military Science at 570-422-3349 or 570-422-3830 or [jcameron@esu.edu](mailto:jcameron@esu.edu).

**Web sites:** [www.esu.edu/rotc](http://www.esu.edu/rotc) or [www.goarmy.com/rotc](http://www.goarmy.com/rotc)

## **Leadership Studies and Military Science Program**

### **Program Description**

East Stroudsburg University offers students the opportunity to participate in Army ROTC through a partnership with the Northeast Pennsylvania (NEPA) Army Reserve Officer Training Corps (ROTC) Battalion. The primary objective of the Army ROTC program is to offer

exceptional Leadership Development Training that will serve its students in every aspect of their career, both in the military and civilian positions. The commissioning track program prepares the student to serve as an officer in either:

- Active Army
- U.S. Army Reserves
- Pennsylvania (or other state) Army National Guard

Whichever component you choose to serve in, there are more than 20 different specialty fields and career paths to choose from. With as little as seven hours a week you can earn as many as 21 elective credits in this extensive Leadership Development Program that concentrates on developing leaders through the demonstration and hands on practice of the seven Army Values and 16 Key Leadership Dimensions. Through this program each student will learn to lead by using a crawl, walk, and run hands-on progressions. They will plan, communicate, organize, and execute events such as marksmanship training, small unit tactics, land navigation, rappelling, paint ball, obstacle and confidence courses, and many other practical hands-on training opportunities.

The NEPA Army ROTC Battalion continually ranks in the top 10 percent of all ROTC programs nationwide and was ranked third in the Eastern United States in 2006. The NEPA Battalion has recently celebrated 50 years of commissioning officers for the Army.

The Army ROTC program can be tailored to fit any student's schedule, particularly in the freshman and sophomore years. Military Science instruction is offered at East Stroudsburg University with two-, three- and four-year programs leading to a commission as an officer in one of the three components of the U.S. Army. Any East Stroudsburg University student may participate in any basic Army ROTC course without cost or obligation.

To be commissioned as a second lieutenant, students must pass a physical examination and complete at least the final two years of the ROTC program of Military Science courses. The commissioning track consists of three components that the student will typically take each semester; Physical Training (PT), Leadership Lab, and classroom instruction. All together, the program takes as much as seven hours each week and can earn the students as much as 21 elective credits toward graduation.

The Army ROTC provides all uniforms, equipment, and textbooks required for the classes. Each semester there is a military social event and at least one optional weekend training session that includes such events as military marksmanship, cross country orienteering, military rappelling, leadership application courses and obstacle/confidence courses, even paint ball or rock climbing.

### **Additional Training Opportunities**

During breaks and vacations students can volunteer for active army training such as military parachute operations, helicopter operations, military mountain climbing and training with active army units in the United States and overseas. There are also numerous opportunities for leadership internships with state and federal agencies through Army ROTC. All training is cost free to the student and, students are paid for some summer training courses. See the Department of

Leadership Studies – Army ROTC to receive specific information about courses available

Students who have completed basic training in any U.S. service may qualify for placement in the advanced course. Additionally students who have not completed the ROTC basic course may qualify for the advanced course by attending a paid four-week long Leadership Training Course conducted each summer at Fort Knox, Ky.

### **Scholarships, Stipend, and Book Money Available**

Freshman and sophomore students can compete for two, two and one-half, and three year ROTC scholarships that pays full tuition and fees regardless of cost and up to \$1,200 per year for books in addition to the monthly stipend. The Army will commission successful graduates as a second lieutenant with a starting salary of more than \$35,000 per year plus housing allowance, food allowance, medical and dental benefits as well as 30 days paid vacation per year.

All students receiving ROTC scholarships, as well as sophomores, juniors and seniors who are contracted with the Army receive a monthly stipend. The stipend starts at \$300 per month during the freshman year, increases to \$350 during the sophomore year, \$450 during the junior year and \$500 during the senior year. The stipend is paid directly to the student each month that they are in school.

For more information on the ROTC program at East Stroudsburg University contact the Department of Leadership Studies - ROTC at 570-422-3349 or visit [www.esu.edu/rotc](http://www.esu.edu/rotc).

## **Leadership Studies and Military Science Faculty**

### **Professor of Military Science:**

LTC William White ([william.white2@scranton.edu](mailto:william.white2@scranton.edu))

### **Assistant Professor of Military Science and OIC of the ESU ROTC program:**

CPT Jefferson Kramer ([jkramer10@esu.edu](mailto:jkramer10@esu.edu))

### **Instructor of Military Science:**

SFC Timothy Szika ([tszika@esu.edu](mailto:tszika@esu.edu))

## **MSL - Leadership Studies & Mil Sci Courses**

### **MSL 101 - Introduction to the Army (1 credit)**

This course will introduce the critical components of effective leadership. The focus is on comprehension of Army leadership dimensions, an understanding of the ROTC program, its purpose in the Army, and its advantages for the student.

### **MSL 102 - Foundations of Agile and Adaptive Leadership (1 credit)**

This course covers leadership fundamentals such as setting direction, problem-solving, listening, presenting briefs, providing feedback, and using effective writing skills. Students will practice leadership values, attributes, skills, and actions in the context of practical, hands-on, and interactive exercises.

### **MSL 103 - Leadership Lab (0 credits)**

This course is an experientially-based leadership course. Although there are no credits associated with this course, it is still a pass/fail evaluation of leadership. This course is required for all contracted

cadets and is strongly recommended for any cadets with intentions of contracting. This course is available for any student, from freshman to graduate level.

### **MSL 201 - Leadership and Decision Making (1 credit)**

This course examines innovative tactical leadership strategies and styles by examining team dynamics. Students practice aspects of personal motivation, team building, planning, executing, and assessment team exercises in the classroom and tactical environment.

Distribution: Advanced. Prerequisite: None.

### **MSL 202 - Army Doctrine and Team Development (2 credits)**

This course examines the challenges of leading tactical teams in a complex contemporary operating environment (COE). Continued study of the theoretical and practical basis of the Army leadership framework explores the dynamics of adaptive leadership in the context of military operations.

Distribution: Advanced. Prerequisite: None.

### **MSL 205 - Army Physical Fitness Training (1 credit)**

ROTC instructors supervise a comprehensive fitness program based on the latest military fitness techniques and principles. The classes are conducted 5 days a week at Zimbar Gym and are one hour sessions.

### **MSL 301 - Training Management and Warfighting Functions (2 credits)**

This course challenges the student to study, practice, and evaluate adaptive team leadership skills in preparation for the ROTC Advanced Camp. Overall objectives of the course are to integrate the principles and practices of effective leadership, military operations, and personal development in preparation for the summer Advanced Camp program.

Distribution: Advanced.

### **MSL 302 - Applied Leadership in Small Unit Operations (2 credits)**

This course challenges and evaluates the students' ability to develop a leadership style when faced with challenging scenarios related to small unit tactical operations and the changing environment of today's Army. Overall objectives of the course are to integrate the principles and practices of effective leadership, military operations, and personal development in preparation for the summer Advanced Camp program.

Distribution: Advanced. Prerequisite: MSL301.

### **MSL 401 - The Army Officer (2 credits)**

This course develops student proficiency in planning, executing, and assessing complex operations, functioning as a member of a staff, and providing performance feedback to subordinates. Students will identify responsibilities of key staff, coordinate staff roles, and use battalion operational situations to teach, train, and develop subordinates through a mentoring program.

Distribution: Advanced. Prerequisite: MSL301 AND MSL302.

### **MSL 402 - Company Grade Leadership (2 credits)**

This course explores the dynamics of leading in the complex situations of current military operations, such as interacting with non-government organizations, international terrorism, civilians on the battlefield, and host national support. This course puts significant emphasis on preparing cadets for their first duty assignment,

preparing cadets to face the complex ethical and practical demands of leading as commissioned officers in the United States Army.

Distribution: Advanced. Prerequisite: MSL301 AND MSL302 AND MSL401.

## **ASL - Aerospace Studies**

### **ASL 101 - Heritage and Values of the United States Air Force - Course 1 (1 credit)**

Survey course designed to introduce students to the United States Air Force and provide an overview of the basic characteristics, missions, and organization of the Air Force.

Offered: Fall semesters only.

### **ASL 102 - Heritage and Values of the United States Air Force - Course 2 (1 credit)**

This is a survey course designed to introduce students to the United States Air Force and provides an overview of the basic characteristics, missions, and organization of the Air Force.

Offered: Spring semesters only.

### **ASL 103 - Leadership Laboratory - Course 1 (Non-credit)**

A weekly two-hour, hands-on portion of training. It is planned and led by junior/seniors cadets and actively involves all cadets. Activities include team-building exercises, leadership studies, leadership-building exercises, guest speakers, Air Force drills and ceremonies, and field trips.

Offered: Fall semesters only.

### **ASL 104 - Leadership Laboratory - Course 2 (Non-credit)**

A weekly two-hour, hands-on portion of training. It is planned and led by junior/seniors cadets and actively involves all cadets. Activities include team-building exercises, leadership studies, leadership-building exercises, guest speakers, Air Force drills and ceremonies, and field trips.

Offered: Spring semesters only.

### **ASL 201 - Team and Leadership Fundamentals - Course 1 (1 credit)**

This course focuses on laying the foundation for teams and leadership. The topics include skills that will allow cadets to improve their leadership on a personal level and within a team. The courses will prepare cadets for their field training experience where they will be able to put the learned concepts into practice. The purpose is to instill a leadership mindset and to motivate sophomore students to transition from AFROTC cadet to AFROTC officer candidate.

Offered: Fall semesters only.

### **ASL 202 - Team and Leadership Fundamentals - Course 2 (1 credit)**

This course focuses on laying the foundation for teams and leadership. The topics include skills that will allow cadets to improve their leadership on a personal level and within a team. The courses will prepare cadets for their field training experience where they will be able to put the learned concepts into practice. The purpose is to instill a leadership mindset and to motivate sophomore students to transition from AFROTC cadet to AFROTC officer candidate.

Offered: Spring semesters only.

### **ASL 203 - Leadership Laboratory - Course 1 (Non-credit)**

A weekly two-hour, hands-on portion of training. It is planned and led by junior/senior cadets and actively involves all cadets. Activities include team-building exercises, leadership studies, leadership-building exercises, guest speakers, Air Force drills and ceremonies, and field trips.

Offered: Fall semesters only.

### **ASL 204 - Leadership Laboratory - Course 2 (Non-credit)**

A weekly two-hour, hands-on portion of training. It is planned and led by junior/senior cadets and actively involves all cadets. Activities include team-building exercises, leadership studies, leadership-building exercises, guest speakers, Air Force drills and ceremonies, and field trips.

Offered: Spring semesters only.

### **ASL 240 - AFROTC Field Training (3 credits)**

A 13-day capstone event aimed at evaluating and preparing cadets to succeed and lead at their AFROTC Detachments. Course is held at Maxwell Air Force Base, Alabama and provides students the opportunity to develop leadership skills, which will prepare them for leadership challenges at their detachments and on active duty.

Offered: To be determined.

### **ASL 301 - Leading People and Effective Communication - Course 1 (3 credits)**

This course teaches cadets advanced skills and knowledge in management and leadership. Special emphasis is placed on enhancing leadership skills and communication. Cadets have an opportunity to try out these leadership and management techniques in a supervised environment as juniors and seniors.

Prerequisite: Junior or Senior standing in AFROTC program OR permission on the instructor. Offered: Fall semesters only.

### **ASL 302 - Leading People and Effective Communication - Course 2 (3 credits)**

This course teaches cadets advanced skills and knowledge in management and leadership. Special emphasis is placed on enhancing leadership skills and communication. Cadets have an opportunity to try out these leadership and management techniques in a supervised environment as juniors and seniors.

Prerequisite: Junior or Senior standing in AFROTC program OR permission on the instructor. Offered: Spring semesters only.

### **ASL 303 - Leadership Laboratory - Course 1 (Non-credit)**

A weekly two-hour, hands-on portion of training. It is planned and led by junior/senior cadets and actively involves all cadets. Activities include team-building exercises, leadership studies, leadership-building exercises, guest speakers, Air Force drills and ceremonies, and field trips.

Offered: Fall semesters only.

### **ASL 304 - Leadership Laboratory - Course 2 (Non-credit)**

A weekly two-hour, hands-on portion of training. It is planned and led by junior/senior cadets and actively involves all cadets. Activities include team-building exercises, leadership studies, leadership-building exercises, guest speakers, Air Force drills and ceremonies, and field trips.

Prerequisite: Junior or Senior standing in AFROTC program. Offered: Spring semesters only.

**ASL 401 - National Security Affairs/Preparation for Active Duty - Course 1 (3 credits)**

The course is designed for college seniors and gives them the foundation to understand their role as military officers in American society. It is an overview of the complex social and political issues facing the military profession and requires a measure of sophistication commensurate with the senior college level. The final semester provides information that will prepare the cadets for Active Duty.

Prerequisite: Junior or Senior standing in AFROTC program OR permission on the instructor. Offered: Fall semesters only.

**ASL 402 - National Security Affairs/Preparation for Active Duty - Course 2 (3 credits)**

The course is designed for college seniors and gives them the foundation to understand their role as military officers in American society. It is an overview of the complex social and political issues facing the military profession and requires a measure of sophistication commensurate with the senior college level. The final semester provides information that will prepare the cadets for Active Duty.

Prerequisite: Junior or Senior standing in AFROTC program OR permission on the instructor. Offered: Spring semesters only.

**ASL 403 - Leadership Laboratory - Course 1 (Non-credit)**

A weekly two-hour, hands-on portion of training. It is planned and led by junior/senior cadets and actively involves all cadets. Activities include team-building exercises, leadership studies, leadership-building exercises, guest speakers, Air Force drills and ceremonies, and field trips.

Prerequisite: Junior or senior standing in AFROTC Program. Offered: Fall semesters only.

**ASL 404 - Leadership Laboratory - Course 2 (Non-credit)**

A weekly two-hour, hands-on portion of training. It is planned and led by junior/senior cadets and actively involves all cadets. Activities include team-building exercises, leadership studies, leadership-building exercises, guest speakers, Air Force drills and ceremonies, and field trips.

Prerequisite: Junior or Senior standing in AFROTC Program. Offered: Spring semesters only.

## Marketing

The Marketing program (p. 126) is housed within the Department of Business Management. Please see the Business Management department for the B.S. in Marketing requirements.

## Mathematics

### College of Arts and Sciences

#### The Faculty of Science

Science and Technology Center, Room 118

570-422-3447

[www.esu.edu/math](http://www.esu.edu/math)

#### About the Program

The mathematics department offers a dynamic and up-to-date collection of mathematics majors and minors designed to meet the needs of students with a variety of career aspirations. All math majors participate in a service-learning experience and many pursue independent study and/or internship experiences.

#### Are you interested in ...

- Working with numbers
- Formulating and solving problems
- Thinking abstractly
- Arguing logically
- Analyzing data
- Identifying patterns

#### Choose Mathematics at ESU

- Small class sizes
- Qualified, experienced faculty
- Frequent faculty interactions
- Service-Learning Opportunities

#### Is mathematics a career path for me?

##### Career Potential

- Economist
- Financial Analyst
- Mathematician
- Statistician
- Budget Analyst
- Cryptographer
- Teacher/professor

##### Career Settings

- Municipal, state and federal government agencies
- Pharmaceutical companies
- Financial institutions
- Engineering firms
- Market research firms

*More detailed career information is available from the department.*

### Mathematics B.S. - Applied Mathematics

- Bachelor of Science in Mathematics with Concentration in Applied Biological Mathematics
- Bachelor of Science in Mathematics with Concentration in Applied Chemical Mathematics
- Bachelor of Science in Mathematics with Concentration in Applied Computer Science Mathematics
- Bachelor of Science in Mathematics with Concentration in Applied Financial Mathematics
- Bachelor of Science in Mathematics with Concentration in Applied Physical Mathematics

## About the Program

The Bachelor of Science in Mathematics -

- With concentrations in Applied Biological Mathematics, Applied Chemical Mathematics, Applied Computer Science Mathematics, Applied Financial Mathematics, or Applied Physical Mathematics, the program provides the student with an opportunity to gain a solid and comprehensive knowledge of mathematics with an extensive introduction to one of the many areas that rely heavily on mathematics. Students in this program will have an option of including an internship experience as part of their studies.
- The student must complete the core requirements and the requirements for one of the areas to fill the requirements for this major. Concentration options include biology, chemistry, computer science, finance and physics.

### Are you interested in ...

- Hands-on working experiences
- Problem solving
- Real world applications
- Analyzing data
- Constructing mathematical models

### Choose Mathematics at ESU

- Small class sizes
- Qualified, experienced faculty
- Frequent faculty interactions
- Service-Learning Opportunities

### Is Applied Mathematics a career path for me?

#### Career Potential

- Computer Scientist
- Actuary
- Computer Software Engineer
- Financial Analyst
- Operations Research Analyst

#### Career Settings

- Municipal, state and federal government agencies
- Pharmaceutical companies
- Financial institutions
- Engineering firms
- Market research firms

More detailed career information is available from the department

## PROGRAM FEATURES

59 - 60 credits

This program provides the student intent on seeking employment once the bachelor's degree is completed with an opportunity to gain a solid and comprehensive knowledge of mathematics together with an extensive introduction to one of the many areas that rely heavily

on mathematics. Students in this program will have an option of including an internship experience as part of their studies.

The student must complete the core requirements and the requirements for one of the concentrations below to fill the requirements for this major.

#### Core Courses:

Required for all concentrations:

MATH 140	GN: Calculus I	4
MATH 141	GN: Calculus II	4
MATH 220	Discrete Mathematical Structures	3
MATH 240	Multivariate Calculus	4
MATH 311	Statistics I	3
MATH 320	Linear Algebra	3
MATH 425	Introduction to Mathematical Modeling	3

and Nine additional credits in MATH courses numbered 300 or higher, excluding MATH 351, MATH 430, MATH 431 and MATH 499 (no more than three credits of MATH 486 can be applied toward these credits).

#### Co-requisites:

All concentrations:

CPSC 101	GN: Personal Computers and Their Uses in the Sciences	3
CPSC 130	GN: Introduction to Computer Programming I	3
ENGL 204	Technical Writing	3
CMST 111	GN: Introduction to Communication	3

#### Concentrations:

##### Biology Concentration:

MATH 341	Differential Equations	3
BIOL 114	GN: Introductory Biology I	4
BIOL 115	Introductory Biology II	4

and 3 credits of 300 or higher level Biology courses

##### Chemistry Concentration:

MATH 341	Differential Equations	3
CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1

and 3 credits of 300 or higher level Chemistry courses

##### Computer Science Concentration:

MATH 341	Differential Equations	3
CPSC 131	Introduction to Computer Programming II	3
CPSC 141	Introduction to Computer Organization	3
CPSC 230	Programming Principles and Practice	3

and 3 credits of 300 or higher level Computer Science courses

*Finance Concentration:*

MATH 280	Mathematics Of Finance	3
ECON 111	GN: Principles of Macroeconomics	3
ECON 112	GN: Principles of Microeconomics	3
ECON 332	Forecasting Methods	3

and 3 credits of 300 or higher level Economics courses

*Physics Concentration:*

MATH 341	Differential Equations	3
PHYS 161	GN: Physics I	4
PHYS 162	Physics II	4

and 3 credits of 300 or higher level Physics courses

*Additional requirements:*

- A grade of "C" or better in all courses used to satisfy the major.
- A minimum of 15 credits of the mathematics courses required for this degree must be completed at East Stroudsburg University.

**Mathematics B.S. - Secondary Education****About the Program**

A combination of courses in mathematics and pedagogy, this major prepares students for a successful career as a mathematics teacher in grades seven to 12. In this program, which has achieved National Recognition status from the National Council of Teachers of Mathematics, students complete a full and rigorous mathematics program that satisfies state and national standards for content and which blends practical and theoretical knowledge with hands-on experiences.

**Are you interested in...**

- Formulating and solving problems
- Teaching ideas to others
- Being creative
- Helping others

**Choose Mathematics at ESU**

- Small class sizes
- Qualified, experienced faculty
- Frequent faculty interactions
- Technology
- Service-Learning Opportunities

**Is teaching mathematics a career path for me?****Career Potential**

- Teacher of Mathematics
- Mathematical Curriculum Development

**Career Settings**

- Public schools
- Private schools
- Charter schools

*More detailed career information is available from the department.*

**PROGRAM FEATURES**

80 credits

*Required mathematics courses:*

MATH 140	GN: Calculus I	4
MATH 141	GN: Calculus II	4
MATH 220	Discrete Mathematical Structures	3
MATH 240	Multivariate Calculus	4
MATH 311	Statistics I	3
MATH 320	Linear Algebra	3
MATH 351	Modern Geometry	3
MATH 421	Abstract Algebra	3
MATH 425	Introduction to Mathematical Modeling	3
MATH 430	History of Mathematics	3
MATH 431	Teaching Mathematics Using Technology	3
MATH 499	Student Teaching Internship	1
	three semester hours from courses numbered 300 to 485	3

*Co-requisite course:*

CPSC 130	GN: Introduction to Computer Programming I	3
OR		
CPSC 131	Introduction to Computer Programming II	3

*Required professional education courses:*

PSED 161	Foundations of Education	3
PSED 250	The Psychology of Learners In Diverse Communities	3
PSED 420	Seminar in Secondary Education I: Instructional Structures and Strategies	3
PSED 421	Seminar in Secondary Education II: Teaching Secondary Students In Diverse, Inclusive Classroom	3
PSED 430	Student Teaching in Secondary Education   Middle and Junior High School	6
PSED 431	Student Teaching in Secondary Education/ Senior High School	6
PSED 436	Teaching of Mathematics in the Secondary Schools	3
REED 350	Teaching Reading to Communities of Diverse Learners	3
SPED 102	Diversity of the Learner	3

*Additional Requirements:*

- Admission to Teacher Education Program
- 2.5 GPA in Math and 3.0 GPA overall
- **Note:** A grade of "C" or better in all of the required MATH and CPSC courses. A minimum of 15 credits of the mathematics

courses required for this degree must be completed at East Stroudsburg University.

- Please see the university requirements in this catalog. (p. 40)

All teacher education students should be in frequent consultation with their academic advisers to make sure they are meeting the appropriate program and certification requirements which will vary depending on a variety of circumstances.

## Mathematics Minor

### About the program:

The minor in mathematics consists of the introductory courses in the mathematics major. Completing the program will develop the student's problems-solving skills and prepare the student for technical positions or graduate study in STEM disciplines.

### PROGRAM FEATURES

21 credits

*Required courses:*

MATH 140	GN: Calculus I	4	
MATH 141	GN: Calculus II	4	
MATH 220	Discrete Mathematical Structures	3	
MATH 240	Multivariate Calculus	4	
MATH 320	Linear Algebra	3	

MATH \_\_\_\_ one MATH elective (300-level or higher) 3

*Additional requirement:*

A grade of C or better must be earned in all required courses.

### Minor in Actuarial Science

**About the program:**

The minor in actuarial science leverages the courses in the mathematics program to prepare students for careers as actuaries. It is expected that students who complete the Actuarial Science Minor will take at least one actuarial exam before graduation.

**PROGRAM FEATURES**

21 credits

*Required courses*

MATH 140	GN: Calculus I	4
MATH 141	GN: Calculus II	4
MATH 240	Multivariate Calculus	4
MATH 280	Mathematics Of Finance	3
MATH 311	Statistics I	3
MATH 481	Actuarial Studies	3

**Subtotal: 21**

*Additional requirement:*

A grade of C or better must be earned in all required courses.

### Minor in Applied Statistics

**About the program:**

This program emphasizes practical applications of statistics. Students who complete this program will be educated consumers of statistical information and capable of many types of data analysis.

**PROGRAM FEATURES**

18 credits

*Required courses:*

MATH 110/MATH 111	GN: General Statistics	3
MATH 318	Exploratory Data Analysis with R	3
MATH 402	Applied Statistical Methods	3
MATH 416	Linear Statistical Modeling with SAS	3
MATH 487	Internship in Statistics	3
OR		
ECON 332	Forecasting Methods	3

*Co-requisite course:*

CPSC 100	GN: Personal Computers and Their Uses	3
OR		

CPSC 101	GN: Personal Computers and Their Uses in the Sciences	3
----------	---	---

OR

CPSC 120	GN: Introduction to Computer Programming for Science and Engineering	3
----------	--	---

OR

CPSC 130	GN: Introduction to Computer Programming I	3
----------	--	---

*Additional requirement:*

A grade of C or better must be earned in all required courses.

### Minor in Mathematical Statistics

**About the program:**

This minor provides concentrated study of statistics. Students who complete this program understand data analysis, including its theoretical underpinnings.

**PROGRAM FEATURES**

21 credits

*Required courses:*

MATH 110/MATH 111	GN: General Statistics	3
MATH 311	Statistics I	3
MATH 318	Exploratory Data Analysis with R	3
MATH 411	Statistics II	3

*and two of the following:*

MATH 402	Applied Statistical Methods	3
MATH 416	Linear Statistical Modeling with SAS	3
MATH 487	Internship in Statistics	3

*Co-requisite course:*

CPSC 120	GN: Introduction to Computer Programming for Science and Engineering	3
----------	--	---

OR

CPSC 130	GN: Introduction to Computer Programming I	3
----------	--	---

*Additional requirement:*

A grade of C or better must be earned in all required courses.

### Mathematics Faculty

**Professors:**

Olivia Carducci, Chair (ocarducci@esu.edu)

N. Paul Schembari (nschembari@esu.edu)

Eugene Galperin (egalperin@esu.edu)

**Associate Professors:**

Jonathan Keiter (jkeiter@esu.edu)

Kristin Noblet (knoblet@esu.edu)

Xuemao Zhang (xzhang@esu.edu)

**Assistant Professors:**

Christopher Dubbs (cdubbs@esu.edu)

**MATH - Mathematics Courses****Math Competency Requirement**

Students must demonstrate competency in Basic Mathematical Skills before enrolling in mathematics courses numbered 100 or higher. See Basic Mathematical Skills Competency

**MATH 090 - Intermediate Algebra (3 credits)**

This course covers topics from basic algebra, solutions of first degree equations and inequalities, graphing of polynomial functions, polynomial functions, polynomial algebra, solutions to linear systems of equations, exponential and logarithmic expressions. Credits may not be used toward the 120 hours required for graduation.

**MATH 100 - GN: Numbers, Sets and Structures (3 credits)**

This course presents mathematics as a deductive science which starts with empirical observations but goes beyond the level of simple, unrelated facts. Search for patterns and, when discovered, justification of them is the essence of this course. Similarities and differences between structures of numbers, sets, and some algebraic objects are discussed.

*Course may not be used for credit toward a Mathematics major.*

Distribution: GN: Group B - Mathematics (BMA) | Math Competency (M) | GE: Natural Sciences - Math (NSMA). Prerequisite: MATH 090 or 3 units of high school mathematics including Algebra 1 and Geometry.

**MATH 101 - GN: Excursions in Mathematics (3 credits)**

Contemporary mathematical topics selected by the instructor, such as voting and weighted systems, fair division, apportionment, game theory, Euler circuits, the Traveling Salesman Problem, minimum networks, scheduling, linear programming, types of growth, measurement, symmetry and patterns, collecting and describing data, elementary probability, inference and financial mathematics, will be applied to the social and natural sciences.

*Course may not be used for credit toward a Mathematics major.*

Distribution: GN: Group B - Mathematics (BMA) | Math Competency (M) | GE: Natural Sciences - Math (NSMA) . Prerequisite: MATH 090 or 3 units of high school mathematics including Algebra 1.

**MATH 105 - Mathematical Problem Solving for PK-8 Education Majors (3 credits)**

This course is designed to give Pre-K to grade 8 Education majors experiences in being independent solvers of mathematical problems while giving them the mathematical foundation for early mathematics. Concepts in elementary education including sets, whole, integer, rational and real numbers are covered.

*This course is restricted students in Education majors.*

Distribution: GN: Group B - Mathematics (BMA) | Math Competency (M) | . Prerequisite: Satisfaction of ESU Basic Mathematical Skills Competency.

**MATH 110 - GN: General Statistics (3 credits)**

This course deals with the collection and presentation of data, frequency distributions, measures of central tendency and dispersion, elementary probability, randomness, expectations, significance testing on large and small samples, correlation, regression, introduction to analysis of variance, and other common statistical methods.

**MATH 110** and **MATH 111** are equivalent courses and a student may only receive credit for one course (maximum of 3 credits).

*Course may not be used for credit toward a Mathematics major.*

Distribution: GN: Group B - Mathematics (BMA) | Math Competency (M) | GE: Natural Sciences - Math (NSMA) . Prerequisite: Satisfaction of ESU Basic Mathematical Skills Competency. Crosslisted as: MATH 111.

**MATH 111 - GN: General Statistics with Introductory Mathematics (3 credits)**

This course deals with the collection and presentation of data, frequency distributions, measure of central tendency and dispersion, elementary probability, randomness, expectations, significance testing on large and small samples, correlation, regression, and other common statistical methods. In addition, the course will cover the mathematical topics which are necessary to be successful in a study of General Statistics. These topics include numbers, intervals, scientific notation, order of operations, inequalities, percent, graphing, linear functions, and basic set theory.

**MATH 110** and **MATH 111** are equivalent courses and a student may only receive credit for one course (maximum of 3 credits).

*Course may not be used for credit toward a Mathematics major.*

Distribution: GN: Group B - Mathematics (BMA) | Math Competency (M) . Prerequisite: Satisfaction of ESU Basic Mathematical Skills Competency. Crosslisted as: MATH 110.

**MATH 129 - GN: Applied Algebraic Methods with Foundation Mathematics (3 credits)**

This course introduces students to mathematical modeling using linear, exponential, and power functions and systems of equations, with applications to the earth, life, social, and management sciences. Algebraic and geometric techniques are developed, including Linear Programming and Difference Equations. In addition, the course will cover the mathematical topics which are necessary to be successful in a study of Applied Algebraic Methods. These topics include numbers, intervals, scientific notation, order of operations, inequalities, percent, graphing, and linear functions.

**MATH 129** and **MATH 130** are equivalent courses and a student may only receive credit for one course (maximum of 3 credits).

*Course may not be used for credit toward a Mathematics major.*

Distribution: GN: Group B - Mathematics (BMA) | Math Competency (M) . Prerequisite: Satisfaction of ESU Basic Mathematical Skills Competency. Crosslisted as: MATH 130.

**MATH 130 - GN: Applied Algebraic Methods (3 credits)**

This course introduces students to mathematical modeling using linear, exponential, and power functions and systems of equations.

Algebraic and geometric techniques are developed. Applications to the life, social, and management sciences include Linear Programming and Difference Equations.

MATH 129 and MATH 130 are mutually exclusive and a student may only receive credit for one course (maximum of 3 credits).

*Course may not be used for credit toward a Mathematics major.*

Distribution: GN: Group B - Mathematics (BMA) | Math Competency (M) | GE: Natural Sciences - Math (NSMA) . Prerequisite: Satisfaction of ESU Basic Mathematical Skills Competency. Crosslisted as: MATH 129.

### **MATH 131 - Applied Calculus (3 credits)**

Students are introduced to the basic concepts and techniques of differential and integral calculus. Special emphasis centers on the application of these concepts in the life, social and management sciences.

Students who have successfully completed MATH 140: Calculus (p. 284) may not enroll for this course.

Distribution: GE: Natural Sciences - Math (NSMA). Prerequisite: MATH 130 (Grade of 'C' or better).

### **MATH 135 - GN: Pre-Calculus (3 credits)**

This course is designed to prepare students for calculus. Topics include Equations, Inequalities, Functions and their graphs, Polynomial, Rational, Exponential, Logarithmic, and Trigonometric Functions.

Distribution: GN: Group B - Mathematics (BMA) | Math Competency (M) | GE: Natural Sciences - Math (NSMA) | . Prerequisite: Satisfaction of ESU Basic Mathematical Skills Competency.

### **MATH 136 - Pre-Calculus Enrichment and Applications (3 credits)**

Students will gain experience applying topics learned in Pre-Calculus to solve problems related to other disciplines. Students will work on a wide variety of problems, including problems from business, physics, and computer science. Students will spend much of the class time working in groups to solve problems.

Corequisite: MATH 135 (concurrent enrollment required).

### **MATH 140 - GN: Calculus I (4 credits)**

Together with Calculus 2 and Multivariate Calculus, the basic concepts and applications of Elementary Analysis are covered. Calculus 1 topics include functions, continuity, the derivative and its applications, and an introduction to the definite integral.

Distribution: GN: Group B - Mathematics (BMA) | Math Competency (M) | GE: Natural Sciences - Math (NSMA) . Prerequisite: MATH 135 with a grade of "C" or better or four units of college preparatory mathematics including Algebra 2, Geometry, and Trigonometry and a satisfactory score on the Calculus Readiness Test.

### **MATH 141 - GN: Calculus II (4 credits)**

The concept of the integral is developed in detail. Techniques of integration, applications of the integral, and an introduction to Differential Equations are covered. Also, infinite series of numbers and functions are used to illustrate approximation theory.

Distribution: GE: Natural Sciences - Math (NSMA) | GN: Group B - Mathematics (BMA). Prerequisite: MATH 140 (Grade of 'C' or better).

### **MATH 150 - Mathematical Investigations (2 credits)**

This course provides an introduction to a variety of topics in mathematics. This course is for students interested in the math major or teaching math and will expose the student to the beauty, breadth, and relevance of mathematics. Each instructor will choose the topics used to illustrate the power of mathematics. Potential topics include: Combinatorics, Descriptive Statistics, Financial Math, Game Theory, Graph Theory, Knot Theory, Infinity, Number Theory, and Sports Math. This course will include a service-learning project.

### **MATH 205 - Geometry for Pre-K to Grade 8 Education Majors (3 credits)**

This course is designed to give Pre-K to Grade 8 Education majors experiences in being independent solvers of mathematical problems while giving them the mathematical foundation for early mathematics. Topics include probability, geometry and geometric systems.

*This course is restricted to Education majors.*

Prerequisite: MATH 105 (Grade of 'C' or better).

### **MATH 220 - Discrete Mathematical Structures (3 credits)**

The topics in this course were chosen to facilitate students' transition from computational mathematics to theoretical mathematics. Topics covered include logic, sets, various relations, functions, proof writing, mathematical induction, structures such as lattices, Boolean algebras, graphs, groups.

Distribution: Advanced (ADVD) | Math Competency (M). Prerequisite: Satisfaction of ESU Basic Mathematical Skills Competency and MATH 140 (Grade of 'C' or higher).

### **MATH 240 - Multivariate Calculus (4 credits)**

This course develops calculus of several variables. Topics covered include vectors, functions of many variables and their derivatives and integrals, optimization, parametric curves and surfaces, and applications.

Distribution: Advanced (ADVD). Prerequisite: MATH 141 [Grade of "C" or higher].

### **MATH 280 - Mathematics Of Finance (3 credits)**

This course consists of an introduction to the theory and mathematics of simple and compound interest with application to and emphasis on annuities, sinking funds, amortization, life insurance, stocks, bonds, and installment buying.

Prerequisite: MATH130.

### **MATH 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

### **MATH 311 - Statistics I (3 credits)**

This course gives a rigorous introduction to descriptive statistics: discrete and continuous probability distributions, sampling, estimation, and hypothesis testing.

Distribution: Advanced (ADVD). Prerequisite: MATH 140 and MATH 141.

### **MATH 318 - Exploratory Data Analysis with R (3 credits)**

Exploratory data analysis is an approach to analyzing data sets with statistical graphics, interactive data visualization and numerical

techniques. It makes complex data more accessible and understandable. Students will learn how to display, communicate and analyze data using R, one of the top programming languages for data science.

Distribution: Advanced (ADVD). Prerequisite: [MATH 110 (Grade of 'B' or higher) or MATH 311 (Grade of 'C' or higher)] and [CPSC 101 (Grade of 'B' or higher) or CPSC 100 (Grade of 'B' or higher) or CPSC 130 (Grade of 'C' or higher)].

### **MATH 320 - Linear Algebra (3 credits)**

This course deals with the arithmetic of matrices, linear transformation of the plane, algebra of determinants with applications to the systems of linear equations, vector spaces, characteristic values and their application.

Distribution: Advanced (ADVD). Prerequisite: MATH 220.

### **MATH 341 - Differential Equations (3 credits)**

This course examines solutions of first order Differential Equations, Linear Equations of Higher Order, Numerical Techniques of Solution, Power Series Methods, LaPlace Transform, and Applications.

Distribution: Advanced (ADVD). Prerequisite: Permission of Instructor.

### **MATH 351 - Modern Geometry (3 credits)**

Problem solving in Geometry will be the main focus of this course. Three types of problems are studied. The first will be straightedge and compass constructions from Euclidean Geometry. The next will develop the Newton-Poincare model of Lobachevskian Geometry. The third will be isometries of the Euclidean plane.

Distribution: Advanced (ADVD).

### **MATH 360 - Introduction to Combinatorics (3 credits)**

This course introduces the basic techniques and modes of reasoning of combinatorial problem-solving. Topics covered include elementary counting principles, permutations and combinations, the inclusion/exclusion principle, recurrence relations, basic properties of graphs and digraphs, trees, graph coloring, and Eulerian and Hamiltonian circuits.

Distribution: Advanced. Prerequisite: MATH220.

### **MATH 402 - Applied Statistical Methods (3 credits)**

Students in this course will be provided with practical applications of several commonly used statistical procedures, including correlation analysis, single and multiple regression analyses, one-and two-way analysis of variance and experimental design and parametric statistics for undergraduate and graduate health and science majors.

Distribution: Advanced (ADVD). Prerequisite: [MATH 110 (Grade of 'B' or higher) or MATH 311 (Grade of 'C' or higher)] and [CPSC 101 (Grade of 'B' or higher) or CPSC 100 (Grade of 'B' or higher)].

### **MATH 405 - Experimental Design and Sampling for Surveys (3 credits)**

This course gives an introduction to survey sampling and experimental design. The topic of survey sampling covers the typical sampling methods, the calculation of estimators of population and sample size calculations. The topic of experimental design covers the typical methods of design of experiments, ANOVA (analysis of variance) for these design methods, multiple comparisons and contrast analyses. The emphasis will be on applications of the

methods of survey sampling and experimental design. The computer package SAS will be required for data analysis.

Distribution: Advanced (ADVD). Prerequisite: [MATH 311 (Grade 'C' or better) or MATH 110 (Grade 'B' or better) and [CPSC 130 (Grade 'C' or better) or CPSC 101 (Grade 'B' or better) or CPSC 100 (Grade 'B' or better)].

### **MATH 411 - Statistics II (3 credits)**

The mathematical properties of the sampling distributions of statistics will be investigated to develop criteria for precise estimation, powerful hypothesis testing, and assessing the robustness of model assumptions. Emphasis will be placed on the classical methods associated with the normal distribution and to the analysis of real data with linear models. Standard software packages will be used.

Distribution: Advanced (ADVD). Prerequisite: MATH 141 and MATH 311.

### **MATH 416 - Linear Statistical Modeling with SAS (3 credits)**

This course is intended for advanced undergraduate students, graduate students, and working professionals who engage in applied research. Statistical linear modeling methods are used in conjunction with SAS computer software to analyze data from experiments and observational studies. Topics include regression analysis, analysis of variance, multiple comparisons and multiple tests, mixed models, analysis of covariance, logistic regression, and generalized linear models.

Distribution: Advanced (ADVD). Prerequisite: [MATH 110 (Grade 'B' or better) or MATH 311 (Grade 'C' or better)] and [CPSC 100 (Grade 'B' or better) or CPSC 101 (Grade 'B' or better)].

### **MATH 420 - Number Theory (3 credits)**

This course deals with the study of the divisibility properties of integers, the theory of congruences, continued fractions, linear diophantine equation in one variable and more than one variable, algebraic number fields, and rings of algebraic integers.

Distribution: Advanced (ADVD). Prerequisite: Instructor Permission.

### **MATH 421 - Abstract Algebra (3 credits)**

This course will introduce the students to the basic algebraic structures, including groups, rings and fields.

Distribution: Advanced (ADVD). Prerequisite: MATH 220 and MATH 240.

### **MATH 425 - Introduction to Mathematical Modeling (3 credits)**

This course initiates the construction, analysis and research of real world mathematical models in order to promote creativity and emphasize ingenuity for finding reasonable solutions to open-ended problems, including experimentation and simulation. The study of theoretical model types is left for more advanced courses.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: MATH 240 and MATH 320.

### **MATH 430 - History of Mathematics (3 credits)**

This course studies the biographies of leading mathematicians and their contributions to mathematics, the historical development of subject-matter fields of mathematics, and the role that mathematics has played in the development of civilization.

Distribution: Advanced (ADVD) | Level II Writing (W2) . Prerequisite: MATH 220 and MATH 240.

**MATH 431 - Teaching Mathematics Using Technology (3 credits)**

This course is designed for pre-service and in-service teachers of secondary mathematics. It is a capstone course in both mathematics and the technology used in the mathematics classroom. Students will use various calculators and computer programs to solve significant problems and prepare lessons in calculus, statistics and geometry.

*Course may not be used for elective credit for (Applied) Mathematics major or the Mathematics, BA.*

Distribution: Advanced (ADVD). Prerequisite: 24 credits of mathematics (140 or higher) or graduate standing in Mathematics Education.

**MATH 440 - Real Analysis (3 credits)**

This course introduces students to the basic analytical structures of the real numbers and function, including limits, sequences, series, topology and continuity.

Distribution: Advanced (ADVD). Prerequisite: MATH 220 and MATH 240.

**MATH 445 - Mathematics in Modern Technology (3 credits)**

This course is designed to introduce the student to some of the contemporary mathematical practices that have been developed to address problems relating to such technologies as digital image compression, edge detection and signal de-noising. Using appropriate software the students will learn how to model a variety of filters and advanced mathematical transformations and to apply them to real-life problems.

Distribution: Advanced (ADVD). Prerequisite: MATH 141 and MATH 320. Crosslisted as: MATH 545.

**MATH 470 - Numerical Methods (3 credits)**

This course will develop the numerical algorithms and error estimates for finding roots, solving equations, and curve fitting. The emphasis is on algorithms with good error characteristics and reduction of round off error.

Distribution: Advanced (ADVD). Prerequisite: MATH 240 and MATH 320 and (CPSC 111 or CPSC 211). Crosslisted as: MATH 570.

**MATH 480 - Operations Research (3 credits)**

This course gives an introduction to both deterministic and stochastic operations research. The covered topics will include the nature of operations research, linear programming, project scheduling, dynamic programming, integer programming, queuing theory and stochastic simulation.

Distribution: Advanced (ADVD). Prerequisite: MATH 311 (Grade 'C' or higher) and MATH 320 (Grade 'C' or higher).

**MATH 481 - Actuarial Studies (3 credits)**

In this course, students will apply the mathematical foundations of probability and statistics, and of mathematics of finance, to actuarial science. Students will review the foundational topics and solve applied problems in the pricing and structure of insurance. Furthermore, students will use the techniques of net present value and focal dates of financial payments to solve insurance

related problems. The goal is to prepare students to pass the Society of Actuaries exams on probability and financial math.

*Additional Pre-Requisite: Students intending to sit for the the Society of Actuaries exams must also take MATH 280 (Grade 'C' or better) (p. 284).*

Distribution: Advanced (ADVD). Prerequisite: MATH 140 (Grade 'C' or better) and MATH 141 (Grade 'C' or better) and MATH 240 (Grade 'C' or better) and MATH 311 (Grade 'C' or better) .

**MATH 485 - IS: (3 credits)**

This experience is taken upon the initiative of a student who seeks to study with a knowledgeable faculty member in order to deepen a specific interest in a particular academic discipline.

Distribution: Advanced.

**MATH 486 - Field Experience and Internship (3 credits)**

This course consists of in-depth involvement in an environment that focuses on the use of mathematics to model and solve industrial, administrative, business or governmental problems. The student will work under direct professional supervision.

Distribution: Advanced. Prerequisite: MATH220 AND MATH240 AND MATH311 AND MATH320.

**MATH 487 - Internship in Statistics (3 credits)**

This course consists of in-depth involvement in an environment that focuses on the use of statistics to model and solve problems. The student will work under direct professional supervision.

Prerequisite: A grade of C or better in one of the following courses: MATH 311, MATH 402, MATH 405, MATH 411, MATH 416.

**MATH 499 - Student Teaching Internship (1 credit)**

This course is designed to provide the student with an opportunity to work with a faculty member in the student's primary Arts and Sciences discipline during the student teaching experience. The course will enhance the student's ability to understand and maximize the relationship between disciplinary subject matter and pedagogy.

Distribution: Advanced.

## Middle Level Education

### About the Programs

The four-year program in Middle Level Education is designed to offer students a curriculum of general education, content knowledge, and professional and middle education theory, application, and practice in teaching children in grades 4-8. The curriculum is designed to develop a community of learners who are competent and reflective professionals able to teach any child in any setting.

The courses and extensive field based component develops beginning educator's knowledge, skills, and dispositions relevant to content, the learner and the learning environment, teaching and learning process, and professionalism.

There is a strong focus on content knowledge in this program and students must select an 18 credit area of concentration in either English/Language Arts/Reading, Social Studies, Science or Math. Graduates of the MLED major will be eligible to become certified to teach any subject in Grades 4-6 and grades 7-8 in their concentration area. Students interested in this age level can also combine Special

Education certification with Middle Level Certification (see Special Education major (p. 383) p. 381 for details).

All teacher education students should be in frequent consultation with their academic advisers to make sure they are meeting the appropriate program and certification requirements which will vary depending on a variety of circumstances.

This program is jointly offered by the Department of Early Childhood & Elementary Education (570-422-3356) and the Department of Professional and Secondary Education (570-422-3363).

**Are you interested in...**

- Working with middle level children
- Teaching others
- Using your creativity

**Choose Middle Level Education at ESU**

- Qualified, experienced faculty
- Practical experience in authentic settings
- Strong content preparation

*More detailed career information is available from the department.*

**Middle Level Education B.S. (4 to 8)**

**PROGRAM FEATURES**

109 credits

(109-111 credits for Math concentration)

*Changes to the current program requirements have been submitted for approval and are under review. Please see your advisor or the department chair if you have any questions.*

## Modern Languages

### College of Arts and Sciences

#### *The Faculty of Arts and Letters*

Stroud Hall, Room 208  
570-422-3407  
www.esu.edu/ml

#### **About the Program**

Studying a language at East Stroudsburg University offers students an ideal opportunity to broaden their intellectual horizons, improve their communication skills, and gain a genuine understanding of another culture. Students may greatly enhance their prospects of employment by pursuing language study in conjunction with such disciplines as Business, Health Studies, Psychology, Hotel/Restaurant/Tourism, English, History, Communications, and many other fields.

#### **Employment / Career Opportunities**

As employment opportunities become increasingly international in their orientation, language majors are finding new career possibilities in the realms of international business, media or technology. With a careful selection of courses supplementing their language major, it is possible for a student to pursue graduate studies in medicine, business, or law. Whatever a student's professional interest, pursuing the study of another language can only enhance the potential for success while increasing marketability.

#### **Programs**

The primary mission of our Department is to offer students a comprehensive program of studies in Spanish. Students graduate with a Bachelor of Arts degree, which typically leads to a career in translation, business, government, non-profits, or social services. K-12 teaching certification can be added by following the appropriate education courses at ESU, culminating in student teaching.

Three minors are offered, each with distinct strands of language, culture and workforce-related content:

- Spanish
- Spanish for the Professions
- Chinese Language and Culture

French is offered on campus and via remote instruction. Other languages may also be offered, whether on a traditional basis or via individualized instruction or a distance modality. These include Arabic, German, Greek, Japanese, Latin, Portuguese and Russian.

Whatever the level of language study chosen by the student, the basic goal remains the same: to acquire useful proficiency in that language with meaningful cultural knowledge. In its pursuit of these goals, the department follows the guidelines and standards established by such professional organizations as the American Council on the Teaching of Foreign Languages (ACTFL), the Modern Language Association (MLA), the Council for the Accreditation of Educator Preparation (CAEP; formerly NCATE) and the various professional organizations affiliated with those languages in which degrees are offered (AATSP and CLTA).

### Overseas Travel/Study/Internships

Global opportunities offer students unparalleled insight into different languages and cultures, and also shed new light on professional possibilities. Study abroad is a transformative experience on many levels. The great majority of ESU language majors and minors opt to spend a month, a semester or a full academic year in another country. ESU's Office of International Programs assists students with choosing a destination, academic integration of overseas credits, financial planning and issues of acculturation. As a member of the National Student Exchange (NSE) and the International Student Exchange Program (ISEP), ESU ensures that students receive the widest possible selection of destinations at the lowest possible cost. In addition, internships can be arranged in the U.S. and abroad, enhancing the student's professional prospects upon graduation.

### Are you interested in ...

- Becoming fluent in a second or third language?
- Gaining a competitive edge with a valuable second major or minor?
- Unique travel experiences?
- Exploring other cultures in-depth?

### Choose Modern Languages at ESU for...

- Small class sizes
- Skilled faculty from around the world
- Intersections with Business, Health Studies, etc.
- Extensive career placement
- State-of-the-art Language Learning Center
- Affordable study abroad options

### Career Potential

- Language Educator
- Translator / Interpreter
- Hospitality Program Manager
- Bilingual Specialist in Healthcare, Sales, Social Work
- Linguist

### Career Settings

- K-12 Schools
- International Business
- Media Communications
- Digital Services/Web Development

- Technology
- United Nations or Peace Corps
- Graduate School

*More detailed career information is available from the department.*

## Spanish B.A.

### Notes:

1. All students pursuing a Bachelor of Arts degree in Spanish must complete a minimum of 12 credits at ESU in their target language at a level higher than Language 215 (Language IV). Of these 12 credits, a minimum of three (3) credits must be at the 400 level.
2. Students must maintain a minimum quality point average of 2.50 in the major. No grade less than "C" will be accepted in any course within the major.
3. The department very strongly encourages students majoring in a language to participate in study abroad. Appropriate credit will be awarded for courses taken through programs approved by the department.
4. Additional information can be found in the Department of Modern Languages office.

### PROGRAM FEATURES: SPANISH

30 credits

#### Required courses:

MLSP 310	A Critical Approach to Spanish Literature	3
MLSP 315	Spanish Grammar and Composition	3
MLSP 336	Spanish Conversation	3
MLNG 361	Introduction to Linguistics	3

*18 additional MLSP credits in any course except:*

MLSP 116	GN: Spanish I	3
MLSP 120	Spanish Masterpieces in Translation	3
MLSP 231	Spanish For Travelers	3

Six of these 18 credits must be met with 400-level courses (excluding MLNG 486).

#### Additional requirements:

Please see the university requirements in this catalog. (p. 40)

**Chinese Language and Culture Minor****PROGRAM FEATURES**

18 credits

*Required courses:*

MLCH 116	GN: Chinese I	3
MLCH 117	GE: Chinese II	3
MLCH 214	GE: Chinese III	3
MLCH 215	GE: Chinese IV	3

*Co-requisites:*

Six credits from the following list:

MLCH 221	Reading Chinese	3
MLCH 235	Chinese Listening and Speaking	3
SOC 201	GN: The Comparison of Societies	3
PHIL 212	GN: Asian Thought and Culture	3
POLS 230	Asia	3
CMST 310	Intercultural Communication	3
HIST 313	China: History and Politics	3
GEOG 330	Geography of Eastern Asia	3

POLS 420 International Politics of the Asia-Pacific 3

*Additional Requirements:*

Six credits must be taken at ESU.

Students must participate in an exchange program (either locally or abroad) or in a substitute experience as approved by the Chair.

Students must earn a grade of "C" (2.0) or better in all coursework for the minor.

## International Studies Minor

21 credits

The International Studies Minor at East Stroudsburg University is designed to provide the undergraduate student with an interdisciplinary program of coursework and international experience that enhances the knowledge and skills acquired in the student's chosen major.

Students pursuing this minor become better equipped to engage the process of globalization in an informed way. In addition, they develop a multilingual dimension that is not only sought by employers but also advocated nationally as a step toward constructive world citizenship. The minor is open to all matriculating students at East Stroudsburg University, and it may be used to enrich any degree program.

In conjunction with his or her academic adviser and with a member of the Modern Languages Department, the student develops a plan of coursework fulfilling two areas of study, as follows:

### A. FOCUSED COURSEWORK ON AN INTERNATIONAL THEME (UP TO 12 CREDITS)

International themes might include area studies, economic interdependence, global environmental issues, comparative cultural studies, transnational business, world political systems, international healthcare alternatives, or others.

*Specific requirements:*

At least six of the 12 credits must be from the following departments: Economics, Geography, History or Political Science. Only three of the 12 credits may be from a 100-level course. At least six of the 12 credits must be at the 300/400 level. All courses must fit the student's pre-approved study plan.

More than 12 credits may be accepted for this requirement if fulfillment of the language requirement (below) requires fewer than nine credits.

### B. FOREIGN LANGUAGE PROFICIENCY (UP TO NINE CREDITS)

Students must achieve Intermediate-level fluency in a second (or third) language. This requirement may be met in a number of ways.

*Native English-speaking students have two options:*

- They may complete semesters 1 through 4 of a language offered at ESU. Students with some prior experience or coursework with the language may be placed directly into level 2, 3 or 4, as determined by the placement process followed within the department.

- Alternatively, they may be evaluated as having achieved Intermediate-equivalent proficiency via transfer credits in language from another university (U.S. or foreign), or via other non-academic experiences. In this case, the evaluation will be made by members of the department or by other appropriate language professionals.

*Students whose native language is not English may seek recognition of fluency in their native language and will be asked to fulfill two requirements:*

- Completion of a course designed specifically for native speakers of their language, such as the one currently offered regularly at ESU for Spanish. If unavailable in the desired language, the course may be waived at the discretion of the department.
- Completion of six credits of coursework in a language that is neither English nor their native language.

Students will be very strongly encouraged to engage in a semester-length or summer study abroad experience, with appropriate guidance provided. Credits earned overseas can be applied toward completion of the minor's 21 credits.

A quality point average of 2.5 must be maintained.

Upon completion of both components of the minor the student will write a final essay that includes reflections on their coursework and intercultural experiences.

## Spanish Minor

### PROGRAM FEATURES

Students are required to complete a minimum of 18 credits in the target language. Any target language courses may be counted for the minor. In addition, MLNG 361 Introduction to Linguistics counts toward the minor. MLSP 120 Spanish Masterpieces in Translation does not count.

*Additional Requirements:*

Twelve credits in the minor must be completed at East Stroudsburg University. This residency requirement applies to all students, including transfer students who arrive with credits completed elsewhere.

Students are required to maintain a GPA of 2.50. No grade less than "C" will be accepted in any course within the minor. Native speakers choosing a minor in their native language will be required to complete 12 credits at the 300-400 level.

## Spanish for the Professions Minor

### PROGRAM FEATURES

18 credits

*Required courses*

*At least 3 credits from the following courses:*

MLSP 232	GN: Conversational Spanish for Business	3
MLSP 233	GN: Conversational Spanish for Health Services	3

MLSP 234 GN: Conversational Spanish for Social Services 3

MLSP 251 GN: Translation: Spanish 3

Or other professionally-oriented courses in Spanish as approved by the department.

### *MLSP 307*

*Three credits at the 300- or 400-level*

Spanish coursework with significant emphasis on culture, as approved by the department.

Such courses currently include MLSP 305 La cultura a través del cine, MLSP 444 Cultural History of Spain, MLSP 445 Cultural History of Latin America, and MLSP 450 US Latino Literature and Culture.

*Up to 9 credits in other courses in Spanish*

Not including MLSP 116

### *Additional Requirements*

Minimum GPA in the minor of 2.50

## Modern Languages Faculty

### Professor:

Paul Creamer (pcreamer@esu.edu)

Jeffrey Ruth, Chair (jruth@esu.edu)

Annie Mendoza (amendoza@esu.edu)

## MLAR - Arabic

### **MLAR 116 - GN: Arabic I (3 credits)**

This is a foundation course in elementary Arabic. Emphasis will be placed on developing basic oral proficiency, studying the structure of the language, and examining its relevant cultural contexts. Multimedia resources at the Language Learning Center will supplement course materials.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C).

### **MLAR 117 - GE: Arabic II (3 credits)**

This course completes the first-year introduction to Arabic, providing students with the knowledge and skills needed to function at the elementary level. Emphasis will be placed on developing oral proficiency appropriate to level II, studying grammatical structures of the language, and further examining relevant cultural context. Multimedia resources at the Language Learning Center will supplement course materials.

Distribution: GE: Humanities - Foreign Lang. Prerequisite: MLAR116.

## MLCH - Chinese

### **MLCH 116 - GN: Chinese I (3 credits)**

This course introduces students to essential oral and written communication in Chinese. The classroom experience is communicative and rich in target-language discourse. Study of

grammar, vocabulary and culture enables basic interactions within Chinese-speaking communities.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity and Citizenship (G).

### **MLCH 117 - GE: Chinese II (3 credits)**

This course reinforces and expands basic communication skills in essential oral and written Chinese. The classroom experience is communicative and rich in target-language discourse. Students further their knowledge and competencies in grammar, vocabulary and culture for basic communication within Chinese-speaking communities.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity and Citizenship (C).

### **MLCH 120 - GN: Chinese Masterpieces in Translation (3 credits)**

This course introduces students to key works of Chinese fiction and poetry. Through guided readings in English and via discussion and class projects, students are exposed to the wide cultural impact of this literature and its relevance in today's society. Some basic dimensions of Chinese-English literary translation are addressed. No prior experience with Chinese is presumed.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity and Citizenship (G).

### **MLCH 214 - GE: Chinese III (3 credits)**

This is a third-semester course designed to advance students toward intermediate proficiency in Chinese (Mandarin). Reading, writing, listening and speaking skills will be developed via textbook and multimedia resources both in and out of the classroom, with a communicative orientation emphasizing authentic cultural content and real-world competencies.

Distribution: GE: Humanities - Foreign Lang | Advanced. Prerequisite: MLCH 117 or equivalent.

### **MLCH 215 - GE: Chinese IV (3 credits)**

This is a fourth-semester course designed to advance students toward upper-intermediate proficiency in Chinese (Mandarin). Reading, writing, listening and speaking skills will be developed via textbook and multimedia resources both in and out of the classroom, with a communicative orientation emphasizing authentic cultural content and real-world competencies.

Distribution: GE: Humanities - Foreign Lang | Advanced. Prerequisite: MLCH 214 or equivalent.

### **MLCH 221 - Reading Chinese (3 credits)**

Written Chinese texts from the realms of business, health-related services, literature, philosophy and science form the core materials for this intermediate-level course. Its purpose is to improve each student's facility in reading Chinese (Mandarin). A systematic review of language structures and regular acquisition of new vocabulary will accompany the guided readings. Simplified Chinese characters will be used almost exclusively in these readings.

Distribution: Advanced. Prerequisite: MLCH 215 equivalent.

**MLCH 235 - Chinese Listening and Speaking (3 credits)**

The purpose of this intermediate-level course is to improve each student's speaking and listening comprehension in Chinese (Mandarin). This is accomplished via authentic Chinese sources (newscasts, music, radio, readings, etc.), practice with communicative situations, ongoing grammatical study and continuing expansion of vocabulary.

Distribution: Advanced. Prerequisite: MLCH 215 equivalent.

**MLFR - French****MLFR 116 - GN: French I (3 credits)**

This course introduces students to essential oral and written communication in French. The classroom experience is communicative and rich in target-language discourse. Study of grammar, vocabulary and culture enables basis interactions within French-speaking communities.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity and Citizenship (G). Prerequisite: Students with no previous study in the language, or no more than one year of previous study, will be admitted. .

**MLFR 117 - GN: French II (3 credits)**

This course reinforces and expands basic communication skills in essential oral and written French. The classroom experience is communicative and rich in target-language discourse. Students further their knowledge and competencies in grammar, vocabulary and culture for basic communication within French-speaking communities.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity and Citizenship (G). Prerequisite: MLFR 116.

**MLFR 120 - GN: French Masterpieces in Translation (3 credits)**

This course introduces students to key works of fiction, poetry and drama in French. Through guided reading in English via discussion and class projects, students gain an appreciation for the broad cultural impact of this literature and its relevance in today's society. Some basic dimensions of French-English literary translations are also addressed.

*No prior experience with the French language required.*

Distribution: GN: Group A - Modern Languages (AML) | Global Diversity/Citizenship (G) | Communication (C) | GE: Humanities - Foreign Lang (HUFL) | .

**MLFR 141 - GN: French Influence on European Culture (3 credits)**

This course, in English translation, concentrates on original esthetic texts, which reveal the movement of ideas at two high points in French civilization. It shows the reasoning behind French baroque, classicism, romanticism, symbolism, Dadaism, and Surrealism. This course is open to all students except French majors.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C).

**MLFR 214 - GN: French III (3 credits)**

This course moves students toward intermediate-level oral and written communication in French. The classroom experience is

communicative and rich in target-language discourse. Students gain knowledge and competencies in grammar, vocabulary and culture to enable a wide variety of communication within French-speaking communities.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity and Citizenship (G) | Advanced. Prerequisite: MLFR 117 .

**MLFR 215 - GN: French IV (3 credits)**

This course consolidates intermediate-level oral and written communication in French. The classroom experience is communicative and rich in target-language discourse. Students gain knowledge and competencies in grammar, vocabulary and culture to deepen communication within French-speaking communities.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity and Citizenship (G) | Advanced. Prerequisite: MLFR 214 .

**MLFR 221 - Reading French (3 credits)**

This is an intermediate level course designed to meet the needs of students who are interested in learning to read French. Students will develop both active and passive vocabulary through reading materials, which are graded as to level of difficulty.

Distribution: Advanced. Prerequisite: MLFR214.

**MLFR 231 - GN: French For Traveler (3 credits)**

This is an intermediate language course designed for the student who wishes to acquire conversational skills, which will enable the student to travel more efficiently and with greater language ease in French-speaking countries.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Advanced. Prerequisite: MLFR 116 and MLFR 117 or equivalent.

**MLFR 235 - Listening/Speaking French (3 credits)**

This is an intermediate course designed to develop the listening/speaking skills in the target language. The exercises will include conversations, commercials, and formal speeches. Students will be able to distinguish between formal and colloquial language.

Distribution: Advanced. Prerequisite: MLFR214.

**MLFR 251 - Translation: French (3 credits)**

This is an intermediate course designed to develop the facility of translation into English with texts, which are graded as to level of difficulty. Readings may include several modern short stories, current newspaper articles, magazine articles, and excerpts from various texts.

Distribution: Advanced. Prerequisite: MLFR214.

**MLFR 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**MLFR 301 - Introduction to French and Francophone Literature (3 credits)**

This course includes reading and analysis of representative works of French and Francophone literature. Students will develop their linguistic skills through a series of interpretative essays and oral reports.

Distribution: Advanced. Prerequisite: MLFR 215 or equivalent.

**MLFR 302 - French and Francophone Media (3 credits)**

This course will introduce students to the diversity of present-day media in France and the French-speaking world. The course will cover a wide range of sources including print (newspapers, magazines), audio (live and recorded radio broadcasts), video (recorded programs from French television), and various electronic resources. Class participation, oral reports and written assignments will emphasize the development of language skills needed to comprehend and discuss the issues raised.

Distribution: Advanced. Prerequisite: MLFR 215 or equivalent.

**MLFR 305 - French and Francophone Cinema (3 credits)**

This French-language course is a diachronic examination of the birth and maturation of two intimately related yet distinct film industries: that of France, and that of the Francophone world. Students will view in their entirety a dozen canonical films from these traditions, including works by Jean Renoir, Francois Truffaut, and Ousmane Sembene. Students will be asked to produce oral or written responses to the films they see, as well as a capstone paper.

Distribution: Advanced. Prerequisite: MLFR 215 or 4 years of high school French.

**MLFR 307 - French for Professional Communication (3 credits)**

Students will read, discuss, evaluate and translate a variety of sources reflecting current developments in the realms of business, science and technology. There will be an introduction to the specialized vocabulary of each profession with extensive practice in discussing topics relevant to these fields. Students will complete a series of oral and written assignments, including technical translations.

Distribution: Advanced. Prerequisite: MLFR 215 or equivalent.

**MLFR 312 - French Poetry (3 credits)**

This course will trace the evolution of poetic discourse in France, focusing on four periods: Renaissance love lyric, the Romantic poetics of hyperbole, Symbolist poetics (Baudelaire, Verlaine, Rimbaud, Mallarme) and twentieth-century innovations (Apollinaire, Valery, Breton, Eluard, Ponge, Michaux). The intertextual relationship of poetry to painting and music will help situate our reading within a broad cultural context. Students will present several reports and write brief essays in French on the poems studied.

Distribution: Advanced. Prerequisite: MLFR 215 and MLFR 301 or equivalent.

**MLFR 315 - French Grammar and Composition (3 credits)**

This course consists of a thorough review of grammar, verbs, and idioms with much practical exercise in composition; it is required for all majors. The course is offered on demand.

Distribution: Advanced. Prerequisite: MLFR235.

**MLFR 336 - French Oral Practice (3 credits)**

This course is designed to help the student attain fluency in French. It includes a presentation, discussion, and criticism of timed oral reports on a wide variety of subjects, as well as individual use of the language laboratory.

Distribution: Advanced (ADVD). Prerequisite: MLFR 235.

**MLFR 343 - French Civilization I (3 credits)**

This course covers the history, geography and cultural trends of France from early periods to the modern-day.

Distribution: Advanced. Prerequisite: MLFR215.

**MLFR 401 - Paris As Cultural Icon (3 credits)**

This course will examine selected works of fiction, poetry, films, paintings, photographs and other cultural artifacts which reflect the status of Paris as the capital of French culture. The class will study the links between the city's artistic status and the transformations operated by Haussmann, Mitterrand and other civic leaders.

Distribution: Advanced. Prerequisite: MLFR 301 and MLFR 215 or 4 years high school French.

**MLFR 417 - The French Literature of Ideas (3 credits)**

This French-language course is a diachronic examination of how a diverse group of French authors used their writings to express philosophical ideas, or to endorse, comment upon, or attack the philosophical ideas of others. Beginning with the Renaissance the course moves on to the Classical period and then the Enlightenment. The twentieth century is given the greatest attention.

Distribution: Advanced. Prerequisite: MLFR 215 or 4 years of high school French, and MLFR 301.

**MLFR 423 - Nineteenth Century French Literature (3 credits)**

This course examines the backgrounds and distinctive features of Romantic and Realistic periods. It includes readings in prose and poetry from representative authors, including Hugo, Vigny, Musset, Stendhal, Balzac, Zola, Flaubert, and Maupassant.

Distribution: Advanced. Prerequisite: MLFR215 AND MLFR221.

**MLFR 424 - Twentieth Century French Literature (3 credits)**

This course surveys the significant writers of this century, including Proust, Gide, Colette, Sartre, Camus, and Beckett.

Distribution: Advanced. Prerequisite: MLFR215 and MLFR221.

**MLFR 425 - Seventeenth Century French Literature (3 credits)**

This course includes readings from Corneille, Racine, Moliere, and other representative writers of the century, as well as supplementary readings and reports on historical backgrounds.

Distribution: Advanced. Prerequisite: MLFR215 and MLFR221.

**MLFR 426 - Modern French Drama (3 credits)**

This course surveys the French Theatre from the late 19th century to the present. It includes a study of various dramatic forms as seen in the reading of significant plays.

Distribution: Advanced. Prerequisite: MLFR 215 and MLFR 221.

**MLFR 485 - Independent Study: (3 credits)**

This course will consist of directed research and study on an individual basis. It is only open to advanced students (junior standing) on a limited basis, pending approval of the Department and the instructor. Students must have completed twelve credits at the upper level (300-400) in the target language before requesting Independent Study. Independent study cannot be given in areas in which courses are being taught.

Distribution: Advanced. Prerequisite: Junior standing; 12 upper level (300-400) credits in the target language.

**MLFR 495 - Seminar (3 credits)**

Distribution: Advanced.

**MLGR - German**

---

**MLGR 116 - GN: German I (3 credits)**

This course introduces students to essential oral and written communication in German. The classroom experience is communicative and rich in target-language discourse. Study of grammar, vocabulary and culture enables basic interactions within German-speaking communities.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity and Citizenship (G).

**MLGR 117 - GN: German II (3 credits)**

This course reinforces and expands basic communication skills in essential oral and written German. The classroom experience is communicative and rich in target-language discourse. Students further their knowledge and competencies in grammar, vocabulary and culture for basic communication within German-speaking communities.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity and Citizenship (G). Prerequisite: MLGR 116 .

**MLGR 120 - GN: German Masterpieces in Translation (3 credits)**

Readings in English translation may include works by Kafka, Mann, Hesse, Brecht, and others. This is a general education course open to all students except German majors.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity & Citizenship (G).

**MLGR 214 - GE: German III (3 credits)**

This is an intermediate level course designed to meet the needs of students who are interested in reviewing German grammar. Students will practice patterns of grammatical structures both orally and in written exercises.

Distribution: GE: Humanities - Foreign Lang | Advanced. Prerequisite: MLGR 117 or 4 years of high school German.

**MLGR 215 - German IV (3 credits)**

This is a continuation of the German III course. The course is designed to further develop skills already learned as well as to introduce grammatical concepts of a more complex nature.

Distribution: Advanced. Prerequisite: MLGR 214 or equivalent high school preparation.

**MLGR 221 - Reading German (3 credits)**

This is an intermediate level course designed to meet the needs of students who are interested in learning to read German. Students will develop both active and passive vocabulary through reading materials, which are graded as to level of difficulty.

Distribution: Advanced. Prerequisite: MLGR215.

**MLGR 231 - German For Travelers (3 credits)**

This is an intermediate language course designed for the student who wishes to acquire conversational skills, which will enable the student to travel more efficiently and with greater language ease in German-speaking countries.

Distribution: Advanced. Prerequisite: MLGR116 AND MLGR117.

**MLGR 235 - Listen/Speak German (3 credits)**

This is an intermediate course designed to develop the listening/speaking skills in the target language. The exercises will include conversations, commercials, and formal speeches. Students will be able to distinguish between formal and colloquial language.

Distribution: Advanced. Prerequisite: MLGR215.

**MLGR 251 - Translation: German (3 credits)**

This is an intermediate course designed to develop the facility of translation into English with texts, which are graded as to level of difficulty. Readings may include several modern short stories, current newspaper articles, magazine articles, and excerpts from various texts. Offered on demand.

Distribution: Advanced. Prerequisite: MLGR215.

**MLGR 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**MLGR 315 - German Grammar and Composition (3 credits)**

This course is a thorough review of grammar with exercises in composition. Offered on demand.

Distribution: Advanced. Prerequisite: MLGR215.

**MLGR 336 - German Oral Practice (3 credits)**

This course is designed to help the student attain fluency in German. It includes the presentation, discussion, and criticism of timed oral reports on a wide variety of subjects, memorization of prose and poetry for improving diction, and individual use of the language laboratory. The class is limited to 12 students and is offered on demand.

Distribution: Advanced. Prerequisite: MLGR235.

**MLGR 495 - Seminar (3 credits)**

This course is designed to help the student attain fluency in German. It includes the presentation, discussion, and criticism of timed oral reports on a wide variety of subjects, memorization of prose and poetry for improving diction, and individual use of the language laboratory. The class is limited to 12 students and is offered on demand.

Distribution: Advanced.

**MLIT - Italian**

---

**MLIT 116 - GN: Italian I (3 credits)**

This course introduces students to essential oral and written communication in Italian. The classroom experience is communicative and rich in target-language discourse. Study of grammar, vocabulary and culture enables basic interactions within Italian-speaking communities.

**MLIT 117 - GN: Italian II (3 credits)**

This course reinforces and expands basic communication skills in essential oral and written Italian. The classroom experience is communicative and rich in target-language discourse. Students further their knowledge and competencies in grammar, vocabulary and culture for basic communication within Italian-speaking communities.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity and Citizenship (G). Prerequisite: MLIT 116.

**MLIT 120 - GN: Italian Masterpieces in Translation (3 credits)**

This course introduces students to key works of Italian fiction and poetry. Through guided readings in English and via discussion and class projects, students are exposed to the broad cultural impact of this literature and its relevance in today's society. Some basic dimensions of Italian-English literary translation are also addressed. No prior experience with Italian is presumed.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity & Citizenship (G).

**MLIT 214 - GE: Italian III (3 credits)**

The purpose of this course is to advance students toward an intermediate proficiency in the four communicative modes (listening, speaking, reading and writing) as well as to explore the many facets of Italian and Italian American culture.

Distribution: GE: Humanities - Foreign Lang | Advanced. Prerequisite: MLIT 117, or 4 years of high school Italian.

**MLIT 215 - GE: Italian IV (3 credits)**

This is a continuation of the Italian III course. This course is designed to further develop intermediate skills already learned, as well as to introduce grammatical concepts of a more complex nature. The many facets of Italian and Italian American culture will continue to be explored.

Distribution: GE: Humanities - Foreign Lang | Advanced. Prerequisite: MLIT 214, or equivalent high school preparation.

**MLJA - Japanese****MLJA 116 - GN: Japanese I (3 credits)**

GN: Group A - Modern Languages (AML) | Global Diversity/Citizenship (G) | Communication (C) | GE: Humanities - Foreign Lang (HUFL)

This course introduces students to essential oral and written communication in Japanese. The classroom experience is communicative and rich in target-language discourse. Study of grammar, vocabulary and culture enables basic interactions within Japanese-speaking communities.

**MLJA 117 - GN: Japanese II (3 credits)**

This course reinforces and expands basic communication skills in essential oral and written Japanese. The classroom experience is communicative and rich in target-language discourse. Students further their knowledge and competencies in grammar, vocabulary and culture for basic communication within Japanese-speaking communities.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity and Citizenship (G). Prerequisite: .

**MLLN - Latin****MLLN 116 - GN: Latin I (3 credits)**

This course introduces students to Latin pronunciation, grammar, vocabulary, and historical cultural context. Classroom activities and assignments enable students to read excerpts from key classical authors in original or simplified versions.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity and Citizenship (G).

**MLLN 117 - GN: Latin II (3 credits)**

This course deepens a student's foundation in Latin grammar and vocabulary, and introduces additional rhetorical considerations from the classical tradition. Classroom activities and assignments enable students to read increasingly complex excerpts from key classical and medieval authors.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity and Citizenship (G).

**MLLN 221 - Reading Latin (3 credits)**

This is an intermediate level course designed to develop reading skills in Latin while exploring the fundamental themes and remarkable diversity of Roman literary culture. A sequence of graded readings will include selections from Caesar, Cicero, Catullus, Ovid, and Virgil.

Distribution: Advanced. Prerequisite: MLLN117.

**MLNG - Modern Languages****MLNG 120 - GN: Classical Mythology (3 credits)**

This course will study the nature and development of classical mythology through its various manifestations in the Greco-Roman world. Topics will include cosmology, Homeric heroes, the Olympians, fertility myths, and ancient religious customs. The class will read from a wide range of primary texts (Homer, Ovid, Virgil) and will also examine the legacy of classical mythology in selected works of modern art and literature.

Distribution: GN: Group A - Modern Languages (AML) | Global Diversity/Citizenship (G) | Communication (C) | GE: Humanities - Foreign Lang (HUFL) .

**MLNG 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**MLNG 361 - Introduction to Linguistics (3 credits)**

This course examines the essential areas of linguistics-- especially phonetics, phonology, morphology, and syntax -- drawing examples from the wide array of the world's languages. Other areas of study include language in society, language universals, language acquisition, historical linguistics, writing systems, and computational linguistics.

Distribution: Advanced (ADVD) | Info. Literacy and Technology (I) . Prerequisite: Advanced standing of 60 credits.

**MLNG 485 - Independent Study (3 credits)**

This course will provide an opportunity for students to receive further language instruction or engage in directed research and study of a selected topic on an individual basis. Specific course requirements and evaluations will be developed by the instructor and approved by the chair.

Distribution: Advanced. Prerequisite: For languages, two courses in the appropriate language or culture area, if those courses exist; for directed research, advanced standing of 75 credits.

**MLNG 486 - Internship (3-12 credits)**

This course provides advanced students an opportunity to apply and develop their language skills and cultural competencies in a professional setting under faculty and on-site supervision.

Distribution: Advanced. Prerequisite: Pre-requisite: Completion of 90 credits, including a minimum of 9 language credits at the 300-400 level with an average grade of B or better. Department approval. .

**MLNG 499 - Student Teaching Internship (1 credits)**

This course is designed to provide the student with an opportunity to work with a faculty member in the student's primary Arts and Sciences discipline during the student teaching experience. The course will enhance the student's ability to understand and maximize the relationship between disciplinary subject matter and pedagogy.

Distribution: Advanced. Prerequisite: Qualification to Student Teach. Concurrent registration in PSED 430 OR PSED 431 required. .

**MLPG - Portuguese****MLPG 116 - GN: Portuguese I (3 credits)**

This course introduces students to essential oral and written communication in Portuguese. The classroom experience is communicative and rich in target-language discourse. Study of grammar, vocabulary and culture enables basic interactions within Portuguese-speaking communities.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity & Citizenship (G).

**MLPG 117 - GN: Portuguese II (3 credits)**

This course reinforces and expands basic communications skills in essential oral and written Portuguese. The classroom experience is communicative and rich in target-language discourse. Students further their knowledge and competencies in grammar, vocabulary and culture for basic communication within Portuguese-speaking communities.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C) | Global Diversity and Citizenship (G). Prerequisite: MLPG 116 or equivalent. .

**MLRU - Russian****MLRU 116 - GN: Russian I (3 credits)**

This is a foundation course designed for the beginning student. It includes the study of grammar and reading materials and emphasizes social and cultural values.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C). Prerequisite: Students with

no previous study of the language or no more than 1 year of previous study will be admitted. .

**MLRU 117 - GE: Russian II (3 credits)**

This is a continuation of Russian I. Its purpose is to further reinforce previously acquired basic language skills.

Distribution: GE: Humanities - Foreign Lang. Prerequisite: MLRU 116 or equivalent of one semester of college-level study or no more than 2-3 years combined total of junior high/high school language. .

**MLRU 120 - GN: Masterpieces of Russian Literature in Translation (3 credits)**

This General Education course will introduce students to the extraordinary diversity and visionary depth of Russian literature within its historical context. Readings will be drawn from representative 19th and 20th century authors, including Pushkin, Dostoevsky, Tolstoy, Chekhov and Solzhenitsyn. Brief writing assignments will be required.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Communication (C).

**MLRU 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**MLSP - Spanish****MLSP 116 - GN: Spanish I (3 credits)**

This course introduces students to essential oral and written communication in Spanish. The classroom experience is communicative and rich in target-language discourse, study of grammar, vocabulary and culture enable basic communication within Spanish-speaking communities.

*Students should have little to no prior experience with the Spanish language for this course.*

Distribution: GN: Group A - Modern Languages (AML) | Global Diversity/Citizenship (G) | Communication (C) | GE: Humanities - Foreign Lang (HUFL) | .

**MLSP 117 - GN: Spanish II (3 credits)**

This course reinforces and expands basic communication skills in essential oral and written Spanish. The classroom experience is communicative and rich in target-language discourse. Students further their knowledge and competencies in grammar, vocabulary and culture for basic communication within Spanish-speaking communities.

Distribution: GN: Group A - Modern Languages (AML) | Global Diversity/Citizenship (G) | Communication (C) | GE: Humanities - Foreign Lang (HUFL) | . Prerequisite: MLSP 116 or Department Permission.

**MLSP 120 - Spanish Masterpieces in Translation (3 credits)**

This course is designed for non-Spanish majors in which English translations of Peninsular and Latin American literature are read and discussed. Attention is given to cultural understanding and to the interrelationships of literary works.

Distribution: GE: Humanities - Foreign Lang | GN: Group A - Modern Languages (AML) | Global Diversity & Citizenship (G) | Communication (C).

**MLSP 143 - GE: Spanish Language and Culture Through Media (3 credits)**

This course is designed to develop an awareness and understanding of the differences between the cultures of the Spanish-speaking peoples and that of the student. These objectives are met through the use of media, including slides, films, filmstrips, and recordings. This course is open to all students except Spanish majors. The course is conducted in English and offered on demand.

Distribution: GE: Humanities - Foreign Lang.

**MLSP 214 - GN: Spanish III (3 credits)**

This course moves students toward intermediate-level oral and written communication in Spanish. The classroom experience is communicative and rich in target-language discourse. Students gain knowledge and competencies in grammar, vocabulary and culture to enable a wide variety of communication within Spanish-speaking communities.

Distribution: Advanced (ADVD) | GN: Group A - Modern Languages (AML) | Global Diversity/Citizenship (G) | Communication (C) | GE: Humanities - Foreign Lang (HUFL) | . Prerequisite: MLSP 116 and MLSP 117 or Departmental Permission.

**MLSP 215 - GN: Spanish IV (3 credits)**

This course consolidates intermediate-level oral and written communication in Spanish. The classroom experience is communicative and rich in target-language discourse. Students gain knowledge and competencies in grammar, vocabulary and culture to deepen communication within Spanish-speaking communities.

Distribution: Advanced (ADVD) | GN: Group A - Modern Languages (AML) | Global Diversity/Citizenship (G) | Communication (C) | GE: Humanities - Foreign Lang (HUFL). Prerequisite: All of the following: (MLSP 116, MLSP 117, MLSP 214) or Departmental Permission.

**MLSP 221 - Reading Spanish (3 credits)**

This is an intermediate level course designed to meet the needs of students who are interested in learning to read Spanish. Students will develop both active and passive vocabulary through reading materials which are graded as to level of difficulty.

Distribution: Advanced. Prerequisite: MLSP215.

**MLSP 231 - Spanish For Travelers (3 credits)**

This is an intermediate language course designed for the student who wishes to acquire conversational skills which will enable him to travel more efficiently and with greater language ease in Spanish-speaking countries.

Distribution: Advanced. Prerequisite: MLSP 116 AND MLSP 117, or equivalent.

**MLSP 232 - GN: Conversational Spanish for Business (3 credits)**

Students engage in practical, situational communication aimed at preparing them for basic Spanish conversation in a business environment. Specialized vocabulary will be acquired for sales, marketing, finance and other areas. Oral presentations and case studies will supplement everyday classroom activities. Development of

intercultural competence will be an essential course goal alongside effective communication.

Distribution: GN: Group A - Modern Languages (AML) | Communication (C). Prerequisite: MLSP 117 or permission of instructor.

**MLSP 233 - GN: Conversational Spanish for Health Services (3 credits)**

Practical situations will be simulated in the classroom to provide individuals with basic conversational skills in Spanish in order to communicate with Spanish-speaking patients. Students will learn dialogues based upon typical hospital situations, i.e., parts of the body, useful phrases, and questions for testing, diagnosis, and treatment procedures. Students will also learn to respond more effectively to the needs and requests of the patient. The course may not be counted toward the major in Spanish.

Distribution: GN: Group A - Modern Languages (AML) | Communication (C) | Advanced. Prerequisite: MLSP116 AND MLSP117.

**MLSP 234 - GN: Conversational Spanish for Social Services (3 credits)**

Practical situations will be simulated in the classroom to provide opportunities for developing conversational skills useful for personnel in social services (i.e., criminal justice administration and social work). The focus will be on appropriate vocabulary, analysis of native mores, expectations of the U.S. system, and other areas that will promote Spanish communication between social service personnel and people of Spanish-speaking backgrounds. The course may not be counted toward the major in Spanish.

Distribution: GN: Group A - Modern Languages (AML) | Communication (C) | Advanced. Prerequisite: MLSP116 AND MLSP117.

**MLSP 235 - Listening/Speaking Spanish (3 credits)**

This is an intermediate course designed to develop the listening/speaking skills in the target language. The exercises will include conversations, commercials, and formal speeches. Students will be able to distinguish between formal and colloquial language.

Distribution: Advanced. Prerequisite: MLSP 215 or high school preparation.

**MLSP 251 - GN: Translation: Spanish (3 credits)**

This is an intermediate course designed to develop the facility of translation into English with texts which are graded as to level of difficulty. Readings include current newspaper articles, magazine articles, and excerpts from various texts. Offered on demand.

Distribution: GN: Advanced. Prerequisite: MLSP215.

**MLSP 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**MLSP 305 - La cultura a través del cine (3 credits)**

This course is designed to give students the opportunity to examine and appreciate the rich and diverse cultures of Spain, Latin America and Latinos in the United States through films, videos and selected readings, as well as to improve their formal knowledge of the

language. The course will combine lecture, film viewing and discussion in each class.

Distribution: Advanced. Prerequisite: MLSP215.

**MLSP 307 - Spanish for Business (3 credits)**

This course provides students who have at least intermediate-level Spanish fluency the opportunity to deepen their language skills via focused study of the business environments of Latin America, Spain and the U.S. Latino communities. Students will practice essential business vocabulary; engage in situational conversation for various commercial sectors; write effective business documents; and learn to communicate appropriately in cross-cultural business settings.

Distribution: Advanced. Prerequisite: MLSP 117 or equivalent.

**MLSP 310 - A Critical Approach to Spanish Literature (3 credits)**

This course introduces students to the characteristics of the major literary genres in Spanish, including narrative, poetry and drama. Through selected readings representing most phases of Spanish-language literature, students develop skills of literary analysis and gain an informed sense of the role and concerns of literature in Spanish-speaking societies, as well as connections to other literatures.

Distribution: Advanced (ADVD) | Level II Writing (W2) . Prerequisite: ENGL 103 and MLSP 215 (Grade of 'C' or higher) or Departmental Permission.

**MLSP 315 - Spanish Grammar and Composition (3 credits)**

This course systematically reviews and deepens the student's knowledge of Spanish grammar, which is applied in increasingly complex writing exercises. Genres of writing to be covered include descriptions, narration, exposition and argumentation. A wide variety of cultural setting frames the study of both grammar and composition. Abundant relevant vocabulary is acquired.

Distribution: Advanced (ADVD) | Level III Writing (W3) . Prerequisite: MLSP 310.

**MLSP 316 - Spanish for Heritage Speakers (3 credits)**

This course is designed for heritage and bilingual speakers of Spanish who want to improve their formal knowledge of the language and deepen their understanding of the role of language in the many Spanish-speaking communities around the world.

Distribution: Advanced (ADVD). Prerequisite: Intermediate to Advanced Spanish proficiency (speak with department).

**MLSP 336 - Spanish Conversation (3 credits)**

Through intensive, guided practice, this course aims to raise a student's spoken proficiency from the intermediate to the advanced level. Course resources include formal and informal texts from across the Spanish-speaking world, focusing on contemporary issues and using digital media for all kinds. A global, intercultural approach is taken. Examples of some of the themes covered are power and politics, the influence of mass media and technology, and current events. This is a required course for all MLSP majors, however, Heritage speakers should take MLSP 316/Spanish for Heritage Speakers, rather than this course; consult the department for guidance.

Distribution: Advanced (ADVD) | Communication (C) . Prerequisite: MLSP235.

**MLSP 401 - Readings in Spanish Literature (3 credits)**

Students undertake analytical readings of selected works of Spanish literature and engage in critical discussions of them. The course proceeds chronologically, beginning with a short introduction to the Latin roots of Castilian, and providing historical context for subsequent literary movements and writers as they are taken up. Each student will also engage in more focused research and writing on some aspects of the course material covered.

Distribution: Advanced. Prerequisite: MLSP 310 AND MLSP 315 or 4 years of high school Spanish. .

**MLSP 402 - Readings in Spanish-American Literature (3 credits)**

Students undertake analytical readings of selected works of Spanish-American literature and engage in critical discussions of them. The course proceeds chronologically, beginning with a short introduction to indigenous literary compositions, and providing historical context for subsequent Spanish-language movements and writers as they are taken up. Each student will also engage in more focused research and writing on some aspect of the course material covered.

Distribution: Advanced. Prerequisite: MLSP 215 AND MLSP 310 or 4 years of high school Spanish.

**MLSP 408 - Medical Spanish (3 credits)**

Medical Spanish is designed for working medical professionals (or those soon entering that field) who already possess high intermediate-through-advanced Spanish proficiency. The course focuses extensively on expanding and deepening medical vocabulary, essential grammatical structures, and the cultural subtleties needed to interact effectively with Hispanic patients. Understanding the sociocultural framework of Spanish-speaking patients will be a critical part of the course. Class times will be based on homework practice, and will focus on situational dialogues that model typical conversations found in a variety of healthcare settings. Students will improve the accuracy and breadth of their medically-oriented Spanish, enabling more effective interactions, such as eliciting a medical history, comprehending Spanish descriptions of symptoms, and bridging communication among a patient, her/his family, and the medical institution. The development of useful Spanish conversational skills in a medical context will be the paramount course objective.

Distribution: Advanced. Prerequisite: Departmental determination of (1) Spanish proficiency (minimum: Int. High on ACTFL scale) and (2) appropriate medical training via professional background or academic coursework.

**MLSP 410 - Caribbean Literature and Culture (3 credits)**

This course examines the literary, cultural, historical and social traditions of the Hispanophone Caribbean, which includes the Antillean and continental nations sharing the Caribbean Sea and coastlines. The course also takes the cultural productions of Caribbean diaspora communities in the US and elsewhere. Emphasis is given to the major literary and social works from the Colonial period to the present.

Distribution: Advanced (ADVD). Prerequisite: MLSP 310 or equivalent, AND MLSP 315.

**MLSP 411 - Cuban Literature & Culture (3 credits)**

This course explores how historical, political and social changes in Cuba are represented in Cuban literature and culture from the colonial era to the present. Using literature, music and visual arts, key moments integral to the development of the Cuban nation, as well as Cuban diasporic identity, are examined.

Prerequisite: MLSP 215 and MLSP 310; or departmental permission.

**MLSP 421 - Spanish Golden Age Literature (3 credits)**

This course includes reading and analysis of key literary works of the Spanish Golden Age, with contextual study of medieval and humanist influences upon authors of that period.

Distribution: Advanced (ADVD). Prerequisite: MLSP310 AND MLSP315.

**MLSP 423 - Mexican Literature (3 credits)**

This course is an intensive study of prose literature which has appeared in Mexico since the Revolution. Reading and discussion of major works by Paz, Rulfo, Azuela, Yanez, Fuentes, and Ruben Romero are included. This course is offered on demand.

Distribution: Advanced. Prerequisite: MLSP310.

**MLSP 425 - Latin American Short Story (3 credits)**

This course examines the development of the modern short story in Latin America from its nineteenth-century roots through several twentieth-century phases and into its present forms. Relevant theory and sociocultural context will accompany the study of this literature.

Distribution: Advanced (ADVD). Prerequisite: MLSP 310 and one of the following survey courses: MLSP 401 or MLSP 402 or MLSP 444 or MLSP 445.

**MLSP 426 - Twentieth Century Spanish Drama (3 credits)**

Students undertake readings of works by Valle-Inclán, Casona, García Lorca, Buero Vallejo, Sastre and other major playwrights of Modern Spain. This dramatic production is viewed through literary and sociopolitical lens, with each work set against key historical and cultural events of its time.

Distribution: Advanced (ADVD). Prerequisite: MLSP310.

**MLSP 427 - Latin American Novel (3 credits)**

Students read and analyze novels and some selected excerpts by major Latin American writers (Cortázar, Fuentes, García Márquez, Vargas, Allende, Valenzuela, et al.). Works and authors are set within their historical and political framework

Distribution: Advanced (ADVD). Prerequisite: MLSP310.

**MLSP 428 - Twentieth Century Spanish Literature (3 credits)**

This course is an in-depth study of representative works of prose and poetry in Spain from the generation of 1898 to the turn of the twenty-first century.

Distribution: Advanced (ADVD). Prerequisite: MLSP310.

**MLSP 430 - Modernismo (3 credits)**

This course is a study of the writings of the key figures of the Modernismo movement in Latin America and their impact on Hispanic literature in Europe and the Americas. The scope is multinational, and it includes the various generations that constitute this movement.

Distribution: Advanced (ADVD). Prerequisite: MLSP 310 or 4 years of high school Spanish, and MLSP 315.

**MLSP 435 - Afro-Latin American Literature (3 credits)**

This course examines the literature and cultural context of peoples of African descent in Latin American societies from the end of the colonial period to the present day. Through critical readings of literary texts by and about Afro-Latin Americans, with supplementary historical documentation and film, students explore the experiences of members of this group and learn how they have been represented in Latin America.

Distribution: Advanced (ADVD). Prerequisite: MLSP 310 or equivalent or one of the advanced language courses or a language proficiency course (EDC).

**MLSP 440 - Women and Society in the Literature of Spain and Latin America (3 credits)**

This course guides students through an analysis of the representation of female characters in the literature of Spain and Latin America from the sixteenth century to the present. The selected literature will be examined for its aesthetics, for its function within society and for the questions raised by it throughout history. Accompanying the literary readings will be contextual study that highlights the evolution of women's roles in society.

Distribution: Advanced (ADVD). Prerequisite: MLSP 310 AND one of the following survey courses MLSP 401 OR MLSP 402 OR MLSP 444 OR MLSP 445.

**MLSP 444 - Cultural History of Spain (3 credits)**

This course consists of selected readings and directed discussion on the cultural history of Spain from the pre Roman era to today. Cultural artifacts to be studied include literature, visual art, music and key historical documents. Each student will also engage in more focused research and writing on some aspect of the course material covered.

Distribution: Advanced. Prerequisite: MLSP 215 AND MLSP 221 or equivalent.

**MLSP 445 - Cultural History of Latin America (3 credits)**

This course consists of selected readings and directed discussion on the cultural history of Latin America from the pre-contact era to today. Cultural artifacts to be studied include literature, visual art, music and key historical documents. Each student will also engage in more focused research and writing on some aspect of the course material covered.

Distribution: Advanced. Prerequisite: MLSP 215 AND MLSP 221 or equivalent. .

**MLSP 450 - U.S. Latino Literature and Culture (3 credits)**

This interdisciplinary course explores the presence, culture, literature and history of the Latino population in the US, through literary texts, film, media, newspapers and other cultural production.

Distribution: Advanced (ADVD). Prerequisite: MLSP215 AND MLSP310.

**MLSP 485 - Independent Study: (3 credits)**

This course will consist of directed research and study on an individual basis. It is only open to advanced students (junior standing) on a limited basis, pending approval of the Department and the instructor. Students must have completed twelve credits at the upper level (300-400) in the target language before requesting Independent Study. Independent study cannot be given in areas in which courses are being taught.

Distribution: Advanced. Prerequisite: Junior standing; 12 upper-level (300-400) credits in the target language.

### **MLSP 495 - Seminar (3 credits)**

This advanced level course will cover varied topics in Spanish and Spanish American literature and culture. Students will write a research paper and present an oral report. (In addition to presenting an in-depth oral report, graduate students will be required to submit a 15-page research paper in strict compliance with MLA guidelines, which must include at least three documented sources)

Distribution: Advanced. Prerequisite: MLSP 310 and one additional 300/400 level class.

## **Music**

### **College of Arts and Sciences**

#### ***The Faculty of Arts and Letters***

#### ***Music courses are housed within the Theatre department***

Fine and Performing Arts Center, Room 207

570-422-3759

[www.esu.edu/theatre](http://www.esu.edu/theatre)

#### **Performance Opportunities:**

- University/Community Concert Band
- Warrior Marching Band
- University Jazz Ensemble

### **MUS - Music Courses**

#### **MUS 100 - GN: Introduction to Music (3 credits)**

This course is a survey of classical music from the Pre-Renaissance to the present; styles and musical periods are studied and correlated with other areas of learning; listening both in and out of class is stressed.

Distribution: GN: Group A - Fine Arts (AFA) | Artistic Expression (A) | GE: Humanities - Fine Arts (HUFA) .

#### **MUS 101 - GN: Fundamentals Music (3 credits)**

This course is designed to give students basic knowledge and skills in music reading, theory or harmony, and aural theory so that they can intelligently read, sing, and perform a simple musical score or diatonic melody.

Distribution: GN: Group A - Fine Arts (AFA) | Artistic Expression (A) | GE: Humanities - Fine Arts (HUFA) .

#### **MUS 105 - GN: History of Rock and Jazz (3 credits)**

This introductory course will examine the history of history of rock and jazz music through the study of noteworthy performers, composers, compositions, styles, and trends. Related political, social, cultural, and historical influences will also be discussed.

Distribution: GN: Group A - Fine Arts (AFA) | Artistic Expression (A) | GE: Humanities - Fine Arts (HUFA) .

#### **MUS 130 - GN: Concert Choir (3 credits)**

The Concert Choir is the university's large mixed vocal choral group. Rehearsals stress the preparation of high quality choral music from various periods of music history and musical styles. Musical skills such

as reading musical notation, ensemble blend, tone quality and proper interpretation are emphasized at rehearsals.

Distribution: GN: Group A - Fine Arts (AFA) | Artistic Expression (A) | GE: Humanities - Fine Arts (HUFA) .

#### **MUS 134 - Marching Band (1 credits)**

The University Marching Band is open to all university students with prior experience at the high school or college level, or with permission of the instructor. The group will be exposed to both standard marching band music and accompanying drill movements. Emphasis will be placed on developing musicianship in the areas of intonation, rhythm and balance, as well as visual effect.

*The ensemble may be taken for credit or no credit.*

Distribution: GE: Humanities - Performing Arts.

#### **MUS 135 - University and Community Concert Band (1 credits)**

The University/Community Concert Band is open to all university and community instrumentalists with previous experience in high school and/or college band. This group will be exposed to standard concert band literature, marches, musical show selections, and pop music. Emphasis will be on developing musicianship, especially tone, blend, balance, intonation, rhythmic accuracy, and sight-reading. Public performances may be scheduled by the group's director.

Distribution: GE: Humanities-Performing Arts (HUPA).

#### **MUS 242 - University Jazz Ensemble (1 credits)**

This group will consist of the following instrumental sections: saxophone, trumpet, trombone, and rhythm. The music rehearsed will reflect a wide variety of jazz styles with emphasis on the development of good ensemble techniques, rhythmic accuracy, tonal balance, intonation, improvisation, and sight reading skills.

Distribution: GE: Humanities-Performing Arts (HUPA) | .

## **Music Faculty**

### **Associate Professor:**

James Maroney (JMaroney@esu.edu)

Brian Hodge (bhodge1@esu.edu)

## **Nursing**

### **College of Health Sciences**

#### ***The Faculty of Health Sciences***

DeNike Center for Human Services

570-422-3474

[www.esu.edu/nurs](http://www.esu.edu/nurs)

#### **About the Program**

The Department of Nursing offers a four-year program of study that leads to the Bachelor of Science degree with a major in nursing. This program is accredited by the Accreditation Commission for Education in Nursing Inc. and fully approved by the Pennsylvania State Board of Nursing.

Upon completion of the program, a graduate is eligible to apply for the NCLEX-RN Examination for licensure as a registered nurse, and is prepared to function as a generalist in professional nursing practice.

The graduate is also eligible for graduate study based on individual achievement.

The program involves a foundation of liberal arts education with basic preparation in professional nursing.

A capstone project and related clinical experiences at the end of the senior year facilitates a smooth transition from student to graduate role.

Registered nurse baccalaureate graduates are prepared to practice in a variety of settings, which may include hospitals, community agencies, and long-term care facilities.

### **Mission**

#### ***The mission of the Department of Nursing is to:***

- Prepare citizens qualified to practice as professional nurses in successful competition with graduates of colleges and universities throughout the United States;
- Meet national and local leadership needs in nursing and;
- Find personal life satisfaction in nursing practice through ever widening horizons of understanding and service.

### **Accreditation**

The Nursing degree program is accredited by the Accreditation Commission for Education in Nursing Inc., 3343 Peachtree Road NE, Suite 850, Atlanta GA 30326, a specialized accrediting agency recognized by the U.S. Secretary of Education. In addition, the program is approved by the Pennsylvania State Board of Nursing.

### **Admission**

The admission policies for the nursing program are consistent with the university policies found in the university catalog with the following exceptions:

#### ***Freshmen Admission Criteria***

Consideration for admission is based on the following guidelines:

1. A cumulative high school GPA 3.00 and above.
2. Three units of laboratory science selected among biology, chemistry, and physics. The three units may include a second year of an earlier course, for example AP biology.
3. Four units of college preparatory mathematics including Algebra I, Geometry, Algebra II, and a math class for which Algebra II is a prerequisite such as trigonometry or pre-calculus.

Freshmen nursing majors will be advised by the Nursing Department Faculty and will register for the following courses:

#### Fall

BIOL 116/117 Anatomy and Physiology for the Health Professions with lab - 4 credits

MATH 110 General Statistics - 3 credits

PSY 100 General Psychology - 3 credits

FYE 100 University Studies - 3 credits

ENG 103 English Composition - 3 credits

Semester total = 16 credits

#### Spring

BIOL 118/119 Anatomy and Physiology for the Health Professions II with lab - 4 credits

HLTH/EXSC 105 Health and Wellness - 3 credits

CMST 111 Introduction to Communication - 3 credits

SOC 102 Introduction to Cultural Diversity - 3 credits

General Education Elective - 3 credits

Semester total = 16 credits

Upon completion of the course work noted above, students with a grade of "C" or better in each course and a cumulative GPA of 3.00 or above will progress in the nursing program to their sophomore year.

### **Transfer Students**

The Department of Nursing admits students as freshmen. Seats become available for students not directly admitted as freshmen. Admission for transfer students is very competitive; successful applicants often have 3.0 or higher GPA. Students who are currently East Stroudsburg University students are given preference for admission into the nursing program.

#### ***Other Transfer student criteria:***

1. Completion of fall semester freshman year, and enrolled in required courses for spring semester.
2. Overall GPA 3.0.
3. Completion of Anatomy and Physiology I and enrollment in Anatomy and Physiology II and related labs, Statistics, General Psychology, First Year Experience and English Composition with grades of 3.0 or higher in each course, and no grades less than a "C".
4. Two letters of recommendation from professors.
5. Letter of intent as to why candidate wants to be a nurse.
6. Interview with nursing faculty may be conducted after the review of submitted materials to the nursing department.

All materials need to be submitted to the Nursing Department Admissions, Progression, and Graduation committee by Feb 1 for fall placement only.

### **Core Performance Standards for Admission and Progression**

Applicants and students enrolled in the Department of Nursing must possess the necessary behavioral, intellectual, physical, interpersonal, and communication skills to provide nursing care that is safe for the clients, for themselves, and for other healthcare providers. They must be able to provide safe nursing care in a wide variety of settings with diverse clients. Students must meet these core performance standards to qualify for and remain in the nursing program. Where possible, reasonable accommodations will be provided for those individuals with disabilities to enable them to meet these standards and ensure

that students are not denied the benefits of, excluded from participation in, or otherwise subjected to discrimination in this program. The core performance standards for this program are identified in the Undergraduate Catalog (p. 306).

### Time Limit for Completing the Program of Study:

All requirements for the degree in the nursing program must be completed within seven years from the date students begin their studies. Exceptions to this requirement may be approved by the department if extenuating circumstances exist.

## Nursing: Core Performance Standards for Admission and Progression

Issue	Standard	Examples of Nursing Activities
Critical Thinking	Critical thinking sufficient for clinical judgment	Competent assessment of clients in a timely manner. Correct interpretation of assessment data, identification of necessary nursing interventions, design of appropriate nursing care plans, evaluating the effectiveness of interventions and revising planned interventions.
Cognitive	Ongoing capacity to learn new information and skills to provide safe nursing care. This includes the ability to comprehend, measure, calculate, analyze and evaluate diverse forms of information.	Learn new skills and rationales for nursing care in a timely manner. Learn and adopt new methods of providing nursing care to reflect the dynamic nature of health care provision.
Interpersonal	Interpersonal abilities sufficient to interact with individuals, families, and groups from a variety of social, emotional, cultural and intellectual backgrounds.	Establish rapport and relate effectively with clients, their families, and colleagues. Work effectively with these individuals when they are stressed physically and/or emotionally. Provide care socially and culturally acceptable to clients
Communication	Communication abilities sufficient for interaction with others in verbal and written form.	Follow verbal and written instructions. Clearly communicate with other health care providers by appropriately documenting the nursing interventions provided and the clients' responses. Provide effective client teaching. Consult with a health care provider in a professional manner
Mobility	Physical abilities sufficient to move oneself from room to room, along hallways, and in	Lifting, moving, carrying, pushing, pulling, and supporting clients, equipment and other objects independently.

	small or confined spaces. The ability to meet the physical demands of providing nursing care.	Standing, bending, walking, and sitting while working directly with clients and co-workers, and documenting care
Motor Skills	Gross and fine motor abilities sufficient to provide safe and effective nursing care.	Perform vital signs, CPR, physical assessment, use equipment, hang IVs and tube feedings, draw up and give injections. Document nursing interventions and patient care in legible writing or accurate type.
Tactile	Tactile dexterity sufficient for physical assessment.	Perform palpation, functions of physical examination and/or those related to therapeutic intervention, i.e. insertions of a catheter, giving injections
Visual	Visual ability sufficient for observation and assessment necessary in nursing care.	Reading charts, flow sheets, monitors, thermometers. Assessment of patient skin, color, pupils, wound healing. Drawing up and administering medications.
Hearing	Auditory ability sufficient to monitor and assess health needs.	Auscultation of blood pressure, breath sounds, bowel sounds. Hearing alarms, call bells, cries for help by clients and families and co-workers. Understanding mechanically reproduced voices such as on audiotape
Personal Behaviors	Maintains personal behaviors consistent with the American Nurses' Association Code for Nurses.	Demonstrates personal responsibility, accountability, integrity and honesty. Demonstrates respect for self and others through their verbal and nonverbal behaviors. Avoids behavior inconsistent with professional standards such as chemical dependency and abuse, harm toward self or others, or engaging in or supporting criminal behavior.

Adapted from Core Performance Standards Required for Nursing, Board of Directors of the Southern Council on College Education for Nursing (SCCEN), 1993

### Academic Progression Criteria:

Minimum academic criteria have been established for all students in this degree program. Freshman, sophomore, junior and senior level students are evaluated in the fall and spring semesters to determine whether or not they should continue in the nursing program. The criteria used for evaluation are as follows:

1. Students must show evidence of being able to successfully complete the professional program. This evidence includes a minimum cumulative grade point average GPA of 3.0.
2. Students entering their first semester in the fall of 2020 will be dismissed if their GPA falls below 2.75 at the conclusion of either the fall or spring semesters.
3. Students who are dismissed will meet with their faculty advisor and receive a letter from the Admissions, Progression and Graduation Committee (APG) and/or chairperson.
4. Students who attain a GPA of 2.76 - 2.99 will be retained in the Nursing Program on a probationary status for one semester only.
5. Students are permitted to be on probation only one semester throughout the nursing program.
6. Students placed on probation will meet with their faculty advisor and receive a letter from the Admissions, Progression and Graduation Committee (APG) or the chairperson.
7. Students dismissed from the nursing program can re-apply when their GPA has increased to 3.0 and they have also achieved a "C" or better in all prerequisite courses. Students may petition for readmission to the APG committee. Readmission is dependent upon available seats in the cohort and is not guaranteed.
8. Students must achieve a grade of "C" or better in all courses listed in the nursing curriculum plan which includes nursing and prerequisite courses. However, a "C" in all required courses does not guarantee progression since the minimum required GPA is 3.0.
9. Students who do not achieve a required progression grade of "C" or better in nursing or prerequisite courses; the student is only permitted to retake one course one time.
10. Students who do not achieve a "C" or better in two (2) nursing or prerequisite courses within the same semester will be dismissed from the nursing program.
11. Students who fail to achieve a passing grade in any co-requisite theory and clinical course must retake both of the co-required courses, even if the student earns a passing grade in one of the co-requisite courses.

Revised March 2018 in order to maintain NCLEX pass rate mandated by PA State Board of Nursing.

### Clinical Nursing Course Requirements

Two months prior to beginning a clinical nursing course, students must submit evidence of current Act 34 clearance, FBI Fingerp and Act 151 child abuse clearance, current CPR certification, professional liability insurance (\$1,000,000 per occurrence/\$3,000,000 aggregate minimum coverage), appropriate immunizations and titers, and verification of good health, including a negative Mantoux test, or

chest x-ray. Immunizations and titers include DT, measles, mumps, Hepatitis B, Rubella vaccine or titer showing immunity and a serology test (VDRL, RPR or STS). Students need to provide evidence of drug screening and yearly flu immunization.

All nursing students must purchase their own malpractice insurance and present evidence prior to enrolling in a clinical nursing course.

RN to BS students are also required to present evidence of current licensure in Pennsylvania. Act 34, FBI Fingerprinting and Act 151 clearance forms and health records indicating recent TB and Flu and COVID immunizations.

### **Additional Expenses**

Additional expenses required of students as they progress through the Nursing Program are uniform costs, travel expenses to clinical sites, online testing packages used for NCLEX state board preparation, and application fees for licensure. All nursing students enrolled in clinical courses will have an added fee of \$1,000 per semester.

### **Credit By Examination**

Credit for nursing courses may be earned through credit by examination for those students with previous clinical experiences or coursework. Other methods of earning credit are explained in the Advanced Placement section of this catalog.

### **Eligibility for Licensure Examination**

Graduates of the Bachelor of Science program are eligible to apply to the National Council of State Boards of Nursing Examination for licensure to practice as Registered Nurses. Prospective students should note that there are restrictions on licensure due to felony convictions related to controlled substances. For additional information, contact the Nursing Department at 570-422-3474.

### **Student Organizations**

Students are encouraged to join their professional organization, the Student Nurses Association. This is the local chapter of the National Student Nurses Association.

### **Grievance Procedure**

The university's grievance procedure can be found in the university's Student Handbook.

### **Nursing Honor Society**

Senior students who have achieved a 3.0 cumulative grade point average and who rank in the highest 35 percent of their class are eligible to apply for induction into the Xi Beta Chapter of Sigma Theta Tau International, the nursing honor society.

## **NURS - Nursing Courses**

### **NURS 105 - Health Promotion and Lifetime Wellness (3 credits)**

This course explores the behaviors in which college students should engage to reduce their risk of acute and chronic diseases and premature death. An emphasis on positively enhancing the dimensions of health and wellness as a resource for college students to meet their short- and long-term goals is emphasized. By focusing on determinants of health as associated to the college student, individual, social, and physical behaviors and conditions will be explored through lecture, self-evaluative experiences, personal fitness and physical activity assessments, experiences, and behavior change principles.

Distribution: Wellness (H).

### **NURS 211 - Health Assessment for Nurses (2 credits)**

This course focuses on the holistic health assessment of the adult client. Communication and interviewing skills, physical examination techniques, documentation of findings, and recognizing the significance of selected lab and diagnostic findings will be addressed.

*This course is restricted Nursing majors.*

Distribution: Advanced (ADVD). Prerequisite: BIOL 116 and BIOL 118. Corequisite: NURS 212.

### **NURS 212 - Health Assessment Laboratory for Nurses (1 credit)**

This course consists of laboratory experiences for the practical application of holistic health assessment of the adult client. Communication and interviewing skills, physical examination techniques, documentation of findings, and recognizing the significance of selected lab and diagnostic findings are addressed.

*This course is restricted to Nursing majors.*

Distribution: Advanced (ADVD). Prerequisite: BIOL 116 and BIOL 118. Corequisite: NURS 211.

### **NURS 213 - Theoretical Foundations of Nursing (3 credits)**

This course is an introduction to selected concepts that contribute to the foundation of nursing knowledge, profession, and practice. The course facilitates the students' ability to integrate knowledge from other disciplines with nursing science as the basis for professional nursing practice.

Distribution: Advanced (ADVD). Prerequisite: BIOL 111 and BIOL 112. Corequisite: NURS 214.

### **NURS 214 - Foundations of Nursing Practice (2 credits)**

This clinical course provides an opportunity for the application of the nursing process as it relates to selected concepts, values, and skills required for professional nursing practice. Students will practice fundamental nursing skills, including assessment and diagnostic techniques, planning of care and interventions, and evaluation of nursing activities.

Distribution: Advanced (ADVD). Prerequisite: BIOL 111 and BIOL 112. Corequisite: NURS 213.

**NURS 216 - Theoretical Foundations of Nursing II (2 credits)**

This course is directed to the nursing care of older adults. Unique health and nursing needs of the older adult clients and their significant others will be explored as well as the political, social, economic, ethical and moral issues that have implications for an aging society.

*All pre-requisites must be completed with a grade of 'C' or better.*

Distribution: Advanced (ADVD). Prerequisite: BIOL 111 and BIOL 112 and NURS 211 and NURS 213. Corequisite: NURS 217.

**NURS 217 - Foundations of Nursing Practice II (2 credits)**

This clinical course is directed to the nursing care of older adults. Unique health and nursing needs of the old adult clients and their significant others will be explored as well as the political, social, economic, ethical and moral issues that have implications for an aging society. Students will continue to practice fundamental nursing skills, including assessment and diagnostic techniques, planning of care and interventions, and evaluation of nursing activities. Specific attention will be on the pharmacologic needs, interpretations of laboratory results and other diagnostic tests as it pertains to the patient's medical diagnoses. A variety of hospital and community sites will provide opportunities for students to develop a solid foundation for critical thinking skills while honing in on their interpersonal and therapeutic skills.

*All course pre-requisites must be completed with a grade of 'C' or better.*

Distribution: Advanced (ADVD). Prerequisite: BIOL 111 and BIOL 112 and NURS 213. Corequisite: NURS 216.

**NURS 220 - Nutrition and Diet Therapy (3 credits)**

This course is designed to provide a comprehensive overview of nutrition and its crucial role in maintaining health and promoting rehabilitation. The course focuses on nutritional and public health; nutrients; metabolism; food sources; food selection for nutritional, psychological and cultural values; and on various therapies for disease conditions.

*This course is restricted Nursing majors.*

Distribution: Advanced (ADVD). Prerequisite: NURS 211 and NURS 213. Corequisite: CHEM 115.

**NURS 221 - Health Transitions from Birth through Young Adult (2 credits)**

This course focuses on the development, health, and wellness needs of children, adolescents, and young adults. Using developmental and systems theories and a family-centered care approach, current trends and nursing interventions are stressed regarding the physical and emotional needs of infants through young adulthood.

Distribution: Advanced (ADVD). Prerequisite: NURS 211 and NURS 213. Corequisite: NURS 222.

**NURS 222 - Nursing Care from Birth through Young Adult (2 credits)**

This clinical course provides the opportunity for students to care for children and young adults with acute and chronic health problems in a pediatric clinical setting. Through observational and interactional community site placements, students will be exposed to screenings

and application of age specific nursing interventions for well children and their families.

Distribution: Advanced (ADVD). Prerequisite: NURS 211 and NURS 213. Corequisite: NURS 221.

**NURS 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**NURS 309 - Dynamics of Nursing Practice (3 credits)**

In this course the Registered Nurse student will examine various nursing themes and concepts; nursing education; adult education; nursing process; leadership, management, systems theory; and components of the U.S. health care system. Emphasis is placed on effective oral and written communication. Students are expected to refine critical thinking skills and express views in class discussion from readings and material presented.

*This course is restricted to registered nurses completing their BSN.*

Distribution: Advanced (ADVD).

**NURS 310 - Introduction to Evidence Based Nursing Practice (2 credits)**

This nursing research course is designed to develop students' understanding of professional scholarly inquiry and the fundamental principles of scientific investigation that provide a foundation for evidence based nursing practice.

*This course is restricted Nursing majors.*

Distribution: Advanced (ADVD) | Level II Writing (W2) . Prerequisite: ENGL 103 and MATH 110 and NURS 213 and NURS 221.

**NURS 311 - Health Transitions I: Experience of Illness in the Middle Adult Years (2 credits)**

This course focuses on nursing care of the adult experiencing injury or illness in the middle adult years. Content focuses on the client's response to altered immune system processes; cell growth, proliferation and death; metabolic homeostasis; obstructions; and related therapeutic interventions.

Distribution: Advanced (ADVD). Prerequisite: NURS 221. Corequisite: NURS 312 and NURS 313.

**NURS 312 - Nursing Care of Middle-Aged Adults I (2 credits)**

This clinical course provides the students the opportunity to apply their knowledge of physical and psychosocial processes to care of middle-aged adult clients in hospital, home and rehabilitation settings. Students will advance their skills in therapeutic communication, clinical reasoning, and evaluation of evidence based outcomes with adult clients experiencing acute illness or exacerbation of chronic illness.

Distribution: Advanced (ADVD). Prerequisite: NURS 221. Corequisite: NURS 311 and NURS 313.

**NURS 313 - Transitions in Mental Health (2 credits)**

This course is based on selected theories of normal and abnormal behavior, psychiatric disorders, and related treatment modalities specific to the nurse practicing in psychiatric/mental health settings.

Distribution: Advanced (ADVD). Prerequisite: NURS 221. Corequisite: NURS 311 and NURS 314.

**NURS 314 - Nursing Care of Patients Experiencing Transitions in Mental Health (2 credits)**

This clinical course provides students the opportunity to participate in the care of clients experiencing acute and chronic psychiatric mental health problems. Students develop skills in therapeutic communication and relationships, group leadership, symptom management, teaching/learning, and collaboration with members of the interdisciplinary team.

Distribution: Advanced (ADVD). Prerequisite: NURS 221. Corequisite: NURS 311 and NURS 313.

**NURS 315 - Nursing Care Simulation I (1 credit)**

This course provides selected nursing care simulation experiences in the care of the adult with chronic illness and mental health problems. Simulations will address cognitive, psychomotor, affective, communication, developmental, safety, pharmacology and leadership/management /delegation learning outcomes.

Distribution: Advanced (ADVD). Corequisite: NURS 311 and NURS 312 and NURS 313 and NURS 314.

**NURS 323 - Health Transitions in the Childbearing Family (2 credits)**

This course focuses on the theoretical basis and nursing principles necessary to the provision of holistic health care to the childbearing family. Nursing interventions associated with physiological, psychological, developmental, social, and cultural adaptations of women throughout the childbearing cycle, and their newborns, are addressed.

Distribution: Advanced (ADVD). Prerequisite: NURS 311 and NURS 313. Corequisite: NURS 321 and NURS 324.

**NURS 324 - Nursing Care of the Childbearing Family (2 credits)**

This clinical course provides the opportunity for students to apply theoretical principles related to family centered nursing. Students apply the nursing process and associated maternal nursing skills to the care of the childbearing women and their newborns in a variety of healthcare settings.

Distribution: Advanced (ADVD). Prerequisite: NURS 311 and NURS 313. Corequisite: NURS 321 and NURS 323.

**NURS 325 - Nursing Care Simulation II (1 credit)**

This course provides selected nursing care simulation experiences in the care of the adult and the childbearing family. Simulations will address cognitive, psychomotor, affective, communication, developmental, safety, pharmacology and leadership/management/delegation learning outcomes.

Distribution: Advanced (ADVD). Corequisite: NURS 323 and NURS 324 and NURS 326 and NURS 327.

**NURS 326 - Nursing Care of Middle-Aged Adults II (2 credits)**

This clinical course focuses on the application of nursing knowledge to the care of clients experiencing alterations in physiological integrity and function. Students will develop clinical skills and examine the relationship of commonly used pharmacologic modalities in the care of the client experiencing illness. Clinical focuses on the client's response to altered fluid and electrolyte balance, and cardiac, respiratory, gastrointestinal, and reproductive functions.

Distribution: Advanced (ADVD). Prerequisite: NURS 311 and NURS 313. Corequisite: NURS 321 and NURS 323.

**NURS 327 - Health Transitions II: Experience of Illness in the Middle Adult Years (2 credits)**

This course builds on Health Transitions I, focusing on nursing care of the adult experiencing injury or illness in the middle adult years. Theoretical content focuses on the human response to altered fluid and electrolyte balance, and cardiac, respiratory, gastrointestinal and reproductive functions.

Distribution: Advanced (ADVD). Prerequisite: NURS 311 and NURS 313. Corequisite: NURS 322 and NURS 323.

**NURS 411 - Health Transitions III: The Adult Experience of Complex Illness (2 credits)**

This course focuses on the nursing care of adult patients with complex and critical illness. The course will enhance student's knowledge and application of evidence based nursing interventions that are required for provision of care that promotes optimum patient outcomes.

Distribution: Advanced (ADVD). Prerequisite: NURS 321 and NURS 323. Corequisite: NURS 412 and NURS 413.

**NURS 412 - Nursing Care of Adults with Complex Illness (2 credits)**

This clinical course focuses on complex health needs of adults in a variety of acute care settings. The relationship among the pathophysiology, pharmacology, evidence based nursing interventions and diagnostic reasoning is emphasized as the student engages in the professional nurses' role.

Distribution: Advanced (ADVD). Prerequisite: NURS 321 and NURS 326. Corequisite: NURS 411 and NURS 413.

**NURS 414 - Nursing Care of the Older Adult**

This course is now listed as NURS 217: Foundations of Nursing Practice II - effective Fall 2020

Corequisite: NURS411.

**NURS 415 - Nursing Care Simulation III (1 credit)**

This course provides selected nursing care simulation experiences in the care of the older adult and in the care of the client with complex health problems. Simulations will address cognitive, psychomotor, affective, communication, developmental, safety, pharmacology and leadership/management/delegation learning outcomes.

Distribution: Advanced (ADVD). Corequisite: NURS 411, NURS 412, NURS 413, and NURS 414.

**NURS 416 - Health Transitions of the Pediatric Client (2 credits)**

This course focuses on the developmental, health, and wellness needs of children, adolescents, and young adults. Using developmental and systems theories and a family-centered care approach, current trends and nursing interventions are stressed regarding the physical and emotional needs of infants through young adulthood.

Distribution: Advanced (ADVD). Prerequisite: NURS 323 and NURS 327. Corequisite: NURS 417.

**NURS 417 - Nursing Care of the Pediatric Client (2 credits)**

This clinical course provides the opportunity for students to care for children and young adults with acute and chronic health problems in pediatric clinical settings. Evidence based, safe application of the

nursing process will be emphasized for infants, children and young adults in a variety of settings from intensive care through management of care in the community. Students will be exposed to screenings and application of age specific nursing interventions for well children and their families.

Distribution: Advanced (ADVD). Prerequisite: NURS 323 and NURS 327. Corequisite: NURS 416.

#### **NURS 420 - Synthesis of Nursing Knowledge (3 credits)**

This capstone senior course is designed to advance students' conceptual integration of cumulative and continuing nursing knowledge as it is applied to diverse, complex client care across the lifespan in primary, secondary and tertiary health care settings.

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: All of the following: NURS 411, NURS 413, NURS 310.

#### **NURS 424 - Community Health Nursing in Practice (5 credits)**

The Community Health Nursing in Practice course provides opportunities for senior nursing students to holistically care for families, aggregates, and communities as clients. Concepts inherent to community health nursing practice build on prior and concomitant theory and clinical course content.

Distribution: Advanced.

#### **NURS 425 - Nursing Care Simulation IV (1 credit)**

This course provides selected nursing care simulation experiences in the care of the client in the community setting and in the role of the nurse in leadership and management. Simulations will address cognitive, psychomotor, affective, communication, developmental, safety, pharmacology and leadership/management/delegation learning outcomes.

Distribution: Advanced (ADVD). Corequisite: NURS 420, NURS 426, NURS 427, NURS 428 and NURS 429.

#### **NURS 426 - Nursing Leadership and Management (2 credits)**

This course focuses on the theories that guide the professional nurse as a leader and manager in a changing healthcare delivery system. The course facilitates personal growth and professional practice for efficient patient care to meet clinical outcomes.

Distribution: Advanced (ADVD). Prerequisite: NURS 411 and NURS 413. Corequisite: NURS 421.

#### **NURS 427 - Nursing Leadership and Management Applications (2 credits)**

This clinical course focuses on the application of theories that guide the professional nurse as a leader and manager in the clinical practice setting. The course facilitates personal growth and professional practice for efficient care to meet clinical outcomes.

Distribution: Advanced (ADVD). Prerequisite: NURS 411 and NURS 413. Corequisite: NURS 421.

#### **NURS 428 - Health Transitions of Diverse Populations in the Community (2 credits)**

This course focuses on community based nursing care with diverse client systems including families, aggregates, communities and populations. Theoretical frameworks applicable to community health and the nurse's role especially related to primary, secondary and tertiary levels of prevention are emphasized.

Distribution: Advanced (ADVD). Prerequisite: NURS 411 and NURS 413. Corequisite: NURS 424.

#### **NURS 429 - Nursing Care of Diverse Populations in the Community (2 credits)**

This course focuses on community and public health nursing experiences in providing primary, secondary and tertiary care to diverse client systems including families, aggregates and populations at risk within the local community.

Distribution: Advanced (ADVD). Prerequisite: NURS 411 and NURS 413. Corequisite: NURS 428.

#### **NURS 485 - Independent Study: (3 credits)**

This course will provide the opportunity to identify and explore in depth a nursing area of special interest to the student. This study will be under the guidance of a faculty member. Prerequisites: approval by the chair and faculty of the Department of Nursing.

Distribution: Advanced.

## **Pharmacy Transfer Program**

### **The Faculty of Sciences**

See Department of Chemistry and Biochemistry [www.esu.edu/chem](http://www.esu.edu/chem)

## **Philosophy**

### **College of Arts and Sciences**

#### **The Faculty of Arts and Letters**

Stroud 208 and 408  
570-422-3407  
[www.esu.edu/phil](http://www.esu.edu/phil)

#### **About the Program**

The ESU Philosophy major provides students with critical thinking skills, exposes them to historical and contemporary world views, and helps them develop personal answers to questions about ethics, knowledge, reality, and religion. The department has special strengths in European Continental Philosophy, British and American Analytical Philosophy (especially Philosophy of Science), Philosophy of Race and Asian and Cross-Cultural Philosophy.

#### **Why Study Philosophy at ESU**

The Philosophy major provides students with critical thinking skills, oral and written communication skills, and ethical leadership skills. Many graduates of the ESU Philosophy major have gone on to law school or graduate school, while others have pursued careers in business.

#### **Are you interested in ...**

- Analytical thinking and logic
- Community Leadership
- Race and Society
- Religion and the Meaning of Life

#### **Choose Philosophy at ESU**

- Historically-based courses

- Issue-based courses
- Solid grounding in principles of sound thinking

**Is Philosophy a career path for me?**

**Career Potential**

- Law
- Business
- Politics and Leadership

**Career Settings**

- Non-profit groups
- Government
- Education
- Corporations

*More detailed career information is available from the department.*

**Student Organization**

**Philosophy Club**

The ESU Philosophy Club meets regularly to discuss issues of philosophical interest. Meetings sometimes feature a speaker, and sometimes are just an opportunity to discuss philosophy outside the classroom environment.

**Philosophy B.A.**

**PROGRAM FEATURES**

The Philosophy B.A. offers three concentrations aligned with the teaching and research strengths of our departments, as well as reflecting the interests of students who major in Philosophy.

Choose one of the three concentrations:

- (1) Knowledge and Critical Reasoning
- (2) Leadership in Diverse Communities
- (3) Religion and Global Thought

**(1) KNOWLEDGE AND CRITICAL REASONING CONCENTRATION**

30 credits

*Choose four courses from the following list:*

PHIL 121	GN: Bioethics	3
PHIL 251	GN: Ancient Philosophy	3
PHIL 281	GN: Philosophy of Mind	3
PHIL 321	Logic II	3
PHIL 337	Contemporary Ethics	3
PHIL 417	20th Century Analytic Philosophy	3
PHIL 418	Phenomenology and Existentialism	3
PHIL 457	Kant and German Idealism	3

**Subtotal: 12**

*Six additional Philosophy credits:*

PHIL XXX	(6) Philosophy credits	6
----------	------------------------	---

**Subtotal: 6**

*Required Courses:*

PHIL 110	GN: Introduction to Philosophy	3
PHIL 221	GN: Logic I	3
PHIL 231	GN: Ethics	3
PHIL 355	Rationalism and Empiricism	3
OR		
PHIL 356	Rationalists of the 17th and 18th Centuries	3
OR		
PHIL 357	Empiricists of the 17th and 18th Centuries	3

**Subtotal: 12**

**(2) LEADERSHIP IN DIVERSE COMMUNITIES CONCENTRATION**

30 credits

*Required Courses:*

PHIL 110	GN: Introduction to Philosophy	3
PHIL 140	GN: Introduction to Africana Philosophy	3
PHIL 151	GN: Philosophy of Leadership	3
PHIL 340	Philosophy of Race, Gender, and Culture	3

**Subtotal: 12**

*Choose four courses from the following list:*

PHIL 213	GN: Black Humanism	3
PHIL 231	GN: Ethics	3
PHIL 238	GN: Philosophy Of Law	3
PHIL 312	Cross-Cultural Philosophy	3
PHIL 337	Contemporary Ethics	3
PHIL 411	Philosophy and Hip-Hop	3

**Subtotal: 12**

*Six additional Philosophy credits:*

PHIL XXX	(6) Philosophy credits	6
----------	------------------------	---

**Subtotal: 6**

Subtotal: 30

**(3) RELIGION AND GLOBAL THOUGHT CONCENTRATION**

30 credits

*Choose four courses from the following list:*

PHIL 140	GN: Introduction to Africana Philosophy	3
PHIL 213	GN: Black Humanism	3
PHIL 251	GN: Ancient Philosophy	3
PHIL 265	GN: Philosophy of Religion	3

PHIL XXX	(6) Philosophy credits	6
----------	------------------------	---

**Subtotal: 6**

*Required Courses:*

PHIL 110	GN: Introduction to Philosophy	3
PHIL 212	GN: Asian Thought and Culture	3
PHIL 312	Cross-Cultural Philosophy	3

**Subtotal: 12**

Subtotal: 30

**ADDITIONAL REQUIREMENTS FOR ALL THREE CONCENTRATIONS**

- No more than one 100-level course in Philosophy (or transferred course equivalent to a 100-level course) may count toward the major.
- No more than 15 transferred credits may count toward the major.
- Completion of the Foreign Language Competency.

PHIL 110, PHIL 221, PHIL 231, and PHIL 251 are taught every year.

All other courses are offered on a two-year rotation.

Therefore, the order of years 3 and 4 in the Program Curriculum may be switched, depending on the year of entry. The students may start taking 200-level elective courses with prerequisites once PHIL 110 has been completed. 300- and 400-level courses should not be taken at least until the second year.

## Philosophy Minor

The Philosophy minor at ESU is an excellent complement to students interested in careers involving diverse communities, law, leadership, religion, or writing. Our philosophy minors in recent years have also gone on to successful careers in fields related to the natural sciences. With a course of study that emphasizes critical thinking and writing, dialogue and debate skills, and leadership in diverse communities, our philosophy minor is a fit for any student interested in furthering these abilities.

### PROGRAM FEATURES

18 credits

*Required courses:*

PHIL 110	GN: Introduction to Philosophy	3
----------	--------------------------------	---

*two of:*

PHIL 221	GN: Logic I	3
PHIL 231	GN: Ethics	3
PHIL 251	GN: Ancient Philosophy	3

and three courses at the 300-level or above.

*Additional requirements:*

- A minimum of nine of the credit hours used to complete the Minor in Philosophy must be completed at East Stroudsburg University.

## Philosophy Faculty

**Professors:**

Timothy Connolly, Chair (tconnolly@esu.edu)

Storm Heter (sheter@esu.edu)

Heon Kim (heonkim@esu.edu)

## PHIL - Philosophy Courses

**PHIL 100 - GN: Introduction to Religion (3 credits)**

In this course, students will be introduced to the major religious and philosophical traditions of the world. Among other traditions the course will examine Hinduism, Buddhism, Daoism, Confucianism, Judaism, Christianity and Islam.

*Formerly listed as PHIL 172 - GN: Religion and the Meaning of Life*

Distribution: GN: Group A - Philosophy (APH) | Global Diversity & Citizenship (G) | GE: Humanities - Philosophy (HUPH) .

**PHIL 110 - GN: Introduction to Philosophy (3 credits)**

This course is an introduction to the basic issues and critical techniques of philosophy. Philosophical issues such as ethics, the theory of knowledge, metaphysics and logic will be explored, as well as the social, political and religious aspects of human existence.

Distribution: GN: Group A - Philosophy (APH) | Communication (C) | GE: Humanities - Philosophy (HUPH).

**PHIL 121 - GN: Bioethics (3 credits)**

This course introduces students to the central issues in the ethics of biology and medicine, including abortion and euthanasia, patient care and autonomy, allocation of healthcare resources and other issues of public health, and genetic screening and modification along with other issues raised by the emergence of new technologies in the late 20th and early 21st centuries. The course will use terms, distinctions, and theories from contemporary ethics to analyze particular case studies involving such issues.

Distribution: GN: Group A - Philosophy (APH) | Communication (C) | GE: Humanities - Philosophy (HUPH).

**PHIL 140 - GN: Introduction to Africana Philosophy (3 credits)**

This course introduces students to main authors and themes in Africana Philosophy. Africana Philosophy analyzes the experiences of African-descended peoples in the Americas, especially in the United States, the Caribbean and Latin America. We study a range of topics including: black art, music, and culture; slavery and its legacy; African American versus black identity; black masculinity; black feminism; whiteness; racism; and multiculturalism.

Distribution: GN: Group A - Philosophy (APH) | Communication (C) | Global Diversity & Citizenship (G).

**PHIL 151 - GN: Philosophy of Leadership (3 credits)**

This course covers philosophical thinking on leadership from ancient Greece to the present. It examines different perspectives on the nature of leadership, as well as the ethical challenges of leadership in a wide variety of contexts, including government, social movements, business, and the military.

Distribution: GN: Group A - Philosophy (APH) | Communication (C).

**PHIL 171 - Introduction to Religious Studies (3 credits)**

This course provides an introduction to topics of general interest in religion, including the nature of man in the religious perspective, the many varieties of religious experience, the religious perspective on death, and the religious dimension of current social and moral issues; current trends in American religion will also be considered.

Distribution: GE: Humanities - Philosophy (HUPH) | GN: Group A - Philosophy (APH) | Global Diversity & Citizenship (G).

**PHIL 175 - An Honors Introduction to Liberal Arts (3 credits)**

This honors course serves as an introduction to the academy, with a specific focus on the Arts and Sciences. Students will explore the purposes, goals and values of a liberal arts education while coming to appreciate what is expected of honors students at the University. During the course of these investigations, students will hone their critical thinking, research and study skills.

*Registration Restriction: This course is restricted to students in the University honor's program.*

Prerequisite: Honor's Program.

**PHIL 212 - GN: Asian Thought and Culture (3 credits)**

This course will present the ideas of thinkers from cultures as diverse as those of India, China, Japan and the Middle East. The main areas of concern will be metaphysics, logic and epistemology. Excerpts from texts by numerous authors will be read and discussed.

Distribution: GN: Group A - Philosophy (APH) | Global Diversity & Citizenship (G) | Communication (C) | GE: Humanities - Philosophy (HUPH).

**PHIL 213 - GN: Black Humanism (3 credits)**

This course is a study of philosophical, literary, and artistic contributions of African-American and African writers. Though major emphasis will be given to contemporary black authors, some emphasis will be put on the historic DuBois controversy and Marcus Garvey and his Back to Africa movement.

Distribution: GE: Humanities - Philosophy (HUPH) | GN: Group A - Philosophy (APH) | Global Diversity & Citizenship (G).

**PHIL 221 - GN: Logic I (3 credits)**

Logic is the study of proper reasoning. This course explores the concepts of soundness, validity, implication, equivalence and consistency. Techniques are developed for evaluating arguments as they are encountered in ordinary language. Included are examinations of deductive inference, inductive inference, the use of observation to support theory, and a survey of commonly committed fallacies.

Distribution: GE: Humanities - Philosophy (HUPH) | GN: Group A - Philosophy (APH) | Communication (C). Prerequisite: PHIL 110.

**PHIL 231 - GN: Ethics (3 credits)**

This course is a survey of major ethical theories in Western philosophy. The moral theories of Plato, Aristotle, Aquinas, Kant, J.S. Mill, and Nietzsche will be examined.

Distribution: GE: Humanities - Philosophy (HUPH) | GN: Group A - Philosophy (APH) | Communication (C). Prerequisite: PHIL 110.

**PHIL 235 - GN: Human Rights and Freedom (3 credits)**

This course examines the theory and application of human rights in political society. We study both liberty (a central ethical and political value) and rights (those instruments used to codify and enforce our liberties). Readings are drawn from classical and contemporary sources. The course may include topics such as torture, genocide, economic justice and women's rights.

Distribution: GE: Humanities - Philosophy (HUPH) | GN: Group A - Philosophy (APH) | Global Diversity & Citizenship (G). Prerequisite: PHIL 110.

**PHIL 238 - GN: Philosophy Of Law (3 credits)**

This course surveys the major theoretical and conceptual questions underlying law. The course is designed for both students hoping to pursue law as a career, and students interested broadly in the conceptual issues behind law.

Distribution: GE: Humanities - Philosophy (HUPH) | GN: Group A - Philosophy (APH) | Global Diversity & Citizenship (G). Prerequisite: PHIL 110.

**PHIL 241 - GN: Aesthetics (3 credits)**

This course will examine major philosophical attempts to treat issues such as the nature of art and the standards of beauty. Texts by Plato, Aristotle, Plotinus, Kant, Hegel, Nietzsche and Heidegger will be examined.

Distribution: GE: Humanities - Philosophy (HUPH) | GN: Group A - Philosophy (APH) | Communication (C). Prerequisite: PHIL 110.

**PHIL 251 - GN: Ancient Philosophy (3 credits)**

This course investigates the foundation of Western philosophy from the pre-Socratics to Neo-Platonism; particular attention is given to Socrates, Plato, Aristotle, the Stoics, and Plotinus.

Distribution: GE: Humanities - Philosophy (HUPH) | GN: Group A - Philosophy (APH) | Communication (C). Prerequisite: PHIL 110.

**PHIL 265 - GN: Philosophy of Religion (3 credits)**

This course comprises an examination of views on various aspects of religion postulated by thinkers both within and without the confines of orthodoxy. Among the topics to be discussed are: God's nature and existence; the problem of evil; faith and unbelief; mysticism; faith and miracles; eschatology.

Distribution: GE: Humanities - Philosophy (HUPH) | GN: Group A - Philosophy (APH) | Communication (C). Prerequisite: PHIL 110.

**PHIL 270 - GN: Religions of Asia (3 credits)**

In this course, students will explore the major religious traditions of Asia. The course will focus upon the traditions' beliefs, thoughts, historical developments and contemporary forms. Among other traditions, the course will examine Hinduism, Jainism, Buddhism, Taoism, and Confucianism.

Distribution: GE: Humanities - Philosophy (HUPH) | GN: Group A - Philosophy (APH) | Global Diversity and Citizenship (G). Prerequisite: PHIL 171 or PHIL 172.

**PHIL 271 - GN: Islam (3 credits)**

This course is designed for students with an interest in Islam and the Muslim world. It will survey the basic belief system, key historical developments and contemporary manifestations of Islam, addressing specific topics such as Islamic theology, philosophy, mysticism, politics and diverse socio-cultural manifestations in the contemporary Muslim world.

Distribution: GE: Humanities - Philosophy (HUPH) | GN: Group A - Philosophy (APH) | Global Diversity & Citizenship (G). Prerequisite: PHIL 171 or PHIL 172.

**PHIL 275 - Jewish Philosophy and Religion (3 credits)**

This course provides an overview of Jewish philosophy, religion, and culture. Students will be introduced to basic ideas in Jewish philosophy, beginning with the Torah and continuing to modern Jewish thought. Students will learn about the differences between Orthodox, Conservative and Reform practices of Judaism, as well as the cultural differences between the Ashkenazi, Sephardic, Mizrahi, and Beta Israel Jewish traditions.

**PHIL 281 - GN: Philosophy of Mind (3 credits)**

Am I a material brain, an immaterial consciousness, or both? This course begins with modern criticisms of Descartes' classic dualism and examines contemporary efforts to understand how purely physical objects such as human brains (and perhaps computers) may nevertheless be said to have mental traits, e.g., thoughts and beliefs. Explored are behaviorist, functionalist, and information-representation approaches. Despite the progress made by these, we will articulate what aspects of consciousness still elude our efforts to understand the mind in naturalistic, scientific terms.

Distribution: GE: Humanities - Philosophy (HUPH) | GN: Group A - Philosophy (APH) | Communication (C). Prerequisite: PHIL 110.

**PHIL 285 - GN: War and Justice (3 credits)**

This course begins with a discussion of the three main theories of justice in time of war - realism, pacifism, and just war theory - and then examines historical and contemporary views concerning justice in entering a war, waging a war, and dealing with a war's aftermath.

Distribution: GE: Humanities - Philosophy (HUPH) | GN: Group A - Philosophy (APH) | Communication (C). Prerequisite: PHIL 110.

**PHIL 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**PHIL 312 - Cross-Cultural Philosophy (3 credits)**

Cross-cultural philosophers approach an issue by looking at how it is treated in diverse philosophical traditions such as those found in Africa, China, India, or the Middle East. This course will begin with discussion of the methodological problems involved in doing cross-cultural philosophy, and then proceed to the examination of a general issue treated in Western and non-Western philosophies.

Distribution: Advanced (ADVD). Prerequisite: PHIL 110 and PHIL 212.

**PHIL 318 - Schopenhauer, Kierkegaard, and Nietzsche (3 credits)**

This course will study the three major 19th century continental philosophers who rebelled against the exaltation of reason. Their thinking led to existentialism and to radical reappraisals of ethics, religion, aesthetics, epistemology, and metaphysics.

Distribution: Advanced (ADVD). Prerequisite: PHIL 110 or PHIL 231 or PHIL 251.

**PHIL 321 - Logic II (3 credits)**

This is a course on quantificational predicate logic. This twentieth century advancement unifies the methods presented in Logic I into a single system of greater power. The course focuses on techniques of symbolization and derivation and includes proving some meta-theoretical facts about logical systems in general.

Distribution: Advanced (ADVD). Prerequisite: PHIL 221.

**PHIL 337 - Contemporary Ethics (3 credits)**

This course is an in-depth study of contemporary theories of ethics - emotivism, prescriptivism, existentialism, pragmatism, etc. - as expressed by philosophers such as Ayer, Stevenson, Hare, DeBeauvoir, and Dewey.

Distribution: Advanced. Prerequisite: PHIL110 AND PHIL231.

**PHIL 340 - Philosophy of Race, Gender, and Culture (3 credits)**

This course will concentrate, from various philosophical perspectives, on current social issues such as society and the relation of the individual to it, social justice, social equality and affirmative action, health care, moral standards and the law, children and society, drugs, and problems in engineering a good society.

Distribution: GE: Humanities - Philosophy (HUPH) | Advanced (ADVD). Prerequisite: PHIL 110 or WMST 150.

**PHIL 341 - Political Philosophy (3 credits)**

This course offers a discussion, from various philosophical points of view, of such historical concepts as city-state, universal community, and of contemporary issues pertaining to national, state, and Third World political developments. Perspectives will be presented on these issues from the writings of both classical and contemporary philosophers.

Distribution: GE: Humanities - Philosophy (HUPH) | Advanced (ADVD). Prerequisite: PHIL 110.

**PHIL 355 - Rationalism and Empiricism (3 credits)**

This course will undertake a close reading of some of the major Rationalist Empiricist philosophers of the early modern era - including Descartes, Leibniz, Spinoza, Locke, Berkeley, and Hume. The course will focus on their epistemology as the foundation for modern philosophy.

Distribution: Advanced (ADVD). Prerequisite: PHIL 110 and (1) additional PHIL course.

**PHIL 356 - Rationalists of the 17th and 18th Centuries (3 credits)**

This course undertakes a close examination of four major Rationalist philosophers, Descartes, Malebranche, Spinoza, and Leibniz. Each of these thinkers made extravagant claims for reason and produced systems of metaphysics that claimed certainty on issues such as the existence of God, the concept of substance, the immortality of the soul, and the nature of the world.

Distribution: Advanced (ADVD). Prerequisite: PHIL 110.

**PHIL 357 - Empiricists of the 17th and 18th Centuries (3 credits)**

This course studies the epistemological and metaphysical theories of the major British Empiricists and other related thinkers. Included will be Hobbes, Locke, Berkeley, and Hume.

Distribution: Advanced (ADVD). Prerequisite: PHIL 110.

**PHIL 371 - Religion, Conflict, and Peace (3 credits)**

This course will explore the diverse and complex roles that religions play in both fostering conflict and promoting peace. It will discuss various theoretical perspectives from religious studies and from the world religions themselves to understand the dual role of religion as both source of conflict and a resource for peace and peace building among peoples, nations, and civilizations.

Distribution: Advanced (ADVD). Prerequisite: PHIL 172 and (PHIL 270 or PHIL 271).

**PHIL 411 - Philosophy and Hip-Hop (3 credits)**

This course explores philosophical perspectives on the hip-hop musical genre, with special attention to issues of race, gender, culture, and sexuality; ethics and politics, community, representation, and identity; aesthetic dimensions; and existential and phenomenological meaning.

Distribution: Advanced (ADVD). Prerequisite: (PHIL 110 or PHIL 140) and PHIL 213.

**PHIL 417 - 20th Century Analytic Philosophy (3 credits)**

This course is a study of Anglo-American philosophy in the 20th Century, a tradition that has come to be known as Analytic Philosophy. The course begins with an examination of three central figures, Frege, Russell, and Wittgenstein. Together they promoted the study of logical forms, language and linguistic meaning as primary tools to effectively re-examine traditional philosophical problems. The course examines how these founding figures contributed to the development of Logical Positivism.

Distribution: Advanced (ADVD). Prerequisite: PHIL 110 and (PHIL 221 or PHIL 357).

**PHIL 418 - Phenomenology and Existentialism (3 credits)**

This course is a study of German phenomenology and existentialism and will include philosophers such as Husserl, Heidegger, and Buber.

Distribution: Advanced (ADVD). Prerequisite: PHIL 110 and (1) additional PHIL course.

**PHIL 419 - 20th Century French Philosophy (3 credits)**

This course studies major developments in twentieth century French philosophy. The course has two main units: Existentialism and Structuralism, and Postmodernism. Sartre, Foucault and Derrida will be covered.

Distribution: Advanced (ADVD). Prerequisite: PHIL 110 and (1) additional PHIL course.

**PHIL 457 - Kant and German Idealism (3 credits)**

This course is a study of Kant's major work on metaphysics and epistemology: the Critique of Pure Reason. The basis for Kant's justification of science and his rejection of speculative metaphysics will be examined. The course will also examine how the German Idealists attempted to surmount the limitations that Kant put on

knowledge through their attempts to achieve absolute knowledge. This attempt to re-establish speculative metaphysics will be studied through a close reading of one of Hegel's works.

Distribution: Advanced (ADVD). Prerequisite: PHIL 110 and (PHIL 356 or PHIL 357).

**PHIL 485 - IS: (1 - 3 credits)**

This course consists of directed research and study on an individual basis.

Distribution: Advanced.

## Physical Education Teacher Education

### College of Health Sciences

#### *The Faculty of Human Performance*

Zimbar-Liljenstein Hall

570-422-3293

[www.esu.edu/pete](http://www.esu.edu/pete)

#### About the Program

The PETE department offers a B.S. program with a major in Physical Education, with two tracks for students, 1) those who want to be a health and physical education teacher in a P-12 public school setting; and 2) those who desire to work with people in a health and physical activity setting. The first track is the teacher certification track. Students who satisfactorily complete all requirements in both the physical education major (teacher certification track) and the health education major (offered by the Health Department) will be considered for certification to teach Health and Physical Education in Pennsylvania. To complete all requirements for certification students must enroll in two programs (Physical Education AND Health Education) and complete 136 credits. Upon completion of these programs students will leave with a Bachelor's of Science degree with two majors and be considered for a job teaching: 1) Physical and Health Education; 2) only Physical Education; or 3) only Health Education.

This is a very unique opportunity that only East Stroudsburg University provides in the Commonwealth. This program has been approved by the Department of Education in the Commonwealth of Pennsylvania. Furthermore, this program has attained National Accreditation approval at the exemplary level from their professional governing body, Shape America- Physical Education and the Council for the Accreditor of Educator Preparation (CAEP) as part of the Teacher Education Unit at East Stroudsburg University.

The second program is the Health and Physical Activity (non-certification) track. An increase in independent and entrepreneurial job opportunities has revealed a new but growing field for health and physical activity instructors outside the public school setting. Students who choose to work in many physical activity settings do not need a teaching certification. To this population, we have a concentration of "Health and Physical Activity" (non-certification track) that consists of 120 credits. Upon leaving this program students will have earned a Bachelor's of Science degree with a major of Physical Education. This track will enable students to plan, implement, and evaluate health and physical activity programs with children, youth and adults in a global

and diverse society. Employment opportunities for graduates of this program include a variety of children, youth and adult activity programs, such as: adventure education programs, adapted physical activity programs, disability sports programs, charter schools, parochial schools, YMCA/YWCA, aquatics facilities, recreation programs, residential facilities, coaching programs, youth sport programs, American Heart Association, American Lung Association, and state and local agencies. This concentration will provide our students with the knowledge, skills, and experience needed to adapt to a greater variety of related opportunities within the field of health and physical activity.

After completing 60 credits, students will be able to decide which track to pursue: 1) health and physical education certification or 2) health and physical activity. If you are interested in only Health Education please visit the Department of Health Studies for further information.

### Employment / Career Opportunities

ESU physical education teacher education graduates are recognized as quality physical educators.

They are highly competitive in the employment market. ESU graduates can be found teaching health and physical education in school districts across Pennsylvania and throughout the country.

Graduates are also successfully pursuing advanced degrees for positions in educational administration, research or college teaching.

This program is designed to provide the student with academic and professional experiences, preparing them to teach Physical Education and Health Education in schools.

### Why Choose Physical Education Teacher Education at ESU

- Small class size
- Qualified, experienced faculty
- Practical experiences with P-12 learners
- Nationally Accredited Program through CAEP/SHAPE America-Physical Education
- Graduate with a dual major and certification in Health Education and Physical Education
- A Professional Development School experience

### Is a physical education teacher education a career path for me?

#### Career Potential

- Physical Education Teacher
- Health Teacher
- Physical Education and Health Teacher

#### Career Settings

- Public schools
- Private schools

- Charter schools
- Cyber schools
- Colleges and universities — education administration, research

More detailed career information is available from the department.

## Bachelor of Science Physical Education Teacher Education

### PROGRAM FEATURES FOR B.S. IN PHYSICAL EDUCATION TEACHER EDUCATION

134 credits

#### Corequisite courses:

EXSC 203	Kinesiology: Mechanical Analysis	3
EXSC 310	Exercise Physiology I	3
PSED 150	Introduction to Teaching All Students	6
PSED 250	The Psychology of Learners In Diverse Communities	3
BIOL 116	GE: Human Anatomy and Physiology I for the Health Sciences	3
BIOL 117	Human Anatomy and Physiology I Laboratory for the Health Sciences	1
CMST 111	GN: Introduction to Communication	3
DANC 111	GN: World Dance	3
PSY 100	GN: General Psychology	3
SOC 111	GN: Introduction to Sociology	3
ENGL 274	Diversity in Literature	3
REED 350	Teaching Reading to Communities of Diverse Learners	3
MATH ____	6 credits of MATH	6

#### Additional Requirement:

A GPA of 2.8 is required for completion.

#### Required courses:

PETE 100	Fundamental Content Knowledge in Physical Education	2
PETE 124	Fundamental Movement Activities	1
PETE 125	Introduction to Sport Games	1
PETE 220	Physical Conditioning	1
PETE 253	Aquatics	1
PETE 308	Impacting the Whole Person through Experiential Education	3
PETE 309	Teaching Games for Understanding	1
PETE 310	Pedagogical Content Knowledge for Elementary Physical Education	3
PETE 343	Analysis of Teaching Physical Education	2
PETE 344	Motor Learning and Development	3

PETE 345	Adapted Physical Education	3
PETE 400	Physical Education Teaching and Assessing Strategies	3
PETE 440	Physical Education Student Teaching	5-6 Credits
PETE 442	Movement Experiences for Secondary Education	1
PETE 445	Organization and Administration in Physical Education	2
PETE 499	Student Teaching Internship	1

**4 YEAR CURRICULUM PROGRAM PLAN**

*(Subject to change by the university without notice)*

*Freshman Year*

*Fall*

ENGL 103	English Composition	3

## Bachelor of Science PETE Health and Physical Activity - non certification

### PROGRAM FEATURES FOR TRACK II: CONCENTRATION IN HEALTH AND PHYSICAL ACTIVITY (NON-CERTIFICATION)

60 credits

#### Corequisite courses:

HLTH 210	Foundations of Health Science	3
HLTH 220	Personal and Consumer Health	3
HLTH 230	Community Health	3
HLTH 240	Health Emergencies	3
EXSC 203	Kinesiology: Mechanical Analysis	3
EXSC 310	Exercise Physiology I	3
EXSC 330	Health-Related Physical Fitness Assessment and Exercise Programming	3

#### Choose 12 credits from the following:

HLTH 310	Family Health Education	3
OR		
HLTH 442	Human Sexuality and Reproductive Health	3
HLTH 340	Nutrition: Concepts and Controversies	3
OR		
HLTH 341	Nutrition Education	1.5
HLTH 355	Drug Abuse and Prevention Education	3
OR		
HLTH 356	Drug and Alcohol Teacher Preparation	1.5
HLTH 415	Determinants of Disease	3
HLTH 432	Death and Dying	3

#### Required major courses:

PETE 100	Fundamental Content Knowledge in Physical Education	2
PETE 124	Fundamental Movement Activities	1
PETE 125	Introduction to Sport Games	1
PETE 220	Physical Conditioning	1
PETE 253	Aquatics	1
PETE 308	Impacting the Whole Person through Experiential Education	3
PETE 309	Teaching Games for Understanding	1
PETE 343	Analysis of Teaching Physical Education	2
PETE 344	Motor Learning and Development	3
PETE 345	Adapted Physical Education	3
PETE 445	Organization and Administration in Physical Education	2
PETE 486	Field Experiences and Internships	3

#### Note:

Please contact the PETE department for a suggested **4 year curriculum program plan** for the Health and Physical Education Non-Certification degree.

#### Additional requirement:

To graduate with this degree you must earn an overall GPA of 2.5 or higher.

### Physical Education Teacher Education Faculty

## **PETE - Physical Education Teacher Edu Courses**

### **PETE 100 - Fundamental Content Knowledge in Physical Education (2 credits)**

This course is designed to enable the student to understand Physical Education as an academic field of study with applications to the profession of teaching. Areas of the field of study examined include experiencing physical activity, and historical and philosophical perspectives. Students will study and demonstrate the intrapersonal and interpersonal dispositions important for becoming a professional physical educator.

### **PETE 105 - Health Promotion & Lifetime Wellness (3 credits)**

This course explores the behaviors in which college students should engage to reduce their risk of acute and chronic diseases and premature death. An emphasis on positively enhancing the dimensions of health and wellness as a resource for college students to meet their short- and long-term goals is emphasized. By focusing on determinants of health as associated to the college student, individual, social, and physical behaviors and conditions will be explored through lecture, self-evaluative experiences, personal fitness and physical activity assessments, experiences, and behavior change principles.

Distribution: Wellness (H).

### **PETE 111 - Social Forms of Dance (1 credit)**

This course is a study of the social forms of dance and their ethnic sources. Social mixers, couple, groups, contra, and quadrille dancers, widely different in types and geographic origin, are included as well as standard ballroom dance rhythms, step patterns, and variations.

### **PETE 124 - Fundamental Movement Activities (1 credit)**

This course is based on the study of basic fundamental activities focusing on track and field, gymnastics, and dance. An emphasis will be placed on the basic skills and techniques involved in running, jumping and throwing events for track and field, the movement concepts for body awareness, body control, skill progressions, spotting techniques, and biomechanical principles involved in a variety of gymnastic skills, and the movement experiences in the different dance genres.

### **PETE 125 - Introduction to Sport Games (1 credit)**

This course is designed to introduce students to team activities associated with the four game classifications: invasion, net/wall, striking and fielding, and target. Emphasis will be placed on applying developmentally appropriate activities for all learners to promote transfer of learning among the four game classifications. More specifically, students will understand and apply skills and tactics in the following team activities: team handball and basketball (invasion); tennis and pickle ball (net/wall); softball (striking and fielding); bowling and golf (target).

### **PETE 141 - Movement Experiences for the Pre-School Child (1 credit)**

This course is an introduction to movement experiences appropriate for the pre-school child and his/her total integrated development; attention is focused upon the elements of movement, non-locomotor, and manipulative activities that promote development of perceptual-motor abilities, physical and motor fitness, and motor abilities. The proper selection and organization of activities that promote instructional objectives based upon student needs is stressed.

### **PETE 143 - Educational Gymnastics (1 credit)**

This course provides for the integrated study of the bodily, dynamic, spatial, and action aspects of gymnastics. Students will be expected to increase and expand their skills and spotting abilities in the gymnastic environment by solving movement problems and performing tasks on the mats and single pieces, and combinations of equipment.

### **PETE 216 - Creative Dance for Children (2 credits)**

This course is designed to introduce students to the fundamentals of teaching creative dance for children including a conceptual approach to dance and fostering children's growth through a creative, child-centered dance curriculum. It will include information on the nature of dance for children, choosing age-appropriate topics, strategies for facilitation of dance experience, and group discussions as well as guided practical experiences.

Prerequisite: PETE 100.

### **PETE 220 - Physical Conditioning (1 credit)**

This course provides information necessary for the development of healthy exercise and physical activity programs, and teaches individuals to assess their personal status and activity needs. It also focuses on concepts of effective goal setting, enabling each individual to determine realistic goals for self-improvement and the use of physical activity for health-promotion throughout a lifetime.

Distribution: Advanced (ADVD). Prerequisite: (PETE 100 and PETE 111 and PETE 143) or Departmental Permission.

### **PETE 253 - Aquatics (1 credit)**

This course includes the development of skill proficiency and increased understanding of basic aquatic adjustment skills, survival techniques, stroke mechanics, and elementary diving skills. Emphasis is placed on rhythmic breathing, drown-proofing, treading water, and the ability to perform the elementary backstroke, sidestroke, front crawl, back crawl, and breaststroke in technically correct form. Principles of hydrodynamics are emphasized and applied.

Distribution: Advanced (ADVD). Prerequisite: PETE 100 and PETE 111 and PETE 143 .

### **PETE 286 - Early Internship (3 credits)**

This experience enables a student to explore the role of a professional in a sport fitness or rehabilitation setting under the close supervision of a work-site supervisor.

### **PETE 300 - New Games and Adventure Activities (1 credit)**

This course involves nontraditional games and exercises, group initiative problems, low and high ropes course elements. Spotting, belaying, and new games leadership skills will be developed. The student will have the opportunity to meet new challenges, take risks,

and overcome obstacles through individual and group effort. Extensive use will be made of the Stony Acres ropes course.

*All students must show evidence of health/accident insurance coverage.*

Distribution: Advanced (ADVD). Prerequisite: Junior Standing (60+ Credits) and PETE 100 and PETE 111 and PETE 120 and PETE 143 and (PETE 153 or PETE 453).

**PETE 302 - Psycho-Social Aspects of Children's Activity (2 credits)**

This course analyzes movement activities as psycho-social phenomena, including consideration of the symbolic and cultural nature of movement forms within a framework of student personality, motivation, social values and organization.

Distribution: Advanced (ADVD).

**PETE 305 - A Tactical Approach to Teaching Games I (1 credit)**

This course emphasizes the conceptual similarities among target and net/wall sports. Performances of basic strategies, as well as knowledge of teaching concepts that cross the sport categories will be emphasized. Students will analyze strategies and draw inferences to expand student learning through the use of debate of ideas and questioning.

*All pre-requisites must be completed with a grade of 'C' or better.*

Distribution: Advanced (ADVD). Prerequisite: Junior Standing (60+ Credits) and PETE 100 and PETE 111 and PETE 120 and PETE 143 and (PETE 153 or PETE 453).

**PETE 306 - A Tactical Approach to Teaching Games II (1 credit)**

This course emphasizes the conceptual similarities among hit/run and invasion sports. Performance of basic strategies, as well as knowledge of teaching concepts that cross the sport categories will be emphasized. Students will analyze strategies and draw inferences to expand student learning through the use of debate of ideas and questioning

Distribution: Advanced (ADVD). Prerequisite: Junior Standing (60+ Credits) and PETE 100 and PETE 111 and PETE 120 and PETE 143 and PETE 305 and (PETE 153 or PETE 453).

**PETE 307 - Movement Experiences for the Pre-School and Primary Grade Child (1 credit)**

This course is a study of movement experiences appropriate for all children in pre-school through primary grades. Attention is focused on the developmentally appropriate movement experiences designed to integrate movement skill themes and concepts. Emphasis will be placed on the use of a variety of instructional strategies and on children's response to learning environments. Practical teaching experiences with children in pre-school and primary grades are included.

Distribution: Advanced (ADVD). Prerequisite: Program Admission and PETE 100.

**PETE 308 - Impacting the Whole Person through Experiential Education (3 credits)**

This course is designed to enhance students' knowledge and application of the psycho-social and cultural aspects of physical education. Students will experience and develop an ability to analyze the effects of group interactions and dynamics related to participation in physical education and physical activity.

*Students must provide evidence of health/accident insurance coverage.*

Distribution: Advanced (ADVD). Prerequisite: Program Admittance and PETE 100.

**PETE 309 - Teaching Games for Understanding (1 credit)**

This course is a study of offensive and defensive strategies implemented in a variety of sport games, focusing on the give and go, one on one, peer communication, faking and dodging, move to be open, set up to attack, decision making on where to place the ball and rolling the ball in the intended direction. Students will demonstrate the ability to design, implement, and assess the basic game tactics across different sport games as evidenced by their performance on planning developmentally appropriate learning experiences on the subject and using GPAI and other content specific instruments.

Distribution: Advanced (ADVD). Prerequisite: PETE 100 and PETE 124 and PETE 125 and PETE 220 and PETE 253.

**PETE 310 - Pedagogical Content Knowledge for Elementary Physical Education (3 credits)**

This course is a study of the application of standards-based practice, instruction and assessment related to elementary physical education. This is accomplished by studying movement experiences appropriate for PK-6 children. Attention is focused on developmentally appropriate and inclusive activities designed to integrate movement skill themes, movement concepts, fitness and lead-up games to sport. Appropriate teaching practices are emphasized. Practical opportunities to implement a variety of teaching strategies with PK-6 children are provided.

Distribution: Advanced (ADVD). Prerequisite: Junior Standing (60+ credits) and Program Admittance.

**PETE 341 - Movement Experiences for the Intermediate Grade Child (1 credit)**

This course is a study of movement experiences appropriate for intermediate grade children. Attention is focused upon selecting and designing appropriate teaching practices. Emphasis will be placed on the use of a variety of instructional strategies and on children's response to learning environments. Included is a practice teaching experience with emphasis on small-sided games, conditioning, and leisure time activities.

Distribution: Advanced (ADVD). Prerequisite: PETE 307.

**PETE 343 - Analysis of Teaching Physical Education (2 credits)**

This course emphasizes the study of teaching and learning in physical education settings. The candidates will learn and apply specific observational systems and will analyze data to determine its relationship to existing concepts in teaching and learning. Additionally students will identify effective instructional strategies to address the needs and maximize instructional access to all students. Evaluation of teacher feedback data will provide an awareness of the impact of specific feedback related to each student during actual physical education class in the public school. Attention will be focused on the productive involvement of **all** students in physical education settings including cognition, physical, social, behavioral, and language.

Distribution: Advanced (ADVD) | Level II Writing (W2) . Prerequisite: Program Admittance.

**PETE 344 - Motor Learning and Development (3 credits)**

This course investigates the sequence of development of fundamental motor patterns and perceptual motor skills, factors influencing this development, assessment and evaluation, and methods and activities for developing these skills. Practicum experiences include independent and lab experiences.

Distribution: Advanced (ADVD). Prerequisite: EXSC 310 (Grade of 'C' or higher).

**PETE 345 - Adapted Physical Education (3 credits)**

This course provides the students with the competencies necessary to screen and evaluate the needs of individuals with various physical and/or mental disabilities. Developing goals and learning objectives in the area of motor fitness as well as adapting activities based on the needs of the individual are emphasized. Students will participate in an intense field experience.

Distribution: Advanced (ADVD). Prerequisite: Program Admittance.

**PETE 353 - Lifeguard Training (1 credit)**

Successful completion of this course leads to acquisition of the American Red Cross Lifeguard Training Certificate. This course replaces the Advanced Lifesaving course. The Lifeguard Training course will provide participants with the skills and knowledge required to be a lifeguard at a swimming pool or a protected (non-surf) open-water beach.

Distribution: Advanced (ADVD). Prerequisite: 500 yards continuous swim (front crawl, breaststroke and sidestroke), retrieval of 10 pounds from 8 feet of water and treading water for 2 minutes using the legs only.

**PETE 400 - Physical Education Teaching and Assessing Strategies (3 credits)**

This course is a study of the application of standards-based practice best instruction and assessment related to physical education and physical activity. Differentiated instruction, efficient planning and assessment, coordinated delivery and use of multiple instructional strategies will be emphasized. Students are required to participate in a concurrent intense field experience.

Distribution: Advanced (ADVD) | Level III Writing (W3) . Prerequisite: PETE 307 and PETE 341 and PETE 343 and PETE 344.

**PETE 410 - Meeting Children's Needs Through Movement Activities (3 credits)**

This course is an opportunity for elementary classroom teachers, physical educators, occupational, recreational, physical and play therapist, school counselors, parents and others who work with children to gather new ideas and activities to use in meeting children's social, emotional, cognitive, as well as physical needs. Emphasis will be placed on activities that can be done within the classroom or other limited space as well as those which can be done in the gymnasium or on the playground or field. These activities are inclusive of all participants.

Distribution: Advanced (ADVD). Prerequisite: PETE 306 and PETE 341.

**PETE 440 - Physical Education Student Teaching (5-6 Credits)**

This course included two placements for student teaching, one at the elementary level (PK-6) and the other at the secondary level (7-12). This course is guided by the collaborative efforts of a university

supervisor, a department content specialist, and two different cooperating teachers.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing (96+ credits), Program Admittance and all of the following: PETE 308, PETE 309, PETE 310, PETE 343, PETE 344, PETE 345, PETE 400, PETE 410, PSED 161, PSED 242. .

**PETE 441 - Movement Activities for Special Populations (1 credit)**

This course is a study and presentation of movement experiences appropriate for individuals with various physical and/or mental disabilities. Understanding the nature of sensory, cognitive, behavioral, and physical disabilities will facilitate strategies for instructing and modifying activities for individuals with disabilities is emphasized. Additionally, information regarding recent federal public law will be disseminated as well as the development of an individualized education program (IEP) for an individual with a disability. Lastly, students will gain hands-on experience teaching individuals with disabilities in a physical education environment.

Distribution: Advanced (ADVD). Prerequisite: PETE 306 and PETE 341.

**PETE 442 - Movement Experiences for Secondary Education (1 credit)**

This course is a study of movement experiences appropriate to all students enrolled in secondary physical education courses. Attention is focused on the developmentally appropriate movement experiences designed to advocate the promotion of healthy life styles and concepts, principals and strategies of movement. Practical teaching experiences with junior and senior high school students are included.

Distribution: Advanced (ADVD). Prerequisite: PETE 307 and PETE 341 and PETE 343 and PETE 344.

**PETE 445 - Organization and Administration in Physical Education (2 credits)**

This course is designed to enable the student to demonstrate ability to utilize accepted practices of administering physical education programs as well as intramurals, clubs, and interscholastic sport. It includes in-depth analysis of administrative concepts as they relate to practice.

Distribution: Advanced (ADVD). Prerequisite: PETE 100 and PETE 400.

**PETE 446 - Curriculum and Evaluation (2 credits)**

This course provides an opportunity for the student to demonstrate knowledge of the principles and procedures of standards-based education curriculum construction, of the procedures whereby observable learned behavior can be evaluated, and of the techniques for organizing and treating data.

Distribution: Advanced (ADVD). Prerequisite: Program Admittance and PETE 341 and PETE 400.

**PETE 453 - Water Safety Instructor (1 credit)**

Satisfactory completion of this course leads to certification as a Red Cross Water Safety Instructor. The course focuses on the development of skill proficiency and teaching proficiency of swimming and lifesaving skills. The Red Cross Introduction to Health Services Education course (IHSE) is incorporated into the Water Safety course.

Distribution: Advanced (ADVD). Prerequisite: Current lifeguard training card and successful completion of Red Cross swimming prerequisite.

**PETE 454 - Lifeguard Instructor (1 credit)**

Satisfactory completion of this course leads to certification as an American Red Cross Lifeguard Instructor. This course prepares instructor candidates to teach Lifeguard Training, Basic Water Safety, Emergency Water Safety, and the Lifeguard Review course.

Distribution: Advanced (ADVD). Prerequisite: PETE 353.

**PETE 485 - IS: (3 credits)**

This course deals with independent research and study under the direction of a faculty member and is designed to deepen the student's interest in a particular area of an academic field. The directing faculty member will be available exclusively to the student for a minimum of five hours per credit. Approval for enrollment must be obtained from the faculty member and from the department chair. Approval and granting of credit must be in accordance with procedures and standards established by departmental faculty. The student must present a study prospectus prior to approval.

Distribution: Advanced. Prerequisite: PETE100.

**PETE 486 - Field Experiences and Internships (3 credits)**

This course deals with independent research and study under the direction of a faculty member and is designed to deepen the student's interest in a particular area of an academic field. The directing faculty member will be available exclusively to the student for a minimum of five hours per credit. Approval for enrollment must be obtained from the faculty member and from the department chair. Approval and granting of credit must be in accordance with procedures and standards established by departmental faculty. The student must present a study prospectus prior to approval.

Distribution: Advanced.

**PETE 499 - Student Teaching Internship (1 credit)**

This course is designed to provide the candidate with an opportunity to work with a Physical Education Content Specialist during the clinical semester. The course will enhance the candidate's ability to understand and maximize the relationship between the subject matter and pedagogy.

Distribution: Advanced. Prerequisite: PETE440 AND HLTH431.

## Physics

### College of Arts and Sciences

#### *The Faculty of Science*

Science & Technology Building, Room 320

570-422-3341

[www.esu.edu/physics](http://www.esu.edu/physics)

The Physics department offers baccalaureate degree programs in Physics, General Science, and Secondary Education. These programs are designed to prepare students for post-graduate study and/or careers in teaching and engineering, as well as careers in other fields that require knowledge of physics. ESU's Secondary Education programs are accredited by the Council for the Accreditation of Educator Preparation.

Two baccalaureate degree programs are offered: a Bachelor of Science in Physics and a Bachelor of Arts in General Science.

Refer to the General Science section (p. 233) of this catalog for more information on the degree programs in general science (including the concentration in secondary education).

#### **Are you interested in ...**

- Studying and uncovering the mysteries of the universe
- Advancing the frontiers of scientific knowledge
- Working with advanced laboratory equipment to achieve these goals
- Figuring out how things work and how to do things better
- Building things
- Sharing your love of science with others
- Encouraging students to discover the world around them

#### **Choose Physics at ESU**

- Small class sizes
- Hands-on environment
- Highly qualified and experienced faculty
- Practical field experiences

#### **Is physics a career path for me?**

##### ***Career Potential***

- Physicist
- Engineer
- Astronomer
- Meteorologist
- High School Physics Teacher
- Junior High Physical Science Teacher
- Patent Examiner
- Technical Sales and Marketing

##### ***Career Settings***

- Academia
- Private Industry and Research Labs
- National Labs
- State, Local, and National Governmental Agencies
- Public and Private Schools

### **Physics B.S.**

The Bachelor of Science in Physics is designed for students who seek a strong background in physics. Students can choose among six concentrations.

#### **Physics B.S. - Concentration: Research**

The Research concentration provides the foundation for graduate work.

Contact person: John Elwood

#### **PROGRAM FEATURES**

73 credits

*Required major core courses:*

PHYS 101	GN: Physical Science   Force, Matter and Energy	3
PHYS 161	GN: Physics I	4
PHYS 162	Physics II	4
PHYS 240	Basic Electronics	4
PHYS 261	Physics III	3
PHYS 315	Computational Physics	3
PHYS 328	Mathematical Physics	3
PHYS 333	Advanced Physics Lab I	3
PHYS 361	Physics IV	3
PHYS 401	Quantum Physics	3
PHYS 431	Electromagnetic Theory	3
PHYS 441	Theoretical Mechanics	3
PHYS 493	Research in Physics	1-18
PHYS 411	Thermal Physics	3
OR		
PHYS 421	Statistical Physics	3
PHYS 495	Senior Capstone	3
		<b>Subtotal: 48</b>

*one or more of:*

PHYS 404	Introductory Astrophysics	3
PHYS 428	Theoretical Physics	3
PHYS 432	Applied Electromagnetic Theory: Radio Waves and High Frequency Circuits	4
PHYS 433	Atomic and Nuclear Physics	3
PHYS 471	Special Problems in Physics	3
		<b>Subtotal: 3-4</b>

three credits in a 300-level or above in PHYS, as approved by adviser.

*Co-requisite courses:*

CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CPSC 120	GN: Introduction to Computer Programming for Science and Engineering	3
OR		

CPSC 130	GN: Introduction to Computer Programming I	3
MATH 140	GN: Calculus I	4
MATH 141	GN: Calculus II	4
MATH 240	Multivariate Calculus	4
		<b>Subtotal: 19</b>

*Additional requirements:*

At least nine credits of required courses (not co-requisites), must be completed at East Stroudsburg University. A minimum of a "C-" must be obtained in each of the required and cognate courses.

**4 YEAR CURRICULUM PROGRAM PLAN (RESEARCH)**

*(Subject to change by the university without notice)*

*Freshman Year**Fall*

ENGL 103	English Composition	3
MATH 135	GN: Pre-Calculus	3

### Physics B.S. - Concentration: Engineering Transfer

The Engineering Transfer concentration includes coursework specifically geared to students wishing to pursue an engineering degree. Students in this program typically transfer after three years to a school with an engineering program. Upon completion of an ABET-certified engineering degree (engineering technology degrees are excluded), the student may also be eligible for the ESU degree (contingent upon certain requirements). In addition, under our agreement with Penn State University, students in certain programs who meet additional requirements are guaranteed acceptance.

Contact person: Jerry Ross

#### PROGRAM FEATURES

75 credits

##### Required major core courses

PHYS 101	GN: Physical Science   Force, Matter and Energy	3
PHYS 111	Engineering Graphics	2
PHYS 161	GN: Physics I	4
PHYS 162	Physics II	4
PHYS 201	Statics	3
PHYS 240	Basic Electronics	4
PHYS 261	Physics III	3
PHYS 315	Computational Physics	3
PHYS 328	Mathematical Physics	3
PHYS 333	Advanced Physics Lab I	3
PHYS 361	Physics IV	3
PHYS 495	Senior Capstone	3

**Subtotal: 38**

MATH341 (Differential Equations) can be used in place of PHYS 328 (Mathematical Physics).

##### Twelve additional credits from

PHYS 301	Strength of Materials	3
PHYS 302	Dynamics	3
PHYS 403	Optics	3
PHYS 411	Thermal Physics	3
PHYS 421	Statistical Physics	3
PHYS 423/GSCI 523	Advanced Electronics	4
PHYS 428	Theoretical Physics	3

PHYS 432	Applied Electromagnetic Theory: Radio Waves and High Frequency Circuits	4
PHYS 433	Atomic and Nuclear Physics	3
PHYS 441	Theoretical Mechanics	3
PHYS 471	Special Problems in Physics	3
PHYS 486	Field Experience and Internships	1-18
PHYS 493	Research in Physics	1-18
CHEM 371	Analytical Chemistry I: Quantitative	4

**Subtotal: 12**

##### Co-requisite courses:

CHEM 121	GN: General Chemistry I	3
CHEM 123	GN: General Chemistry I Laboratory	1
CPSC 120	GN: Introduction to Computer Programming for Science and Engineering	3
OR		
CPSC 130	GN: Introduction to Computer Programming I	3
MATH 140	GN: Calculus I	4
MATH 141	GN: Calculus II	4
MATH 240	Multivariate Calculus	4
ECON 111	GN: Principles of Macroeconomics	3
OR		
ECON 112	GN: Principles of Microeconomics	3
CMST 111	GN: Introduction to Communication	3

**Subtotal: 25**

##### Recommended courses:

CHEM 124	GE: General Chemistry II	3
CHEM 126	GE: General Chemistry II Laboratory	1
MATH 110/MATH 111	GN: General Statistics	3
OR		
MATH 311	Statistics I	3
MATH 220	Discrete Mathematical Structures	3
MATH 320	Linear Algebra	3

**Additional requirements:**

- A minimum of a "C-" must be attained in each of the required major and cognate courses.
- Upon completion of an ABET-certified engineering degree (engineering technology degrees are excluded), one can substitute up to 18 credits of 300-level or higher of required coursework in PHYS, other than PHYS495 (which must be taken at ESU), with an equivalent number of credits in 300-level or above engineering courses. Requirements for active articulation agreements supersede these requirements.

**3 YEAR CURRICULUM PROGRAM PLAN (ENGINEERING TRANSFER)***(Subject to change by the university without notice)***Freshman Year****Fall**

FYE 100	University Studies	3

**Subtotal: 18**

General education electives should be selected based on the requirements of the transfer school.

- **Total Credit Hours: 97**
- For more information, contact Program Coordinator Jerry Ross at 570-422-2214 or email [jross@esu.edu](mailto:jross@esu.edu).

**Physics B.S. - Concentration: Secondary Education**

The Secondary Education concentration provides a background in physics and secondary science education. Students completing the secondary education concentration may be eligible for PA 7-12 teacher certification in physics upon completion of the following additional coursework beyond that required for the major: PSED420, 421, 430, 431 and PHYS499. Please refer to the section The College of Education in this catalog for specific requirements for admission into teacher education programs.

**Physics B.S. - Concentration: Physics and Business**

The Physics and Business concentration prepares graduates for positions with a company that needs someone with technical knowledge and an ability to solve technical problems, but also someone who can explain the technical aspects of their company's products to people who may not have a scientific or technical background, and has a basic familiarity with business concepts like cost benefit analysis (how companies balance resources with product cost to ensure that they continue earning a profit).

## Physics Minor

The physics minor provides options for students who want a physics background in addition to their principal major. While it is typically paired with science majors like chemistry, mathematics and computer science, it can also be used with any major to strengthen one's problem-solving skills, a trait sought by employers, or to simply address one's curiosity about how the universe works.

### DEGREE REQUIREMENTS

29 credits (12 of which are cognate)

#### Required courses

PHYS 161	GN: Physics I	4
PHYS 162	Physics II	4
PHYS 261	Physics III	3
	And	
	6 additional credits in PHYS- 300 level or above	

#### Co-requisites

MATH 140	GN: Calculus I	4
MATH 141	GN: Calculus II	4
MATH 240	Multivariate Calculus	4

## Physics Faculty

### Professors:

David Buckley (dbuckley@esu.edu)

Robert Cohen, Chair (rcohen@esu.edu)

John Elwood (jelwood@esu.edu)

### Associate Professor:

Jerry Ross (jross@esu.edu)

### PHYS - Physics Courses

#### PHYS 101 - GN: Physical Science | Force, Matter and Energy (3 credits)

This course examines selected fundamental concepts necessary to the understanding of physical phenomena. Topics included are motion, atomic structure, waves, heat and thermodynamics, and nuclear science. Science as a process - its attributes, strengths, and limitations - is also examined. Demonstrations dealing with physical principles characterize much of the course.

Distribution: GE: Natural Sciences - Physics (NSPH) | GN: Group B - Physics (BPH) | Math Competency (M) . Prerequisite: Satisfaction of ESU Basic Mathematical Skills Competency.

#### PHYS 102 - Physics as a Liberal Art (3 credits)

This course acquaints students with what physics is and how it is important. It provides an introduction to physics and its development, examines the physical world in which we live, and explores issues and technologies with which physicists and engineers are involved. This course does not involve problem solving and is available to non-science majors with a non-mathematical background.

Distribution: GE: Natural Sciences - Physics (NSPH).

#### PHYS 105 - GN: Physics for the Inquiring Mind (3 credits)

This is a descriptive course designed to raise the level of scientific literacy, particularly in the basic tenets of physics. Topics include Newtonian mechanics, satellite trajectories, and several areas of current interest.

Distribution: GE: Natural Sciences - Physics (NSPH) | GN: Group B - Physics (BPH).

#### PHYS 106 - Modern Physics (3 credits)

The course examines recent developments that have led to our current understanding of nature and have influenced human thought and values. The universal symmetries, relativity, and quantum mechanics will be examined in depth by exploring the processes of reasoning and investigation that led to their discoveries and a connection sought between modern physical thinking and events of the current scene.

Distribution: GE: Natural Sciences - Physics (NSPH).

#### PHYS 107 - Physics and Forensic Science (3 credits)

The course considers forensic evidence and the reliability of the data analyzed in the laboratory. It looks at basic physics principles found in optics, statics and kinematics and shows how forensic scientists apply them to court room evidence.

Distribution: GE: Natural Sciences - Physics (NSPH).

#### PHYS 110 - GN: Sound Waves and Light (3 credits)

This course is designed to inform the students of the wave nature of the physical world. It is a qualitative presentation of the phenomena of sound, light, electricity, and magnetism with some qualitative analysis involving algebra.

Distribution: GE: Natural Sciences - Physics (NSPH) | GN: Group B - Physics (BPH) | Math Competency (M). Prerequisite: Satisfaction of ESU Basic Mathematical Skills Competency.

#### PHYS 111 - Engineering Graphics (2 credits)

This course includes multiview projections, pictorial drawings, dimensioning, engineering standards and working drawings. It involves an introduction to creative design, space analysis, graphs, graphical mathematics, vector analysis, and design implementation (CAD and manual).

*Requisite course MATH 135 or MATH 140 may be taken as a pre-requisite or concurrently as a co-requisite.*

Prerequisite: (MATH 135 or MATH 140) and Satisfaction of ESU Basic Mathematical Skills Competency.

#### PHYS 117 - GN: Energy (3 credits)

This course introduces the concept of energy in all its forms and discusses its role in modern society. Discussions include sources of energy, along with their social and environmental impact.

Distribution: GE: Natural Sciences - Physics (NSPH) | GN: Group B - Physics (BPH) | Math Competency (M) . Prerequisite: Satisfaction of ESU Basic Mathematical Skills Competency.

#### PHYS 121 - GN: Astronomy | The Sky and Solar System (3 credits)

This course in descriptive astronomy deals with the scientific principles essential to the understanding of astronomy. Topics

covered include basic observational astronomy, the historical development of astronomy, spectroscopy and telescopes, planetary science, the origin and evolution of the solar system, and the sun as a star.

Distribution: GE: Natural Sciences - Physics (NSPH) | GN: Group B - Physics (BPH) | Math Competency (M) . Prerequisite: Satisfaction of ESU Basic Mathematical Skills Competency.

**PHYS 122 - GN: Astronomy | Stars and Galaxies (3 credits)**

This course in descriptive astronomy covers observational properties of stars, stellar life cycles, pulsars and black holes, the Milky Way Galaxy, extragalactic astronomy, quasars, and cosmology.

Distribution: GE: Natural Sciences - Physics (NSPH) | GN: Group B - Physics (BPH) | Math Competency (M) . Prerequisite: Satisfaction of ESU Basic Mathematical Skills Competency.

**PHYS 123 - Introduction to Physical Cosmology (3 credits)**

This is a descriptive course which introduces current theories on the origin and evolution of the universe. Particular emphasis is placed on how ideas from such diverse areas of study as extragalactic astronomy, relativity, and particle physics have combined to provide a reasonably coherent theory of the beginning of time and the cosmos.

*This course is restricted to students in the Honor's program.*

Distribution: GE: Natural Sciences - Physics (NSPH).

**PHYS 124 - Observational Astronomy Lab (1 credit)**

This course is intended to give the student experience in the observational techniques of modern astronomy. The course is designed to complement Physics 122 - Astronomy II, but may be taken with Physics 121 - Astronomy I.

*Requisite course PHYS 121 or PHYS 122 may be taken as a pre-requisite or concurrently as a co-requisite.*

Prerequisite: PHYS 121 or PHYS 122.

**PHYS 126 - GN: Introduction to Weather Forecasting (3 credits)**

Fundamental principles of meteorological observations and data analysis are explored within the context of mid-latitude weather forecasting.

Distribution: GN: Group B - Physics (BPH) | Math Competency (M) . Prerequisite: Satisfaction of ESU Basic Mathematical Skills Competency.

**PHYS 131 - GN: Fundamental Physics I (4 credits)**

Newtonian mechanics is examined and applied to situations including gravitation, rotation and oscillations, with a focus on being able to apply a few general laws and definitions to a wide variety of novel situations. Experimental skills will be developed with an emphasis on the interpretation of data, such as the identification of patterns and uncertainties in the data and calculations and testing possible mechanisms consistent with those patterns.

*This is the first course in a algebra-based (non-calculus) two course sequence for science majors.*

Distribution: GE: Natural Sciences - Physics (NSPH) | GN: Group B - Physics (BPH) | Math Competency (M) . Prerequisite: MATH 135 (Grade of B- or higher) and MATH 140 (Grade of C- or higher) or

Satisfaction of ESU Basic Mathematical Skills Competency (Math SAT: 500+).

**PHYS 132 - Fundamental Physics II (4 credits)**

The focus is on abstract models used to describe and predict phenomenon in electricity, magnetism, waves, light and optics. Some material in atomic and nuclear physics is also examined. Competency in using optical and electrical equipment will be developed with an emphasis on the consistency between the abstract models and the properties of the equipment and physical phenomena that are examined.

*This is the second course in a algebra-based (non-calculus) two course sequence for science majors*

Distribution: GE: Natural Sciences - Physics (NSPH) | Advanced (ADVD) . Prerequisite: PHYS 131 (Grade of C- or better) or PHYS 161 (Grade of C- or better).

**PHYS 161 - GN: Physics I (4 credits)**

Together with PHYS 162: Physics II (p. 336), this course covers basic principles and methods of all branches of classical physics at an introductory level. Topics include Newtonian mechanics, gravitation, waves, optics, heat electricity and magnetism.

Distribution: GN: Group B - Physics (BPH) | GE: Natural Sciences - Physics (NSPH). Prerequisite: MATH 140.

**PHYS 162 - Physics II (4 credits)**

Continuation of Physics I.

Distribution: Advanced (ADVD) | GE: Natural Sciences - Physics (NSPH). Prerequisite: MATH 141 and PHYS 161 (Grade of C- or better).

**PHYS 201 - Statics (3 credits)**

This course examines the composition and resolution of forces, equilibrium of particles and rigid bodies, centroids, moments and products of inertia, distributed forces, analysis of structures, analysis of beams, friction, and virtual work.

Distribution: Advanced. Prerequisite: PHYS 161, MATH 140. Corequisite: MATH 141.

**PHYS 202 - Dynamics (3 credits)**

This course considers dynamics of particles and rigid bodies, relative motion, dynamic equilibrium, D'Alembert's principle, work, energy, impulse, and momentum.

Distribution: Advanced (ADVD). Prerequisite: PHYS 161, PHYS 201, MATH 141.

**PHYS 240 - Basic Electronics (4 credits)**

This course provides students with an introduction to the theory and design of basic electronics circuits. Both analog and digital circuits will be explored, and students will gain experience interfacing their circuits with external devices and sensors.

*MATH 141: Calculus II (p. 284) is a recommended, but not required, pre-requisite.*

Prerequisite: PHYS 161.

**PHYS 241 - Linear and Digital Electronics (3 credits)**

This course is designed for students in the sciences or computer sciences who wish to review basic electricity and how electronic

components are combined to form linear (e.g. amplifier) and digital functions.

Prerequisite: Algebra and Trigonometry.

### **PHYS 261 - Physics III (3 credits)**

This course extends the concepts of PHYS 161: Physics I (p. 336) and PHYS 162: Physics II (p. 336) to an exploration of wave phenomena, relativity and early quantum physics.

Distribution: Advanced (ADVD). Prerequisite: MATH 141 and PHYS 162.

### **PHYS 290 - Special Topics: (Semester hours arranged, 1 - 4 credits)**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

### **PHYS 301 - Strength of Materials (3 credits)**

This course explores strength and elasticity of materials, theory of stresses and strains, deflection of beams and shafts, torsion, and buckling of structures.

Distribution: Advanced (ADVD). Prerequisite: PHYS 201 and MATH 241.

### **PHYS 302 - Dynamics (3 credits)**

This course considers dynamics of particles and rigid bodies, relative motion, dynamic equilibrium, D'Alembert's principle, work, energy, impulse, and momentum.

Distribution: Advanced (ADVD). Prerequisite: MATH 141 and PHYS 201.

### **PHYS 304 - Modern Physical Astronomy (3 credits)**

This course is a quantitative treatment of modern astronomy stressing the application of basic physics for investigating the properties of celestial bodies and systems. Topics will include basic celestial mechanics, radiation and matter, stellar structure and evolution, the structure and motions of galaxies, and cosmology.

*Student may only receive major credit for either PHYS 304 or PHYS 404 as they are equivalent courses.*

Distribution: Advanced (ADVD). Prerequisite: (PHYS 131 or PHYS 161) and PHYS 121 and PHYS 122 and MATH 140. Corequisite: PHYS 132 or PHYS 162.

### **PHYS 305 - Physics of the Atmosphere (3 credits)**

This course provides an introduction to the physical process of the atmosphere. Mechanisms affecting heat, moisture and air motion are investigated and related to atmospheric phenomena.

Distribution: Advanced (ADVD). Prerequisite: CHEM 121 and MATH 140 and (PHYS 131 or PHYS 161) and (PHYS 126 or GEOG 220).

### **PHYS 315 - Computational Physics (3 credits)**

The course will introduce students to the field of Computational Physics. Students will learn how to use the computer to solve problems in physics that cannot easily be solved analytically ("by hand"). Besides reading and learning about the techniques, students will be expected to write software to implement the techniques learned in class in order to gain insight into the physical phenomena and the computational technique.

Distribution: Advanced (ADVD). Prerequisite: (CPC 120 or CPC 130) and MATH 141 and (PHYS 132 or PHYS 162 or PHYS 240).

### **PHYS 328 - Mathematical Physics (3 credits)**

This course introduces the student to common problem-solving techniques used in solving advanced physics problems. Many typical mathematical tools that are essential to solving physics problems are introduced and practiced in this course.

Distribution: Advanced (ADVD). Prerequisite: MATH 240 and PHYS 162.

### **PHYS 333 - Advanced Physics Lab I (3 credits)**

This course is an open-ended but directed laboratory activity in both classical and modern physics.

Distribution: Advanced (ADVD) | Level II Writing (W2). Prerequisite: PHYS 162 and ENGL 103. Corequisite: PHYS 261.

### **PHYS 334 - Advanced Physics Lab II (3 credits)**

This course is an open-ended but directed laboratory activity in both classical and modern physics. This course and PHYS 333 are complimentary courses that may be taken in either order as different experiments are performed.

*Requisite course PHYS 261: Physics III (p. 337) may be taken as either a pre-requisite or concurrently as a co-requisite.*

Distribution: Advanced (ADVD). Prerequisite: PHYS 161 and PHYS 162. Corequisite: PHYS 261.

### **PHYS 361 - Physics IV (3 credits)**

This course introduces the student to the physics of atoms, molecules, nuclei and elementary particles. The course includes early quantum theory, relativistic mechanics, and the wave and quantum properties of photons and electrons; Schrodinger's equation, and its application to the structure of atoms, molecules, and solids; nuclear physics, elementary particles.

*PHYS 328 - Mathematical Physics (p. 337) may be taken as a pre-requisite or co-requisite/concurrently.*

Distribution: Advanced (ADVD). Prerequisite: MATH 240 and PHYS 261 and PHYS 328.

### **PHYS 370 - The Rise of Modern Science and Technology (3 credits)**

The Rise of Modern Science and Technology is an in-depth study of the development of modern physical science and its connection to technology. The models that are considered training points for scientific theory are examined in detail. The mutual interaction of science and technology is presented within the context of scientific development.

*This course is restricted to students in the University Honor's program.*

Distribution: Advanced (ADVD).

### **PHYS 401 - Quantum Physics (3 credits)**

This course introduces ideas of wave mechanics and matrix mechanics. Schrodinger's equation is applied to simple problems. Approximation techniques for the more difficult problems of nuclear and atomic physics are studied.

Distribution: Advanced (ADVD). Prerequisite: PHYS 328 and PHYS 361.

**PHYS 402 - Contemporary Topics in Science (3 credits)**

This course deals with the nature and theoretical basis of recent noteworthy advances in science. Interdisciplinary in design, the course draws its content from the various disciplines of the natural sciences. Emphasis is placed upon topics being reported upon in professional journals. This course also listed as BIOL 402, and CHEM 402.

Distribution: Advanced. Prerequisite: PHYS 105 OR PHYS 117 OR PHYS 121 OR PHYS 131 OR PHYS 161.

**PHYS 403 - Optics (3 credits)**

This course will cover geometrical, wave optics and applications of optical phenomena used in industry with an emphasis on how mathematical models of these phenomena are used. Possible topics include diffraction, fourier optics, basics of coherence theory, laser technology, holography and non-linear optics.

Distribution: Advanced (ADVD). Prerequisite: PHYS 261 and PHYS 328.

**PHYS 404 - Introductory Astrophysics (3 credits)**

This is a course in modern astrophysics stressing the application of physical concepts to the study of the heavens. Topics will include radiative transfer, astrophysical radiative processes, stellar structure and evolution, compact stars and black holes, galactic and extragalactic astrophysics, and cosmology.

Distribution: Advanced (ADVD). Prerequisite: PHYS 121 and PHYS 262 and MATH 141.

**PHYS 405 - The Development of Modern Physical Science (3 credits)**

This course examines past works and philosophical thought of noted physical scientists. Emphasis is placed on the nature of scientific discovery and the processes of science. This course is also listed as CHEM 405.

Distribution: Advanced. Prerequisite: PHYS 105 OR PHYS 117 OR PHYS 121 OR PHYS 131 OR PHYS 161.

**PHYS 411 - Thermal Physics (3 credits)**

This course deals with heat and thermodynamics and applications to special systems, kinetic theory of gases, and statistical mechanics.

Distribution: Advanced (ADVD). Prerequisite: PHYS 261 PHYS 328 & MATH 240.

**PHYS 421 - Statistical Physics (3 credits)**

Students study large-scale systems consisting of many atoms or molecules. Subjects of statistical mechanics, kinetic theory, thermodynamics, and heat are introduced.

Distribution: Advanced. Prerequisite: PHYS 261, PHYS 328 & MATH 240.

**PHYS 423 - Advanced Electronics (4 credits)**

This course will develop the theory of precision operational amplifier circuits, analog to digital converters, digital to analog converters and analog switches. The course will introduce the student to digital design using discrete circuits, PAL's and Field Programmable Gate arrays. The student will learn about the control and interfacing of these circuits to microcontrollers as well as understanding the implications of hardware vs. software control and processing of signals.

Distribution: Advanced (ADVD). Prerequisite: MATH 140 and MATH 141 and (PHYS 132 or PHYS 162) AND PHYS 240. Crosslisted as: GSCI 523.

**PHYS 428 - Theoretical Physics (3 credits)**

The main thrust of this course will be the application of various standard mathematical techniques to the solution of upper level problems in Mechanics, Electromagnetism, Wave Theory, Fluid Dynamics, Statistical Mechanics, Quantum Physics, and Relativity. Students considering advanced study or employment in the field of Physics or Engineering are highly encouraged to enroll.

Distribution: Advanced (ADVD). Prerequisite: MATH 240 and PHYS 261.

**PHYS 431 - Electromagnetic Theory (3 credits)**

This course starts with an introduction to electrostatic problems. The student is then introduced to special relativity and the Lorentz transformation. Special relativity is then used to transform the electrostatic problem to understand magnetic fields, Maxwell's equations, and electrodynamics. Finally, an introduction to electromagnetic waves and their propagation is developed.

Distribution: Advanced (ADVD). Prerequisite: PHYS 162 and PHYS 328.

**PHYS 432 - Applied Electromagnetic Theory: Radio Waves and High Frequency Circuits (4 credits)**

This course will apply Maxwell's equations to the propagation of electromagnetic waves in free space, wave guides and coaxial cables. The transmission line equation will be developed and analyzed for the case of real practicable transmission line. Maxwell's equations will be used to analyze antennas.

Distribution: Advanced (ADVD). Prerequisite: PHYS 161 and PHYS 162 and PHYS 432 and MATH 341.

**PHYS 433 - Atomic and Nuclear Physics (3 credits)**

This course examines the quantum-mechanical basis of atomic and nuclear structure and studies the phenomena of atomic and nuclear transitions.

Distribution: Advanced. Prerequisite: PHYS 361.

**PHYS 441 - Theoretical Mechanics (3 credits)**

This course discusses the application of Newtonian mechanics to more complicated systems than those studied in Physics I.

Distribution: Advanced (ADVD). Prerequisite: MATH 240 and PHYS 261 and PHYS 328.

**PHYS 471 - Special Problems in Physics (3 credits)**

This course introduces the student to detailed and complete treatments of problems which require expertise from several areas.

Distribution: Advanced (ADVD). Prerequisite: PHYS 161 and PHYS 162 and PHYS 311.

**PHYS 485 - IS: (1 -18)**

This experience is taken upon the initiative of a student who seeks to study with a knowledgeable faculty member in order to deepen a specific interest in a particular academic discipline. Independent study is a process through which a student either sharply increases his/her already advanced knowledge of a subject matter or increases his/her appreciation about an academic discipline that is related to a student's advanced knowledge of a subject. The proposed

independent study must be submitted to the department for approval. The faculty member supervising the independent study must provide a minimum of five (5) hours of time per credit hour upon request of the student.

Distribution: Advanced. Prerequisite: PHYS 105 OR PHYS 131 OR PHYS 161.

#### **PHYS 486 - Field Experience and Internships (1-18 credits)**

Field Experience and Internships

Distribution: Advanced. Prerequisite: PHYS 105 OR PHYS 110 OR PHYS 117 OR PHYS 121 OR PHYS 131 OR PHYS 161.

#### **PHYS 493 - Research in Physics (1-18 credits)**

This course is an experimental investigation selected by the student in consultation with a member of the faculty and carried out under the faculty's supervision. Approximately twelve hours of research per week is required for three credits. Prerequisites: Junior or senior standing as a physics major or by permission of the department.

Distribution: Advanced. Prerequisite: Junior or Senior standing as a Physics major required or permission of department. .

#### **PHYS 495 - Senior Capstone (3 credits)**

Participants perform self-guided, in-depth examinations of relatively common phenomena, contemporary issues and/or recent research in physical and related fields. Supporting evidence and theory is documented in formal written and/or oral reports by participants.

*Attendance in departmental colloquia is required.*

Distribution: Advanced (ADVD) | Level III Writing (W3) | Info. Literacy and Technology (I) . Prerequisite: (PHYS 131 or PHYS 161) and (PHYS 132 or PHYS 162) and a Writing Level II class.

#### **PHYS 499 - Student Teaching Internship (1 credit)**

This course is designed to provide the student with an opportunity to work with a faculty member in the student's primary Arts and Sciences discipline during the student teaching experience. The course will enhance the student's ability to understand and maximize the relationship between disciplinary subject matter and pedagogy.

Distribution: Advanced. Prerequisite: Qualification to Student Teach. . Corequisite: Concurrent registration in PSED 430 or PSED 431.

## **Political Science**

### **College of Arts and Sciences**

#### ***The Faculty of Social Sciences***

Stroud Hall, Room 409

570-422-3286

[www.esu.edu/pols](http://www.esu.edu/pols)

**The Political Science program is housed in the Department of Political Science and Economics.**

#### **About the Program**

East Stroudsburg University's Political Science curriculum comprises the systematic study of the theory and practice of politics at various levels – domestic, international, public and private sectors. Depending on their interests, undergraduates can focus on questions of a

theoretical nature, the role and performance of political institutions and political systems, or the behavior of individuals and groups. Our Political Science degree prepares students to work in both the public and private sectors. Many majors also use this preparation as a basis for further study in graduate school or law school.

An ESU student who majors in Political Science earns a Bachelor of Arts degree. Several options are available to Political Science majors.

Students may choose among four concentrations:

- American Government and Politics
- Pre-Law
- International Relations and Comparative Government
- Public Administration

#### **Are you interested in...**

- Solving complex problems
- Developing and marketing ideas
- International travel

#### **Choose Political Science at ESU**

- Individualize focus and opportunities for mentoring
- Faculty with professional experience
- Internships and job placement
- Study Abroad programs

#### **Is Political Science a career path for me?**

##### ***Career Potential***

- Elected Official
- Campaign Manager
- Legislative Aide
- Country/Area Specialist
- Policy analyst
- Local government manager
- Lobbyist

##### ***Career Settings***

- Local, state and federal government
- Political campaigns
- Nonprofit organizations
- International organizations
- Multinational corporations

*More detailed career information is available from the department.*

## **Political Science B.A.**

Students may choose between four major concentrations. The American Government and Politics; Pre-Law; Public Administration, and International Relations and Comparative Government.

Students must also be aware of the University-wide requirements in this catalog (p. 40). (p. 44)

**Note:** The department does not accept transfer credit in upper division coursework (i.e., 300 or 400 level courses) for political science courses completed at community colleges, junior colleges, trade schools, etc.

## PROGRAM FEATURES

36 - 39 credits

### Required Courses:

#### Core Requirements

POLS 111	GN: Principles of Political Science	3
POLS 117	GN: Introduction to Global Politics	3
POLS 120	GN: American Government	3
POLS 160	GN: Introduction to Public Administration	3
POLS 317	Exploring Politics: Methods and Techniques	3
POLS 495	Senior Seminar in American Politics	3

#### Directed General Education Courses

ENGL 162	GN: Introduction to Literary Analysis and Interpretation	3
Modern Language	Any Modern Language 116 or 117 course	3

#### Choose one

HIST 111	GN: World History to 1500	3
HIST 112	GE: Modern World Civilization, 1300-1914	3
HIST 113	GN: World History since 1500	3
HIST 141	GN: United States History to 1877	3
HIST 142	The United States as a Developing Nation in the Nineteenth Century	3
HIST 143	GN: United States History since 1877	3

#### Choose one

MATH 100	GN: Numbers, Sets and Structures	3
MATH 101	GN: Excursions in Mathematics	3
MATH 110/MATH 111	GN: General Statistics	3
MATH 129/MATH 130	GN: Applied Algebraic Methods with Foundation Mathematics	3
MATH 131	Applied Calculus	3
MATH 135	GN: Pre-Calculus	3
MATH 140	GN: Calculus I	4
MATH 141	GN: Calculus II	4

### Additional Requirements

- All concentrations will take the same core courses (18 credits).
- Student must have a "C" or higher in each of the core courses and a 2.5 within all courses in the major.

## Political Science B.A. - Concentration: American Government and Politics

### AMERICAN GOVERNMENT AND POLITICS CONCENTRATION

#### Required Core Courses:

POLS 111	GN: Principles of Political Science	3
POLS 117	GN: Introduction to Global Politics	3
POLS 120	GN: American Government	3
POLS 160	GN: Introduction to Public Administration	3
POLS 317	Exploring Politics: Methods and Techniques	3
POLS 495	Senior Seminar in American Politics	3

**Subtotal: 18**

#### Required courses:

POLS 255	Issues in American Public Policy	3
POLS 352	History of Western Political Theory	3
POLS 468	Strategies for Policy Analysis	3

**Subtotal: 9**

#### Choose three of the following: 9 credits

POLS 222	Contemporary Political Ideologies	3
POLS 225	Politics through Literature	3
POLS 243	Women and Politics	3
POLS 293	Public Policy and Administration	3
POLS 312	Political Parties and Politics	3
POLS 313	Courts and the Judicial Process	3
POLS 314	State and Local Government	3
POLS 325	Racial and Ethnic Politics	3
POLS 330	Political Communication	3
POLS 413	American Constitutional Law	3
POLS 414	Constitutional Civil Liberties	3
POLS 416	Administrative Law	3
POLS 438	United States Foreign Policy	3
POLS 450	Campaigns and Elections	3
POLS 452	American Political Ideas	3
POLS 454	The Legislative Process	3
POLS 462	Political Behavior	3

POLS 466	Public Budgeting and Finance	3
POLS 467	Public Personnel Administration	3
POLS 485	IS:	1 - 3
POLS 486	Field Experiences and Internships	1 - 12

### **Accelerated Pathway from B.A. in Political Science to M.A. in Political Science or M.S. in Management and Leadership-Public Administration**

**Accelerated Pathway:** Political Science students may complete an accelerated pathway through the Bachelor of Arts (BA) in Political Science to Master of Arts (MA) in Political Science, or the Master of Science (MS) in Management and Leadership-Public Administration. This accelerated pathway allows qualified undergraduate students to take up to twelve (12) graduate credits of coursework that will apply to both the undergraduate and graduate degrees.

To qualify for the Political Science accelerated pathway a student must have earned at least sixty (60) undergraduate credits and have an overall GPA of 3.30. Students will need to obtain the approval of the Political Science Department Chair and the political science or MML-PA graduate program coordinator to participate in the accelerated pathway.

Students in the accelerated pathway can take no more than three (3) graduate credits per semester. While all political science graduate courses are open to students in the accelerated program, completion of the undergraduate research methods course (POLS 317 Exploring Politics: Methods and Techniques) or a similar undergraduate research methods course, is required to enroll in POLS 570 Introduction to Research: Scope and Methods.

Students in the accelerated pathway must meet with both their undergraduate advisor and the graduate coordinator prior to enrolling in the graduate course.

**Additional Requirement:** A student must have obtained a grade of "B" or higher in the graduate course in order for it to count towards the graduate degree program, while a grade of "C" or higher is necessary in order for it to count towards the undergraduate degree program.

### Political Science Minor

The Political Science Minor consists of three separate concentrations. Choose one of the three.

1. Politics and Government Concentration
2. Pre-Law Concentration
3. European Studies Concentration

#### **POLITICS AND GOVERNMENT CONCENTRATION (18 SEMESTER HOURS)**

*Required courses:*

POLS 111	GN: Principles of Political Science	3
POLS 120	GN: American Government	3
POLS ___	12 additional credits of POLS 200 level and above classes	12

**Subtotal: 18**

At least six of these credits must be 300 and/or 400 level courses.

#### **PRE-LAW CONCENTRATION (18 SEMESTER HOURS)**

*Required courses:*

POLS 111	GN: Principles of Political Science	3
POLS 120	GN: American Government	3

*choose two:*

POLS 313	Courts and the Judicial Process	3
POLS 413	American Constitutional Law	3
POLS 416	Administrative Law	3
POLS 445	International Law and Organization	3

*Six additional credits of POLS 200 level or above.*

*Co-requisites:*

ENGL 162	GN: Introduction to Literary Analysis and Interpretation	3
----------	--	---

*Choose one (3 credits):*

PHIL 221	GN: Logic I	3
MATH 100	GN: Numbers, Sets and Structures	3
MATH 101	GN: Excursions in Mathematics	3
MATH 110/MATH 111	GN: General Statistics	3

MATH 129/MATH 130	GN: Applied Algebraic Methods with Foundation Mathematics	3
-------------------	---	---

MGT 211	Financial Accounting Fundamentals	3
---------	-----------------------------------	---

*Choose one (3 credits):*

CMST 253	GN: Public Speaking	3
THTR 102	GN: Acting	3

#### **EUROPEAN STUDIES CONCENTRATION (18 SEMESTER HOURS)**

*Required courses:*

HIST 272	GN: Modern European History	3
----------	-----------------------------	---

*three of the following:*

POLS 332	Europe	3
POLS 399	European Union Studies	3
POLS 445	International Law and Organization	3
POLS 453	Modern Western Political Theory	3

*two of the following:*

HIST 371	Medieval and Renaissance Europe, 500-1500	3
HIST 382	Modern Britain	3
HIST 473	Modern Germany	3
PHIL 318	Schopenhauer, Kierkegaard, and Nietzsche	3
PHIL 353	Medieval Philosophy	3
PHIL 356	Rationalists of the 17th and 18th Centuries	3
PHIL 357	Empiricists of the 17th and 18th Centuries	3
PHIL 418	Phenomenology and Existentialism	3
MLSP 444	Cultural History of Spain	3
MLFR 343	French Civilization I	3

or any of the courses in the POLS section not taken for the Political Science requirement for the minor. Nine credits must be at the 300/400 level.

## **POLS - Political Science Courses**

### **POLS 101 - Basic Issues Politics (3 credits)**

This course explores the major social and political questions that confront the American people. It discusses the conflict that every voter in the nation faces as American democracy strives to bridge the gap between promise and performance, between the ideal and the real in the American political experience

Distribution: GE: Social Sciences - Poli Sci (SSPS).

### **POLS 111 - GN: Principles of Political Science (3 credits)**

This course is an inquiry into such fundamental concepts as state, sovereignty, law, rights, citizenship, liberty, and constitution; included are a study of the functions of government and an identification of the standard institutions for implementing those functions.

Distribution: GN: Group C - Political Science (CPS) | Global Diversity & Citizenship (G) | GE: Social Sciences - Poli Sci (SSPS) | .

### **POLS 117 - GN: Introduction to Global Politics (3 credits)**

This course is an introduction to issues in global politics. It examines major political issues of the global society, such as war, terrorism, nuclear arms control, international organizations, global political economy, and global environmental preservation. It also considers the United States responsibilities in global politics.

Distribution: GN: Group C - Political Science (CPS) | Global Diversity & Citizenship (G) | GE: Social Sciences - Poli Sci (SSPS).

### **POLS 120 - GN: American Government (3 credits)**

This course analyzes the basic principles of our federal, state, and local governments with emphasis on the Constitution of the United States and its interpretation as well as the machinery through which it is implemented. Students examine the structure, organization, power, procedures, methods, and functions of executive, legislative, and judicial branches.

Distribution: GN: Group C - Political Science (CPS) | Global Diversity & Citizenship (G) | GE: Social Sciences - Poli Sci (SSPS).

### **POLS 160 - GN: Introduction to Public Administration (3 credits)**

Introduction to Public Administration is an introductory course concerned with American government planning, organizing, and operation necessary for governance on the national, state, and local levels. This course provides the student with an overview of principle concepts and frameworks for understanding: bureaucracy; promulgation of regulations; public management; public budgeting and financial management; public personnel management; public policy analysis; and planning.

Distribution: GN: Group C - Political Science (CPS) | Global Diversity & Citizenship (G) | GE: Social Sciences - Poli Sci (SSPS).

### **POLS 175 - An Honors Introduction to the Liberal Arts (3 credits)**

This course is an introduction to issues in global politics. It examines major political issues of the global society, such as war, terrorism, nuclear arms control, international organizations, global political economy, and global environmental preservation. It also considers the United States responsibilities in global politics.

*This course is restricted to students in the University Honor's program.*

### **POLS 222 - Contemporary Political Ideologies (3 credits)**

Politics and public policy involve the clash of different world views about what society's priorities should be. These world view are called ideologies and are the driver of political dialogue. Students will gain an understanding and and appreciation of important contemporary ideologies such as Conservatism, Liberalism, Marxism, Fascisms, Nationalism, as well as movements such as Feminism, Environmentalism and Fundamentalism.

Distribution: GE: Social Sciences - Poli Sci (SSPS).

### **POLS 223 - GN: Developing Countries (3 credits)**

This course examines the features common to all developing countries of Africa, Asia, and the Middle East, assesses the efforts to raise the levels of social, economic, and political development of these areas, and includes a detailed study of the goals and capabilities of the political systems of a few selected countries.

Distribution: GE: Social Sciences - Poli Sci (SSPS) | GN: Group C - Political Science (CPS) | Global Diversity & Citizenship (G).

### **POLS 225 - Politics through Literature (3 credits)**

This course is an examination of selected fictional works which deal with basic political themes and concepts, e.g., social justice, the political process, ideology, power, various issue areas, etc. It is an analysis of literature and the writer as instruments of political action and change.

Distribution: GE: Social Sciences - Poli Sci (SSPS).

### **POLS 230 - Asia (3 credits)**

The course examines the history, culture and political developments of selected countries in Asia. Students will focus on their economic strategies and concepts of government. They will also examine the differences and commonalities within Asia and outside the sub-region.

Distribution: GE: Social Sciences - Poli Sci (SSPS). Prerequisite: POLS 111 or POLS 211 or POLS 223 or POLS 231.

### **POLS 231 - Introduction to Comparative Government (3 credits)**

This course introduces students to a cross section of governments outside the American political environment. It analyzes the structure and history of selected governments from Asia, Africa, South and Central America, Australia and Europe. The course provides a theoretical and analytical platform to compare governments and societies of different geographic and cultural background.

### **POLS 232 - Inequality: Contemporary Issues Facing Racial Minorities in the US (3 credits)**

This course examines major public policy issues and their disparate impact on racial minorities in the 21st century. Students will identify racial biases in policies that have led to systemic inequality within institutions and society and evaluate their implementation and outcomes. Students will offer recommendations in the form of an evidenced based policy paper to address one of the major topics focusing on its impact on Black Americans, Latinx Americans, Asian Americans or American Indians. Policy topics to be covered in the course include: poverty, voting rights, criminal justice, race relations, housing, education, gender, health care, and the environment.

Prerequisite: POLS 111 or POLS 117 or POLS 120 or POLS 160.

**POLS 243 - Women and Politics (3 credits)**

The course will analyze the role and status of women in past and contemporary societies. Students examine the meaning and significance of current feminist movements and their impact on politics and society. The lives of outstanding women are also examined.

Distribution: GE: Social Sciences - Poli Sci (SSPS). Prerequisite: POLS 101 or POLS 111 or POLS 211 or POLS 222.

**POLS 255 - Issues in American Public Policy (3 credits)**

This course will introduce students to the major domestic public policy issues facing the United States today. This will include identifying the causes of policy problems and evaluating potential solutions. Policy topics to be covered in the course could include: education, the environment, immigration, entitlement programs and health care reform. The topics covered will change based on the significant policy issues being addressed by policymakers at the time the course is offered.

Distribution: Level II Writing (W2) | GE: Social Sciences - Poli Sci (SSPS). Prerequisite: Sophomore Standing (30+ Credits) and ENGL 103.

**POLS 286 - Sports and Politics (3 credits)**

This course addresses the intersection of sports and politics. It will examine how public policy decision impact the operation of professional sports and their franchises. It will further assess the role of sports in advocacy for social justice reforms and influencing political behavior. Topics to be discussed include anti-trust policy, the public funding of sports stadiums and the impact of Title IX on scholastic, college and professional sports among others,

Prerequisite: POLS 111 or POLS 117 or POLS 120 or POLS 160.

**POLS 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**POLS 293 - Public Policy and Administration (3 credits)**

This course examines the role and scope of public administrators and the challenges that confront them. It also analyzes the stages of the public policy process as well as the internal and external factors that impact public policy. Administration and public policy-making both within and outside America will be surveyed.

Distribution: GE: Social Sciences - Poli Sci (SSPS). Prerequisite: POLS 211.

**POLS 312 - Political Parties and Politics (3 credits)**

This course traces the development of political parties, their functions, organization and effectiveness, with a view toward establishing greater party responsibility in the body politic.

Distribution: GE: Social Sciences - Poli Sci (SSPS) | Advanced (ADVD). Prerequisite: POLS 111 OR POLS 211.

**POLS 313 - Courts and the Judicial Process (3 credits)**

This course examines the various connections between politics and courts. Attention is focused on the role of law in American society and how courts and the people affiliated with courts both implement and make public policy.

Distribution: Advanced (ADVD) | Level II Writing (W2) | GE: Social Sciences - Poli Sci (SSPS) . Prerequisite: (POLS 111 or POLS 120) and ENGL 103.

**POLS 314 - State and Local Government (3 credits)**

This course is an introduction to state and local governmental institutions and processes, and the way they are interrelated with the federal system, with special emphasis on the contemporary needs of the local community.

Distribution: GE: Social Sciences - Poli Sci (SSPS) | Advanced (ADVD). Prerequisite: POLS 111 and (POLS 211 OR POLS 222).

**POLS 315 - Introduction to Legal Research (3 credits)**

This course introduces the primary skills necessary for legal research and writing. Emphasis will be placed on the essential steps necessary for proper legal research and on the use of various legal resources.

Distribution: Advanced (ADVD). Prerequisite: POLS 111 or POLS 211.

**POLS 317 - Exploring Politics: Methods and Techniques (3 credits)**

The course deals with the principles and assumptions of political inquiry, and specific techniques for analyzing political data. Emphasis is placed on empirical techniques. It teaches students how to utilize the research products of political inquiry. Research projects are based on each student's specific area of interest.

*This course is restricted Political Science majors.*

Distribution: Advanced (ADVD) | Info. Literacy and Technology (I) . Prerequisite: POLS 111 and POLS 120.

**POLS 322 - International Relations (3 credits)**

This course examines the major theories, processes, and units that comprise the study of politics and the international system. Areas of particular emphasis include sovereignty, nationalism, and warfare.

Distribution: GE: Social Sciences - Poli Sci (SSPS) | Level II Writing (W2) | Advanced (ADVD). Prerequisite: (POLS 111 or POLS 117 or POLS 120) and ENGL 103.

**POLS 325 - Racial and Ethnic Politics (3 credits)**

This course on racial and ethnic minorities in American politics will examine the effects of discriminatory practices and efforts to achieve civic equality for ethnic and racial minorities in the United States since its founding. The course will explore the experiences of African Americans, Asian Americans, Hispanic Americans, and Native Americans as citizens, activists, leaders and policymakers in the context of the discriminatory practices in law and customs.

Distribution: Advanced (ADVD). Prerequisite: POLS 111 or POLS 211.

**POLS 330 - Political Communication (3 credits)**

This course is designed to introduce students to the theories, issues and methodological approaches to the study of political communication. Students examine political communication as a discursive process, primarily aimed at winning elections.

Distribution: Advanced (ADVD). Prerequisite: POLS 211.

**POLS 332 - Europe (3 credits)**

This course examines the political, economical and cultural diversity across Europe. It covers similarities and difference in the institutions and governance of large democracies, and their economic strategies.

Students also study social and ideological challenges, as well as regional developments, such as the European Union.

Distribution: GE: Social Sciences - Poli Sci (SSPS) | Level III Writing (W3) | Advanced (ADVD). Prerequisite: POLS 111 or POLS 117 or POLS 120 or POLS 223 or POLS 231.

**POLS 333 - Africa (3 credits)**

This course aims at a general understanding of the main historical and political developments that led to independence. Emphasis will be on the growth of nationalism, the end of colonialism, and the search for African identity, unity, and development.

Distribution: GE: Social Sciences - Poli Sci (SSPS) | Advanced (ADVD). Prerequisite: POLS 111 or POLS 211 or POLS 223 or POLS 231.

**POLS 343 - The Middle East (3 credits)**

This course surveys the history and politics of the Middle East, background studies in the revolutionary nationalism of the modern period, analyses of contemporary problems and events, and prognoses within the framework of international diplomacy.

Distribution: Advanced (ADVD). Prerequisite: POLS 111 or POLS 211 or POLS 222 or POLS 223 or POLS 231.

**POLS 352 - History of Western Political Theory (3 credits)**

This course traces the evolution of major political concepts in Western Civilization from the ancient Greeks to the 17th century. The focus is on the origins of democracy and authoritarianism.

Distribution: Advanced (ADVD) | GE: Social Sciences - Poli Sci (SSPS). Prerequisite: POLS 111 or POLS 211 or POLS 222.

**POLS 353 - Issues in Comparative Politics and Public Administration (3 credits)**

This course examines major issues in the contemporary research of comparative politics and public administration. It focus on theory formulations and adopts the electoral system, voting behavior, party system and organization, executive leadership, bureaucracy, political management of national markets, and democratization.

Distribution: Advanced (ADVD) . Prerequisite: POLS 111 and (POLS 117 or POLS 120 or POLS 160).

**POLS 363 - Latin America (3 credits)**

This course is a study of the development of the Latin American republics since independence and an examination of their present-day social, economic, and political problems as well as their role with the United States.

Distribution: GE: Social Sciences - Poli Sci (SSPS) | Advanced (ADVD). Prerequisite: POLS 111 or POLS 211 or POLS 223 or POLS 231.

**POLS 399 - European Union Studies (3 credits)**

This course teaches students about the world's largest free trade area, and the most successful regional integration project in history, utilizing a participatory learning approach. Students first study and research policy, institutions, negotiation strategy and diplomacy, before applying acquired knowledge in simulations.

Distribution: Advanced (ADVD). Prerequisite: (POLS 111 or POLS 211) and (POLS 231 or POLS 332).

**POLS 413 - American Constitutional Law (3 credits)**

This course is a study of the context within which our Constitution emerged, the major themes implicit in its development, and its significance in the contemporary political setting. Attention is focused upon the interplay of political forces that have shaped the development of constitutional law with special emphasis upon the Supreme Court as a political and judicial institution.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing (90+ credits) and (POLS 111 or POLS 211 or POLS 222).

**POLS 414 - Constitutional Civil Liberties (3 credits)**

This course is a study of the protection of civil liberties in the United States. The focus is on how the United States Supreme Court has decided cases involving, among other things, freedom of speech, freedom of religion, freedom of the press and individual privacy. The course is also an examination of how politics, history, personalities, governmental structures, and political theories affect the protection of individual rights.

Distribution: Advanced (ADVD). Prerequisite: Select (2): POLS 111, POLS 211, POLS 313, POLS 315, POLS 413.

**POLS 416 - Administrative Law (3 credits)**

This course is a study of the law of public administration including administrative powers and limitations, adjudication and rule-making, discretion, checks on administrators, notice and hearing, administrative penalties, judicial control and administrative liability.

Distribution: Advanced (ADVD). Prerequisite: POLS 111 or POLS 120 or POLS 222 or ECON 111 or ECON 112.

**POLS 420 - International Politics of the Asia-Pacific (3 credits)**

This course studies the international politics of the Asia Pacific region. It reviews the foreign policies of key countries in the region, including China, the United States, Japan, and India, and assesses their patterns and mutual interactions. It also appraises the impacts of the Asia-Pacific region on the global politics.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing (90+ credits) and (POLS 101 or POLS 111 or POLS 211).

**POLS 425 - Introduction to Environmental Politics, Policy, and Management (3 credits)**

This course introduces students to the analytical and empirical components of domestic and international environmental policies and politics. The adoption of domestic policies in the area of climate change, natural resource conservation and land use will be discussed along with the management of these policies. The international laws and practices pertaining to climate change, natural resources, and the environment will be analyzed.

Distribution: Advanced (ADVD).

**POLS 429 - Introduction to International Political Economy (3 credits)**

International political economy (IPE) is concerned with the mutual interactions of political decisions and economic transactions, the so-called market place, in the modern world. This course provides an overview of how political, social, and economic actors and events, domestic and international, public as well as private, shape policies and economic developments.

Distribution: Advanced (ADVD). Prerequisite: (POLS 111 or POLS 211) and (POLS 322 or POLS 332 or POLS 333).

**POLS 435 - The Presidency (3 credits)**

This course is an analysis of the presidency, its nature and growth of the office, and the politics and problems of seeking the office of the presidency. It includes a functional analysis of the President's roles as chief executive, party leader, and legislative leader in the international political system.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing (90+ credits) and (POLS 111 or POLS 211 or POLS 222).

**POLS 436 - Introduction to the Politics of Globalization and Trade (3 credits)**

The focus in the course is on the controversy surrounding, political implication of, and politics affecting, globalization and international trade. Political theories and methods are used to explain civic engagement, global integration, protest movements, job creation from trade, international trade policies, and trade agreements. Topics covered include identity and cross-national interactions, the pace and manifestation of globalization, civil society organizations, sustainability, perceptions of trade, trade negotiations, and trade agreements.

Distribution: Advanced (ADVD). Prerequisite: (POLS 111 or POLS 117) and (ECON 111 or ECON 112 or ECON 313) and (POLS 223 or POLS 322 or POLS 333 or POLS 343 or POLS 355 or POLS 363 or POLS 399).

**POLS 438 - United States Foreign Policy (3 credits)**

This course examines the constitutional basis of U.S. foreign affairs: foreign policy, separation of powers, the mechanics of foreign relations, significant principles, tenets and trends as revealed in United States diplomatic history, treaties and executive agreement, traditional and new diplomatic practice, foreign policy and international organization, and the extent of democratic control of foreign affairs.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing (90+ Credits).

**POLS 441 - Introduction to International Security (3 credits)**

This course introduces students to traditional and new security challenges facing countries and peoples in the twenty-first century. The balance of security versus individual rights, and various internal organizations involved in security issues are discussed throughout the course.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing (90+ Credits) and (POLS 101 or POLS 111) and POLS 211.

**POLS 445 - International Law and Organization (3 credits)**

This course introduces students to the historic development and current state of the law of nations, key cases are studied to illustrate rules. Certain international institutions are also surveyed, focusing on their independent powers and how they affect state interactions.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing (90+ Credits) and (POLS 101 or POLS 211) and POLS 111.

**POLS 450 - Campaigns and Elections (3 credits)**

This course is designed to introduce students to the rules, resources, strategies, and structures of American campaigns and elections. The course will examine how political campaigns target specific groups to get their desired outcome.

Distribution: Advanced (ADVD). Prerequisite: POLS 111 and POLS 211.

**POLS 452 - American Political Ideas (3 credits)**

The course will examine and analyze the theoretical foundations and evolution of the American political tradition from the colonial, revolutionary and constitutional periods to the end of the 20th century. Students will read and discuss the writings and thinking of political leaders and important commentators on American politics.

Distribution: Advanced.

**POLS 453 - Modern Western Political Theory (3 credits)**

This course examines the origins and development of the major intellectual traditions of the Western world and their role in shaping the course of history. Emphasis is placed on the scientific and intellectual revolutions of the 17th and 18th centuries and the rise of ideologies in the 19th and 20th centuries.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing (90+ Credits) and (POLS 111 or POLS 211 or POLS 222).

**POLS 454 - The Legislative Process (3 credits)**

This course concentrates on the United States Congress: its role in the evolution of the American political process, the internal workings of the Congress, and environment in which Congress functions, and an assessment of Congressional effectiveness.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing (90+ Credits) and (POLS 111 or POLS 211 or POLS 222).

**POLS 462 - Political Behavior (3 credits)**

This course examines citizen behavior in the American polity. Voting behavior, political activism, and partisanship are examined within the framework of socialization theory, stratification theory, and the psychology of politics.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing (90+ Credits) and (POLS 111 or POLS 211 or POLS 222).

**POLS 466 - Public Budgeting and Finance (3 credits)**

This course treats the budget as a policy instrument that sets priorities for government. Students study the politics of the budget process as well as its procedures. Attention is also given to fiscal and monetary policies and to using computer simulations in budgeting.

Distribution: Advanced (ADVD). Prerequisite: Political Science Majors: Senior Standing (90+ Credits) and (POLS 111 or POLS 211) and POLS 293 | Non Political Science Majors: Select (2) - POLS 211, POLS 293, ECON 111, ECON 112, HLTH 220, HLTH 230.

**POLS 467 - Public Personnel Administration (3 credits)**

Examine career systems, classification and salary administration, staffing, training, evaluation, rights and duties of employees, equal employment, and labor relations.

Distribution: Advanced (ADVD). Prerequisite: Political Science Majors: Senior Standing (90+ Credits) and (POLS 111 or POLS 211 or POLS 293) | Non Political Science Majors: Select (2) - POLS 211, POLS 293, ECON 111, ECON 112, HLTH 220, HLTH 230.

**POLS 468 - Strategies for Policy Analysis (3 credits)**

Public Policy Analysis is designed to acquaint students with the background, content, purposes, and impacts of public policy decisions. It introduces the qualitative and quantitative techniques that are used to analyze these governmental outputs. Students in the

class will be taught to use computerized statistical packages to analyze data relating to one specific policy area.

Distribution: Advanced (ADVD). Prerequisite: Junior Standing (60+ Credits) and (POLS 111 or POLS 211 or POLS 293).

#### **POLS 485 - IS: (1 - 3 credits)**

A student wishing to take independent study should discuss the plan with a member of the department. If the faculty member agrees to sponsor the project, the proposal should be submitted to the chair of the department. The chair, after approving the independent study project, shall bring it to a departmental meeting for confirmation. The dean of the college gives final approval after receiving the minutes of the departmental meetings which identify the students who were approved by the department to do independent study

Distribution: Advanced.

#### **POLS 486 - Field Experiences and Internships (1 - 12 credits)**

The course is designed to provide the student with practical experience in a governmental agency or other organization with local, state, or national/international governmental or political concerns.

Distribution: Advanced. Prerequisite: POLS111 AND POLS120.

#### **POLS 487 - Problems and Projects in Political Science (3 credits)**

Investigation of a specific problem or project in Political Science that requires individualized study and treatment. The process includes compilation of data relevant to the topic. The student will report his/her findings to the instructor who supervises the project. The student is expected to write a formal report that deals with the subject comprehensively and offers conclusions. Periodic conferences are arranged.

Distribution: Advanced.

#### **POLS 495 - Senior Seminar in American Politics (3 credits)**

This senior seminar is designed to introduce students to theories, issues, controversies and methodological approaches to the study of political science. The course will examine political topics related to American political thought, the American Presidency, Congress and Public Opinion, American Political Parties, Political Behavior, Political Communication, and National Security, paying very close attention to the methodological approaches used in the readings. Students are required to use the research tools discussed in class and analyzed in the readings to conduct their own independent, original research.

*POLS 317 - Exploring Politics: Methods and Techniques* (p. 348) is a highly recommended, but not required, pre-requisite.

Distribution: Advanced (ADVD) | Level III Writing (W3) . Prerequisite: (POLS 111 or POLS 120) and ENGL 103.

## **Professional and Secondary Education**

### **College of Education**

Stroud Hall Room 209  
570-422-3363;570-422-3356  
[www.esu.edu/psed](http://www.esu.edu/psed)

Professional and Secondary Education offers candidates the opportunity to pursue a bachelor of science or bachelor of arts degree (varies by major) in a specific discipline leading to eligibility to apply for teacher certification in the areas of: English, French, Spanish,

German (certificate only), Mathematics, Biology, Chemistry, Earth and Space Science, General Science, Physics, or Social Studies.

The curriculum is designed to develop a community of learners who are competent and reflective professionals able to teach any child in any setting. The courses and extensive field-based component develops beginning educators' knowledge, skills, and dispositions relevant to content, the learner and the learning environment, the teaching and learning process, and professionalism.

A personalized program will be developed for all students as they work with two advisers, one in education and one in the academic discipline they plan to teach. Students who complete the required courses in one of the certification areas, the professional education courses, the university requirements, and the state requirements will be eligible to apply for certification to teach in their major discipline in grades 7-12 within the Commonwealth of Pennsylvania.

ALL teacher education students should be in frequent consultation with their academic advisers to make sure they are meeting the appropriate program and certification requirements which will vary depending on a variety of circumstances.

The programs for certification in secondary education are planned and supervised by the Department of Professional and Secondary Education and by the department responsible for the academic major. Students must achieve and maintain the minimum requirements for admission to and retention in the certification programs as specified by the departments and the Teacher Education Council. Specific degree requirements are listed in the academic subject areas.

#### **Certification areas:**

- Biology
- Chemistry
- Earth and Space Science
- English
- French
- General Science
- German (certificate only)
- Mathematics
- Physics
- Social Studies
- Spanish

#### **Dual Certification**

Consult with your advisers if you are interested in obtaining dual certification (certification in any two of the above areas).

#### **PSED and SPED Certification**

Students who are getting certified in any 7-12 academic content area listed above, can also be certified in SPED 7-12 by taking the additional courses: SPED 105, 201, 214, 215, 313, 314, and 351. Students should work with their PSED, SPED and content area adviser to move through the program efficiently.

#### **Teacher Education Program Requirements**

The Commonwealth of Pennsylvania has established requirements for all candidates in teacher preparation programs. Students are required to have a minimum 3.0 QPA, pass the basic academic skills assessments as defined by PDE, and complete 6 credits of Mathematics and 6 credits of English (English composition and literature) for admission into the initial teacher certification program. A 3.0 QPA is required for Pennsylvania teacher certification. Please refer to the section The College of Education (p. 58) (p. 57) in this catalog for specific requirements for admission into teacher education.

## Secondary Education Certification Preparation

### 4 YEAR CURRICULUM PROGRAM PLAN

Suggested sequence of required courses:

#### First year:

PSED 161	Foundations of Education	3
SPED 102	Diversity of the Learner	3

#### Sophomore year:

PSED 250	The Psychology of Learners In Diverse Communities	3
----------	---	---

#### Junior year:

SPED 350	Assessment of Student Learning and Behavior in Diverse Communities	3
REED 350	Teaching Reading to Communities of Diverse Learners	3
PSED 420	Seminar in Secondary Education I: Instructional Structures and Strategies	3

PSED 420: (2.8 QPA required)

and one content methods course from the list below:

PSED 406	Teaching of English in the Secondary Schools	3
PSED 416	Teaching of Foreign Language	3
PSED 436	Teaching of Mathematics in the Secondary Schools	3
PSED 446	Teaching of Science in the Secondary Schools	3
PSED 458	Teaching of Social Studies in the Secondary Schools	3

#### Senior year

##### First semester:

PSED 421	Seminar in Secondary Education II: Teaching Secondary Students In Diverse, Inclusive Classroom	3
----------	--	---

PSED 421: (2.8 QPA and department screening required)

##### Second semester:

PSED 430	Student Teaching in Secondary Education   Middle and Junior High School	6
PSED 431	Student Teaching in Secondary Education/ Senior High School	6
XXX 499	Student Teaching Internship	

Student Teaching Internship: (This course must be taken while student teaching). It is taken with the appropriate rubric related to the content area of the certification program: BIOL, CHEM, MATH, PHYS, FLNG, ENGL, HIST.

## Professional and Secondary Education Faculty

### Professor:

Beth R. Sockman, Chair (bsockman@esu.edu)

### Associate Professor:

Mary (Liz) Azukas, Graduate Coordinator (mazukas@esu.edu)

Diane Holben, Doctoral Coordinator(dholben1@esu.edu)

### Assistant Professor:

Donna-Marie T. Cole-Malott (dcolemalot@esu.edu)

## PSED - Prof and Secondary Education Courses

### PSED 150 - Introduction to Teaching All Students (6 credits)

This course provides opportunities for candidates to explore the various teaching positions at all levels, birth to 21, and examine carefully the role of the twenty-first century teacher. In light of the history of the profession, all candidates will reflect on their attitudes, knowledge base, and skills to determine whether the challenges of teaching are compatible with their goals and strengths. A 20-hour field experience is required.

### PSED 161 - Foundations of Education (3 credits)

This course presents education as a unique field of academic study and also as a professional vocation with varied career opportunities. Consideration is given to the American educational enterprise in terms of the social, historical, and philosophical context, with the persistent issues being treated as they relate to the contemporary scene.

### PSED 242 - Educational Psychology (3 credits)

This course is a study of the nature of the learning process, particularly in the areas of growth and development, attitudes and values, personality perception, motivation and cognition, diagnoses of pupil progress through the use of measurement and evaluation, and development of the abilities to obtain, use, and evaluate research in the areas of psychology and education. A 10-hour tutoring experience is required.

Prerequisite: PSED 161.

### PSED 244 - Adolescent Psychology (3 credits)

This course examines cognitive, social, and personality development in adolescence, the biological, environmental, and cultural factors

which contribute to adolescent behavior, and problems in adolescence: identity, vocation, education, the family, the peer group, and delinquent behavior.

Prerequisite: PSED 150 and PSED 250. Crosslisted as: SPED 244.

**PSED 250 - The Psychology of Learners In Diverse Communities (3 credits)**

This course examines the way all candidates develop and learn and how social, cultural, and environmental elements affect learning and how teachers can motivate and engage all learners. A significant portion of the course will be devoted to ways that teachers can establish inclusive, equitable learning environments. A 15-hour field experience is required.

Prerequisite: 24 credits and PSED 150.

**PSED 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**PSED 332 - Measurement and Evaluation of Education (3 credits)**

This course deals with problems in the construction, use, and interpretation of test items, the development of objective standardized tests of achievement, aptitude, and personality, the development of norms, and the problems of validity and reliability.

Distribution: Advanced. Prerequisite: PSED242.

**PSED 364 - Middle School Organization (3 credits)**

This course is an introduction to the educational ideas, concepts, and possibilities inherent in both the junior high and the middle school. A thorough study of the organization and operation of each type of school is the major concept of the course.

Distribution: Advanced. Prerequisite: PSED161 AND PSED242.

**PSED 405 - Classroom Management and Discipline (3 credits)**

The course will emphasize classroom management from the viewpoint of effective teaching. Specific discipline models will be analyzed and evaluated. Students will assess their philosophies in regard to classroom management practices and discipline models.

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 250.

**PSED 406 - Teaching of English in the Secondary Schools (3 credits)**

This course deals with teaching methods and techniques and the organization and presentation of material through the various media of communication by planning units, evaluating instruction, collecting materials and observing teaching.

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 250.

**PSED 412 - Teaching Writing in the Secondary and Middle Schools (3 credits)**

This course will briefly survey the history of the teaching of writing in American secondary and middle schools, intensively review writing theory and research of the past two decades, and critically consider the implications of writing process theory and research for classroom practice.

Distribution: Advanced (ADVD). Crosslisted as: ENGL 412.

**PSED 416 - Teaching of Foreign Language (3 credits)**

This course is designed for persons who wish to teach foreign languages in the schools, grades K-12. Students are provided a theoretical foundation for teaching techniques and opportunities are provided for lesson presentation, preparation of teaching materials, planning units, evaluating instruction, and observing teaching.

Distribution: Advanced (ADVD). Prerequisite: Junior Standing (60+ credits) and PSED 150 and PSED 250 and (MLSP 315 or MLGR 315).

**PSED 420 - Seminar in Secondary Education I: Instructional Structures and Strategies (3 credits)**

The seminar includes the study and application of lesson planning, teaching strategies and styles, assessment, and questioning skills. Seminar I includes a required field experience of 30 hours. Students must sign up one semester in advance.

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 250 and REED 350 and SPED 350.

**PSED 421 - Seminar in Secondary Education II: Teaching Secondary Students In Diverse, Inclusive Classroom (3 credits)**

Students will examine the knowledge, skills, attitudes, and behaviors that are necessary to teach in a culturally and linguistically diverse and inclusive setting. Students will learn to respond to secondary students' individual needs and apply appropriate evidence-based instructional and non-academic recommendations and interventions. The course requires a 30-hour field component in an inclusive classroom and also incorporates experiences with ELLs.

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 250 and REED 350 and SPED 350 and PSED 420.

**PSED 424 - Teaching English Language Learners (ELL) in the Diverse Classroom Setting (3 credits)**

Students will examine the knowledge, skills, attitudes, and behaviors that are necessary to teach in a culturally and linguistically diverse and inclusive setting. Students will learn to respond to secondary students' individual needs and apply appropriate evidence-based instructional and non-academic recommendations and interventions. The course requires a 30-hour field component in an inclusive classroom and also incorporates experiences with English Language Learners (ELLs).

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 250 and ECED 232 and ECED 263.

**PSED 430 - Student Teaching in Secondary Education | Middle and Junior High School (6 credits)**

This course is part of a guided teaching experience in the secondary schools which usually consists of PSED 430 and PSED 431 for an entire semester. This field experience is designed to provide the opportunity to demonstrate the competencies and understandings of the teacher-learner process in Middle and Junior High schools.

Distribution: Advanced (ADVD) | Info. Literacy and Technology (I). Prerequisite: PSED 150 and PSED 250 and program admittance; ECED 232,263 and program admittance (ECED/ ELED majors).

**PSED 431 - Student Teaching in Secondary Education/ Senior High School (6 credits)**

This course is part of a guided teaching experience in the secondary schools which usually consists of PSED 430 and PSED 431 for an entire semester. This field experience is designed to provide the opportunity

to demonstrate the competencies and understandings of the teacher-learner process in High School.

Distribution: Advanced (ADVD) | Info. Literacy and Technology (I).

**PSED 436 - Teaching of Mathematics in the Secondary Schools (3 credits)**

This course deals with new mathematics programs and evaluation, trends, and research in the teaching of mathematics, routine procedures in the mathematics classroom, lesson plans and teaching units, and effective techniques applied to selected topics in mathematics.

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 250.

**PSED 440 - Student Teaching (5-6 credits)**

This course includes two placements for student teaching, one at the elementary level (PK-6), and the other at the secondary level (7-12). This course is guided by the collaborative efforts of a university supervisor, a department content specialist, and two different cooperating teachers.

Prerequisite: Admission into HP-CTPE; C or better in all PETE, EXSC, PSED, and HLTH courses required for dual major.

**PSED 441 - Introduction to Schools without Failure (3 credits)**

The foundation of this course is based on involvement, relevance and thinking which a substantial amount of time devoted to attitudinal changes, communication skills, group processes and problem solving. A focus is placed on meeting the needs of the individual school and it's purpose to assist principals and teachers in the development of a positive, personal philosophy of education, develop classroom skills and procedures, implementation of success-oriented curriculum and building constructive communication internal and with community.

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 250.

**PSED 442 - Discipline in the Classroom (3 credits)**

This program is designed for participants to take part in learning activities that will enable them to develop positive techniques for handling student behavior problems. This course is aimed at training teachers to use Reality Therapy as a tool in the classroom. It addresses one of the major concerns of the public school's classroom control and behavior change.

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 250.

**PSED 443 - Theory and Practice of Schools without Failure I (3 credits)**

This course offers participants an opportunity to investigate the effects of school success and failure on the life of a child. Study of these concepts will be taken from the points of view of William Glasser, M.D., in his books Schools Without Failure, Identity Society, and Reality Therapy. Participants will be introduced to a hybrid teaching style designed to elevate teaching to maximize learning in the classroom. Since this course is also offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced (ADVD). Prerequisite: PSED161 AND PSED242.

**PSED 444 - Theory and Practice of Schools without Failure II (3 credits)**

Educators will gain experience in conducting diagnostic class meetings and in providing the educational climate necessary for self-discipline. Curriculum planning related to self-directed learning will be explored. Recent advancements in brain research, psychology, and learning theory will be presented. Since this course is also offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced. Prerequisite: PSED441 AND PSED442.

**PSED 445 - Planning for Change (3 credits)**

The goals of quality education will be analyzed as a basis for curriculum change. The relationship between affective education and cognition will be reviewed, and assessment statements will be produced through a group process. Systems for change will be developed. Since this course is also offered for graduate credit, a differentiation of requirements will be made.

Distribution: Advanced (ADVD). Prerequisite: PSED161 AND PSED242.

**PSED 446 - Teaching of Science in the Secondary Schools (3 credits)**

This course examines those aspects of teaching that are peculiar to the secondary science classroom, including science safety, avenues for obtaining science education resources, science-specific standards and guidelines, the nature, context and concepts of science and pedagogical ,methods of supporting science int he secondary classroom. This course will require a field experience of 10 hours in a secondary setting.

Distribution: Advanced (ADVD). Prerequisite: PSED 420 and (1) Content Area Course.

**PSED 447 - Success-Oriented Reading: Whole Language Development (3 credits)**

This course focuses on whole language development, integrating the teaching and learning of reading and writing, and increasing the use of literature in early reading programs. The course emphasis is on comprehension strategies, high quality reading materials, independent reading and opportunities for combining reading and writing activities.

Distribution: Advanced (ADVD). Prerequisite: PSED 161 AND PSED 242.

**PSED 448 - Reality Therapy in the Classroom (3 credits)**

This workshop is designed as an advanced course for educators who desire to become increasingly proficient in the use of Reality Therapy in the classroom. It presumes an understanding of the philosophy and basic steps of Reality Therapy and some experience in trying to use it in the schools. Emphasis will be placed on acquiring additional skill in the implementation of the Reality Therapy approach in the educational environment.

Distribution: Advanced (ADVD). Prerequisite: PSED 250 and PSED 441 and PSED 442.

**PSED 449 - Reducing Classroom Conflict (3 credits)**

This workshop is designed to provide participants with skills in developing pathways to build strength and success in themselves and their students. It focuses on specific classroom activities that will help

develop a climate for effective self-discipline and positive classroom interaction.

Distribution: Advanced (ADVD). Prerequisite: PSED 250 and PSED 442.

#### **PSED 452 - Mainstreaming (3 credits)**

This workshop is designed as an advanced course for educators who desire to become increasingly proficient in the use of Reality Therapy in the classroom. It presumes an understanding of the philosophy and basic steps of Reality Therapy and some experience in trying to use it in the schools. Emphasis will be placed on acquiring additional skill in the implementation of the Reality Therapy approach in the educational environment. Since this course is also offered for graduate credit, a differentiation in requirements will be made.

Distribution: Advanced. Prerequisite: PSED161 AND PSED242.

#### **PSED 453 - Teaching and Motivating (3 credits)**

The course provides educators with the theory and skills to motivate students to learn and to accelerate their academic achievement. Brain function and dominance will be reviewed in light of how these processes result in different student learning styles. Participants will build teaching strategies to deal with varied learning styles.

Distribution: Advanced (ADVD). Prerequisite: PSED 250 and ELED 232.

#### **PSED 456 - Cooperative Learning (3 credits)**

The course is designed to provide skills to implement learning teams in the classroom. The course content develops a basic understanding of control theory as it applies to co-operative learning. Class experiences produce new teaching plans based on control theory and demonstrate that learning teams can provide top achievement and methodology for critical thinking and problem solving.

Distribution: Advanced.

#### **PSED 457 - Reducing Stress in the Classroom (3 credits)**

This course explores ways to manage stress, establish realistic goals, and develop relaxation techniques so that stress is minimized in creative thinking and effective classroom management. The course will identify symptoms of job stress and worker burnout in the educational setting and present ways to effectively manage stress, establish realistic goals, and understand effective teaching styles.

Distribution: Advanced.

#### **PSED 458 - Teaching of Social Studies in the Secondary Schools (3 credits)**

This course deals with the analysis and evaluation of current trends in curriculum, teaching methods, techniques, resources, and materials in teaching social studies in secondary schools. Stress is placed on new developments in the field and on experience in applying concepts and methods learned.

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 250.

#### **PSED 459 - Enhancing Self-Esteem (3 credits)**

This course will introduce educators to elements of self-esteem and how those elements can be used to establish an atmosphere where high self-esteem and motivation can flourish. This course takes a theory of self-esteem and translates it into practice. It also emphasizes basic human relations and interpersonal skills necessary to create a classroom environment conducive to the teaching/learning process.

Distribution: Advanced.

#### **PSED 472 - Seminar in Secondary Education III (1 credits)**

This course is designed to provide teacher education certification candidates with the opportunity to design and conduct an action research project or an appropriate alternative research activity to enhance the required field experience in PSED 421. This experience will provide students with the opportunity to select an appropriate research model and design a research project that will enhance pedagogical practice.

Distribution: Advanced. Prerequisite: PSED421.

#### **PSED 476 - Teaching of Communications in the Secondary Schools (3 credits)**

Teaching of Communications deals with presentation of methods and materials for the planning, teaching, and evaluating of learning activities in the cognitive, affective, and psychomotor realms of communication behavior, and observation of teaching in the secondary schools.

Distribution: Advanced (ADVD). Prerequisite: PSED 161 and PSED 242.

#### **PSED 485 - IS: (3 credits)**

This course is designed to provide teacher education certification candidates with the opportunity to design and conduct an action research project or an appropriate alternative research activity to enhance the required field experience in PSED 421. This experience will provide students with the opportunity to select an appropriate research model and design a research project that will enhance pedagogical practice.

Distribution: Advanced.

#### **PSED 495 - Seminar Secondary Educ (3 credits)**

This course is designed to provide teacher education certification candidates with the opportunity to design and conduct an action research project or an appropriate alternative research activity to enhance the required field experience in PSED 421. This experience will provide students with the opportunity to select an appropriate research model and design a research project that will enhance pedagogical practice.

Distribution: Advanced.

## **Psychology**

### **College of Arts and Sciences**

#### ***The Faculty of Science***

Stroud Hall, Room 114A

570-422-3355

[www.esu.edu/psy](http://www.esu.edu/psy)

#### **About the Programs**

ESU offers a Bachelor of Science in Psychology degree.

The **Bachelor of Science program** offers three concentrations:

- The **Counseling concentration** prepares students for occupations in the human services field and for graduate study in counseling psychology and related fields.
- The **Research concentration** allows students to focus on the methods of the discipline, preparing for careers in behavioral

research conducted by universities, businesses and government.

- The **Applied concentration** is flexible, to enable students to either focus on a specific area within applied psychology or explore a broader base. Diverse topics include forensic, industrial/organizational and sports psychology.

### Are you interested in...

- Problem-solving
- The mind and behavior
- Helping people

### Choose Psychology at ESU

- Small advanced class sizes
- Practical field experiences
- Qualified, experienced faculty

### Is Psychology a career path for me?

#### Career Potential

- Counseling
- Behavioral research
- Graduate school preparation

#### Career Settings

- Government
- Health care
- Business/Industry
- Education

More detailed career information is available from the department.

### Psychology Department Objectives

The objectives of the Department of Psychology are to enrich your understanding of the behavior of humans and other animals; to have you adopt a rational, objective, experiential understanding of behavioral and psychological processes; and to develop the critical thinking abilities that will permit you to distinguish between scientific and nonscientific explanations of behavior. The department adopts a biopsychosocial view, one that explains behavior as a function of both organismic and environmental conditions. You will be introduced to the current body of knowledge in psychology: its data, methods, and theoretical formulations in the principle fields.

### Student Organizations

#### Psychology Association

An organization for students who have a special interest in the fields of psychology, the association gives students the opportunity to broaden their educational experience in psychology through individual and group research and field trips. All students enrolled in a psychology curriculum or concentration, as well as other interested students, are invited to join.

#### Psi Chi National Honor Society

This national organization encourages, stimulates and maintains excellence in scholarship and advances the science of psychology.

Membership is open to students making the study of psychology one of their major interests and who meet minimum qualifications.

Membership is by invitation and based on a preliminary review of academic records. Applicants are encouraged to attend ESU chapter meetings and participate in outside activities. Near the end of each semester, applications and participation are reviewed and current members vote on the applicants.

## Psychology B.S. - Concentration: Applied Psychology

A Bachelor of Science in Psychology with an Applied Concentration is intentionally designed to be flexible to enable students working with their advisers to either focus on a specific area within applied psychology or explore a broad base in psychology.

In addition to providing a strong foundation, the Applied Concentration permits students to explore or specialize in diverse topics including forensic, industrial/organizational, and sports psychology. This concentration is well suited for students who have a dual major.

### PROGRAM FEATURES

40-43 credits

#### Required courses:

PSY 100	GN: General Psychology	3
PSY 201	Quantitative Psychology	3
PSY 202	Experimental Psychology	3
PSY 341	Measurement and Evaluation	3
PSY 321	Theories Of Personality	3

and any three additional psychology courses

Select one course from each of the two groups:

#### Biological based:

PSY 301	Sensation and Perception	3
PSY 311	Physiological Psychology	4
PSY 312	Clinical Psychopharmacology	3
PSY 351	Behavioral Neuroscience	3
PSY 326	Health Psychology and Behavioral Medicine	3
PSY 402	Cognitive Processes	3

#### Socio-cultural:

PSY 292	Psychology Of Women	3
PSY 294	Psychology of Minority Groups	3
PSY 305	Cross-Cultural Psychology	3
PSY 306	Cross-Cultural Counseling	3
PSY 320	Social Psychology: Theories, Research and Application	3

*Required Integrative course:*

*Select nine credits from the following:*

PSY 315	Industrial / Organizational Psychology	3
PSY 401	History of Psychology	3
PSY 409	Research In Psychology	1 - 3
PSY 410	Perspectives in Psychology	3
PSY 451	Introduction to Counseling	3
PSY 461	Tests and Measures	3
PSY 486	Field Experiences and Internship	1 - 15

Each course within the major can only be counted for one requirement.

*Additional Requirements:*

- All of the 300 and 400 level Psychology courses required for this program must be taken at East Stroudsburg University. No more than 15 credits in the major will be accepted for transfer.
- All required courses must be passed with a "C" or higher.
- Please read university requirements found in this catalog. (p. 40)

**Subtotal: 15***Total Credit Hours: 120***Psychology Minor**

This program is designed for majors in related disciplines who desire to complement their academic studies and/or career preparation with extended study of psychology. Course selections shall be made in conjunction with a psychology faculty member's consultation and approval.

At least one half of the credit hours required for this program must be completed at East Stroudsburg University. In order to receive a minor in psychology, a student must receive a grade of "A," "B" or "C" in all courses which count as part of the minor.

**PROGRAM FEATURES**

18 credits

*Required courses -*

PSY 100	GN: General Psychology	3
PSY 321	Theories Of Personality	3
OR		
PSY 401	History of Psychology	3

*One Clinically Based course:*

PSY 222	GN: Psychology of Adjustment	3
PSY 251	Psychological Disorders	3
PSY 351	Abnormal Psychology	3
PSY 361	Child Psychopathology	3

*One Biologically Based course:*

PSY 302	Theories of Learning	3
PSY 311	Physiological Psychology	4
PSY 312	Clinical Psychopharmacology	3
PSY 351	Behavioral Neuroscience	3
PSY 326	Health Psychology and Behavioral Medicine	3
PSY 402	Cognitive Processes	3

*Two Additional Psychology courses:***Subtotal: 0****Crisis Intervention Certificate**

This sub-baccalaureate certificate program is offered jointly by the Department of Psychology and the Department of Sociology, Social Work, & Criminal Justice.

Crisis Intervention is emergency psychosocial care aimed at assisting individuals in a crisis situation to restore equilibrium to their biopsychosocial functioning and to minimize the potential for psychological trauma.

Courses cover the skills necessary to assess and deescalate crisis.

**PROGRAM FEATURES**

12 Credits

*Required courses:*

SOSW 325	Crisis Intervention	3

**Associate Professor:**

Irina Khusid (ikhusid@esu.edu)

**Assistant Professor:**

Deena Dailey (ddailey@esu.edu)

**PSY - Psychology Courses****PSY 100 - GN: General Psychology (3 credits)**

This course includes an introduction to the science of behavior and mental life, a bio-social view of man and other animals, and a survey of its methods, theories, history, and knowledge of the role of organismic, environmental, and social factors in behavioral and psychological processes

Distribution: GN: Group B - Psychology (BPS) | GE: Natural Sciences - Psychology (NSPY) .

**PSY 101 - GN: Introduction to Psychology (3 credits)**

This course provides the student with an understanding of contemporary psychological concepts, theories, methods, issues, and problems in the context of the classic questions of psychology. This course is designed primarily for students majoring in Psychology and closely related fields of study.

Distribution: GE:Natural Sciences-Psychology (NSPY) | GN: Group B - Psychology (BPS).

**PSY 105 - GN: Infant and Early Childhood Developmental Psychology (3 credits)**

This class will introduce students to historical and contemporary theories and models in child developmental psychology. Central to this course will be the application of these theories to maximize healthy development in infants and children.

Distribution: GN: Group B - Psychology (BPS) | GE: Natural Sciences - Psychology (NSPY).

**PSY 201 - Quantitative Psychology (3 credits)**

This course will cover standard quantitative methods in psychology used for understanding mental processes and behavior. This will include an introduction to research and measurement issues as they relate to psychology. Students will also learn how to select, calculate, and interpret appropriate descriptive and inferential statistics for the understanding of psychological phenomenon.

Prerequisite: PSY 100 or PSY 101.

**PSY 202 - Experimental Psychology (3 credits)**

This course is an introduction to the philosophy and research methods of behavioral science with particular emphasis upon the experimental method, experimental analysis, and research of traditional and contemporary issues.

Distribution: Advanced (ADVD) | GN: Group B - Psychology (BPS) | Level II Writing (W2) . Prerequisite: ENGL 103 and PSY 100 and PSY 201.

**PSY 220 - GN: Social Psychology (3 credits)**

This course provides an introductory survey of the field of social psychology. Group processes, interpersonal attraction, attitude theory,

persuasion, prejudice, aggression, conflict, and helping behaviors are among the topics considered.

Distribution: GE: Natural Sciences-Psychology (NSPY) | GN: Group B - Psychology (BPS). Prerequisite: PSY 100 or PSY 101.

**PSY 222 - GN: Psychology of Adjustment (3 credits)**

This course is a functional approach to the problem of how humans acquire their distinctive ways of adjusting, favorably or unfavorably, to the total environment. It includes adjustment as a biosocial process, varieties of adjustive behavior, personality, and types of therapy and applications.

Distribution: GE:Natural Sciences-Psychology (NSPY) | GN: Group B - Psychology (BPS). Prerequisite: PSY 100 or PSY 101.

**PSY 225 - GN: Lifespan Developmental Psychology (3 credits)**

Lifespan developmental psychology is the study of how and why people change over time as well as how and why they remain the same from conception through old age. More specifically this course takes an interdisciplinary look at development from the social science fields of anthropology, sociology, and psychology and from the natural science discipline of biology. This broader approach provides insights into three areas of development: the physical, cognitive and psychosocial domains.

Distribution: GE:Natural Sciences-Psychology (NSPY) | GN: Group B - Psychology (BPS). Prerequisite: PSY 100 or PSY 101.

**PSY 236 - GN: Positive Psychology (3 credits)**

This course introduces students to theories and research in psychology that examine topics relevant to the nature of happiness, human fulfillment, human potential and psychological well-being. Topics covered in this course will include the nature, history and figure of positive psychology, psychological research methods, authenticity, joy, happiness, positive thinking, emotional intelligence, intuition, character strengths, core values, virtues, talents, health and social justice.

Distribution: GN: Group B - Psychology (BPS). Prerequisite: PSY 100 or PSY 101.

**PSY 251 - Psychological Disorders (3 credits)**

This course is designed to introduce students to the major classification of psychological disorders in accordance with the Diagnostic and Statistical Manual. The course will emphasize the symptomatology and prevailing treatment modalities that are characterized with each disorder.

Distribution: GE: Natural Sciences - Psychology (NSPY) . Prerequisite: PSY 100 or PSY 101.

**PSY 271 - Forensic Psychology (3 credits)**

This course introduces the student to the relationship between the field of psychology and the criminal justice system in the U.S. The approach is interdisciplinary in nature and intended for those interested in social science, behavioral science, law, and criminal justice, as well as practitioners in the criminal justice system.

Prerequisite: PSY 100 or PSY 101.

**PSY 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**PSY 291 - Human Sexual Behavior (3 credits)**

This course examines the role of sexual behavior and attitudes in interpersonal relations, and individual psychodynamics in the attainment of full human potential. It includes an analysis of atypical sexual behavior from psychoanalytic, humanistic, social, cognitive and behavioristic viewpoints; Psychotherapy of/and human sexual dysfunction.

Distribution: Advanced. Prerequisite: PSY100 OR PSY101.

**PSY 292 - Psychology Of Women (3 credits)**

This course will focus on critical research issues concerning the female experience from birth to old age. It will examine the changing roles of women in contemporary society in addition to myths and stereotypes concerning women.

Distribution: Advanced. Prerequisite: PSY100 OR PSY101.

**PSY 294 - Psychology of Minority Groups (3 credits)**

A study of the historical, developmental, cultural, and environmental influences on the attitudes, behavior and psychological processes of major minority groups in America. Specific groups to be highlighted in this course include: Native Americans, African Americans, Asian Americans, Latin Americans, Women, and Individuals With Disabilities. Specific topics to be discussed are: sexual preferences, the nature of prejudice, discrimination, and oppression.

Distribution: Advanced. Prerequisite: PSY100 OR PSY101.

**PSY 301 - Sensation and Perception (3 credits)**

This course is a study of the structure and function of receptor systems, their role in phenomenological experience and perception, and how such systems contribute to human's orientation in and knowledge of the environment.

Distribution: Advanced (ADVD). Prerequisite: PSY 100 or PSY 101.

**PSY 302 - Theories of Learning (3 credits)**

This course is a survey and critical analysis of theoretical formulations of learning processes, and their implications in child rearing, education and the mental health setting.

Distribution: Advanced (ADVD). Prerequisite: PSY 100 or PSY 101.

**PSY 304 - Empirical Foundations of Learning (4 credits)**

The course offers an upper level analysis, discussion, and laboratory experiences concerning classical and contemporary issues and topics in learning and behavior control. Operant vs. respondent conditioning, biofeedback, verbal learning, motor skills learning, learning vs. performances, trial and error vs. insight, reinforcement vs. feedback, punishment and aversive control, memory, and knowledge are considered.

Distribution: Advanced (ADVD). Prerequisite: (PSY 100 or PSY 101) and PSY 201.

**PSY 305 - Cross-Cultural Psychology (3 credits)**

This course focuses on cross-cultural applicability of psychological principles. Emphasis will be made on identifying similarities and differences in human behavior across cultures around the world.

Approaches to cross-cultural research in psychology and psychological effects of acculturation, ethnocentrism, culture shock, and cultural-relativism will be explored.

Distribution: Advanced (ADVD). Prerequisite: (PSY 100 or PSY 101) and (1) additional PSY 2XX course.

**PSY 306 - Cross-Cultural Counseling (3 credits)**

This course will focus on the influences of culture on psychological problems and culturally specific counseling methods used to address the problems. Basic principles and techniques of cross-cultural counseling are covered. Students will then apply these principles in an international setting. Students will study major theories of cross-cultural psychology and consider the impact of culture on behavior.

Distribution: Advanced (ADVD). Prerequisite: PSY 321 and (12) additional PSY credits.

**PSY 311 - Physiological Psychology (4 credits)**

This course is a study of the relations of behavior of organisms to their physiological processes. In addition to the characteristic modes of functioning and the complexity of the human nervous system, it includes a study of how such diverse events as ontogenetic development, brain lesions, stress, and sensory deprivation or enrichment affect behavior. A series of laboratory exercises is employed in order to aid the student in developing a more thorough understanding of the field.

Distribution: Advanced (ADVD).

**PSY 312 - Clinical Psychopharmacology (3 credits)**

This course is designed to provide fundamental knowledge of how medications are used to treat a variety of psychological disorders and some neurodegenerative diseases. Emphasis is placed on how therapeutic drugs act within the nervous system, clinical studies examining the efficacy of these drugs, how these drugs are used in combination with psychotherapy, and the potential side effects of these drugs.

Distribution: Advanced (ADVD). Prerequisite: (PSY 100 or PSY 101) and PSY 321 and BIOL 111.

**PSY 313 - Comparative Psychology (4 credits)**

This course offers analysis, discussion, and laboratory experiences in animal and human behavior. It places human behavior in phylogenetic perspective. The behaviors of various animals are studied with emphasis on the behavioral similarities and differences among animals and with respect to humans to gain an understanding of their behavioral roots and capacities. Laboratory exercises will consist of behavioral observations and follow-up reports of animal behaviors in semi-natural and laboratory environments.

Distribution: Advanced (ADVD). Prerequisite: (PSY 100 or PSY 101) and PSY 201.

**PSY 351 - Behavioral Neuroscience (3 credits)**

This course focuses on the biological bases and physiological correlates of behavior, emphasizing contemporary views relating the nervous system, behavior and bodily processes. Structure, function and organization of the nervous system are examined in relation to both human and non-human animal behavior. Topics include neuroanatomy, neurophysiology and neurochemistry. Emphasis is placed on the brain, behavior and mental processes.

Distribution: Advanced (ADVD). Prerequisite: PSY 100.

**PSY 315 - Industrial / Organizational Psychology (3 credits)**

This course focuses on psychological research and theories applied to business and industrial settings. Topics will include motivation, morale, organizational behavior, training, leadership, personnel selection and placement.

Distribution: Advanced (ADVD). Prerequisite: (PSY 100 or PSY 101) and PSY 201.

**PSY 320 - Social Psychology: Theories, Research and Application (3 credits)**

This is designed to provide an in-depth examination of selected areas within social psychology. Topics may include conformity, social cognition, persuasion, self-justification, human aggression, interpersonal relationships, and prejudice. Emphasis is placed on the understanding, development, and application of social psychological research.

Distribution: Advanced (ADVD). Prerequisite: (PSY 101 or PSY 100 or PSY 220) and PSY 201.

**PSY 321 - Theories Of Personality (3 credits)**

This course focuses on a discussion of theories that have contributed significantly to current concepts of personality with emphasis on the diversity of views and techniques (from psychoanalysis to cognitive behaviorism) that characterize the field. The relationship of personality theory to assumptions about the nature of man will be noted.

Distribution: Advanced (ADVD). Prerequisite: PSY 100 or PSY 101.

**PSY 326 - Health Psychology and Behavioral Medicine (3 credits)**

This course focuses on the relationship between psychology and the field of Behavioral Medicine. It involves an in-depth study of how psychological factors influence physical illness, and how to prevent these illnesses from a psychological perspective. Specifically, the course considers the process of lessening the course of certain physical illnesses by applying behavioral, cognitive, and social psychological principles. Seeking health care and adhering to medical advice will also be discussed.

Distribution: Advanced (ADVD). Prerequisite: (PSY 100 or PSY 101) and PSY 321.

**PSY 341 - Measurement and Evaluation (3 credits)**

This course covers a brief history of testing and assessment. The focus is on basic procedures necessary for the quantification of measured characteristics and includes a study of norms, reliability, and validity in the development of standardized tests.

Distribution: Advanced (ADVD). Prerequisite: (PSY 100 or PSY 101) and PSY 201.

**PSY 351 - Abnormal Psychology (3 credits)**

This course reviews basic principles of motivation, learning, and development as they are related to disorganized behavior, physiological, sociological, and psychological factors in the development of disorganized personalities, the etiology and symptomatology of the major categories of neurosis, psychosis, personality disorders, and organic brain disorders, and methods of treatment and prevention.

Distribution: Advanced (ADVD). Prerequisite: (PSY 100 or PSY 101) and PSY 321.

**PSY 361 - Child Psychopathology (3 credits)**

The purpose of this course is to introduce the student to the basic concepts of Child Psychopathology, the scientific and scholarly study of child and adolescent emotional and behavioral disorders. The course will include a discussion of the etiology, symptomatology, treatment, and prevention of childhood disorders. The distinctions between child and adult pathology and current research trends will also be emphasized.

Distribution: Advanced (ADVD). Prerequisite: (PSY 100 or PSY 101) and PSY 321 and PSY 351.

**PSY 377 - Psychology of Adults and Aging (3 credits)**

This course is designed to enhance the students' understanding of various topics that are central to adult development and aging. Lectures and exercises encourage the students to apply learning to everyday life situations. Students will identify, compare and contrast, and critically evaluate major themes in the research of human development (e.g., rationalism, empiricism, maturationism, and constructivism). The course structure stresses diversity of experience and immediate practical application of the knowledge.

Distribution: Advanced (ADVD). Prerequisite: PSY 100 and (1) additional PSY course.

**PSY 401 - History of Psychology (3 credits)**

This course considers the trends and controversial issues in psychology related to forces in a general culture and examines the philosophical and theoretical views of eminent psychologists and the influence of physical science on methodology in behavioral science.

Distribution: Advanced (ADVD). Prerequisite: PSY 100 or PSY 101.

**PSY 402 - Cognitive Processes (3 credits)**

This course is a study of complex mental processes and explanatory models of these processes, the relation between affective and associative processes, thinking, problem solving, decision-making, and creativity.

Distribution: Advanced (ADVD). Prerequisite: (PSY 100 or PSY 101) and PSY 201 and PSY 202.

**PSY 405 - Infant, Child, and Adolescent Psychology (3 credits)**

Students will study historical and contemporary theoretical and research issues in human development. In addition to covering the challenges in developmental research and measurement design, the course will cover major systems and themes in the science of human development.

*Requisite course PSY 202: Experimental Psychology (p. 361) may be taken as a pre-requisite or concurrently, as a co-requisite.*

Distribution: Advanced (ADVD). Prerequisite: (PSY 100 or PSY 101) and PSY 201 and PSY 202.

**PSY 409 - Research In Psychology (1 - 3 credits)**

This course is designed to broaden a student's background in psychological topics through in-depth reading or research in a particular area. It is open to qualified students who wish to contribute an individual research project or theoretical paper under the supervision of a staff member. Subject matter varies depending upon

student and faculty interest. May be repeated to a total maximum of six credits.

Distribution: Advanced | Level III Writing (W3). Prerequisite: PSY100 or PSY101 AND PSY201 AND PSY202.

**PSY 410 - Perspectives in Psychology (3 credits)**

This course presents the Psychology major with an opportunity to synthesize the knowledge acquired during the undergraduate course of study.

*This course is restricted Psychology majors.*

Distribution: Advanced (ADVD) | Level III Writing (W3) . Prerequisite: (PSY 100 or PSY 101) and PSY 201 and PSY 202.

**PSY 451 - Introduction to Counseling (3 credits)**

An overview of the field of counseling; counseling theory, techniques, and issues are discussed. Emphasis is placed on individuals and groups whose problems of choice, decision, and adjustment fall within the normal range. Educational and emotional and social counseling are examined in relation to the role of the counselor in the community.

Distribution: Advanced (ADVD). Prerequisite: (PSY 100 or PSY 101) and PSY 321 and PSY 351.

**PSY 452 - Group Processes in Counseling (3 credits)**

This course presents the principles and techniques of groups used in counseling. The student will survey the various group models applicable to a variety of populations and settings as well as the most recent, relevant research on group processes. The course includes didactic and experiential components.

Distribution: Advanced (ADVD).

**PSY 461 - Tests and Measures (3 credits)**

This is an advanced integrative course in the theory, problems, methods, and content of psychological testing. The course will cover basic concepts of test development, construction, administration, scoring, and interpretation. Students will work directly with Intelligence tests (e.g. Wechsler Tests), Personality Tests, (Minnesota Multiphasic Personality Inventory, Sixteen Personality Factors), projective tests, and other clinical tests (e.g., Beck inventories, Mental Status exam).

Distribution: Advanced (ADVD) | Level III Writing (W3) . Prerequisite: PSY 201 and PSY 451.

**PSY 484 - Mental Health Practice (3 credits)**

This course is required of, and restricted to, students who are enrolled in the Mental Health Worker concentration (BS in psychology). Students are assigned to an agency appropriate to the program and their specific interests and spend a minimum of 120 hours of supervised experience in addition to meeting in a group seminar. The seminar will concentrate on day-to-day problems with which students deal in their placement and current issues and ethics in the mental health professions.

Distribution: Advanced (ADVD). Prerequisite: PSY451 AND PSY452.

**PSY 485 - IS: (1 - 12 credits)**

This experience is taken upon the initiative of a student who seeks to study with a knowledgeable faculty member in order to deepen a specific interest in a particular academic discipline. Independent study

is a process through which a student either sharply increases his/her already advanced knowledge of a subject matter or increases his/her appreciation about an academic discipline that is correlative with the student's advanced knowledge of a subject. The proposed independent study must be submitted to the department for approval. The faculty member supervising the independent study must provide a minimum of five (5) hours of time per credit hour upon request of the student.

Distribution: Advanced. Prerequisite: PSY 101, 60 credits and permission of instructor.

#### **PSY 486 - Field Experiences and Internship (1 - 15 credits)**

This course is designed to provide students with field experience and working knowledge in the psychological area of their choosing (e.g., counseling, criminal justice, school psychology, industrial/organizational psychology). Placement may occur in a variety of locations, including hospitals, social service agencies, schools, legal firms, human resources offices, and marketing companies. A maximum of twelve credits may be earned through the program.

Distribution: Advanced.

## Reading

### College of Education

Stroud Hall Room 112  
570-422-3416  
www.esu.edu/reed

#### **About the Program**

The Reading Department offers courses in reading education that are required by the departments of Early Childhood and Elementary Education, Professional and Secondary Education, and Special Education.

All students are required to maintain a cumulative and major average as specified in Pennsylvania law to take teacher education classes. Please refer to the section The College of Education in this catalog for specific requirements.

All teacher education students should be in frequent consultation with their academic advisers to make sure they are meeting the appropriate program and certification requirements which will vary depending on a variety of circumstances.

### Reading Faculty

#### **Professors:**

Mary Beth Allen (mballen@esu.edu)

#### **Associate Professor:**

Shawn Watkins, Chair (swatkins1@esu.edu)

#### **Assistant Professor:**

Andrew Gavalis (agavalis@esu.edu)

## REED - Reading Courses

#### **REED 191 - Reading Strategies for Textbook Comprehension (3 credits)**

The needs and progress of college students are evaluated in the development of their reading ability. Comprehension skills, especially understanding reasoning processes expressed in written language and study skills, are emphasized.

*This course is open to all students.*

#### **REED 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

#### **REED 314 - Foundations of Reading for the Developing Child (3 credits)**

This is a foundational course for the teaching of reading designed to prepare candidates to effectively teach literacy in grades 1-4. It includes a research-based theoretical framework and practical ideas for teaching reading. Topics emphasized include phonemic awareness, phonics, fluency, vocabulary, comprehension, and assessment.

Distribution: Advanced (ADVD). Prerequisite: ECED 232 and ECED 262.

#### **REED 315 - Scaffolding Language and Literacy Development for Students with Disabilities (3 credits)**

This course prepares pre-service special education teachers to provide effective literacy instruction to students with mild to severe language, reading, and writing disabilities. The course emphasizes research-based assessment and instructional techniques that scaffold the development of language and literacy skills for students with disabilities. IEP elements related to assessing skills, planning goals, and monitoring progress for students with language and literacy disabilities, elements related to their Individualized Education Plans (IEPs) are featured.

*Requisite requirements for this course are different based on student majors. Middle Level and Professional/Secondary Education Majors may take REED 350 as a pre-requisite or concurrently, as a co-requisite.*

Distribution: Advanced (ADVD). Prerequisite: (Early Childhood Education and Early Childhood/Special Education Majors: REED 314);(Special Education Major: all required SPED 100 | 200 Courses); (Communication Sciences and Disorders Majors: SPPA 101)(Middle Level Education and Professional/Secondary Education: REED 350, prior or concurrent). Crosslisted as: SPED 315.

#### **REED 340 - Teaching Reading in the Middle School (3 credits)**

This is a foundational course for the teaching of reading. It includes a research-based theoretical framework and practical ideas for teaching reading to diverse students, including English Language Learners (ELL). This course is designed for those majoring in middle school certification.

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 250. Corequisite: ELED 350.

#### **REED 350 - Teaching Reading to Communities of Diverse Learners (3 credits)**

This course provides opportunities for pre-service teachers to learn how to respond to the literacy needs of diverse learners in all content

areas. There is a focus on formal and informal assessments and appropriate instructional techniques. Pre-service teachers become knowledgeable about literacy issues associated with specific content areas using a variety of types and levels of text.

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 250.

**REED 485 - IS: (3 credits)**

This course consists of directed research and study on an individual basis

Distribution: Advanced.

## Recreation Services Management

### College of Business and Management

#### Department of Hospitality, Recreation and Tourism Management

Gessner 208  
570-422-3505  
www.esu.edu/rsm

#### About the Program

The Program in Recreation Services Management can prepare you for a variety of career paths in recreation services settings. Our Bachelor of Science degree program with a major in Recreation Services Management (RSM) was established in 1978.

The mission of the RSM program is to provide students with knowledge and skills needed for entry into the workforce. An advisory council, comprised of expert practitioners in the Pocono region, offers input to the faculty. Their perspectives enable the faculty to be responsive to the changing needs of the work force. The program provides students options that are determined by their interests and goals.

#### Transfer Students

Many students transfer from community colleges and other universities. We welcome your inquiries. More information about credit and course transfers is available from the Office of Admissions, 877-230-5547.

#### Are you interested in ...

- Planning and implementing meaningful recreation opportunities for others?
- Coordinating and planning events?
- Facilitating team building experiences?
- Enabling others to improve their quality of life?
- A dynamic work environment that has you completing many different tasks each day?

#### Why Choose Recreation Services Management at ESU?

- Small class size
- Nationally accredited program
- Internship placement and other practical fieldwork experiences
- Qualified, experienced faculty
- Several career specializations

- Frequent faculty interactions that cultivates professional development

#### Is Recreation Services Management a career path for me?

##### Career Potential

- Event Planner
- Park Ranger/Park Manager
- Resort Recreation Director
- Camp Director
- Community Recreation Director

##### Career Settings

- Resorts
- Ski areas
- Theme parks (Walt Disney World)
- Wedding venues
- National and State Parks
- Environmental education centers
- Youth camps
- Outdoor adventure facilities

*More detailed career information is available from the department and its website.*

## Recreation Services Management B.S.

### PROGRAM FEATURES

48 RECR credits and 12 co-requisite credits

#### Required courses:

RECR 150	Introduction to Recreation and Leisure Services	3
RECR 151	Recreation Leadership	3
RECR 260	Recreation Services for Persons with Disabilities	3
RECR 270	Recreation in Commercial Settings	3
RECR 281	Outdoor Recreation and Park Management	3
RECR 350	Special Event and Program Planning	3
RECR 351	Management of Recreational Organizations I	3
RECR 352	Management of Recreational Organizations II	3
RECR 450	Recreation Areas and Facilities	3
RECR 486	Internship	12 - 15 Semester hours arranged

*3 of the 4 practicum courses –*

RECR 390	Therapeutic Practicum	1
RECR 391	Outdoor Practicum	1
RECR 392	Commercial Practicum	1
RECR 393	Community Practicum	1

*at least six additional semester hours from the following:*

RECR 261	Leisure and Aging	3
RECR 280	Outdoor/Environmental Education	3
RECR 361	Clinical Aspects of Therapeutic Recreation	3
RECR 362	Therapeutic Recreation Interventions	3
RECR 371	Marketing for Commercial Recreation Enterprises	3
RECR 380	Coastal and Marine Recreation	3
RECR 381	Issues in Park Management	3
RECR 382	The U.S. National Park System	3
RECR 460	Concepts and Issues in Therapeutic Recreation	3
RECR 470	Ski Area Management	3
RECR 471	Seminar in Commercial Recreation	3
RECR 480	Park Resources Interpretation	3
RECR 485	Independent Study:	3

*Co-requisite courses:*

CMST 111	GN: Introduction to Communication	3
OR		
CMST 253	GN: Public Speaking	3
ENGL 203	GN: Advanced Composition	3
HLTH 240	Health Emergencies	3
CPSC 100	GN: Personal Computers and Their Uses	3

*Required quality point average:*

62 credits or above require a QPA of 2.25, overall and in the major.

*Additional Requirements:*

- Please see the university requirements in this catalog. (p. 40)

**SUGGESTED SEQUENCE OF REQUIRED COURSES:***Freshman Year:*

RECR 150	Introduction to Recreation and Leisure Services	3
RECR 151	Recreation Leadership	3
RECR 260	Recreation Services for Persons with Disabilities	3

*Sophomore Year:*

RECR 270	Recreation in Commercial Settings	3
RECR 281	Outdoor Recreation and Park Management	3

*Junior Year:*

RECR 350	Special Event and Program Planning	3
RECR 351	Management of Recreational Organizations I	3
RECR 352	Management of Recreational Organizations II	3

**Minor in Park Management**

18 credits

The Park Management minor emphasizes planning and designing of recreation facilities, examines current sustainable practices, investigates trends in environmental education, and analyzes the ecological diversity of the National Park services and agencies. The minor helps prepare students who are seeking a career in outdoor recreation and park management.

**DEGREE REQUIREMENTS***Requirements List*

RECR 281	Outdoor Recreation and Park Management	3
RECR 351	Management of Recreational Organizations I	3
RECR 381	Issues in Park Management	3
RECR 450	Recreation Areas and Facilities	3

*Select two electives from*

RECR 380	Coastal and Marine Recreation	3
RECR 382	The U.S. National Park System	3
RECR 480	Park Resources Interpretation	3

*Additional requirements*

Students declaring a minor in Park Management will not be required to take RECR 150 and RECR 151 when listed as prerequisites for the above course. The department will waive these prerequisites.

**RECR - Recreation Services Management Courses****RECR 150 - Introduction to Recreation and Leisure Services (3 credits)**

This course provides an introduction to the study of recreation and leisure as a phenomenon of human social experience. The course presents and overview of the delivery of recreation and leisure services in a variety of settings for all populations.

**RECR 151 - Recreation Leadership (3 credits)**

This course surveys the leadership role in group settings, the group process, group dynamics, leadership styles, and interpersonal communication. Incorporated into this course is an activity lab which enables students to experience the role of leading groups of different ages and skill levels.

**RECR 241 - Leisure and Gender (3 credits)**

This course is an introduction to issues and questions about women and men and their leisure. The student will examine the differences and similarities between women and men concerning their leisure interests, needs, and perceptions. Topics will include a comparison of women's and men's leisure historically, gender-role socialization

during lifespan development, participation in leisure pursuits by gender, gender-based constraints on leisure, and problems and issues faced by leisure professionals because of gender.

Prerequisite: Sophomore Standing (30+ credits).

**RECR 260 - Recreation Services for Persons with Disabilities (3 credits)**

This course is an in-depth analysis of societal attitudes, the stigma of disability, and the evolution of therapeutic recreation services. The impact of legislation, inclusive programming, and models of service are analyzed. The recreation abilities and needs of persons with a variety of disabilities are evaluated.

Distribution: Advanced (ADVD) . Prerequisite: RECR 150 and RECR 151.

**RECR 261 - Leisure and Aging (3 credits)**

This course analyzes the delivery of leisure services to individuals over 60. Psychosocial, physical, and cognitive changes as they relate to the aging process, and one's leisure are investigated. The implications of changes in demographics, lifespan, healthcare delivery, and public policy are explored. Therapeutic recreation practice in long term care is examined.

**RECR 270 - Recreation in Commercial Settings (3 credits)**

This course is an analysis of tourist-related industries with particular attention focused on managerial tasks and business skills required in delivering commercial leisure services to the consumer. This course will also focus upon different types of commercial recreation enterprises such as health clubs, ski areas, and theme parks. Trends and issues pertinent to the operation and management of these firms will also be examined.

Distribution: Advanced (ADVD). Prerequisite: RECR 150 and RECR 151.

**RECR 280 - Outdoor/Environmental Education (3 credits)**

This course provides a survey of the history, philosophy, current status, and future trends in the outdoor education and environmental education movements. The student will acquire skills in leadership of a variety of outdoor/environmental education activities and will visit environmental education centers and programs in the regional area.

Prerequisite: BIOL 104.

**RECR 281 - Outdoor Recreation and Park Management (3 credits)**

This course presents advanced study in the history, current status and management of outdoor recreation opportunities and resources. It examines the relationship of outdoor recreation and natural resources, especially the environmental impact of recreational pursuits on the resource base.

Distribution: Advanced (ADVD). Prerequisite: RECR 150 and RECR 151.

**RECR 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**RECR 350 - Special Event and Program Planning (3 credits)**

This class is designed to enable the student to plan and implement a variety of recreation programs and special events. Particular attention will be focused on the process of program planning, marketing, risk management, and pricing as they relate to the offering of leisure services and special events.

Distribution: Advanced (ADVD). Prerequisite: RECR 150 or HRTM 201 or Departmental Permission. Crosslisted as: HRTM 350.

**RECR 351 - Management of Recreational Organizations I (3 credits)**

This course presents management theories, concepts, procedures, and best practices utilized in park & recreation organizations. Emphasis is on the management role, legal issues, management resources, and resource planning.

*This course is restricted to Recreation Services Management majors and/or the Park Management minor.*

Distribution: Advanced (ADVD). Prerequisite: Junior Standing ( 60+ credits).

**RECR 352 - Management of Recreational Organizations II (3 credits)**

This course continues the presentation of management theories, concepts, procedures, and best practices utilized in park and recreation organizations. Emphasis is on human resources management, financial management, risk management, and action research.

Distribution: Advanced (ADVD). Prerequisite: RECR 351.

**RECR 361 - Clinical Aspects of Therapeutic Recreation (3 credits)**

The focus of this course is to prepare future practitioners to deliver therapeutic recreation services in clinical settings. Medical terminology, assessment, documentation, the helping relationship, and the process of therapy are systematically analyzed. The lab experience incorporated into this course is to emphasize activity skill development.

*This course is restricted to Recreation Services Management majors.*

Distribution: Advanced (ADVD). Prerequisite: RECR 260.

**RECR 362 - Therapeutic Recreation Interventions (3 credits)**

This course is an in-depth examination of therapeutic recreation interventions and modalities used to assist individuals with illnesses and disabilities to improve and/or maintain their maximum functioning. Examples include but are not limited to social skills training, leisure education, remotivation, reality orientation, community re-integration, and adventure therapy.

Distribution: Advanced (ADVD). Prerequisite: RECR 260.

**RECR 371 - Marketing for Commercial Recreation Enterprises (3 credits)**

This course is designed to acquaint the student with the importance of marketing to the commercial recreation industry. Particular attention will be placed upon the implementation of the marketing concept as well as an in-depth look into the development and implementation of a marketing plan. Consumer decision processes with their marketing implications will also be considered.

Distribution: Advanced. Prerequisite: RECR 270.

**RECR 380 - Coastal and Marine Recreation (3 credits)**

This course will provide an overview of the types and extent of recreational pursuits in coastal and marine environments. Historical aspects and trends in participation will be surveyed. Emphasis is on management of coastal and marine resources and issues associated with the use of these resources for recreation.

Distribution: Advanced (ADVD). Prerequisite: RECR 281.

**RECR 381 - Issues in Park Management (3 credits)**

This course provides advanced study in the area of outdoor recreation and park management. Students will explore current issues faced by federal, state, and local government agencies responsible for park management. Students will learn a problem-solving management approach to the resolution of issues.

Distribution: Advanced (ADVD). Prerequisite: RECR 281.

**RECR 382 - The U.S. National Park System (3 credits)**

This course will provide advanced study in the history and current status of the U.S. National Park System. The principles and practices of national park management issues faced by the National Park Service, and the future predictions for the status of the system will be explored.

Distribution: Advanced (ADVD). Prerequisite: RECR 281.

**RECR 390 - Therapeutic Practicum (1 credit)**

This course involves analysis of the administration of a local agency offering therapeutic recreation services. Majors will gain practical field experience through participation in programming and interaction with agency personnel. Preparation of an agency profile and critique of field experience are required assignments.

Distribution: Advanced. Prerequisite: RECR 150.

**RECR 391 - Outdoor Practicum (1 credit)**

This course involves analysis of the administration of a local agency offering outdoor recreation or environmental education services. Majors will gain practical field experience through participation in programming and interaction with agency personnel. Preparation of an agency profile and critique of field experience are required assignments.

Distribution: Advanced. Prerequisite: RECR 150.

**RECR 392 - Commercial Practicum (1 credit)**

This course involves analysis of the administration of a local agency offering commercial recreation services. Majors will gain practical field experience through participation in programming and interaction with agency personnel. Preparation of an agency and critique of field experience are required assignments.

Distribution: Advanced. Prerequisite: RECR 150.

**RECR 393 - Community Practicum (1 credit)**

This course analyzes the administration of a local agency offering community recreation services. Majors will gain practical field experience through participation in programming and interaction with agency personnel. Preparation of an agency profile and critique of field experience are required assignments.

Distribution: Advanced (ADVD). Prerequisite: RECR 150.

**RECR 450 - Recreation Areas and Facilities (3 credits)**

Students in this course will study the planning, design, and maintenance of indoor and outdoor recreation areas and facilities.

Distribution: Advanced (ADVD). Prerequisite: Junior Standing (60+ Credits) and RECR 281.

**RECR 451 - Seminar (3 credits)**

This course involves discussion and intensive study of selected issues, problems, and topics with which seniors should be familiar as they prepare to enter the world of work/graduate school.

Distribution: Advanced.

**RECR 460 - Concepts and Issues in Therapeutic Recreation (3 credits)**

This course is a continuation of RECR 361: Clinical Aspects of Therapeutic Recreation, which concentrates on the preparation of Recreation Therapy practitioners. Human development, leisure education, therapeutic techniques and approaches, treatment protocols, and the inter-disciplinary approach to treatment are examined. Other contemporary issues and trends are analyzed.

Distribution: Advanced (ADVD). Prerequisite: RECR 260 and RECR 361.

**RECR 470 - Ski Area Management (3 credits)**

This course is designed to give the student an overview of ski area management with emphasis on design principles, financial practices, and operating procedures necessary for the successful operation of a ski area.

Distribution: Advanced (ADVD). Prerequisite: RECR 150 and RECR 270.

**RECR 471 - Seminar in Commercial Recreation (3 credits)**

This course will provide discussion and intensive study of issues, topics, trends, and problems within the field of commercial recreation.

Distribution: Advanced. Prerequisite: RECR 150, RECR 270, AND MGT 211.

**RECR 480 - Park Resources Interpretation (3 credits)**

This course prepares the student to develop and to supervise interpretive services for natural, historic, and cultural resources in park settings. The lab concentrates on interpretive skills including displays, publications, exhibits, interpretive walks, presentations, and the development of facilities including interpretive trails.

Distribution: Advanced (ADVD). Prerequisite: RECR 281 and RECR 351.

**RECR 485 - Independent Study: (3 credits)**

This course is available for one, two, or three credits with five hours faculty involvement per credit on topics approved by the department and not regularly listed in the catalog.

Distribution: Advanced.

**RECR 486 - Internship (12 - 15 credits Semester hours arranged)**

Distribution: Advanced. Prerequisite: Recreation majors only; senior status (90 or more credits); overall and major GPA of 2.25; completion of three practicums.

## Rehabilitative and Human Services

### College of Education

Stroud Hall Room 105

570-422-3558

[www.esu.edu/sped](http://www.esu.edu/sped)

### About the Program

The undergraduate Rehabilitative and Human Services program prepares students to work in a broad range of rehabilitation settings

with youths through adults who have various types and degrees of disabilities. These settings may include day service or employment settings, supported living, residential settings, and rehabilitation facilities.

Although students may obtain employment in such settings upon completion of their degree, many students elect to pursue graduate study in related fields, such as vocational rehabilitation counseling. The Rehabilitative and Human Services program provides an excellent foundation for graduate study in these areas. The Rehabilitative and Human Services program is part of ESU's Department of Special Education and Rehabilitation.

### Are you interested in ...

- Assisting youth and adults with disabilities so they will be successful in society
- Guiding youth and adults with disabilities to be successful in employment, housing, and recreational situations
- Helping youth and adults with disabilities in developing life skills

### Choose Rehabilitative and Human Services at ESU:

- Small class size
- Practical field experiences, including internship placement
- Qualified, experienced faculty
- Frequent faculty interactions

### Is Rehabilitative and Human Services a career path for me?

#### Career Potential

- Employment consultant
- Case manager
- Rehabilitation specialist
- Community residence supervisor

#### Career Settings

- Community employment settings
- Supported living and residential settings
- Rehabilitation facilities More detailed information is available from the department.

### Student Organizations

- **The Council for Exceptional Children (CEC)** is a campus group that is part of an international organization that promotes quality programs for individuals with disabilities. CEC provides a great opportunity to meet fellow special educators and work with individuals of all ages who have disabilities. Some of the CEC activities include:
  - Visiting adults with intellectual disabilities at a local state developmental center
  - Helping with Special Olympics
  - Tutoring at-risk students
  - Attending a state level CEC conference

- **Sigma Pi Epsilon Delta** is the National Honor Society for special education and rehabilitation majors. Honor members provide activities for individuals with disabilities in the community.
- **Rehabilitative Services Student Organization (RSSO)** is the organization for majors in Rehabilitative and Human Services. Members of the organization host speakers from adult service agencies and provide volunteer services to individuals with disabilities from the local community. Our organization is also an active supporter of the Pennsylvania Rehabilitation Association, which is the state chapter of the National Rehabilitation Association.
- **Best Buddies** is an international organization that enhances the lives of people with intellectual disabilities by providing opportunities for one-to-one friendships and integrated employment. At East Stroudsburg University, we match university students and individuals with intellectual disabilities throughout the community in one-to-one friendships.

### Rehabilitative and Human Services B.S.

*Note: The Rehabilitative and Human Services Program is being redesigned to continue to meet the needs of the students and adults in the field. Additional areas of training and changes in course selections and requirements may occur. Please contact the chair of the department with any questions.*

### PROGRAM FEATURES

55 credit hours

*Rehabilitative and Human Services core requirements:*

SPRE 100	Foundations of Human Services	3
SPED 102	Diversity of the Learner	3
SPED 105	Special Education History and Law	3
SPRE 201	Community Rehabilitative Services	3
SPRE 214/SPED 214	Positive Behavior Support	3
SPRE 300	Developing Integrated Employment Opportunities	3
SPRE 301	The Vocational Rehabilitation Process	3
SPRE 310	Recreation and Leisure for Individuals with Disabilities	3
SPRE 315	Transition from School to Adulthood	3
SPRE 318	Current Issues in Psychiatric Rehabilitation	3
SPRE 320	Advanced Issues in Disability Studies	3
SPRE 486	Field Experience & Internship	12
SPRE 487	Internship Practicum	1

*Choose one of the following:*

3 credits

PSY 220	GN: Social Psychology	3
PSY 222	GN: Psychology of Adjustment	3
PSY 225	GN: Lifespan Developmental Psychology	3
PSY 301	Sensation and Perception	3
PSY 302	Theories of Learning	3
PSY 321	Theories Of Personality	3
PSY 351	Abnormal Psychology	3

**Subtotal: 0**

*Choose one of the following:*

3 credits

HLTH 230	Community Health	3
HLTH 240	Health Emergencies	3

*Directed general education course:*

3 credits

SOC 111	GN: Introduction to Sociology	3
---------	-------------------------------	---

*Additional requirements:*

- A minimum overall QPA of 2.5 is required for admission into and graduation from the program. Falling below a QPA of 2.5 will result in a Departmental Probationary Status for one semester and may mean dismissal from Rehabilitative and Human Services Studies if the QPA is not brought up to 2.5 at the end of the probationary semester.
- Also required are 20 credits to fulfill the required 120 credits for graduation. Twelve of those credits must be at the 300 or above level. This is done through advisement of non-restricted credits.

Heather Garrison ([hgarrison@esu.edu](mailto:hgarrison@esu.edu))

## SPRE - Rehabilitative Services Courses

### SPRE 100 - Foundations of Human Services (3 credits)

This course is an orientation to the rehabilitation and normalization process, including a survey of historical development, principles, philosophy, disability, needs of people with disabilities, legal aspects of rehabilitation, and related programs of services to individuals with disabilities.

### SPRE 200 - Individuals with Exceptionalities in Community Life (3 credits)

This course places an emphasis on the role of individuals with disabilities in society, its impact upon said individuals and their livelihood relative to their specific problems and needs.

### SPRE 201 - Community Rehabilitative Services (3 credits)

This course covers the traditional, current, and emerging roles of the community in the rehabilitative process. Emphasis is placed on shared responsibilities of federal, state, regional, and local agencies. Students explore pertinent legislation and implications for integrated and cooperative services.

Prerequisite: SPRE100.

### SPRE 214 - Positive Behavior Support (3 credits)

This course addresses all elements of effective classroom management which emphasizes behavior reduction strategies that are consistent with a positive behavioral support approach. All elements of conducting a functional assessment in developing a behavioral support plan for school and /or employment settings are addressed.

Prerequisite: SPED 105. Crosslisted as: SPED 214.

### SPRE 300 - Developing Integrated Employment Opportunities (3 credits)

This course is designed to help students majoring in rehabilitative services to become knowledgeable of modern designs of vocational education and career planning for individuals with disabilities, and knowledgeable of federal, state, and local regulations concerning vocational training and to develop an awareness of problems of integrating persons with disabling conditions into the general work force.

Distribution: Advanced (ADVD). Prerequisite: SPRE 100.

### SPRE 301 - The Vocational Rehabilitation Process (3 credits)

This course assists students in Rehabilitative Services to develop an understanding of the vocational rehabilitative process. The roles and duties of rehabilitation counselors will be discussed, including case management, assessment and interviewing functions.

Distribution: Advanced (ADVD) | Info. Literacy and Technology (I) . Prerequisite: SPRE 100 and SPRE 200 and SPRE 201 and SPED 105.

### SPRE 310 - Recreation and Leisure for Individuals with Disabilities (3 credits)

This course provides the student with an opportunity to participate in an on-site outdoor education program for local school aged children and/or adults with exceptionalities. Emphasis on special recreational services include the development, supervision and administration of programs for all types of exceptionalities.

Distribution: Advanced (ADVD). Prerequisite: SPRE 100 and SPRE 200 and SPRE 201 and SPRE 214 and SPED 105.

### SPRE 311 - Etiology and Diagnosis of Individuals with Exceptionalities (3 credits)

This course is a study of the causative factors of high/low incidence disabilities. Included are atypical cognitive, physical, psychological, medical and psycho-social conditions of children and adults. Emphasis is placed on the development of diagnostic skills and the recognition of diagnostic criteria in the clinical setting. Skills in collaboration and teaming in the clinical, classroom and service agency settings are examined.

Distribution: Advanced (ADVD). Prerequisite: SPED 105.

### SPRE 315 - Transition from School to Adulthood (3 credits)

This course provides students with a proactive approach to transition planning for the provision of services that result in positive adult outcomes for students leaving the school system.

Distribution: Advanced (ADVD). Prerequisite: SPRE 100 and SPRE 200 and SPRE 201 and SPED 105.

### SPRE 318 - Current Issues in Psychiatric Rehabilitation (3 credits)

This course provides a basic orientation to the field of psychiatric rehabilitation. The course will include historical antecedents, as well as philosophical and programmatic connections to the field of rehabilitation counseling. The course will also cover assessment, planning, and service delivery methods for those intending to work in rehabilitation settings that focus on serving individuals with psychiatric disabilities.

Distribution: Advanced (ADVD). Prerequisite: SPRE 100 and SPRE 200 and SPRE 201 and SPRE 214 and SPED 105.

**SPRE 320 - Advanced Issues in Disability Studies (3 credits)**

This course is an interdisciplinary exploration of the sociocultural construct of disability. Disability Studies views disability as part of the normal range of human experiences and explores disability as a cultural, rather than individual, phenomenon that results from disabling social interactions. Students will examine changes in social perceptions regarding disability and the impact on the lives of people with disabilities.

Distribution: Advanced (ADVD). Prerequisite: SPRE 100 and SPRE 200 and SPRE 201 and SPRE 214.

**SPRE 486 - Field Experience & Internship (12 credits)**

This course consists of at least one field experience placement with populations having physical or mental disabilities in various agencies, developmental centers, rehabilitation facilities, and the like that serve the needs of that population throughout the tri-county area. Assignments in other geographical areas may be utilized when deemed appropriate and approved by the Department Chairperson. Intern supervision will be provided by the faculty of Special Education and Rehabilitation.

Distribution: Advanced.

**SPRE 487 - Internship Practicum (1 credits)**

The Internship Practicum meets on a regular basis to provide current interns in the Rehabilitative Services major with an opportunity to discuss current issues in their internship experiences and to further explore topics of interest. The topics within each practicum session represent immediate intern needs regarding professional growth and development.

Distribution: Advanced.

## Social Work

**College of Arts and Sciences****The Faculty of Social Sciences****The Social Work Program is housed within the Department of Sociology, Social Work & Criminal Justice**

Stroud Hall, Room 101

570-422-3453

[www.esu.edu/soc](http://www.esu.edu/soc)

**About the Program**

The Department of Sociology, Social Work and Criminal Justice offers a Bachelor of Arts in Sociology; Bachelor of Science in Social Work; and Bachelor of Science in Criminal Justice with three minors in Sociology, Social Work, and Criminal Justice. It also jointly offers a Certificate in Crisis Intervention with the department of Psychology.

The mission of the Bachelor of Science in Social Work (BSSW) Program includes providing students with the educational background necessary to become competent generalist social work practitioners and ensuring that BSSW graduates have the preparation essential to successfully pursue graduate study in social work.

The goals of the Program are to:

1. Prepare students for competent generalist social work practice that promotes human and community well-being, and embraces a

person and environment construct through the program emphasis on the requisite knowledge, professional values and skills.

2. Serve as a resource to the community which is accomplished in several ways including:
  - a. Engaging in scientific inquiry with local and regional community partners that seeks to expand knowledge, improve service delivery, enhance quality of life, and advance human rights.
  - b. Contributing social work interns and program graduates to the community that are prepared to address the needs within it.
3. Prepare baccalaureate-level social workers for generalist practice that is committed to utilizing a strengths perspective.

East Stroudsburg University was granted Council on Social Work Education (CSWE) Initial Accreditation of the Bachelor of Science in Social Work (BSSW) Program in June 2015. The program received CSWE Reaffirmation of its accreditation for eight years in June 2019.

This program is offered by the Department of Sociology, Social Work and Criminal Justice.

**Is social worker a career path for me?****Career Potential**

- Social Worker in an array of social and human services delivery systems
- Crisis Intervention Worker
- Case Manager
- Social Researcher
- Community Organizer

**Career Settings**

- Not for Profit Agencies
- Public Agencies
- Mental Health Agencies
- Child Welfare Systems
- Substance Abuse Treatment Programs
- Health Care Delivery Systems
- Homeless Assistance Agencies
- Anti-poverty Programs
- Residential Treatment Programs
- Schools
- Government
- Community Relations

*More detailed career information is available from the department.*

**Social Work B.S.**

Formal admission into the program requires completion of SOSW 140 with a grade of "C" or higher; a cumulative GPA of 2.0 or better; and, submission of the BSSW Program Admission Application Form with two letters of reference and a two-page personal statement.

Continuation in the program requires maintaining a 2.5 GPA in the social work major and receiving a minimum of a "C" in every required course. Students must also abide by the National Association of Social Workers (NASW) Code of Ethics; demonstrate accepted standards of conduct in the classroom and field education components of the program; and, demonstrate progress in attaining the Competencies as outlined by the Council on Social Work Education (CSWE) 2015 EPAS.

Failure to maintain the requisite 2.5 in the program after two remediation attempts are made can result in termination from the major.

Successful completion of the program requires a 2.5 GPA in the social work major, a minimum of a "C" or higher in all required courses and an overall GPA of 2.0.

Please see the university requirements in this catalog.

## PROGRAM FEATURES

48 credits

### Required Courses:

SOC 102	GN: Introduction to Cultural Diversity	3
SOSW 140	Foundations of Social Work Practices	3
SOSW 220	Contemporary Social Work Practices	3

SOSW 371	Social Work with Individuals and Families	3
SOSW 372	Social Work with Groups	3
SOSW 373	Social Work with Communities and Organizations	3
SOSW 483	Social Work Practice and Skills I	6
SOSW 484	Social Work Practices and Skills II	6

### Total of 6 elective credits from the following:

SOSW 321	Helping Philosophy and Methods	3
SOSW 325	Crisis Intervention	3
SOSW 326	Child Welfare Services	3
SOC 338	Sociology of Poverty & Homelessness	3
SOC 342	Juvenile Delinquency	3
SOC 343	Racial and Cultural Minorities	3
SOC 377	Sociology of Women	3
SOCJ 354	Drug Use and Abuse in Society	3

### Co-requisite Courses:

SOC 111	GN: Introduction to Sociology	3
SOC 231	GN: Marriage and Family	3
PSY 100	GN: General Psychology	3
POLS 120	GN: American Government	3
ECON 111	GN: Principles of Macroeconomics	3
BIOL 111	GE: Human Anatomy and Physiology I	4

### Additional Requirements:

- Successful completion of the program requires a 2.5 GPA in the social work major, a minimum of a "C" or higher in all required courses, and an overall GPA of 2.0.
- Please see the university requirements in this catalog. (p. 40) (p. 44)

**Social Work Minor**

24 credit hours

The 24-credit minor in Social Work emphasizes the knowledge and skills necessary for students to think critically and to develop

beginning helping skills. The goal of the Social Work program is to provide students the educational background necessary for competent generalist social work practice in a range of human service settings and/or to pursue graduate study in social work or related disciplines. The Social Work minor not only complements the Sociology and Criminal Justice majors offered in the department, but also many other majors across various professional helping fields and disciplines in the behavioral, social and health sciences.

**PROGRAM FEATURES**

*Required courses:*

SOSW 140	Foundations of Social Work Practices	3
SOC 310	Introduction to Social Welfare Policy and Services	3
SOC 331	Human Behavior and the Social Environment	3
SOSW 371	Social Work with Individuals and Families	3
SOSW 372	Social Work with Groups	3
SOC 486	Field Work and Observation	1 - 15

*Electives:*

6 credit hours from

SOSW 321	Helping Philosophy and Methods	3
SOSW 325	Crisis Intervention	3
SOSW 326	Child Welfare Services	3
SOSW 373	Social Work with Communities and Organizations	3

*Additional requirements:*

2.5 GPA in the minor

SOC 111	GN: Introduction to Sociology	3
---------	-------------------------------	---

**Crisis Intervention Certificate**

This sub-baccalaureate certificate program is offered jointly by the Department of Psychology and the Department of Sociology, Social Work, & Criminal Justice.

Crisis Intervention is emergency psychosocial care aimed at assisting individuals in a crisis situation to restore equilibrium to their biopsychosocial functioning and to minimize the potential for psychological trauma.

Courses cover the skills necessary to assess and deescalate crisis.

**PROGRAM FEATURES**

12 Credits

*Required courses:*

SOSW 325	Crisis Intervention	3
PSY 251	Psychological Disorders	3
OR		

PSY 351	Abnormal Psychology	3
PSY 321	Theories Of Personality	3
SOSW 371	Social Work with Individuals and Families	3
OR		
PSY 451	Introduction to Counseling	3
Subtotal: 0		

## Social Work Faculty

### Professors:

Laurene Clossey (lclossey@esu.edu)

Chin Hu, Co-Department Chair (chu@esu.edu)

John Kraybill-Greggo, Director, Social Work Program  
(jkgreggo@esu.edu)

Hooshang Pazaki (shpazaki@esu.edu)

### Associate Professor:

Michelle Deninno DiLauro, Social Work Field Education Director  
(mdilauro@esu.edu)

### Assistant Professor:

Hanif Bey (hbey2@esu.edu)

### Instructors:

Hope Horowitz (hhorowitz2@esu.edu)

## SOSW - Social Work Courses

### SOSW 140 - Foundations of Social Work Practices (3 credits)

This course is designed to introduce students to social work practice with individuals, families, groups, organizations, and communities as applicable to various social work fields of practice. It also introduces students to the historical foundations, contemporary knowledge base, core values, and ethical principles of the social work profession.

### SOSW 220 - Contemporary Social Work Practices (3 credits)

This course is designed to focus on contemporary issues and approaches in social work practice, and the responsibilities and ethics of a professional social worker. The course will also introduce students to the basic skills of helping. A limited field experience will enhance the classroom content and provide a venue for students to explore contemporary practice in a field of social work that interests them.

### SOSW 321 - Helping Philosophy and Methods (3 credits)

This course provides an introduction to the main modern therapies that professional social workers can use with their clients or take into consideration in making referrals. The main assumptions, concepts, and methods of dynamic psychotherapy, behavior therapy, and humanistic psychotherapy will be analyzed and illustrated. This course will not count for the Sociology major.

Distribution: Advanced (ADVD). Prerequisite: SOSW 140.

### SOSW 325 - Crisis Intervention (3 credits)

This course will introduce students to the theoretical knowledge and practice skills necessary to competently intervene as crisis counselors in selected crisis situations.

*Course may not be used for credit toward a Sociology major.*

Distribution: Advanced (ADVD). Prerequisite: SOC 311 or Instructor Permission.

### SOSW 326 - Child Welfare Services (3 credits)

This is a social welfare policy course providing a comprehensive study of principal child welfare policy and services. Supportive, supplementary, protective, substitute services will be covered with a special focus on the problem of child abuse and neglect. Emphasis will be on child welfare services as a field of social work practice. This course will not count toward the Sociology major.

Distribution: Advanced (ADVD). Prerequisite: SOSW 140.

### SOSW 327 - Anti-Oppressive Social Work Practices (3 credits)

This course prepares students to understand and practice anti-oppressive, anti-racist social work. This course will review theories that address conditions that create and sustain social, economic, and political injustice, and equip students to understand how power, racism, privilege, and marginalization oppress individuals, groups, and communities. This course will empower students to develop critical awareness through experiential, self-reflective and interactive activities to promote anti-oppressive social work practice skills at the individual, family, group, organizational and community levels.

Distribution: Advanced (ADVD). Prerequisite: SOSW140 and SOC111.

### SOSW 328 - Integrative Practices in Social Work (3 credits)

This course examines evidenced-based integrative healthcare approaches that are being implemented in social work practice. Students will develop a working knowledge of these approaches to include in their framework of practice and service delivery to clients. Theoretical models in integrative medicine will be discussed, pioneering research evidence that is informing practice will be examined, and best practice approaches will be reviewed. Skill demonstration and instruction will provide students with an exceptional learning component to further grasp the concepts and techniques of these practices.

Distribution: Advanced (ADVD).

### SOSW 355 - Victimology (3 credits)

This course examines the field of victimology from a criminal justice perspective. It will focus on reviewing the problems associated with criminal victimization including the examinations of victim-offender relationships, the victim's role within society along with programs and policies used within the criminal justice system, other social services and medical field to treat victimization. Specific topics will include sexual victimization, child abuse, intimate partner violence, and restorative justice.

*All pre-requisite courses must be completed with a grade of 'C' or higher.*

Distribution: Advanced (ADVD). Prerequisite: SOC 111 and SOSW 140 and SOSW 220. Crosslisted as: SOCI 355.

**SOSW 371 - Social Work with Individuals and Families (3 credits)**

This course provides the foundation for social work practice with individuals and families. It emphasizes the basic knowledge, analytic and practice skills, and values necessary for direct practice. Students will learn how to engage/join with individuals and families. Specific knowledge to assist students in both assessment and establishing goals for intervention will be covered.

Distribution: Advanced (ADVD). Prerequisite: SOSW 140.

**SOSW 372 - Social Work with Groups (3 credits)**

The focus of this course is small group theory and practice as applicable to social work practice. Social work intervention with family groups, problem-centered groups, and social action focused groups will be examined. Focus will be both on developing understanding of group dynamics and group process, and developing skills in group work practice.

Distribution: Advanced (ADVD). Prerequisite: SOSW 140 and SOSW 371.

**SOSW 373 - Social Work with Communities and Organizations (3 credits)**

This course focuses on developing knowledge and skills appropriate for social work practice with communities and organizations. The course is designed to teach skills to influence the organizational context of practice, as well as community organizing and program development skills.

Distribution: Advanced (ADVD). Prerequisite: SOSW 140 and SOSW 371.

**SOSW 483 - Social Work Practice and Skills I (6 credits)**

This course is designed to provide in-depth knowledge and skills in the professional practice of social work through an integrated class and agency-based learning experience. Major theories related to professional practice will be examined and skills in assessment, planning change, and evaluation will be developed. Emphasis is placed on the development of an increased understanding of the use of self in the professional social work role.

*All pre-requisite courses must be completed with a grade of 'C' or higher.*

*Course may not be used for credit toward a Sociology major.*

Distribution: Advanced (ADVD). Prerequisite: SOSW 140 and SOSW 371 and SOSW 372 and SOSW 373.

**SOSW 484 - Social Work Practices and Skills II (6 credits)**

This course is the second semester long experience designed to provide students with an advanced opportunity to apply in-depth social work knowledge, skills, values and ethics through an integrated class and agency-based learning experience. Students will complete a capstone project related to their agency-based experience.

*All pre-requisite courses must be completed with a grade of 'C' or higher.*

*Course may not be used for credit toward a Sociology major.*

Distribution: Advanced (ADVD) | Level III Writing (W3). Prerequisite: SOC 312 and SOSW 140 and SOSW 371 and SOSW 372 and SOSW 373 and SOSW 483 .

## Sociology

**About the Program**

The Department of Sociology, Social Work and Criminal Justice offers a Bachelor of Arts in Sociology; Bachelor of Science in Social Work; and Bachelor of Science in Criminal Justice and three minors in Sociology, Social Work, and Criminal Justice.

The Sociology major emphasizes developing in students the knowledge and skills necessary to think critically and imaginatively about social issues and to promote social betterment.

As students work toward their degree, they will find that sociology is much more than an academic discipline. In fact, sociology offers students an exciting new way of seeing the social world they live in. Students can expect sociology to enrich their personal life, as well as prepare their way for a deeply satisfying professional life.

Goals of the major include the acquisition of knowledge about human diversity, social inequality, and the pursuit of social justice.

The major and its programs prepare students for various professional roles in Human Services and Criminal Justice, and provide the educational background necessary for students to pursue graduate studies in sociology, criminology/criminal justice, law, social work, counseling, policy development, social research and analysis, and other related disciplines.

Since all human behavior is social and the scope of sociology respectively broad, career prospects for majors are (and will remain) quite excellent at both entry and advanced levels.

**Are you interested in ...**

- Studying social behavior and society
- Analyzing how social influences affect different individuals
- Designing research projects
- Helping to formulate public policy and resolve social problems

**Choose Sociology at ESU**

- Interactive classroom environments
- Practical field experiences
- Qualified, experienced faculty
- Frequent faculty interactions

**Is sociology a career path for me?****Career Potential**

- Sociologist
- Case Worker
- Criminal Justice Professional
- Manager
- Social Researcher
- Government Agency Professional

**Career Settings**

- Human Services Agencies
- Criminal Justice Agencies

- Business
- Education
- Government
- Community Relations

More detailed career information is available from the department.

### Sociology B.A.

#### PROGRAM FEATURES

33 Credits

*Required courses:*

SOC 111	GN: Introduction to Sociology	3
SOC 241	GN: Contemporary Social Problems	3
SOC 254	Quantitative Analysis in Sociology, Social Work, and Criminal Justice	3
SOC 255	Sociological Inquiry	3
SOC 312	Research Methods	3
SOC 370	Sociological Theory	3
SOC 495	Seminar	3

and a minimum of 3 credits in one of the following

SOC 486	Field Work and Observation	1 - 15
SOC 485	IS:	3

and a minimum of 12 additional credits in Sociology

*Other requirements:*

- Minimum quality point average of 2.5 in major at time of graduation
- Minimum of "C" in all required courses
- Please see the university requirements in the Undergraduate Catalog (p. 40)

21 semester credits in Sociology must be earned at ESU including:

SOC 254	Quantitative Analysis in Sociology, Social Work, and Criminal Justice	3
SOC 255	Sociological Inquiry	3
SOC 312	Research Methods	3
SOC 370	Sociological Theory	3
SOC 495	Seminar	3

## Sociology Minor

18 Credits

The 18-credit minor in Sociology emphasizes developing the knowledge and skills necessary for students to think critically and imaginatively about social issues and to promote social betterment. The minor has four required courses: SOC 102 Introduction to Cultural Diversity, SOC 111 Introduction to Sociology, SOC 255 Sociological Inquiry and SOC 370 Sociological Theory. The remaining two courses in the minor are electives that can be taken in any of several areas of study within the field of Sociology.

The goals of the minor include the acquisition of knowledge about human diversity, social inequality, and the pursuit of social justice. The Sociology minor not only complements the Social Work and Criminal Justice majors offered in the department, but also many other majors across disciplines within the behavioral and social sciences, humanities, health sciences, education and management.

## PROGRAM FEATURES

*Required courses:*

SOC 102	GN: Introduction to Cultural Diversity	3
SOC 111	GN: Introduction to Sociology	3
SOC 255	Sociological Inquiry	3
SOC 370	Sociological Theory	3

*Additional requirements:*

6 credits of Sociology electives. Eligible courses include:

SOC 201	GN: The Comparison of Societies	3
SOC 231	GN: Marriage and Family	3
SOC 241	GN: Contemporary Social Problems	3
SOC 290	Special Topics:	(Semester hours arranged)

SOC 331	Human Behavior and the Social Environment	3
SOC 341	Advanced Criminology	3
SOC 342	Juvenile Delinquency	3
SOC 343	Racial and Cultural Minorities	3
SOC 344	Social Deviance	3
SOC 372	Sociology of Religion	3
SOC 374	Political Sociology	3
SOC 377	Sociology of Women	3

Of these, no more than one can be taken below the 300 level.

## Sociology Faculty

**Professors:**

- Laurene Clossey (lclossey@esu.edu)

## SOC - Sociology Courses

### **SOC 102 - GN: Introduction to Cultural Diversity (3 credits)**

This course provides a cross-cultural study of all human behaviors and social arrangements in contemporary cultures. Topics surveyed include race and ethnicity; language; gender and sexuality; age and kinship roles; religion and spiritual life; marriage and the family; political and economic behavior; globalization and cultural change; and the arts. The main focus will be on the application of the anthropological perspective and methods for understanding social and cultural differences and similarities.

Distribution: GE: Social Sciences - Sociology (SSSO) | GN: Group C - Sociology (CSO) | Global Diversity & Citizenship (G).

### **SOC 111 - GN: Introduction to Sociology (3 credits)**

This course examines the nature of social phenomena, fields and methods of sociology, and social processes involved in the evolution of human society.

Distribution: GE: Social Sciences - Sociology (SSSO) | GN: Group C - Sociology (CSO) | Global Diversity/Citizenship (G) .

### **SOC 201 - GN: The Comparison of Societies (3 credits)**

This class is designed to introduce students to a sociological and cross-disciplinary understanding of major ideas, institutions, and historical events that have shaped human societies. Selected societies in Asia, the Middle East, Africa, Latin America and Europe will be studied. The class will focus on various social and cultural issues, such as family and religion, racial and gender relations, deviance, immigration, and social stratification systems. To facilitate cross-cultural understanding and awareness, students will be asked to read broadly on subjects relating to the lives of people from different societies and to reflect on their own experience.

Distribution: GE: Social Sciences - Sociology (SSSO) | GN: Group C - Sociology (CSO) | Global Diversity & Citizenship (G). Prerequisite: SOC 111.

### **SOC 231 - GN: Marriage and Family (3 credits)**

This course examines the "family" in its various forms. Special attention will be placed on an analysis of the family as an ideological construct that upholds lines of difference according to race, class, gender, and sexual identity. Family change is studied throughout the course, including shifts in patterns of dating and courtship, cohabitation, the division of both paid and unpaid labor, divorce and blended families.

Distribution: GE: Social Sciences - Sociology (SSSO) | GN: Group C - Sociology (CSO) | Global Diversity/Citizenship (G) .

### **SOC 241 - GN: Contemporary Social Problems (3 credits)**

This course introduces students to the sociological study of social problems facing contemporary American society. It explores the social, political, and cultural causes, consequences, and possible solutions to social problems related to health care, crime, poverty, and inequality based on social class, racial and ethnic background, gender, and sexual orientation.

Distribution: GE: Social Sciences - Sociology (SSSO) | GN: Group C - Sociology (CSO) | Global Diversity/Citizenship (G).

### **SOC 254 - Quantitative Analysis in Sociology, Social Work, and Criminal Justice (3 credits)**

This course is designed to introduce the basics of quantitative analysis to students majoring in sociology, social work, and criminal justice. The main emphasis will be on the applications of the quantitative methods and the interpretation of results in sociological, social work, and criminal justice reports and writings. Students will learn the logic and the applications of quantitative methods of data analysis that are commonly used in sociology, social work, and criminal justice.

Distribution: Advanced (ADVD) | Math Competency (M). Prerequisite: Satisfaction of ESU Basic Mathematical Skills Competency and SOC 111.

### **SOC 255 - Sociological Inquiry (3 credits)**

This course will familiarize students with the sociological perspective, the history of sociology, and major contemporary sociological paradigms and their historical roots. We will examine the role sociology plays in the larger society, consider the theories and research methods used by sociologists, and develop skills needed for a rewarding academic career as a major in our department. The course is also designed to help students sharpen their analytic and critical thinking skills as well as become more effective writers, listeners, and participants in the sociologically examined life.

Prerequisite: SOC 111 (Grade of 'C' or better).

### **SOC 265 - GN: Culture and Society in the Middle East (3 credits)**

This course provides the sociological perspectives on cultural practices and social institutions of the Middle Eastern societies. This course will discuss the regional and global forces that have shaped the Middle Eastern societies and cultures. More specifically, this course will cover topics such as the role of colonialism, religion, ethnicity, gender roles and family in the Middle East.

Distribution: GE: Social Sciences - Sociology (SSSO) | GN: Group C - Sociology (CSO) | Global Diversity & Citizenship (G).

### **SOC 280 - Sociological Perspectives in Globalization (3 credits)**

This course examines globalization and its impact on societies, cultures, social groups, communities and the everyday life of individuals. It applies sociological perspectives to study globalization and its impact on issues such as workers and global migration, the livelihood of indigenous people, the role & status of women, food production and hunger, the spread and treatment of disease, and the depletion of environment.

Distribution: GE: Social Sciences - Sociology (SSSO) | GN: Group C - Sociology (CSO) | Global Diversity & Citizenship (G). Prerequisite: SOC 111.

### **SOC 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

### **SOC 302 - Social Inequality, Crime, and Justice (3 credits)**

The course will utilize a structural and interactional approach to understanding notions of power that produce and reinforce inequality in the American criminal justice system. The course will primarily

examine inequality as it pertains to race, class, gender, age and sexual orientation within this social institution.

Distribution: Advanced (ADVD). Prerequisite: SOC 111 and SOCJ 150 and (1) additional SOC or SOCJ course (200 - 300 level). Crosslisted as: SOCJ 302.

**SOC 310 - Introduction to Social Welfare Policy and Services (3 credits)**

This course is designed to provide an overview of U.S. social welfare policy and service delivery. Major social welfare policies and programs will be highlighted and policy practice skills including the analysis of social welfare policy emphasized. Students will critically analyze the adequacy of various social welfare policies and programs.

Distribution: Advanced (ADVD) | GE: Social Sciences - Sociology (SSSO). Prerequisite: SOC 111.

**SOC 312 - Research Methods (3 credits)**

This course examines procedures for planning, organizing, and conducting qualitative and quantitative sociological research projects. Students will acquire the skills to implement research using a variety of methodologies, including surveys, interviews, and ethnographic field research

Distribution: Advanced (ADVD) | Level II Writing (W2) | Info. Literacy and Technology (I). Prerequisite: ENGL 103 and SOC 111 and SOC 254.

**SOC 331 - Human Behavior and the Social Environment (3 credits)**

This course examines biopsychosocial development throughout the lifespan. The social systems in which human development unfolds will be emphasized in the course as will the manner in which these can impair or foster health, happiness, and optimal adjustment across the lifespan.

Distribution: Advanced (ADVD). Prerequisite: SOC 111.

**SOC 333 - Chinese Culture and Society (3 credits)**

This course introduces students to the cultural practices, social institutions and social changes in Chinese society. Students will engage in a sociological analysis to understand the social, political and economic forces that shape the lives of individuals in Chinese society. More specifically, the course examines topics such as the impact of population policy on family, ethnic relations and conflicts, rural-urban migration, gender norms, political and economic developments and resistance movements.

Distribution: Advanced (ADVD). Prerequisite: SOC 111 and (SOC 201 or SOC 280).

**SOC 338 - Sociology of Poverty & Homelessness (3 credits)**

This course focuses on helping students develop an understanding of the dimensions of poverty and homelessness in the United States and explores the implications for distributive justice. Students will assess the effectiveness of the social policies and programs created to combat poverty and homelessness and participate in course-based service-learning and social action projects.

Distribution: Advanced (ADVD). Prerequisite: SOC 111 and SOC 310.

**SOC 341 - Advanced Criminology (3 credits)**

This course is an examination of theories of crime causation, demographic characteristics of criminals, the history of theories of punishment, and modern reformatory and rehabilitative methods.

Distribution: Advanced (ADVD) | GE: Social Sciences - Sociology (SSSO) . Prerequisite: SOC 111 (Grade of 'C' or higher) and SOC 217 (Grade of 'C' or higher).

**SOC 342 - Juvenile Delinquency (3 credits)**

This course is a study of the delinquent as a person and juvenile delinquency as a social problem and theories of delinquent causation, methods of correctional treatment and community preventive projects will be systematically studied.

*All pre-requisites must be completed with a grade of 'C' or better.*

Distribution: Advanced (ADVD) | GE: Social Sciences - Sociology (SSSO). Prerequisite: SOC 111 and SOCJ 150 and SOCJ 216.

**SOC 343 - Racial and Cultural Minorities (3 credits)**

This course examines dominant-minority relations in the U.S. Special emphasis will be placed on how social, economic, and political power and privilege help create and perpetuate prejudice and discrimination. As America becomes more racially and culturally diverse, we need to make a greater effort to understand, respect, and benefit from the diversity around us. This course is intended to help students discover these benefits as well as deal with the challenges that go hand in hand with an increasingly multicultural society.

Distribution: Advanced (ADVD) | GE: Social Sciences - Sociology (SSSO) . Prerequisite: SOC 111.

**SOC 344 - Social Deviance (3 credits)**

This course will explore how and why certain acts come to be defined as deviant. Students will examine how deviance is defined, how the "actors" are maintained and how violators of the definitions are processed and treated. A historical analysis of political processes that inform the evolution modification and enforcement of "deviant" categories will be discussed through the lens of various sociological perspectives.

Distribution: Advanced (ADVD). Prerequisite: SOC 111 and (1) additional SOC course.

**SOC 345 - Sociology of Sexuality (3 credits)**

This course will examine individual and societal perceptions of, practices toward, and reactions to sexuality. Social context and power, especially as they pertain to issues of gender, race and sexual orientation, will be examined as they affect sexual identity and expressions of sexuality. The relative influence of physiology and learning processes will be explored as well.

Distribution: Advanced (ADVD). Prerequisite: SOC 111.

**SOC 363 - Social Stratification and Inequality (3 credits)**

This course is designed to introduce students to the knowledge of the structure, processes, and consequences of social stratification in modern society. Social stratification and inequality concern the unequal distribution of resources whereby some groups come to receive more of these scarce resources than are received by others. The class considers recent research on income and wealth inequality, occupational and class hierarchies, social mobility, life chances and life style for various social classes, racial/ethnic groups, and genders.

Distribution: Advanced (ADVD). Prerequisite: SOC 111 (Grade of 'C' or higher).

**SOC 370 - Sociological Theory (3 credits)**

This course is designed to give the student an overview of sociological theory. Students will be introduced to a wide range of theories and theoretical orientations and the major theorists associated with them. The course covers both classical and contemporary sociological theory. Special emphasis is placed on the strengths and weaknesses of each approach and the link between theory and substantive research.

Distribution: Advanced (ADVD) | Level II Writing (W2) | Info. Literacy and Technology (I) . Prerequisite: SOC 111 and SOC 255.

**SOC 372 - Sociology of Religion (3 credits)**

This course explores religion in its varied manifestations as a social institution, as a cultural practice, and as a pattern of beliefs and practices that are shaped by and, in turn, shape societal conditions. Emphasis is placed on the role of religion in the public arena (political, the economical, and popular media), religious pluralism and conflict, the impact of race, gender, and social class on religion and the ongoing debate over the appropriate role of religion in social life.

Distribution: Advanced. Prerequisite: SOC111 AND SOC102.

**SOC 374 - Political Sociology (3 credits)**

This course is the study of the social causes and consequences of given power distributions within or between societies and of the conflicts that lead to changes in the allocation of this power. The social backgrounds of extremist movements and of the "True Believers" that join them will be analyzed.

Distribution: Advanced. Prerequisite: SOC111.

**SOC 377 - Sociology of Women (3 credits)**

This course is specially designed to afford the student and/or professional person an open and non-threatening opportunity to examine both societal and personal sex role stereotyping and the attendant societal mechanisms by which these roles are mandated and enforced. A brief survey of women in society will be followed by an in-depth look at the women's movement and institutional change.

Distribution: GE: Social Sciences - Sociology (SSSO) | Advanced (ADVD). Prerequisite: SOC 111.

**SOC 378 - American Community (3 credits)**

This course examines the nature, structure, and functions of the community. It includes a study of the inter-relations of major institutions in the community; attention is directed to the city, the small town, and the rural community.

Distribution: GE: Social Sciences - Sociology (SSSO) | Advanced (ADVD). Prerequisite: SOC 111.

**SOC 390 - Field Work and Observation (3 credits)**

This course is designed to provide the student with the opportunity to obtain practical experience with an agency in the community. Supervision will be given by both the community agency and the instructor. Periodic meetings will be held to discuss the experience.

Distribution: Advanced (ADVD). Prerequisite: SOC111.

**SOC 485 - IS: (3 credits)**

This course consists of directed research and study on an individual basis. The student wishing independent study must contact a member of the Department of Sociology who is willing to supervise the study.

The student's request for independent study must then be approved by the members of the Department. A minimum of five (5) hours per credit of exclusive time with the supervising faculty member will be made available to the student.

Distribution: Advanced.

**SOC 486 - Field Work and Observation (1 - 15 credits)**

This course is designed to provide the student with the opportunity to obtain practical experience with an agency in the community. Supervision will be given by both the community agency and the instructor. A weekly seminar class will be held with the instructor to discuss the experience.

Distribution: Advanced.

**SOC 487 - Foreign Study I (3 credits)**

This course consists of a study trip to observe at first hand the metamorphosis of postwar Europe, a study of the history and governmental systems of Western European countries, their economic growth and integration through the common market, investigation of the social environment on a formal and informal basis, and a general study of Western Europe in the post-war world.

Distribution: Advanced.

**SOC 488 - Foreign Study II (3 credits)**

This course consists of a study trip to observe at first hand the metamorphosis of postwar Europe, a study of the history and governmental systems of Western European countries, their economic growth and integration through the common market, investigation of the social environment on a formal and informal basis, and a general study of Western Europe in the post-war world.

Distribution: Advanced.

**SOC 490 - Social Implications Computers (3 credits)**

This course presents concepts on how computers impact our lives and our society. It provides a framework for professional activity that involves explicit consideration of the social impacts of computers and presents tools and techniques which are applicable to the problems posed by the social implications of computers.

Distribution: Advanced. Prerequisite: CPSC111 AND CPSC112 AND CPSC231 AND CPSC251.

**SOC 495 - Seminar (3 credits)**

This course consists of discussion and intensive study of selected topics, issues, problems, sociological writings, and investigations.

Distribution: Advanced (ADVD) | Level III Writing (W3) . Prerequisite: SOC 111 and SOC 412 and SOC 472.

## Special Education and Rehabilitation

### College of Education

Stroud Hall Room 108

570-422-3558

[www.esu.edu/sped](http://www.esu.edu/sped)

This degree program prepares candidates to teach students with mild to severe disabilities as well as working with parents, general educators, and related service personnel.

The programs in Special Education reflect a curriculum that combines existing and emerging theory and best practices based upon a conceptual framework that develops educators who are reflective and deliberate decision makers. Beginning educators develop knowledge, process, and professionalism.

The department offers the Integrated Program of studies cooperatively with the Departments of Early Childhood and Elementary Education and Professional and Secondary Education, leading to certification in both Special Education Early Childhood, Middle Level Education or 7 to 12. Graduates of Special Education/Dual Certificate programs will be eligible to apply for certification to teach students in grades Pre-K to 4, 4 to 8, or 7 to 12 with specific content, depending on their area of specialization in addition to teaching special education in PK-12.

All teacher education candidates are in frequent consultation with their academic advisors to make sure they are meeting the appropriate program and certification requirements which will vary depending on their selected program.

### Student Organizations

**The Council for Exceptional Children (CEC)** is a campus group that is part of an international organization that promotes quality programs for individuals with disabilities, gifts and talents. CEC provides great opportunities to meet fellow special educators and work with individuals of all ages who have disabilities. Some of the CEC activities include:

- Connect with individuals in the field for a practical application
- Advocating for students and individuals with disabilities
- Working with families and students who have disabilities
- Scheduling guest speakers to present information about current special education topics
- Attending a state-level CEC conference

**Sigma Pi Epsilon Delta** is the national Honor Society for Special Education and Rehabilitation majors. After completion of 9 credits of special education major coursework and with two recommendation letters, students may apply to join the honorary. Interested applicants must have earned an overall cumulative quality point average of 3.25 or higher in addition to 50 hours of working with individuals with disabilities. Honor society members support activities for individuals with disabilities in the community.

**Best Buddies** is an international organization that enhances the lives of people with intellectual disabilities by providing opportunities for one-to-one friendships and integrated employment. At East Stroudsburg University, we match university students and individuals with intellectual disabilities throughout the community in one-to-one friendships.

**Rehabilitative Services Student Organization (RSSO)** is the organization for majors in Rehabilitative and Human Services. Members of the organization host speakers from adult service agencies and provide services from area rehabilitation agencies. Our organization is also an active supporter of the Pennsylvania Rehabilitation Association, which is the state chapter of the National Rehabilitation Association.

### Scholarships

Several scholarship opportunities are available to ESU students majoring in Special Education or Rehabilitative Services:

- Dr. John Kovalkoski Memorial Scholarship
- Class of 1937 Scholarship
- Class of 1938 Scholarship
- Class of 1940 Scholarship
- Class of 1942 Scholarship
- Class of 1945 Scholarship
- Class of 1954 Scholarship
- Class of 1955 Scholarship
- SOAR Scholarship

For application deadlines and procedures, contact the Special Education and Rehabilitation Department at 570-422-3558, or visit Stroud Hall, Room 108 or [www.esu.edu/sped](http://www.esu.edu/sped).

### About the Program

- **Special Education PK-12 (Special Education certification only)**
- **Special Education PK-12 with Dual Certification in Pre-K-4**
- **Special Education PK-12 with Dual Certification in Middle Level (4-8)**
- **Special Education PK-12 with Dual Certification in Secondary Content**

Special Education is an exciting and rewarding field and one that is also challenging and demanding. ESU is renowned for producing outstanding special education teachers who improve the lives of individuals with disabilities.

The Special Education Dual Certification programs at ESU prepare special education teachers to teach children with mild to severe disabilities, as well as, students in general education and to work with parents, general educators, and related service personnel. ESU's Special Education programs reflect the latest research into best practices and a conceptual framework that develops educators who are reflective and deliberate decision makers.

Graduates of the Special Education/Dual Certification programs will be eligible to apply for certification to teach general education students in either Pre-K through 4th grade, 4th through 8th grades, or 7th through 12th grades, in addition to teaching students with disabilities in PK-12 grades. Requirements will vary based on program entry and completion dates. Check with the department for details.

### Are you interested in ...

- Working with children and youth who have various disabilities
- Becoming involved in the academic, behavioral, and social development of students
- Teaching life skills and providing career counseling to students

### Why choose Special Education or Dual Certification Programs at ESU?

- Qualified, experienced faculty

- Small class sizes
- Practical experiences
- CAEP accredited programs

### Is a Special Education or Dual Certification Program a career path for me?

#### Career Potential

- Special education teacher
- Early Intervention teacher
- Elementary school teacher
- Middle school teacher
- Secondary school teacher
- Paraprofessional
- Teacher's assistant
- Child care worker
- Transition coordinator

More detailed career information is available from the department.

#### Department Admissions

Please refer to the section The College of Education (p. 58) in this catalog for specific requirements for admission into teacher education programs. Majors should meet regularly with their academic advisor in order to discuss and monitor major requirements and procedures for admission into each program. Information on requirements and procedures on admittance are available in the department student handbook available in the department office.

#### Student Teaching

One semester of student teaching is required for certification in Special Education. Students must have a 3.0 or higher GPA *prior to* graduation from ESU in the State of Pennsylvania. In addition, all students must pass the required PRAXIS certification tests required through the Pennsylvania Department of Education.

### Special Education B.S.- PK-12 (Special Education Certification only)

Formal Admittance to the Teacher Education Program between 48 and 60 Credits (see College of Education) by the Teacher Education Council [TEC].

**SPED - Special Education Courses****SPED 102 - Diversity of the Learner (3 credits)**

This course provides opportunities for students to understand the diversity of learners in the twenty-first century classroom. This course will cover the use of Universal Design for Learning to meet the unique needs of all learner including those with exceptionalities and language/cultural differences. Students will be asked to reflect on their background and personal attitudes regarding inclusion and diversity and will have opportunities to refine their professional development goals after completing field experiences.

**SPED 105 - Special Education History and Law (3 credits)**

The purpose of this course is to develop a foundation of understanding of the past and present perspective of individuals with disabilities and how this history had led to special education legislation and law. The course will develop knowledge about the nature and needs of learners with exceptionalities and their families, recognition of the existing and emerging models of services and the educational law supporting the individual's rights to an appropriate education.

*All students are required to complete 20 hours of field experience which will require proof of appropriate clearances.*

Prerequisite: PSED 150.

**SPED 201 - Assessment and Evaluation in Special Education (3 credits)**

This course emphasizes the legal, ethical and procedural issues involved in the assessment process in special education. Basic measurement procedures, the referral to placement process, administration of formal/informal measures, and instructional planning concepts in general and special education will be addressed.

Prerequisite: SPED 105.

**SPED 210 - Learning Disabilities: Theory into Practice (3 credits)**

This course considers service delivery options, etiologic factors, and characteristics of students with specific learning disabilities. Metacognitive approaches to diagnosis and intervention are explored with emphasis on adapting instruction for diverse learning styles of individuals with learning disabilities in general and special education settings.

**SPED 214 - Positive Behavior Support (3 credits)**

This course addresses all elements of effective classroom management which emphasizes behavior reduction strategies that are consistent with a positive behavioral support approach. All elements of conducting a functional assessment in developing a behavioral support plan for school and/or employment settings are addressed.

Prerequisite: SPED 105. Crosslisted as: SPRE 214.

**SPED 215 - Instructional Planning in Special Education (3 credits)**

This course addresses the planning process for students with high and low incidence disabilities and gifted and talented for multiple school settings within the continuum of services. Lesson planning, unit planning, IEP/IFSP planning and writing are key elements developed in this course with an emphasis on collaboration with other teaching and non-teaching staff members. Students are required to participate in an on-campus tutoring.

Distribution: Advanced (ADVD). Prerequisite: SPED 105 and SPED 201 and SPED 214.

**SPED 232 - Child Development and Cognition (3 credits)**

This course presents typical and atypical development from conception through age nine, interaction between heredity and environment, parent-child relations, development and stabilization of personality, attitudes toward self and others, physical, social and cognitive development. Particular emphasis is placed on understanding special needs of students.

*ENGL 103: English Composition is a recommended, but not required, pre-requisite.*

Crosslisted as: ECED 232.

**SPED 271 - Recreation for Individuals with Exceptionalities (3 credits)**

This course provides the student with an opportunity to participate in an on-site outdoor education program for local school aged children with exceptionalities. Emphasis on special recreational services include the development, supervision and administration of programs for all types of exceptionalities.

Prerequisite: SPED 103. Crosslisted as: SPRE 271.

**SPED 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

**SPED 313 - Curriculum and Instruction for Students with High Incidence Disabilities (3 credits)**

This course addresses curriculum development and instructional approaches for students with high incidence disabilities, with an emphasis on academic and behavioral education in multiple school settings within the continuum of services. Students will apply a systematic approach to planning and delivery of instruction, which includes assessment data to create instructional programs within the general curriculum, comprehensive evaluation strategies, and generating instructional decisions based on assessment and performance data. Students choose, evaluate and construct instructional materials.

This course includes 15 hours of required fieldwork.

Distribution: Advanced (ADVD). Prerequisite: Departmental Approval and SPED 105 and SPED 201 and SPED 214.

**SPED 314 - Curriculum and Instruction for Students with Low Incidence Disabilities (3 credits)**

This course addresses curriculum development and instructional approaches for students with significant, low incidence disabilities, with an emphasis on functional education in school and community based settings. Students will apply a systematic approach to planning and delivery of instruction, which includes person centered planning and general case instruction.

This course includes 15 hours of required fieldwork.

Distribution: Advanced (ADVD). Prerequisite: Departmental Approval and SPED 105 and SPED 201 and SPED 214.

**SPED 315 - Scaffolding Language and Literacy Development for Students with Disabilities (3 credits)**

This course prepares pre-service special education teachers to provide effective literacy instruction to students with mild to severe language, reading, and writing disabilities. The course emphasizes research-based assessment and instructional techniques that scaffold the development of language and literacy skills for students with disabilities. IEP elements related to assessing skills, planning goals, and monitoring progress for students with language and literacy disabilities, elements related to their Individualized Education Plans (IEPs) are featured.

*Requisite requirements for this course are different based on student majors. Middle Level and Professional/Secondary Education Majors may take REED 350 as a pre-requisite or concurrently, as a co-requisite.*

Distribution: Advanced (ADVD). Prerequisite: (Early Childhood Education and Early Childhood/Special Education Majors: REED 314);(Special Education Major: all required SPED 100 | 200 Courses); (Communication Sciences and Disorders Majors: SPPA 101)(Middle Level Education and Professional/Secondary Education: REED 350, prior or concurrent). Crosslisted as: REED 315.

**SPED 350 - Assessment of Student Learning and Behavior in Diverse Communities (3 credits)**

This course emphasizes the important of the assessment process in the decision making role of the teacher. The legal, ethical and procedural elements involved in the assessment process will be examined as well as the elements of effective classroom management emphasizing behavior reduction strategies that are consistent with positive behavioral support approach.

This course is intended for non-special education majors and requires 15 hours of fieldwork.

Distribution: Advanced (ADVD). Prerequisite: PSED 150 and PSED 250.

**SPED 351 - Collaboration for Inclusion (3 credits)**

This course examines research-based effective practices that promote successful inclusion for students and adults in school and community settings. The course will also explore the functions of collaboration and consultation with co-teachers and other school personnel. Collaboration, co-teaching, cooperative learning,

adaptations/modifications, differentiated instructional delivery models and practical philosophical approaches to collaboration for inclusion are explored as well as legal and ethical issues related to inclusive practices will be explored. Weekly field experiences in a Professional Development School will emphasize the application of course content and instructional theories to teaching.

*All Special Education and Integrated Special Education students must complete all required 200 level classes as well as department screening prior to enrollment.*

*Non-major students must have permission of instructor.*

Distribution: Advanced (ADVD). Prerequisite: SPED 201 and SPED 214 and SPED 215.

### **SPED 420 - Student Teaching in Special Education I (6 credits)**

This course entails fifteen weeks of guided teaching of individuals with exceptionalities.

*Departmental approval must be obtained prior to enrollment which requires all requirements described under the Student Teaching section in this catalog be completed and student has a minimum of 2.8 cumulative GPA.*

Distribution: Advanced (ADVD).

### **SPED 485 - IS: (3 credits)**

This course consists of directed research and study on an individual basis. The student wishing independent study must contact a member of the Department of Sociology who is willing to supervise the study. The student's request for independent study must.

Distribution: Advanced.

### **SPED 486 - Field Experience and Internship (12 credits)**

This course consists of at least one field experience placement with populations having physical or mental disabilities in various agencies, developmental centers, rehabilitation facilities, and the like that serve the needs of that population throughout the tri-county area. Assignments in other geographical areas will be utilized by the department when deemed appropriate. Field experience supervision will be provided by the faculty of Special Education and Rehabilitation.

Distribution: Advanced.

## **Sport Management**

#### ***The Faculty of Sport Management***

210 Zimbar/Koehler Fieldhouse  
570-422-3495

[www.esu.edu/smgmt](http://www.esu.edu/smgmt)

#### **About the Program**

The Department of Sport Management offers a bachelor of science degree with a major in Sport Management. This program prepares students for professional careers in the sports management industry. The program provides students with many options and considerable flexibility in course selection, depending on interest and goals. Course offerings are extensive and there are opportunities for internships in professional sports, college athletics, amateur and Olympic athletics, and recreation sport.

### **Sport Management Club**

The Sport Management Club convenes undergraduate and graduate students to exchange ideas, promote sport management, advance the professional interests of its members, and foster a closer relationship among its members and with other campus groups. The club is open to all majors.

#### **Are you interested in...**

- Sports & Athletics
- Working with others in a dynamic environment

#### **Choose Sport Management at ESU**

- Expert, experienced faculty
- Guest speakers from the world of sports business
- Off-campus internship experience
- Sport Management Club

#### **Is Sport Management a career path for me?**

##### **Career Potential**

- Stadium / arena management
- Team / league management
- Sport marketing
- Ticketing & Sales

##### **Career Settings**

- Professional sport teams and leagues
- School athletic departments
- College recreation centers

*More detailed career information is available from the department.*

**Accelerated Pathway from B.S. in Sport Management to M.S. in Sport Management or MS. in Management and Leadership - Sport Management**

**ACCELERATED PATHWAY FEATURES**

**145 Total Credit Hours**

(111 Undergraduate Credits Hours and 34 Graduate Credit Hours)

*Program Description*

The Sport Management Accelerated Pathways Program offers qualified undergraduate Sport Management students with at least junior standing to take graduate coursework that will apply to both bachelor's and master's degrees: 1) Bachelor of Science (BS) in Sport Management and Master of Science (MS) in Sport Management, and 2) Bachelor of Science (BS) in Sport Management and Master of Science (MS) in Management and Leadership Sport Management Concentration. Students accepted to the Accelerated Pathways Program can save time and money to earn both bachelor's and master's degrees in five years.

**Combined Bachelor of Science (BS) in Sport Management and Master of Science (MS) in Sport Management**

The Accelerated Pathways Program offers students to complete both BS and MS in Sport Management degrees in five years. Interested candidates for the Accelerated Pathways Program should have an overall GPA of 3.40. This program consists of a minimum of 111 credit hours of undergraduate course work, a maximum of 9 semester hours of graduate course work to count towards both the undergraduate and graduate degrees. Students will receive a BS in Sport Management degree after successful completion of the fourth year. In the fifth year, students will complete 25 credits of graduate

coursework and receive a MS in Sport Management degree. See 5 Year Curriculum Program Plan combined BS & MS in Sport Management.

**Combined Bachelor of Science (BS) in Sport Management and Master of Science (MS) in Management and Leadership Sport Management Concentration**

The Accelerated Pathways Program offers students to complete both BS and MS in Management and Leadership Sport Management degrees in five years. Interested candidates for the Accelerated Pathways Program should have an overall GPA of 3.40. This program consists of a minimum of 111 semester hours of undergraduate course work, a maximum of 9 credit hours of graduate course work to count towards both the undergraduate and graduate degrees. Students will receive a BS in Sport Management degree after successful completion of the fourth year. In the fifth year, students will complete 25 credits of graduate coursework and receive a MS in Management and Leadership Sport Management degree. See 5 Year Curriculum Program Plan combined BS & MS in Mgmt & Leadership Sport Management.

**Student Eligibility**

To apply for the Sport Management Accelerated Pathways Program, students **must**:

- Be enrolled in Bachelor of Science (BS) in Sport Management program
- Have a minimum of 45 credits but no more than 60 credits at ESU
- Have a minimum 3.40 overall GPA

**Additional Requirement:** Student accepted to the Accelerated Pathways Program must maintain a minimum of 3.40 overall GPA and receive a B or higher grade in graduate courses in order to count credits toward Master's degree.

**5 YEAR CURRICULUM PROGRAM PLAN COMBINED B.S. & M.S. IN SPORT MGMT.**

3. **Total Credits: 145** (111 undergraduate credits + 34 graduate credits).

## Minor in Sport Management

Sport as a career follows the trend of sport's growing importance in society; sport helps define social and cultural identity in American society (Schwab, Dustin, Legg, Arthur-Banning, Timmerman & Wells, 2012). As the field of sport management is one of the fastest growing fields and majors on campus, students are encouraged to diversify their educational and applied experiences (COSMA). In order to diversify, many ESU students major in Sport Management with minors in Communication, Business Management or Spanish. Students interested in careers in the sport management industry could also diversify educational and applied experiences with a Sport Management Minor to compliment many other majors (e.g., Media Communication & Technology, Communication, Business Management).

### DEGREE REQUIREMENTS

21 Credits

*Requirements List*

SMGT 201	Foundations of Sport Management	3
SMGT 302	Psychosocial Aspects of Activity	3
	Choose 12 credits from the following	
SMGT 304	Historical Concepts of Movement and Sport	3
SMGT 347	Introduction to Sport Law	3
SMGT 405	Comparative and International Issue in Sport and Physical Activity	3
SMGT 408	Financing Sport Operations	3
SMGT 409	Concepts of Sport Marketing	3

SMGT 447	Sport Facilities	3
----------	------------------	---

*Co-requisites*

ECON 111	GN: Principles of Macroeconomics	3
----------	----------------------------------	---

OR

ECON 112	GN: Principles of Microeconomics	3
----------	----------------------------------	---

*Additional requirements*

Pre-requisites: 2.5 GPA, ECON 111 or 112, minimum "C" grade in minor courses &amp; co-requisite

## Athletic Coaching

### DEGREE REQUIREMENTS

A minor in Athletic Coaching would better prepare undergraduate students interested in coaching either as a full-time position, a part-time position or as a volunteer. Additionally, a coaching minor may help students interested in graduate education earn an assistantship as an athletic coaching graduate assistant. Currently, a number of SMGT, PETE and other students coach on a part-time or volunteer basis and many ESU Athletic Teams have student managers from a number of majors across campus.

In addition to student interest in Athletic Coaching, many state and national organizations have created standards to assess the quality of training and continuing education for coaches in the United States. Currently the U.S. is the only major economic country that does not have mandatory training standards for athletic coaches and "a majority of youth sports coaches are ill equipped for their role" (Sage & Eitzen, 2013, p. 86). Organizations working to improve training standards include Pennsylvania Interscholastic Athletic Association, Inc. (PIAA), Society of Health and Physical Educators (SHAPE), and the National Interscholastic Athletic Administrators Association (NAAIA).

The Society of Health and Physical Educators (SHAPE; previously known as National Association of Sport and Physical Education (NASPE)) has developed National Standards of Sport Coaches (see <http://www.shapeamerica.org/standards/coaching/coachingstandards.cfm>), which overviews eight domains of coaching with standards and benchmarks in each domain. A solid minor in Athletic Coaching would include coursework from four departments (i.e., ATEP, EXSC, SMGT, PETE) to meet SHAPE's domains. This proposed Athletic Coaching Minor will require students to take coursework across the four departments, while still providing much flexibility to meet the students' interests and needs.

*Requirements List:***22 credits**

SMGT 209	Principles of Coaching	3
SMGT 404	Philosophical Concepts of Movement and Sport	3
SMGT 406	Theory and Techniques of Coaching	3

**Subtotal: 9**

EXSC 202/ATEP 202	Kinesiology - Applied Anatomy	3
EXSC 203	Kinesiology: Mechanical Analysis	3
EXSC 310	Exercise Physiology I	3
EXSC 447	Sports Nutrition	3
PETE 220	Physical Conditioning	1
PETE 253	Aquatics	1
PETE 302	Psycho-Social Aspects of Children's Activity	2
PETE 453	Water Safety Instructor	1
SMGT 302	Psychosocial Aspects of Activity	3
SMGT 304	Historical Concepts of Movement and Sport	3
SMGT 347	Introduction to Sport Law	3
SMGT 403	Women, Sports and the Body	3
SMGT 405	Comparative and International Issue in Sport and Physical Activity	3

Other courses may be taken with approval of minor advisor.

*Additional Requirements:*

1. A 2.5 overall GPA
2. "C" or better in all minor courses
3. At least one course must be taken in each of the four departments: ATEP, EXSC, PETE, SMGT

### Minor in Sport and Exercise Psychology

The Sport Management, Psychology & Exercise Science Departments often have student inquiries about a minor in Sport & Exercise Psychology. These requests come not only from students in these majors but also Physical Education Teacher Education, Exercise Science & Interdisciplinary Studies as well as a number of student-athletes and aspiring coaches. These interested students represent departments across the ESU Colleges (e.g., Sport Management; Psychology; Physical Education Teacher Education; Management; Recreation Management; Exercise Science); therefore, our three departments have joined together for a multidisciplinary minor proposal in Sport & Exercise Psychology.

A minor in SEP will better prepare undergraduate students interested in graduate education in the area. Students will understand the behavior of individuals in sport and exercise with specific focus on the major sport and exercise concerns related to a psychological perspective. Content areas include personality and motivation factors, performance in groups, enhancing sport performance, and the psychological effects of participation in sport and exercise.

## DEGREE REQUIREMENTS

18 credits

### Requirements List

PSY 100	GN: General Psychology	3
PSY 321	Theories Of Personality	3
SMGT 304	Historical Concepts of Movement and Sport	3

Minkyoo Lee (mlee17@esu.edu)

Xiaochen Zhou (xzhou@esu.edu)

## SMGT - Sport Management Courses

### SMGT 201 - Foundations of Sport Management (3 credits)

This course is designed to present an overview of the structure of the sport industry, as well as issues facing sport organizations and how management techniques can be applied to solve business problems. A description of career opportunities in sport will be presented with special interest in helping the student design a course of study that best meets his/her goals. The development of effective communication skills will be emphasized through class presentations and written assignments.

This course is designed for students majoring or minoring in sport management.

Prerequisite: 2.5 overall GPA and ECON 111 (Grade of C or higher) or ECON 112 (Grade of C or higher).

### SMGT 209 - Principles of Coaching (3 credits)

This course is designed to provide insight into the coaching profession. It will examine the many facets of the area and provide suggested guidelines for prospective coaches to use in establishing their own style and method of coaching.

### SMGT 286 - Early Internship (1 - 3 credits)

This experience enables a student to explore the role of a professional in a sport fitness or rehabilitation setting under the close supervision of a work-site supervisor.

Prerequisite: Sophomore Standing (30+ credits), Minimum 2.0 GPA and Departmental Approval.

### SMGT 290 - Special Topics: ((Semester hours arranged))

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

### SMGT 302 - Psychosocial Aspects of Activity (3 credits)

This course analyzes movement activities as psychosocial phenomena, including consideration of the symbolic and cultural nature of movement forms within a framework of human personality, motivation, and social values and organization.

Distribution: Advanced (ADVD) | Level II Writing (W2). Prerequisite: (SMGT 201 and SMGT 209) or Junior Standing [60+ credits].

### SMGT 304 - Historical Concepts of Movement and Sport (3 credits)

This course considers important themes, chronology, and biography in the study of the history of movement, sport, and physical education in the United States.

*This course is restricted to Sport Management majors and/or Sport Management or Athletic Coaching minors.*

Distribution: Advanced (ADVD) | Level II Writing (W2) . Prerequisite: ENGL 103 and SMGT 201.

**SMGT 309 - Sales Strategies in the Sports Industry (3 credits)**

This course is designed to offer students a comprehensive understanding of sales management in the sport industry. Topics include sport sales process and operations, understanding different sales strategies and methods, and creating sales plans and tactics for a variety of inventory unique to the sport industry. This sport focused course acclimates students to the highly competitive sales sector of the sport industry.

Distribution: Advanced (ADVD). Prerequisite: MGT 200 and SMGT 201.

**SMGT 327 - Stress Management in Exercise and Sport (3 credits)**

This course concerns the occurrence of stress in relation to exercise and sport settings, the potential for movement forms to serve as stress reducers, and other factors involved in stress and stress management. In laboratory experiences attention will be given to learning relaxation skills and leading others in relaxation and other stress reduction activities.

Distribution: Advanced (ADVD). Prerequisite: SMGT 201 or Junior Standing (60+ credits) with Department Permission.

**SMGT 346 - Computer Applications in Sport Management (3 credits)**

This course is designed to acquaint the student with computer applications in sport management. Applications are discussed in light of their use in sport-related areas.

Distribution: Advanced (ADVD). Prerequisite: SMGT 201 and (15) additional credits in SMGT .

**SMGT 347 - Introduction to Sport Law (3 credits)**

This course is designed to address an increasing need for sport managers to be aware of the legal implications of their managerial performance. This course will provide an introduction to the legal issues facing those in the sports industry.

Distribution: Advanced (ADVD). Prerequisite: SMGT 201 and MGT 200.

**SMGT 402 - Psychology of Sport and Exercise (3 credits)**

This course provides a broad overview for understanding the behavior of individuals in sport and exercise and focuses specific attention on the major sport and exercise concerns related to a psychological perspective. Content areas include personality and motivation factors, performance in groups, enhancing sport performance, and the psychological effects of participation in sport and exercise.

Distribution: Advanced (ADVD). Prerequisite: (SMGT 201 and SMGT 302) or (2) PSY courses. Crosslisted as: EXSC 402.

**SMGT 403 - Women, Sports and the Body (3 credits)**

This course examines women's socialized attitudes toward movement and the body and their participation and roles in sport at diverse levels of competition and organization; reference is accorded psychological data, legal provisions, and social factors as these are particularized for women.

Distribution: Advanced (ADVD). Prerequisite: SMGT 302 or Senior Standing (90+ Credits).

**SMGT 404 - Philosophical Concepts of Movement and Sport (3 credits)**

This course concerns the philosophical problems and questions central to movement and to the movement experience, the

comparison of Eastern and Western views relevant to movement, and ethical questions are considered. Attention is also directed to the implications of particular views for both performance and professional roles.

*Requisite course SMGT 304: Historical Concepts of Movement and Sports may be taken as a pre-requisite or concurrently, as a co-requisite.*

Distribution: Advanced (ADVD). Prerequisite: SMGT 201 and SMGT 302 and SMGT 304.

**SMGT 405 - Comparative and International Issue in Sport and Physical Activity (3 credits)**

This course studies form, regularity, and explanation of physical activity and sport in selected countries compared with the United States. It examines comparative strategies which can be used to answer questions or test hypotheses about international and international problems related to physical activity and sport.

Distribution: Advanced (ADVD). Prerequisite: SMGT 201 and SMGT 302.

**SMGT 406 - Theory and Techniques of Coaching (3 credits)**

This course is designed to provide an overview of the theories and strategies necessary to become a successful coach. The welfare of the athlete will be the primary focus. Sport areas covered will be philosophy, pedagogy, physiology, medicine, and management.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing with 96+ Credits.

**SMGT 408 - Financing Sport Operations (3 credits)**

This course is designed to present an analysis of financial concepts and theories and their application in the professional, intercollegiate, recreational, and commercial sport industries. Topics include revenues and expenses of professional, intercollegiate, and private sport industries, issues affecting these revenues and expenses, fundraising at the intercollegiate level, ownership in sport, and public and private funding for non-profit sport programs.

Distribution: Advanced (ADVD). Prerequisite: SMGT 201 and MGT 211.

**SMGT 409 - Concepts of Sport Marketing (3 credits)**

This course is designed to build on the basic understanding of mainstream marketing concepts and apply such concepts in the sport setting. Doing so entails both comparison and contrast of the mainstream marketing practices with sport marketing practices. Lectures and readings will examine the application of marketing principles to collegiate and professional sport, special events, international sport, broadcasting, and facility management. Sport marketing cases will require students to critically analyze business decisions.

Distribution: Advanced (ADVD). Prerequisite: SMGT 201 and MGT 204.

**SMGT 440 - Contemporary Sport (3 credits)**

This course is designed to enable the student to recognize sport as a social institution and to analyze the theoretical implications of sport in the contemporary world in relation to actual contexts and existing structures as they have developed and been modified in the twenty-first century.

Distribution: Advanced (ADVD) | Level III Writing (W3) | Info. Literacy and Technology (I) . Prerequisite: Senior Standing (90+ credits) and SMGT 201 and SMGT 302 and SMGT 304.

**SMGT 445 - Organization and Administration of Sport Operations (3 credits)**

This course is designed to enable the student to demonstrate ability to utilize accepted practices of administering sport management principles as well as organization of intramural, club, and interscholastic sport. It includes in-depth analysis of administrative concepts as they relate to practice.

*Teacher certification students may take PETE 400 as a pre-requisite or co-requisite.*

Distribution: Advanced (ADVD). Prerequisite: 75+ Credits and SMGT 201 (Physical Education Teacher Certification Students must also complete PETE 100 and PETE 400).

**SMGT 447 - Sport Facilities (3 credits)**

The principles and applications of facility design, maintenance and event management as they apply to indoor and outdoor sport facilities will be analyzed. Students will critique existing sport facilities and complete related assignments.

Distribution: Advanced (ADVD). Prerequisite: Senior Standing (90+ credits) and SMGT 201 and SMGT 445.

**SMGT 485 - IS: (1 - 3 credits)**

The principles and applications of facility design, maintenance and event management as they apply to indoor and outdoor sport facilities will be analyzed. Students will review existing sport facilities and complete related assignments.

Distribution: Advanced. Prerequisite: SMGT 201, 445 and advanced standing of 90 credits.

**SMGT 486 - Field Experience & Internships (12 credits)**

This course deals with independent research and study under the direction of a faculty member and is designed to deepen the student's interest in a particular area of an academic field. The directing faculty member will be available exclusively to the student for a minimum of five hours per credit. Approval for enrollment must be obtained from the faculty member and from the Department chair. Approval and granting of credit must be in accordance with procedures and standards established by the departmental faculty. The student must present a study prospectus prior to approval.

Distribution: Advanced. Prerequisite: 15 credits in SMGT.

## Theatre

### College of Arts and Sciences

#### *The Faculty of Arts and Letters*

Fine and Performing Arts Center, Room 207  
570-422-3759

[www.esu.edu/theatre](http://www.esu.edu/theatre)

#### **About the Program**

A bachelor's degree in Theatre will prepare students for a variety of careers within the entertainment industry and beyond. The Theatre program's combined performance, design and technical curriculum

develops a breadth of knowledge and practical skills necessary to enter the profession or graduate school.

Students receive training in all aspects of theatre. As they discover and develop their unique talents, students will work closely with faculty advisers to develop their strengths as an actor, designer, director, stage manager or theatre technician.

Theatre is also a business, and all of our students are introduced to the unique entrepreneurial aspects of creative enterprises. These skills can also be applied to many dynamic careers such as television and film, teaching, management, advertising, law, journalism and politics.

#### **Why Major in Theatre?**

- To have a successful career you love!
- Theatre leads to diverse job options
- Theatre develops leadership, problem solving and time management skills
- You will become the force of social change
- Theatre is an art, a vibrant creative field, a vocation
- Theatre will open up your world to new and exciting possibilities

#### **Choose Theatre at ESU**

- Professionally experienced faculty
- Excellent facilities
- Academic preparation combined with practical application
- Faculty mentoring
- Creative collaboration in a nurturing environment
- Multiple performance opportunities
- Leadership development
- Study abroad programs
- Acquire soft skills sought after by employers in any field
- Participate in the Kennedy Center American College Theater Festival
- Direct exposure to professional theatre in nearby New York City and Philadelphia.

#### **Performance Opportunities:**

Students of any major are welcome to audition for theatre productions and are invited to participate behind the scenes in design and technical theatre. Auditions are posted on the large bulletin board in the Fine Arts building lobby and announced at Stage II and in Theatre classes. Auditions for the first Fall production often take place as early as the first week of school.

Students may audition beginning in their freshman year for roles in Theatre Department mainstage productions and Stage II productions. A number of classes also provide performance opportunities through showcases and recitals with no auditions required: Stage and Comic Technique, Children's Theatre, Directing, Advanced Acting (class entry by audition), Collaborative Theatre Workshop, and Acting for Musical Theatre.

Theatre productions encompass a range of genres including:

- Classical Theatre,
- Musical Theatre
- Contemporary Theatre
- Theatre for Young Audiences
- Student clubs, Stage II, and Musical Theatre Organization produced performances

*More information is available from the department faculty.*

### **What Programs are offered?**

- B.A. Theatre- Acting for Theatre, Television and Film
- B.A. Theatre- Musical Theatre
- B.A. Theatre- Design/Technical Theatre
- B.A. Theatre- Directing
- Minor in Theatre

After appropriate preparation through classes and entry-level experiences, students are invited to take on leadership positions in ESU theatre productions that bolster their resumes and often lead to internships, employment and graduate school opportunities.

### **Internship Program**

Students are encouraged to complete professional internships. After students have some basic training and experience, faculty help students identify professional opportunities that align with their area of interest. ESU theatre majors have interned at prestigious performing arts organizations including Williamstown Theatre Festival, Berkshire Theatre Group, Jacob's Pillow Dance Festival, People's Light and Theatre, Metropolitan Opera, and L.A. Theatre Works.

### **Student Theatre Clubs**

ESU students develop strong social ties, and a home base within the larger university, through intensive production work and two student theatre clubs: Stage II and Musical Theatre Organization (MTO). Stage II produces a student directed, acted and designed play festival annually. MTO produces musical theatre cabarets and performs at a variety of campus and community functions.

### **Careers in Theatre**

Entertainment is one of the biggest exports in the United States. Theatre is one of the biggest industries in nearby New York City. Theatre department alumni are working in arts and entertainment in the United States and internationally, have gone on to excellent graduate programs, and have transferred their skills to related fields.

#### **Artistic**

- Director
- Actor (Theatre or Film/TV/Internet)
- Artistic Director
- Scenic Designer/Art Director
- Costume Designer/Fashion Designer
- Lighting Designer
- Sound Designer

- Make-up Artist
- Video Projection Designer

#### **Teaching**

- Theatre Professor
- Acting Teacher
- High School Drama Teacher
- Education Director

#### **Technical**

- Technical Director
- Stage Manager
- Costume Shop Manager
- Scenic/Props Carpenter
- Scene Painter
- Master Electrician/Gaffer (Film)
- Properties Master
- Sound Engineer

#### **Administrative**

- Executive Director
- Producer
- Production Manager
- Publicity Director
- Casting Director
- Agent
- Events Manager

#### **Diverse Career Options**

"(Performing arts) producers (and directors) share many responsibilities with those who work as top executives."

*U.S. Department of Labor Statistics*

#### **Skills shared by top executives and those trained in theatre leadership:**

- Highly developed interpersonal skills
- An analytical mind
- Quick assessment of large amounts of information and data
- Evaluation of the relationships between numerous factors
- Clear and persuasive communication
- Ability to meet deadlines under pressure
- Flexibility to adapt to unexpected obstacles
- Leadership, self-confidence, motivation, decisiveness, flexibility, sound judgment, and determination

*U.S. Government Occupation Outlook Handbook 2008-9*

**Theatre B.A.****PROGRAM FEATURES**

----------	-------------------	---

(beyond core requirement).

*TRACK II: Musical Theatre*

(20 Credits- 15 from major plus 5 credits cognates in Music, 2 credits Directed Dance/FIT GE's)

THTR 127	GN: Movement for the Actor	3
THTR 202	Acting II	3
THTR 211	GN: Voice For Performance	3
THTR 350	Acting for Musical Theatre	3

*three semester credits from:*

THTR 310	Advanced Acting Styles	3
THTR 343	Directing	3
THTR 440	Collaborative Theatre Workshop	3

*TRACK III: Design/ Technical Theatre*

(20 Credits- 17 from major, plus 3 cognate credits in Art):

THTR 343	Directing	3
----------	-----------	---

*two additional credits of:*

THTR 103	Theatre Practicum	1
----------	-------------------	---

(at least one as design assistant or in technical leadership)

*nine semester hours (at least six must be design courses) from:*

THTR 240	GN: Stage Make-Up	3
THTR 301	Costume Design	3
THTR 331	Theatrical Lighting	3
THTR 332	Scene Painting	3
THTR 430	Scenic Design	3

*and one additional theatre studies course from:*

THTR 320	Women in Theatre	3
THTR 325	Asian Theatre	3
THTR 330	Africana Theatre	3
THTR 335	Latino Theatre	3
THTR 420	Myth and Ritual In Theatre	3

*TRACK IV: Directing*

(20 credits- 17 from THTR, plus 3 cognate credits in MCOM)

THTR 343	Directing	3
----------	-----------	---

*two additional credits in*

THTR 103	Theatre Practicum	1
----------	-------------------	---

(at least one as AD, ASM, or SM)

*six additional acting/directing credits (at least one must be an acting course) from:*

THTR 202	Acting II	3
THTR 310	Advanced Acting Styles	3
THTR 440	Collaborative Theatre Workshop	3

THTR 486	Field Experience and Internship	1-12
<i>three credits of design from</i>		
THTR 301	Costume Design	3
THTR 331	Theatrical Lighting	3
THTR 430	Scenic Design	3
<i>and one additional theatre studies course from</i>		
THTR 320	Women in Theatre	3
THTR 325	Asian Theatre	3
THTR 330	Africana Theatre	3
THTR 335	Latino Theatre	3
THTR 420	Myth and Ritual In Theatre	3

*Required Cognate Courses:*

*Core:*

None

*Track I:*

Three credits from:

DMET 210	Television: Studio Production I	3
CMST 163	GN: Introduction to Film Study	3
CMST 229	Broadcast Journalism	3

*one semester hour from Dance from*

FIT 141	International Ethnic Dance	1
FIT 142	Social and Ballroom Dancing	1

*Track II:*

Two keyboard credits chosen from:

*and three music theory credits from:*

MUS 101	GN: Fundamentals Music	3
---------	------------------------	---

*Track III:*

Three credits in studio Art (by advisement)

*Track IV:*

Co-requisite:

DMET 210	Television: Studio Production I	3
----------	---------------------------------	---

*Additional Requirements: Directed GE Courses:*

*Core:*

9 credits of directed GEs:

*One Humanities Fine Art*

THTR 100	GN: Introduction to Theatre	3
----------	-----------------------------	---

*One Humanities Performing Art*

THTR 210	GN: Design for the Performing Arts	3
----------	------------------------------------	---

*Plus Doubling Up in either Fine or Performing Art with:*

THTR 101	GN: Play Production	3
----------	---------------------	---

OR

THTR 230	GN: Stagecraft	3
----------	----------------	---

THTR 101: (PA)

THTR 230 (FA)

*Track I:*

NONE

*Track II:*

Two FIT credits in Dance from

FIT 141	International Ethnic Dance	1
---------	----------------------------	---

FIT 142	Social and Ballroom Dancing	1
---------	-----------------------------	---

*Track III:*

NONE

*Track IV:*

NONE

*Residency Requirement:*

A minimum of 12 upper division theatre credits at East Stroudsburg University.

For more information, contact the department by calling 570-422-3694 or email department secretary Debra Wassel at [dwassel@esu.edu](mailto:dwassel@esu.edu). For information on specific tracks, contact the track adviser. To become a major, contact the theatre chair. For information on the minor, contact any theatre faculty member.

Department of Theatre

For ticket information call 570-422-3483 x4.

**Theatre Minor**

The Department of Theatre 's minor provides students with challenging and inspiring courses, which can be selected in consultation with their advisor to focus on the specific discipline of theatre they are interested in – acting, musical theatre, theatre for young audiences, community outreach, design, technical theatre, developmental drama, and directing.

This minor works well with many majors on campus (like education, speech pathology, psychology, business management and communication) allowing students to follow their passion and do what they love. They will be able to apply many of the "soft skills" they learn in theatre classes to their chosen careers – making them better prepared for the work force.

**PROGRAM FEATURES:**

19 credits

*Required courses:*

THTR 100	GN: Introduction to Theatre	3
----------	-----------------------------	---

THTR 103	Theatre Practicum	1
<i>one of:</i>		
THTR 101	GN: Play Production	3
THTR 102	GN: Acting	3
THTR 230	GN: Stagecraft	3
<i>one of:</i>		
THTR 310	Advanced Acting Styles	3
THTR 343	Directing	3
THTR 341	Stage Management	3
<i>one of:</i>		
THTR 211	GN: Voice For Performance	3
THTR 301	Costume Design	3
THTR 332	Scene Painting	3
THTR 430	Scenic Design	3
<i>one of:</i>		
THTR 302	Cross Cultural Theatre: Origins to 18th Century	3
THTR 304	Cross Cultural Theatre: 19th Century to Present	3
THTR 420	Myth and Ritual In Theatre	3

*plus three additional credits from any of the above-listed courses.*

Students enrolled in technical theatre courses will gain practical as well as theoretical experience and are required to assist on theatre productions.

Participation in Stage II and/or Musical Theatre Organization, the student run theatre clubs, is strongly encouraged.

## Theatre Course Sequences

### Notes on Course Planning

- All ESU students are required to take a total of 30 upper division semester credits (300 level or above) and 42 credits of advanced coursework. The number of upper level credits covered by the B.A. theatre varies by track. Additional upper division courses will be required outside the track requirements and/or outside the major.
- Upper division courses generally require one or more prerequisites and are offered less frequently, so students will need to plan for them.
- Even if you complete all GE and major requirements, you must have 120 minimum credits of 100 to 400 level courses to graduate with a B.A.
- Students should make sure to take THTR 100, THTR 101 and THTR 102 in their first year of study as these courses are the bases for other courses and production work.

- Fitness electives particularly recommended for actors include yoga, any dance style, gymnastics, martial arts, or fencing. However, any kind of regular fitness class or program will be helpful.
- Technical theatre courses have a lab component involving work on theatre productions for students to gain practical as well as theoretical experience.
- All student performers are expected to contribute minimal hours to the technical aspect of productions in which they are cast.
- Participation in Stage II, the student run theatre club, and the Musical Theatre Organization (M.T.O.) is strongly encouraged.
- Students may have to vary their course sequence to accommodate courses, which are offered less frequently.

### ANTICIPATED SCHEDULES

(Subject to change by the university without notice)

*Offered every Fall and Spring semester:*

THTR 100	GN: Introduction to Theatre	3
THTR 101	GN: Play Production	3
THTR 102	GN: Acting	3
THTR 103	Theatre Practicum	1
THTR 100, THTR 200: (multiple sections)		
THTR 101: (1 section)		
THTR 103: (1 credit course, 1 section)		

*Offered every other year:*

THTR 118	GN: Stage and Comic Technique	3
THTR 127	GN: Movement for the Actor	3
THTR 202	Acting II	3
THTR 204	GN: Musical Theatre	3
THTR 210	GN: Design for the Performing Arts	3
THTR 211	GN: Voice For Performance	3
THTR 220	GN: Children's Theatre	3
THTR 240	GN: Stage Make-Up	3
THTR 301	Costume Design	3
THTR 302	Cross Cultural Theatre: Origins to 18th Century	3
THTR 304	Cross Cultural Theatre: 19th Century to Present	3
THTR 310	Advanced Acting Styles	3
THTR 331	Theatrical Lighting	3
THTR 332	Scene Painting	3
THTR 341	Stage Management	3
THTR 343	Directing	3
THTR 350	Acting for Musical Theatre	3
THTR 360	Acting for the Camera	3
THTR 420	Myth and Ritual In Theatre	3

THTR 430 Scenic Design 3

*Offered In Rotation Over a Four-Year Period:*

(Dependent on specialties of available faculty)

THTR 320 Women in Theatre 3

THTR 325 Asian Theatre 3

THTR 330 Africana Theatre 3

THTR 335 Latino Theatre 3

THTR 440 Collaborative Theatre Workshop 3

THTR 325: (also offered periodically on tour in China)

THTR 440: by audition/interview

*Offered by Special Arrangement:*

THTR 230 GN: Stagecraft 3

THTR 486 Field Experience and Internship 1-12

THTR 490 Senior Seminar 3

*Offered Currently through Communication:*

Introduction to Film Studies

Art and History of Film

Film Genre

## Theatre Faculty

### Professors:

Christopher Domanski (cdomanski@esu.edu)

### Assistant Professors:

Jason Narvy (jnarvy@esu.edu)

Bethanie Watson (bwatson4@esu.edu)

## THTR - Theatre Courses

### THTR 101 - GN: Play Production (3 credits)

This course in the art and technique of play production is designed to enhance the student's understanding of the theatrical production process and to aid the prospective producer of school and amateur theatricals. The class covers theatrical organization, theatre facilities, types of staging, and a survey of the many technical elements involved in the production of plays and musicals.

*Participation in production is required.*

Distribution: GE: Humanities-Performing Arts (HUPA) | GN: Group A - Performing Arts (APA) | Artistic Expression (A).

### THTR 102 - GN: Acting (3 credits)

This course aims at the development of basic acting techniques. Emphasis is placed on developing greater confidence before an audience and increasing one's power of imagination, observation, and concentration. Beginning techniques of character development will be explored. Preparation of specific acting assignments is required.

Distribution: GE: Humanities-Performing Arts (HUPA) | GN: Group A - Performing Arts (APA) | Artistic Expression (A).

### THTR 103 - Theatre Practicum (1 credit)

This course is designed to allow students academic credit for participation in the theatre production program of the Theatre Department. Work in the technical and performance areas is included.

*Participation in production is required.*

Distribution: GE: Humanities-Performing Arts (HUPA).

### THTR 118 - GN: Stage and Comic Technique (3 credits)

This course explores comedy and comic techniques from the broadest, most physical form of farce to the intellectual wit of comedy of manners. It stresses the fundamental conventions and techniques found in the performance of comedy. The course also reinforces the basic techniques of performance, including relaxation observation, and concentration. Preparation of specific performance assignments is required.

Distribution: GE: Humanities-Performing Arts (HUPA) | GN: Group A - Performing Arts (APA) | Artistic Expression (A).

### THTR 127 - GN: Movement for the Actor (3 credits)

This course explores comedy and comic techniques from the broadest, most physical form of farce to the intellectual wit of comedy of manners. It stresses the fundamental conventions and techniques found in the performance of comedy. The course also reinforces the basic techniques of performance, including relaxation observation, and concentration. Preparation of specific performance assignments is required.

Distribution: GN: Group A - Performing Arts (APA) | Artistic Expression (A).

### THTR 202 - Acting II (3 credits)

This course will cover advanced topics in understanding and application of acting technique by expanding the students' dramatic range. Early to mid-20th century American plays, foreign language plays in translation, and other plays outside the students' familiar culture, will be the source materials for scenes and monologues to be analyzed, researched and performed.

*Course may be repeated for credit with a different instructor.*

Distribution: Advanced (ADVD) | GE: Humanities-Performing Arts (HUPA) . Prerequisite: THTR 102 and (THTR 100 or THTR 127 or THTR 211 or THTR 218 or THTR 220). Offered: Fall Semester/Alternate Years.

### THTR 204 - GN: Musical Theatre (3 credits)

This course is a broad study of the various elements and repertoire that constitute musical theatre. This study will examine the music, characters, plots of specific works relating them to the music, and artistic achievement, characters, historical significance, social relevance, and performance practices. Material will cover various aspects of musical comedy, operetta, cabaret, and opera. This is a general course for all students interested in broadening their awareness of the form.

Distribution: GE: Humanities - Fine Arts (HUFA) | GN: Group A - Fine Arts (AFA) | Artistic Expression (A).

### THTR 210 - GN: Design for the Performing Arts (3 credits)

This course is an introductory study focusing on fundamental principles and practices of visual and aural design for the performing arts. Analytical topics of study include history of design for the

performing arts, script analysis, director and designer communication, and the integration of design elements into a unified production. Various design media will be introduced and be explored to effectively present concepts and designs.

Distribution: GE: Humanities - Fine Arts (HUFA) | GN: Group A - Fine Arts (AFA) | Artistic Expression (A) | Info. Literacy and Technology (I)

### **THTR 211 - GN: Voice For Performance (3 credits)**

This course will focus on the development of physical awareness of the vocal process through exercises in relaxation, body alignment and support of tone. Further development of actor's voice in range, power, flexibility and articulation will also be explored. Preparation of readings in prose, poetry and dramatic monologue will be included.

Distribution: GE: Humanities-Performing Arts (HUPA) | GN: Group A - Performing Arts (APA) | Communication (C).

### **THTR 220 - GN: Children's Theatre (3 credits)**

This course consists of selection, adaptation, and presentation by adults of plays for young audiences; it includes a study of plays with suitable moral and social values.

Distribution: GE: Humanities-Performing Arts (HUPA) | GN: Group A - Performing Arts (APA) | Artistic Expression (A).

### **THTR 230 - GN: Stagecraft (3 credits)**

This course is an introduction to the theory and practice of contemporary set construction properties, stage engineering, lighting and sound. Students will be introduced to the tools and specialized equipment of both the scene and light shops.

*Participation in production is required.*

Distribution: GE: Humanities - Fine Arts (HUFA) | GN: Group A - Fine Arts (AFA) | Artistic Expression (A).

### **THTR 235 - Drafting for Performing Arts (3 credits)**

This course will introduce students to the craft of hand and computer-aided drafting for theatre and the entertainment industry. The students will develop industry-standard drafting and visual communication skills used in the various stages of planning and executing a set design for a given production.

Prerequisite: THTR 100 or THTR 101 or THTR210.

### **THTR 240 - GN: Stage Make-Up (3 credits)**

This course is centered around the theory and practice of theatrical make-up techniques where students will learn how to conduct various types of research, design and use a practical application of stage make-up.

Distribution: GE: Humanities - Fine Arts (HUFA) | GN: Group A - Fine Arts (AFA) | Artistic Expression (A).

### **THTR 290 - Special Topics: ((Semester hours arranged))**

These courses are designed to meet specific needs of groups of students or courses to be offered on a trial basis in order to determine the demand for introducing them as part of the university curriculum.

### **THTR 301 - Costume Design (3 credits)**

This course emphasizes the design, history, and construction of costumes for theatre, television, and film. The emphasis will be on script analysis, research, and design concepts. Design construction

projects allow the student to gain a greater understanding of the role of a costume designer in the theatrical process.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD).  
Prerequisite: THTR 100 or THTR 101.

### **THTR 302 - Cross Cultural Theatre: Origins to 18th Century (3 credits)**

This course will provide an understanding of the history and literature of theatre from the ancient times through the 18th Century. Emphasis is placed on how the theatre has reflected the political, social, economic, and cultural trends in each era. Plays from the various periods are read and analyzed.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD).  
Prerequisite: THTR 100 or (SOC 102 and enrollment in Diversity Certification).

### **THTR 304 - Cross Cultural Theatre: 19th Century to Present (3 credits)**

This course will provide an understanding of the history and literature from the 19th Century to the present. Emphasis is placed on how the theatre has reflected the political, social, economic, and cultural trends in each era. With an emphasis on Western theatre, plays from the various periods are read and analyzed.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD).  
Prerequisite: THTR 100 or (SOC 102 and Enrollment in Diversity Certificate).

### **THTR 310 - Advanced Acting Styles (3 credits)**

This course provides further study of character development that includes contemporary scene study with additional focus on improvisation, concentration, observation and voice and movement techniques. These techniques are applied in the preparation and presentation of scenes and monologues.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD).  
Prerequisite: (THTR 102 and THTR 211) or Departmental Permission.

### **THTR 320 - Women in Theatre (3 credits)**

This course will cover the development of a female dramatic tradition. Research will be conducted on the positions that came to be filled by women in the course of theatre history: playwright, director, producer, actress, teacher, designer, dramaturge and critic. Studies will be made of plays that feature strong female roles. The texts will range from Greek classics to contemporary works.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD).  
Prerequisite: THTR 100 or ENGL 103 or WMST 150.

### **THTR 325 - Asian Theatre (3 credits)**

This course will provide an overview of Asian theatre with emphasis on its texts, theatrical aesthetics, and conventions of production. Cultural and historical contexts of diverse Asian theatrical styles and their influences in world theatre will be examined.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD).  
Prerequisite: THTR 100 or ENGL 103 or SOC 102 or IIS 100.

### **THTR 330 - Africana Theatre (3 credits)**

This course presents a wide range of the drama and theatre of Africa and the African Diaspora. It examines the themes, functions, conventions, creative techniques, and styles deriving from the specific

historical and geographical settings in Africa, the Americas, the Caribbean, and Britain.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD).  
Prerequisite: THTR 100 or ENGL 103 or SOC 102 or IIS 100.

### **THTR 331 - Theatrical Lighting (3 credits)**

This course is concerned with the theory and practice of designing lighting for the performing arts. Students will be introduced to script analysis and conceptualization of plays, musicals, and dance and will learn to develop light plots in an experimental theatre setting. Students will provide their own drafting equipment.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD).  
Prerequisite: THTR 230.

### **THTR 332 - Scene Painting (3 credits)**

This course is concerned with the theory and practice of scene painting. Students will explore a variety of scene painting techniques and how they can artistically be translated to the stage.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD).  
Prerequisite: THTR 230.

### **THTR 333 - Digital Technology for the Performing Arts (3 credits)**

This course will provide an opportunity for students to use various software programs to aid in design, rendering and technical drawing for the performing arts. Students will be introduced to Qlab, the Adobe Suite, and three-dimensional components of Vectorworks and AutoCad as they complete specific projects. This class will allow students to learn on contemporary industry standard programs to be competitive in any technical theatre field.

Distribution: Advanced (ADVD). Prerequisite: (THTR 100 or THTR 101 or THTR 210) and THTR 235.

### **THTR 335 - Latino Theatre (3 credits)**

This course investigates a diverse range of the theatre of Spain, Latin America, and the Caribbean, as well as Latino/Latina cultures in the United States. Through an investigation of the work of prominent Latina/Latino theatre artists this course delves into the themes, conventions, and aesthetics influencing theatre in these cultures, and influencing culture from these artists.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD).  
Prerequisite: THTR 100 or ENGL 103 or SOC 102 or IIS 100.

### **THTR 341 - Stage Management (3 credits)**

This course is offered for students interested in production management areas. A study of audition, rehearsal and production management techniques will be made. Emphasis will be on planning and organizational skills for stage management.

Distribution: Advanced (ADVD). Prerequisite: THTR 100 or THTR 101.

### **THTR 343 - Directing (3 credits)**

Basic principles and techniques of stage direction will be explored. This course will provide director, actor or designer the necessary methods and tools to analyze and synthesize the elements necessary to ring a production to life before an audience. Topics include: play analysis, creating the ensemble, conceptual unity, metaphor and organizational responsibilities of director. Presentation of scenes will be required.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD).  
Prerequisite: THTR 100 and THTR 102.

### **THTR 350 - Acting for Musical Theatre (3 credits)**

This course introduces techniques on integrating acting with both voice and movement into a Musical Theatre performance. Further development of basic acting will be emphasized using the "given circumstances," discovering objectives, obstacles, tactics, relationships, and beats. Scene and song assignments will be made from the classical canon of American Musical Theatre.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD).  
Prerequisite: THTR 102.

### **THTR 360 - Acting for the Camera (3 credits)**

This course will focus on adapting and applying acting technique to the unique demands of an on-camera TV studio or film set environment. Acting concepts and film/TV terminology and procedures, as well as expected preparation for and conduct on a set will be covered.

Distribution: Advanced (ADVD). Prerequisite: THTR 102.

### **THTR 420 - Myth and Ritual In Theatre (3 credits)**

This course explores myth and ritual as they relate to theatre, both in their primitive foundations and in their modern applications. The use of masks and various primary aspects of theatre and acting will be examined, culminating in an informal performance reflecting elemental acting skills, as they relate to mythical and ritualistic foundations of theatre.

Distribution: Advanced (ADVD). Prerequisite: THTR 100 and THTR 102.

### **THTR 430 - Scenic Design (3 credits)**

This course is concerned with the theory and practice of designing scenery for the performing arts. Students will be introduced to script analysis and conceptualization of plays and musicals and will learn to develop floor plans, models, construction elevations, finished color renderings of their design projects. Students will provide their own drafting equipment.

Distribution: GE: Humanities - Fine Arts (HUFA) | Advanced (ADVD).  
Prerequisite: THTR 230 and THTR 235.

### **THTR 440 - Collaborative Theatre Workshop (3 credits)**

This advanced course will focus on critical analysis and application of collaborative theatre techniques focused around a specific playwright, or theatrical style, or collaborative technique which will vary each time the course is taught. Admission to the course will be by audition for actors and by interview for all other positions.

Audition/interviews will take place one semester prior but some openings may still be available for new transfer students.

*This course may be repeated for additional credits.*

Distribution: Advanced (ADVD). Prerequisite: THTR 100 and THTR 102 and (THTR 202 or THTR 210 or THTR 310).

### **THTR 485 - IS: (1 - 15 credits)**

This course consists of directed research and study on an individual basis. It is open to a limited number of students who are juniors and seniors or who have completed 12 credit hours in Theatre Arts and who received departmental approval. A student engaging in Independent Study will complete a minimum of five (5) hours per

credit of exclusive conference time with the faculty member in charge of the Independent Study relative to the design, consultation, and evaluation of the study. The student must demonstrate competencies appropriate to the level of the course.

Distribution: Advanced.

**THTR 486 - Field Experience and Internship (1-12 credits)**

This course provides field experience gained through placement in a practical on-the-job situation under professional supervision.

Distribution: Advanced (ADVD).

**THTR 490 - Senior Seminar (3 credits)**

This is a culminating seminar designed to prepare students for the entry into the theatre profession or graduate programs. Students will review theory and practice, as well as professional presentation expectations relevant to their theatre tracks and create individual career plans. Students will develop a portfolio of exemplary materials both newly created and selected from their best undergraduate work for presentation to potential employers and graduate schools.

Distribution: Advanced.

## **Economic Development and Entrepreneurship**

---

**Mary Frances Postupack**, Vice President, Economic Development & Entrepreneurship

**Breanna Betarie**, Director, Career and Workforce Development

**Patrice Dume**, Director, Entrepreneurship

**Catherine Klingler**, Manager, Museum, Planetarium and Events

**Stephen Leddy**, Director, Conference Services

**Nicole Chinnici, Director**, Dr. Jane Huffman Wildlife Genetics Institute

# Faculty

This list of permanent faculty members is current as of August 7, 2023. Two dates follow each individual's name. The first indicates the year of appointment to the university and the second denotes the year of appointment to the academic rank or position indicated.

## **Kimberly S. Adams (2006, 2014)**

*Professor of Political Science*

B.S., 1995, University of Southern Mississippi  
M.S., 1997, University of Southern Mississippi  
Ph.D., 2003, University of Mississippi

## **Abdalla M. Aldras (1997, 2001)**

*Associate Professor of Biological Sciences*

B.S., 1981, Jordan University  
M.S.P.H., 1987, Tulane University  
Sc.D., 1991, Tulane University

## **Alberto Alegre (2006, 2019 )**

*Professor of Early Childhood and Elementary Education*

B.S., 1980, Universitat de Barcelona  
B.S., 1985, Universitat de Barcelona  
M.S., 1991, Universitat de Barcelona  
M.A., 2002, Goddard College  
Ph.D., 2008, Virginia Polytechnic Institute and State University

## **Mary Beth Allen (1997, 2008)**

*Professor of Reading*

B.S., 1979, University of Maryland  
M.Ed., 1989, Towson State University  
Ed.D., 1995, Texas A & M - Commerce

## **Edward J. Arner (2023, 2023)**

*Assistant Professor of Sport Management*

B.S., 2006, East Stroudsburg University  
M.S., 2009, East Stroudsburg University  
Ph.D., 2023, East Stroudsburg University

## **(Mary) Elizabeth Azukas (2018, 2023)**

*Professor of Professional and Secondary Education*

B.A., 1991, Pennsylvania State University  
M.A.T., 1994, The College of New Jersey

## **Paul V. Bartoli (2001, 2012)**

*Professor of Psychology*

B.A., 1988, Pennsylvania State University  
M.A., 1990, Marywood University  
Ph.D., 2002, Walden University

## **LuAnn Batson Magnuson (2010, 2022)**

*Professor of Communication Sciences and Disorders*

B.S., 1982, East Stroudsburg University  
M.S., 1987, Bloomsburg University  
Ph.D., 2010, University of Medicine and Dentistry of New Jersey

## **Nurun N. Begum (2007, 2023)**

*Professor of Early Childhood and Elementary Education*

B.Ed., 1997, University of Dhaka  
M.Ed., 1999, University of Dhaka  
M.A., 2004, Indiana University of Pennsylvania  
Ph.D., 2007, Indiana University of Pennsylvania

## **Todd Behr (1990, 2003)**

*Associate Professor of Economics*

B.A., 1973, Gettysburg College  
M.B.A., 1978, Lehigh University

## **Hanif M. Bey (2023, 2023)**

*Assistant Professor of Sociology, Social Work, and Criminal Justice*

B.A., 1989, St. John's University  
M.S., 2009, Marywood University  
Ph.D., 2018, Kutztown University/Millersville University

## **Renee R. Boburka (2002, 2018)**

*Professor of Psychology*

B.S., 1989, University of Pittsburgh  
M.S., 1994, Pennsylvania State University  
Ph.D., 1998, Pennsylvania State University

## **Gregory R. Boyce (2023, 2023)**

*Associate Professor of Chemistry*

B.S., 2006, Emory University  
Ph.D., 2011, University of North Carolina, Chapel Hill

## **Kelly M. Boyd (2007, 2020 )**

*Professor of Health Studies*

B.S.Ed., 1990, Truman State University  
M.S.Ed., 1991, Eastern Kentucky University  
Ph.D., 2005, Southern Illinois University

## **Steven Boyer (2020, 2020)**

*Assistant Professor of Chemistry*

B.S., 2012, Elizabethtown College  
Ph.D., 2017, Binghamton University

**Jill Boyle (2015,2015)**

*Instructor, OASIS*

B.A., 1981, East Stroudsburg University  
M.Ed., 1988, William Paterson University

**Valerie Braddock (2019, 2019)**

*Associate Professor of Nursing*

D.N.P., Walden University  
M.S.N., 2015, Walden University  
B.S.N., 1996, Seton Hall University

**Christine E. W. Brett (2005, 2018)**

*Professor of Physical Education*

B.S., 1993, Russell Sage College  
M.S., 1998, University of Southern Mississippi  
Ph.D., 2002, Ohio State University

**Christopher T. Brooks (2007, 2018)**

*Professor of History*

B.A., 1994, East Stroudsburg University  
M.A., 1998, East Stroudsburg University  
M.Litt. (studies), 1999-2001, University of Edinburgh, Scotland  
Dr. Phil., 2006, University of Kassel, Germany

**William Broun (2006, 2019)**

*Professor of English*

B.A., 1989, Miami University of Ohio  
M.A., 1993, Miami University of Ohio

**David Buckley (1990, 2000)**

*Professor of Physics*

B.A., 1981, Rutgers College  
M.S., 1983, Pennsylvania State University  
Ph.D., 1994, University of Massachusetts

**Olivia M. Carducci (2005, 2019)**

*Professor of Mathematics*

B.S., 1983, Saint Mary's College  
M.S., 1985, Carnegie Mellon University  
Ph.D., 1989, Carnegie Mellon University

**Marguerite Carver (2019, 2019)**

*Instructor of Athletic Training*

B.S., 2013, King's College  
M.S., 2015, West Chester University

**Kevin M. Casebolt (1999, 2014)**

*Professor of Physical Education*

B.S., 1992, Northern Illinois University  
M.S.Ed., 1995, University of Kansas  
Ph.D., 1998, University of Kansas

**Domenico G. Cavaiuolo (1998, 2008)**

*Professor of Special Education and Rehabilitation*

B.S., 1981 SUNY at Buffalo  
M.S., 1987, SUNY at Buffalo  
Ph.D., 1994, Temple University

**Jyh-Hann Chang (2006, 2016)**

*Distinguished Professor of Psychology*

B.S., 1990, Ursinus College  
M.A., 1992, Beaver College  
M.S., 1994, University of Connecticut  
Ph.D., 1997 University of Connecticut

**Dongsheng Che (2008, 2018)**

*Professor of Computer Science*

B.A., 1992, Zhejiang Forestry College  
M.S., 2000, University of Georgia  
M.S., 2002, University of Georgia  
Ph.D., 2008, University of Georgia

**Jeyaprakash Chelladurai (2019, 2019)**

*Assistant Professor of Computer Science*

B.S., 2003, University of Madras  
M.S., 2006, University of Northern British Columbia  
Ph.D., 2012, University of Calgary

**Stanley Li-Ming Chiang (2010, 2020)**

*Professor of Hotel, Restaurant, & Tourism Management*

B.S., 2002, Chinese Culture University  
M.S., 2004, Chinese Culture University  
Ed.D., 2010, University of Northern Iowa

**Minhaz Chowdhury (2018, 2018)**

*Assistant Professor of Computer Science*

B.S., 2008, Daffodil International University  
M.S., 2014, North Dakota State University  
Ph.D., 2018, North Dakota State University

**Laurene Clossey (2007, 2020)**

*Professor Social Work*

B.S., 1985, Western Connecticut State University  
M.S.W., 1988, Columbia University  
Ph.D., 2004, Bryn Mawr College

**Robert Cohen (1994, 2005)**

*Professor of Physics*

B.S., 1985, Pennsylvania State University  
M.S., 1988, Drexel University  
Ed.M., 1991, Temple University  
Ph.D., 1993, Drexel University

**Donna-Marie Cole-Malott (2022, 2022)***Assistant Professor of Professional and Secondary Education*

B.A., 2005, CUNY, Brooklyn College

M.A., 2007, CUNY, Brooklyn College

Ph.D., 2018, Pennsylvania State University

**Timothy M. Connolly (2007, 2017)***Professor of Philosophy and Religious Studies*

B.A., 2002, Xavier University

Ph.D., 2007, SUNY Buffalo

**Paul Creamer (2008, 2013)***Professor of Modern Languages*

B.A., 1988, University of Illinois

M.A., 1992, University of Wisconsin

Ph.D., 1999, University of Wisconsin

**Donald M. Cummings (1986, 2004)***Professor of Exercise Science*

B.S., 1984, College of Charleston

M.S., 1985, East Stroudsburg University

Ph.D., 1997, Temple University

**Marianne Cutler (2005, 2005)***Associate Professor of Sociology*

B.A., 1985, Boston University

M.Ed., 1990, University of Massachusetts

M.A., 1998, University of North Carolina

Ph.D., 2003, University of North Carolina

**Nicholas D'Angelo (2019, 2019)***Assistant Professor of Art + Media + Design*

B.A., 1996, Montclair State University

M.F.A., 2000, Cranbrook Academy of Art

**Deena D. Dailey (2021, 2021)***Assistant Professor of Psychology*

B.S., 2001, East Stroudsburg University

B.A., 2001, East Stroudsburg University

M.Phil., 2006, Graduate Center, City University of New York

Ph.D., 2010, Graduate Center, City University of New York

**Shala E. Davis (1997, 2006)***Distinguished Professor of Exercise Science*

B.S., 1987, University of Delaware

M.S., 1989, Wake Forest University

Ph.D., 1994, University of Virginia;

**Dominic (Don) J. Dellipriscoli (2002, 2005)***Assistant Professor of History*

B.S., 1993, East Stroudsburg University

M.A., 1995 East Stroudsburg University

**Mary DeVito (2001, 2016)***Professor of Computer Science*

B.S., 1984, East Stroudsburg University

M.S., 1987 East Stroudsburg University

Ph.D., 1998, Renesselear Polytechnic Institute

**Michelle DiLauro (2015, 2020)***Associate Professor of Social Work*

B.A., 1994, Rutgers University

M.S.W., 1995, Fordham University

Ph.D., 2001, Fordham University

**Susan Dillmuth-Miller (2008, 2019)***Associate Professor of Communication Sciences and Disorders*

B.S., 1991, Bloomsburg University

M.A., 1993, University of Cincinnati

AuD., 2008, PA College of Optometry School of Audiology

**Carol A. Dimopoulos (2022, 2022)***Assistant Professor of Business Management*

B.S., 2002, SUNY, Empire State College

M.B.A., 2006, Sage Graduate School

Ed.D., 2020, University of Illinois, Urbana-Champaign

**Caroline M. DiPipi-Hoy (2008, 2013)***Associate Professor of Special Education and Rehabilitation*

B.A., 1996, Marywood University

M.Ed., 1998, Lehigh University

Ph.D., 2004, Lehigh University

**Christopher Domanski (2016, 2021)***Professor of Theatre*

B.F.A., 1998, Wayne State University

M.F.A., 2003, Ohio University

**Xue (Stella) Dong (2019, 2019)***Assistant Professor of Art*

B.A., Tongji University, Shanghai China

M.A., Auburn University

**Michelle Donlin (2017, 2017)***Assistant Professor - Library*

B.A., 2006, Pennsylvania State University

M.S., 2012, University of Maryland

**Dennis C. Douds (1966, 1966)***Assistant Professor of Sports Management*

B.S., 1963, Slippery Rock University

M.S., 1966, West Virginia University

**Anthony L. Drago (1992, 2002)**

*Professor of Psychology*

B.A., 1976, East Stroudsburg University

M.A., 1980, Marywood College

Ed.D., 1986, Lehigh University

**Darla D. Drummond (2015, 2020)**

*Associate Professor of Criminal Justice*

B.A., 2007, Youngstown University

M.A., 2008, Marymount University

Ph.D., 2015, Indiana University of Pennsylvania

**Christopher H. Dubbs (2020, 2020)**

*Assistant Professor of Mathematics*

B.S., 2011, Lock Haven University

M.S., 2013, Michigan State University

Ph.D., 2020, Michigan State University

**Christopher Dudley (2011, 2016)**

*Associate Professor of History*

B.A., 2001, Oberlin College

M.A., 2003, University of Chicago

Ph.D., 2010, University of Chicago

**Colleen Dudzinski (2002, 2002)**

*Associate Professor of Athletics*

B.S., 1997, University of Pittsburgh

M.S., 2000, University of Pittsburgh

Ph.D., 2013, Rocky Mountain University of Health Professions

**Gregory B. Dwyer (1998, 2008)**

*Professor of Exercise Science*

B.A., 1982, University of Texas

M.A., 1983, Wake Forest University

Ph.D., 1992, Indiana University

**Erica Dymond (2018, 2018)**

*Assistant Professor of English*

B.A., 1995, Marywood University

M.A., 2000, University of Scranton

Ph.D., 2009, Lehigh University

**Sandra J. Eckard (2005, 2017)**

*Professor of English*

B.A., 1994, Frostburg State University

M.A., 1996, West Virginia University

Ph.D., 2001, Indiana University of Pennsylvania

**Johan L. Eliasson (2005, 2015)**

*Professor of Political Science*

B.S., 1997, California State University

M.A., 1999, Syracuse University

Ph.D., 2005, Syracuse University

**John K. Elwood (1999, 2015)**

*Professor of Physics*

B.A., 1991, Cornell University

M.S., 1993, California Institute of Technology

Ph.D., 1996, California Institute of Technology

**Sussie Eshun (1996, 2007)**

*Professor of Psychology*

B.A., 1989, University of Ghana

M.A., 1992, SUNY at Stony Brook

Ph.D., 1996, SUNY at Stony Brook

**Sarah Everett (2022, 2022)**

*Assistant Professor of Communication*

B.S., 2018, Indiana University of Pennsylvania

M.S., 2019, Indiana University of Pennsylvania

Ph.D., 2022, Indiana University of Pennsylvania

**Darlene Farris-LaBar (2006, 2016)**

*Professor of Art + Media + Design*

B.F.A., 1996, Indiana University of Pennsylvania

M.F.A., 1998, State University of New York

A.A.S., 2001, The College for Technology

**Christine Fischer (2017, 2022)**

*Associate Professor of Health*

B.A., 2009, East Stroudsburg University

M.S., 2011, East Stroudsburg University

Ph.D., 2014, University of Toledo

**Douglas Friedman (2010, 2010)**

*Associate Professor of Business Management*

B.A., 1986, University of Pennsylvania

M.B.A., 1994, Baruch College

Ph.D., 2005, University of Michigan

**Shannon L. Frystak (2007, 2017)**

*Professor of History*

B.S., 1990, Bowling Green State University

M.A., 1997, University of New Orleans

Ph.D., 2005, University of New Hampshire

**Rene Fuanta (2018, 2023)**

*Associate Professor of Chemistry and Biochemistry*

B.S., 2010, University of Buea

Ph.D., 2018, Auburn University

**James Galdieri (2017, 2022)***Assistant Professor, Faculty Athletic Trainer*

B.S., 2005, King's College

M.S., 2009, King's College

**Yevgeniv V. (Eugene) Galperin (2003, 2023)***Professor of Mathematics*

B.A., 1993, Connecticut College

M.S., 1996, University of Connecticut

Ph.D., 2000, University of Connecticut

**Heather M. Garrison (2006, 2010)***Associate Professor of Special Education and Rehabilitation*

B.S., 1995, East Stroudsburg University

M.Ed., 1998, East Stroudsburg University

M.Ed., 2002, DeSales University

Ph.D., 2008, Fordham University

**Andrew Gavalis (2022, 2022)***Assistant Professor of Reading*

B.A., 2007, Alvernia University

M.Ed., 2010, Kutztown University

Ed.D., 2017, Widener University

**Melissa S. Geiger (2004, 2011)***Associate Professor of Art + Media + Design*

B.A., 1995, Manhattanville College

M.A., 1998, Pennsylvania State University

Ph.D., 2005, Pennsylvania State University

**Beverlyn E. Grace-Odeleye (2005, 2005)***Assistant Professor, Academic Enrichment and Learning*

B.S., 1976, Southern Illinois University

M.Ed., 1980, Howard University

Ph.D., 2003, Regent University

**Michael P. Gray (2004, 2016)***Professor of History*

B.A., 1990, East Stroudsburg University

M.A., 1991, East Stroudsburg University

Ph.D., 1998, Kent State University

**Bonnie A. Green (2004, 2013)***Professor of Psychology*

B.S., 1986, Pennsylvania State University

M.S., 1998, Lehigh University

Ph.D., 2002, Lehigh University

**Erica L. Greer (2023, 2023)***Assistant Professor of Early Childhood and Elementary Education*

B.S., 2004, Pennsylvania State University

M.S., 2008, Wilkes University

Ed.D., 2018, Delaware Valley University

**Jeffrey W. Hardy (1998, 2006)***Associate Professor of Geography*

B.S., 1991, Mississippi State University

M.S., 1993, Louisiana State University

Ph.D., 1998, Louisiana State University

**Kelly A. Harrison (1993, 2020)***Associate Professor of Athletic Training*

B.S., 1988, University of Delaware

M.S., 1989, Ohio University

Ph.D., 2005, Rocky Mountain University of Health Professions

**T. Storm Heter (2005, 2020)***Professor of Philosophy and Religious Studies*

B.A., 1997, University of Illinois

M.A., 1999, University of Illinois

Ph.D., 2003, University of Illinois

**Brian Hodge (2017, 2023)***Associate Professor of Music*

BA., 2005, East Tennessee State University

MA., 2014, University of Memphis

D.M.A., 2018, University of Memphis

**Christine Hofmeister (2007, 2014)***Professor of Computer Science*

A.B., 1981, Bryn Mawr College

M.S., 1987, Lehigh University

Ph.D., 1993, University of Maryland

**Diane Holben (2018, 2023)***Associate Professor of Professional and Secondary Education*

B.S., 1987, Muhlenberg College

M.S., 1993, East Stroudsburg University

M.Ed., 2000, Arcadia University

Ed.D., 2009, Lehigh University

**David A. Holland (2023, 2023)***Associate Professor of Nursing*

B.S., 1986, West Chester University

M.S., 1998, St. Thomas University

Ph.D., 2008, Indiana University of Pennsylvania

M.S., 2018, Drexel University

**Jeffrey P. Hotz (2007, 2022)***Professor of English*

B.A., 1994, Georgetown University

M.A., 1997, Georgetown University

Ph.D., 2004, George Washington University

**Chin Hu (2006, 2017)**

*Professor of Sociology*

B.A., 1990, National Taiwan University

M.A., 1997, Syracuse University

M.S., 1998, Syracuse University

Ph.D., 1999, Syracuse University

**Shixiong Hu (2004, 2014)**

*Professor of Geography*

B.A., 1990, Henan University

M.S. 1995, South China Normal University

Ph.D., 2004, State University of New York- Buffalo

**Yi-hui Huang (2008, 2019)**

*Professor of Art + Media + Design*

B.A., 1994, National Chengchi University

M.A., 1996, University of Iowa

M.F.A., 1997, University of Iowa

Ph.D., 2008, Ohio State University

**James Hunt (2006, 2019)**

*Professor of Biological Sciences*

B.S., 1988, University of Rochester

Ph.D., 1996, University of California

**Mihye Jeong (2008, 2021)**

*Professor of Physical Education*

B.S., 1993, Dong-A University

M.S., 2000, Ewha Woman's University

Ph.D., 2008, University of Virginia

**Michael J. Jochen (2007, 2012)**

*Associate Professor of Computer Science*

B.A., 1991, University of Delaware

M.S., 2000, University of Delaware

Ph.D., 2007, University of Delaware

**T. Michelle Jones-Wilson (2000, 2017)**

*Professor of Chemistry*

B.S., 1988, Lafayette College

M.A., 1990, Washington University

Ph.D., 1995, Washington University

**Youngwook Ju (2023, 2023)**

*Assistant Professor of Hospitality, Recreation, and Tourism Management*

B.S., 2015, University of Missouri

M.S., 2017, University of Houston

Ph.D., 2023, Purdue University

**Christopher Lee Kavanau (2019, 2019)**

*Assistant Professor of Biological Sciences*

B.S., 2004, California State University

Ph.D., 2010, Icahn School of Medicine at Mount Sinai of NYU

**Jonathan P. Keiter (2005, 2022)**

*Associate Professor of Mathematics*

B.A., 1995, Wittenberg University

M.S., 1999, University of Connecticut

Ph.D., 2003, University of Connecticut

**Richard S. Kelly (2000, 2010)**

*Professor of Chemistry*

B.S., 1979, Davidson College

Ph.D., 1984, University of Vermont

**Irina K. Khusid (2006, 2014)**

*Associate Professor of Psychology*

B.A., 1998, Rhode Island College

M.A., 2000, Rhode Island College

Ph.D., 2007, New Mexico State University

**Laura Kieselbach (2017, 2023)**

*Associate Professor of English*

B.A., 2000, Pennsylvania State University

M.S., 2011, University of Central Florida

Ph.D. 2018, Northeastern University

**Heon Kim (2011, 2016)**

*Professor of Philosophy and Religious Studies*

B.A., 1994, Kankuk University of Foreign Studies

M.A., 2001, Marmara University

M.A., 2005, Temple University

Ph.D., 2008, Temple University

**Haklin A. Kimm (1999, 2006)**

*Professor of Computer Science*

B.S., 1979, Korea University at Seoul

M.S., 1984, University of Oklahoma

Ph.D., 1988, University of Oklahoma

**Jessica Klugh**

*Instructor, Athletic Trainer*

B.S., 2013, Slippery Rock University

M.S., 2016, Ohio University

**Heather Knickerbocker (2021, 2021)**

*Instructor, Counseling and Psychological Services*

B.A., 2002, East Stroudsburg University

M.S.W., 2004, Marywood University

**John W. Kraybill-Greggo (2004, 2015)***Professor of Social Work*

B.S.W., 1984, Mansfield University

M.S.W., 1986, Marywood College

Ph.D., 2004, Rutgers University

**Thomas C. LaDuke (1997, 2000)***Associate Professor of Biological Sciences*

B.S., 1981, Michigan State University

M.S., 1983, Michigan State University

Ph.D., 1991, City University of New York

**Katherine Lazzara (2023,2023)***Assistant Professor of Communication Sciences and Disorders*

B.S., 1983, Bloomsburg University of Pennsylvania

B.S., 1986, Jersey City State College

M.S., 2004, East Stroudsburg University

**Eun-Joo Lee (2008, 2023)***Professor of Computer Science*

B.S., 1989, Chonnam National University

M.S., 1991, Chonnam National University

Ph.D., 1997, Chonnam National University

**Jaedeock Lee (2009, 2021)***Professor of Sport Management*

B.A., 2003, Yonsei University

M.S., 2005, Yonsei University

Ph.D., 2009, Texas A&amp;M University

**Cynthia A. Leenerts (2005, 2010)***Associate Professor of English*

B.A., 1987, George Mason University

M.A., 1990, George Mason University

Ph.D., 1997, George Washington University

**Clare M. Lenhart (2013, 2023)***Professor of Health*

B.S., 2002, University of Pittsburgh

M.P.H., 2005, University of Medicine and Dentistry of New Jersey

Ph.D., 2012, Temple University

**Allen Lim Chong Guan (2021, 2021)***Assistant Professor of Business Management*

B.S., Indiana University of Pennsylvania

M.S., University of Sunderland

M.S., University of South Australia

D.B.A., Southern Cross University

Ph.D., Curtin University

**Paul Lippert (1985, 1998)***Professor of Communication*

B.A., 1977, University of Michigan

M.A., 1980, New York University

Ph.D., 1990, New York University

**William M. Loffredo (1994, 2002)***Professor of Chemistry*

B.S., 1982, Lebanon Valley College

Ph.D., 1988, Ohio State University

**Joshua Loomis (2015, 2020)***Associate Professor of Microbiology*

B.S., 1998, University of Florida

Ph.D., 2003, Pennsylvania State University

**Maria Mackey (2023, 2023)***Associate Professor of Nursing*

B.S., 1996, Allentown College

M.S., 2007, University of Phoenix

D.N.P., 2016, American Sentinel University

Ph.D., 2021, Indiana University of Pennsylvania

**Richard J. Madigan (1995, 1999)***Associate Professor of English*

B.A., 1974, University of Florida

M.F.A., 1990, Indiana University

**Carrie Lynn Maloney (2014, 2022)***Professor of Criminal Justice*

B.A., 2001, Pennsylvania State University

M.A., 2005, Rutgers University

Ph.D., 2013, Rutgers University

**Monica Manchester (2019, 2019)***Associate Professor of Nursing*

D.N.P., Drexel University

M.S.N., 2012, Drexel University

B.S.N., 2009, East Stroudsburg University

**Robert E. Marmelstein (2005, 2013)***Professor of Computer Science*

B.S., 1985, Michigan Technological University

M.S., 1991, University of Lowell

Ph.D., 1999, Air Force Institute of Technology

**James F. Maroney (2002, 2006)***Associate Professor of Music*

B.S., 1978, Western Connecticut State College

M.M., 1981, Ithaca College

Artist Diploma, 1987, Hartt School, University of Hartford

Ed.D., 1995, Teachers College, Columbia University

**Kenneth M. Mash (1997, 2006)**

*Distinguished Professor of Political Science*

B.A., 1987, Queens College, City University of New York

M.A., 1990, Pennsylvania State University

Ph.D., 1997, Pennsylvania State University

**Scott Mathers (2020, 2020)**

*Assistant Professor of Criminal Justice*

B.S., 1999, Coe College

M.A., 2005, Western Illinois University

Ph.D., 2014, Mississippi State University

**Claranne Mathiesen (2019)**

*Assistant Professor of Nursing*

B.S., 1985, East Stroudsburg University

M.S., 1993, Villanova University

**David Mazure (2010, 2020)**

*Professor of Art + Media + Design*

B.F.A., 1998, Rutgers State University of New Jersey

M.F.A., 2009, East Tennessee State University

**Andrea M. McClanahan (2003, 2013)**

*Professor of Communication*

B.A., 1998, Bloomsburg University

M.A., 1999, Ball State University

Ph.D., 2003, Ohio University

**Adam McGlynn (2010, 2020)**

*Professor of Political Science*

B.A., 2001, Plattsburgh State University

M.A., 2002, Stony Brook University

Ph.D., 2007, Stony Brook University

**Kelly McKenzie (2017, 2022)**

*Associate Professor of Academic Enrichment and Learning*

A.A., 1990, San Bernadino College

B.A., 1992, California State University, San Bernadino

M.Ed., 1994, East Stroudsburg University

D.Ed., 2015, Indiana University of Pennsylvania

**Frederick Meitner (2020, 2020)**

*Assistant Professor of Hospitality, Recreation & Tourism*

B.B.A., 2013, Columbia Southern University

E.M.B.A., 2015, Strayer University

Graduate Certificate, 2019, Pennsylvania State University

Ph.D., 2020, Iowa State University

**Annie Mendoza (2010, 2023)**

*Professor of Modern Languages*

B.A., 1998, Marquette University

M.A., 2001, University of Miami

Ph.D., 2010, University of California

**Matthew Miltenberger (2013, 2018)**

*Associate Professor of Exercise Science*

B.S. 2003, East Stroudsburg University

M.S., 2004, East Stroudsburg University

Ph.D., 2013, Seton Hall University

**Ko Mishima (2007, 2019)**

*Professor of Political Science*

B.A., 1991, Keio University

M.P.A., 1998, Harvard University

Ph.D., 2005, Johns Hopkins University

**Gavin Moir (2005, 2015)**

*Professor of Exercise Science*

B.S., 1996, Leicester University

M.M.S., 1997, University of Sheffield

Ph.D., 2004, University of Edinburgh

**Margaret Mullan, (2017, 2022)**

*Associate Professor of Communication*

B.A., 2008, Anáhuac University

M.A., 2013, Spring Arbor University

Ph.D., 2017, Duquesne University

**Shawn Munford (2006, 2022)**

*Professor of Exercise Science*

B.S., 2001, Bloomsburg University

M.S., 2004, East Stroudsburg University

Ph.D., 2011, Walden University

**Jason A. Narvy (2023, 2023)**

*Assistant Professor of Theatre*

B.A., Franklin and Marshall College

M.Litt., 2005, Mary Baldwin University

Ph.D., 2010, University of California

**Douglas Nay (2015, 2017)**

*Associate Professor of Business Management*

B.S., 1982, Rutgers University

M.B.A., 1988, New York University

D.P.S., 2003, Pace University

**Pattabiraman Neelakantan (1992, 2002)**

*Professor of Economics*

B.S., 1981, Indian Institute of Technology

M.S., 1983, National Institute for Training in Industrial Engineering  
Ph.D., 1992, State University of New York, Buffalo

**Kristin Noblet (2016, 2021)**

*Associate Professor of Mathematics*  
B.S., 2005, Plymouth State University  
M.Ed., 2012, Plymouth State University  
Ph.D., 2016, University of Northern Colorado

**Erin O' Donnell (2009, 2015)**

*Associate Professor of History*  
B.A., 1985, University of Louisiana  
M.A., 1991, North Carolina State University  
Ph.D., 2009, University of Chicago

**Inalegwa Ode-Ichakpa (2022, 2022)**

*Assistant Professor of Business Management*  
B.Sc., Ahmadu Bello University  
M.B.A., 2012, University of Wales  
Ph.D., 2017, Manchester Metropolitan University

**Richard Forbes Otto (2008, 2020)**

*Associate Professor of Art + Media + Design*  
B.A., 1995, University of Arizona  
B.A., 1995, University of Arizona  
M.A., 2001, Marywood University  
Ph.D., 2007, University of Memphis

**S. Hooshang Pazaki (2005, 2012)**

*Professor of Sociology*  
B.S., 1977, University of Esfahan  
M.S., 1981, University of Missouri  
Ph.D., 1992, University of Missouri

**Tribhuvan Puri (2016, 2016)**

*Professor of Business Management*  
B.Tech., 1973, G.B. Pant University  
M.Tech., 1975, Indian Institute of Technology Kanpur  
M.A., 1985, University of Tennessee  
Ph.D., 1986, University of Tennessee

**Samuel E. Quainoo (1998, 2007)**

*Professor of Political Science*  
B.A., 1982, University of Ghana  
ICSA, Level 1, 1990, England  
M.A., 1993, SUNY at Binghamton  
Ph.D., 1996, SUNY at Binghamton

**Akila T. Rajappa (2019, 2019)**

*Assistant Professor of Communication Sciences and Disorders*  
B.S., 1997, Mysore University, India

M.S., 2001, Bangalore University, India  
Ph.D., 2019, Columbia University

**Kimberly A. Razzano (2004, 2019)**

*Professor of Health Studies*  
B.S., 1993, Springfield College  
M.P.H., 1994, East Stroudsburg University  
Ph.D., 2005, Marywood University

**Elaine Rodriguez (2023, 2023)**

*Assistant Professor of Health Studies*  
B.S., 1980, University of Puerto Rico  
M.P.H., 2002, East Stroudsburg University  
D.HSC., 2022, East Stroudsburg University

**Emily Rolinson (2017, 2022)**

*Associate Professor of Biology*  
B.A., 2009, Skidmore College  
Ph.D., 2016, Stony Brook University

**Jeffrey Rosky (2017, 2017)**

*Associate Professor of Criminal Justice*  
B.A., 1990, Rutgers University  
M.S., 1998, University of Colorado  
Ph.D., 2010, Washington State University

**Jerry L. Ross (2016, 2016)**

*Associate Professor of Physics*  
B.S., 2003, Alma College  
B.A., 2003, Alma College  
Ph.D., 2011, Michigan Technological University

**Dorian Royal (2020 ,2020)**

*Associate Professor or Nursing*  
B.S., 1995, New York University  
M.S., 2005, Columbia University  
D.N.P., 2015, Duke University

**Gerard D. Rozea (2006, 2009)**

*Associate Professor of Athletic Training*  
B.S., 1996, East Stroudsburg University  
M.S., 1997, East Stroudsburg University  
Ph.D., 2005, University of Florida

**Jeffrey S. Ruth (2001, 2013)**

*Professor of Modern Languages*  
B.A., 1981, Northwestern University  
M.A., 1990, New York University  
Ph.D., 2002, City University of New York

**Gina R. Scala (1993, 2002)**

*Professor of Special Education and Rehabilitation*

B.S., 1979, Bloomsburg University

M.Ed., 1981, Lehigh University

Ed.D., 1988, Lehigh University

**N. Paul Schembari (1991, 2001)**

*Professor of Mathematics*

B.S., 1984, Long Island University

M.A., 1987, Syracuse University

M.Phil., 1989, Syracuse University

Ph.D., 1991, Syracuse University

**Elizabeth Scott (2017, 2023)**

*Associate Professor, Library Archivist*

B.A., 1996, Dickinson College

M.A., 1999, University of Albany, SUNY

**Jan Selving (2010, 2017)**

*Associate Professor of English*

B.A., 1990, Indiana University

M.F.A., 1994, Arizona State University

**Cornelia Sewell-Allen (2021, 2021)**

*Instructor, Counseling and Psychological Services*

B.S., 2004, Syracuse University

M.S., 2010, University of Scranton

D. Ed., 2018, Indiana University of Pennsylvania

*Professor of Health Studies*

B.S., 1985, University of Scranton

M.T.S., 1996, Berkley Seminary

M.A., 1996, Fordham University

M.P.H., 1997, East Stroudsburg University

Ph.D., 2000, Temple University

**Elizabeth Leigh Smith (2002, 2017)**

*Professor of English*

B.A., 1991, Rice University

M.A., 1994, University of Houston

Ph.D., 1999, University of Houston

**Megan Smith (2015, 2015)**

*Associate Professor, Librarian*

B.A., 2007, Connecticut College

M.A., 2012, Rutgers University

NJSPLC, 2012, Thomas Edison State College

**Allen G. Snook Jr. (2022, 2022)**

*Associate Professor, Athletic Director*

B.S., 2001, Bloomsburg University of Pennsylvania

M.S., 2002, Shippensburg University of Pennsylvania

DHS., 2012, A. T. Still University

**Brandon Snyder (2018, 2023)**

*Assistant Professor of Exercise Science*

B.A., 2012, East Stroudsburg University

M.S., 2013, East Stroudsburg University

**Beth Rajan Sockman (2006, 2017)**

*Professor of Professional and Secondary Education*

B.A., 1991, University of Pennsylvania

Ph.D., 2007, Pennsylvania State University

**Thomas Tauer (2008, 2017)**

*Professor of Biology*

B.S., 1990, St. Cloud State University

Ph.D. 1996, University of Nebraska Medical Center

**Robert Thomas (2019, 2019)**

*Assistant Professor of Business Management*

B.S., 1985, Kings College

M.B.A., 2013, University of Scranton

**Jack H. Truschel (1989, 2009)**

*Professor of Psychology*

B.A., 1981, King's College

M.A., 1983, M.P.A., 1985, Marywood College

Ed.D., 1996, Temple University

Psy.D., 2004, Philadelphia College of Osteopathic Medicine

**Nancy P. VanArsdale (1990, 1999)**

*Distinguished Professor of English*

B.A., 1979, Bucknell University

M.A., 1981, New York University

Ph.D., 1991, New York University

**Keith Vanic (2005, 2023)**

*Professor of Athletic Training*

B.S., 1994, East Stroudsburg University

M.S., 1996, James Madison University

Ph.D., 1998, University of Southern Mississippi

**Kelly Varcoe (2017, 2017)**

*Assistant Professor of Nursing*

B.S., 1987, West Chester University

B.S.N., 2003, Cedar Crest College

M.S.N. 2009, DeSales University

D.N.P., 2016, DeSales University

**Patricia Varkados (2019, 2019)***Assistant Professor of Art + Media + Design*

B.A., 2010, DeSales University  
 M.A., 2014, Ohio University  
 M.F.A., 2014, Ohio University

**Jasmine Villa (2018, 2018)***Assistant Professor of English*

B.A., 2011, University of Texas at El Paso  
 M.A., 2014, University of Texas at El Paso  
 Ph.D., 2018, University of Texas at El Paso

**Carol Walker (2019)***Assistant Professor of Professional and Secondary Education*

B.A., 2001, St. Joseph's College  
 B.A., 2001, St. Joseph's College  
 M.A., 2004, East Stroudsburg University  
 M.Ed., 2008, East Stroudsburg University  
 Ph.D., 2012, Indiana University of Pennsylvania

**Matthew S. Wallace (2003, 2015)***Professor of Biological Sciences*

B.S., 1995, University of Connecticut  
 M.S., 1999, North Carolina State University  
 Ph.D., 2003, North Carolina State University

**Daisy C. Wang (2014, 2014)***Associate Professor of Business Management*

B.A., 1995, National Chengchi University  
 M.B.A., 2004, Ohio State University  
 Ph.D., 2010, Southern Illinois University

**Laura Waters (2006, 2013)***Associate Professor of Nursing*

B.S.N., 1983, College Misericordia  
 M.S., 1996, Wilkes University  
 Ph.D., 2009, Widener University

**Shawn Watkins (2010, 2016)***Associate Professor of Reading*

B.S., 1998, California University  
 M.Ed., 2006, University of Mississippi

**Bethanie Wampol Watson (2023, 2023)***Assistant Professor of Theatre*

B.S., Troy University  
 B.S., Troy University  
 M.F.A., Rutgers University

**Kristopher R. Weeks (2020, 2020)***Assistant Professor of Communication*

B.A., 2004, Shippensburg University  
 M.A., 2007, Montclair State University  
 Ph.D., 2020, University of Illinois

**Holly Wells (2013, 2019)***Associate Professor of English*

B.A., 1988, Youngstown State University  
 M.A., 2001, Youngstown State University  
 Ph.D., 2012, Kent State University

**Howard Whidden (2002, 2012)***Professor of Biological Sciences*

B.S., 1981, Hobart College  
 M.S., 1987, University of Vermont  
 M.S., 1989, University of Florida  
 Ph.D., 1995, University of Massachusetts

**Gene D. White Jr. (2000, 2010)***Professor of Physical Education*

B.S., 1975, West Chester University  
 M.Ed., 1980, West Chester University  
 Ph.D., 1999, Temple University

**Artress Bethany White (2020, 2020)***Associate Professor of English*

B.A., University of Massachusetts  
 M.A., New York University  
 Ph.D., 2009, University of Kentucky

**Jennifer L. White (2005, 2013)***Associate Professor of Biological Sciences*

B.A., 1986, Dartmouth College  
 Ph.D., 1993, SUNY at Stony Brook

**Tracy A. Whitford (1995, 1995)***Assistant Professor of Biological Sciences*

B.S., 1984, Wright State University  
 Ph.D., 1993, SUNY at Stony Brook

**R. Samantha Williams (2020, 2020)***Instructor, Counseling and Psychological Services*

B.C.-T.M.H.,  
 B.C.-N.C.C., Pennsylvania  
 L.P.C., Pennsylvania  
 M.S.MMHC., Mercy College

**Craig A. Wilson (1992, 2008)***Professor of Early Childhood and Elementary Education*

B.S., 1971, Baptist Bible College  
 M.A., 1982, University of Toledo  
 Ph.D., 1988, University of Toledo

**Paul B. Wilson (2000, 2019)**

*Associate Professor of Biological Sciences*  
B.S., 1988, Lafayette College  
Ph.D., 1996, Washington University

**Allyson Wind**

*Assistant Professor - Library*  
B.S., 2006, University of Scranton  
M.S., 2012, Drexel University

**Chad A. Witmer (2000, 2016)**

*Professor of Exercise Science*  
B.S., 1995, East Stroudsburg University  
M.Ed., 1998, East Stroudsburg University

**Rachel Wolf (2011, 2023)**

*Professor of Communication Sciences and Disorders*  
B.A., 1995, University of Vermont  
M.S., 1997, Northern University  
Ph.D., 2009, New York University

**Yue Xi (2013, 2018)**

*Associate Professor of Business and Management*  
B.S., 2000, Capital University of Economics and Business, Beijing, China  
M.S., 2004, University of Wisconsin-Platteville  
Ph.D., 2013, University of Wisconsin-Milwaukee

**Weichu Xu (2014, 2019)**

*Associate Professor of Business Management*  
B.E., 1995, Zhejiang University, Hangzhou Zhejiang, China  
M.B.A., 2005, Purdue University  
Ph.D., 2010, Old Dominion University

**Wenjie Yan (1993, 2006)**

*Professor of Communication*  
B.A., 1984, 1986, Shanghai International Studies University  
M.A., 1990, SUNY at Buffalo  
Ph.D., 1992, SUNY at Buffalo

**Jennifer M. Young (2005, 2005)**

*Associate Professor, Counseling and Psychological Services*  
B.A., 1994, Marist College  
M.A., 1998, Suffolk University  
Ph.D., 2002, Suffolk University

**Ahmed Yousof, (2019, 2019)**

*Assistant Professor of Digital Media and Technology*  
M.A., 2002, The American University in Cairo  
Ph.D., 2017, Indiana University of Pennsylvania

**Cem Zeytinoglu (2006, 2017)**

*Professor of Communication*  
B.A., 1993, Anadolu University  
M.A., 1995, Anadolu University  
M.A., 1999, Morehead State University  
Ph.D., 2007, Duquesne University

**Shiqi Zhang (2022, 2022)**

*Assistant Professor of Biological Sciences*  
B.A., 2012, Northwest A&F University  
Ph.D., 2018, University of California, Davis

**Peng Zhang (2009, 2020)**

*Professor of Physical Education*  
B.Ed., 2001, Beijing Sport University  
.Ed., 2004, Beijing Sport University  
Ph.D., 2008, Ohio State University

**Xuemao Zhang (2015, 2020)**

*Associate Professor of Mathematics*  
B.S., 1999, Qufu Normal University  
M.S., 2005, 2006, University of Windsor  
Ph.D., 2011, University of Windsor

**Xiaochen Zhou (2018, 2018)**

*Assistant Professor of Sport Management*  
B.A., 2012, Beijing Sport University  
M.S., 2014, University of Michigan  
Ph.D., 2018, Temple University
